

Dan God 3531

[Chapter 3531](#)

Many people knew what kind of virtue the Wood Mountain Sect had, and many people knew that the people of the Tao-creation Fire Mountain knew very well, so when they heard that the Separating Fire Dan Pavilion had closed the doors for the Wood Mountain Sect, they were filled with righteous indignation and scolded the Wood Mountain Sect. ≥,

On the second floor of the Separating Fire Dan Pavilion, there was a window. An old man stood beside the window and said: "Due to a number of reasons, the Separating Fire Dan Pavilion is temporarily closed.

The crowd was in an uproar as they inquired about the reason.

"The main thing is that an elder of the Wood Mountain Sect sold us a kind of pill formula. After we refined this pill formula and improved it, we were able to concoct even better pills." When Wood Mountain Sect found out about this, he said that the contract did not allow us to improve the pill formulas, and said that we had violated the contract, and now that they are here, they wanted to ask for an improved pill formula. We did not want them to, so they did not allow us to start a business, or else things would get out of hand. "

The old man explained the reason.

"We have already sent people to the Fire Mountain School, inviting them here to mediate the situation."

Separating Fire Dan Pavilion's strength was not as good as Wood Mountain Sect's, so they could only be cautious of now, and close the door first, in case there were any conflicts between them and Wood Mountain Sect.

"Wood Mountain Sect is really going too far."

"Aiya, I was just here to buy divine pellets, how long do I have to wait? It's all the Wood Mountain Sect's fault! "

"Where are the people from Wood Mountain Sect? How dare they come to Tao-creation Fire Mountain to cause trouble, where are they! "

Wood Mountain Sect caused a lot of people to be angry, but they were not afraid. They had done this kind of thing many times before.

The reason why Chen Xiang had a conflict with the Wood Mountain Sect before was entirely because the Wood Mountain Sect was too shameless and couldn't afford to lose. Furthermore, he wanted to snatch the World Defying god-becoming Dan's medicinal formula and capture Ling Yong, then torture him to death.

Thinking about this, Chen Xiang still felt angry.

Everyone was extremely disappointed. The majority of them were people from other Tao-creation Mountain s, who were far away, and had come for the divine pellets that were unique to this place.

Just as everyone was about to disperse, they saw a gigantic fiery eagle appear in the sky.

"It's the Fire Mountain School's Fire Eagle! The people from Fire Mountain School are here. " someone shouted.

Those who were more familiar with Fire Mountain School recognized these Fire Hawks.

"Sparkling Fire City's first, second, and third floor will be open for sale. If anyone dares to cause trouble, Fire Mountain School will not hold back." The voice of the old man on the fiery eagle was filled with authority as it came down from the sky.

The Fire Heaven Building belonged to the Fire Mountain School. If the Fire Mountain School was allowed to set up a stall, it would be obvious that the Separating Fire Dan Pavilion's men would set it up. This way, if the Wood Mountain Sect's people came to make trouble, they would have a reason to teach them a lesson.

Currently, the Fire Mountain School was also carefully taking care of the affairs of the Wood Mountain Sect and the other Separating Fire Dan Pavilion. This process required a period of time, and during this period of time, in order to make the Separating Fire Dan Pavilion sell his pills normally, they had come up with this plan.

When everyone heard this news, they immediately guessed Fire Mountain School's intentions and rushed over to Fire Heaven Building.

"Those fellows from the Fire Mountain School are really powerful. Even eagles can fly in this kind of place." Chen Xiang was shocked, it was rather difficult to stay suspended in the sky above Tao-creation Mountain. There was a type of force suppressing them, but the Fire Eagle flew very high.

Chen Xiang followed the crowd and headed towards the Fire Heaven Building. As a Alchemist, he planned to sell some of his pills and see if he could get some Tao-creation Holy stone.

"I wonder if the World Defying god-becoming Dan will sell here." Chen Xiang still had a little World Defying god-becoming Dan, he needed the Tao-creation Holy stone to activate it now, and let the multicolored giant multicolored flower grow inside.

The Mei Jing Sisters and the others did not need to enter the Time array. The Multicolored Giant Multicolored Flower could absorb the energy from the Tao-creation's Holy stone and quickly grow.

"sister Meiyao, how many World Defying god-becoming Dan still exist?" asked. Currently, only Su Meiyao occasionally went in to refine pills, but there weren't that many Tao-creation Holy stone left. In order to reduce the consumption of the Time array, she wouldn't need too long.

"There should be fifteen pills left!" The Multicolored Giant Sunflower is almost gone. " During this time, Su Meiyao had been refining the Multicolored Giant Multicolored Flower. This was mainly for them to eat, to help them quickly break through.

Chen Xiang had to take some time to refine the World Defying god-becoming Dan s that were used to inscribe Flying Dan grain, allowing those girls to quickly step into the Late period of World Defying magic realm. Especially Mei Jing Sisters and Su Meiyao, they could improve a lot by growing medicinal ingredients and refining pills.

"There are no small amounts of fifteen pellets. Selling all of them, there are also more than a hundred Tao-creation Holy stone s. It should be sufficient for a period of time." Chen Xiang calculated.

He had already entered the Fire Heaven Building and asked the old man in charge of reception. He found out that the fee to rent the stalls was ten Crystal emperor s a day, which was very expensive for many people, but Chen Xiang didn't care.

Fire Heaven Building only opened up the first, second and third floors, while the third floor was the most expensive. Furthermore, the stalls were individual shops, and there were even living rooms, secret rooms, etc.

Chen Xiang asked for a shop on the third floor and even gave her a rent of ten days.

There were not many Alchemist that came here, and the main reason was to alleviate the situation of the Separating Fire Dan Pavilion, so that the people from the Separating Fire Dan Pavilion could stay here to sell pills, thus the majority of the people that sold pills were all from the Separating Fire Dan Pavilion.

Chen Xiang cleaned his shop and said to He Fengyuan: "Feng Yuan, do you want to change your name before selling? The World Defying god-becoming Dan must be very famous in the Tao-creation's Mu Shan. It might even spread to this place. When Wood Mountain Sect knows that there are World Defying god-becoming Dan being sold here, he would definitely come over immediately. "

"Don't change it, just use your original name. Since the name is so well-known, then it's much easier for you to sell it. Even if you change the name, Wood Mountain Sect will still know that this pill is a World Defying god-becoming Dan." He Fengyuan said: "As long as you stay here, you don't have to be afraid of Wood Mountain Sect coming here to cause trouble."

Chen Xiang had placed a sign at the entrance of his own shop, with the words "To sell World Defying god-becoming Dan" written on it. Then, he laid down on a couch inside the shop.

Bai Youyou had already successfully extracted the Legendary mantra's memories from the Dragon-Elephant School elder's corpse and was passing them over to Xiao Xianglin.

Xiao Xianglin learned very quickly, so he would first pass it down to her, and once she grasped it, she would be able to pass it to others. If he were to give it to Chen Xiang first, it was unknown how long he would need to learn it.

"Are World Defying god-becoming Dan the kind of person who can step into the World Defying Stage Divine Rank from the peak of Aoshi Holy Stage after eating them?" An old man stopped in front of Chen Xiang's shop and exclaimed. Behind him was a handsome young man.

"Old senior, you are truly knowledgeable. The effects of the World Defying god-becoming Dan are just as you said." Chen Xiang walked over while chuckling, and said: "I presume you must be from Tao-creation's Mu Shan!"

"That's right... The only person who can refine World Defying god-becoming Dan is Chen Xiang, could you be ... " The old man looked at Chen Xiang's young face, because according to the legends, the person who could refine World Defying god-becoming Dan was a young man.

"I am Chen Xiang." Chen Xiang laughed.

"This... Is this true? I've been looking for you for a long time, wanting to buy a World Defying god-becoming Dan." The old man was pleasantly surprised, but he was also filled with doubt.

"Ten Tao-creation s, one pellet. I don't have many pellets on me right now, so Old Senior, you must seize this opportunity! I am definitely the real Chen Xiang, and if everything is as it should be, I will not dare to act rashly within the Fire Heaven Building." Chen Xiang smiled and said: "If there is a fake one, Fire Heaven Building will deal with me."

[Chapter 3532](#)

When he saw the World Defying god-becoming Dan, he believed it to be true, because in his hands, this pill was very different from the other pills he had seen. Most importantly, the Tao-creation's incantation could be seen clearly, it was just like the one in the legends.

"This Fire Heaven Building can rent a Time Formation. If one day it becomes a month, then we'll give it a try." The old man excitedly brought the young man away, obviously for that young man's use.

