

Dan God 3521

[Chapter 3521](#)

At this time, the front door of the Dragon-Elephant School was bustling with noise and excitement. The senior Leaders of the various great sects had all come, and the family forces had all come as well! They mainly wanted to see how Dragon-Elephant School would take down Chen Xiang and how he would capture Chen Xiang's Killing evil dragon.

In this past half a year, Gu Tong and Luo Jiuyang had not received any news, if they were both here, Chen Xiang wouldn't be under so much pressure!

"It's only the middle of the night now, but there are already many experts gathered at the entrance of the Dragon-Elephant School." Chen Xiang went out to ask around, returning back to the Six Realms mirrors.

"Dragon-Elephant School has brought so many people this time, so no matter what, they will not suffer a loss." Xiao Hengyong said as he looked at Yuan Zhiqing.

If the Dragon-Elephant School used Xiao Xianglin to exchange for Yuan Zhiqing at that time, this process would definitely not be an easy one.

"Yeah!" Yuan Zhiqing also had a bad premonition. If they were to fight, even ten of him would not be able to handle so many strong experts, and the other sects would probably not intervene.

But Dragon Controlling Palace and Tao-creation School would definitely intervene, they had a very good relationship with each other right now.

There was still half a day before dawn when Chen Xiang entered a secret room inside the Six Realms mirrors and suddenly took out the Time array. He opened the Time array and took out the Tao-creation's Holy Crystal.

"I hope you don't use this!" Chen Xiang looked at the small piece of Tao-creation Divine Crystal. This thing was not easy to obtain, he did not want to use it.

Now that there are so many people in Dragon-Elephant School, he must refine the Tao-creation's sacred crystal into a Destruction Curse Pill!

Not only did he refine the Tao-creation Divine Crystals, he also refined dozens of Tao-creation Holy stones, just in case.

After he finished refining, Chen Xiang came out of the Time array. It was still late at night, so he spent much of his time inside the Time array.

When dawn finally arrived, Chen Xiang arrived at the front door of Dragon-Elephant School alone.

Standing in front of the main entrance of the Dragon-Elephant School were three Elders with long white hair and beards, who had a face full of wrinkles. By their side were Elder Dragon Controlling Palace, the new Palace Master, and a few Elders who were riding Black dragon horses.

The Dragon Controlling Palace had a total of ten people, and this was a very strong power.

There were also about a dozen people from the Tao-creation School, including Leader and a few clan elders. Chen Xiang was not too familiar with the other powers, but he knew that there were at least fifty Peak of World Defying magic realms here.

Over ten experts from the major powers were standing together. This kind of pressure was extremely domineering, many of them only dared to watch from afar. Even so, they were still under a lot of pressure.

However, Chen Xiang was calm and composed, his expression calm as he walked towards the door of Dragon-Elephant School, his footsteps steady, without a trace of fear, this cultivation realm was truly admirable.

"Where's my master?" Chen Xiang said loudly, with an imposing manner.

"Here!" A senior elder of Dragon-Elephant School raised the golden tower in his hands. Previously, Chen Xiang had also been imprisoned by this tower, but now he was no longer afraid of it.

When Yuan Zhiqing saw the elder inside the Six Realms mirrors, he scolded him in a low voice: "This fellow is called Ke Hezong, but he is an old fox."

"As I said yesterday, you all release my master, and I will hand over your Leader." said. At this time, his heart was extremely excited, because Xiao Xianglin was inside the small pagoda.

"We need you to release our Leader first. With so many people watching here, we will not go back on our words." As the strongest Elder in the Dragon-Elephant School, Ke Hezong's words held weight.

But Chen Xiang still did not trust him!

"I'll release your Leader first, and then you guys can release my master as well. How about it?" Chen Xiang wanted to see Xiao Xianglin's current situation.

"Sure!" Ke Hezong's golden tower flashed, and a proud beauty dressed in white appeared in front of him. Although Xiao Xianglin's face was a little haggard, it still gave off a threatening aura.

She also did not expect Chen Xiang to be so strong now. As she and Chen Xiang looked at each other, although they did not communicate, they seemed to be able to feel each other's strong feelings.

Chen Xiang also let Yuan Zhiqing out, Yuan Zhiqing was tied up with green chains and his face looked haggard, as if he had been ill-treated. This was what Chen Xiang told him to pretend.

"Let them go first!" Ke Hezong said.

In front of so many people, if the elder did not redeem Leader, they would lose all their face, even though they did not have much face left.

There was no spatial imprisonment, only that Xiao Xianglin's waist was tied up with something. If Ke Hezong went back on his words, he could also use the power of space to go over and be with Xiao Xianglin ...

Xiao Xianglin nodded slightly towards Chen Xiang, indicating that he could let Yuan Zhiqing go.

"Everyone present, I know that no one wants to get involved in this matter!" Chen Xiang suddenly shouted, the patriarchs of the Dragon-Elephant School did not know what Chen Xiang was doing.

Chen Xiang looked at the few clan elders and Leaders from the sects and selected twenty that were not bad. They were all from the Peak of World Defying magic realm.

"Chen Xiang, be quick." Ke Hezong shouted.

"I want to help a few seniors. If you don't release my master when the time comes, I want them to help." Chen Xiang said.

"Who will help a guy with a Killing evil dragon?" The hall master of the Dragon Controlling Palace sneered.

"Don't worry, I won't let a despicable evil person like you help me." Chen Xiang laughed in disdain.

Chen Xiang suddenly took out a handful of Tao-creation Holy stone, causing everyone's heart to jump, they stared blankly, with so many Tao-creation Holy stone, it was more than any sect's reserves, even if all the sects combined their resources, they would not necessarily have more Tao-creation Holy stone than Chen Xiang.

"I know that everyone does not wish to become enemies with the Dragon-Elephant School, and I will not force you. I only hope that everyone can help out when the Dragon-Elephant School is not keeping his word, and I will naturally give everyone five Tao-creation Holy stone." Chen Xiang said.

Dragon-Elephant School could do anything, so Chen Xiang was not at ease. No matter what, he had to let Xiao Xianglin enter the Six Realms mirrors today, and that would be enough.

After that, Chen Xiang pointed to twenty people, all of whom he thought were good Peak of World Defying magic realm Rankers, including Tao-creation School's Wan Haixu.

"If you agree, you just need to swear a blood oath! If Dragon-Elephant School goes back on his word, then you guys should help me deal with Dragon-Elephant School. If Dragon-Elephant School really releases my master, then you all will have fulfilled your oaths. " Chen Xiang said: "That way, you will be able to obtain the five Tao-creation s."

Who wouldn't be willing to take on such an easy task?

They felt that fighting for the five Tao-creation s was worth it, and standing up one after another was just a guarantee. They all thought that their luck was pretty good, because the Dragon-Elephant School would definitely not dare to act rashly, otherwise, it would just be making life difficult for the twenty Peak of World Defying magic realm Rankers.

This made Chen Xiang a little surprised. He thought that it would be good if there were five people! He suddenly felt that these Peak of World Defying magic realm Rankers were easy to bribe. If he had known earlier, he would have bribed a few of them to help him.

After these twenty people swore their blood oaths and received five Tao-creation s from Chen Xiang, the other Rankers were extremely envious, because this was equivalent to earning money even by lying down.

[Chapter 3522](#)

Seeing this scene, Ke Hezong was so angry that blood dripped from his heart. Chen Xiang actually had so many Tao-creation Holy stones, he really did not know how he did it.

"Chen Xiang, you despicable person, you actually dared to steal our Dragon-Elephant School's Holy stone!" Ke Hezong roared: This is the wealth of our Dragon-Elephant School!

"F * ck your mother!" Chen Xiang roared in anger, and then, he pushed Yuan Zhiqing over.

The corner of Ke Hezong's eyes twitched, and he pushed Xiao Xianglin over. Chen Xiang immediately activated his Time and space power and teleported Xiao Xianglin over.

Those people who had obtained Tao-creation's Holy stone, upon seeing the exchange complete smoothly, heaved a sigh of relief in their hearts. That way, they could consider it as having fulfilled their oaths! Chen Xiang only made them guarantee that the exchange would go smoothly, that was all. If they took another step, they would definitely not be willing, and even if someone was willing, it would only be a small number.

"Master, are you alright?" When Chen Xiang saw that Xiao Xianglin was fine, he became a lot more relieved. He was worried that Xiao Xianglin would be mistreated by the Dragon-Elephant School Elders.

Xiao Xianglin shook his head, then sent a sound transmission to Chen Xiang: "They won't let us off. It's not easy for us to leave!"

When Xiao Xianglin came over, Chen Xiang had already felt the great formation enveloping him. In order to capture Chen Xiang, the Dragon-Elephant School had paid a huge price.

Previously, Ke Hezong did not want to let Xiao Xianglin go, but seeing that there were twenty people who took Chen Xiang's Tao-creation stones, he had no choice but to release them. This way, they would need to open a super enchantment realm and trap Chen Xiang and Xiao Xianglin.

