

Dan God 3611

[Chapter 3611](#)

"Should I destroy it?" Chen Xiang wanted to try and burn this medicine that looked like it was carved from crystal with Little White Fox.

He Fengyuan said: "It's best if you don't want it. This medicinal pattern should be able to raise the quality of the pill, I think it's best if it is not destroyed! I suggest that you refine the other two supplementary ingredients right now. "

"Then use those two supplementary medicinal ingredients as the main body of the Core Formation stage. Finally, compress the medicinal pattern to a very small size and insert it into the half completed version of the Yuangang Divine Xu Grass and the Violet Spirit Fruit."

Chen Xiang took a deep breath. To refine this medicine into a very small mark seemed to be extremely difficult, and later on, he would have to inscribe the Huajing Dan grain as well.

"I can only try it now." Chen Xiang felt that with Little White Fox's help, this shouldn't be too difficult.

He took out the Divine Stainless Grass and the Violet Spirit Fruit and began to refine them himself. He was afraid that these two medicinal ingredients were not strong enough and would be crushed by Little White Fox's pressure.

Chen Xiang used the legendary dragon fire to burn it, and used half a day to refine it, condensing it into a crystal before pushing it against itself and creating it. It made the quality stronger, and allowed Little White Fox to reduce the pressure in the end.

When it was almost time, Chen Xiang put this to the side and started refining the medicine markings.

"If you press it directly on you, it might shatter. Senior-apprentice Brother, use the fire to soften it first." Little White Fox said.

"I think so too." Chen Xiang released the legendary dragon fire to burn. After burning it for an entire day, the medicine markings became a bit more flexible. Afterwards, Little White Fox released the pressure on the markings, carefully removing them from Xiaoyao's body to ensure that they wouldn't deform.

This process required a lot of care and attention. If there was any mistake, the medicine mark would be wasted.

Chen Xiang also had to be extremely precise in controlling the flames to burn, even if the flames were too strong and too weak.

"If I was the only one, I wouldn't have been able to succeed." Chen Xiang sighed, Little White Fox had exerted a lot of power.

"We are martial brothers and sisters, it is great to be able to refine pills together. Without senior brother, I simply do not know how to do it." Little White Fox laughed: "I should be like a supplementary medicine when refining pills."

Chen Xiang smiled and patted Little White Fox's head: "Junior Sister is too modest."

Little White Fox spent an entire month to get the medicine markings to become extremely small, and it was extremely smooth and perfectly engraved on the pellet.

In the end, after the Zaoyuan purple bamboo, the Divine Stomp Grass and the Violet Spirit Fruit were refined and fused together in a strange state, this was the first time Chen Xiang had done such a thing.

"The quality of this pill is already very high." Chen Xiang could clearly feel that it was not over yet, he had only completed half of it, the other half was to inscribe Huajing Dan grain.

Huajing Dan grain were extremely important, they could raise the quality of a pill by several times.

"This might require a lot of Tao-creation's Divine Crystals." Chen Xiang had this premonition.

Su Meiyao had previously refined quite a few Peak dan s and they were all created while she was playing with them. Hua Liqing had sold a total of 400 of them, and after giving Yang Genming back the twenty thousand, he still had twenty thousand Tao-creation Divine Crystals on his hands.

"It should be enough." Chen Xiang looked at the Tao-creation Divine Crystal that he had and thought.

Then, he began to inscribe the Huajing Dan grain.

In the past, after successfully inscribing the Huajing Dan grain, one would still need to inject a large amount of life force into it. However, after Xiao Xianglin improved the Huajing Dan grain, all he needed to do was to place the Tao-creation Divine Crystal inside the Tianchuang furnace.

The process of carving the Huajing Dan grain was completed very quickly.

"Begin inserting the Tao-creation's Divine Crystal." Chen Xiang put in a thousand Tao-creation Divine Crystals and then looked at the number of Tao-creation Divine Crystals together with Little White Fox.

After the energy inside the Tao-creation's Holy Crystal is drained, it will slowly decrease in size and eventually dissipate.

It was just that not long after, there weren't many Holy Crystals of the Tao-creation left.

"So fast!" Little White Fox exclaimed.

A day later, all the thousand Tao-creation Sacred Crystals had disappeared. Chen Xiang was already mentally prepared, and knew that the energy this pellet required was extremely large, but he was still shocked; over a thousand Tao-creation Sacred Crystals were used up in a single day.

Chen Xiang continued to insert one thousand Tao-creation Holy Crystals.

In another day's time, Chen Xiang finished absorbing all the Tao-creation's Holy Crystals. Actually, Chen Xiang was very happy when he saw how fast this pellet was absorbing the Tao-creation's Holy Crystals, which meant this pellet was very strong.

Five days had passed and he had used up five thousand Tao-creation's Divine Crystals. The pellet began to tremble and the Huajing Dan grain turned red as it continuously flickered.

"It's a success!" Little White Fox shouted in shock. She and Chen Xiang had refined many Peak dan before, so she knew what would happen after she succeeded. Because she was also involved in refining pills, she had a sense of accomplishment.

Chen Xiang smiled and nodded.

"Senior brother, quickly try and see what effects it has." Little White Fox said: "Also, what is the name of this pill?"

"It depends on the effects when you name it. I'll give it a try first. When the time comes, I'll let you name it." Chen Xiang said as he took out the pellet from the furnace. Holding it in his hand, he felt the weight of the pellet was extremely heavy.

Little White Fox was very much looking forward to the results, and then, he was also thinking about the name.

After Chen Xiang ate the pellet, he felt a heavy feeling in his stomach, making him feel uncomfortable. However, the pellet soon had an effect as it was able to stay suspended in his dantian, then it started to spin very quickly, releasing a large amount of red energy that spread to all parts of his body.

Little White Fox could see at this moment that Chen Xiang's entire face was flushed red, and following that, his entire body's skin turned very red. Even the whites of his eyes were red, making him look somewhat terrifying.

"Senior Brother... Are you all right?" Little White Fox was a little worried.