The Fire Heaven Building actually had a Time Formation to rent, Chen Xiang did not know about this matter, but he came to the third floor very early to start his business, and was one of the earliest, hence there were very few people here.

Fortunately, there were guards from the Fire Heaven Building walking around frequently. He asked around and found out that the Time array here could at most change a day to a hundred years old, so Chen Xiang would not need to do this kind of thing every day.

His Time array could circulate for seven or eight days by consuming ten Tao-creation s. It was equivalent to seven or eight hundred years.

"What a scam!" Chen Xiang curled his lips, then continued to lie leisurely in the shop. The World Defying god-becoming Dan he had just sold, had sold ten Tao-creation s, which was enough for him to operate the Time array for around seven days.

After seven days, he would have thirty-five of them.

After a day, the number of people opening shops on the third floor increased, the majority of them were from Separating Fire Dan Pavilion, and all of them were alchemists taking care of business.

Many of the Alchemist here had a few Core Disciples, who were there to help the Alchemist deal with various matters. It was equivalent to helping a servant, but they were able to obtain the guidance and inheritances from the Alchemist, so they were still pretty good, but they would need to wait a long time before coming out.

"World Defying god-becoming Dan? Brother, what is the use of the pill you are selling?" A well-dressed man in white walked over. He was handsome, polite, and had a smile on his face.

Chen Xiang recognised him. He was from the neighboring shop and the pill he sold was called the Divine Cleansing Body Pill. It was a kind of antidote pill, a middle grade Tao-creation Divine Pill.

The World Defying god-becoming Dan's reputation was not as big as Chen Xiang had imagined, and only people from the Tao-creation's Wood Mountain knew of it.

Chen Xiang's neighbors all came from the Separating Fire Dan Pavilion, and since there were a lot of Alchemists, there were all kinds of pills. Only Chen Xiang did not come from the Separating Fire Dan Pavilion, so they were all very curious, and surrounded him.

The people of Separating Fire Dan Pavilion were also very modest and polite, and all of them asked curiously.

"My World Defying god-becoming Dan can help a person at the peak of Aoshi Holy Stage break through to the Divine Realm, a Pill Transformation into a God!" Chen Xiang laughed: "I still have fourteen pellets and ten Tao-creation Holy stones. If you need them, you all need to hurry."

The effects of a pill being able to turn a person into a god sounded very mysterious. This was because this pill had always been the goal of many pill forces.

Separating Fire Dan Pavilion also had pellets that could help someone at the peak of Aoshi Holy Stage step into the God Realm. However, it would take a long time and the price of the pellet wasn't cheap.

"Is this true? It has such a magical effect? "

"Could it be a lie!"

"Brother, who is your master? Does the pill he refined have any proof? "

"This... The World Defying god-becoming Dan was refined by me. I just came to the Tao-creation Fire Mountain, so I don't understand these things. " Chen Xiang shook his head: How do I obtain the proof?

Someone was just about to answer when the old man who bought the World Defying god-becoming Dan from yesterday brought the young man over.

"Master Shen, I am truly grateful to you. My grandson has finally broken through!" "I had my suspicions about you previously, but now, I can confirm that you are Master Shen!" The old man laughed happily.

"It's good that I can achieve a breakthrough!" Chen Xiang smiled and nodded.

The group of Core disciples could tell at a glance that the young man behind the old man had just stepped into the World Defying Stage Divine Rank. The Arrogant Morale on his body was young and tender, but he was very strong.

"Old mister, don't tell me you were entrusted with this matter?" There were still people who did not believe it, because Chen Xiang's World Defying god-becoming Dan did not prove anything. As long as there was proof of authority, everyone would be relieved to buy it.

"I'm not a mover! Master Shen's World Defying god-becoming Dan is very famous in the Tao-creation's Mu Shan ... He became famous during the Wood Mountain Sect's pill refining competition. He won the Wood Mountain Sect's Time array and a Holy Crystal, and because of that, he was hated by the Wood Mountain Sect. In the end, he clashed with the Wood Mountain Sect and killed many disciples of the Wood Mountain Sect. "

The elderly was beaming with joy as he narrated Chen Xiang's black history.

Chen Xiang was speechless for a moment. He did not want others to know about this matter because back then, he had indeed killed many important disciples of the Wood Mountain Sect.

The people here had long heard of the incident in Wood Mountain Sect, but they did not know what had happened because of the World Defying god-becoming Dan. They only knew that the Wood Mountain Sect had many important disciples killed.

This was what this young man in front of him had done? This made it hard for the group of young pill disciples to accept it. They all felt that the old man might be cooperating with Chen Xiang.

Everyone rushed forward. When the old man saw that these pill disciples did not believe his words, he was very unhappy and left angrily with his grandson.

Chen Xiang shook his head and laughed it off, then returned back to the shop and laid on a couch while waiting for business.

After the old man walked for 3 to 4 hours, he suddenly brought more than 10 people with him. He laughed at Chen Xiang: "Master Shen, these are all my friends from Tao-creation's Mu Shan!"

"I know him. I was watching the competition too." A middle aged man shouted in surprise, "He is indeed Chen Xiang!"

The middle-aged man immediately took out ten Tao-creation Holy stone s: "I want one."

These ten-odd people rushed forward to buy Chen Xiang's World Defying god-becoming Dan, as if they were afraid that they would lose everything. This made everyone in the other shops dumbstruck.

A pellet of the Ten Tao-creation s could be considered rather expensive, but it had been snatched crazily by someone.

"Two more!" I can't sell it to you guys anymore, but I want others to have a chance to buy it. " Chen Xiang laughed: Thank you everyone for your support!

They bought the Tao-creation's Divine Pellets and left happily!

Those disciples still did not believe in the effects of the World Defying god-becoming Dan. They even suspected that those people were trying to trick them into doing something big.

Chen Xiang took the suspicions of the pill disciples seriously, he also felt that it was a matter of course, because the effects of the World Defying god-becoming Dan had already exceeded the scope of their knowledge. Furthermore, Chen Xiang was a nobody in the Tao-creation Fire Mountain, so it was normal for them not to believe him.

Chen Xiang was only concerned about whether or not his pills could be sold, nothing else mattered.

Night had fallen, and Sparkling Fire City had become very lively once again. Until now, Chen Xiang still did not have any leads, so how could he attract Four-winged flamingo?

"Chen Xiang, you can refine a type of pill ... This kind of pill can attract fire-attributed beasts. When the time comes, just fuse the flames you release with this pill. " He Fengyuan suddenly said.

"All beasts like to eat some heavenly and earthly treasures that can help them level up. I think this method is feasible." Xiao Xianglin said.

[Chapter 3533](#)

Peng profoundfei and Long Xueyi were in complete agreement with He Fengyuan's words, because they were born with the ability to sense those genius treasures that were useful to them.

"Refining pills with fire attribute as the main ingredient!" Chen Xiang thought for a while, "This will require a fire attribute Tao-creation divine medicine before I can use the Increase spell."

"No, let's use the Flying Dan grain! Four-winged flamingo's power was very strong, ordinary pills could not attract him! No matter how many Alchemist there are, they must have tried it many times. If they were to succeed, the secret would definitely not be hidden." Su Meiyao said.

Just as Chen Xiang was thinking about what pill to concoct, a noise came from outside.

"The people from Wood Mountain Sect are here!"

"Could it be that the people from the Wood Mountain Sect are really here to cause trouble?"

"The pill we're selling today doesn't have the pill formula from their Wood Mountain Sect!"

"What is the fellow from Wood Mountain Sect doing here? There's quite a lot of people, the two leading are from the Peak of World Defying magic realm, and the rest are from the Late period of World Defying magic realm.

The disciples of the Separating Fire Dan Pavilion all started discussing, this was the Fire Heaven Building, it was their territory, the people of the Separating Fire Dan Pavilion were not afraid of the people of the Wood Mountain Sect causing trouble here.

After finding out that the Wood Mountain Sect had come, the Fire Heaven Building's chief steward immediately rushed over. Because the Separating Fire Dan Pavilion's pavilion master was with the Fire Heaven General Director, after hearing the news, he also rushed over.

The third floor suddenly became very lively.

When Chen Xiang found out that the Wood Mountain Sect had come, he immediately guessed that they were here for him. This was because a group of people from Tao-creation's Wood Mountain had previously bought the World Defying god-becoming Dan.

Chen Xiang wasn't worried at all. On the contrary, he was happy, because once the Wood Mountain Sect's people come here and cause trouble, his World Defying god-becoming Dan would become even more famous. It would definitely be easy to sell in the future.

