### [Chapter 3371](#)

Ma Tianhai thought for a while, then said: "I think he just stepped into the late stage of Aoshi Holy Stage, even though I am at the peak of the middle stage of Aoshi Holy Stage, I am not his opponent."

"Why are you so weak?" Chen Xiang laughed, "You are a crown prince, so there shouldn't be any less cultivation resources than others, right? You were actually surpassed. Even if other people's cultivation is higher than yours, you are the crown prince, so you should be challenging someone stronger than you are. "

"There is another power behind the other princes as well, and that is the support of the other powers within the clan. Once the prince ascends to the throne, those powers will become extremely powerful." Ma Tianhai replied: "But no one supports me."

"Alright, alright, you go look for that guy. It's me who wants to challenge him. Is it okay?" Chen Xiang said: "Back then, he only said that you could challenge him, and did not say that anyone could do it."

"I'll go with you and ask him." Ma Tianhai said.

"Why should I go with you? I'll wait for you here. You can go by yourself. " Chen Xiang said.

"We can only explain it if we go together!" Ma Tianhai was actually a little afraid, which was why he wanted to pull Chen Xiang along. He didn't know why, but the feeling Chen Xiang gave him was that of a guy who was not afraid of anything in the world.

"Alright!" Chen Xiang realized that this Ma Tianhai was just like a timid mouse. The rats might be more daring than him, but he did not speak out his thoughts. Otherwise, Ma Tianhai would be furious.

Only princes with high statuses and powerful strength would have a small villa. Otherwise, they would only have a small mansion as well, and Ma Tianhai, the crown prince, would only have his own villa to show off to others.

Chen Xiang followed Ma Tianhai to the entrance of the Fifth Prince's Villa. The Fifth Prince was called Ma Tianqiang, and was a very strong person.

After receiving permission, Ma Tianhai brought Chen Xiang into the villa and arrived outside a large hall. The aroma of wine immediately wafted into Chen Xiang's nose, and the sound of laughter and cheers came from the hall as a large group of people were eating and drinking together inside.

"Isn't this my brother, the crown prince? What brings you here? " The Ma Tianqiang laughed.

Ma Tianqiang's body was majestic, it was a very tall horse, he was not wearing clothes like the others, but was revealing his terrifying muscles.

Although Ma Tianhai had also become stronger, the Ma Tianqiang was a lot bigger than him. In terms of size, it was stronger than Ma Tianhai.

"Fifth brother, it's like this. I just met a human friend. He is also a guest of my Tianhai Villa." Ma Tianhai said.

Chen Xiang was startled, when did he become a guest, this Ma Tianhai actually dared to scam him like that.

"Oh? You've been out for a few days, and you only have this guy come over? Could it be that you want him to defeat me, and then take back those two Tao-creation s? " The Ma Tianqiang looked at Chen Xiang and laughed coldly.

He was two heads taller than Chen Xiang, and he was also a Centaur, in Chen Xiang's eyes, he was just a thin and weak brat.

"Fifth brother, you're so smart, you could even guess that." Ma Tianhai laughed.

"Hmph, I won't fight!" The Ma Tianqiang said: "If you find a random guy, do I have to fight with him? My time is precious! "

When the other people saw this, they all nodded their heads.

"Crown Prince, take your guest away. He looks much weaker than you, but you can't even beat the Fifth Prince. This human guest will probably be defeated miserably."

"Exactly, if the Fifth Prince wants to drink with us and doesn't have time to compete with such a fellow, it would be better if you entered the arena by yourself."

"If the Crown Prince had dared to go on stage by himself, he would have gone on a long time ago. Everyone, don't make things difficult for him."

"Haha ..." Everyone roared with laughter.

Ma Tianhai's face turned ugly.

"If I lose, the crown prince's Heavenly Sea Villa will belong to you, Fifth Prince. This villa is too small and is not as big as the crown prince's villa. Furthermore, the position of the crown prince's villa is also very good. " Chen Xiang suddenly said.

Just as Ma Tianhai wanted to object, he was squeezed by Chen Xiang and no longer dared to say a word.

In the fight for the throne, Ma Tianhai lost very thoroughly. Only Heavenly Sea Villa could give him a little bit of the feeling of a crown prince, so if he lost, he wouldn't be able to stay in the Imperial Palace.

"You really agree?" He had long wanted Ma Tianhai's villa, but because Ma Tianhai currently had nothing, he did not dare to take an inch from him, otherwise, if he angered his father, he would not be able to explain himself.

If Ma Tianhai willingly gave it to him, then the Ma Tianqiang was naturally there as well.

"I agree, but. If he loses, I will only exchange with you for the Villa. " Ma Tianhai thought for a moment, then said, This way, even if Chen Xiang loses, he would still have a place to stay.

Chen Xiang glared at Ma Tianhai in annoyance, he had actually already prepared to lose. He cursed in his heart, He deserved to be mocked as a useless crown prince.

"Alright!"

The Ma Tianqiang laughed, he was very satisfied. There was still a long period of time before he would ascend to the throne. In this period of time, it would be very honorable if he could obtain the second largest crown prince's manor. Furthermore, he would be able to stomp on the crown prince once more.

"In ten days, let's compete on the battle stage of the Imperial Palace. If you don't come at that time, it will be your loss." The Ma Tianqiang looked proud.

Ma Tianhai anxiously dragged Chen Xiang and left, returning to his villa.

"He really agreed to it ... "You have to fight him. If you lose, my villa will be gone." Ma Tianhai paced around the hall, very anxious: "The Ma Tianqiang is the strongest amongst our prince, do you really want to fight him?"

Chen Xiang was truly speechless. Previously, this bear had been the one to let him fight with the Ma Tianqiang, and was only able to obtain two Tao-creation Holy stone after winning. Now, the other party had agreed, but the bear was actually very worried.

"It's not like you're going on stage, what are you afraid of?" Chen Xiang snorted: "What I am worried about is, if I win, what will Ma Tianhai do?"

"Definitely not, he's the dignified Fifth Prince. At that time, he'll call a lot of people to come and see him ..." Heavens, when so many people come to spectate, will you feel a lot of pressure? I'm sure I'll be very nervous if I'm watched by a lot of people. " Ma Tianhai started to worry again.

Chen Xiang really wanted to knock this idiot out with a single palm. If this kind of guy could become the Centaur Emperor, it would be the shame of the centaur.

"You're hopeless!" Chen Xiang shook his head: "Give me a quiet place, I need to prepare."

Chen Xiang's current opponent was a team, he was not too clear on the strength of the Soul Demon, and he did not know if he could make it to the middle stage of Aoshi Holy Stage, but it was hard to say if he could win, so he had to make some preparations.

Ma Tianhai arranged a secret room for Chen Xiang to cultivate.

"Ten days of time might not be enough for you to step into the middle stage of Aoshi Holy Stage." Su Meiyao said: "What we have discussed before, even if you use your Time Domain, it would still be difficult. The Aoshi Holy Stage's growth will be slower."

## [Chapter 3372](#)

It had been a while since Chen Xiang entered the Aoshi Holy Stage, but he had not tried to level up in the past, so he naturally did not know how difficult it was to level up in the Aoshi Holy Stage.

"Before, I used Red fire dragon to devour a large amount of World Defying Stage Fierce Soul, but now that the Six beasts are all sleeping, I don't know when they'll wake up." This made Chen Xiang more anxious. If his Red fire dragon woke up, he felt that he could defeat it.

"It will be hard to reach the middle stage of Aoshi Holy Stage in ten days!" Qin Shuang said: "All of the World Defying holy soul in Aoshi Holy Stage need to be promoted to a certain level before they can be

considered to have stepped into the middle stage of Aoshi Holy Stage. Only then would they be considered to have greater strength, and this process will not be easy."

Chen Xiang thought for a while, then said: "Seems like I can only try to see if I can comprehend the Tao-creation's incantations now! If you can't, then you can only fight it out. If you lose, it will only be the loss of one villa for that idiot crown prince. After all, he has lost so many good things, so he isn't afraid of another villa. "

If Ma Tianhai knew what Chen Xiang was thinking, he would definitely be angered to tears.

Chen Xiang releasing the Time Domain to cover himself was only him, the You Yao Mountain Villa that did not surround him was already Divine Sense Sea, if not the consumption would be huge, and with Su Meiyao and the other women from the Aoshi Holy Stage, even if it was only at the first stage of Time Domain, he would not be able to maintain it for long.

