

Dan God 3561

[Chapter 3561](#)

The Ghost Spectre was actually not a good person, and had even yelled that he wanted to kill Chen Xiang just now, so Chen Xiang would not show any mercy. Originally, Jiu You wanted to shout in defeat, but he saw that both of Chen Xiang's arms seemed to have been coiled up by two blazing red dragons, and when these two flame dragons entered Chen Xiang's arms, they caused flames to spurt out of Chen Xiang's arms, urging him to release waves of Arrogant Morale.

Chen Xiang's palms came out at the same time, and struck out with Heaven Blasting Palm once again. The energy in his palms condensed into a dot, and poured into my Ghost Spectre's body.

Boom.

After the palm energy entered his body, it exploded. Flames gushed out and countless tiny fire snakes emerged from his body that was torn apart by the flames. After which, they wrapped around his body and burned him to ashes.

The old man in charge of the battle was stunned. He had seen Jiu You's battle before and knew that he was very powerful, likely to become the World Defying Stage Peak Divine Rank Colosseum's War God.

But now, Jiu You was turned into ashes with just a few strikes from someone. The old man looked down and swallowed his saliva, immediately announcing Chen Xiang's victory.

The crowd only came back to reality after they heard the old man's loud announcement. Nine Hell was actually destroyed, and from that short battle just now, Nine Hell was completely crushed by Chen Xiang, the difference in strength was huge, they were not on the same level at all. And they were all on the same level as.

Feng Lanyi and Hua Liqing finally sighed a breath of relief, at the same time, they also recognized their boss. Not only were they powerful in terms of pill refining, they were also terrifying when it came to fighting.

Yang Genming was secretly happy at the same time. He finally had a decent fighter in his team, but he never would have thought that Chen Xiang, who went into closed door cultivation to refine pills all day, would actually be so proficient in battle, not one bit inferior to those famous War Gods.

The fact that Chen Xiang won caused quite a sensation, because some people already recognized him as the owner of the World Defying god-becoming Dan. He was a Alchemist and had joined the Becoming Famous Fighting Team.

"Alchemist has also come to the World Defying Stage Peak Divine Rank Colosseum to compete with us. Our days are not going well."

"Is this Alchemist really that powerful? How strong can a guy who goes into seclusion to refine pills be? He's a Alchemist, and his flames are strong, and it just so happens that Jiu You is afraid of fire, that's why he was burnt to ashes. Someone like me, who uses water, isn't afraid of him at all."

"Let's see what the next battle will be like. If he continues to have such a fierce momentum, he might even be able to become a War God, the Alchemist's War God. This is history without precedent."

He was still in the World Defying Stage Peak Divine Rank Colosseum, so he got Yang Genming to arrange more battles for him. He wanted to finish ten consecutive victories quickly and become a war god, so that he could challenge the Azure Dragon Fighting God as soon as possible.

"Boss Shen, do you want to rest?" Yang Genming did not immediately arrange a battle for Chen Xiang.

"Do I look like I need to rest?" Chen Xiang smiled slightly: "Hurry, I want to fight ten consecutive rounds, this shouldn't be a problem right? Only by becoming a warlord will my reputation be even greater, don't you think so?"

In the eyes of many, Alchemist was rather weak. She would stay in the secret room all day to refine pills, without any time to train or go out to train.

Chen Xiang patted Yang Genming's shoulder, and laughed: "Go quickly, that guy just now was too weak, I didn't even warm up, he was already dead."

Yang Genming could only go and help Chen Xiang arrange the next battle, and in the battle just now, Chen Xiang had obtained ten pieces of the Tao-creation's Holy stone.

"Boss, little brother, you're actually so amazing, making me worry for nothing." Hua Liqing laughed, she had seen Chen Xiang use Six Realms mirrors to smack someone to death before, but she had never seen Chen Xiang fight barehanded before.

"I really didn't expect it." Feng Lanyi was also very surprised. She seemed to have felt a strange feeling from the flames Chen Xiang had released just now.

As for what it was, she couldn't say for herself, but it scared her a little.

Chen Xiang was very quick to arrange the next battle.

The next person to fight with Chen Xiang was an old man who had won five consecutive battles. He appeared to be more calm and collected, unlike the previous Nine Hell Barbarian, who had not spoken a word when he came up to fight. When the battle had started, he immediately launched a fierce attack using earth attributed strength, and although he did have the strength, he was not able to hold on for long against Chen Xiang.

After Chen Xiang exchanged over fifty moves with the old man, he defeated him. However, he did not kill the old man, but only made him admit defeat.

Chen Xiang won again, and the two battles only lasted for an hour. This kind of thing happened once in World Defying Stage Peak Divine Rank Colosseum, but it was rarely seen, so when Yang Genming saw that his expression was relaxed, he continued to arrange the next battle for him.

The World Defying Stage Peak Divine Rank Colosseum had a rule that only War Gods would fight with them. Chen Xiang had not won ten matches in a row yet, so he would not meet any War Gods who had experienced hundreds of battles.

And those who fought with him were all young warriors who had just entered the World Defying Stage Peak Divine Rank Colosseum to fight. Even if there were a few strong individuals who fought with decent strength, they would still lose and could only leave hatefully.

By the time Azure Dragon Fighting God arrived, Chen Xiang had already won eight matches in a row, and Chen Xiang had fought eight matches in a row.

In the beginning, the World Defying Stage Peak Divine Rank Colosseum was quiet and desolate, but now it was getting more and more lively. Many people who were outside heard the news and quickly fished out their Tao-creation Holy stones to pay the entrance fee.

"In eight hours, I will be able to win eight consecutive battles. According to this speed, I will only be able to become a Martial Immortal in half a day."

This is too terrifying, which wargod in World Defying Stage Peak Divine Rank Colosseum didn't last many years in the arena before winning ten times in a row. This guy, he actually won eight consecutive victories in less than half a day.

"It's the Becoming Famous Fighting Team, isn't this team a trash team? I actually picked up a treasure."

"To be able to witness the birth of this new wargod is also a pretty good thing."

Yang Genming was overjoyed, he realized that he had still underestimated Chen Xiang. In terms of fighting skills, Chen Xiang was not any weaker than those famous War Gods, or even War Emperor.

Azure Dragon Fighting God brought a group of people and watched from behind. He grinded his teeth and snorted, disagreeing with this.

"I just got lucky and met some trash. In addition to his decent strength, that's why he has such an achievement. When he becomes a wargod and fights against a wargod, he will know the difference between himself and a wargod." Azure Dragon Fighting God looked disdainful, but he was a little worried.

Chen Xiang was in the midst of his ninth battle, and his opponent was a middle-aged man dressed in black. He looked ferocious, and only used the power of thunder and lightning, but in just two moves, he had been shaken by Chen Xiang to the point of spitting out blood and falling to his knees.

Nine consecutive victories.

As long as he won another round, Chen Xiang would become a war god.

[Chapter 3562](#)

Chen Xiang only came to the World Defying Stage Peak Divine Rank Colosseum to tell the boss that he, Chen Xiang, was not someone that could be easily bullied. As long as he went against Chen Xiang, he would be prepared to pay the price.

Chen Xiang's current target was the Azure Dragon Fighting God.

The Azure Dragon Fighting God wanted to have a breakthrough with Feng Lanyi, so Mu Yijing, the boss of his team, allowed it. He even planned to help the Azure Dragon Fighting God, which meant that he had a conflict with Chen Xiang.

No matter who the other party was, Chen Xiang was not afraid in the slightest. Even if Mu Yijing proposed to reconcile with him now, he would not compromise.

Chen Xiang waited for less than an hour before the tenth match began. It had only been eight moves, but he had already defeated his opponent. At this moment, the entire World Defying Stage Peak Divine Rank Colosseum was cheering because they had witnessed the birth of a War God who had won ten consecutive victories in less than half a day.

At the same time, Feng Lanyi and Hua Liqing were secretly shocked. Chen Xiang's strength caused them to be shocked, but Yang Genming finally had a feeling of exaltation. His Becoming Famous Fighting Team finally looked more like it.

They were both in the Peak of World Defying magic realm, but the difference in strength wasn't strange. This was because Azure Dragon Fighting God was an Emperor level wargod, an existence that was strong in every battle team. Normal people in the Peak of World Defying magic realm would be killed instantly if they were to face them.

However, even though Chen Xiang was an Alchemist, he had never experienced such a thing in the World Defying Stage Peak Divine Rank Colosseum.

This was something that no one in World Defying Stage Peak Divine Rank Colosseum knew.

After Chen Xiang and the others left the World Defying Stage Peak Divine Rank Colosseum, Yang Genming would arrange a challenge for them. At this time, Chen Xiang had also become the Scarlet Dragon War God and obtained the World Defying Stage Peak Divine Rank Colosseum's War God Badge.

Chen Xiang wanted to challenge two wargods of Green Wood Fighting Team. As long as he defeated them, he would be able to challenge Azure Dragon Fighting God.

Amongst the strong teams, the Emperor Token War God was the strongest. Under normal circumstances, only the Emperor Token War God would act when someone challenged the team, or when the team suffered a huge loss, the Emperor Token War God would act. For example, Mu Yijing made the Azure Dragon Fighting God make a move last time to successfully recover the losses.