"I'm fine. It's very comfortable." Chen Xiang laughed: "This may take a very long time to refine."

"Mm, it's alright. I'll accompany you." Little White Fox said.

"No need to accompany me. Go find Master or play with Xueyi for a few days, the energy that I feel is too strong." Even Chen Xiang himself was afraid.

"Yes." Little White Fox listened to Chen Xiang very well and immediately walked out of the Time Formation.

Chen Xiang continued to refine the energy in the pellet. A hundred years had passed and the pellet was still revolving in his dantian, releasing the blood red energy.

But at this moment, there was suddenly a change. What came out wasn't the mist, but the blood-red liquid.

"It's blood!" Chen Xiang's heart trembled, a large amount of blood poured into his body, fusing with his own blood and permeating everywhere.

A lot of blood gushed out of the pellet, continuously fusing with the blood in his body, seeping into his muscles and bones, rapidly increasing the strength of his body.

"What a terrifying pill. Feng Yuan is right, the Divine Sturgeon Grass and the Violet Spirit Fruit have a huge reaction with the Zaoyuan purple bamboo." Chen Xiang sighed in his heart.

Just like this, that pellet gushed with blood for over a hundred years. After a hundred years of tempering his body with this blood, it had become much stronger.

"The pill has turned purple. It's not over yet." Chen Xiang didn't know when this pellet's energy would be used up. This pellet was simply too frightening, no wonder it could absorb five thousand Tao-creation's Holy Crystals.

[Chapter 3612](#)

Chen Xiang didn't know how long it would take to refine it. It had already been so long, but this pellet still released energy. It was originally red, but after it turned purple, it released different energy. The blood energy that had been released by the red blood for two hundred years had caused his body to become very strong. A strong enough fleshly body was one of the necessary requirements to step into the World Defying Stage Legendary Rank.

"What is purple energy?" Chen Xiang's heart skipped a beat. He felt his soul getting attacked, purple was used to strengthen the soul ...

It took him another two hundred years to absorb the purple energy, and then it turned white again.

The energy released by the white light poured into his Divine Sense Sea, causing his power to increase by leaps and bounds.

This is to strengthen the Divine Sense Sea!

The white energy also lasted for two hundred years before ending. Chen Xiang felt the three energies in his body suddenly converging together. The power of his physical body, the power of his soul, and the power of his Divine Sense Sea unknowingly merged.

"Legendary gas!" Chen Xiang's heart trembled. He was extremely familiar with Legendary gas, because his Red fire dragon could release this kind of aura.

Chen Xiang had thought that he would need to consume ten or eight of these pellets, but to think that he would be able to enter the World Defying Stage Legendary Rank with just one pellet. He himself was shocked, the medicinal ingredients required for the pellet were not of the highest level, it was just that the refining process was extremely difficult, and it took a large amount of Tao-creation Divine Crystals to produce such an effect.

Chen Xiang could control his three powers to instantly fuse and release the Legendary gas, but he had improved greatly in all aspects. This meant that he had already stepped into the early stage of World Defying Stage Legendary Rank.

"World Defying Dan grain, the power of junior sister's avatar, all of this is indispensable, I am unable to concoct this pill myself." Chen Xiang felt that Little White Fox had helped her out a lot. She was a World Defying Stage Legendary Rank herself, and using the Pressure mantra, Increase spell and Fusion spell to strengthen the flames of the Red fire dragon was the key.

Then there would be five thousand Tao-creation Holy Crystals. If it were any other Alchemist, they wouldn't be willing to use so many Holy Crystals, because if they failed, it would be a huge loss.

Chen Xiang had stayed in the Time Formation for six hundred years, and six days had passed outside before he managed to refine a thousand Peak dan.

There were quite a few Peak dan that were previously sold, all selling at one hundred and fifty Tao-creation Holy Crystals. Now, Hua Liqing was prepared to lower the price to one hundred Tao-creation Holy Crystals.

"Junior Sister, I've broken through!" Chen Xiang smiled at Little White Fox.

"Really?" Little White Fox also did not dare believe that he could step into the World Defying Stage Legendary Rank just by eating a pill.

"Look!" Chen Xiang directly released the prideful Legendary gas, but after sensing it, Little White Fox still did not dare to believe it.

"Junior Sister, why don't you give me a name for this pill? You spent a lot of energy to help me refine it." Chen Xiang said.

"Let's call it Legendary god Dan." Little White Fox thought for a while, then said softly: "What about this name?"

"Un, that's the name we'll use. We'll be busy from now on." Chen Xiang said: "I will go look for Sister Li Qing first and bring over a little more Tao-creation's Divine Crystals from her."

Chen Xiang gave a thousand Peak dan to Hua Liqing and Hua Liqing gave him ten thousand Tao-creation Holy Crystals.

"Sister Li Qing, do you feel that I'm any different?" Chen Xiang laughed.

"What's different?" Hua Liqing frowned as he looked at Chen Xiang, then shook his head.

Chen Xiang had hidden his presence before and after that he released a little of the Legendary gas.

"Hehe!" Chen Xiang smiled mysteriously: "I have concocted a type of pill called the Legendary god Dan. If I can make a breakthrough while consuming this pill, so can you! I will try to refine a second pill to confirm the effects of this pill. "

"Alright!" Hua Liqing nodded her head excitedly. If it was possible, it meant that she could also enter the World Defying Stage Legendary Rank.

"Refining this kind of pellet requires a lot of Tao-creation Sacred Crystals, and it requires five thousand of them." Chen Xiang said: "Li Qing, if you sell this pill, how many Tao-creation's Divine Crystals do you think you can sell it for?"

"I'm not sure. It would be best if it was used for auction." Hua Liqing said: "With these thousand Peak dan, you should be able to earn a lot of Tao-creation's Divine Crystals. You still have a lot of Tao-creation's Divine Crystals on you, are you not short on any?"

"No need, I'll go and concoct pills first." Chen Xiang said. He still had about 25,000 pills, which was enough to refine another five pills.