"I wonder how Master succeeded in comprehending it last time!" Chen Xiang looked at the Six Realms mirrors, the Tao-creation's incantation was hidden inside the Six Realms mirrors, he infiltrated his consciousness inside the Six Realms mirrors, looking for the Tao-creation's incantations.

The last time he fused with the Tao-creation's incantation, it allowed him to unleash an extremely powerful force. Just by stepping into the Aoshi Holy Stage, he was already able to defeat Leader, who was at the late stage of the Aoshi Holy Stage.

"I will count to see how many incantations there are." Very quickly, Chen Xiang saw the Tao-creation Incantation among the Six Realms mirrors. He counted, there were eighty-one Incantations.

"There are a total of nine sets of Tao-creation's incantations, eighty-one in each group. Let me try and see if I can arrange the Tao-creation's incantations in an orderly manner so that it will be convenient for me to arrange." Chen Xiang did not know why, but he suddenly felt that the Tao-creation Incantation was not that hard to understand.

"It's quite regular!"

Chen Xiang very quickly formed the nine groups of Tao-creation Incantation, the first group was formed by a single stroke, it was extremely simple, the second group required two strokes, the third group three strokes, and so on, the ninth group's Tao-creation Incantation was formed by nine strokes.

Although they were lined up, Chen Xiang did not know how to use them nor how to release their energy.

"Let's give it a try first!" Chen Xiang began to try the simple Tao-creation Incantation for the first group.

He used his own proud power to draw out the Tao-creation Incantation in the Divine Sense Sea ...

Before he started, he felt that it was easier, but when he started, he realized that it was very difficult to turn his power into the incantation, because he could not accurately make his power become the same as the incantation!

As long as it was any different, Chen Xiang could feel that something was wrong. This was because the real Tao-creation Incantation was filled with spirituality, it looked extremely natural and comfortable.

Although it was only a simple drawing, it still appeared extremely mysterious. The dao was complete and the mystery contained within was difficult to describe.

Chen Xiang wanted to use his own power to draw up a simple Tao-creation Incantation, but it was extremely difficult to do so. Even though he had a template, he was still unable to draw out that kind of charm.

"No wonder!" Unknowingly, Chen Xiang had tried thousands of times to draw, but none of them had reached that realm.

Now he finally understood why it was so difficult to master the Tao-creation's incantation. Even though Lei Yichen had spent dozens of years of time, he could only comprehend a few, and those were the simplest ones.

Even if he could not draw out the real Tao-creation Incantation, Chen Xiang did not feel frustrated at all. The Tao-creation Incantation seemed to have some kind of mystical power that could captivate people and make them unable to leave their bodies.

Lei Yichen had said before, that he needed to fuse his power with the Tao-creation's incantation, sense the wonders contained within the Tao-creation's incantation, and fuse himself with the Tao-creation's incantation in order to it to be considered as under his control.

Right now, every time Chen Xiang used his own energy to draw up the Tao-creation's incantation, he could feel the mysteriousness of the Tao-creation's incantation.

Many days had passed, and Chen Xiang did not know how many times he had tried it, but in short, he was already using the Triple time field, so he could deeply feel the time it took to comprehend the Tao-creation's incantation.

"I've finally completed one!" Chen Xiang finally succeeded in drawing out the simplest Tao-creation Incantation with his proud power.

This Tao-creation Incantation was drawn using the Sun madness fire s he released. After this Sun madness fire turned into the Tao-creation Incantation, it became three times stronger!

With the same energy, it would turn into the Tao-creation's Incantation and would be three times stronger than normal, and it was even the simplest Tao-creation's Incantation!

It had to be known that Chen Xiang had become proficient at it. In just an instant, he was able to turn a Sun madness fire into a Tao-creation Incantation. It was effortless for him to make the Sun madness fire become three times stronger!

"This is only the first layer of Tao-creation's Incantation. I wonder what the ninth layer of the ninth layer of the Tao-creation's Incantation will be like?" As Chen Xiang felt the increasing power, he was extremely shocked in his heart.

There was only one stroke of the simplest Tao-creation's incantation. Chen Xiang called it the first stage, and the second stage was the second stage ... He needed to master all nine of the Tao-creation's incantations. He needed to master all nine of the sets of the Tao-creation's incantations!

After successfully mastering one of the Tao-creation's incantations, Chen Xiang had gained some experience. Now, he only needed to spend some time to master the other eight incantations for the first stage.

"The Tao-creation's incantation should be able to stack up!" Chen Xiang suddenly thought of something. He remembered that when he was fusing with the Six Realms mirrors before, the Tao-creation Runes on his body were extremely complicated and his brushstrokes were extremely dense.

"Could it be that these nine sets of Tao-creation Incantation are the most basic? If I master it all, I can use the Tao-creation Incantation to combine the incantations and the released energy will be even stronger! "

Chen Xiang took a deep breath. If these eighty-one Tao-creation Incantations were to superimpose on each other, it was unknown just how many Tao-creation Incantations he could create.

Not to mention the rest, even the simplest combination of the nine incantations for the first stage of Tao-creation could be combined into many different types.

Now, he finally understood why it was called the Tao-creation Incantation. These incantations contained a very mysterious power.

"That's a matter of the future. Let me try and see if I can master the first stage of the Tao-creation's incantation within a limited amount of time."

In the beginning, he could still use the Triple time field very easily, but it wouldn't work after that, because when the ninth Tao-creation Incantation was formed, he already consumed a lot of energy. In order to maintain the balance between his energy replenishment and damage output, he could only use the dual Time Domain.

### [Chapter 3373](#)

Chen Xiang stayed in his Time Domain for a very long time, he reckoned that it should have been more than a year. Read it all. More Access :/>

Right now he had mastered eight of the Tao-creation's Curses. Among the first stage of the Tao-creation's Curses, there was only one that was more expensive and he had not mastered it yet. Currently, it had only been two days outside.

In the remaining eight days, he could only use the dual wielding Time Domain, which would allow him to fight for about twenty years of time.

... ..

Ma Tianhai was currently under a lot of pressure, because the Ma Tianqiang had gathered many people to watch the battle. It was clear that they wanted everyone to see the scene of him losing the Heavenly Sea Villa, and that it was to make him lose face.

Ma Tianhai spent the entire day walking around outside Chen Xiang's secret room, the four horses' hooves knocking loudly against the ground. He was extremely anxious, because he really wanted to know how much improvement Chen Xiang could make in these ten days of closed door cultivation.

He knew clearly that Chen Xiang's current cultivation was only at the early stage of Aoshi Holy Stage, and could at most deal with those at the middle stage of Aoshi Holy Stage. Furthermore, his Ma Tianqiang was at the late stage of Aoshi Holy Stage.

Ma Tianhai himself was also in the middle stage of Aoshi Holy Stage, but when he faced the Ma Tianqiang, he had no chance of winning at all.

"It's over this time!" If I had known earlier, I would not have brought him back. These days, Ma Tianhai had heard all sorts of discussions and all of them belittled him, saying that he had lost or something.

This gave Ma Tianhai a lot of pressure!

"Could it be that Chen Xiang was hiding to not hear these sounds? Is he sleeping in there? " Ma Tianhai was thinking randomly outside. No matter how he thought about it, he could not figure out how much strength Chen Xiang could increase in this period of time. [txt Complete Download](#)

On the ninth day, Chen Xiang mastered the ninth Tao-creation Incantation ahead of time.

"These Tao-creation Curses are really magical." Chen Xiang tried out a few Tao-creation Curses. Some of them could release flames, some could release water, some could release thunder, and some could even release ice, they were all very strong.

When Chen Xiang pushed the door open, he saw Ma Tianhai's bitter face.

Seeing Chen Xiang finally coming out, Ma Tianhai almost cried.

"Big Brother, you finally came out!" Ma Tianhai was very dejected.

"What's wrong?" Chen Xiang was baffled.

"Do you know? These days, I've been under a lot of pressure. Do you know what people are saying about you? " Ma Tianhai was very sad.

"It's nothing more than overestimating yourself and saying that I will definitely lose." Chen Xiang laughed: "Am I guessing right?"

"You ... Don't you feel any pressure at all? If you lose, the Heavenly Sea Villa would be giving it to the Five Emperors. " Ma Tianhai shouted, but unexpectedly, he was still able to laugh. This made Ma Tianhai even more anxious, he felt that Chen Xiang should be very nervous and stressed.

"En!" Chen Xiang nodded.