"Aren't you going to let us go?" When Chen Xiang saw a few elderly men from the Peak of World Defying magic realm holding onto Tao-creation Divine Weapons, he knew that they were going to fight.

"You stole our Dragon-Elephant School's Holy stone, and you are the owner of the Killing evil dragon. Yesterday you killed two of our Dragon-Elephant School's elders, you were an unforgivable dog thief, how can I let you go?" Ke Hezong's old face darkened as he shouted angrily.

Chen Xiang clenched his fists and said angrily: "You old bastard, stop slandering me here, didn't you capture me just to take away my Legendary mantra? Haha... Unfortunately, your boss got my Legendary mantra, but was killed by my master, and even some old bastards were buried with him.

"You ... "Don't laugh, you will definitely die today." Ke Hezong shouted angrily, and was about to go over.

"Old Ke, we agreed that we would force the Killing evil dragon out of his body." The senior elder of the Dragon Controlling Palace said, "Leave him to us first. You can just watch by the side. With the nine layers of enchantments here, there's no need to be afraid of them escaping."

Chen Xiang immediately sent a sound transmission to Xiao Xianglin, "Master, how long do you think it will take to comprehend the Legendary mantra? I'll try to put it off for a while! Fifty years? Is a hundred years enough? "

"I don't know. Can you really handle it alone? " Xiao Xianglin could feel how strong the Arrogant Morale on Chen Xiang's body was, it was already close to the Peak of World Defying magic realm.

"I have a Time array. If you can comprehend the Legendary mantra that you have obtained, we will have a chance of winning." Chen Xiang swept his eyes across Ke Hezong's group. Maybe only the elders from the Tao-creation School and the Tao-creation School would take action, as the other sects were just there to join in on the fun.

"Okay, I'll try my best! During this period of time that I was imprisoned in the tower, I had a certain amount of research on Legendary mantra. If I had that much time, I could have successfully mastered the Legendary mantra. " Xiao Xianglin said.

Chen Xiang placed her inside the Six Realms mirrors, letting her reunite with her parents, and then letting her family of three enter the You Yao Mountain Villa. He might need to use the Six Realms mirrors in battle later.

Seeing that Xiao Xianglin had disappeared, the patriarch of the Dragon Controlling Palace immediately took action.

"There are so many people watching today. Don't tell me you want to bully us with numbers?" Chen Xiang laughed coldly: "Of course, your Dragon Controlling Palace is extremely shameless to begin with, so you won't let anyone talk so much, right?"

When Chen Xiang released his aura of the Primordial divine soul, everyone was shocked when they sensed it, because the strength of his aura was only that of the Late period of World Defying magic realm.

"Since it's impossible for me to escape today, why don't we come and fight fair and square? How about it?" Chen Xiang had to stall for time so that Xiao Xianglin could comprehend the Legendary mantra.

Seeing the people from the Dragon Controlling Palace hesitating, Chen Xiang laughed out loud, "In such a large Dragon Controlling Palace, how could no one dare to accept my, Chen Xiang's, challenge.

"Chen Xiang, you have the Killing evil dragon, so you have an endless amount of evil power. We don't believe your lies!" They also wanted to send someone to fight with Chen Xiang, to show off their strength.

"If my Killing evil dragon could really appear, all of you would have to die today. My Killing evil dragon is not that easy to summon, and I also greatly desire to be able to summon it. " Chen Xiang's voice was ice-cold: "Because I can't wait to kill all of you right now, but it's a pity that I don't have the power of the Killing evil dragon yet!"

The power of the Killing evil dragon was very terrifying, and the people of the Dragon Controlling Palace were the most clear on it. Those elders also knew about it because that was one of the most terrifying legends!

"Since all of you are so cowardly, let's attack together!" Chen Xiang's voice was full of ridicule: "People of the Dragon Controlling Palace, are just a bunch of people who bully the weak and fear the strong.

"Don't be arrogant!" A middle aged man from Dragon Controlling Palace walked out. He was a Peak of World Defying magic realm cultivator, and seemed to be the new Palace Master.

"Do you want to fight me one-on-one?" Chen Xiang asked.

"Of course, our Dragon Controlling Palace s never bully the few with numbers, even if you have Killing evil dragon s, as the hall master of the Dragon Controlling Palace, I have the Imperial Dragon Technique, a technique that specializes in restraining your evil dragons, come!" Dragon Controlling Palace Leader took out a long sword. He released his Dragon Power, allowing himself to enter the human dragon state as dragon scales appeared on his body.

The people of the Dragon Controlling Palace had specially tamed the dragons and refined them into the Divine Sense Sea for their own use. Thus, they were able to cultivate a very strong Dragon Power.

The reason there were so few dragons in the Tao-creation Place was all because of the Dragon Controlling Palace.

Previously, Chen Xiang and Chen Xiang had killed a Dragon Controlling Palace Leader before, but the Dragon Controlling Palace did not know about this matter. Otherwise, they would have already swarmed over and killed Chen Xiang.

Chen Xiang summoned his Heavenly magic sword and fused it within!

"I will force you to release the Killing evil dragon." The Dragon Controlling Palace Leader also seemed to know that the Killing evil dragon could not be summoned anytime soon. He watched as Chen Xiang revealed his Divine Weapon and released his Dragon Power.

Just the release of his Arrogant Morale was enough to cause the winds and clouds to surge, and the color of heaven and earth to change.

[Chapter 3523](#)

Chen Xiang was enveloped by the Arrogant Morale, but he was not afraid at all. His body shook, and the dragon's might Arrogant Morale enveloping him was all blasted away by him. Dragon Controlling Palace Leader had already slashed out a few times, and a few sword energies like dragons, rushed towards Chen Xiang like lightning.

With a thought, the Six beasts in Chen Xiang's body fused and turned into a Red fire dragon!

Facing an expert of the Peak of World Defying magic realm, it was impossible for him not to use the Red fire dragon's power. The Red fire dragon's power surged into Chen Xiang's body, spitting out waves of Arrogant Morale which roared out like a mad dragon.

Chen Xiang's dragon Arrogant Morale, was actually also this terrifying, shocking, it was definitely not lower than the Dragon Controlling Palace Leader's! And this was not even the power of the Killing evil dragon, it was already so strong, causing many Peak of World Defying magic realm Rankers to be moved.

's Primordial divine soul was only at the late stage, and had yet to reach its peak, but to be able to use the strength of a Primordial Divine Dragon to fight against a peak stage Dragon Controlling Palace Leader, if Chen Xiang stepped into the Peak of World Defying magic realm, was not something they could deal with.

Dragon Controlling Palace Leader's Dragon Sword Qi looked like lightning. Not only was it fast, it also brought along a monstrous pressure that struck over. That pressure was like an invisible wave.

Chen Xiang only released the power of the Red fire dragon, and the Sword Qi struck him like an electric dragon. Chen Xiang did not try to dodge, but quickly waved his sword, and struck towards the incoming Sword Qi.

When the Heavenly magic sword touched the berserk Sword Qi, everyone thought that Chen Xiang's sword would be blown away, but they were wrong, the sword Qi was sent flying back by Chen Xiang.

The scarier part was that the dragon formed from the sword qi was even stronger. It carried a scorching aura and turned into a flaming lightning dragon!

"The flash dragon Sword Qi from the Dragon Controlling Palace Leader was actually beaten back!"

"Even if I can block it, the dragon sword qi would explode with a burst of lightning. It would spread to the surroundings and actually get knocked back!" An old man was extremely astonished. He had lived for so many years, but this was the first time he saw someone strike back someone's sword Qi and increase his strength.

Dragon Controlling Palace Leader also did not expect this. Fortunately, his reaction was quick, and he dodged quickly. Just when he thought that he was going to dodge, the flaming lightning dragon sword qi turned and followed right behind him.

B000M!

Dragon Controlling Palace Leader was hit, releasing a burst of brilliant fire and lightning.

Chen Xiang's Heavenly magic sword could reflect strength like a Six Realms mirrors when it fused with other Six Realms mirrors!

"Stinking brat!" The Dragon Controlling Palace Leader roared. The blue dragon scales all over his body flickered with a blue light and released a rainbow aura. He was so angry that he charged towards Chen Xiang like a mad bull.

Dragon Controlling Palace Leader had already seen that there was something fishy with Chen Xiang's sword, so he could not use sword qi to attack from a distance. Otherwise, he would be at a disadvantage.

Chen Xiang did not expect Dragon Controlling Palace Leader to attack him from a close distance. After transforming into a human dragon, his body had improved a lot in all aspects, and his movements were very nimble.

He arrived in the blink of an eye, and hacked out a few times. The sword and sword condensed his strongest Arrogant Morale, stabbing at the space, causing it to tremble like water. It was very scary.

Some of the juniors were terrified as they saw the sword being stabbed. It was not as simple as having multiple holes in one's body.