Chen Xiang planned to let Su Meiyao enter the World Defying Stage Legendary Rank because she was also an alchemist and refined Peak dan faster. Chen Xiang did not know how long she could keep refining the Peak dan.

"If only I could learn Doppelgänger mantra." Chen Xiang sighed, the Doppelgänger mantra was a Legendary mantra, it was much harder to learn than the Supreme Mantra.

The reason why Little White Fox could grasp it so quickly was because she had a certain level of Inherent Skill, but Chen Xiang did not have such a talent. Most likely, he would need to learn it for hundreds of thousands of years to be able to do so.

"Junior Sister, let's continue." Chen Xiang said.

"Alright!" Little White Fox was very willing, and then he and Chen Xiang refined another Legendary god Dan inside the Time Formation.

With the previous experience, Chen Xiang and Little White Fox successfully refined another Legendary god Dan, and he immediately gave it to Su Meiyao.

"After I stepped into the World Defying Stage Legendary Rank, I planned to learn Doppelgänger mantra from Xiang Luan." Su Meiyao said, she also knew the importance of Doppelgänger mantra.

"I think you can learn the Pressure mantra first." Chen Xiang said: "This might be easier to grasp. When the time comes, just let her help you concoct the pills. Just go and learn the Doppelgänger mantra directly, it will take you a very long time. "

Chen Xiang didn't even dare to try.

"Yes, I'm going to refine this pill." Su Meiyao entered the Time Formation and refined it.

After Chen Xiang came out, many people queued up to purchase Peak dan s. At this time, the price had been lowered by fifty Tao-creation Holy Crystals, and there were even more people who wanted to buy them.

It was so expensive to sell, and there were also so many people buying it. It could be seen that the demand for Peak dan was very high, making many pill shops extremely envious.

However, Chen Xiang was so powerful, the shops did not dare to come and cause trouble, they could only be anxious.

Many of the pill shops had Alchemist s who were able to refine Divine Pills with their own hands, and they were all extremely curious as to how Chen Xiang was able to concoct so many Divine Pills so quickly.

This was mainly because of the Huajing Dan grain, because the Huajing Dan grain could quickly absorb the Tao-creation's sacred crystal's energy, and activate the pill pattern! During the process of refining a Divine Pill Tattoo Pill, making the Pill Tattoo Awaken was the most troublesome.

Ever since Mu Yijing was killed by the three Little White Fox s, many people were extremely respectful towards Boss Shen's shop, to the point that they did not dare to speak loudly in his shop.

But now, there were people shouting outside.

"Big Brother, Big Brother!" Someone was shouting outside. Everyone was sweating because of this guy. It was very dangerous to be shouting in front of Boss Shen's store.

"It's Long Xuan!" When Chen Xiang saw Song Longprofound jumping and shouting outside, he was overjoyed and immediately went to bring him in.

[Chapter 3613](#)

Song Longprofound's master was Luo Jiuyang, Luo Jiuyang's elder brother was Tao-creation Divine Lord, and Tao-creation Divine Lord was a very powerful Alchemist. Chen Xiang had always wanted to enter the Icy Jade Sect's enchantment to learn from him, and now that Song Longprofound had appeared, Tao-creation Divine Lord must already be inside the Tao-creation Ancient Place.

When everyone saw Chen Xiang bringing Song Longprofound in, they were shocked. This guy was really Chen Xiang's brother.

Chen Xiang brought Song Longprofound to the backyard.

I heard about the Peak dan you refined long ago. I met a few guys who stepped into the Peak of World Defying magic realm inside the Tao-creation Ancient Place, they all ate Peak dan and broke through, so they have a lot of respect for you. Song Longprofound sighed.

"That's right!" Chen Xiang laughed, "Long Xuan, how is your master and the rest doing?"

"Senior Master... In other words, the Tao-creation Divine Lord, he has already come to the Tao-creation Ancient Place, and brought several tens of World Defying Stage Legendary Rank's people with him. Song Longprofound replied: "So that's why that place doesn't have anything to do with me anymore."

"What's the matter with you?" Chen Xiang felt that it was strange.

"If they want to start a war, I naturally have to run further away. That is a battle between World Defying Stage Legendary Rank s, and if I go, I will only be courting death." Song Longprofound sighed: "Besides, I'm not good at fighting anyway."

"Oh right, Long Xuan, your Uncle-Master is from the Tao-creation Divine Lord, so he must have mastered a large number of incantations and pill formulas. Did he teach you anything?" Chen Xiang asked in a low voice.

"I do, he gave me a set of Legendary mantra, and quite a few of them ..." Song Longprofound curled his lips. "But I'm too stupid, I don't know when I'll be able to learn those Legendary mantra! The Supreme Mantra did learn two of them. "

"What do you mean by a set of Legendary mantra?" Chen Xiang frowned.

"It's a combination of several Legendary mantra." Song Longprofound shook his head: "I don't know what's going on either, how about I give it to you? That Legendary mantra is too complicated, and it doesn't seem to be of use to me, it can't increase my strength."

Chen Xiang called Xiao Xianglin out.

Seeing Xiao Xianglin, Song Longprofound immediately bowed to him. "Hello, Senior!"

Song Longprofound had heard from Luo Jiuyang that Xiao Xianglin's Incantation Inherent Skill was much stronger than his.

"You're welcome." Xiao Xianglin chuckled.

Song Longprofound took out that set of Legendary mantra s. There were a total of five of them on a large crystal board.

"What is the use of Legendary mantra?" Xiao Xianglin looked at these Legendary mantra and couldn't help but take a deep breath, because this Legendary mantra was extremely profound.

"Uncle said that as long as we master these Legendary mantra, we can use this set of Legendary mantra and the Tao-creation's sacred crystal to refine them into Paternoster soul stone! Paternoster soul stone could use all sorts of incantations to engrave, and after eating the Paternoster soul stone, they would immediately learn the incantations to engrave. That is, if the person who refined the Paternoster soul stone is powerful enough. " Song Longprofound said.