"City Lord, there seems to be a rule in World Defying Stage Peak Divine Rank Colosseum that as long as a challenge comes from the War God, no other War God can refuse it. If they refuse, the team will have to compensate them with 1000 Tao-creation Holy Crystals, right?" Chen Xiang said.

"This is not bad, so Green Wood Fighting Team cannot refuse your challenge." Yang Genming laughed: "You can rest assured, I will make the arrangements."

"City Lord, how many War Gods does Green Wood Fighting Team have?" Chen Xiang asked.

"This... What are you going to do?" Yang Genming frowned, he felt that something bad was about to happen.

"I need to finish all of their War Gods before I go deal with their Azure Dragon Fighting God, is that alright?" Chen Xiang laughed.

"This... It can be, but you need to be clear that the Green Wood Fighting Team's War God is different from the ones you met before. Yang Genming shook his head, he did not recommend Chen Xiang to do that.

"It's fine, you can do it. I want to let Mu Yijing know the outcome of going against me." Chen Xiang said.

"Alright, let's give it a try first." Yang Genming could only agree with Chen Xiang. Chen Xiang was not blindly confident in his own strength, it could be seen from the ten consecutive victories before.

During this period of time, Hua Liqing and Feng Lanyi were inside the City Lord's Mansion and Hua Liqing would also occasionally sell World Defying god-becoming Dan s outside the City Lord's Mansion. She sold a total of five hundred of them and earned sixty to seventy thousand Tao-creation Holy stone s.

During this time, Chen Xiang did not start planning to earn the Tao-creation's Divine Crystals, because he wanted to kill this fellow, Azure Dragon Fighting God, before he could continue doing business with a peace of mind.

It had already been half a month since Chen Xiang had won ten consecutive victories and became a war god. During this half a month, Chen Xiang and Bai Youyou had been practicing their battles inside the Time Formation.

Bai Youyou had always been focused on training her devil arts, and even though she was now a Late period of World Defying magic realm, she could still unleash a very strong power from her devil arts.

In the competition of World Defying Stage Peak Divine Rank Colosseum, the Divine Weapon and Tao-creation's Incantation were not allowed to be used, and Bai Youyou's devil arts were the most suitable in this situation.

"Of the previous battle skills, only a few are suitable to be used, and you can still display extraordinary strength." Chen Xiang was also training those skills that he had frequently used many years ago in the Time Formation.

"You've been using my devil arts often in the past, and now that you've mastered the improved devil arts from me, your mastery can be considered to be not bad. It can make your strength stronger." Bai Youyou said: "Even if you do not have the help of the Tao-creation's Incantation, relying on these Demonic Techniques, you will still be able to unleash a very strong battle force."

"Yes, thank you elder sister You You." Chen Xiang laughed.

"Don't be polite with me." Bai Youyou's cold and proud face revealed a charming and lovable smile, crocheting the emotions in Chen Xiang's heart. This was where Bai Youyou was amazing, in her usually cold and charming state, every single movement of hers released a power that could captivate souls, causing Chen Xiang to be unable to control her.

During the time Chen Xiang and Bai Youyou were in the Time array, they would always be swallowed by the incomparably charming Bai Youyou. The two of them were not tired of enjoying the happiness brought by their deep feelings for each other.

Coming out from the Time array, Su Meiyao saw Chen Xiang and Bai Youyou and teased them: "The two of you must be living quite a good life, you little scoundrel. Borrowing the excuse of learning some devil arts, I took over your You You Sis for so many years."

Chen Xiang only smiled and did not speak. However, he still sat by the side with a cold and elegant face.

"I'm out. I told the City Lord before that I would be out in half a month." Chen Xiang laughed and left the Six Realms mirrors.

Yang Genming had been waiting in the hall for half a day already.

"Boss Shen, things weren't looking good. The guy sent by Green Wood Fighting Team is actually Bloody Costume Fighting God." Yang Genming had a face full of worry: "This guy is not easy to deal with."

"My goal is the Azure Dragon Fighting God. If I am unable to even defeat this fellow, then why are we still talking about killing the Azure Dragon Fighting God?" Chen Xiang had a relaxed expression as he sat on the chair. At this moment, he was still reminiscing about the beautiful times he had with the cold and proud beauty, Bai Youyou.

Chen Xiang had just mastered Bai Youyou's powerful devil arts, and Bai Youyou had also improved a lot himself, so he was very confident.

"Alright, the war is starting tomorrow. Prepare yourself." Yang Genming could only look at Chen Xiang: "If you can beat Bloody Costume Fighting God, then you can get ten Tao-creation Holy Crystals, which is given to you by Green Wood Fighting Team, and if you lose, then I can give ten Tao-creation Holy Crystals to them."

"Don't worry, although ten Tao-creation's Divine Crystals is nothing to City Lord, I will definitely not let you lose them." Chen Xiang laughed: "I wonder if Mu Yijing will hand over a thousand Tao-creation's Divine Crystals for me to challenge Azure Dragon Fighting God." This book came from 17K, so the first thing he did was to look at the original content!

[Chapter 3563](#)

Last time, in order to accept the Bloody Costume Fighting God as his slave, Mu Yijing had released a thousand of his sacred crystals to lure the Bloody Costume Fighting God into a battle.

"Hard to say. You'll know after you win tomorrow." Yang Genming said: "If he doesn't want to, I will think of a way. I'll let you have a good fight."

Chen Xiang and Feng Lanyi were both here, and during the past few days, they had not been idle. They had used Yang Genming's network to find out the whereabouts of all kinds of World Defying Dan grain, or perhaps finding a good place to sell the Divine Patterned Pills.

"There really is everything inside the Tao-creation Ancient Place." Hua Liqing sighed.

"There are a lot of Tao-creation's Holy Crystals and Holy stone inside. I know about that." Chen Xiang laughed: "Sister Li Qing, could it be that there is someone you love inside there? Look at your face filled with longing."

"The lover of Li Qing is right in front of you. She misses you." Feng Lanyi chuckled.

When Hua Liqing heard Feng Lanyi's laughter, he immediately jumped up with a red face and started playing with Feng Lanyi.

"You little bird, don't talk nonsense." Hua Liqing pouted, and pretended to be angry.

"I also really want to go with Sister Li Qing and little bird Lan Yi. Who told you to be beauties?" Chen Xiang smirked and walked over to hug the two girls. The two girls wanted to struggle free, but Chen Xiang held onto her waist tightly.

"You brat, you're too presumptuous. Quickly let go of your elder sister." Hua Liqing continued to beat Chen Xiang, but he did not dare use force, because Chen Xiang was going to fight tomorrow.

Similarly, Feng Lanyi did not dare to struggle free from Chen Xiang's grasp. She belonged to the World Defying Stage Legendary Rank and did not want to hurt Chen Xiang, so she could only let him have a taste of her little tofu.

Chen Xiang had enough fun with the two girls, he only stopped after taking advantage of them.

The two girls were blushing as they scolded Chen Xiang lightly. However, Chen Xiang looked at them with a smile and made them even more angry.

"Sister Li Qing, what exactly is in Tao-creation Ancient Place that you are so concerned about?" Chen Xiang asked. From Hua Liqing's expression just now, she knew that she wanted to go in, but because it was extremely dangerous in Tao-creation Ancient Place, she could only sigh.

"Supreme Mantra." Feng Lanyi said: "Li Qing said that Supreme Mantra are extremely important to you, and it just so happens that there are them in Tao-creation Ancient Place."

The Supreme Mantra was very strange, the enchantment outside the Seven Mountains Divine Island was actually enveloped by the Supreme Mantra. It was difficult for Chen Xiang to break it back then, and he was very interested in this Incantation of Heavenly Master Xiao Xianglin.

"There really is a Supreme Mantra inside. Where did you get this news?" Chen Xiang anxiously asked, if he could get his hands on it, it might be of help to his research on World Defying Dan grain.

"During this period of time, we have been inquiring about the World Defying Dan grain, that's why we heard a few people mention that the World Defying Dan grain and the Supreme Mantra are extremely related. Hua Liqing said.

"So it's like that. Looks like we need to make a trip to the Tao-creation Ancient Place." Chen Xiang said: "Lan Yi is from World Defying Stage Legendary Rank. With her by my side, there definitely won't be any problems."

"Tao-creation Ancient Place is still very dangerous, even those with World Defying Stage Legendary Rank can't guarantee their safety. City Lord told us before that he almost died when he was in Tao-creation Ancient Place." Hua Liqing shook his head.

"Let's talk about this after we get rid of the Azure Dragon Fighting God. The Supreme Mantra must be obtained, if we want to become stronger, we need to master the World Defying Dan grain. Only then can I concoct even more divine pills." Chen Xiang said.

Hua Liqing and Feng Lanyi nodded. Feng Lanyi could clearly understand the benefits of powerful divine pellets, because she had evolved through the Emotional heart Dan that Chen Xiang had refined.

The battle between Chen Xiang and Bloody Costume Fighting God had already brewed for several days, it was extremely lively, and many people were looking forward to it.