"En, my ass. I know. Tianhai Villa is not yours, so you aren't nervous at all." Ma Tianhai wanted to cry, but he had no tears. He thought about it, Chen Xiang really did not have anything to worry about, he only needed to win and he would be able to obtain the Tao-creation Holy stone.

"Just because you call me big brother, I won't lose." Chen Xiang patted his shoulder, and laughed: "Your big brother will definitely win."

"Will you really win? What's the use of you talking about it? Whoever doesn't know how to do it, I know how to say it too! " Ma Tianhai did not believe it, his face was filled with despair.

"Not only will I say it, I'll go up and fight! You don't believe me. How about you go up? You are in the middle stages of Aoshi Holy Stage, your cultivation is higher than mine, and you are also a strong Soul Demon. " Chen Xiang said snappily.

"I... If I don't go, I won't be able to beat the Five Emperors. " Ma Tianhai shook his head.

"That depends on me. Stop wasting time! We need to suppress our momentum a little bit, just based on your cowardly appearance all day long, you deserve to be bullied. " Chen Xiang snorted.

"But... You won't be able to use that monkey when the time comes. If you don't use a monkey, can you defeat it? At that time you won't even be able to use weapons. " Ma Tianhai said. He knew that Chen Xiang had a Poison monkey, but this would definitely be restricted.

"No problem, let's go quickly!" Chen Xiang could only sigh speechlessly. Ma Tianhai, this pig of a teammate, always humiliated him, which made him very unhappy. He had never had such a good-for-nothing before.

For the sake of the two Tao-creation s, Chen Xiang had to win no matter what! He felt that if he lost, it would be equivalent to losing two Tao-creation Holy stone s. The Tao-creation Holy stone was much more precious than Ma Tianhai's Broken Villa.

Ma Tianhai brought Chen Xiang to the arena. He was extremely worried.

"Big brother, you don't seem to have improved in the last ten days. Are you sleeping in there?" Ma Tianhai asked.

"Yes, I'm resting inside. Only by recovering my spirit can I fight." Chen Xiang nodded, causing him to almost jump up in shock. Chen Xiang was actually really sleeping.

"You ... Do you know how I've endured these ten days? "You're actually sleeping, this is too much." Ma Tianhai was very angry.

"If I don't sleep, what do you want me to do? "What can you do in ten days?" Chen Xiang curled his lips.

Ma Tianhai did not speak anymore. He really could not do anything in ten days, he carefully thought about it, these ten days of going to sleep was really good, to be able to relax, at least he would not be so worried, and would even die from depression.

Ma Tianhai was in a very low mood, even as he walked over with his head lowered.

When he came to the bottom of the stage, Ma Tianhai was even more upset. If he lost in a bit, his dignity would definitely be trampled on again.

Chen Xiang didn't understand. A guy like Ma Tianhai had his dignity thrown away by him a long time ago, yet he still cared about it so much.

Chen Xiang was currently observing the arena. It was a circular arena, with a width of three meters and was very big.

"There's actually a Spirit Formation on this battle stage. This is truly strange. This city doesn't have a city protecting its city, but a battle stage like this does." Chen Xiang had thought that these Soul Demon were very backward and did not know how to arrange arrays.

"Bastard, who set up this formation?" Chen Xiang asked curiously.

"It was set up by the Imperial Advisors. He is a human, only humans know how to do this." Ma Tianhai said with a hint of sadness in his voice.

Chen Xiang had already stepped onto the stage, and the spectators around him had started to shout. A majority of them were people and horses, while the majority of them were humans and other types of Soul Demon s. All of these were invited by the Ma Tianqiang.

Ma Tianqiang was a part of the Five Emperors, their status was already noble and respected. Furthermore, he was the successor to the next Centaur Emperor, even if he was not invited, many people would fight for him and come to this place to support the Ma Tianqiang.

The Ma Tianqiang went up on stage.

This tall and sturdy horse standing on stage, was very mighty, he was much bigger than Chen Xiang, and in front of Chen Xiang, he was like an extremely sturdy ferocious beast, especially the big chunks of flesh on his body, his veins were bulging, and he was filled with an intense explosive power.

#### [Chapter 3374](#)

Once the Ma Tianqiang went up on stage, many people crazily shouted, "Fifth Prince, Fifth Prince, Fifth Prince ..."

The simultaneous roar shook the entire palace and even the entire stage, with the three words constantly echoing back and forth. This immense power scared Ma Tianhai to the point that his face turned pale white. 800

Chen Xiang who had seen many great scenes before naturally would not be scared by this. His expression was calm, and he looked extremely relaxed.

Ma Tianhai admired Chen Xiang very much at this moment. Standing on top of him, when facing such a powerful Ma Tianqiang, when faced with the loud cheers from the surrounding Ma Tianqiang, Chen Xiang was actually calm like a mountain. If he had gone up, he would have felt his legs go weak.

Seeing Chen Xiang's confident expression, Ma Tianhai suddenly had a bit of confidence in him. Of course, Chen Xiang didn't need his confidence, it was useless.

"The guest guests that I, the crown prince's elder brother, has invited are not bad! Not bad, not bad! " Ma Tianqiang had seen many people, and seeing Chen Xiang's calmness, he knew that Chen Xiang was someone who had seen the wind before.

"You're the Fifth Prince, I hope you won't go back on your word!" Chen Xiang said: "We have already agreed that once I defeat you, I will be able to obtain two Tao-creation Holy stone, right?"

"That's right. If you lose, I can obtain the Heavenly Sea Villa, right?!" After the Ma Tianqiang finished speaking, it looked down at Ma Tianhai who was standing not far from the stage.

"Yes!" Chen Xiang nodded and said, "We can begin."

Everyone heard Chen Xiang's tone and felt disdain.

"This fellow, look at what he's capable of. He actually wants to defeat our Fifth Prince."

"Did he advance by leaps and bounds in the past ten days? But it doesn't look like it either. "

"Poor crown prince. If he loses to this fellow, there won't be much of a loss. But since it's my own luxurious villa, I'll have to let him go." "Popular!"

The preparation for the battle was about to begin. Many people shouted out in unison, "Fifth Prince will win!"

The Ma Tianqiang seemed to enjoy this atmosphere. It opened its arms and expressed its gratitude to the tens of thousands of spectators around it. At the same time, it indicated for them to shout like they were crazy.

"This bunch of people are truly fawning on us." Chen Xiang secretly laughed, these people were just shouting, they simply could not run down and fight, so Chen Xiang was not afraid at all.

On the other hand, when Ma Tianhai saw that his brother had such prestige, he felt inferior in his heart. He was the crown prince, but he couldn't manage such reputation.

"You should already know the rules!" He couldn't use weapons, nor could he get others to help him! If they die or lose the power to fight, they will lose. " The Ma Tianqiang looked down from above and said with endless contempt in her eyes.

"What if he gets knocked off the stage?" Chen Xiang asked.

"If you get knocked off the stage, you can climb back up and continue fighting. If you fall out of the stage, you won't lose." The Ma Tianqiang said: "If you have nothing else to ask, you can start the battle now."

"No more!" Chen Xiang said.

Then, with a loud clanging sound, someone struck a giant gong, and the battle began!

From the start, the Ma Tianqiang had already rushed towards Chen Xiang, its speed was terrifying, as though it had teleported, in an instant it had crossed dozens of meters, and appeared in front of Chen Xiang. Its two fists were like two gigantic hammers, smashing towards Chen Xiang's head and chest, on its fists, explosive bursts of lightning sparks shot out.

The lightning energy used by Ma Tianqiang was extremely violent!

From the beginning, Chen Xiang did not plan to dodge, because the opponent's speed was very fast, and he could not expose his spatial teleportation, so from the start of the battle, he did not attack first, but instead used the power of the Tao-creation Incantation.

He instantly drew out a Tao-creation Incantation in the Divine Sense Sea, and released a burst of energy, coming out from his chest, it was a power that shook the heavens!

Just as the Ma Tianqiang's fist was about to come in contact with Chen Xiang's chest, the shaking power suddenly surged out from Chen Xiang's chest. The shaking was like a ferocious wave, causing the Ma Tianqiang to retreat dozens of meters, returning to the place where it originally stood.

If he removed Chen Xiang's clothes now, he would definitely be able to see the palm sized Tao-creation's Incantation on his chest. It was precisely an explosive incantation he drew on his chest, if there was a next time someone attacked, the explosive force would erupt again.