"Chen Xiang is so powerful, he actually dodged it!" Everyone could see the direction where the Dragon Controlling Palace Leader's sharp sword was coming from. It was difficult to catch it, especially when the Dragon Controlling Palace was moving at high speeds, he was nowhere to be seen.

The only thing they could see was the sword stabbing towards them, causing space to tremble like rippling water, as well as the terrifying Arrogant Morale that came forth every time they brandished the sword. Even from afar, it seemed as though they could feel a sword piercing many holes into their bodies at any time.

Clang!

After a crisp sound, Chen Xiang who had been dodging suddenly unleashed his sword, with his sword behind his back, he blocked Dragon Controlling Palace Leader's slash towards his neck.

It was a close call!

Dragon Controlling Palace Leader was even more shocked, because Chen Xiang looked young. He did not look like a person with such fighting experience, and he felt that he was not facing a youngster, but an old guy who had experienced a lot in the battlefield.

Chen Xiang had a lot of battle experience to begin with. This was something that he had accumulated for many years, to the point where he could not even remember how long he had lived.

"This guy is really strong!" Chen Xiang exclaimed in his heart. If he did not use the power of the Red fire dragon, he would not be a match for the other party, and this Dragon Controlling Palace Leader seemed to be slightly stronger than him.

The Dragon Controlling Palace Leader suppressed the sword with great force, wanting to cut Chen Xiang's neck. At the same time, he struck a palm towards Chen Xiang's waist, and a vigorous Dragon Power surged out, transforming into a life-like dragon head, rushing towards Chen Xiang's waist.

"This is bad!" When Chen Xiang discovered that Dragon Controlling Palace Leader released his dragon, his waist was in pain, he had been hit by the dragon head, and was sent flying.

When he flew out, the Dragon Controlling Palace Leader immediately caught up, sending out a fast sword attack towards Chen Xiang.

Chen Xiang immediately balanced his body and dodged the swift sword strike like a dragon, but his body was still struck by two swords! He immediately attacked the Dragon Controlling Palace Leader with Heaven Blasting Palm, but it was still the same as blushing red with the shock spell and the nine Increase spell s.

Waves of vibrating power, along with threads of thunder and lightning power, surged over like a huge wave.

Dragon Controlling Palace Leader just felt a wave of thunder and fire shaking him, and then another wave, like this continuously, and suddenly dozens of waves like this broke out, causing him to retreat backwards, he had no choice but to stay away from Chen Xiang.

What shocked Dragon Controlling Palace Leader the most was that the energy that he had gathered had weakened greatly after entering his body that had been shaken just now. At this moment, there was still the power of lightning and burning energy remaining in his body.

Chen Xiang was stabbed twice, and a bit of blood flowed out, but he quickly stopped.

The power of the thunder and fire that Chen Xiang had just released was from the Heaven Blasting Palm and the Increase spell of the ninth step. It was extremely ferocious and powerful, with a Arrogant Morale that far exceeded what the Dragon Controlling Palace Leader could muster. The surrounding people were also extremely shocked by the power of the "boom boom boom".

Chen Xiang took advantage of the situation and rushed forward. With the nine layers of barrier preventing him from using the power of space, he could only rush forward with his maximum speed.

Dragon Controlling Palace Leader had predicted that Chen Xiang would come over, and knew that Chen Xiang's speed would definitely be fast. Therefore, the moment Chen Xiang got near and was about to attack, Dragon Controlling Palace Leader's chest suddenly flashed with a blue light, and a mighty head of lightning surged out from his chest.

"Primordial True Dragon!" An elder of the Dragon Controlling Palace Leader shouted complacently.

The Dragon Controlling Palace Leader had finally released the dragon for battle. This was the strongest technique of the Dragon Controlling Palace, the power of the dragon!

The blue lightning dragon roared as it charged out, blue light flashing from its mouth as it contained a terrifying power. When this power was channeled, the earth would violently shake, and the power of its aura would surge mightily. Everyone inside the barrier was terrified, the power it contained was too terrifying.

Everyone suddenly realised, this was something that Dragon Controlling Palace Leader had stored in the deep ocean, and it would be released very soon! Chen Xiang was right in front of the dragon head, as though he was already suppressed by the immense power and couldn't move at all.

[Chapter 3524](#)

The lightning dragon roared, its power shooting out like a bolt of lightning from its mouth. Just at the moment of electric sparks, Chen Xiang's Heavenly magic sword suddenly turned into a mirror, blocking in front of the dragon!

Chen Xiang was not far from the Dragon Controlling Palace Leader. His Six Realms mirrors was almost smacked over, and he could also feel that his dragon head had been smacked.

The most frightening thing was that the powerful and terrifying lightning Dragon Power that the Raging Thunder Dragon had condensed was rebounded back to normal by the Six Realms mirrors!

A thunderclap sounded out, no one saw Chen Xiang being penetrated by the lightning, but the dragon was the one who suddenly shattered, and a burst of violent and angry dragon lightning energy struck through Dragon Controlling Palace Leader's body.

A huge hole appeared on the front and back of Dragon Controlling Palace Leader's chest. That life dragon of his was blown into smithereens, and the most fatal was Dragon Controlling Palace Leader. The power that he had accumulated was also sent back to Divine Sense Sea!

Dragon Controlling Palace Leader didn't even have the time to shout before he was instantly killed. He, whose body had a large hole pierced through, fiercely lied on the ground with his eyes wide open.

Everyone swallowed their saliva. They were so shocked that they were stupefied!

Dragon Controlling Palace Leader was actually dead, and so simply too. Before he even died, he didn't even have time to scream before he was killed.

The patriarchs and elders of the Dragon Controlling Palace were already staring with red eyes. They had already lost a hall master before, and now they were finally able to find a decent one to kill in public.

That moment was too sudden!

Not only the people from the Dragon Controlling Palace, even many people thought that Chen Xiang would lose his life from that one strike. They really didn't expect that Chen Xiang's Six Realms mirrors would be so terrifying, it directly blocked in front of that dragon mouth and blocked the power that was spewing out of its mouth multiple times!

In that case, the Dragon Controlling Palace Leader was killed by his own power, no wonder he died with grievances.

Chen Xiang's heart was beating extremely fast at the moment, because he never thought that he would actually be able to get rid of Dragon Controlling Palace Leader this way!

"Let's attack together!" The patriarch of the Dragon Controlling Palace roared.

"Do you need our help?" Ke Hezong asked.

"No need, this is the hatred between us Dragon Controlling Palace and Chen Xiang." The Dragon Resisting Dragon Elder had already rushed at Chen Xiang. At the same time, the other eight elders also rushed over, only to see that each and every one of them had turned into a human dragon.

"Let's go all out!" Chen Xiang suddenly roared, his entire body releasing blazing fire, the Red fire dragon's power overflowed out of his body.

The Red fire dragon had completely fused with him, causing his entire body to be covered in fiery red scales.

B00M!

He raised his Six Realms mirrors and swept it towards the group of old Dragon Controlling Gods s who were rushing over, striking out with a hundred meter tall lightning fire, sweeping towards them in a majestic manner.

In the blink of an eye, the intense flames he had released enveloped the entire Dragon-Elephant School's gate.

"Break!" The Dragon Resisting Elder roared, he swung his fist, his Arrogant Morale dancing. He released a heaven-shaking roar, striking the fire Chen Xiang had released.

The fire scattered everywhere and the surrounding people blocked it. The flames splashed onto some houses and immediately started a raging fire. In the blink of an eye, the nine layers of Spirit Formation were covered in flames.

The old Dragon Controlling Gods s did not think that Chen Xiang would be so terrifying when he turns into a Draconian.

"Kill him!" An old Dragon Controlling Gods roared, he had already flashed behind Chen Xiang, and with a roar, a red True Dragon flew out.

Chen Xiang waved his big hand, and it immediately turned into a huge, fiery-red dragon scale claw. As if pinching a snake, he pinched the Old Dragon Controlling Gods's Primordial Dragon, and then fiercely whipped it out.

Chen Xiang's arm suddenly turned into a huge dragon claw, causing people to feel extremely terrified, especially the people from the Dragon Controlling Palace, because they knew what this meant.

This meant that Chen Xiang could transform into a dragon at any time. This was the highest realm they were pursuing, and Chen Xiang could already perfectly fuse with a dragon!

The hot Dragon Blood splattered everywhere. That old man died on the spot because his dragon had already been pinched to death by Chen Xiang.

The eyes of the people from the Dragon Controlling Palace were bloodshot.

Chen Xiang's entire body was covered in flames, the flame power unleashed by the Red fire dragon had an endless amount of power. The Scarlet Dragon's Arrogant Morale that surged out shook the entire audience, especially the fact that he was holding onto a three thousand meter long huge dragon and his dragon head was already crushed.

"Humph!" When Chen Xiang saw the people from the Dragon Controlling Palace coming over, he grabbed the huge dragon and whipped it like he was holding a whip.