Originally, a new wargod was nothing special, because such things often happened. It was just that Chen Xiang was a war god who finished ten consecutive victories within half a day. This was unprecedented, so his reputation was very big.

... ..

Early morning on the second day, Chen Xiang arrived at the World Defying Stage Peak Divine Rank Colosseum early in the morning. He made Hua Liqing and Feng Lanyi sit in the back of the World Defying Stage Peak Divine Rank Colosseum because he was worried that he would not be able to control himself during battle.

More and more people entered the World Defying Stage Peak Divine Rank Colosseum, and the amount of noise this time was no less than the last time's duel between Bloody Costume Fighting God and Crazy Sword Fighting God.

"Boss Shen, if you win, I will split half of the Tao-creation's Holy stone we earned from you." Seeing so many people come in to take a look, Yang Genming was secretly excited.

As long as Chen Xiang won, it meant that all the entrance fee this time would belong to him. This was something that every boss of the team yearned for very much, and in this kind of highly anticipated competition, the entrance fee was not low either. Furthermore, it was usually full to the brim, as long as they could prepare such a lively scene, they would be able to earn enough Tao-creation Holy stone for a very long time.

"Alright." Chen Xiang smiled and nodded.

Yang Genming would definitely not treat Chen Xiang badly, because the reason the Becoming Famous Fighting Team had such a great reputation was all thanks to Chen Xiang. He was very willing to give Chen Xiang a large portion of the Tao-creation's Holy stone.

Before he even stepped into the World Defying Stage Legendary Rank, he had been injured by the Azure Dragon Fighting God. He should have been affected a little, probably because he had just recovered and was dragged here to fight.

Although Bloody Costume Fighting God had changed bosses, his popularity was still there. Most of the people present were shouting for him.

"Bloody Costume Fighting God, get rid of the Scarlet Dragon War God. Does he really think he cultivates the Azure Dragon like the Azure Dragon Fighting God?"

"The Crimson Dragon is just a piece of trash. It can turn flames into dragons, but it doesn't even train with insects. This nickname is only used to scare people."

"Kill Scarlet Dragon. His title carries the word 'dragon', making me feel like he is insulting Azure Dragon Fighting God, who is a god in my heart."

All sorts of brainless worshipers were crazily cursing Chen Xiang and at the same time sending their worshipers to the skies. When Chen Xiang heard this, he could only laugh, he felt that when he stepped on this group of brainless worshipers' god beneath his feet, their expressions would be rich.

Chen Xiang had gone up on stage. The fanatical admirers sitting in front all ridiculed Chen Xiang, which made the Bloody Costume Fighting God and the observing Azure Dragon Fighting God feel good inside their hearts.

Yang Genming was watching from a concealed corridor, and at this time, a middle-aged man dressed in blue walked over.

"Yang Genming, I never thought that you, a friend from the Alchemist, would actually be so good at fighting. Mu Yijing laughed: "What a pity, this genius will not live for long."

"You just accepted a pretty good servant, and he's about to be eliminated. He's a quasi-World Defying Stage Legendary Rank servant, and will be gone soon, but you won't feel pity about it, because you still have a better dog slave, the Azure Dragon Fighting God." Yang Genming laughed.

Azure Dragon Fighting God followed Mu Yijing. After hearing Yang Genming's words, the muscles on his face twitched, he was furious, but he could not do anything. He was not Yang Genming's opponent.

[Chapter 3564](#)

Even if he stepped into the World Defying Stage Legendary Rank, he was still a weakling in Yang Genming's eyes. Although he was not Yang Genming's match, it did not stop him from hating Yang Genming, as he hated everyone who looked down on him.

Seeing Chen Xiang in the fighting arena, Azure Dragon Fighting God actually hoped that Chen Xiang could defeat him. This way, he would have the chance to compete with Chen Xiang, and he really wanted to destroy Chen Xiang in front of him. He felt that this would make Yang Genming hate him to the bones.

Azure Dragon Fighting God only wanted to know in his heart, if Bloody Costume Fighting God lost in this battle, Mu Yijing would lose a lot, and this was not what he wanted to see.

This Alchemist friend of yours truly has a unique personality. In order to deal with me, he actually personally went up on stage. Mu Yijing laughed: "It's a pity that he's young and arrogant, looking down on the foundation that I, Mu Yijing, have built up over the years. Forget about everything else, just this Bloody Costume Fighting God is not something he can deal with."

Mu Yijing was very confident in his War God's abilities. When Yang Genming saw his proud expression, he really wanted to punch him.

"Don't be so sure." Yang Genming was not worried at all. Chen Xiang was very strong, and had not used his full strength in the last ten battles.

"Haha ..." We shall wait and see. In any case, if this fellow loses, he will most likely be beaten to death. " Mu Yijing laughed very happily: "This is a very good Alchemist, dying like this, what a pity, haha ..."

"Bloody Costume Fighting God will definitely be able to defeat Chen Xiang, right?" Mu Yijing said to the Azure Dragon Fighting God.

"Yes, the Bloody Costume Fighting God is very strong. Among the War Gods in the World Defying Stage Peak Divine Rank Colosseum, he is one of the strongest." The Azure Dragon Fighting God said respectfully, only in front of this kind of expert, would he lower his head.

Although that was what Azure Dragon Fighting God said on the surface, there was some doubt in his heart. At this moment, he could still clearly remember how Chen Xiang destroyed his Azure Dragon Arrogant Morale back then.

In the fighting arena, Bloody Costume Fighting God's red eyes were emitting waves after waves of killing intent. Chen Xiang felt that this kind of gaze was like that of a venomous snake, but this venomous snake was extremely arrogant, as though it did not think much of him.

Chen Xiang had seen the battle between Bloody Costume Fighting God's before, and had even witnessed the defeat of Bloody Costume Fighting God's later. Thus, he could be considered to have a certain level of understanding towards Bloody Costume Fighting God's strength.

The Bloody Costume Fighting God, on the other hand, knew nothing about him and thought that he was a weak Alchemist. It's just that his luck was good and his playing was good, which was why he could win ten matches in half a day and become a war god, which caused a lot of commotion.

The Bloody Costume Fighting God only understood Chen Xiang in this way, he did not care about anything else. He only wanted to defeat Chen Xiang, so that he could calmly close up and wait for his breakthrough.

Many of the admirers of the Bloody Costume Fighting God were shouting frantically that the blood robes were invincible and that the blood robes would win for sure ... wanted to laugh. If Bloody Costume Fighting God was so powerful, he wouldn't have been defeated by Azure Dragon Fighting God.

"Everyone, quiet down. Open your eyes wide and watch how I tear this brat apart." The Bloody Costume Fighting God roared like a bell.

The crowd instantly quieted down, and all of the worshippers were extremely excited.

As soon as he calmed down, Chen Xiang laughed loudly: "Bloody clothes are invincible, I don't think that is necessarily the case. If it's really like this, you won't be defeated by the Azure Dragon Fighting God, and won't become someone else's slave either. Therefore, a large group of people are saying that Bloody clothes are invincible, that Bloody clothes will definitely win, that's all bullsh * t.

Hearing Chen Xiang's words, the people who were watching the fight started to laugh, followed by the fanatical fans who started to curse them.

The person with the ugliest expression was Bloody Costume Fighting God, because he hated people calling him a slave the most. Although this was the truth, anyone mentioning it would cause his heart to hurt.

When Chen Xiang saw the muscles on Bloody Costume Fighting God's face, he knew that he was already angered. However, he still smiled and said: "Bloody Costume Fighting God, if I were you, I would shut up those stupid pigs outside, they would really affect my mood a lot. Think back to when you were fighting Azure Dragon Fighting God, those stupid pigs always said that you would win without a doubt, but you still lost, don't you think that's embarrassing?

"Shut your mouth. When the battle starts, I will definitely tear your mouth open." Bloody Costume Fighting God roared at Chen Xiang, his entire body had started to swell up, the clothes on his upper body suddenly exploded, revealing the light golden stone body.

His body could transform into a Tao-creation at any time. From the current level, the moment he stepped into the World Defying Stage Legendary Rank, it was very likely that he would evolve into a Tao-creation Holy Crystal. As Mu Yijing's slave, he would definitely become Mu Yijing's assistant.

"Tear him, tear him apart ..."

The fanatical admirers of the Bloody Costume Fighting God all started to shout out loud. When Chen Xiang called them idiots just now, it made them extremely angry.

When the old man saw that it was about time, he shouted, "Let's begin!"

The sound waves shook the sky, and the entire World Defying Stage Peak Divine Rank Colosseum was shaken by his angry roar. With heavy steps, he rushed towards Chen Xiang like an angry bull.

Bloody Costume Fighting God's speed was very slow, because after his body transformed into the Tao-creation's Holy stone, it became extremely heavy. At the same time, it allowed him to have great power.

The two arms that had morphed into swords were unable to harm the slightest bit of the Bloody Costume Fighting God, and the Bloody Costume Fighting God also had a fatal weakness, which was his extremely slow speed. In comparison to Chen Xiang's speed, he was like a turtle and leopard.