The people who were initially shouting "Ma Tianqiang must win" all fell silent. Everyone could see that the Ma Tianqiang's attack was extremely terrifying, but they were knocked back by Chen Xiang in an instant.

The Ma Tianqiang itself was frozen in place, he could feel that the sudden power was very strange and terrifying. Without any signs of aura or aura, it exploded out as if it had appeared in a moment, and looking at Chen Xiang who didn't seem to be using any energy at all, this was truly something he had never expected.

Ma Tianhai's eyes were wide open, he could not believe that Chen Xiang could actually push back the Ma Tianqiang in the blink of an eye!

"You have some skill." The vibration that the Ma Tianqiang felt just now was not very strong, but it could suddenly shake him away.

Chen Xiang took a deep breath, he was about to begin his attack. This time, he was not using the power of the heavens as the Tao-creation's incantation, but his own World Defying holy soul s as the Tao-creation's incantation!

He used the Ancient Fire Sacred Soul, which was evolved from the Ancient fire madness, and was able to make people release extremely terrifying flames. It was the most valuable treasure of the Ancient Fire Divine Sect, which Chen Xiang had accidentally obtained at that time.

The Ancient Fire Sacred Soul originally had the shape of a ball of fire, but under Chen Xiang's control, it changed into a Tao-creation Incantation.

After Chen Xiang's Ancient Fire Sacred Soul became a Tao-creation Incantation, all he needed to do next was to release a flame through the Ancient Fire Incantation. Then, the power of the flame would increase by at least three times or even more.

After the Ancient Fire Incantation was formed, Chen Xiang's flames suddenly soared, and the Ma Tianqiang rushed over once again.

"Fifth Prince, you have to win!" The spectators around the stage started to cheer again, trying to give the Ma Tianqiang a boost.

"Explosion! Ancient fire!" Chen Xiang shouted in his heart, the explosive incantation for the Fire Soul flashed, and the power of the Ancient Flame that was released surged out.

When the Ma Tianqiang approached Chen Xiang, Chen Xiang's body suddenly shook, and the entire fighting stage started to shake as well. The ancient fire accompanied a wave of violent shaking power and turned into a flaming snake, mightily rushing towards the Ma Tianqiang.

The ancient fire transformed into a fire snake, with a shaking power, it struck the Ma Tianqiang's chest, which was full of explosive muscles!

B000M!

The Ma Tianqiang roared, and its sturdy body was swept up by the wave of flames, rolling and retreating. The violent ancient fire burned brightly, the flames and waves shook, the Ma Tianqiang was burnt to a sorry state, its entire body was charred black like carbon.

Everyone fell silent once again!

The second time, when the Ma Tianqiang attacked Chen Xiang the second time, she was hit back again, but this time, she was in an extremely sorry state!

The Ma Tianqiang was enraged, and crawled up from the flames. Its charred black body was flickering with lightning, and its eyes were filled with red lightning. With a roar of rage, countless lightning bolts rained down, covering the entire stage.

## Chapter 3375

In his eyes, Chen Xiang was originally just a mouse. He did not intend to fight with all his might, since it was only dealing with a mouse. He only intended to toy with Chen Xiang, and defeat Chen Xiang ruthlessly.

But he never thought that Chen Xiang, a little mouse who was only at the early stages of Aoshi Holy Stage, would actually unleash such a strong power, causing him so much pain!

"Fifth Prince will win!" "The Fifth Prince will definitely win!"

Everyone started to crazily roar again, giving the Ma Tianqiang a big breath. This also made the energy in the Ma Tianqiang rush up crazily, and boil up!

"Damned mouse, I'm going to cripple you!" The Ma Tianqiang roared, transforming into a bolt of lightning and rushed towards Chen Xiang.

"What big words you have there!" The Explosion Incantation on Chen Xiang's body frantically absorbed the energy and the explosive energy that was released had reached its peak.

The Ma Tianqiang transformed into a bolt of lightning and rushed over, raising its fists, like a gigantic iron hammer striking right at Chen Xiang's head, its speed was extremely fast, in a blink of an eye, the gigantic fist had already landed on Chen Xiang's head.

B000M!

An earth-shattering explosion instantly shook the sky and shook the entire battle stage. Everyone's ears were buzzing. At this moment, the battle stage was covered with countless lightning bolts.

[illegible]

Hearing the Ma Tianqiang's howl, everyone did not know what was going on.

The thunder dispersed, the people madly shouted. Everyone was stunned, because the muscles on the Ma Tianqiang's arms had actually split and bled. It was shocking, and the Ma Tianqiang was also shaken to the edge of the stage.

On the other hand, Chen Xiang's face was grave and a trickle of blood flowed down the corner of his mouth. Standing in that place just now, his body actually flickered with lightning!

The Ma Tianqiang did not expect that after Chen Xiang's body erupted with flames just now, lightning would suddenly erupt again. Moreover, this type of lightning was even more terrifying than the one he had.

Furthermore, the lightning that Chen Xiang released through the incantation was the lightning of the Tao-creation, the most original, terrifying power. Currently, it had already disappeared within the passage of time, and was only preserved through the incantation.

"How can this be! "Impossible, this guy is as weak as a mouse, it's impossible for me to injure him that badly." The Ma Tianqiang's fleshy arms trembled, and it was difficult to raise them. His thick arms were the weapons that he relied on to survive, and now that he was injured, he could no longer continue to fight.

"What kind of power did you use!?" Ma Tianqiang did not dare to underestimate Chen Xiang anymore.

"The power of confidence!" Chen Xiang smiled slightly: "Are you prepared to admit defeat?"

The surroundings of the stage became quiet. The Fifth Prince being injured by such a fellow must have been due to the Fifth Prince's negligence, which made it so. The Fifth Prince's strength was still very strong, if they had competed again, Chen Xiang would definitely lose, and many people thought so.

Both times, it had almost caused him to spit out blood. The most frightening thing was that when he was shaking, he had even released the power of fire or lightning, which allowed the power of fire and lightning to enter the interior of his body through the shock waves, causing him to suffer even more severe injuries.

"I... I concede! " Although it was very embarrassing, a wise man knows when to stop. If he continued to fight, he would really be crippled.

He would be left with nothing to worry about. In any case, he would still be the Centaur Emperor in the future!

The Ma Tianqiang took out two pieces of the Tao-creation's Holy stone, snorted, and threw them at Chen Xiang.

After going through a special treatment from the Tao-creation Holy stone, it did not run around randomly, and did not recognize anyone. Chen Xiang inspected it for a while, then nodded his head in satisfaction.

Ma Tianqiang did not lose too badly, at least he could still walk down the stage by himself.

The trash of a crown prince, Ma Tianhai saw Chen Xiang walking down the stairs and, as if he was in a dream, Chen Xiang actually defeated the fifth prince!

"How did you do it!" Ma Tianhai did not dare believe it, he had personally witnessed the entire process of the battle from close range.

"You are blind? You didn't see it?" Chen Xiang chuckled, then shook his head.

Ma Tianqiang's were very strong, and their bodies were very strong. They could be considered to be extremely useful in using energy, but they were still lacking by quite a bit. Compared to humans, they did not have any methods to make their energy become stronger.

On the other hand, what Chen Xiang was using was a heaven defying thing like the Tao-creation's Incantation, which could increase Chen Xiang's own strength by many times.

"Brother, do you want to stay here for a while?" Seeing how powerful Chen Xiang was, Ma Tianhai sincerely called him big brother.

"This is your antidote. It can completely cure your poison." Chen Xiang had obtained two Tao-creation Holy stone's, so he didn't care about Ma Tianhai shooting arrows at him previously.

"Then you ..."

"No, I want to walk around." Chen Xiang said: "Actually, as long as you have more guts, you shouldn't be so useless. You might as well stay here, you better watch out for yourself!"

Chen Xiang quickly walked out of the palace. The two Tao-creation Holy stone's were very hot in his hands, he had to leave this place as soon as possible.

After leaving the palace and changing his appearance, he decided that he needed to continue staying in the holy city. He needed to learn more about the Soul Demon Sacred Forest.

The news of the battle at the palace had already spread throughout the entire city, but many people did not know what Chen Xiang looked like. All they knew was that he was a human, and was very strong.

"If that guy had a good fight, I might not have been able to beat him." Chen Xiang was currently resting in an inn. Just now, even though he had used the Explosion Incantation to block the Ma Tianqiang's attack, he had still suffered from a considerable amount of internal injuries.