"Haven't our Separating Fire Dan Pavilion already removed the pills that are in dispute over the recipe? Furthermore, the Separating Fire Dan Pavilion has closed its doors, what more do you all want? " Separating Fire Pavilion Lord shouted coldly. Separating Fire Pavilion Lord was a woman wearing a white dress with a red gauze covering her body. She looked beautiful.

Separating Fire Pavilion Lord and Fire Heaven General Director were both part of the Peak of World Defying magic realm. With them here, everyone here could be at ease.

"Why are you all in such a hurry!?" We're not here for you! " The elderly man from the Wood Mountain Sect said in a cold voice before he quickly walked in front of Chen Xiang's shop.

They saw Chen Xiang lying on a rocking chair with his eyes closed. The rocking chair was shaking and he was extremely relaxed.

"Chen Xiang!" The elderly man from the Wood Mountain Sect recognized Chen Xiang at a glance and shouted loudly.

When the pill disciples saw the old man from Wood Mountain Sect revealing such an angry dragon, they felt that the hatred they had for their father was only so, they immediately recalled the old man mentioning Chen Xiang!

"This is actually real!" One of the disciples exclaimed in a low voice.

"Is the World Defying god-becoming Dan real too?"

Separating Fire Pavilion Lord looked at the sign at Chen Xiang's shop's entrance, it said World Defying god-becoming Dan, she suddenly remembered that she had heard of this matter a while ago, she knew about it because World Defying god-becoming Dan s were a type of pill that had a miraculous effect.

At this time, the disciples immediately started discussing softly. They did not believe all the rumors regarding Chen Xiang before, but now they believed it!

None of them had ever imagined that the person who would personally set up a stall to sell pills was a true alchemist master, not a student alchemist.

"Chen Xiang, don't play dumb. You killed many disciples of our Wood Mountain Sect. This debt must be settled today." The elders of the Wood Mountain Sect roared at Chen Xiang.

"I'm not feeling too well today. I'll calculate it in two days!" Chen Xiang snorted, and said, but he did not open his eyes.

"You ..." The elders of the Wood Mountain Sect were furious. They, Wood Mountain Sect, hated Chen Xiang to the bones because they had suffered greatly at Chen Xiang's place.

Even if their Leader had acted that day, they would not have been able to take Chen Xiang down.

The people of the Wood Mountain Sect only wanted to see if it was true that Chen Xiang was here. They were certain that it was, but thinking that this was the Fire Heaven Building, the territory of the Fire Mountain School, they couldn't do anything. Otherwise, none of them would be able to walk out of the building.

"What do you want?" Chen Xiang suddenly asked, he was still lying on the rocking chair with his eyes closed.

When, Separating Fire Dan Pavilion and the others saw Chen Xiang like this, they could not help but admire him. He had already come all the way here, yet he was still so relaxed.

"Killing to pay with one's life is a matter of course." The old man from the Wood Mountain Sect shouted, "You killed our disciple, so we will make you pay with blood."

"If I give you all the World Defying god-becoming Dan's pill formulas, will you make me pay with my life?" Chen Xiang got down from the rocking chair, smiled and walked to the entrance and said to the old man.

"This... This... "Of course not." The old man from the Wood Mountain Sect was at a loss for words as he stammered.

"You previously said that you would repay me with my life with your life, and it is perfectly justified for you to do so. You must make me pay with my blood, but when I said that I would give you the World Defying god-becoming Dan's pill formula, all of the previous words were fart! I can see that the guy your Wood Mountain Sect was killed by, is just some bullsh * t! All of you are just looking for excuses to cause trouble for me by asking for the World Defying god-becoming Dan's pill formula. "

When everyone heard Chen Xiang, they all nodded in agreement.

The old man from the Wood Mountain Sect gritted his teeth as he looked at Chen Xiang.

"Alright, I will ask you one more time, do you want the World Defying god-becoming Dan's pill formula or my life? Choose one of the two." Chen Xiang smiled, he looked like an elder teasing Wood Mountain Sect.

"We want both." Another elder said in a cold voice.

"That's impossible. Since you want my life, why should I give you the pill formulas?" I won't give you even if I kill myself. " Chen Xiang said.

"We have a way to keep you alive and force you to hand over the pill formula." The clan elder looked at Chen Xiang, his killing intent surging.

"If that's really the case, then I can tell you all that you won't be able to take my life or the pill formula!" Chen Xiang said seriously.

"I don't believe that you will be able to take away the Fire Heaven Building from me in your entire lifetime." The elder of the Wood Mountain Sect sneered: "As long as you step out of the door of the Fire Heaven Building, it will be time for us to settle this grudge."

Separating Fire Pavilion Lord anxiously said: "Sparkling Fire City does not allow private fights! Do you really dare to act recklessly? "

The Separating Fire Dan Pavilion had enmity with the Wood Mountain Sect, and since Chen Xiang's archenemy was a mysterious alchemist master, the Separating Fire Pavilion Lord would naturally help Chen Xiang.

"Then let's see if he dares to leave the Sparkling Fire City!" The elder of the Wood Mountain Sect said disdainfully, "To be able to make him cower in the Sparkling Fire City for his entire life, we can now be considered to have avenged ourselves."

"I won't stay in Sparkling Fire City for my entire life! Furthermore, I will definitely not let go of the person who wants to kill me. So, I have to leave the Sparkling Fire City right now and see what abilities you all have, and how you are going to take my life and the pill formula from me." After Chen Xiang finished speaking, he quickly walked out and quickly reached the stairs and went downstairs.

[Chapter 3534](#)

Chen Xiang wanted to leave the Sparkling Fire City, it was shocking, everyone immediately followed, especially the people from Wood Mountain Sect, they were the fastest.

"Fire Heaven General Director... Should we make a move?" Separating Fire Pavilion Lord followed behind and chatted with him.

"We do not know about Chen Xiang's cultivation. I heard that he is only at the early stage of World Defying Stage Divine Rank." Fire Heaven General Director frowned and said: "At most, he's only in the middle stage of the World Defying Stage Divine Rank."

"Chen Xiang is a pretty good young Alchemist." Separating Fire Pavilion Lord said softly, "If the situation is bad, I will intervene."

Just with Chen Xiang being able to refine a World Defying god-becoming Dan, that was enough to earn her respect. The reason why Separating Fire Pavilion Lord had so many Alchemists, was mainly because she had been trying to win them over, so she was very respectful to the Alchemist.

Chen Xiang swaggered out of the Fire Heaven Building with the people of Wood Mountain Sect following behind him. They never expected Chen Xiang to actually dare to walk out of the Sparkling Fire City.

"Could this kid be up to no good?" An elder of the Wood Mountain Sect said.

"What are you afraid of? The last time he came to our Wood Mountain Sect was just a few months ago. At that time, he was only at the middle stage of the World Defying Stage Divine Rank." One of the elders sneered: "Even if he is extremely heaven defying, is he trying to die from using the Late period of World Defying magic realm? Could it be that the two of us aren't a match for a little Late period of World Defying magic realm brat? Furthermore, we still have other companions from the Late period of World Defying magic realm."

Chen Xiang walked quickly, he was in a hurry to get rid of the people from Wood Mountain Sect, and the people from Wood Mountain Sect thought that Chen Xiang was trying to escape.

Separating Fire Pavilion Lord followed behind, he was confused: "Fire Heaven General Director, do you think Chen Xiang has something to rely on? Why is he walking so fast?"

"I don't know. In short, his actions are really hard to understand!" Let's just follow them." Fire Heaven General Director was also considering whether he should make a move later.

"Separating Fire Pavilion Lord, are you sure you want to help when the time comes?" Fire Heaven General Director's face turned serious as he said, "You have to consider this carefully. If you offend Wood Mountain Sect in this matter, even Fire Mountain School may not be able to support you in secret!"

"I know! I have already prepared for the worst. If Fire Mountain School really doesn't support me, I will at most disband Separating Fire Dan Pavilion. I have a way out, and my Separating Fire Dan Pavilion will do well wherever we go." The Separating Fire Pavilion Lord said, "I can't just sit by and watch these villains of the Wood Mountain Sect bully the weak."

Chen Xiang had already reached the main gate of the Sparkling Fire City. As long as he walked out, the people from the Wood Mountain Sect would immediately make their move.

The elder of the Wood Mountain Sect laughed: "Chen Xiang, why don't you go out. What are you stopping for?"

"There's going to be a fight as soon as I get out. Naturally, I have to prepare some Divine Weapons." Chen Xiang took out the Heavenly magic sword and had it fuse with itself.