Therefore, when Bloody Costume Fighting God rushed over, Chen Xiang avoided it agilely. Although the speed that he displayed was not very fast, it was enough to avoid Bloody Costume Fighting God.

"That slow turtle, and he's shouting that he's going to tear me apart." Chen Xiang snickered in his heart: "It's rare for him to think that I would fight against him like how Crazy Sword Fighting God does."

Because his own arm that had turned into a sword had been grabbed and broken, Crazy Sword Fighting God's vitality was greatly injured, and that was why he took the opportunity to be torn apart by the Bloody Costume Fighting God.

The Bloody Costume Fighting God was very calm, because he knew that his physical defense was very strong. Only someone like the Azure Dragon Fighting God who cultivates World Defying beast and cultivates lightning could ignore his strong body that was like the Tao-creation's and attack his soul and Divine Sense Sea's.

"Coward, you can only hide everywhere, haha ..." You are not even comparable to Crazy Sword Fighting God, at least Crazy Sword Fighting God will keep on attacking me. " Bloody Costume Fighting God rushed towards Chen Xiang thrice consecutively, but failed to succeed.

[Chapter 3565](#)

Chen Xiang remembered that there was a rule in the World Defying Stage Peak Divine Rank Colosseum that he could not dodge or block ten attacks consecutively. Otherwise, if he lost and stood still and allowed his opponent to attack him, or fight against the incoming force, he would not have to worry about any violations.

Chen Xiang had already dodged three times, but he silently remembered in his heart, to deal with Bloody Costume Fighting God, he needed to be stable, and even if he needed to get close to them, he had to find a good opportunity.

After dodging for seven or eight times, Chen Xiang still did not have a good chance to make his move. Bloody Costume Fighting God was indeed an experienced warrior with a lot of experience, and it was difficult to find any flaws, so the moment they got close to him, they would be easily caught and torn apart by him with his extremely strong power.

Chen Xiang originally wanted to be invisible, but he felt that Bloody Costume Fighting God, this kind of ranker, would definitely be able to sense it.

When he was still two meters away from, he condensed a strong wave of fire prideful strength, and used it to strike out through the Meteor immortal power. Then, after it was accompanied by the force of his palm for the entire day, it released a wave of fire.

With a boom, Chen Xiang pushed out his palm, and it released a ball of flames that resembled a blood colored meteor. Carrying along a grand and mighty shockwave, it shook the earth, and swept towards Chen Xiang like a tornado.

Bloody Costume Fighting God who was rushing over frowned. The power of Chen Xiang's palm was still very strong, at least he had encountered the one that used the strongest flame in the World Defying Stage Peak Divine Rank Colosseum.

"Break!" Bloody Costume Fighting God roared, he extended his fists out and struck the gigantic ball of fire.

BOOM!

The energy released by Bloody Costume Fighting God's fists flashed with a golden light, rushing towards the gigantic ball of fire, smashing it into pieces. The ball of fire exploded, and the flames shot out, causing the entire arena to flash with light, making it difficult for people to see what was happening in the center, as both Chen Xiang and Bloody Costume Fighting God were enveloped in flames.

"I can only try using the Heavenly dragon seal."

At this time, Chen Xiang unleashed his Heavenly dragon seal.

The Heavenly dragon seal s had been modified and used by him to gather the energy in the surrounding area and then turn into a dragon. It required a bit of time to gather the energy inside, although the rules of the competition did not allow one to borrow any external power, but this method of gathering the energy through one's own cultivation was not against the rules. Many people knew this method, but they were not as good as Chen Xiang.

Chen Xiang released most of his power and rose high into the sky. Then, using his power as the basis, he gathered the power in the surrounding area.

Previously, he had discussed this with Bai Youyou and Long Xueyi inside the Time Formation, and spent a very long time to strengthen this technique.

After Chen Xiang unleashed his Heavenly dragon seal, lightning and thunder suddenly appeared above the fighting stage, and the flames that exploded out earlier quickly congealed in the air.

Bloody Costume Fighting God also sensed something and laughed coldly: "You want to gather energy to deal with me, you are underestimating me too much. Just now, that was your strongest power, you are truly disappointing."

"Let's see how long you can hold on for." Bloody Costume Fighting God's body suddenly leaked out a faint light aura.

Chen Xiang's heart skipped a beat. Bloody Costume Fighting God had to release most of his strength to move his heavy and agile body. He was going to fight with all his strength.

"Ao Lei Fire Seal."

Chen Xiang tensed up, and immediately released half of the Heavenly dragon seal. The blood red lightning and flames in the air quickly condensed into a dragon, releasing a shocking roar.

When Azure Dragon Fighting God saw this scene, his face turned solemn. He knew that the power Chen Xiang had used was related to dragons, but he never thought that it would be so strange.

The people who had been yelling were now all silent. This sudden appearance of a dragon was just too shocking. This was not a real dragon, only the condensation of fire and thunder.

"This Crimson Dragon War God really has a trick up his sleeve."

"Being able to win ten consecutive victories and being a Alchemist is indeed not a simple answer."

"This method seems very strong. By combining the energy in the surroundings into an even stronger energy, it's very similar to the method of refining pills."

Everyone exclaimed, the worshippers of the Bloody Costume Fighting God were also worried, worried that the Bloody Costume Fighting God would lose.

"I'm going to destroy this thing." When Bloody Costume Fighting God saw this dragon fly down, he raised his fist and roared. He hated dragons the most, and it was mainly because of Azure Dragon Fighting God.

Under the might of the Proud Thunder Fire Dragon Seal, the colossal dragon released an angry roar, and with a rumble, it fell onto the ground, enveloping Bloody Costume Fighting God.

"Ah!" Bloody Costume Fighting God roared loudly, his fists moving chaotically. He thought that the falling dragon would be condensed into a single ball and could be scattered with a single punch, but who knew that after the dragon had landed, it would turn into countless small dragons, shooting out powerful lightning bolts that struck all over his body.

Bloody Costume Fighting God was most afraid of lightning energy. As long as he had enough lightning energy, he would be able to break through his powerful Holy stone body.

The lightning energy that Chen Xiang released was far weaker than the Azure Dragon Fighting God's, his main purpose was not to defeat the Bloody Costume Fighting God in one strike, but to cause chaos for the Bloody Costume Fighting God.

With such a powerful body like Bloody Costume Fighting God's, it would require a very strong power of lightning to penetrate it. Chen Xiang could only use the power of the Red fire dragon, he did not want to reveal the Red fire dragon yet.

Bloody Costume Fighting God only felt a numbing pain in his body, and it was extremely hot, causing him to feel very uncomfortable. He knew very clearly that he had not received any injuries, as long as the wave of energy weakened, he would be able to recover.

As a famous War God, Bloody Costume Fighting God knew right away that Chen Xiang's goal was to buy some time to launch the next round of attacks, and this round's attacks were mostly close range attacks.

As expected, Chen Xiang rushed over, many people could guess, but they never thought that his fist would look like he was releasing any energy, it was just an ordinary fist.

Everyone found it hard to understand why such a rare opportunity would be used to fight with such an ordinary fist.

The Bloody Costume Fighting God was truly worthy of being called a victory, even though his body was in pain, he was able to punch out at the same time as Chen Xiang's fist, which was something Chen Xiang did not expect, for the Bloody Costume Fighting God was able to strike back.

Chen Xiang's fist had landed on Bloody Costume Fighting God's head, but it was now blocked by Bloody Costume Fighting God's fist. The instant the two fists collided, an invisible wave of air exploded out, sending Chen Xiang flying backwards.

Although it did not hit Bloody Costume Fighting God's head, but Chen Xiang's punch just now had caused great damage to Bloody Costume Fighting God, only to see Bloody Costume Fighting God's raised arm, suddenly weakening.

This was the Bone-melting magic power, originally called the Bone-melting magic palm, but after being refined by Bai Youyou for many years, it could already transform into a mysterious hidden force, and could even be unleashed through blades and swords. The prerequisite was that one had to come in contact with the opponent to be able to strike this strange hidden force, to pass through the strong defense on the outside, and directly enter the body to remove the bone.

In that instant, Bloody Costume Fighting God could deeply feel that the bones in his arm were gone, even the bones in his shoulder had disappeared without any pain.

[Chapter 3566](#)

Bloody Costume Fighting God's face was immediately filled with shock. No one knew what happened, but after seeing Bloody Costume Fighting God and Chen Xiang's fists, it seemed like his arm was heavily injured as it drooped. It could be seen that Chen Xiang's normal looking punch earlier contained a strange power.

Chen Xiang struck the Heaven Blasting Palm through the air with his other hand, using his other hand to lock onto Bloody Costume Fighting God's other hand. The Bloody Costume Fighting God could only use his other hand to strike the incoming Heaven Blasting Palm Lightning.

Being struck by the lightning power made his arm even more painful, but Chen Xiang had already arrived beside him and punched him on the head again.

The Bloody Costume Fighting God roared, he did not know where the power came from, but he was forced to retreat a few steps, he did not dare use his fist to fight anymore, he was afraid of Chen Xiang's strange power. His whole body was in pain, but he didn't know what was wrong with his disintegrated arm.