B000M!

Although Chen Xiang was holding onto a three thousand meter long dragon, he wasn't cumbersome at all. On the contrary, he was extremely nimble, and he lashed out, striking the flames around him and swept up a large swath of fire. He lashed out at two of the elders from the Dragon Controlling Palace, and the houses in the distance were flattened by the gigantic dragon's body.

Bang!

The dragon's body was grabbed and madly whipped by Chen Xiang. Numerous huge ravines were pulled out from the ground, and within a circumference of three hundred meters, even the Dragon-Elephant School's main gate was swept flat by Chen Xiang's dragon body.

"Let's go!" When Ke Hezong saw that the situation had gone out of control, he immediately rushed forward, with a group of elders following closely behind, while the patriarchs of the Tao-creation School watched on quietly.

Ke Hezong and the others from the Dragon-Elephant School were all able to use Dragon Elephants. When they fought, they would immediately summon their Nine-headed Dragon Elephant.

When Chen Xiang saw this, he immediately grabbed onto the gigantic dragon and swept towards the group of gigantic dragons and elephants that were rushing towards him. At the same time, the people of Dragon Controlling Palace also found a breather and released the gigantic dragon that was 3000 metres tall. They floated in the air and attacked Chen Xiang together with the over 100 gigantic and ferocious dragons that were lying on the ground.

After Chen Xiang swept his dragon arm towards the group of dragon and elephant, he was actually suppressed by the huge body of the dragon and elephant, causing him to have no choice but to let go of the dragon.

B000M!

The Dragon corpse landed on the ground, causing the ground to shake as if it was going to jump.

"Dragon Elephant Sky Array, charge!" Ke Hezong floated on top of a dragon elephant, his face full of arrogance.

The Red fire dragon allowed him to turn into a human dragon. Although his strength rose sharply, facing so many Peak of World Defying magic realm Rankers in front of him, he had no way to resist, not to mention that there were still dozens of huge dragons in the sky!

Although only one Destiny True Dragon was the strongest, the other great dragons were not weak either. To be able to stay in the air as though it was the sun itself was enough to give people a lot of pressure.

"Is it really over?" When Chen Xiang saw the Giant Dragon Elephant rushing over, he frowned and threw out all the Destruction Incantation Pills that he had refined with the Tao-creation Holy stone out.

Just when Ke Hezong was wondering what this was, the Destruction Incantation Pill had already landed on the ground. The moment the dragon and elephant group passed by, the Curse Pill immediately exploded!

B000M!

The continuous explosions sent dragon and elephant flying with blood and gore. Tao-creation's Holy stone was indeed powerful, some of the dragon and elephants even fell to the ground and howled.

The massive Dragon Elephant Sky Array, everything in front of it fell to the ground, with blood and flesh all over!

Chapter 3525

They had lost about half of their dragon and elephant, but luckily, there was still half of them left. On the other hand, the few huge dragons in the sky controlled by the Dragon Controlling Palace roared crazily, their power overflowing the heavens, causing the ground to seem as if it was going to sink down.

Chen Xiang clenched his teeth. He had underestimated the strength of the group of dragon and elephant. On the surface of the dragon and elephant, there was a thick layer of dragon scales which had a very strong defensive power.

"Kill!" Ke Hezong roared angrily. Chen Xiang alone was enough to cause them heavy losses.

The shrieks of the dragon and the roars of the dragon seemed to shake the heaven and earth. What was even more terrifying was that all the beasts were gathering their energy.

The earth had been torn apart, the sky had been enveloped by waves of berserk might, all the buildings in Dragon-Elephant School collapsed under this pressure, as though the end of the world had come.

Roar... Roar... Roar...

Waves of ferocious and shocking beast roars sounded out continuously, the gigantic beasts all released a strong energy in the air, shooting towards Chen Xiang, with so many powerful energies rushing over from all directions, Chen Xiang was unable to dodge them.

"Is it over? Even Six Realms mirrors can't stop it!" Chen Xiang was shocked. These were all powerful attacks from the Peak of World Defying magic realm s, and if they wanted to kill him, every wave of energy would topple mountains and overturn the seas.

Chen Xiang still took out his Six Realms mirrors and released his strongest protective shield.

B000M!

A huge explosion occurred in the blink of an eye. The shockwaves were like a torrential storm that spread out in all directions, like a giant wave that was a thousand feet high, crashing into everything in its surroundings.

Chen Xiang was already engulfed by the burst of energy that was assaulting him. The burst of energy was of all colors, flashing with all kinds of piercing light.

The spectators in the surroundings had long since been blown away to who knows where. There were even some who died in the aftermath of the explosion!

"Kill!" Ke Hezong shouted angrily again as he threw out a Heavenly Sword that had become huge, thrusting towards Chen Xiang from afar. The others followed suit and threw out their own divine weapons, attacking Chen Xiang.

Roar!

Right at this moment, a dragon's roar suddenly erupted from the center of the encirclement of experts. Scorching waves of air surged out, and the flames shot into the sky. The divine weapons that flew over were all blasted away by this force.

"Killing evil dragon?"

"Chen Xiang is not dead yet!"

"Prepare for the next round of fierce attacks."

A huge pillar of fire shot straight into the sky, and a Red fire dragon covered in thick armor and with gigantic fire wings roared out. As the gigantic fire wings flapped, waves of blood colored fire along with a berserk blood colored astral energy rushed towards the people around them.

"It's not a Killing evil dragon ... Concentrate your energy and annihilate this dragon. " The Dragon Controlling Palace elder shouted in alarm. The huge dragon in front of them was simply too terrifying. Although it wasn't a Killing evil dragon, its Arrogant Morale already made them feel a sense of fear.

[illegible]

The patriarchs of the Tao-creation School also joined in the battle. Such a mysterious and powerful dragon, it must be a treasure all over.

After that, many experts at the peak of World Defying Stage followed closely behind, wanting to get something out of this dragon.

From all directions, countless dazzling rays of light shot towards the crazily roaring Red fire dragon like meteors. All of the strong warriors from all over the place attacked, they condensed waves of Arrogant Morale and concentrated on attacking the Red fire dragon's body and head.

Beneath them, Chen Xiang was already covered in wounds as cracks appeared on the Six Realms mirrors. Although the Red fire dragon was strong, it could not block the encirclement of so many Peak of World Defying magic realm s.

"You all ... I, Chen Xiang, have no enmity with you two, why are you teaming up and bullying me like this?" Chen Xiang roared, a burst of killing intent suddenly burst out.

Such a violent killing intent caused everyone's hearts to tremble!

The Killing evil dragon is coming out!

This was what everyone thought; they were already prepared!

"Master, if you summon your Killing evil dragon again, you will definitely be devoured by it this time!" Ah Hu who was inside the Six Realms mirrors had already ran out, his eyes releasing red light.

Chen Xiang was clear of this as well. Previously, Su Meiyao, Bai Youyou and the others felt that the Red fire dragon contained all kinds of evil powers, and made them feel fear.

"But I have no other choice!" Chen Xiang watched as the Red fire dragon in the air was beaten until its body was wounded.

"Quickly kill Chen Xiang!" An old man shouted, he was the patriarch of Dragon Controlling Palace.

He only saw a blue bolt of lightning suddenly striking towards Chen Xiang, the injured Chen Xiang had no way of fighting back, and he was also being controlled by the overflowing killing intent.

Just as Chen Xiang thought that he was about to die, he saw Ah Hu flying over ...

Crackling sounds rang out as the violent lightning struck Ah Hu's body. A large hole appeared in Ah Hu's body, and his flesh and blood splattered all over.

"Ah Hu!" Chen Xiang roared frantically, at this moment he felt that an endless slaughter was taking over his soul, taking over his everything.

"Goodbye, Master!" Ah Hu's voice resounded in Chen Xiang's mind.

Chen Xiang only saw Ah Hu turning into a ray of light and flying towards the Red fire dragon. He did not know what Ah Hu was going to do, he only knew that Ah Hu had decided to sacrifice him!

"Ah Hu!" Chen Xiang resentfully roared with endless killing intent. Everyone thought that the Red fire dragon was going to turn into a Killing evil dragon, and this was what they wanted to see.

Legends said that Killing evil dragon were full of evil, but they were very strong. As long as one could control the Killing evil dragon, then they would be able to obtain great power.

When Ah Hu approached the Red fire dragon, he unleashed his Legendary mantra. A mysterious type of fusion power instantly fused with the Red fire dragon.

When the Red fire dragon that was covered in wounds felt Chen Xiang's anger, it let out an angry roar. Many incantations suddenly appeared on the dragon's scale on its huge body.

"Ah Hu's Legendary mantra?" Chen Xiang who was trapped in grief and indignation, the Killing evil dragon who was originally about to appear, saw the Legendary mantra that appeared on the Red fire dragon's body.

Ah Hu had fused with the Red fire dragon! He was not sure if Ah Hu was right or wrong, but he knew that Ah Hu must have continued to live on in some way.