The people of Wood Mountain Sect also took out their divine weapons, but they did not manage to finish talking about it. Chen Xiang's speed was extremely fast, and he instantly charged out of the city gate.

"Chase after him!" Elder Wood Mountain Sect shouted, as he ran in front and chased after Chen Xiang, who had left only a faint shadow behind.

When the Separating Fire Pavilion Lord and the Fire Heaven General Director saw this, they also went up as fast as they could. The large group of people at the back did not want to miss the chance and also chased after them.

The Wood Mountain Sect Clan Elder who was running right in front ran out, and the rest of the people behind him suddenly saw Chen Xiang appear with a 'whoosh', flying past the Clan Elder, and in his hand was not a divine sword, but a huge bronze disc, fiercely smashing towards the Clan Elder's head!

Chen Xiang who was previously far away, how could he suddenly appear behind the elder? The disk in his hand seemed to be extremely powerful. After hitting the elder's head, a burst of violent flames burst out and burnt the upper half of the elder's body to ashes!

Seeing this scene, everyone was dumbfounded!

The elder was a Peak of World Defying magic realm cultivator! The upper half of his body had actually been burnt to ashes, causing the rest of the Wood Mountain Sect s to be stunned on the spot!

Separating Fire Pavilion Lord was planning to attack, but after seeing the scene in front of her, she became more relieved. Chen Xiang's strength had far surpassed their imagination.

Just a moment ago, Chen Xiang had only released a virtual image that ran out, and he was hiding in the spatial crack. He learnt this from He Fengyuan, so he was able to appear behind the elder of the Wood Mountain Sect without anyone noticing and use the Six Realms mirrors to kill him.

After the Six Realms mirrors had been added to the Tao-creation's Divine Crystals and refined by many of the Tao-creation's Holy stone, the energy that it could withstand had become even stronger, and at the same time, even stronger. Chen Xiang had just released the Red fire dragon's power, turning it into Arrogant Morale.

"Chen Xiang... You, you You killed him! " The voice of the other elder of Wood Mountain Sect quivered. It was unknown if it was out of anger or fear.

"Hmm, didn't you guys want my life?" Chen Xiang said: "Let's see if you have the ability to take it!"

As long as one was not blind, one could tell that Chen Xiang was very strong. Just now, when he used the energy aura released by the Six Realms mirrors, he was still able to sense how terrifying that power was.

"Isn't your Wood Mountain Sect supposed to be arrogant? Come and take my life! " Chen Xiang shouted, "What's wrong? What are you still standing there for! "

The people of Wood Mountain Sect, look at you, no one dares to move. The elders of the Peak of World Defying magic realm, were killed by Chen Xiang with just a swing of the Six Realms mirrors, so they, who are made up of Late period of World Defying magic realm, have no way of resisting!

"I got it. You guys are waiting for me to give you my life, right?" With that said, Chen Xiang rushed up with his Six Realms mirrors.

Seeing Chen Xiang being so arrogant, the elder of the Wood Mountain Sect was furious in his heart. Holding a long blade, he rushed towards Chen Xiang and used his maximum speed and strength to slash at Chen Xiang.

Seeing the elder walk over, everyone started to circulate their powers, preparing to defend against the incoming shockwave. After all, they were two Peak of World Defying magic realm Rankers fighting, so their movements would definitely not be small!

The Wood Mountain Sect Clan Elder's Divine Blade was refined using the Tao-creation's Holy stone, it was extremely sturdy, and there were Tao-creation's incantations carved on the inside, the power of the blade was extremely strong, the might of the blade was terrifying.

Chen Xiang then raised his Six Realms mirrors to block!

"Go to hell!" The Wood Mountain Sect Elder shouted coldly, he released all of the power in his body and condensed it in the middle of his Divine Blade, wanting to break Chen Xiang's Six Realms mirrors apart.

When the divine blade landed on the Six Realms mirrors, it shook violently, as a powerful energy exploded out from the mirror, causing the ground to shake violently. The energy that erupted out directly shattered the divine blade, and the Wood Mountain Sect Clan Elder was also engulfed by the energy that erupted, he was instantly destroyed without any trace of ashes.

This elder was even more thoroughly dead than the previous one. The previous elder at least had half of his body left, but this elder didn't even have a speck of dust left!

[Chapter 3535](#)

Chen Xiang kept his Six Realms mirrors s and then, as if nothing had happened, walked to the side of the Wood Mountain Sect middle aged men, whose legs were already trembling with fear.

"You guys go back and tell Wood Mountain Sect that he scared me last time, and this time, I'll pay him back the favor! Don't be afraid, we won't make a move against you guys. After Chen Xiang finished

speaking, he stepped forward in a mysterious manner and dragged his long afterimage into the Sparkling Fire City with a 'sou' sound.

This kind of super strength, even people with vast experience like Fire Heaven General Director and Separating Fire Pavilion Lord were shocked, let alone others.

"Leader! The Leader's Leader is the World Defying Stage Legendary Rank's! This Chen Xiang actually fought with Wood Mountain Sect's Leader! "

"Will Wood Mountain Sect of the Wood Mountain Sect come to the Sparkling Fire City to settle the score with Chen Xiang?"

"The Sparkling Fire City is going to become lively!"

Everyone was walking on the road, discussing something.

"Separating Fire Pavilion Lord, Chen Xiang seems very mysterious, if you want to rope him in, it won't be easy." The Fire Heaven General Director sighed.

"Yes, but I don't intend to rope him in now ..." My Separating Fire Dan Pavilion cannot contain people like him, I'm afraid only your Fire Mountain School can do it. " Separating Fire Dan Pavilion let out a faint sigh, feeling a little disappointed.

"That may not be so ... People like him are already used to coming and going from here. Furthermore, he is extremely good at causing trouble, so our Fire Mountain School might not want him. " The Fire Heaven General Director laughed.

Chen Xiang returned to the Fire Heaven Building and continued selling his World Defying god-becoming Dan. The moment he returned, all the remaining pellets were sold. He then closed the shop's door and closed up in the private room.

Su Meiyao had already refined quite a few World Defying god-becoming Dan, so he did not lack Tao-creation Holy stone for now.

The next thing Chen Xiang wanted to do was to refine a kind of extremely strong fire energy pill, which would mainly attract Four-winged flamingo.

Before this, Xiao Xianglin had used the Doppelgänger mantra to split out two clones to search for the extremely dense, high-grade Tao-creation's divine medicine.

"Master, after you find it, tell your clone to bring the ingredients back quickly." Chen Xiang said, he was worried that there was not enough time.

Xiao Xianglin's Doppelgänger mantra made Chen Xiang even more envious, because the three clones were able to learn three Tao-creation's incantations at the same time ... Xiao Xianglin allowed one clone to learn Legendary mantra and one to learn the eight level of mysterious runes. As for her own body, she could do other things.

Chen Xiang was thinking about how he could integrate all of his resources to refine the most powerful pill with fire energy. He also asked the girls to give him some advice.

"The power of fire released by your Red fire dragon is very strong." Peng profoundfei said: "I feel that the dragon's power is quite attractive, you can add a bit when you're refining the pill."

"Then we can use the Flying Dan grain. This can definitely improve us by a lot! I can only wait for those medicinal herbs to come back before I can give you any more opinions. " He Fengyuan said.

"It's a pity that Xue Ying isn't here, she's a fire phoenix. If it's her phoenix fire, she would definitely be able to attract Four-winged flamingo." Su Meiyao said.

Mentioning Xue Ying, Chen Xiang missed him a lot.

"I wonder how Granny Long and the rest are doing now!" Chen Xiang said. When Long Zhiyu and the others were developing at the Divine Dragon Lake, the Divine Dragon Lake and the Divine Soil Restricted Area were linked.

The Divine Dragon Lake was on the other side of World Defying Stage Soul River, which was very far away from where Chen Xiang was.

"If we can find my grandfather and Gu Tong, perhaps we can ask them to think of a way to obtain a Transmission array." Qin Shuang said, she was also missing her granny a little.

"There's no need for them. If I grasp the incantations for time, I can refine the Transmission array with big sister Xiang Luan and return." Feng Ke'er said, "I remember the Transmission array plate at the Divine Dragon Lake. I should be able to find the path back to space."

"That's for the best!" Chen Xiang laughed: "Master, you need to pick up a clone to guide Xiao Ke'er to learn the Tao-creation's Incantation."

"I know!" Xiao Xianglin said.

"I can help Chen Xiang refine pills, and I can also help Big Sister Xiang Lai set up a formation to refine her equipment. I'm really amazing," Feng Ke'er said very proudly.