"Shining Dragon's Lock!" Chen Xiang released a few small dragons formed from lightning that wrapped around Bloody Costume Fighting God's legs and body. Then, he once again quickly charged forward.

B000M!

Chen Xiang's fist landed on Bloody Costume Fighting God's head, and the Bone-melting magic power was successfully struck into his body. After that, he quickly threw out a few punches with Bone-melting magic power poured into his body, hitting every part of Bloody Costume Fighting God.

The punch also seemed to have some power, it was so loud that it made the crowd think it was not powerful, but Bloody Costume Fighting God's body was not pushed back at all. Everyone thought that his power was not strong enough, and was unable to break through Bloody Costume Fighting God's Holy stone's body.

The bones in Bloody Costume Fighting God's head had been melted, and he suddenly fell onto the ground, the previously swollen body had now become somewhat shriveled up, which was a strange scene to behold.

Chen Xiang immediately rushed forward, his palms facing Bloody Costume Fighting God's mouth, and released the strongest Meteor immortal power. Bringing about berserk fire lightning, he poured it into his body from Bloody Costume Fighting God's mouth.

When the Bloody Costume Fighting God fell, everyone felt that it was already unbelievable. The Bloody Costume Fighting God's Holy stone body was very strong, no matter how strong it was, it was difficult for him to lie on the ground.

And those few punches that Chen Xiang seemed weak, actually caused Bloody Costume Fighting God to fall to the ground. Then, Chen Xiang quickly and ruthlessly hit Bloody Costume Fighting God's mouth twice, hitting him with Meteor immortal power.

Just as everyone was still immersed in the astonishment of Bloody Costume Fighting God falling to the ground, they saw his body suddenly expand, and they immediately thought that he had recovered.

And the next moment, they all knew that they were wrong!

Bloody Costume Fighting God's body started to expand, but suddenly released a "Boom" sound, and Chen Xiang's Meteor immortal power broke out from Bloody Costume Fighting God's body.

Everyone saw that after a burst of lightning and flames, Bloody Costume Fighting God's huge body was shattered into pieces, scattering all over the stage.

After Chen Xiang unleashed two Meteor immortal powers, he anxiously dodged to the side. Seeing that the Bloody Costume Fighting God had shattered into pieces, he sighed a breath of relief.

Everyone thought that they were seeing things, their faces filled with disbelief, their eyes opened wide, and they saw that the stage was filled with glittering s, which were the pieces of the Bloody Costume Fighting God!

The Bloody Costume Fighting God had died just like that! Moreover, the process wasn't that intense. On the contrary, it was extremely strange.

"Die ..." "Dead!" The Azure Dragon Fighting God said with a frown.

Mu Yijing, who was complacent just a moment ago, was unable to speak, his face ashen. He was very clear whether the Bloody Costume Fighting God was dead or alive, because the Bloody Costume Fighting God had signed with him, and he could immediately feel it once the Bloody Costume Fighting God was dead.

However, all of these were too fast, the Bloody Costume Fighting God was struck by Chen Xiang's flame lightning, causing his entire body to be paralyzed, but the Holy stone body was extremely powerful, and he was unable to defeat it in a short period of time, even if it was the Azure Dragon Fighting God, they were only able to break through the Bloody Costume Fighting God, unable to destroy his body.

When the Bloody Costume Fighting God fell later on, Mu Yijing was the same as everyone else, but he believed that the Bloody Costume Fighting God was affected by the too strong Thunder power and the vibrating power. Relying on the Holy stone's body, as long as he could endure it, he would be able to stand up once again.

No one would have thought that after the Bloody Costume Fighting God fell, not only did he not manage to stand up again, his body had also shattered.

Hua Liqing held tightly onto Feng Lanyi's jade hand, and exclaimed in a low voice: "This guy is too terrifying, just how did he do it! What did he do? "

Feng Lanyi was looking very seriously just now, but as a person of the World Defying Stage Legendary Rank, she had still discovered something. "Boss Shen's seemingly ordinary fist contains a very terrifying and mysterious power. It's probably broken, or the bones inside have been greatly affected. "

"Then, Boss Shen punched Bloody Costume Fighting God a few more times on his head and body before Bloody Costume Fighting God fell. It looked soft on the face, but in the end, he poured a lot of his power into the body through Bloody Costume Fighting God's mouth ... He should be the Divine Sense Sea who ignited the Bloody Costume Fighting God, causing the body of the Holy stone to explode. "

Chen Xiang won. Yang Genming was overjoyed, but even more so, he was shocked. Just like Feng Lanyi, he also realized the importance of those few laps, it was an extremely mysterious power.

The Bloody Costume Fighting God was about to step into the World Defying Stage Legendary Rank. Although he was a slave, he would be free in a hundred thousand years. He was still a strong World Defying Stage Legendary Rank Ranker, and now, he had died here.

After the silence, the World Defying Stage Peak Divine Rank Colosseum released a burst of clamorous cries and discussions.

"Chen Xiang wins!" The elder in charge was astonished, but at the same time, he announced the result.

Mu Yijing's losses could be said to be severe, the Bloody Costume Fighting God was about to become the World Defying Stage Legendary Rank, at that time, he would be his strongest slave, but he would be destroyed by Chen Xiang.

Mu Yijing was so angry that his face twitched, turning to look at Yang Genming who had a complacent expression.

"You lost." Yang Genming laughed.

Mu Yijing immediately roared, "Scarlet Dragon War God, I will send the Azure Dragon Fighting God to fight with you. If you can defeat the Azure Dragon Fighting God, you can obtain one thousand Tao-creation Holy Crystals.

"I accept, but I need ten days to prepare." Chen Xiang said. Actually, he did not use his true strength just now. He said that ten days later, he had another goal.

"So what if it's ten days. At that time you must not go back on your words, you are not allowed to lie in World Defying Stage Peak Divine Rank Colosseum, otherwise you will be disqualified." Mu Yijing shouted angrily, he looked at Yang Genming and snorted, then left.

Chen Xiang won, and today, all of World Defying Stage Peak Divine Rank Colosseum's income was returned to Becoming Famous Fighting Team. Yang Genming was overjoyed, and his Becoming Famous Fighting Team finally became famous.

Chen Xiang left the competition grounds through the special passage. Yang Genming hurriedly walked up and smiled, "Boss Shen, I never thought that your fighting strength would be comparable to your pill refining skills."

"I said long ago that I would win." Chen Xiang laughed: "City Lord, help me arrange the next battle. I want to challenge Green Wood Fighting Team's War God, I want to continue killing his War God."

"Good, good, good!" Yang Genming understood what Chen Xiang meant. He wanted the Green Wood Fighting Team's War Gods to all fall one by one.

[Chapter 3567](#)

He never thought that a weak and weak Alchemist like Chen Xiang would actually use such a powerful force to kill him. What made him most embarrassed was that he was cocky in front of Yang Genming previously, but not long after, he was slapped in the face.

"That bastard Yang Genming, he must be really happy." Mu Yijing said fiercely as he walked back and forth in the hall, unable to calm his anger.

"Boss, in ten days, I will definitely defeat Chen Xiang." As long as Chen Xiang was taken as a slave, Feng Lanyi would be able to let him do as he pleased.

"Mn, I believe you, you cultivate the World Defying Green dragon, if you want to defeat him, that kid has to cultivate a powerful World Defying beast as well, and from his previous battle with Bloody Costume Fighting God, I can see that he is not cultivating, and cannot feel the aura of the World Defying beast."

When Mu Yijing thought about how Azure Dragon Fighting God was able to defeat Chen Xiang, he felt much more comfortable for the time being. He said with a cold smile: "Even if Chen Xiang cultivated and had a World Defying beast, he would definitely not be your match. Your World Defying beast has actually stepped into the World Defying Stage Legendary Rank."

Mu Yijing was very confident in the Azure Dragon Fighting God, because even he felt that the Azure Dragon Fighting God was very powerful and not anyone could take care of him. He believed that the

Azure Dragon Fighting God was considered to be an invincible existence in the Peak of World Defying magic realm, and even if there was an opponent that was on par with him, he would at most only be able to draw with him and not be able to defeat him.

... ..

In the City Lord's Mansion, when Hua Liqing and Hua Liqing go to settle the entrance fee, they discovered that it would be a huge sum of wealth.

It was just that this method of earning Tao-creation Holy stone would not last long and would only come once in a while.

Chen Xiang thought that pill refining was rather interesting, because once a good pill was created, it could be sold for a high price and he could also improve his own strength.

Even Yang Genming, the City Lord, was being so respectful to him, you could see how high the status of an outstanding Alchemist was.

Feng Lanyi was in a courtyard with Chen Xiang at the City Lord's Mansion. Seeing Feng Lanyi's worry, Chen Xiang smiled and said: "Lan Yi, you don't have to worry. If I really lose, I'll choose to die as well.

Chen Xiang could guess that if Mu Yijing accepted him as a slave, the first thing he would do was definitely for him to deal with Feng Lanyi, because Feng Lanyi was a precious "pellet" that could help the Azure Dragon Fighting God level up.