"It's mainly because he can't hold it in! Furthermore, these Soul Demon's techniques do not seem to be that good." Qin Shuang said: "They even need humans to set up arrays and such, it can be seen that they do not have much research in this area."

"I think that the Soul Demon's history is too short!" Su Meiyao said: "Soul Demon has been so powerful since birth, which shows that this race will not appear for too long, and the time humans appeared was difficult to determine, as if there was an endless ancient era. No matter what era it is, there will always be the shadow of humans."

"I wonder if grandpa came to this place?" Qin Shuang sighed.

After resting for a day, Chen Xiang strolled around the Armies Holy City. He was surprised to find that there were no medicine stores here, and after some inquiry, he found out from some people that there was a city established by humans in the Soul Demon Sacred Forest that sold medicine pills.

In the Soul Demon Sacred Forest, Myriad Tao Divine Soil was still used for trade, and Myriad Tao Divine Soil Crystals and Crystal emperor were also relatively less useful things. Most people used these things to cultivate or refine.

### [Chapter 3376](#)

Chen Xiang felt that it was strange. This place was clearly above Myriad Tao, but there were still Myriad Tao Divine Soil here. This Myriad Tao Divine Soil seemed to be a little mysterious, as he would always appear a little from time to time.

"No one here has ever heard of the Super Yang Old Ancestor." Chen Xiang asked a lot of humans, but no one had heard of it. At the same time, he also asked some old Soul Demon about it. He knew that this Soul Demon Sacred Forest only had a history of over twenty thousand years, which was extremely rare.

Soul Demon Sacred Forest has a history of only twenty thousand years, but there are people who are at the peak of Aoshi Holy Stage. Forget about humans, even if they are born with a huge advantage, it would take at least forty to fifty thousand years to train to the peak of Aoshi Holy Stage. "Feng Shen" Qin Shuang said.

Qin Shuang had died once, and her strength back then was also very strong.

Old Emperor Ma's cultivation was now at the peak of Aoshi Holy Stage.

Chen Xiang had cultivated to this point, and it had taken more than twenty thousand years. He had been going in and out of the Time Domain often, and he wasn't sure exactly how much time had passed.

"Soul Demon Sacred Forest is very big, and Soul Demon Sacred Forest has only appeared for 20,000 years? I wonder what is outside of Soul Demon Sacred Forest." Chen Xiang was extremely curious, because he had asked many people before and no one knew of the world outside of Soul Demon Sacred Forest.

Some people tried to leave this Soul Demon Sacred Forest, but no one seemed to have succeeded. Those who tried, all returned halfway without leaving, and those who did not return, their fate was unknown. Thus, the world outside the Soul Demon Sacred Forest, to the people of the Soul Demon and humans here, was just a mystery.

"One thing is certain, many humans have been here before, and they are still reproducing. If one wants to learn more about the Soul Demon Sacred Forest, then one can only look for the peak of the human Aoshi Holy Stage. They should be the first ones to come to this place."

Chen Xiang not only heard about cities that were constructed by humans, he also heard about some sects that were constructed by humans.

As for the Soul Demon, most of them built empires to become empires called emperors. They were very different from humans.

"Let's go to the human cities and ask around first. Maybe we'll get some good rewards there." Chen Xiang prepared to set off and find out the way to that city.

Going to that city wasn't easy. Even if one knew where to go, it wouldn't be easy to find. Generally, they would need someone to lead them there. There weren't any roads outside the city because there were many plants in the forest.

Originally, Chen Xiang was worried about how he could get to the human city. However, after asking around, he found out that there was a type of Soul Demon called the Peng Demon.

In normal times, the Peng would be around the same size as a human, but after transforming, it would become extremely large, with a wingspan of a hundred zhang. Its two claws would hoist up a huge ship.

Right now, Chen Xiang could see a great Roc flying slowly towards him in the sky. The gigantic boat under his claws was also more than three hundred meters long, and there were many people inside it.

"Alright, this is equivalent to a carriage in the air!" Chen Xiang headed towards the place where the giant ship was built.

The human city was called Ao Holy City, from here to Myriad Tao Divine Soil, it required a hundred taels of silver, but for Chen Xiang, it was just a small matter.

After boarding the ship, Chen Xiang had a very small room. On the ship, there were thousands of people and Soul Demons, who could earn a lot of Myriad Tao Divine Soil in one round. However, it was also quite tiring, because the golden rocs would also require a lot of energy to fly.

"I'll need seven days. It's not too long." Chen Xiang was in his room, but he had already taken off. Looking through the window into the distance, there were trees everywhere, as far as the eye could see, this Soul Demon Sacred Forest was indeed very vast.

The majority of the people who headed to the Ao Holy City were humans, and most of them were merchants. They would bring some things from the Ao Holy City to other cities where Soul Demons would gather, and then purchase some things that humans needed to sell, heading to the Ao Holy City to sell. Like this, they would be able to earn a lot.

Moreover, they were somewhat lazy and arrogant. After all, they had been born with a very strong power, and it would take a very long time for humans to reach the strength that they were born with.

Because of this, humans could only train hard and earn resources through business. Otherwise, there would be no place for humans in this Soul Demon Sacred Forest.

Chen Xiang came out of his room and walked out. Many people were on the deck looking at the scenery outside.

"The great roc is indeed good. Just by flying out for a few rounds, I can earn a lot of Myriad Tao Divine Soil." One person stared at the great roc above him.

"I heard that the entire Roc clan is quite powerful."

"After all, they are very hardworking!"

"Didn't the Fire Wolf Soul Demon capture a great roc earlier? Although the Great Peng was saved, the Roc Race did not let the Fire Wolf Soul Demon go and destroyed it. "

"Apart from the Fire Wolf Clan, there is another race that has also captured the great peng. Furthermore, they haven't been rescued yet."

Chen Xiang heard their conversation and felt it was very interesting, so he walked over.

"What kind of people?" Is this race really that strong? " Chen Xiang asked.

A square-faced middle-aged man immediately said: "It's the Python Demon Race, these huge snakes are usually the ones who are most afraid of the golden rocs. I don't know why, but they suddenly got hold of some powerful poison, and it seems like an extremely powerful poisonous python appeared.

"So that's how it is. What happened next? It is impossible for Roc Race to let them go so easily. " Chen Xiang said again.

"The Roc Race sent their clan members to hunt them down, but they all returned poisoned. Right now, the Python Demon Race is burning everything to kill and loot them, relying on their powerful poison, there is simply no race that can control them. These fellows are very fierce, and every time they attack a city, they destroy the city, and if the people inside and the Soul Demon cannot escape, they will be captured and eaten as food."

"Many of the Soul Demon's clans have teamed up in the past and wanted to exterminate the Python Demon Race, but in the end, they had no choice but to give up because their Python Demon Emperor was too strong. Not to mention the peak of the Aoshi Holy Stage, he had also grasped an extremely powerful Demon Poison, so everyone could only give up."

"In truth, Python Demon Race didn't dare to attack those powerful demon city either. He only dared to create a few small cities, so the powerful demon clan would just ignore them. After all, the two Roc Race s couldn't do anything to the Python Demon Race."

Chen Xiang never thought that he would actually meet an expert in the use of poison here. He finally understood why when he used Poison monkey to attack Ma Tianhai that day, he was able to make Ma Tianhai cry. It turned out that poison was a very mysterious and powerful power to this Soul Demon Sacred Forest that had such a short history.

"Those powerful demon clan members are actually wrong. Python Demon Race is currently devouring small cities to strengthen their own power, and when they have enough strength to suppress the powerful demon clans, it will be too late." Chen Xiang said as he furrowed his brows, "At that time, this part of the Soul Demon Sacred Forest will definitely be under the Python Demon Race's rule."

### [Chapter 3377](#)

Everyone understood the logic behind Chen Xiang's words, the strong Goblin Tribe had also thought of such things, but right now it was not their fault, they were just occasionally worried. They felt that if such a thing really happened, it wouldn't be too late to resolve it at that time. Furthermore, they were very confident in their own strength. When the Python Demon Race was getting stronger, they were also getting stronger.

"Friend, you seem very interested in this matter!" The square-faced middle-aged man said.

"I'm just curious. Because I train in seclusion all year round, I only came out to get some fresh air in this period of time. So, I know nothing about these things." Chen Xiang said with a smile.