Floating in the air, he spread his wings, covering more than half of the sky. The fiery red dragon's scales were blazing with fire, his aura roiling with flames, and his wings seemed to be burning with fire. Looking from below, the Red fire dragon seemed to be born from a sea of fire.

With every piece of the Red fire dragon's dragon's scale, Legendary mantra appeared. As the Red fire dragon's aura continued to increase, the flames that surged out of the dragon's scale became more and more exuberant.

"What's going on? What are the Intrinsic Dragons doing!?" The patriarch of the Dragon Controlling Palace shouted in shock.

Chen Xiang was also stunned watching this. The True Dragons released by Dragon Controlling Palace and the rest all rushed towards the Red fire dragon!

[Chapter 3526](#)

suddenly thought of something. The Red fire dragon and Ah Hu had fused, and Ah Hu had the Legendary mantra. The Red fire dragon had inherited Ah Hu's Legendary mantra, and had used this kind of Legendary mantra to the extreme, attracting all the dragons in the area over.

The following scene made Chen Xiang feel that it was inconceivable.

Not only did the Red fire dragon attract the life dragons of the Dragon Controlling Palace's group, even the dragons and elephants of the Dragon-Elephant School all rushed up and fused into the huge body of the Red fire dragon.

This happened in just a few moments. Several True Dragons, various dragons, and a large number of dragon elephants fused with the Red fire dragon.

After the Red fire dragon fused, it roared again and again. The two sets of Suzaku fire wing fiercely moved and released a three hundred meter tall wave of fire, sweeping away all the energy that the people in front of them sent over.

Chen Xiang immediately came to the Red fire dragon's side. The Red fire dragon's injuries had actually healed!

The strength of the Dragon Controlling Palace and those who had lost their True Dragons and Dragon Elephants decreased greatly. The Dragon Elephant and True Dragon were the foundation of their power, but now, all of it had been merged by the Red fire dragon.

Chen Xiang also did not know what kind of situation the Red fire dragon was in right now. What made him relieved was that the Red fire dragon was still connected to him, and had not gotten rid of him.

The patriarchs of the Tao-creation School and the experts from various forces were hit back by the fire waves released by the Red fire dragon even after several attacks.

"How are you? What exactly is going on? Where is the Killing evil dragon? This is not a Killing evil dragon! "The killing intent from earlier vanished as well." An elder of the Tao-creation School said.

"I don't know what happened. My dragon elephant didn't listen to me and rushed over. When I reacted, all of them would have entered the dragon's body." Ke Hezong's face was extremely ugly, his old face filled with creases was ashen, those dragon and elephant were all his power, they just disappeared like that.

The Red fire dragon suddenly roared again, this time it was extremely loud, causing everyone to instantly lose their hearing.

A flame gushed out of the Red fire dragon's enormous body like a gale. The Red fire dragon flew into the air and then dove down towards Chen Xiang, who was on the ground, transforming into a stream of flame that poured into Chen Xiang's body from the top of his head.

Such a powerful Red fire dragon just went into Chen Xiang's body like that, but Chen Xiang was completely fine.

"This is ..." The Red fire dragon swallowed all of my arrogant divine soul! " When Chen Xiang saw the Red fire dragon enter the Divine Sense Sea, he fused all of his spatial divine soul, sword spirit, ancient fire divine soul and so on.

"My Primordial divine soul has become stronger ..." Chen Xiang was extremely excited, he just felt the prideful power in his body was frantically increasing, and this was all because of the Red fire dragon.

[illegible]

Chen Xiang could not help but shout out loud. The muscles on his body were swelling and waves of golden-red flames were seeping out.

"Is it Ah Hu?" Chen Xiang did not know what was going on either.

"He's absorbing that dragon's power. Quickly destroy him." Seeing that, Ke Hezong anxiously shouted: "If he were to become stronger, we would all be dead today!"

Everyone thought that it was because of the Killing evil dragon. They had not seen the Killing evil dragon yet, but they had seen Chen Xiang become so terrifying. Even after being attacked by so many of them, he was still alive.

Everyone released another wave of proud power, multi-colored, gorgeous and berserk. This was the energy condensed by the experts of the Peak of World Defying magic realm, and with a roar, it was as though countless meteors were falling towards Chen Xiang.

"Retreat!" The golden light exploded from Chen Xiang's body, releasing the Arrogant Morale. The golden light turned into countless dragons of all sizes, forming a golden gale, Golden Dragon Transformation Thunder, Myriad Dragons Like the Wind, sweeping towards the countless energy masses that resembled meteorites!

Bang!

The moment the countless masses of energy that had been released at the same time clashed with Chen Xiang's dragon Arrogant Morale, they were torn into pieces and turned into a fog of light, which was blown back by a strong gale.

"Peak of World Defying magic realm!" Ke Hezong shouted in shock, "He broke through!"

"Yes, I've broken through!" This was Chen Xiang's voice.

Just a moment ago, Chen Xiang was still far away, but in the blink of an eye, he had arrived in front of Ke Hezong and grabbed his neck.

The current Chen Xiang, had golden scales covering his body, was surrounded by holy light, and his Arrogant Morale was oppressing.

When Red fire dragon and Ah Hu merged together, Ah Hu himself would control a certain amount of Space mantra. Knowing how to use the power of space, Chen Xiang was able to use the power of Red fire dragon.

"You ... "You, you ... " Sensing Chen Xiang's Arrogant Morale that looked down upon the heavens and earth, Ke Hezhong was so frightened that he was speechless.

"You've worked so hard today. You must be tired. I'll let you rest forever!" Chen Xiang's eyes opened wide, with a flash of golden light, it released two golden-red flames that penetrated Ke Hezhong's eyes.

After the two streams of dragon fire entered Ke Hezong's body, it instantly surged through his entire body. Ke Hezong had lost his dragon elephant, and his strength had weakened, so he was unable to resist the two terrifying streams of dragon fire that instantly turned into dust in the blink of an eye.

Ke Hezong was killed, everyone shivered. Ke Hezong was someone with the same strength as them, but he was actually killed in a single move!

Chen Xiang looked at the elders of the Dragon-Elephant School, and with a raise of his hand, numerous golden fire dragons suddenly fell from the sky, and in a moment, they bored through the heads of the elders of the Dragon-Elephant School and burned them into ashes!

In the Dragon-Elephant School, other than the Leader Zhu Zi Qing who hadn't made a move yet, the rest had all been killed.

"Dragon Controlling Palace, aren't you very good at Yu Long?" Chen Xiang laughed coldly, looking at them.

All of the Dragon Controlling Palace's people had their dragons taken away by Chen Xiang. Before, their dragons were still here, but they couldn't kill Chen Xiang instantly.

"You rob other people's dragons everywhere. Right now, I'll let you have a taste of the dragon's revenge." Chen Xiang waved his hands and released thousands of small dragons of all kinds.

The group of dragons were like a black cloud that enveloped the people of Dragon Controlling Palace. They used their sharp claws and fangs to tear apart the people of Dragon Controlling Palace and devoured their flesh, causing them to scream out in pain.

"Don't be afraid of him! Dragon-Elephant School and its people couldn't withstand a single blow because they lost dragons and dragons. " The elder of the Tao-creation School sneered.

Just as he finished speaking, Chen Xiang had disappeared, and in the next moment Chen Xiang reappeared. He was already in front of the elder of Tao-creation School and even punched him hard in the face with his flaming fist.

The fist landed on the elder's face, and with a loud bang, flames flew in all directions. A large piece of land under the elder's feet instantly turned into magma, and the elder's body slowly turned into white ashes.

"None of you can escape!" Chen Xiang glared at the group of people who struck out just now. With a wave of his hand, he saw that the sky was filled with fiery clouds, and the reborn Red fire dragon descended from the fiery clouds.

[Chapter 3527](#)

The casualties were extremely tragic. This was one of the top powerhouses of this region, yet he was actually defeated by a single person.

The elders of the Tao-creation School were even more frightened. At this moment, they wanted to escape but they could not, because there were nine layers of enchantments around them, which required them, Dragon-Elephant School and the elders of the Dragon Controlling Palace to be able to

remove. However, almost all the people of the Dragon Controlling Palace and the Dragon-Elephant School were dead.

The nine levels of barrier had originally been set up to trap Chen Xiang, but now they were trapped.

"I, Chen Xiang, have no enmity with you all, but you all are trying to kill me!" Chen Xiang held the Heavenly magic sword, his voice cold and ruthless, filled with killing intent.

"It was originally an elder of the Dragon-Elephant School who coveted my Legendary mantra, and used a clumsy excuse to capture me and steal my Legendary mantra. My master fought with them for my sake, and was finally arrested! I've only come to save my master ... It has nothing to do with you guys, but you keep on attacking me. "

While Chen Xiang was speaking, the Heavenly magic sword in his hand flew out and instantly reaped the lives of a group of Peak of World Defying magic realm Rankers.