"I believe you will win." After that, she sighed softly, "I was only worried that Mu Yijing would disregard everything and take revenge on you. He is an important figure of the Wood Mountain Sect."

"We really need to be on guard. This is a matter of the future, wait until I defeat Azure Dragon Fighting God first, and then I will have City Lord come up with an idea." Chen Xiang said.

Feng Lanyi nodded. To her, the most important thing right now was to protect Chen Xiang well. She was from the World Defying Stage Legendary Rank, the strongest person by Chen Xiang's side.

Hua Liqing came back with a sweet smile on her face. She knew that Yang Genming had given her a lot of Tao-creation Holy stone.

"There are so many Tao-creation Holy stone, how are we going to spend them?" Hua Liqing laughed.

"How many are there?" Feng Lanyi walked over and asked.

"One million Tao-creation Holy stone." Hua Liqing took out a Storage bag, waved it in his hand, and was about to give it to Chen Xiang.

"Actually, it's not that much ... Ten thousand Tao-creation Holy stone can only be exchanged for one Tao-creation Holy Crystal. This place only has one hundred Tao-creation Holy Crystals. " Chen Xiang said: "I think it's still too little."

"Yeah, it's only a hundred Tao-creation Divine Crystals." Hua Liqing thought about it, and felt that there were very few Tao-creation Holy stone in his hands.

"Not a few, if I were to sell low rank World Defying god-becoming Dan, who knows how many would have to be sold." Feng Lanyi laughed: "Have you decided how to use it?"

"If possible, I will exchange eight hundred thousand Tao-creation Holy stone for eighty thousand Tao-creation Sacred Crystals and leave two hundred thousand Tao-creation Holy stone for other uses. Everything needs to wait for me to defeat the Azure Dragon Fighting God before I plan my next step."

Chen Xiang trusted Hua Liqing, so he had to leave all these matters to her.

To Chen Xiang, the main uses of the Tao-creation's Holy Crystals were to refine artifacts, strengthen his Six Realms mirrors or pill furnaces, and then his Time Formation.

He had another plan, which was to set up a very strong Transmission array, and see if it could contact the Divine Dragon Lake on the side of World Defying Stage Soul River in the first level, and then transfer all the people there.

This was a long-term plan, which would require Xiao Xianglin and Feng Ke'er to use their Space mantra to their limits.

Yang Genming walked in with a smile. With two outstanding beauties by Chen Xiang's side, he did not find it strange, because Chen Xiang was already very powerful, and Feng Lanyi was the one who helped Chen Xiang to step into the World Defying Stage Legendary Rank. It was normal for him to follow Chen Xiang wholeheartedly.

"City Lord, have you arranged the matches?" Chen Xiang asked with a smile.

Tomorrow, in a match with Violent Saber Fighting God, this Violent Saber Fighting God and the Crazy Sword Fighting God are the same master. Judging from the name, this person is more arrogant, but actually, that's not it. Yang Genming said.

"I've also heard of this person. It's said that he hasn't lost since he became a wargod." Feng Lanyi said: "He's a relatively low-key person in the Green Wood Fighting Team, but at the same time, one with great strength."

Yang Genming nodded his head, "Yes, but Boss Shen will definitely be able to defeat him. If he cannot, then there is no need to go and fight Azure Dragon Fighting God."

"City Lord, what is the relationship between the boss and the wargods in such a large team like Green Wood Fighting Team? Is it a master-servant relationship?" Chen Xiang asked.

"No..." "It's just an employment relationship, wargods can leave at any time" Yang Genming said: "Mu Yijing has always wanted to completely control these War Gods, to be his slave. The Bloody Costume Fighting God is a very good example, if it wasn't for you destroying the Bloody Costume Fighting God, in the future, he would have two slaves from the World Defying Stage Legendary Rank."

"Signing a slave for the Master-servant Contract with him, you can die for him. This is very scary." Yang Genming glanced at Feng Lanyi.

"Looks like the Azure Dragon Fighting God is willing to become Mu Yijing's slave in order to step into the World Defying Stage Legendary Rank. This is also why Mu Yijing went all out to deal with me." Feng Lanyi said, she was not too worried about being captured right now, because Chen Xiang was very

protective of her. Otherwise, she would not have personally went to the battlefield to deal with the Azure Dragon Fighting God, this fact made her very moved.

"Yes, if Azure Dragon Fighting God is also dead, hehe." Yang Genming laughed.

"He's going to go crazy. Will he go crazy when the time comes?" What Chen Xiang said was what Feng Lanyi was worried about.

That day, many of Mu Yijing's enemies will come, and these enemies have already missed the chance to see Mu Yijing make a fool of himself once, so they do not want to miss out on another opportunity. " Yang Genming was not worried, and laughed.

[Chapter 3568](#)

When Mu Yijing found out that Chen Xiang was challenging his Green Wood Fighting Team's War God, an indescribable hatred immediately surged. He knew very clearly, that Chen Xiang had done this to take revenge on him against Feng Lanyi! He had already lost a Bloody Costume Fighting God, but Chen Xiang didn't lose anything, and even made a huge profit. Even faster, "This bastard, he actually wants to kill all of my Green Wood Fighting Team's War Gods one by one?" With a palm, Mu Yijing smashed apart the stone table in front of him.

Although Mu Yijing said that, he did not have much confidence in it. This was because Chen Xiang was able to defeat Bloody Costume Fighting God, and Violent Saber Fighting God's strength was not as strong as him.

"Boss, Lie Dao is very strong. Although he looks gentle and refined, underneath his gentle appearance, he hides a very violent power. His strength is not weaker than Bloody Costume Fighting God." He wanted to see Chen Xiang's mysterious power through the battle between Chen Xiang and Violent Saber Fighting God.

Because the Bloody Costume Fighting God's corpse had been blown into pieces, they were unable to ascertain the use of Chen Xiang's Bone-melting magic power, causing them to be extremely fearful of the strange and mysterious power that Chen Xiang possessed.

"This Chen Xiang, I will definitely not let him off!" The more Mu Yijing thought about it, the angrier he became. He had only just obtained such a good slave like the Bloody Costume Fighting God, and before he had the chance to rejoice, he was exterminated by Chen Xiang. ad)

The World Defying Stage Legendary Rank's slaves could not be measured using the Tao-creation's Holy Crystals.

"Boss, we have news from outside Wood Mountain Sect, it's related to Chen Xiang." A black clothed man walked in and took out a jade tablet, inside it was recorded information about Chen Xiang.

After Mu Yijing finished reading, his expression became grave, and then, he strongly smashed a chair to the side. "This bunch of outer sect trash, especially the outer sect Leader s, were actually unable to handle the Chen Xiang at that time, who was only at the middle stage of the World Defying Stage Divine Rank, and let him escape."

Mu Yijing passed the jade tablet to Azure Dragon Fighting God, for him to see.

After Azure Dragon Fighting God finished reading, he frowned: "This fellow Chen Xiang, from the middle stage of the World Defying Stage Divine Rank to the peak of the late stage, and then coming here again, not too long after, how exactly did he do it?"

"Pill refining!" Chen Xiang is a very talented Alchemist, his World Defying god-becoming Dan must have other better pills, I just bought one for someone else, and 'gave it' to the alchemist grandmaster. The alchemist grandmaster said that there is still a lot of room for improvement in this pill, and after it increases, it will continue to increase the number of breakthroughs, and at the very top, it will allow people to quickly step into the Late period of World Defying magic realm. "

Mu Yijing was extremely vexed, he started to regret opposing Chen Xiang now, but as matters stood, he had already caused a loss, and would definitely not let the matter rest.

"Go find Lie Dao and let him fight better tomorrow. There is no need to defeat Chen Xiang, you only need to injure him, or 'force' Chen Xiang to use even more strength." Mu Yijing waved his hands towards Azure Dragon Fighting God.

Azure Dragon Fighting God immediately did as he was told.

... ..

He had Xiao Xianglin and Feng Ke'er use it to refine Divine Armor for them to use. He rested for the entire night and when he woke up early in the morning, he saw Feng Lanyi and Hua Li waiting for him in the hall.

After seeing Chen Xiang defeat the Bloody Costume Fighting God previously, 'Hua Li Qing' and Feng Lanyi were no longer so worried. They knew Chen Xiang was strong, but they still cared a lot about this battle.

On the other hand, Chen Xiang had a relaxed expression. He greeted the two women and then went to find Yang Genming.

Yang Genming was already waiting for Chen Xiang and he was very happy too. If Chen Xiang won today, his Becoming Famous Fighting Team's reputation would be even greater, because Chen Xiang killing him would cause his name to rise greatly.

After entering the World Defying Stage Peak Divine Rank Colosseum, 'Flower' Li Qing and Feng Lanyi sat in the same position as last time. This was something they had asked Yang Genming to leave for them.

Chen Xiang followed Yang Genming and entered the backstage of the World Defying Stage Peak Divine Rank Colosseum, where only the team and other important people could enter.

"Boss Shen, there are quite a few War Emperors watching your fight today. There are quite a few already." Yang Genming sent a sound transmission to Chen Xiang.

Chen Xiang also saw a few proud and arrogant young men in front. They were all very far away, and obviously not from the same camp. Beside them was a middle-aged man, who was the boss of each battle team.