Chen Xiang wanted to learn too, but it was extremely difficult, and it would take him a very long time to do so. He did not have the heaven opposing talent like Xiao Xianglin, but he learned World Defying Dan grain rather quickly.

Xiao Xianglin's two clones returned.

"There are many people waiting for you outside. They might be here to request for pills." Xiao Xianglin said: "The Separating Fire Pavilion Lord is also here, she is a beauty, aren't you interested?"

"Master, you're so much more beautiful than her. How can she move my heart?" Chen Xiang laughed.

Xiao Xianglin's clone brought back four types of ingredients, all of them were middle stage Tao-creation Divine Medicines, she had to go through a few pill shops to get them, so she gave them to He Fengyuan.

He Fengyuan carefully looked at them, and said with a frown: "They are all not ideal ... "Furthermore, the two of them cannot be fused. This is not a good fire type medicinal ingredient. After refining it into a pill, the effect will be very bad."

"All the good herbs have been hidden." Xiao Xianglin said in an extremely helpless tone.

Although it was not the kind that was of the highest quality, the taste was definitely the best. In the end, He Fengyuan also joined in, using her ability to communicate with the Medicine soul, she improved by a lot.

"This is a World Defying god-becoming Dan ... Is the Separating Fire Pavilion Lord for the younger generation?" Chen Xiang handed the World Defying god-becoming Dan over.

Separating Fire Pavilion Lord immediately stretched out her soft and jade-like hands to receive it. Then, she opened her beautiful eyes wide as she carefully examined the pellet.

"This is for collection!" Separating Fire Pavilion Lord smiled slightly: "It really is a good pill. Ten Tao-creation s and one Holy stone, right?"

"Since Separating Fire Pavilion Lord likes it, I'll give it to you as a gift." Chen Xiang laughed generously: "It's just a piece of World Defying god-becoming Dan!"

Separating Fire Pavilion Lord was secretly happy. She had thought that Chen Xiang would be a proud and aloof Alchemist, but she never thought that he would actually be so passionate. She could not help but feel that it was because Chen Xiang was a girl.

"This is a huge gift. Thank you, Master Shen." Separating Fire Pavilion Lord stood up and bowed towards Chen Xiang gracefully.

"Just call me Chen Xiang." Chen Xiang laughed: "May I ask Separating Fire Pavilion Lord's name?"

"Hua Liqing!"

"It's a sad name." Chen Xiang said.

"Li Qing isn't sad at all, he's just a name given to me by my mother." Hua Liqing faintly smiled.

"Sister Li Qing, to be honest, this little brother has just arrived at Tao-creation Fire Mountain and is unfamiliar with the place. Furthermore, I might need some medicinal ingredients, please take care of me in the future, Big Sister Li Qing." Chen Xiang went straight to the point.

Hua Liqing was very surprised, she did not expect Chen Xiang to lower her attitude so much, this made her feel extremely flattered.

"Since you called me Sister Li Qing, I will take good care of you." Hua Liqing said with a very sweet chuckle.

Chen Xiang giggled. Hua Liqing was a beauty, elegant and noble, also very gentle.

"Little brother, what ingredients do you need now? Can you tell big sister?" I'll immediately prepare it for you. " Hua Liqing originally thought that it would be difficult to get along with Chen Xiang, but she had to take the initiative now because she had expected it to be Chen Xiang who took the initiative.

"I need medicinal herbs that contain very strong fire type energy. I just need the middle ranked Tao-creation Divine Medicinal Herbs." Chen Xiang said: "Sister Li Qing, you can take as much as you want. When the time comes, I'll choose the right one and I'll give you a good price."

"Since you've already given me a World Defying god-becoming Dan, I'll also give you some medicinal ingredients." Hua Liqing was slightly displeased: "We're all family, there's no need to mention the price!"

"Alright then!" Chen Xiang laughed.

Hua Liqing was extremely attentive to her, immediately leaving Chen Xiang's shop to get his ingredients.

After Chen Xiang sent Hua Liqing out to return, Su Meiyao smiled sweetly: "This Sister Li Qing seems to be pretty good. Look at how sweet your smile is!"

"How can he be as good as sister Meiyao!" Chen Xiang said anxiously, he did not want to knock over this jealousy.

"Hua Liqing is not bad." Xiao Xianglin chuckled: "Don't have any bad intentions towards me!"

Xiao Xianglin already knew that Chen Xiang was a little scoundrel. Moreover, Chen Xiang had teased her before, so she was very brave.

Chen Xiang ignored them and snorted a few times.

Hua Liqing came here very quickly, if not for her Separating Fire Dan Pavilion offending him, she would have invited him over long ago.

"Sister Li Qing, how did you manage to deal with the matter of the Wood Mountain Sect?" Chen Xiang asked.

"It's hard to say! Although Fire Mountain School said that he would help us deal with it, I think what Fire Mountain School means is that he needs us to give him some benefits." Hua Liqing helplessly sighed.

"This Fire Mountain School is the same!" Chen Xiang curled his lips: "I had originally thought that this Fire Mountain School was pretty good."

"Among the Tao-creation Mountain, the Fire Mountain School is considered not bad! After all, it was our negligence that caused the Wood Mountain Sect to change sides. We were in the wrong for this matter, it's already not bad that the Fire Mountain School was able to free up the Fire Heaven Building for us." Hua Liqing said.

Chen Xiang dared to go against Wood Mountain Sect, which made Hua Liqing admire him greatly. This was because she was now completely suppressed by Wood Mountain Sect and had no way of fighting back.

And what Chen Xiang did to the Wood Mountain Sect was a very powerful retaliation. Although it would anger the Wood Mountain Sect, at least he dared to do so.

"That's true!" Chen Xiang looked at the medicinal ingredients on the table, then let He Fengyuan come out from the You Yao Mountain Villa and let her choose carefully.

"Who is this lady?" When Hua Liqing saw He Fengyuan, he was secretly shocked. Chen Xiang did indeed have a woman by his side, and she seemed to be an impressive woman.

"A friend of mine!" Chen Xiang said: "She is innately sensitive towards medicinal ingredients, and can sense the most suitable medicinal ingredients to refine."

"How amazing!" Hua Liqing gasped in surprise.

"Sister Li Qing, what benefits does Fire Mountain School want you to give them?" Chen Xiang asked.

"I'm not sure yet... I only know that they want to control the Separating Fire Dan Pavilion. " Hua Liqing said in a low voice: "I was the one who established the Separating Fire Dan Pavilion, and even the Alchemist inside recognized me! Even if I am willing, the Alchemist is not willing. "

"The people from Wood Mountain Sect will definitely come back. Maybe the Leader will come again." Chen Xiang said: "At that time, Separating Fire Dan Pavilion will definitely not be able to hold on!"

Hua Liqing nodded, and then let out a long sigh: "I really have no other choice, if you have to blame me, you can only blame me for not having enough strength."

"That's nothing. Separating Fire Dan Pavilion is gone, we can rebuild it in the future. With Sister Li Qing's prestige, we can definitely gather many more outstanding Alchemists." Chen Xiang said, "The most important thing right now is how I can minimize the losses!"

Hua Liqing nodded his head, "I have already prepared to dissolve Separating Fire Dan Pavilion ... Therefore, I can only help you for a period of time! But if you need any precious medicinal ingredients in the future, I'll definitely do my best to help you. "

"Then I'll thank elder sister first!" Chen Xiang laughed.

Outside, someone suddenly knocked hard on the door. Hua Liqing frowned and said: "It's the Fire Heaven General Director, they should be here to negotiate conditions with me."

"Bring him in and we'll talk here." Chen Xiang said.

Hua Liqing's eyes wavered as he nodded his head. Then, he immediately invited the Fire Heaven General Director in.

Fire Heaven General Director never thought that Hua Liqing and Chen Xiang would establish such a good relationship so quickly.

When he thought about how Chen Xiang was a man, he immediately thought that Chen Xiang coveted Hua Liqing's beauty.

[Chapter 3537](#)

When Fire Heaven General Director entered Chen Xiang's shop, he thought that Chen Xiang would leave, but Hua Liqing did not have any intentions of letting him leave, it showed that Hua Liqing wanted to keep Chen Xiang here, to discuss this matter together.

Fire Heaven General Director was a little unhappy. Maybe it was because Hua Liqing had just gotten to know him and became familiar with him, but they had known each other for so long, and they were not cold or indifferent to him.

"Separating Fire Pavilion Lord, your Separating Fire Dan Pavilion and your Wood Mountain Sect are quite troubled with regards to the theft of the Mysterious Li Yuan Spirit Pill formula. Wood Mountain Sect requests your Separating Fire Dan Pavilion to hand over the improved pill formula to them, and they will write off this matter. In the future, your Separating Fire Dan Pavilion can also continue to sell the Mysterious Li Spirit Pill." The Fire Heaven General Director said.