"Aren't you guys just jealous of my Red fire dragon? Didn't you want to get a piece of meat from the Red fire dragon? Today, you must know why you died. It was because of your greed! Initially, all of you were watching by the side and nothing happened to you. But because of greed, you laid your hands on me.

Chen Xiang's cold words were filled with killing intent. The Heavenly magic sword, sharp and emotionless, had killed all of the people from the few big sects in front of them.

The people in the distance who were enveloped by the flames and wild thunder from the Red fire dragon emitted waves of wails.

Leader Wan Haixu from the Tao-creation School and Leader Yuan Zhiqing from the Dragon-Elephant School stood as though they were stone statues. Their hearts were filled with fear, fear of death!

They did not do anything just now, and because Chen Xiang had a good relationship with them before, they were able to survive. Otherwise, they would have been turned into ashes already!

Chen Xiang looked at the sky and took a deep breath. The Red fire dragon roared as it flew towards the sky at an extremely fast speed, releasing a vast amount of energy that smashed into the barrier.

Rumble rumble rumble!

The barrier crumbled, the ground crumbled again, the ground caved in, lava gushed out, Chen Xiang flew into the air, and after the Red fire dragon entered his Divine Sense Sea, he teleported away.

... ..

"This is retribution!" Yuan Zhiqing let out a long sigh, then looked at the Dragon-Elephant School behind him, which had already turned into ruins.

"I almost died!" Wan Haixu sighed, the two of them had witnessed the entire process from a close distance.

In the distance, there were still many people covered in dirt. They were all from that city, and the city had already been destroyed. At this moment, they were all shocked by the violent battle just now, unable to calm their hearts.

This was an earth-shattering battle, and the powerhouses of every major power were all killed!

Chen Xiang went into the quiet forest to rest. The battle before made him extremely tired.

"It's really unexpected that there would be such a change!" Thinking about it, Chen Xiang sighed. He had thought that the Killing evil dragon would devour him, but luckily Ah Hu had merged with the Red fire dragon and suppressed the demonic energy.

"It's good that you're fine." Su Meiyao and the others were also worried.

"Is Master still not out yet?" In the great battle earlier, it took more than half a day for Xiao Xianglin to be still inside the Time array.

It had been almost 50 years since Xiao Xianglin last learned the Legendary mantra, it could be seen how difficult it was to learn it.

After Chen Xiang rested for half a day, the sky turned dark, and Xiao Xianglin came out from the Time array.

"Chen Xiang, what's the situation outside?" Xiao Xianglin was very worried about Chen Xiang, but he needed to calm his heart and learn from the Legendary mantra.

"Master, sister, let me tell you!" laughed as he pulled Xiao Xianglin, and then jabbered on and on as he explained the situation to him.

After Xiao Xianglin finished listening, she found it hard to believe what she just heard. If not for the fact that Chen Xiang had escaped, she would have thought that Long Xueyi was telling the story.

"Master, have you mastered the Legendary mantra?" Chen Xiang told her and her parents to come out of You Yao Mountain Villa.

"I've mastered it!" Xiao Xianglin could not be proud now, because Chen Xiang, as her disciple, was already a Peak of World Defying magic realm Cultivator two stages ahead of her.

"What kind of incantation was that?" Chen Xiang was extremely curious.

"Doppelgänger mantra!" After Xiao Xianglin finished speaking, she waved her hand, and a ball of white light appeared beside her. After the white light disappeared, a person who looked exactly like her appeared.

Chen Xiang had seen many clones and he knew how to do it himself.

"Not much?" Chen Xiang frowned, this Legendary mantra had disappointed him.

"What do you know? Look carefully, the cultivation of this clone of mine is exactly the same as mine." Xiao Xianglin scoffed, "Right now, I can at most get three of them! If I were a Peak of World Defying magic realm, I would have three Peak of World Defying magic realm s, what do you think? "

With that, Xiao Xianglin made another clone, and had the clone release many dragon elephants. Other than that, she could also control the other two clones to do other things at the same time, such as refining and setting up arrays.

After Chen Xiang saw all of these, she was secretly envious in her heart, because Xiao Xianglin's two clones did not consume any of her power, so it was equivalent to having two more lives.

"If only I had two such clones!" Chen Xiang felt that if he had more clones, he could refine even more pills.

Right now, the Tao-creation Divine Pills he was concocting were difficult to control multiple batches at the same time, but it would be different if he had an avatar.

Seeing that their daughters were so strong, Xiao Hengyong and Ning Xi felt much more at ease. Moreover, they were together with a heaven defying person like Chen Xiang, they felt that they wouldn't have to worry about their daughters anymore.

Therefore, they decided to travel everywhere and let Xiao Xianglin roam about without worry.

Xiao Xianglin had always longed for her own independence, but now, when her parents truly wanted to leave her, she instead couldn't bear to leave, and her heart felt sad.

"Alright, you two are master and disciple together. You need to help each other. You guys are stronger than us, so we don't have the qualifications to worry about you." Xiao Hengyong laughed and caressed his daughter's head.

"Little girl, mother hopes that the next time we meet, you will be even stronger." Ning Xi also couldn't bear to part with him, because she didn't know when they would meet again after they left.

Xiao Xianglin bit her lips and nodded. With tears in her eyes, she waved her parents goodbye.

"Oh right, Master, I heard that you hid the corpse of the elder who stole my Legendary mantra!" Chen Xiang said. He was a person who originally possessed a Legendary mantra, and a series of things happened after he was taken away.

"Well, here it is! I wonder if it can devour the memories of the Legendary mantra from his soul." Xiao Xianglin said: "I will enter the You Yao Mountain Villa and hand the corpse over to You You and let her try."

[Chapter 3528](#)

Bai Youyou immediately used Soul Absorbing Devil Spell on the body. She was very serious and focused on searching through the sealed soul memories inside the body. "..."

"That old man's soul was destroyed by me and sealed away. He shouldn't have any resistance." Xiao Xianglin said: "That guy took away your memories of the Legendary mantra. If he could not take the Legendary mantra out from his soul memory, it would be very unfortunate."

The inheritance of the Legendary mantra was very mysterious. It was only a memory fragment, and when one closed their eyes, they would be able to see the Legendary mantra.

For example, Xiao Xianglin. After she grasped the Doppelgänger mantra, she could add two more clones to her body.

Chen Xiang had seen before that the majority of the clones were much weaker than the original body, but Xiao Xianglin's clones had the same strength as the original body.

Chen Xiang patiently waited for Bai Youyou's good news.

"Master, have you heard of World Defying Dan grain?" Chen Xiang asked.

Xiao Xianglin shook his head: "What is that thing? Is it a type of Tao-creation Incantation? "

"Yes, it was evolved from the Tao-creation's incantation. In terms of Tao-creation's incantation, I am not as proficient as you ... If I want to create World Defying Dan grain, I definitely won't go as smoothly as you. "

Xiao Xianglin was extremely interested in World Defying Dan grain and immediately asked.

Chen Xiang told Xiao Xianglin about the specific circumstances of the World Defying Dan grain and he also carved out the World Defying Dan grain that he had mastered in the air.

Xiao Xianglin was indeed worthy of her extremely high talent in possessing the Tao-creation's incantations. She was able to recognize several of the Tao-creation's incantations with a single glance and even knew how to link them together.

"Senior Yan Jiu said that the World Defying Dan grain can only be grasped by a few extremely strong Alchemist s. These kinds of Alchemist are all top-notch existences in the Tao-creation Mountain." Chen Xiang said: "And the Flying Dan grain he gave me, are also only of a relatively common type."

Xiao Xianglin earnestly looked at the Flying Dan grain that Chen Xiang had carved in the air, and she could tell that what she had seen was a lot more than Chen Xiang.

"Master, why did I learn the Flying Dan grain so quickly?" Initially, Chen Xiang also did not dare believe it, and he quickly grasped it himself. However, Yan Jiu had said before himself that he had studied for a very long time and had difficulty mastering it.

"It's hard to say... Maybe it's because of your innate talent, but this kind of World Defying Dan grain was born for the sake of refining pills. And you have been refining pills for many years, so your level is extremely high. As Xiao Xianglin spoke, he continued to stare at the Flying Dan grain, showing that she was extremely interested in it.

"Amongst the Flying Dan grain, there are more than ten Seventh, Eighth and Ninth Stage Increase spell that are used. This isn't all of them, but rather, the parts of the strongest Increase spell are pieced together very cleverly! The person who created this Flying Dan grain himself is extremely proficient in the Tao-creation's incantations. Furthermore, he must have conducted many attempts before finally knowing what part is cleverly connected to what part. "

"The most obvious thing is that among the Flying Dan grain, there are also Fusion spell s, and they are all Level Nine Fusion spell s! Other than that, there are a few sections of Tao-creation's Incantation that I am not familiar with, that I have yet to learn. "

Xiao Xianglin told Chen Xiang his discovery, "That should be the Tao-creation's incantations for the eight and nine stages!"