"Old Yang, your Becoming Famous Fighting Team is finally looking a little lustful! made Green Wood Fighting Team suffer a big loss. " A bald middle-aged man laughed as he sized up Chen Xiang.

"This must be the Scarlet Dragon War God! You really are very young. In nine days, if you are able to defeat the Azure Dragon Fighting God, you will be a Battle Emperor. " The bald middle-aged man laughed and patted Chen Xiang's shoulder.

"Hmph, how could the Azure Dragon Fighting God be defeated so easily?" A tall youth behind the bald middle-aged man sneered.

There were very few battles between Emperor Ares. As the gains wouldn't make up for the losses, most teams wouldn't let their own Emperor Ares challenge other Ares.

Therefore, these Emperor Ares all thought that the other Emperor Ares in battle were as strong as them, sharing the vicissitudes of life. When they saw Chen Xiang, they were rather disappointed, because they did not sense that Chen Xiang had cultivated any powerful energy, such as the power of World Defying beasts.

Anyone who could become an Emperor level warrior in the World Defying Stage Peak Divine Rank Colosseum would be able to grasp a type of powerful strength, be able to stand out amongst the Peak of World Defying magic realm, be far ahead of others, and be able to suppress Peak of World Defying magic realms of the same level.

"Azure Dragon Fighting God is indeed not easy to defeat, but I feel that you are much weaker than him." Chen Xiang looked at the tall youth and laughed.

"What did you say?" "If you have the guts, go ahead and fight!" the tall youth said angrily.

Yang Genming anxiously transmitted to Chen Xiang: "This guy is from the Crude Bear Fighting Emperor. He is a wild bear cultivator, and is very strong."

"Great!" How about a fight with me in nine days? I've won, give me as many Tao-creation Holy Crystals as you like. " Chen Xiang said with a smile on his face.

"Are you joking? In nine days, don't you want to fight with the Azure Dragon Fighting God?" The Crude Bear Fighting Emperor said loudly.

I took care of the Azure Dragon Fighting God and you too. Chen Xiang said in a calm and unhurried manner. His voice was calm, and he wore a smile on his face;

The Crude Bear Fighting Emperor was a genuine God of War, he actually said that he wanted to take care of Yue Yang. The other War Emperors and bosses all found him very interesting, they very rarely saw someone who was calm and extremely arrogant.

"Do you dare?" Chen Xiang laughed: "If you don't dare, then forget it, since you're a bear, no matter what, I can understand!"

The bald middle-aged man laughed and said, "The Crimson Dragon War God is really confident in himself. Fine, fine, I will make the decision and set this fight! The conditions are the same as Green Wood Fighting Team's, you win, a thousand Tao-creation's Divine Crystals. "If you lose, you become my slave."

"Alright, one sentence ..." Just as Chen Xiang wanted to agree, he was pulled over by Yang Genming.

"Boss Shen!" This is not a joke. Defeating Azure Dragon Fighting God and even defeating this guy is not so good, right? " Yang Genming said.

"It's fine, I can defeat him." Chen Xiang replied.

"It's a deal. Nine days later, if I defeat Azure Dragon Fighting God, you can go on stage." Chen Xiang spoke very easily.

[Chapter 3569](#)

After Chen Xiang and Yang Genming left, the boss of the team gathered together. Almost all the books you want to read are available, they are much more stable than the average station and are updated much faster, there are no advertisements in the entire text.] The updates were quick.

"Baldy, this kid is really confident. You've earned so much!"

"Isn't that so? How would you even have the strength to fight your Huang Xiong after defeating your Azure Dragon Fighting God? "

"Maybe he's overconfident after defeating Bloody Costume Fighting God." The bald middle-aged man laughed loudly.

They believed that it was possible for Chen Xiang to defeat the Azure Dragon Fighting God, but after defeating the Azure Dragon Fighting God, he had gone to fight the Crude Bear Fighting Emperor instead. This was almost impossible, unless Chen Xiang was the World Defying Stage Legendary Rank.

When Chen Xiang entered the fighting arena, Azure Dragon Fighting God also knew about the arranged battle between Chen Xiang and Crude Bear Fighting Emperor. He didn't know why, but he was extremely furious in his heart, he felt that Chen Xiang did not even put the battle nine days later in his eyes, and actually went to accept another battle.

He was dressed in a white robe and dressed like a scholar. He looked very scholarly and refined, with a gentle smile on his face. It was obvious that he was an old friend, making people unable to produce any sort of enmity towards him.

Violent Saber Fighting God was the same master as Crazy Sword Fighting God, but Crazy Sword Fighting God was a very crazy guy, it was hard to imagine that they were martial brothers.

Seeing Violent Saber Fighting God like that, Chen Xiang became extremely alert, he felt that this Violent Saber Fighting God was very well-hidden.

"Violent Saber Fighting God looks just like the rumors said." Chen Xiang said.

"What are the rumors like?" He knew about the Violent Saber Fighting God, but he still asked with a smile.

"He said you were a refined scholar." Chen Xiang said: "It looks like it, but I feel that when you fight later on, you will definitely be extremely terrifying. "

Chen Xiang had this premonition.

"My boss told me that as long as I can delay you for two hours, I would be able to obtain fifty Tao-creation's Holy Crystals. Even if he loses, he would still give me these fifty Tao-creation's Divine Crystals. " The Violent Saber Fighting God said, "That's why I have to become very scary later on."

The fifty Tao-creation Holy Crystals were not a small amount, it was equivalent to five hundred thousand Tao-creation Holy stone, a huge amount. War Gods could only obtain them after winning five matches, not every War God could win continuously here, and not every War God could fight against them everyday.

"How long will fifty of the Tao-creation's Holy Crystals be enough for you?" Chen Xiang asked.

"About fifty years." Violent Saber Fighting God thought about it seriously and said.

"If you give me fifty Tao-creation's Divine Crystals, I might even let you step into the World Defying Stage Legendary Rank. Can you even step into the World Defying Stage Legendary Rank within fifty years?" Chen Xiang laughed, looking at him like he was telling a joke.

But Violent Saber Fighting God answered very seriously.

"I might not even be able to step into the World Defying Stage Legendary Rank even after five thousand years. If you can really let me enter the World Defying Stage Legendary Rank, five hundred Tao-creation's Divine Crystals would be worth it." Violent Saber Fighting God frowned, and said with a serious face.

Chen Xiang only said that, he did not have the confidence to let the Violent Saber Fighting God have a breakthrough. He only felt that the Emotional heart Dan was extremely effective towards people who cultivated pure flames, because he could feel that the Violent Saber Fighting God had a scorching Flaming Heart of Redemption.

Although Chen Xiang had refined pills and used fire himself, he didn't have such an opportunity! Su Meiyao and Xiao Xianglin also cultivated in fire, so they couldn't do it either.

However, his Red fire dragon was fine, so he was still hesitating whether he should let the Red fire dragon try to enter the World Defying Stage Legendary Rank or not.

"Can you really let me step into the World Defying Stage Legendary Rank?" The voice of the Violent Saber Fighting God appeared in Chen Xiang's mind.

"I'm not sure, but I can try." Chen Xiang answered truthfully.

"Alright, I'll give it a try." These words from Violent Saber Fighting God, stunned Chen Xiang momentarily.

This Violent Saber Fighting God was the Azure Dragon Fighting God, someone from Mu Yijing's group actually wanted to cooperate with him like this.

"Don't worry, when the time comes, I will swear a blood oath that I will not do anything that would harm you, nor harm any of the people around you." The Violent Saber Fighting God said.

The Violent Saber Fighting God was not stupid, he knew about Feng Lanyi. Only after Feng Lanyi got to know about Chen Xiang did he step into the World Defying Stage Legendary Rank.

As a City Lord, although his Becoming Famous Fighting Team was not much, he was still considered an overlord of a region within the Fighting Glorious City. However, he was respectful to Chen Xiang, so he believed that Chen Xiang must have grasped a pill formula that could allow a person to quickly step into the World Defying Stage Legendary Rank.

"Then are we still going to fight?" Chen Xiang was a little depressed as he asked with sound transmission.

"Of course! I will still do my best to fight you. " The Violent Saber Fighting God responded.

"That's good, then I won't show mercy either." Chen Xiang was thinking about what tactics he should use.

An old man shouted, "Begin!"

The battle started. Violent Saber Fighting God waved his hand and flames started burning his arms, especially his five fingers.

"Raging Flames Flying Daggers!" someone shouted.

"The flaming throwing daggers that are formed from fingers. It is said that the War Gods that fought with the Violent Saber Fighting God are placed on the flaming flying daggers at the end!"

"I've also heard about it, but the Raging Flames Flying Dagger was Violent Saber Fighting God's trump card, his strongest move. He actually used it right from the start."

Everyone understood Violent Saber Fighting God quite well, they never expected him to use his strongest battle skill from the very beginning.

Mu Yijing, who was watching from the backstage, angrily said: "That bastard Lie Dao, what is he trying to do? Didn't I tell him to delay as much as possible? "

Azure Dragon Fighting God was also very angry: "He actually doesn't listen to the orders, he must be kicked out of the team."