Hua Liqing frowned slightly, but it was clear that she was not satisfied at all with the result. "The Mysterious Yuan Spirit Pellet was originally something we bought from the elders of the Wood Mountain Sect, and after many years of improvement, we had consumed a large amount of medicinal ingredients, so it no longer had anything to do with the Wood Mountain Sect! "However, the thing that we are at fault for is that after purchasing the pill formulas, we did not make any changes to their pill formulas, and that's the reason why they are so adamant about biting off more than they can chew."

Fire Heaven General Director nodded his head: "Even though the contract does not specify the matters that need to be noted for in order to improve the pill formula ... However, some of the elders of our Fire Mountain School also think that since your Separating Fire Dan Pavilion has improved on the basics, then it must be because the basics are extremely useful, so your Wood Mountain Sect has the right to request an improved version. "

Chen Xiang felt that it was unreasonable and said: "That pill formula was bought by Separating Fire Dan Pavilion anyway. As long as the contract was not broken, no matter what Separating Fire Dan Pavilion does to the pill formulas, Wood Mountain Sect would not have the right to interfere, much less ask for the improved pill formulas. For the elders of the Fire Mountain School to actually agree with what the Wood Mountain Sect has done is truly disappointing. "

"I am only conveying the results of the negotiations between our Fire Mountain School and Wood Mountain Sect. If Separating Fire Dan Pavilion is willing to share the medicinal formula for the Mysterious Li Heart Pill, we, Fire Mountain School, will definitely give our all to help Separating Fire Dan Pavilion. " Fire Heaven General Director had finally stated their Fire Mountain School's conditions and they wanted to leave the Profound Spirit Core.

Fire Mountain School's attitude was very clear, if annihilation had enough benefits, they would not go to war with Wood Mountain Sect, as Wood Mountain Sect was a powerful sect.

"This is my decision!" Hua Liqing sighed softly, "Fire Heaven General Director, give me a few days more to think about it."

After Fire Heaven General Director left, Chen Xiang said in an extremely displeased tone: "This Fire Mountain School also wants to loot while the flames are still burning! Big Sister Li Qing, what is the use of the Mysterious Mysterious Li Mind Pill? Both the Wood Mountain Sect and the Flame Mountain Sect want it! "

"The recipe for the Mysterious Yuan mind pellet is a middle stage Tao-creation divine pellet that makes our Separating Fire Dan Pavilion famous. Its main purpose is to allow people to progress from the Late period of World Defying magic realm to the peak, and it is a divine pellet that can allow people to quickly break through. So it's very easy to sell and its price is also high. Hua Liqing said.

"Where are the other ingredients?" When Chen Xiang saw that there were still several fire attribute Tao-creation s' divine medicines that looked pretty good, the aura that he had released was extremely scorching.

"Those medicinal ingredients are powerful, but it's very difficult to fuse them together. After fusing them together, the reaction they give is very small, and can even cancel out a portion of the energy. They won't have any good effects." He Fengyuan said: "The two types of medicinal herbs that I have selected are all carefully chosen by me. You will understand once you try it out."

"Alright!" Chen Xiang received the two types of medicinal ingredients: "I don't know how many are there with Big Sis Li Qing, if I fail, it would be good to replenish it from her."

"How about this, let Mei Jing Sisters and I grow inside the Time array and we can finish it very quickly. They can make these two herbs fuse together into a new type of herb, and at that time, it'll be even easier for you to refine." He Fengyuan said.

"That's fine, then I'll be troubling you." Chen Xiang nodded. If this matter was successful, they would be able to obtain a Tao-creation Holy Crystal, and at the same time, be able to grasp a new pill formula.

After He Fengyuan and Mei Jing Sisters entered the Time array, it only took them two to three hours to successfully combine the two types of medicinal herbs.

The transparent crystal fire leaf had already turned into a crystal flower. Several petals had a sun-like fire bead wrapped in them, and the crystal petal would give off a glow from time to time. The combination of these two herbs would make it even more peculiar.

[Chapter 3538](#)

After He Fengyuan handed over the Tao-creation's Divine Medicine to Chen Xiang, he smiled and said, "We have already thought of this name when we were inside.

It was very obvious that the reason they chose such a name was because of Hua Liqing.

"You can give her one of these flowers." He Fengyuan said.

"If she asks how she got here." Chen Xiang was worried that Hua Liqing would continue to ask, because it was a secret that could not be revealed.

"You say it's a secret, but don't tell her about it. If she has an understanding of medicinal pills, then she definitely knows what it means." He Fengyuan said: "If you want her to work with you in the long term, the trust between us is extremely important, you have to let her know your abilities."

Chen Xiang nodded his head, and said: "She will definitely take some time to come, I will first refine it, and see if I can remove the pill that would satisfy me."

Just a single stage of Time Domain was enough for him to use. He felt that he would be able to refine one within a month's time.

Chen Xiang spent a month inside the Time Domain very quickly. Because the ingredients were handled very well, and were integrated very well by the Mei Jing Sisters and the rest, he did not need to waste any time to refine them, he was able to pass the refining and fusing stage very quickly.

He had previously refined so many World Defying god-becoming Dan, and was already very familiar with the runes on the Tao-creation. Practice made perfect, and he would be able to complete them very soon.

Chen Xiang gave the pellet to Long Xueyi and the others, letting them feel the Qi the pellet emitted, to see if it could attract them.

"The energy contained within is not bad, but I feel that it's still lacking a little. There is an attraction force, but it's not enough." Long Xueyi said.

"If it lacked an explosive power, then if it could explode with a strong Qi, then the attraction would be huge, because at that time when the selection, there would definitely be many people competing at the same time, and the entire Sparkling Fire City would be filled with the aura of fire. If the Qi is not strong enough, then the Four-winged flamingo would not be able to sense the existence of your pellet." Peng profoundfei said.

"Okay, next I will inscribe the Flying Dan grain on top." Chen Xiang said: "If I managed to successfully inscribe it, then that's about it."

Last time, Chen Xiang spent a lot of time inscribing the Flying Dan grain, and the Flying Dan grain was even absorbing blood, so it was extremely difficult to refine it. Thus, he needed to enter the Time array s, and it could be done slowly.

There were not many days left until the end of the Sparkling Fire City's flame competition, so Chen Xiang had to make the best use of his time.

The people of Sparkling Fire City had always been racking their brains to think of a way to attract Four-winged flamingo, and had tried many times, but they had never succeeded. Furthermore, many people had tried to break through in the area of pills, but none of them succeeded.

Chen Xiang felt that the reason those people did not succeed was because their pills were not good enough.

Four-winged flamingo were the precious birds of the Fire Mountain School. They were powerful, and normally, they would eat high quality food. If they did not have enough attraction, the Four-winged flamingo would not even look at them.

Another day passed, and Chen Xiang came out of the Time array, as he had already been inside for a hundred years.

This pellet was a middle stage Tao-creation Divine Pellet, and was of a higher grade than the previous World Defying god-becoming Dan. Therefore, the process of refining the Flying Dan grain was much longer, it was mainly because the Flying Dan grain, in order to raise the quality of this pellet as much as possible, had absorbed a large amount of Chen Xiang's blood and life force.

"How deadly." Chen Xiang looked at the completely transparent pill in his hand and smiled faintly. This pill seemed to be a transparent crystal bead, but from time to time, a small flame would appear in the center of the pill.

"Emotional heart Dan." Chen Xiang imitated the name of the Flaming Heart of Flame Flower. Whether or not he could obtain the Tao-creation's Divine Crystal all depended on this flower.

Actually, Chen Xiang felt that his greatest gain was his control over the Flying Dan grain. This was his second time refining it, and on top of that, it was the middle stage Tao-creation Divine Pellet, which allowed him to improve even more.

Xiao Xianglin had also witnessed the process of Chen Xiang's refining. She mainly wanted to see how the Flying Dan grain was refined in detail, as this would make it easier for her to study the World Defying Dan grain in the future.

Hua Liqing had been here for a long time, and when she saw that Chen Xiang did not come out, she knew that Chen Xiang was in closed door cultivation to refine pills, so she patiently waited in the hall.

"Sister Li Qing." Seeing Hua Liqing here, Chen Xiang anxiously shouted.

"You sure are calm, killing the two elders of the Wood Mountain Sect, and you can still peacefully refine pills." Hua Liqing was very worried for Chen Xiang, so she spent the last two days paying attention to the situation at Wood Mountain Sect.