"Master, if you were to master all of the Tao-creation's incantations, would you be able to create even better World Defying Dan grains?" Chen Xiang asked somewhat excitedly: "This World Defying Dan grain is definitely a top secret of many Alchemists, like pill formulas, it is not easy to pass down."

"I can make it." Xiao Xianglin said: "I do not know how to refine pills, but I know that the Tao-creation's incantation is helpful in raising the level of the pill."

"This Flying Dan grain is enough for me to use for a long time." Chen Xiang said.

Using Flying Dan grain to refine pills was a life-threatening experience. He had the experience of being successful in the past, but when he tried again in the future, it should be much smoother.

Only now did Xiao Xianglin have the time to check on the Time array.

"This is indeed the seventh group of Tao-creation's incantation. The seventh layer of Tao-creation's incantation is indeed the Time Incantation." Xiao Xianglin recognized many of the Tao-creation Runes that she was familiar with. Even though she still did not have control over the Time Curse, she had only seen them before and could remember a lot.

"Master, I still have a Tao-creation Holy Crystal here ... I have already refined it, I wonder if it can still be used?" Chen Xiang passed Xiao Xianglin a Holy Crystal.

"Of course you can, as long as you erase the Tao-creation's incantation, you can use it." Xiao Xianglin looked carefully, then laughed: "The Tao-creation's incantation is not as good as mine!"

"I almost used it." Chen Xiang curled his lips.

"I only killed a few Elders with the crystal I used previously. The power of the explosion of the Tao-creation's Holy Crystal is also limited." When Xiao Xianglin thought back to it, he felt that it was really a waste. "Sigh, such a good Tao-creation Holy Crystal would just be wasted on a few old dogs."

At that time, Xiao Xianglin mainly wanted to take revenge for Chen Xiang, because when he thought about how Chen Xiang was being mistreated, and about how the clan elders were so greedy, he became so angry that they could not be stopped, so he fought with everything they had.

"Master, my Six Realms mirror is broken, you have to help me fix it ..." Chen Xiang took out the Six Realms mirror, whose surface was filled with cracks.

"I know!" Such a small matter ... Right, how many Tao-creation Holy stones do you have left?" Xiao Xianglin asked, she had seen Chen Xiang distributing some of it earlier.

"There should be more than 100 pills ..." There will be a lot once we get to the Tao-creation Mountain. " Chen Xiang laughed. The World Defying god-becoming Dan he refined could be sold for one pellet, but it would be exchanged for ten Tao-creation Holy stones. Chen Xiang told Xiao Xianglin his experiences from his time in the Tao-creation Mountain, and after Xiao Xianglin finished listening, he became extremely shocked, Chen Xiang had actually almost been killed by a Ranker that surpassed the World Defying Stage Divine Rank.

"Alright, I will help you refine it inside the You Yao Mountain Villa. I will enter the Time array instead! If my recovery is strengthened, I'll need some time. " Xiao Xianglin said.

It would take a lot of time for her to melt one of the Tao-creation's Divine Crystals.

Chen Xiang was flying through the air toward the Tao-creation Mountain. He wanted to go to the Tao-creation Mountain where Yan Jiu was at.

The Cang Fire City was a city mainly filled with flames, so alchemy and smithing were widespread there. On the other hand, from the name of the Tao-creation Fire Mountain, one could tell that it was the Tao-creation Mountain that was mainly made of fire.

Ah Hu had already merged with the Red fire dragon, and the Six beasts had now completely fused into one, turning into a Red fire dragon. It would not split apart anymore, which made Chen Xiang a little depressed.

Since Red fire dragon could fly, Chen Xiang could borrow their power to fly in the air to Tao-creation Fire Mountain.

With his cultivation in the Peak of World Defying magic realm, he was no longer afraid of any danger. As long as he did not meet such a strong opponent, no one would be able to harm him.

As Chen Xiang flew, he even used the power of space. Even so, after more than ten days, he finally saw a large ball of fiery red shadow in the distance.

Xiao Xianglin spent one day inside the Time array to repair it. Furthermore, she even learned a bit of the Tao-creation's incantation. She had already mastered all the time incantations for the seventh stage.

[Chapter 3529](#)

The Tao-creation Fire Mountain was shrouded in hot air, and looked like a ball of extremely huge flames that came out of the ground, burning crazily.

Chen Xiang only had to get close to it to feel a scorching wind blowing towards him.

"Master, can you use the time incantation to refine the array disc? This sort of thing will save us a lot of time. " When Chen Xiang got closer to the Tao-creation Fire Mountain, he landed on the ground and started to run.

"Not for a short period of time!" Your Time array needs a lot of energy and time to be refined ... You might not know it, but that Time array has at least three Tao-creation Holy Crystals and there are at least five hundred Tao-creation Holy stone. There are at least tens of thousands of sets of Time Incantations and other incantations on it. It's just that one small Time array is already very complicated. "

Xiao Xianglin had studied the Time array before, so he understood this very well.

Chen Xiang thought of the kind of large-scale Time array that the Wood Mountain Sect s would use. If it could become one month or ten months in two hours, then the difficulty of refining it would be even higher. It would definitely take a lot of time.

"Let's talk about it in the future!" Now that he didn't have enough materials, it wouldn't be easy to try. If you want to strengthen the original Time array, then you will need quite a few Tao-creation s and sacred crystals. "

"Master, my Six Realms mirrors can replicate formations ... I wonder if we can replicate the Time array! "

When Chen Xiang thought about this, he became slightly excited.

"This won't do, your Six Realms mirrors's strength is not strong enough, even if you can successfully replicate it, once it is activated, it will definitely be completely damaged by the circulation of the powerful energy. So, don't try it lightly, wait until you have a little more Tao-creation's Holy Crystals and can strengthen your Six Realms mirrors, then try again."

Hearing Xiao Xianglin's serious tone, Chen Xiang was secretly shocked, he had thought of this a few times, as this was completely damaging the Six Realms mirrors.

In the Tao-creation Fire Mountain, Chen Xiang had come to the shortest region, and it was also the widest region. The area above was extremely hot, and he was not very used to it when he had just arrived.

Strangely, there were also mountain springs and all kinds of flowers and trees in Tao-creation Fire Mountain. In such a hot place, plants could thrive and grow, and the spring water was crystal clear and cold.

"How strange!" After Chen Xiang could not stand the heat anymore and gulped down a lot of the cold and refreshing mountain spring water, he couldn't help but exclaim in admiration.

He Fengyuan said: "Follow the stream and head upwards. Usually, near the water sources, there will be humans gathering."

Chen Xiang quickly followed the stream up, he wanted to ask around to find out where the sect in Tao-creation Fire Mountain was. He wanted to go find Yan Jiu.

Back then, he had obtained the Flying Dan grain that Yan Jiu gifted him, which allowed him to quickly step into the Late period of World Defying magic realm.

Furthermore, Yan Jiu had said that there was a Tao-creation Ancient Place here, and there was a large number of Tao-creation's Holy Crystals and Holy stone there. He wanted to take a look.

Chen Xiang's Tao-creation s had all been used up, and were in need of Tao-creation s to maintain the circulation of the Time array s. In addition to the many s that he had used to strengthen the Six Realms mirrors, he had used up a lot of them.

On the other hand, there were still many Crystal emperor s, but they were of no use to him.

Three days later, Chen Xiang finally arrived at a small town.

This town was lower than the Tao-creation Fire Mountain, so the strength of the people here was average. There was a large majority of people in the Aoshi Holy Stage.

After asking around, Chen Xiang soon found out that above this small stream, there were also a few huge cities. Those cities were all very strong.

After Chen Xiang heard about it, he excitedly ran up.

In just two days' time, he saw a fire shrouding the sky in front of him.

"Is this the Sparkling Fire City?" Chen Xiang saw that the city walls in the distance were glowing, they looked like red-hot iron.

This type of city wall was extremely huge. It was over a thousand feet high and very thick!

When Chen Xiang arrived at the city gate, he immediately felt wave after wave of scorching auras surging over. After entering the city, he felt as if he was in Cang Fire City.

It was currently night time, and like the Cang Fire City, it was very lively at night. Many people were playing with the fire, "burning" the entire city until it was as bright as day.

"If someone without any strength comes, they will probably become a roasted pig." Chen Xiang felt that this place was much stronger than the Cang Fire City. Here, the shops, families, and various inns were all competing who's flame was stronger and stronger.

Chen Xiang arrived at the foot of a very high restaurant. Raising his head to look at the restaurant, he immediately took in a breath of cold air. This was because the entire restaurant's exterior was covered with a layer of melted Crystal emperor liquid, making it a total of hundreds of levels high.

At the moment, using the large formation to release the flames and pouring them into the Crystal emperor, causing the inside of the Crystal emperor to burn red, emitting a strong golden-red light, so this restaurant could be said to be the most dazzling place in the entire city.