"Then you should know how powerful the Python Demon Race is now! That's why when the time comes, you might as well go and provoke Python Demon Race. " The square-faced middle aged man was very kind and reminded Chen Xiang.

"I'm not alive enough, of course not." Chen Xiang laughed.

"You can think of it that way! You don't know, that there are many people and Soul Demon who are really desperate, wanting to go to Python Demon Race to save the golden rocs, but in the end it was difficult to come back alive. "

As the square-faced middle-aged man spoke to here, someone interrupted him.

"No, I saw a guy who came back alive last time, but both his legs were turned into bones. The poison is very scary, making it difficult for flesh to breed. After he came back, he died not long after, and after he died, he even turned into a puddle of black blood." An elder spoke of this matter with a terrified expression on his face.

"Would saving the Grand Roc bring about great benefits?" Chen Xiang knew that there would be benefits, if not there would not be so many people taking the risk.

"That great Roc is an important member of the Roc Race. I heard it is an elder of the Roc Race ... "If I can save him ... " The square-faced middle-aged man said this and stopped talking.

Chen Xiang secretly despised his actions, and did not even bother to say a word.

"Tell me, what happened after we rescued him?" Chen Xiang urged.

Now, everyone believed that Chen Xiang had just finished his closed door cultivation, because this kind of matter was already known to everyone.

"This Roc Race elder has a daughter." An old man laughed, "Do you understand now? That bounty was also given by this little girl."

Chen Xiang curled his lips: "The Great Peng's transformation into a humanoid form isn't too complete, I've seen it before."

After transforming into a humanoid form, the Roc demon had a pointed nose, wings on its back, and more or less had feathers on its body.

The Soul Demon here had transformed into human form and more or less retained their original beast form.

"You might not know this, but that elder's daughter is extremely special. She only has a pair of wings, and her face is extremely beautiful." A young man chuckled and said, "I've only seen Jean once from a distance... Of course, the young people would only take the risk for the sake of her beauty, while the older people would only do so for the sake of the treasures in her hands. "

Chen Xiang originally did not want to ask anymore, but the beauties inside the You Yao Mountain Villa told him to continue asking, as they were extremely curious about that treasure.

"What treasure?" Chen Xiang was helpless, she could only respect the intentions of these beauties.

"Aohun holy bead s, they can absorb the second, third, or even fourth floor's World Defying Stage Fierce Soul, which can gather a large amount of World Defying Stage Fierce Soul's power. The higher the level, the stronger the condensed out power, which can allow the World Defying holy soul to progress faster." The old man said.

Bai Youyou suddenly said: "Chen Xiang, ask him, did the Roc Girl come out from World Defying Stage Soul River? Didn't all these Soul Demon s come from the World Defying Stage Soul River? How could they have children? The people from before did the same. "

"Right, how did the Soul Demon get born ..." Chen Xiang knew that his question would cause many people to roll their eyes at him.

"Young man, you were born just now, right?" The square-faced middle-aged man could not help but laugh as he teased, "You don't even know that!"

The old man said in a very patient voice, "There are two situations. The first is when the Soul Demon condenses a Blood Bead himself, and then puts the Blood Bead into the World Defying Stage Soul River, and nurtures it for ten or a hundred years. The Blood Bead will contain a baby from the Soul Demon, and after absorbing the mixed energy from the Blood Bead, it will gradually become a large bead.

Chen Xiang had seen the Fishmen before, so this was how they were born!

"The second case is where the male and female Soul Demon condense a Blood Bead and fuse together to form two Blood Beads. Then, both parties work together to form a Blood Bead of about a hundred years old. Here, every clan had a very big pond, and this pond had a spring. The spring water came from the World Defying Stage Soul River. If it is a race that is close to the World Defying Stage Soul River, then it would surround a region above the World Defying Stage Soul River. "

Chen Xiang also understood that the process was rather complicated.

"Brat, don't you lose your life because of the Aohun holy bead and the White Roc Girl! Many of the young people were hot-blooded and went to find the Python Demon Race and didn't return in the end." The old man sighed.

"White Roc Girl?" Chen Xiang asked.

His daughter is a white feathered roc. When she took human form, she only had a pair of white wings, the rest were exactly the same as humans, and because she is extremely beautiful, many young humans drooled upon her. " The elder shook his head and said in a low voice, "This demoness has caused a lot of deaths."

"She was anxious to save her father and was willing to devote her life to him. This shows her feelings towards her father." Chen Xiang laughed: "And to those who died, if you want to obtain her and her Aohun holy bead, you must be willing to take the risk. If you want to reap both wealth and rewards, you have to pay something. "

"I wish you could see that." The old man also smiled. He couldn't bear to see so many young people throw their lives away. Those old fellows were already done with their lives.

It was dark when Chen Xiang returned to his room. Just as he was about to rest, he heard Long Xueyi shouting, "Little Scoundrel, go and rescue the golden rocs."

"The use of Aohun holy bead should be great. Many old fellows are here for this, even if they were to die, it can be seen that they are extraordinary." Qin Shuang said: "This is definitely something that can allow Aoshi Holy Stage to quickly break through."

It was extremely difficult to level up Aoshi Holy Stage, even if he wanted to eat Aohun holy Dan, he had to eat a lot.

"Okay, wait until we arrive at Ao Holy City, then I will ask around. At that time, if I succeed, I will only ask for Aohun holy bead s." Chen Xiang said very seriously.

"Is that so? The White Roc girl didn't want any more? This is such a waste! " Su Meiyao chuckled: "Isn't this your style?"

"That's right, pretend to be serious!" Long Xueyi scoffed.

Although Qin Shuang and Bai Youyou did not speak, both of them agreed with Long Xueyi's words.

"I'm serious! "If you say no, then no." Chen Xiang snorted.

"Don't waste it, don't give it to me." Long Xueyi said: "This way, she'll be able to carry me and fly around."

### [Chapter 3378](#)

Chen Xiang was speechless for a while, and then said to Long Xueyi and the others: "This is what you guys want, I don't want it.

Long Xueyi let out an extremely disdainful snort. At this time, Chen Xiang could feel the big white eyes of a few women inside the You Yao Mountain Villa.

"Aohun holy bead, this thing must definitely be very useful. I really hope we can get to Ao Holy City as soon as possible!" Chen Xiang was in a hurry to go to Ao Gu Holy City and ask about the Python Demon Race. There were many people who were unable to come back, which meant that these people had all gone to the right place. This also meant that many people knew where the Python Demon Race was.

Chen Xiang rested in the small room, and would go out to take a walk from time to time to get to know the people and Soul Demon, and he had also experienced quite a few them.

Most of them looked like half-beastmen, and the most powerful Soul Demon on board should be the lion-man Soul Demon.

The werecreature lion did not have a four legged lower body like a horse. The lion man's lower body was similar to a human's, both standing on two legs. It was extremely robust and had a tail. The lion man's upper body was like a human god, its muscles bulging.

From Chen Xiang's observation, as long as it was a strong and muscular Soul Demon, they all had the habit of not liking to be dressed in clothes.

The more interesting Soul Demon was a Dog Man, its body was complete, but it had a dog head. This was considered a tragedy, the Dog Man was teased by the other stronger Soul Demon, it was nothing much, just secretly patting his dog head.

Basically, the Soul Demon was a little arrogant in front of the human race, because they were born strong, but overall, they got along well. Chen Xiang also asked around, there were very few cases where the human race and the Soul Demon became husband and wife, and the main problem was that the Soul Demon's standards of beauty did not match with the human race. Only the White Roc girl's body had become human.

It was said that the closer the Soul Demon was to a human, the more talent she had, so her cultivation speed would be even faster. Therefore, Bai Peng Nu's strength was also very strong, because she already had a very mysterious Aohun holy bead.

After thinking about it, Chen Xiang suddenly had a trace of fantasies about the White Roc Girl, but it was just that, he was more concerned about the Aohun holy bead.

"I wonder what the python demon looks like!" Chen Xiang was very curious, he felt that it should be a half human half snake, the most obvious characteristic of Soul Demon was that his body had a certain beast type part.

Chen Xiang lied at the window, looking at the endless Soul Demon Sacred Forest below him, his mind filled with countless thoughts, as he thought about all sorts of things.

Suddenly, a sharp shout came from the window: "Poisonous Python Demon is on the boat!"

Chen Xiang was in the cabin, on the middle floor!

He heard the noise and immediately climbed out the window and onto the top deck, saving him time.