"If you didn't say it, I would have forgotten that I killed two elders of the Wood Mountain Sect." Chen Xiang laughed: "There's no need to worry about this. It should come sooner or later."

The last time he was weak, he was almost killed by Wood Mountain Sect's Leader. However, this was no longer the case, he had stepped into the Peak of World Defying magic realm, and although he couldn't defeat Wood Mountain Sect's Leader, he definitely wasn't as powerless as last time.

Chen Xiang saw that Hua Liqing's expression was not looking too good, and asked softly: "Sister Li Qing, have you made a decision yet?"

Hua Liqing sighed dejectedly and nodded: "Separating Fire Dan Pavilion's Alchemist has agreed to dissolve the Separating Fire Dan Pavilion, and would rather Separating Fire Dan Pavilion disband himself than give the pill formulas to Fire Mountain School and Wood Mountain Sect. Those are pills that we have painstakingly refined, we cannot allow others to obtain them so easily."

"If you were to build a new pill shop in the future, would the Wood Mountain Sect still pursue this matter?" Chen Xiang asked.

"As long as we do not sell the Soul Refining Pill and the name of the pill shop is not Separating Fire Dan Pavilion, they would definitely have nothing to say. I also plan to build a new shop from scratch after a period of time." Hua Liqing disbanding the Separating Fire Dan Pavilion was also an act of helplessness.

"At that time, I will become the first Alchemist of your new store." Chen Xiang said.

"Is that true? Thank you so much, if you have your World Defying god-becoming Dan, your shop's reputation will soon rise greatly, and I will give you as much as you sell it in my shop. I will not charge you any other fees." Hua Liqing did not expect Chen Xiang to join her new shop.

"We'll talk about it later." Chen Xiang laughed: "Right now, I am preparing to participate in Sparkling Fire City's events, I want to win that Tao-creation's sacred crystal."

Hua Liqing immediately thought of the matter of Chen Xiang asking her for the fire attribute Tao-creation's divine medicine and she said in shock, "Are you trying to refine the Tao-creation's divine pellet to attract Four-winged flamingo?"

"That's right, I've already finished refining it." Chen Xiang returned the leftover medicinal ingredients to Hua Liqing.

When Hua Liqing took a look at those medicinal ingredients, he knew what kind of medicinal ingredients Chen Xiang had picked, and they were not particularly expensive.

"Is this a pill made from crystal fire leaf and Flame Heart Fruit?" Hua Liqing frowned: "The fire energy contained within these two herbs can only be considered to be above average, and can only be used to refine pills." From here, the first thing he did was to look at the genuine content!

[Chapter 3539](#)

Alchemist had never tried it before because when he was researching the pill formulas, the ingredients needed to mix with each other at a high and low level. The combination of the ingredients required was very strong, either low or medium level.

The two medicines that Chen Xiang had selected were both of the upper middle tier and belonged to the same level. This combination was relatively rare, and there were no other supporting medicinal ingredients.

Hua Liqing always liked to collect pills, and that was one of the main reasons why she opened a pill shop. Also, after she opened a pill shop, she could eat all sorts of pills, which could help her level up, otherwise she would not have reached Peak of World Defying magic realm level.

"Of course you can," Chen Xiang giggled, then took out a flower and handed it over to Hua Liqing.

Hua Liqing was truly worthy of being the person who had been collecting medicinal pellets all year round. She was able to see the ingenuity of this flower with a single glance.

The leaves and the stone fruit melded together, causing Lin Hua Liqing to be extremely surprised. She looked at the flower in a daze, and kept on exclaiming.

"It's called the Flaming Heart Flower." Chen Xiang laughed: "This is for you, Big Sis Li Qing, like it?"

"I like it, this is the most magical flower I've ever seen in my life, you actually can perfectly combine two medicinal ingredients together, how did you do it," Hua Liqing said in pleasant surprise and excitement.

"This is my secret," Chen Xiang laughed: "The pill I concoct is called 'Emotional heart Dan.' On the day of the event, I will take it out to lure the Four-winged flamingo."

Hua Liqing thought of the He Fengyuan who had previously selected the medicinal ingredients as well as the Xiao Xianglin who had previously come to a realization that Chen Xiang was not by himself. Someone beside him was secretly helping him.

"Sister Li Qing, when will you announce the dissolution of the Separating Fire Dan Pavilion?" Chen Xiang asked.

"I will announce it tomorrow," Hua Liqing said. "Then, I will prepare for a period of time, and I will start again after I find a different place."

"Then where are you planning to go?" Chen Xiang said.

"Alright, I'll take you to a more boisterous place. It's a bit more competitive, but there are also a lot of people there." Hua Liqing was very happy that he was able to be together with her, because Chen Xiang's World Defying god-becoming Dan was a kind of mysterious pill. This would allow her shop to quickly build up its reputation, and if there were one or two good pills in the future, it would quickly become a famous large shop.

"Oh right, Little Brother, where's the Emotional heart Dan that you refined? Can you let me take a look?" Hua Liqing was extremely curious, because it was a new type of pellet, and he seemed to be very confident in this pellet.

When Chen Xiang took out the Emotional heart Dan, its aura was a little weak and was usually hard to sense, but Peng profoundfei and Long Xueyi were extremely sensitive to this pellet, and they felt that it was alright.

Hua Liqing took the pellet and scrutinized it, her delicate body immediately trembled with a face full of shock.

"Did you really refine this?" Hua Liqing looked at Chen Xiang in disbelief.

Chen Xiang felt that it was strange, because the pellet was completely transparent and did not have a single trace of World Defying Dan grain or Tao-creation Incantation.

"Sister Li Qing, did you discover something?" Chen Xiang asked hurriedly.

"World Defying Dan grain, there are World Defying Dan grain s in this pellet, you ... Are you really planning to use this pellet to feed the birds?" Hua Liqing said with an expression of "It's just for a single Tao-creation Holy Crystal."

"This is extremely rare and precious," Chen Xiang didn't know, because he didn't have any idea what it meant.

"This... It's not that it's very precious, it's just that I feel that it's a pity. It's extremely difficult to successfully form a World Defying Dan grain, yet you were carved on such a precious pellet that was used to lure birds ... It should be more valuable to be able to be carved on top of better pills." Hua Liqing said.

"I was just kidding." Chen Xiang laughed: "I have just mastered the World Defying Dan grain, so I plan to practice, and this is the second time that I have succeeded in condensing a World Defying Dan grain. Sister Li Qing, you seem to know a lot about World Defying Dan grain. It was not easy for me to get this kind of World Defying Dan grain. In the future, it will be difficult to get other World Defying Dan grain."

"Of course, World Defying Dan grain are even more precious than pill formulas. A World Defying Dan grain like you, don't be like me and get grabbed by the Wood Mountain Sect." Hua Liqing returned the pill to Chen Xiang.

"I don't know, this is called a Flying Dan grain, I got it from a cave." Chen Xiang said.

"It's actually a Flying Dan grain ... This is something that a Alchemist in the Fire Mountain School knows how to use. Up till now, I only know that he knows how to use it. " Hua Liqing looked at Chen Xiang with a strange expression.

"I'm not his disciple or descendant. I just got them by chance." Chen Xiang quickly waved his hands.

"You being able to inscribe World Defying Dan grain is very amazing. As far as I know, there are many people who can learn ready-made World Defying Dan grain, even if they learn until their deaths, they might not even be able to master it. It is even more difficult than learning the Tao-creation's Incantation." This was what shocked Hua Liqing the most.

Chen Xiang didn't think that it was difficult, it was just that the process of refining the sword was a little deadly, and that was the reason why one had such good Inherent Skills.

Right now, Hua Liqing and Chen Xiang had already discussed about cooperation. At that time, she would definitely leave the Sparkling Fire City with a large batch of medicinal ingredients and come back from other places. Chen Xiang had promised her that he would help her.

The second day, Hua Liqing announced that the Separating Fire Dan Pavilion had been dissolved, causing many people to feel that it was a pity, because the pills in the Separating Fire Dan Pavilion were never too expensive, and their effects were not bad. Everyone liked them, and many people would often purchase them from other Tao-creation Mountain s.

Now that the Separating Fire Dan Pavilion had closed, they didn't know where they should go to buy pills in the future. Some of them could guess that Hua Liqing would open a new pill shop from now on, but not now.

In the next few days, Chen Xiang and Hua Liqing stayed together as they listened to Hua Liqing talk about a lot of things related to medicinal pellets.

Tonight, the Four-winged flamingo will fly into the Sparkling Fire City, and at that time, the place where the Four-winged flamingo will land, will be the place where they win.