"This is good stuff!" Chen Xiang exclaimed. If Xiao Xianglin had successfully learned it and refined the Paternoster soul stone, he wouldn't have to work so hard to learn the Legendary mantra.

"It's good stuff, but I can't learn it and I'm not interested." Song Longprofound curled his lips and said, "I want to learn things that can make me strong. You helped Senior Master and the others come to Tao-creation Ancient Place, they were very grateful to you, so when I gave it to you, they would not say anything. "

"Long Xuan, since you think it's useless, then I'll accept it." Chen Xiang laughed: "I will give you a present in return too?"

"We don't need any rewards. We're all on the same side. Why are you being so polite?" Song Longprofound resolutely refused, and wanted to leave Chen Xiang's shop.

"You really don't want my gift that can allow you to step into the World Defying Stage Legendary Rank?" Chen Xiang said with a smile.

After Song Longprofound heard this, his body trembled.

"Is this true?" Song Longprofound did not dare believe it.

Chen Xiang slightly released a bit of Legendary gas s: "I just broke through after eating that kind of pill."

"Big brother, you're too amazing. I want this pill." Song Longprofound was excited.

"Long Xuan, your Uncle-Master should be very powerful. Could it be that he can't concoct such a pill?" Xiao Xianglin asked curiously: "Your master and your Junior Master Gu Tong are both from the World Defying Stage Legendary Rank. The reason they were able to make a breakthrough should be because of the Tao-creation Divine Lord, right? Why didn't he help you break through? "

"Uncle is actually not that strong... He can refine pills, but there are restrictions, and some pills cannot be given to others to consume. As a Tao-creation Divine Lord, he cannot break the rules that he

established, and the reason why Master and Senior Master were able to breakthrough is mainly because of him. If I reach that level, he will also help me. " Long Xuan replied, "Upon reaching the Peak of World Defying magic realm, as long as all aspects are adequate, Martial Uncle will be able to help. Many people were helped by him. "Also, he can impart some incantations to make people stronger. This is the only way."

Previously, Uncle Shi also said the same thing. Tao-creation Divine Lord's own strength wasn't too strong, and there were many limitations, but his prestige was actually very strong.

"Big brother, for you to be able to refine such a pill, it is truly heaven-defying. Haha" I, Song Longprofound, will soon enter the World Defying Stage Legendary Rank. " Song Longprofound was very excited.

"I need some time to concoct pills." Chen Xiang said: "You can just wait here, I will help you concoct pills first."

After Xiao Xianglin entered the You Yao Mountain Villa, Chen Xiang immediately ran into the secret room. He and Little White Fox entered the Time Formation, but Su Meiyao was still refining the Legendary god Dan.

"Master, do you have any plans?" Now that you suddenly got this set of Legendary mantra, are you still going to learn the two current Legendary mantra? " Chen Xiang asked.

"I will not learn it for now, but I will definitely learn it in the future. The more Legendary mantra learn, the better." Xiao Xianglin laughed: "If I could really refine a Paternoster soul stone, I would have immediately refined those two Legendary mantra into it. I wouldn't have to work so hard to learn it."

"But there are five Legendary mantra inside, how much time does that take?" Chen Xiang sighed: "You took so long to learn those two before, wouldn't it be too much of a waste?!"

But you must know, if I were to learn those two Legendary mantra, it would be even more difficult for me to learn these five again. And if I were to learn these five Legendary mantra well, it would be easy for me to learn those two as well. Xiao Xianglin said.

"That's true!" Chen Xiang said.

"The time is right... You don't have to worry about this, I already have a plan to refine a super Time array. " Xiao Xianglin said: "This is not difficult for me, I will go refine it now."

Chen Xiang had enough Tao-creation Divine Crystals on hand, which was enough for her to refine. The Time array s that he had previously won from Wood Mountain Sect were all of a lower level, but the consumption was very little.

The super Time array that Xiao Xianglin was refining now would definitely require a large amount of Tao-creation Divine Crystals, and the time difference between the outside and the inside would also be extremely huge.

[Chapter 3614](#)

Chen Xiang and Little White Fox quickly refined a Legendary god Dan and Song Longprofound was still in the shop.

"Long Xuan, finish the refinement. It will take around a thousand years to finish." Chen Xiang said: "Wait a few more days, I'll lend you a Time array."

"I don't need you to worry about that, Big Brother. I will think of a way myself!" Thank you, big brother. The next time you see me, I will be World Defying Stage Legendary Rank. " Song Longprofound laughed and then left in a hurry, no one knew where he was heading to.

Xiao Xianglin had already stopped learning the two Legendary mantra s and changed to refining them. It would be easier for her and her two clones to refine them together.

While Su Meiyao was refining the Legendary god Dan, he entered her Time Formation and quickly refined a Legendary god Dan. After he refined one pellet, he would come out and receive the Tao-creation Divine Crystal that he obtained from selling the Peak dan.

A total of fifty thousand Peak dan s were sold out very quickly, adding the twenty thousand that Chen Xiang had, he would have seventy thousand Tao-creation Holy Crystals. However, Xiao Xianglin had given her ten thousand Holy Crystals when he was about to use the five thousand Tao-creation Holy Crystals to refine the Level Formation Plate.

"Sixty thousand Tao-creation Sacred Crystals, is only enough to refine twelve of them." Chen Xiang did not care about the Tao-creation's Holy Crystals, because he would be able to earn them very quickly after spending them all.

The twelve Tao-creation Holy Crystals were quickly refined and given to the girls inside the You Yao Mountain Villa to eat, there were only a dozen or so.

"Alright, from now on, you will all fully enter the World Defying Stage Legendary Rank." laughed. After they step into the World Defying Stage Legendary Rank, Chen Xiang can do even more arrogant things in the future.

Hua Liqing also needed to go into closed door cultivation, so Boss Shen's shop would be closed for the time being. This made many people who came to buy Peak dan a little disappointed, but Hua Liqing had posted a notice saying that he would open for business as soon as possible.