Yang Genming laughed, "Do you want to see the tactics of the Scarlet Dragon War God? I never thought that you all would actually be so worried for the Scarlet Dragon War God. "

Mu Yijing did not bother with Yang Genming, and only glared at Violent Saber Fighting God who was on the fighting stage.

Facing Violent Saber Fighting God, Chen Xiang also felt his heart jump. He could very clearly feel that the level of pure and wild flames on Violent Saber Fighting God's finger when it was ignited with golden fire.

It made him feel like the entire body of the Violent Saber Fighting God, including even his soul, had been transformed by flames and was currently blazing with raging flames.

"Take my attack!" Violent Saber Fighting God bellowed, his two palms trembled, and instantly exploded. Ten golden lights shot towards Chen Xiang, and his palms disappeared, as though it had been cut off from his wrists.

Violent Saber Fighting God's hands turned into ten flaming throwing knives, a few of them danced in the air, while the others flew towards Chen Xiang from all directions, quickly locking onto him.

Feng Lanyi could feel the terrifying flames from the few layers of enchantments around the stage.

"This guy's flames are too powerful, it's hard to imagine a human can do this." Feng Lanyi gritted her teeth as she spoke, she stared at the golden colored flaming throwing daggers.

Chen Xiang immediately released his Bone-melting magic power. His Bone-melting magic power did not attack her, but instead turned into an invisible shield that covered her.

Everyone looked over and felt that Chen Xiang had been locked on. No matter what, it was hard for him to dodge, so he could only defend against these ten terrifying flaming throwing daggers.

[Chapter 3570](#)

At the same time, half of the flaming throwing daggers flew in from all directions, while the other half in the air descended rapidly and struck Chen Xiang at the same time. Boom!

Seeing this, everyone knew that Violent Saber Fighting God had used all of his strength to kill Yue Yang in one strike.

"The Crimson Dragon War God is going to fall this time."

"Violent Saber Fighting God's Raging Flames throwing daggers are really scary. This kind of attack is simply impossible to block."

"It's surrounded from all sides, and it also has a powerful force. It's hard to dodge it."

Everyone felt that the Violent Saber Fighting God already had the upper hand and was not optimistic about Chen Xiang. However, with their sharp eyes, they discovered that the Violent Saber Fighting God's face did not look good.

Everyone took note of the Violent Saber Fighting God's solemn expression, it did not seem like he had the upper hand.

The firelight enveloping Chen Xiang dissipated, and there was only a cloud of smoky smoke left. Chen Xiang was actually alright, he stood straight ahead with a relaxed expression.

What was shocking was that all the fingers on Violent Saber Fighting God's hands had disappeared. He had turned into a flaming knife and was sent flying, but failed to return successfully, meaning that the flaming knife he released was completely damaged.

What had just happened, everyone was alarmed to ask this question, to actually be completely destroyed by Violent Saber Fighting God's flaming throwing daggers.

"I admit defeat." Violent Saber Fighting God shouted, looked at his broken hands, and turned to leave the fighting stage.

It was only a short exchange of blows, but the outcome was already decided. Violent Saber Fighting God voluntarily admitted defeat, mainly because his powerful Raging Flames throwing dagger was damaged, this was a huge loss to his strength, admitting defeat was also within reason.

Chen Xiang could tell that Violent Saber Fighting God did not use his full strength. The main reason was because Violent Saber Fighting God had secretly discussed this with him previously, so it could not be said that Violent Saber Fighting God was betraying Green Wood Fighting Team, but rather that Violent Saber Fighting God was looking for a better boss to become stronger.

Chen Xiang looked at Violent Saber Fighting God's back, he did not know how Violent Saber Fighting God would contact him, if this matter were to be made known to Mu Yijing, he was afraid that Violent Saber Fighting God would be in deep trouble.

"Lie Dao, what are you doing? Stop right there." This was Mu Yijing's furious voice, because the Violent Saber Fighting God did not do as he said.

"I just want to follow my own plan to fight. When I first joined the Green Wood Fighting Team, you promised me that you wouldn't interfere with my battle." Violent Saber Fighting God said leisurely. He didn't seem to be too afraid of Mu Yijing.

"You ... Get the hell out of Green Wood Fighting Team. " Mu Yijing said angrily: "Green Wood Fighting Team doesn't need cripples like you."

"Alright, from today onwards, I will no longer be the Green Wood Fighting Team's War God." Violent Saber Fighting God said loudly. This was a good thing for him: "Also, I am not crippled.

After Violent Saber Fighting God finished speaking, he walked to the other door. Without taking the War God's passage, he no longer had any relationship with the Green Wood Fighting Team.

... ..

Inside the City Lord's Mansion, Chen Xiang was discussing about the Violent Saber Fighting God with Feng Lanyi.

"This Violent Saber Fighting God might really be able to eat Emotional heart Dan and step into the World Defying Stage Legendary Rank." Feng Lanyi said, "I feel that there's something in his body that can be like me. As long as I absorb enough fire energy, I can evolve."

"I've already talked to him. If he can become the World Defying Stage Legendary Rank, he will definitely be on our side." Chen Xiang said: "I just know why he came to find me."

Hua Liqing returned from settling the debt, and this time, Chen Xiang was also allocated a million Tao-creation s, but Hua Liqing's expression was serious.

"Sister Li Qing, what happened?" Chen Xiang asked.

"It's not a good thing. Do you remember what you told me about the Tao-creation Evil Ancestor before? This guy appeared outside the Seven Mountains Divine Island." Hua Liqing said: "This fellow's strength is extremely terrifying, he has already destroyed an entire Tao-creation Mountain ... Tao-creation Ice Mountain was destroyed by him, so all of Tao-creation's disciples should come to Seven Mountains Divine Island. "

Feng Lanyi was the most surprised, because she knew that the Tao-creation Ice Mountain was actually destroyed. She immediately thought of something related to the Tao-creation Evil Ancestor.

"The Seven Mountains Divine Island is now sealed." Hua Liqing sighed: "I wonder what will happen next, Tao-creation Evil Ancestor is very powerful, maybe the other six Tao-creation Mountain s will be destroyed as well."

"An entire Tao-creation Mountain was destroyed, and it was even a Tao-creation sect that was annihilated." Chen Xiang asked.

"A sect from the Tao-creation." Hua Liqing said: "This is equivalent to a Tao-creation Mountain being taken down."

"To be able to destroy a sect from a Tao-creation, this is considered very strong." Feng Lanyi said: "It's a good thing that during this period of time, a large portion of the inner sect disciples have moved to Seven Mountains Divine Island."

Feng Lanyi was previously a member of the inner sect of the Fire Mountain School and she had been moved up here as well. If the Tao-creation Evil Ancestor came here, the seven Tao-creation Mountain s outside would definitely survive and be destroyed by the Tao-creation Evil Ancestor.

Yang Genming came, his face was also gloomy, if the Seven Mountains Divine Island were to be broken through, then the Fighting Glorious City would probably fall into chaos, no matter what time, only peace and stability would allow him to profit greatly.

"What is this?" Chen Xiang saw that Yang Genming was holding onto something, it was a piece of paper.

"A portrait of the Tao-creation Evil Ancestor." Yang Genming placed the portrait on the table. There were three of them in total.

"You want that many?" Chen Xiang looked at Tao-creation Evil Ancestor's appearance. It was an old man with a head full of black hair ... He only looked like an old man, but there weren't many wrinkles on his face. The old man's expression was solemn and full of dignity.

"The next two are not Tao-creation Evil Ancestor s, they are two of Tao-creation Evil Ancestor's lackeys." Yang Genming said.

When Chen Xiang saw the two portraits, his heart was in turmoil. Tao-creation Evil Ancestor's two followers were actually Luo Jiuyang and Gu Tong.

Back then, when Luo Jiuyang and Gu Tong teleported to the same place in the Tao-creation Evil Ancestor, they couldn't find their whereabouts. But now, they became the followers of the Tao-creation Evil Ancestor, causing Chen Xiang's mind to be filled with countless thoughts.

He guessed that Luo Jiuyang and Gu Tong were probably controlled by the Tao-creation Evil Ancestor, if not they would not be messing around with him.

"How strong are these two lackeys?" Chen Xiang was shocked, his expression was calm.

"World Defying Stage Legendary Rank, no matter what, you are still very strong. I heard that these two guys were the ones who destroyed the Ice Mountain Inner Sect." Yang Genming said: "At that time, Sects from Seven Mountains sealed his Tao-creation Evil Ancestor and even refined his Tao-creation Mountain into his own. It's very normal for him to return now."

"Can the great formation of the Seven Mountains Divine Island really prevent them from entering?" Hua Liqing asked.

"They should be. Otherwise, they would have come in long ago... It's also possible that they won't be able to come in here for the time being and won't know about it in the future. " This was what Yang Genming was worried about.

Now that the Sects from Seven Mountains had hidden here, it was clear that they were afraid of the Tao-creation Evil Ancestor.

Chen Xiang really wanted to understand what was going on with Luo Jiuyang and his partner, and why they became his followers.