Chen Xiang had already chosen a place to stay, at the top floor of the Separating Fire Dan Pavilion, and the Separating Fire Dan Pavilion was also set ablaze by him.

Separating Fire Dan Pavilion was originally made from a special type of wood. After igniting it, not only did it release pink flames, it also emitted a faint fragrance that spread throughout the entire city.

It could be said that the most dazzling flame right now was the burning Separating Fire Dan Pavilion.

Chen Xiang and Hua Liqing stood on the rooftop, and Chen Xiang took out the Emotional heart Dan. He placed it on his palm, and waited for the Four-winged flamingo to appear.

Suddenly, a whistling sound could be heard from the distance. The people standing at the top could see the blue colored firelight from the distance.

"The Four-winged flamingo is coming," Hua Liqing was very much looking forward to it, he laughed: "It seems like the Four-winged flamingo are flying towards us."

[Chapter 3540](#)

Chen Xiang had thought that the Four-winged flamingo was a fiery red, like the phoenix and the Vermillion Bird. He didn't think that it would be a fire bird that burned with blue flames, looking very beautiful as well, like a blue phoenix. It wasn't large in size, but it had four blue wings. After it died, it had a long blue tail of light at its tail. It was very beautiful. "..."

"Could it be that they are flying towards the Separating Fire Dan Pavilion? Separating Fire Pavilion Lord has dissolved the Separating Fire Dan Pavilion and set it on fire. This is the largest amount of resources that the Sparkling Fire City has ever invested. "

"When the Separating Fire Dan Pavilion burns, the flames and fragrance released are really nothing. As soon as the Four-winged flamingo entered the Sparkling Fire City, it must have immediately recognized the Separating Fire Dan Pavilion."

"It might actually be the Separating Fire Dan Pavilion winning ... This should be the last glory of Separating Fire Dan Pavilion. "

Once the Four-winged flamingo entered the city, the people standing at the top started paying attention to it. The Four-winged flamingo were all flying straight towards the Separating Fire Dan Pavilion, passing by many areas with large flames, and didn't move at both ends. It was no wonder everyone was guessing.

"This Four-winged flamingo is really coming for us." Chen Xiang kept the two Emotional heart Dan s. If the burning Separating Fire Dan Pavilion could attract the attention of the Four-winged flamingo, then he would not have to waste the Emotional heart Dan s.

However, just as Chen Xiang kept his Emotional heart Dan, the Four-winged flamingo in the distance suddenly roared, Chen Xiang and Hua Liqing looked at each other, they were sure that the Four-winged flamingo was targeting the Emotional heart Dan.

"This guy is really here for the Emotional heart Dan." Chen Xiang still did not take out the Emotional heart Dan.

The Four-winged flamingo had already flown above the Separating Fire Dan Pavilion, but did not stop.

"This guy is really determined to eat my pill." Chen Xiang finally took out the Emotional heart Dan, but he still held onto it tightly.

The moment he took out the Emotional heart Dan, the Four-winged flamingo in the sky immediately dove down, bringing along a strong pressure that caused the entire Separating Fire Dan Pavilion to tremble.

When the Four-winged flamingo landed on the roof of the Separating Fire Dan Pavilion, the entire city shouted immediately, because the victor had already been chosen, and was indeed the Separating Fire Dan Pavilion.

Chen Xiang was still tightly pinching the Emotional heart Dan in his hand, and was somewhat unwilling to give it to her.

"Give it to him!" Hua Liqing laughed tenderly: "If you don't give it to him, then this guy will not leave."

Chen Xiang threw the Emotional heart Dan out, and it immediately caught it with its mouth. After obtaining the Emotional heart Dan, it flapped its wings, and immediately flew away.

"Zhou, let's go to Fire Heaven Building to retrieve the Tao-creation's Divine Crystals." Hua Liqing said with a smile, then pulled Chen Xiang down from the Separating Fire Dan Pavilion that was currently burning purple flames, and sprinted towards Fire Heaven Building. Separating Fire Dan Pavilion was constructed from a rare ancient tree trunk, and needed to be burned for a long time before it would turn to ash, and wouldn't collapse for a while.

At the entrance of the Fire Heaven Building, the Fire Heaven General Director was already waiting there. Seeing Chen Xiang and Hua Liqing together, chatting and laughing as they walked over, the Fire Heaven General Director was very unhappy in his heart.

Despite being in a bad mood, the Tao-creation still had to give him the Holy Crystal. This was a rule set by the Fire Mountain School for many years.

"Separating Fire Pavilion Lord, we have known each other for so many years. I would like to advise you, keep your distance from Chen Xiang." When Fire Heaven General Director passed the Tao-creation's Divine Crystal to Hua Liqing, he warned her repeatedly.

Chen Xiang was right beside him. He heard it loud and clear, but he did not take it to heart.

"Thank you Fire Heaven General Director for your concern." Hua Liqing smiled slightly, then turned around and walked towards Chen Xiang, and handed the Tao-creation's sacred crystal over.

In such a short period of time, Hua Liqing and Chen Xiang's relationship had actually developed to such a state, which was truly unbelievable to many people, because they all knew that in the many years that Hua Liqing had been in Sparkling Fire City, he had never had such a good relationship with that man.

Furthermore, Fire Heaven General Director was often together with Hua Liqing, but their relationship was not cold and indifferent. Some people knew that the Fire Heaven General Director had been in love with Hua Liqing for a long time, but their relationship did not develop.

Everyone felt that there was no hope for the Fire Heaven General Director and Hua Liqing. With such an incident in the Separating Fire Dan Pavilion and the Fire Heaven General Director not helping him at all, Hua Liqing would definitely be interested in him if he was blind.

Chen Xiang was a young Alchemist with both courage and talent. To dare to make the Wood Mountain Sect an enemy, to not be afraid of trouble, and to be able to refine a miraculous pellet like the World Defying god-becoming Dan. It was natural for him to be able to capture Hua Liqing's heart.

Chen Xiang looked at the crowd. He could tell that they were thinking too much from their expressions. The reason why Hua Liqing gave the Tao-creation Holy Crystal to him was because the Four-winged flamingo was attracted by the Emotional heart Dan that Chen Xiang had refined.

Hua Liqing naturally knew what these people were thinking, but she seemed to have let them think it through intentionally.

"Let's go back to Separating Fire Dan Pavilion first. Separating Fire Dan Pavilion will need to burn it for at least a month before it can be completely destroyed." Hua Liqing said, she did not choose to leave the Sparkling Fire City right now.

Chen Xiang had killed the two clan elders from the Wood Mountain Sect, but there was no movement from the Wood Mountain Sect's side, which made her a little uneasy, so she planned to take Chen Xiang and quietly leave the Sparkling Fire City, to a place where Sparkling Fire City could not show off his strength.

After returning to the Separating Fire Dan Pavilion, Chen Xiang felt that it was a little strange. Outside the Separating Fire Dan Pavilion, there was a purple flame burning, but he couldn't feel any heat at all from inside.

"Sister Li Qing, are you not in the city yet?" Chen Xiang asked.

"The Wood Mountain Sect must still have people here. They should have already been keeping an eye on us." Hua Liqing's face became serious: We need to have a thorough plan before we can leave the city.

"That's easy." Chen Xiang had even thought it was something important, but he immediately used the Counter Power to make himself invisible. After that, he placed his hand on Hua Liqing's shoulder, and Hua Liqing also gradually became invisible.

Seeing Chen Xiang's strange technique, Hua Liqing was surprised, her previous worries were unnecessary, that way, they could easily leave the Sparkling Fire City and not be followed.

"Let's go, we're leaving the city now." Hua Liqing held Chen Xiang's hand, and was about to walk out of the Separating Fire Dan Pavilion, when he suddenly sensed that someone had entered.

Hua Liqing anxiously pulled Chen Xiang and leaned on a wall, both of them were hiding their Qi.

"Who are these people?" Chen Xiang sent a sound transmission to Hua Liqing, because the people that came in were all dressed in black armor, their heads were covered by a helmet, so their faces could not be seen.

"I don't know. They must be coming for us." Hua Liqing sent a sound transmission to Chen Xiang: "Let's not go yet, this is the first floor, they will definitely go up there. We wait for them to have less people, then go around to the door and quietly leave."

More and more people came in, a total of thirty people. Among them, ten of them were actually Peak of World Defying magic realm, the rest were Late period of World Defying magic realm.

After a simple discussion with the thirty black armored people, two Peak of World Defying magic realm s were left to guard the entrance while the rest all went upstairs.