"Everyone, I will land now!" If you join hands to deal with the Python Demon, and take down the Python Demon, the Roc Race will reward you handsomely! " Although the great roc flying in the sky was very big, it was still a little afraid of the poisonous python demon. Moreover, it was flying right now, if anything happened to the boat, if it fell down, it would most likely be injured. If it was also poisoned by the python demon, it would be in danger.

After Chen Xiang went up, he saw the Python Demon, it was different from what he had expected. He originally thought that the Python Demon was a snake-like human, but it was not.

The python demon was humanoid, with two limbs and a head that looked like a snake. It had some scales on it, snake apricot in its mouth, and a long snake tail at its waist, no one knew what uses it had, and its two arms were covered with black snake scales. It was unknown how it managed to sneak in, but the characteristics of the Poisonous Python Demon were obvious.

Everyone did not dare make a move, they had already gotten far away, worried that they would be poisoned, because according to the legends, once someone was poisoned with Poisonous Python Demon's poison, their body would turn black, and then drop down one piece at a time. This would last

for a very long time, and it would be even more painful than death. If it was serious, it would turn into a black pool of blood. It was extremely terrifying.

Everyone hid in the cabin. As long as the boat touched the ground, they could jump out the window.

"Capture this guy and let me see if I can develop an antidote pill. Normally, snakes can be cured with snake venom." Bai Youyou said.

Bai Youyou's sister Bai Ziqian was an expert in the use of poison, Chen Xiang was very clear about this fact. Back then, he and Bai Ziqian had done extremely intimate things in Du Xiaoling's little house.

Furthermore, Du Xiaoling and Lv Qinlian were both in the Hundreds of Flowers Village, so she would definitely have learned a little, and using poison was something that the demonic way should be able to master. As a peerless devil woman, Bai Youyou definitely had mastered it a little.

"Little monkeys, it's your turn!" The golden rocs had already landed, and the people and Soul Demon on the deck all hid inside the boat. There was only one Poisonous Python Demon, and his target was very obvious.

It was said that the golden rocs were the fastest flying birds in the Soul Demon Sacred Forest, the reason why the Poisonous Python Demon caught the golden rocs was to tame them and make them into mounts. If they suddenly let these poisonous pythons land in a city, the consequences would be unimaginable.

The moment Chen Xiang came up, he used Counter Power Invisibility, causing the Poisonous Python Demon to be unable to see him. When he saw that there was no one on the deck, he rushed towards the large iron chain.

The big iron chain hung the huge boat, tied with the claws of the golden rocs, the Poisonous Python Demon climbed up the big iron chain onto the claws of the golden rocs.

The Poison Python's speed was extremely fast, but the Poison monkey's speed was even faster. It quietly approached the Poisonous Python Demon and with a \* shua shua \* sound, it memorized how the six claws of the three Poison monkey all pierced through the stiff snake scales on the Poison Python's body, and then completely injected the poison power from the Drunk god magical poison's poison sac into Poisonous Python Demon's body.

The Poison monkey's body had several poison sacs, and all of them were different types of poison. This was the result of Du Xiaoling!

Chen Xiang was worried that the Poisonous Python Demon's body might have a strong poison resistance, so he asked the Poison monkey to release all of the Drunk god magical poison's poison powers.

Poisonous Python Demon never would have thought that a Soul Demon who used poison like him would actually be plotted against by poison. He could feel that the power in his body was gradually weakening and a bizarre power was currently corroding his body's strength, so he knew that it was a very bizarre type of poison.

"Come in!" Chen Xiang took out the Tianchuang furnace, covered it with the body of the Poisonous Python Demon, and stored it inside. Then, he returned to his own room.

The huge ship had already landed, and everyone jumped out of the window. At this moment, the Roc Demon warned everyone not to run around, but to split into small teams to prevent dangerous Soul Demon from running into them in the forest.

The great peng demon inspected the huge ship and realized that the Poisonous Python Demon was already gone. He did not know where the Poisonous Python Demon had gone to, but how did he get on the ship? This caused the great roc to be puzzled.

At this time, Chen Xiang and the others were in the forest below, simultaneously observing Poisonous Python Demon in the Tianchuang furnace. was completely suppressing the snake poison, and the Poisonous Python Demon was like a soft earthworm lying in a sealed space within the Tianchuang furnace.

### [Chapter 3379](#)

"Where's the Poisonous Python Demon?" One of them shouted, "I even saw him preparing to climb the iron chains!"

"Because of my quick descent, he knew that it would be difficult to succeed, so he ran! No need to worry, I have already checked, there are no longer anyone on the huge ship or on the Soul Demon, they are all empty. " The huge ship was also a divine tool. Having established a connection with the huge ship, as long as one put a little effort into it, they would be able to discover if there were any living creatures on the ship.

"I am truly sorry for what has happened. After we reach the Holy City of Ao Gu, I will return the Myriad Tao Divine Soil that took the boat as compensation." The Great Peng said, "Quickly come up here. You should know the prestige of the Roc Race."

This place was still quite a distance away from Ao Holy City, and furthermore, it was outside of the city, so it was quite dangerous. No one wanted to walk to Ao Holy City, so they had no choice but to board the ship.

However, many of them were very worried, and did not dare to rest. They had gathered in groups of three to five, and only Chen Xiang was in his room sleeping soundly, because he had caught Poisonous Python Demon.

The Poisonous Python Demon who was sealed within the Tianchuang furnace felt that he was unlucky, and just as he was about to succeed and catch an adult Roc Demon, he suddenly used a few unknown things to attack him, and they were even using a very strange poison!

Amongst the Soul Demon Sacred Forest, Python Demon Race had the strongest poison, but right now, he had met someone who was even more powerful than them!

The poison in the three Poison monkey were all Du Xiaoling's. Du Xiaoling had studied the various poisons for many thousands of years already, and at that time, the Soul Demon Sacred Forest was still not born yet.

Even if it was Bai Youyou, this brat, when using this poison, the Python Demon Race would willingly admit defeat.

"Then what about Poisonous Python Demon?" Bai Youyou asked.

"You've completely turned into a coward. I'll leave it to you." Chen Xiang took out the Poisonous Python Demon from the Tianchuang furnace and threw it at Bai Youyou.

Although the Poisonous Python Demon had a very dense amount of Drunk god magical poison, Bai Youyou was still very careful and told Feng Ke'er to seal it.

Poisonous Python Demon was furious. It was not easy for him to get rid of a crocodile, put on the crocodile skin, and get on the ship.

"I'll use Soul Absorbing Devil Spell on him first." Bai Youyou said: "This will allow us to understand more about the Python Demon Race!"

"This should be able to go smoothly, right?" Chen Xiang said.

"Don't worry, I'm much more experienced than you." Bai Youyou's Soul Absorbing Devil Spell was something that Bai Youyou had taught him, and he had been constantly improving it.

Following that, the Poisonous Python Demon suffered the most from birth, the pain came from the soul. The Soul Absorbing Devil Spell not only ravaged the soul of the Poisonous Python Demon, it also searched through all of the memories.

"Leave refining the antidote to Meiyao and I." Just by searching through his memories, Bai Youyou was already full of confidence.

"I'm busy!" Su Meiyao giggled. She and Su Meiyao had been fellow sisters for many years.

Long Xueyi asked: "Sister You You, did you learn anything about the Poisonous Python Demon from this fellow's memories?"

"Poisonous Python Demon is hiding underground, and everyone only knows that Python Demon Race is in one area, so they don't know the exact location. Also, after Poisonous Python Demon is captured, they would most likely commit suicide immediately to prevent themselves from being tortured, so for many years, no one knew where Python Demon Race's snake nest is." Bai Youyou said: "This guy was struck by a Drunk god magical poison and didn't even have the strength to commit suicide. I only found out about it after I used the Soul Absorbing Devil Spell."

Su Meiyao carefully received the green venom from Bai Youyou, which was extracted from the inner part of the Poisonous Python Demon's poison sac.

Qin Shuang watched on from the side. Su Meiyao was an alchemist, and also possessed a pill spirit. Bai Youyou had mastered all sorts of mystical demonic techniques, and was extremely proficient in poisons. These two extraordinary girls, made her feel that they were both Chen Xiang's women.

Qin Shuang had also heard from Long Xueyi that Chen Xiang seemed to have a lot of women, and they were all beautiful women with all kinds of unique skills ...

What was there to worry about? Chen Xiang didn't need to worry about the antidote, if not he would have to concoct it himself. It would be troublesome.