Chen Xiang still had two Legendary god Dan s in his possession, so he came to the City Lord's Mansion to look for Yang Genming. Yang Genming had been in the secret underground room for the past few days.

However, when he arrived at the entrance of the secret room, he heard clear laughter coming from inside.

Chen Xiang pushed the door open and entered. He saw Yan Jiu drinking and eating with Yang Genming and Fierce Blade.

"I thought something happened." Chen Xiang was worried for nothing, but after that, he also joined in and started to eat and drink together.

"Chen Xiang, I have already stepped into the World Defying Stage Legendary Rank, so you sure know how to pick a time to celebrate here." Yan Jiu laughed.

"What?" You broke through! "What's going on!?" Chen Xiang, on the other hand, did not feel Yan Jiu's Legendary gas.

"Maybe it's because of the Supreme Evil Scripture, that thing had let me gather a lot of energy." Yan Jiu didn't know what was going on with himself, "Anyway, I feel like I'm fine now! These few days, City Lord has been instilling Legendary gas in me to help me breakthrough.

"Senior Yan, City Lord is currently lacking manpower, you can stay here." Chen Xiang said.

"No problem." Yan Jiu readily agreed to it, which made Yang Genming very happy, and immediately toasted to him.

"Boss Shen, let me tell you something ..." Didn't Fierce Blade owe you the Tao-creation's Holy Crystal? I will give you five thousand Tao-creation Divine Crystals, how about you let him stay here? Your junior is so powerful, and the strong blade is not in the shop, you can be at ease now. " Yang Genming laughed.

"Alright, give me the Tao-creation's Holy Crystal." Chen Xiang laughed. He was currently lacking Tao-creation Divine Crystals, so he did not refuse.

Yang Genming did not expect Chen Xiang to promise him so readily, so he immediately gave Chen Xiang five thousand Tao-creation Holy Crystals.

"Lie Dao, you have to follow the City Lord from now on. Look at how generous he is." Chen Xiang patted Lie Dao's shoulder, and poured Lie Dao a full cup of wine.

"Naturally, City Lord is much better than that Mu Yijing." Lie Dao smiled. Chen Xiang and Yang Genming's relationship was so close, if there was anything in the future, he would definitely take care of it.

"Did you notice any difference in me?" Chen Xiang smiled mysteriously.

Fierce Blade, Yang Genming and Yan Jiu sized up Chen Xiang seriously, then shook their heads.

"I've stepped into the World Defying Stage Legendary Rank." Chen Xiang laughed, and then released a trace of the prideful aura.

This caused Yang Genming and the other two to be extremely shocked. They knew very well that Chen Xiang had just reached the peak of World Defying Stage Legendary Rank not long ago, yet now he had stepped into the World Defying Stage Legendary Rank again.

"How did you break through?" Yang Genming rushed to ask because he had thought of a possibility.

"This!" Chen Xiang took out a Legendary god Dan. "My newly refined pill, Legendary god Dan!"

Yan Jiu and the other two stared at the Legendary god Dan and sensed the energy coming from it. All of them took a deep breath.

"I knew you could do that." Yang Genming said. He had always thought highly of Chen Xiang, believing that he would one day be able to concoct a pill that would allow people to quickly enter the World Defying Stage Legendary Rank.

But now that Chen Xiang had really done it, he was in disbelief!

Fierce Blade could accept it, because he broke through after eating the pill refined by Chen Xiang. He toasted to Chen Xiang.

"City Lord, do you want it? Give me a price, I'll sell these two to you ... I'll refine some for auction in the future." Chen Xiang laughed: "You have to give me a fair price!"

"Fifteen thousand Tao-creation Holy Crystals per pellet. For the time being, I only want one pellet." Yang Genming said: "What do you think about this price?"

In fact, the price wasn't low, because even if someone were to step into the World Defying Stage Legendary Rank, they might not be able to earn that much Tao-creation Divine Crystals in a short amount of time! Therefore, most of these pellets were either purchased for their own descendants or given to the core disciples.

Great powers only earned the Tao-creation's Divine Crystals and were able to rely on the power of the entire organisation to annex and destroy the other powers. In this way, they could plunder a large amount of Tao-creation's Divine Crystals.

"Alright, I'll sell you!" Chen Xiang said.

Yang Genming gave Chen Xiang fifteen thousand Tao-creation Holy Crystals.

"Contact me whenever I auction it. I'll help you advertise." Yang Genming laughed: "If I auction this Tao-creation Divine Pellet, it will definitely be higher than the price I give you.

"City Lord helped me so much, it's nothing." Chen Xiang said.

"You can't put it that way. You've helped me a lot." Yang Genming felt that being able to meet Chen Xiang was the smartest decision he made in his life.

"Let's talk about it in a few days! City Lord, do you have any spies in Tao-creation Ancient Place? Is there any news from inside?" Chen Xiang asked: "In the depths of Tao-creation Ancient Place, there are many forces.

"There are spies, but they didn't enter any deeper. It's too dangerous inside." Yang Genming said: "If a huge battle were to break out inside, it might affect the outside world, and once a war starts, the losses would be heavy. Those large powers would come out and recruit people, or use the rest of their power to rule over everyone outside the Tao-creation Ancient Place."

[Chapter 3615](#)

When Yang Genming thought about the terrible situation that was occurring inside the Tao-creation Ancient Place, he became deeply worried. The behemoths in the Tao-creation Ancient Place were not something he could move.

"City Lord, have you ever heard of Paternoster Race?" Chen Xiang asked.

"Never heard of it!" Yang Genming shook his head.

Chen Xiang really wanted to know the situation inside the Tao-creation Ancient Place, so he could only wait for news on Song Longprofound. Even though he was already a World Defying Stage Legendary Rank, he didn't want to go in.

"If there's really a big commotion inside, the scouts I've sent outside will definitely be able to detect it and wait to see the news they've sent back." Yang Genming said.

"Alright!" After Chen Xiang and the rest finished drinking, they rushed back to the shop, where only Feng Lanyi was guarding.