"They're really playing with fire in the city!" Chen Xiang had just passed by a few large shops and saw a shop burning Tao-creation Holy stone to strengthen the flames.

Chen Xiang had many Crystal emperor, which were of no use to him, so he entered the luxurious restaurant.

After entering the hotel, Chen Xiang asked about the price of the lodging. It was quite expensive, an Crystal emperor staying for 10 days, but to Chen Xiang, it was nothing.

He used three Crystal emperor s to get a few rooms and a living room to rest in.

"I don't feel the heat after entering!" Chen Xiang was able to see most of the Sparkling Fire City from around the two hundred story building. In the distance, there were some large family villas, and even some diagrams formed from flames.

Chen Xiang brought the girls from the You Yao Mountain Villa out to have a look, to broaden their horizons.

Suddenly, someone knocked on the door. Chen Xiang opened the door and saw a handsome young man in a waiter.

"Here's the food." The waiter laughed.

After the waiter came in, he took out a lot of dishes from within a specially made Storage magic treasure. The greedy Long Xueyi immediately ran over bounding in as she stared at the delicious dishes.

"These are the best dishes in our restaurant, they are free." The waiter laughed.

Chen Xiang rewarded a small Crystal emperor to the waiter, who was very happy. Although the people that lived here were all rich and powerful, very few people would reward them in such a way.

"I thought this city only knew how to play with fire and didn't know how to cook!" Long Xueyi had already picked up a piece of meat and was tasting it.

"You must be from the other Tao-creation Mountain! This month just so happens to be to celebrate the establishment of Sparkling Fire City for a hundred thousand years, that's why people play with fire so fiercely. " The waiter laughed: "If any family has a good time, they will also receive a reward, a reward from Sparkling Fire City."

"There's actually such a thing!" "How do you want to play? Is that considered beautiful?" Feng Ke'er stood on a chair, only knowing what to eat. Although she had sealed her demon spirit, if she were to mix with Long Xueyi for too long, she would unavoidably get infected by her small ailment.

"When the time comes, Fire Mountain School will send a Four-winged flamingo over. Whoever gets the Fire Bird will have a good time."

[Chapter 3530](#)

This kind of large-scale event had the support of the Fire Mountain School. It could be seen that the Fire Mountain School often interacted with these cities. But Wood Mountain Sect was different. Back then, when he had been in Cang Fire City for so long, he had not heard much about the affairs of the Wood Mountain Sect.

"What rewards will there be then?" Chen Xiang was more curious about this.

"It's not some kind of high value reward, it's just a Tao-creation Divine Crystal." The waiter said, "To many of the great powers in Sparkling Fire City, this is nothing. Everyone is mainly trying to join in the fun, and at the same time, they are trying to gain face. This has already happened many times every hundred years."

The Tao-creation's Holy Crystals were relatively precious to Chen Xiang, but he didn't know how he was going to go about it.

"How long is it until the Four-winged flamingo arrives?" Long Xueyi asked, this was also what Chen Xiang wanted to ask.

"Ten days!" The waiter said.

These girls were all rare beauties, and he had also stayed in this hotel for many years, so he had seen many rich and powerful people. However, beauties with extraordinary temperament like Bai Youyou and the others were extremely rare.

After the waiter left, Feng Ke'er laughed: "Chen Xiang, do you want to try? There don't seem to be any thresholds, as long as you play with fire you can participate. "

"Forget it, although the Tao-creation's Holy Crystals are precious, it's not that easy to obtain." Chen Xiang shook his head. Shaking his head, he said, "If you really want to fight, then you need to do your best."

Amongst these women, there were quite a few who used fire experts. Su Meiyao refining pills, Qin Shuang being the granddaughter of Super Yang Old Ancestor Luo Jiuyang, all of them had extremely high attainments in fire.

Su Meiyao laughed tenderly: "Among the Sparkling Fire City, the strongest will soar into the clouds. We are currently only at the middle stage of the World Defying Stage Divine Rank, it is indeed not easy for us to fight for it!"

He Fengyuan said, "It is indeed not easy, but it is not impossible ... Since he was already here, he might as well participate and give it a try! We have the Time Formation, the Six Realms mirrors, pill refining, and even those who are proficient in all of the Tao-creation's incantations. "

"Alright, I'll go and ask around tomorrow to see how I can win normally." Chen Xiang nodded, he did not expect that these women would be so excited.

After finishing the delicious dishes on the table, the girls returned to the You Yao Mountain Villa, where Chen Xiang laid on the bed and rested.

When the sun rose, the waiter delivered the breakfast once again. Chen Xiang no longer needed to eat to maintain himself, he came to the hotel to eat, just to have a taste of all kinds of delicious food.

really liked this feeling, so if she had the chance, she wouldn't miss it.

"Waiter, what's the usual situation for it to attract Four-winged flamingo?" Chen Xiang asked.

"There are a lot of situations... There are times when the flames are at their strongest, times when the flames are at their most beautiful and there are times when the flames are very ordinary. I can't explain it clearly. The waiter said.

"Is it because your restaurant is too high? The Fire Bird is tired from flying, so it's the right time to rest?" Long Xueyi laughed.

"Miss really knows how to joke. It might be true." The waiter laughed.

"We have just arrived at the Sparkling Fire City. Can you recommend us to head to the place where we need to go for the first time?" Chen Xiang said.

If you want to buy medicinal pellets, then go to the Separating Fire Dan Pavilion. If you want to buy Divine Weapons, then go to the Profound Sky Tower.

After Chen Xiang asked for directions, he gave some rewards to the waiter and told him to leave.

Long Xueyi kept the snacks on the table and entered You Yao Mountain Villa.

When Chen Xiang walked onto the street, most of the flames had already extinguished during the day. There were only a few multicolored flames still burning, and at this moment, everyone on the street was discussing about the beautiful flames at that street.

"How exactly do I attract Four-winged flamingo?"

Chen Xiang wasn't the only one who wanted to ask, many people were asking all over the place. The majority of them were new to the Sparkling Fire City, and even if they knew about this event, they still wanted to try their luck.

Chen Xiang asked around, asking about the various places where the Four-winged flamingo had landed. There were many different kinds of situations regarding the flames at that time, making people feel that they were looking at the Four-winged flamingo's mood.

"There must be a reason why the Four-winged flamingo are attracted." Peng profoundfei said. She was a Roc herself, so she had this feeling.

"How about we have Xuan Fei release her flames and then turn into a gigantic white roc to float in the sky? We might be able to attract Four-winged flamingo." Xiang'er said. They had seen Peng profoundfei become a snow-white roc before, flying around You Yao Mountain Villa with Long Xueyi to play. She had also played with him before.

"The Four-winged flamingo is male, they might be attracted to it." Long Xueyi laughed.

"With the charm of the Whirlwind, even a female would be attracted to it." Su Meiyao laughed.

Chen Xiang could not think of a solution, so he decided to head to the Separating Fire Dan Pavilion.

The Separating Fire Dan Pavilion was very tall and it was very easy to see that the Separating Fire Dan Pavilion was much taller than the restaurant. Furthermore, it had two different styles compared to the restaurant, the Separating Fire Dan Pavilion was just like a giant tree that stood on top of it.

Chen Xiang entered the first floor of the Separating Fire Dan Pavilion and realized that it was closed!

"What happened to Separating Fire Dan Pavilion? This period of time is the busiest time in Sparkling Fire City, it has actually closed! "

"Yeah, I came all the way here just to buy a Flaming Core from Separating Fire Dan Pavilion."

"I don't know when the door will open, but it's still open!"

[Flaming Dan? When Chen Xiang heard the name of the pill, he did not have a clue, because it was difficult to guess its name from its name.

"You know it was a woman." Su Meiyao said: "Quickly go and ask what the effects of this pill is!"

"This big brother here, I am from another Tao-creation Mountain. I wonder what uses does the Flaming Core have?" Chen Xiang hurried over to the side of the middle aged man and asked politely: "I heard his name was special, so I'm curious."

"The names of Separating Fire Dan Pavilion s are all like this. I can't hear any uses of their names, but their uses are very powerful." The middle-aged man immediately said: "The Flaming Core is a pill that allows a person to progress from the middle stage of the World Defying Stage Divine Rank to the late stage, but it requires at least a hundred of them to be consumed. One pellet of ten Tao-creation's Holy stone, I have come here to buy one every hundred years, I have already eaten fifty of them, and am about to step into the Late period of World Defying magic realm."

This kind of pill was usually very popular. Even though one had to eat a lot of it, and it was not cheap, anyone who had reached this level would have a very long life span. They could afford to waste it, so there was hope for a breakthrough.

"Something seems to have happened to Separating Fire Dan Pavilion. I heard that someone from Wood Mountain Sect came over and said that Separating Fire Dan Pavilion stole their Wood Mountain Sect's pill formulas." Someone suddenly said.

This actually had something to do with the Wood Mountain Sect. Chen Xiang became even more interested.