"When we arrive at Ao Holy City, I'll go learn how to accept the bounty." Chen Xiang said: "Now we already know where Python Demon Race's old lair is, if the bounty is confirmed to be real, I will go and rescue the elder of Roc Race, and then publicize the location of Python Demon Race's old lair."

Chen Xiang felt that the reason that the various great Soul Demons and powers had failed to encircle and annihilate the Python Demon Race was very likely because they did not know of the Python Demon Race's nest. After entering the Python Demon Race's territory, they would be met with all kinds of poison traps, and they would most likely be dead before they could even find their nest.

It had to be said that the Python Demon from the Python Demon Race knew how to use his poison.

"The Ao Holy City is about to arrive!" The great roc's voice suddenly rang out, and the people who had been fighting Chestnut finally breathed a sigh of relief. They had nearly been frightened to the point of shouting out when they saw the rope these past few days, thinking it was a poisonous python.

"It's done!" Su Meiyao said: "Although there are only 10 or so pills, the difficulty is not that high. I will be refining even more of them."

"How is it made?" Chen Xiang asked curiously.

The venom of a poisonous python is itself able to resist its own poison. We just need to separate out the portion of the venom that is resistant to venom and add in some medicinal herbs to improve the quality of this part. This will allow us to have an even stronger resistance to venom. Su Meiyao said: "We have already tried using your Mouse Man, it was extremely successful."

Qin Shuang had also opened her eyes. Even though she was the granddaughter of the Super Yang Old Ancestor, she only knew a little about poisons and such things. Normally, if she was poisoned, she would only know how to suppress them with her strong power and force them out of her body.

"That's good. We will reach the Holy City soon." Chen Xiang said: "You guys should rest too, don't be too tired."

The Poisonous Python Demon had already been taken care of ... Being used by Bai Youyou to feed the monkeys, she died an extremely aggrieved death.

The golden rocs had already flown to a huge plaza in the Holy City of Ao Gu, allowing the huge ship to land on a special ship's indent. Before the ship even landed on the indent, many people jumped off, as if they were rushing to reincarnate.

Many of the people closed their eyes, feeling that their bodies had been melted by the poison. As they watched themselves turn into a pool of blood, it could be seen how terrifying the Poisonous Python Demon was in their hearts.

Originally, the Da Peng wanted to compensate the Myriad Tao Divine Soil that they boarded the ship with, but now, everyone gave up.

And it was only Chen Xiang, who slowly walked down the stairs. Poisonous Python Demon had already fed the monkeys, he had nothing to be afraid of.

## [Chapter 3380](#)

After everyone had escaped the giant ship, they began to tell their friends about what had happened. As a result, this matter quickly spread throughout the entire Holy City.

"Why are there so many golden rocs here?" Chen Xiang saw that on the streets of Ao Gu Holy City, from time to time, huge shadows would sweep across the sky.

After Chen Xiang asked around, he found out that the White Roc Girl was also here. There were a lot of Da Peng Demons that came with her, and now the White Roc Girl was in City Lord's Mansion.

"City Lord's Mansion, that's great, I was just looking for her!" After Chen Xiang found out where the City Lord's Mansion was, he immediately headed to the City Lord's Mansion.

After knowing about Poisonous Python Demon's business of boarding ships, she made a public announcement that the person who wanted to board the ship could rely on the piece of paper they got from the ship to seek her for compensation, and it was even ten times more than that. After all, this had to do with the reputation of the Roc Race.

Chen Xiang was obviously not going to collect compensation right now, but to discuss about the Aohun holy bead with the White Roc Girl. He also had the confidence to save the White Roc Girl's father right now, so it didn't matter if she married him or not.

They were all people who had ridden on the huge ship, causing Chen Xiang to see many familiar faces. They did not plan to take it, being able to live was after all their greatest fortune, but after knowing that the White Roc Girl wanted to compensate them tenfold, they all rushed over, like this, they could also see the White Roc Girl's peerlessly beautiful face.

Chen Xiang took the boarding certificate and queued up to receive compensation. This was the compensation personally awarded by Bai Peng Nu.

"Roc Demon Princess is really kind. If I have enough power in the future, I will definitely slaughter all of Poisonous Python Demon and save your father." When a young man saw the white peng girl, he became excited and started to brag.

"Thank you for your kindness, Big Brother ..." However, I have already decided to cancel the bounty. This has caused the death of many people. Bai Roc sighed softly.

Chen Xiang was still at the back of the line, unable to see the White Roc Girl's face, but he could hear her words. This made him remember to jump, he came here for the Aohun holy bead, and he had already made preparations.

Everyone could only sigh, because everyone knew that the Python Demon Race was very difficult to deal with and had hidden it well. No one knew where they were, and in these past few years, many people and Soul Demon had already died because of that bounty.

If it was cancelled at this moment, many people would only sigh. After all, this was an extremely difficult bounty.

Chen Xiang thought and waited for his turn to receive compensation.

With a pair of snow-white wings behind her, and a pure white dress on her body, and her long hair hanging down to her chest, Chen Xiang finally saw the White Roc Girl. Within her black hair, there were several strands of white fur.

Her snow-white face carried a smile, giving people a feeling of being approachable. No matter who it was, she would always be able to reveal a smile that came from the bottom of her heart. Just this charming smile on her face was enough to make many fall for her.

"Great beauty, I want it!" Long Xueyi released a bit of her consciousness from You Yao Mountain Villa, and when she saw Bai Peng, she shouted.

"Don't shout." Chen Xiang snorted.

"I knew you wanted it, so I wasn't allowed to, right?" Long Xueyi laughed.

Chen Xiang ignored her, and it was almost his turn.

"Roc Demon Princess, I do not need compensation, I only hope that you can answer a few of my questions, is that alright?" Chen Xiang asked. In the eyes of many, these Myriad Tao Divine Soil s were not small amounts of money.

"If I can answer, I will, and I will give you compensation." The White Roc girl narrowed her eyes that were as gentle as water and smiled lightly at Chen Xiang.

Chen Xiang had already observed a few well-dressed, extremely arrogant young masters standing behind Bai Peng Girl. They should be the descendants of the big powers in Ao Gu Holy City, and someone had just mentioned that the blue-clothed man who occasionally talked to Bai Peng Girl was the son of the City Lord. He had a very high status, and his strength was not weak either.

Seeing that Chen Xiang wanted to ask the white peng girl a few more questions, these young masters became slightly impatient. They were also worried that Chen Xiang would ask some rude questions.

"When will the bounty you placed be officially withdrawn?" There should be a lot of people in other cities who don't know about it. " Chen Xiang said.

"Right now, it can be considered as an official withdrawal. I've already told our friends to fly to the big cities to inform us." "I'll let our friends in the big cities know about this as soon as possible, so they won't take the risk," Bai Peng said.

"If someone really can save your father, will you keep your promise?" Chen Xiang asked again, "Perhaps someone is already on their way to find the Python Demon Race. If they succeed and you cancel the bounty after they return, wouldn't that cause them to feel very disappointed!"

"You asked very well. I also had such considerations, so I have a deadline for the reward. From today onwards, you can fulfill my previous promise within a hundred days. The reason why I did that was only to prevent everyone from taking the risk again. If I was able to save my father, I would not receive any compensation, but I will still be very grateful. " The White Roc girl said faintly.

Everyone silently nodded their heads. If Bai Roc Nu promised to keep the bounty for an indefinite period of time, then there would be no use in cancelling the bounty!

"What is it? Do you want to take the final risk? " A man in blue with an arrogant expression walked over, he looked at Chen Xiang with disdain. Chen Xiang was merely in the early stages of Aoshi Holy Stage, in his eyes, he was just a weak chicken.

"I do have such an idea." Chen Xiang knew that this blue-clothed man was the son of the City Lord, named Cheng Shaoren.

"Friend, I'd advise you not to go. I just heard the news that the Python Demon Race has moved recently, mainly because the place they were originally at was too small and they have opened up a wider area. At the moment, we are still too clear on where they are at, and only have a general idea of what kind of place they are currently." "That's why if you go to that area that everyone knows about, you will be attacked by all kinds of poisonous traps."

That was to say, the memory that Bai Youyou had found was the old nest of the Python Demon Race! That Poisonous Python Demon probably hasn't returned to its nest for a long time already, so it didn't know about the move.

"So that area might still have Poisonous Python Demon s, but my father is definitely not there anymore!" Bai Peng said.