"Boss, you're finally back. There's a weird guy looking for you. I originally told him to wait a bit longer, but when he found out that you weren't here, he said he would come back in two days." Feng Lanyi said: "This guy is wearing a mask, he should be the guy you asked us to pay attention to before."

"Zhou Xingzhi!" Chen Xiang nodded his head: "I will not go out for the next two days, wait for him here. I will go concoct pills, if he comes, you can call for me."

"Alright!"

Chen Xiang entered the secret room and continued refining Legendary god Dan. He suddenly didn't want to make this pill public, because it was simply too shocking. It would easily attract the strong Sects from Seven Mountains over, and they especially wanted to cause trouble for him.

He thought about it carefully, and finally decided not to sell the Legendary god Dan for the time being! Now that the situation inside the Tao-creation Ancient Place was so complicated, the Sects from Seven Mountains might want to exaggerate his strength. When he finds out that he has a Legendary god Dan, it would be even harder to mess with him.

Although Tao-creation Divine Lord would help him, he was still worried about Tao-creation Divine Lord's strength. Tao-creation Divine Lord had to face seven super strong sects.

"Let's first refine a few before we talk about anything else. In the future, we will definitely be able to use them." and Little White Fox had refined four crystals in one go, and he had also exhausted most of his Tao-creation's Divine Crystals. Refining Legendary god Dan used up a lot of Tao-creation's Divine Crystals, and he couldn't sell them either for the time being, so he could only make up for it by selling Peak dan s.

Chen Xiang did not have much Tao-creation Divine Crystals left, he could only walk out of the secret room and enter the shop to see Zhou Xingzhi.

"Two days passed so quickly?" Chen Xiang laughed, Zhou Xingzhi said that he would be back in two days, he never expected that he would come back here so quickly.

"I have something important to talk to you about, so I came back and decided to wait for you here." Zhou Xingzhi said.

"Boss, I was going to ask for you, but he said that he wouldn't disturb you in your concocting pills." Feng Lanyi felt that Zhou Xingzhi was very contradictory. If he had something to discuss with Chen Xiang, he would definitely be very anxious to meet her, but he didn't allow her to go and find him.

Chen Xiang brought Zhou Xingzhi to a quiet little hall in the backyard.

"You have a Supreme Mantra?" Chen Xiang asked in a low voice.

"Not yet!" Zhou Xingzhi sighed: "You killed my brother, my people are very angry, they came to find trouble with you, and said that they want to capture you and sentence you to death."

"Tell them I killed your brother? Can't you just hide it?" Chen Xiang said snappily.

"I wanted to hide it, but they used some strange incantations to observe my memories of my brother's death with my own eyes." Zhou Xingzhi felt extremely helpless.

"How could your memories be so easily read?" Paternoster Race's methods had also shocked Chen Xiang: "You don't have any * *?"

"That's not it. Because this is a very important matter, I have to cooperate with them!" They won't look at my other memories. " Zhou Xingzhi also felt that this matter was very troublesome.

"Didn't your father see that your brother was going to kill you?" Chen Xiang said again: "I saved you!"

"Yes, but he said it was different!" Zhou Xingzhi said helplessly: "So, you should hurry up and run now. They might already be on their way, and might even enter the city soon."

"Okay, how many of them are there?" Chen Xiang asked: "How do they plan to deal with me?"

They are both experts in our Paternoster Race. Although they are very young, their strength is stronger than me. Zhou Xingzhi said: "Hurry up and go."

"Un, thank you!" Chen Xiang said before immediately bringing Feng Lanyi to the City Lord's Mansion.

Chen Xiang told Yang Genming and the others about the Paternoster Race.

"This group of people really aren't people. It's clearly that bullsh * t junior family head's fault. If we kill him, we kill him. To think that they would still have reason to do so." Yan Jiu was extremely furious:

"Chen Xiang, what are you afraid of them? With us here, we can immediately kill them all!"

Chen Xiang smiled slightly: "When did I say I was afraid of them? You guys don't need to do anything, City Lord still has the entire Fighting Glorious City, just let me do it myself. After I made my move, I immediately left, and they couldn't find me either. "

"Can you really do it yourself?" Yan Jiu was a little worried.

"Trust him." Yang Genming laughed, "Isn't it just two fellows in the middle stages of World Defying Stage Legendary Rank? He can handle it. "

Yang Genming had seen Little White Fox's strength, and knew that it was extremely terrifying. He could easily kill Mu Yijing with just his own strength, and even now, he could still remember it vividly.

Lie Dao had also seen it before, so he did not doubt Chen Xiang's strength.

"I'm only temporarily leaving. To be honest, this Paternoster Race is pretty arrogant. He's also very close to the Seven Great Sects. I need to take this opportunity to understand their strength." Chen Xiang said:

"Right now, they have two core disciples. That would be for the best."

After Chen Xiang bade farewell to Yang Genming and the others, he returned to the inside of the shop, left a wooden tablet there, and carved a few words on it, saying that he was waiting for them at a place outside the city. In addition, he also carved some words of insult onto it.

After Chen Xiang finished all these, he immediately left the city and waited for the Paternoster Race at the agreed place.

"Will they really come?" Little White Fox asked.

"Don't worry, they will definitely come back. I just don't know when they will come back!" Chen Xiang smiled: "These fellows from Paternoster Race, are all more or less eccentric people, especially those who rarely come into contact with the outside world, if they saw someone insulting them like that, even if they don't have legs, they would still use their hands to crawl over."

Chen Xiang was now a World Defying Stage Legendary Rank, adding the power of his Red fire dragon, he was not afraid of him, he felt that the strongest part of the opponent was the runes.

The experts in the Paternoster Race must have grasped a lot of Supreme Mantra, maybe even all of them. This was something that Chen Xiang needed to pay attention to.

The location that Chen Xiang had left on the wooden tablet was rather far from the Fighting Glorious City, so even with their fastest speed, it would still take them a few days to reach there.

[Chapter 3616](#)

And during this period of time, Su Meiyao and the others would be able to finish refining the Legendary god Dan, and step into the World Defying Stage Legendary Rank. At that time, his power would be even stronger, so there would be no need to worry about the two from Paternoster Race. Access:.

Chen Xiang waited underneath a tall mountain for a few days, and indeed, he sensed two extremely tyrannical auras. The people from the Paternoster Race didn't conceal their own auras in the slightest.

"They really are two young people. They actually got angry that easily." Chen Xiang chuckled, from the aura of endless fury, he could sense that the other party had come with fury.

"If you want us to take action, then just say so." Su Meiyao said.

"It's enough for Sister You You You and her master and junior sister." Chen Xiang laughed: "Just do what you need to do inside."

The women in You Yao Mountain Villa had already stepped into the World Defying Stage Legendary Rank, and Xiao Xianglin in particular, was able to release two clones. Furthermore, she was also able to grasp the Pressure mantra, which was about the same as Little White Fox's strength.

Bai Youyou had mastered the devil arts to an extreme. After entering the World Defying Stage Legendary Rank, the devil arts would definitely be even more powerful.

"You are Chen Xiang?" The people from the Paternoster Race had arrived. The two youths had faces full of anger.

"No." Chen Xiang said: "Chen Xiang is waiting for you at the top of the mountain."

Chen Xiang had already changed his appearance, although the two young men had his portrait, they could not recognize him.

After they found out that Chen Xiang was at the top of the mountain, they immediately rushed up. However, when they reached the top of the mountain, they saw a sign and insulted them again. ')

The two young men from Paternoster Race immediately charged down the mountain.

"Where is Chen Xiang?" The square-faced teenager roared in anger, "If you don't say it, I'll tear you apart!"

"I don't know!" Chen Xiang pretended to be terrified.

"Don't know?" "Then let me tear off one of your arms first. I don't think you know?" The young man with a square face was filled with killing intent. He walked over and was about to grab Chen Xiang's arm.

He clawed at Chen Xiang's arm with all his might and only realized that he had missed.

"Haha, you two are really idiots." Chen Xiang laughed out loud from afar, the Mouse Man that he had released just now had actually fooled them.

They saw that Chen Xiang's face was changing. They immediately understood, the person who tricked them to rush up the mountain just now, was Chen Xiang! When they came here, they actually made a scene out of Chen Xiang.

"It seems like we don't need to bring you back for punishment. We will 'kill' you here and tear off your 'flesh' piece by piece." The other skinny young man's face was filled with ruthlessness, and rushed towards Chen Xiang together with the square-faced young man.

Just as they were about to rush over, they were suddenly pushed back by a strong pressure that came from all directions and surrounded them.

Xiao Xianglin and Little White Fox had been hiding nearby this entire time. Both of them released their clones and used the Pressure mantra and Increase spell together to form several pressure walls surrounding the two young men from the Paternoster Race.

"It's the Pressure mantra ... This is a very strong Supreme Mantra, we don't even have one in Paternoster Race. There is also a Legendary mantra. " The square-faced young man's face was filled with surprise.

"Sister You You, let's go together!" Chen Xiang shouted.

Bai Youyou immediately came out of the You Yao Mountain Villa to deal with one person and one person respectively with Chen Xiang. They unleashed a wave of Bone-melting magic power from afar and even used a Increase spell to strengthen the Bone-melting magic power, pouring it into Xiao Xianglin and Little White Fox's Pressure mantra.

Little White Fox and Xiao Xianglin then used the Fusion spell s, allowing the two waves of Bone-melting magic power to merge with their pressure, strengthening the Bone-melting magic power, and entering into the bodies of the two people from Paternoster Race.

This was something that Chen Xiang had long since predicted. He was extremely clear about the Pressure mantra, and when Little White Fox used it previously, he very easily pressed the flame into Mu Yijing's body.

No matter how strong the bodies of the people from the Paternoster Race were, they would not be stronger than Mu Yijing by much. At most, they would only be able to use more powerful incantations, so Chen Xiang had to make the first move, allowing Little White Fox and Xiao Xianglin to release their clones. This was equivalent to six people using the Pressure mantra at the same time.

"What power is this? My bones are disappearing! " A person cried out in alarm.

"Mine too! He wants to kill us! "

Chen Xiang laughed: "You are here to kill me, why are you so weak? All of you are truly too weak. "

Chen Xiang's taunts made them even more furious, but they were currently even more afraid, because they did not have the power to retaliate at all.

"Sister You You You, we'll give them to you!" Chen Xiang said. At the same time, Feng Ke'er also came out from the You Yao Mountain Villa with the golden needle.

Xiao Xianglin and Little White Fox withdrew the pressure and stood behind Bai Youyou. This could protect her at any time, and Chen Xiang even used his Six Realms mirrors to seal those two people.

The other party was from the Paternoster Race, so they had to be extremely careful in dealing with him, lest they counterattack and kill them.

Bai Youyou had trained her Soul Absorbing Devil Spell to the extreme, she was going to pull out all of the incantations these two people had.

"Is there?" Xiao Xianglin asked somewhat excitedly.

"Yes!" Bai Youyou nodded, "But they all learn the same thing."

"Can you 'make' their incantations?" Chen Xiang asked.

"Sure, no problem." When Bai Youyou started to activate the Devouring magic kungfu, the person immediately felt his soul in extreme pain, as if it was being torn apart. He often tore at the bodies of others, thinking that it was the most painful thing to do, but it was only now that he realized that the soul tearing was the most painful.

Bai Youyou completed it very quickly, and then Chen Xiang released his Creation Flame, burning the bodies of the two people.

"It's enough as long as the fellows from Paternoster Race come a little more." Chen Xiang laughed.

"Although Zhou Xingzhi does not have any Supreme Mantra that he can sell to you, he has brought two fellows with him. This is equivalent to giving you the Supreme Mantra." Xiao Xianglin laughed, following that, Bai Youyou would pass on the Supreme Mantra's memories to him.

"Unfortunately, it's not that easy to master! Master, the rest is up to you. " Chen Xiang said. If Xiao Xianglin could really refine Paternoster soul stone, he could easily control Supreme Mantra s.

After returning to the You Yao Mountain Villa, Bai Youyou immediately transmitted the memories she had devoured to Xiao Xianglin.

"My god, four Supreme Mantra, quite a few!" Xiao Xianglin said: "Even I don't have that much of a grasp."

Being able to use four Supreme Mantra was pretty good.

"Sister You You, do you know where Paternoster Race is? You have devoured their memories, so you should know some secrets about the Tao-creation Ancient Place and the Paternoster Race, right?" Chen Xiang asked.

"The Paternoster Race is a very strange race. Even the young people of the Paternoster Race don't know where the Paternoster Race came from in the first place. They only know that the Paternoster Race is closely related to the First Tao-creation Ancestor back then." Bai Youyou said.

[Chapter 3617](#)

Chen Xiang felt that the Tao-creation Divine Lord must be very clear about this matter. After exiting the Tao-creation Divine Lord, there was another person who might be aware of this, and that was the Uncle Shi.] -79-

Although he did not want to go now, he had no other choice. Now that he was being watched by the Paternoster Race, he could not continue to stay in the Fighting Glorious City, and could only go to the Tao-creation Ancient Place to take a look, and ask the Uncle Shi about the situation there.

"Paternoster Race's group of people are born with Supreme Mantra. The two guys I engulfed are a pair of brothers, and the Supreme Mantra they inherit from are all from their parents." Bai Youyou said, "So the Supreme Mantra they master are all the same."

"And some Paternoster Race people are born with one Supreme Mantra. This is naturally gifted, and the young chief that was killed by you is like that. He was born with two Supreme Mantra."

Chen Xiang sighed: "What a pity!"

Back then Bai Youyou had not stepped into the World Defying Stage Legendary Rank, so Chen Xiang did not think of letting him absorb the young patriarch's memories either.

"Paternoster Race is still very strong, but they have a limit. If they control enough Supreme Mantra, they can't leave Tao-creation Ancient Place!" Bai Youyou continued, "And the Flame Mountain Sect seems to have a way to allow them to break through their limits, which was why they were manipulated by the Flame Mountain Sect! However, many years have passed and Yan Shan Clan has yet to succeed in making them leave the Tao-creation Ancient Place. Therefore, there are some youngsters within the Paternoster Race who are very dissatisfied with Yan Mountain Sect. "

"They young people can come out, but those two guys we killed are still very strong. If they come out, they will definitely be able to rule over a region." Chen Xiang said.

"No, they can't leave the Tao-creation Ancient Place for long, so there's still a certain limit. "Bai Youyou said," But there is one thing that is strange, and that is that the Young Patriarch has exceeded the time limit to leave the Tao-creation Ancient Place.

"Yan Shan Gate!" Chen Xiang said, "That Young Patriarch was ordered by the Flame Mountain Sect to deal with Senior Yan. It seems that the Flame Mountain Sect really has a method to allow Paternoster Race to break through the restrictions."

"Actually, from the memories of those two fellows, I could tell that Yan Shan Gate seemed to have grabbed hold of Paternoster Race's life vein. Otherwise, given how powerful Paternoster Race is, it would be impossible for them to obediently listen to the words of Yan Shan Gate." Bai Youyou said: "It's just that the young people of the Paternoster Race do not know what it is about. I'm afraid only the elders of the Paternoster Race know of this. "

"I'll go find Uncle Shi, he might know something." Chen Xiang had already entered the Tao-creation Ancient Place. From high up in the sky, he could see that the Tao-creation Ancient Place was extremely calm and tranquil.

"He's back!" Little White Fox came out from the You Yao Mountain Villa, and stood at the bottom of the Six Realms mirrors with a face full of emotion. After walking out of the circle, she had also seen the outside world, and it was not as good as she had imagined. It was just like the Tao-creation Ancient Place, a world where only the strong ate the weak.

That was why the silence in You Yao Mountain Villa made her feel the most comfortable and warm.

Chen Xiang was familiar with the route, as he arrived near the gigantic boulder's formation that the Uncle Shi was on, and released his illusion body to look for the Uncle Shi.

Uncle Shi sat on a rock as usual.

"Uncle Shi, I'm here again." Chen Xiang laughed.

"Your illusion seems to have become much stronger, I can't even sense it anymore." Uncle Shi said in shock: "Could it be that you have stepped into the World Defying Stage Legendary Rank?"

"Yeah, hehe." Chen Xiang laughed: "I thought a big battle would break out here, I didn't think it would be so peaceful."

"Kid, you sure broke through fast!" "The calmer it is, the more terrible it is. There's no way it can stay calm here forever."

"Uncle Shi, has Tao-creation Divine Lord come looking for you? He has already arrived at the Tao-creation Ancient Place. " Chen Xiang said.

"No, there's no use in coming to find me. I can't help him unless he has the blood of the eighth ancestor." Uncle Shi sighed: "I was also restricted by this Eight ancestor contract map. I really didn't think that the other seven ancestors would be so shameless."

"Is it possible for the Seven Great Sects to break through the Eight ancestor contract map?" Chen Xiang was very worried about this matter. If he succeeded and obtained a large amount of resources, the Tao-creation Divine Lord would definitely be suppressed once again.

"Impossible." Uncle Shi shook his head.

"Oh right, Uncle Shi, have you heard of Paternoster Race? "These fellows are very close to the Yan Mountain Gate." Chen Xiang said. He suspected that the reason why Yan Shan obtained the various incantations from the Paternoster Race was most likely to break the Eighth Ancestral Contract.

When the Uncle Shi heard this, he was shocked.

"How do you know about Paternoster Race? These guys should be extinct. " Uncle Shi shouted anxiously.

Chen Xiang immediately told the Uncle Shi about his encounter with the Paternoster Race, including how he killed the Young Patriarch.

"This is not good, the Paternoster Race is a special clan, when the First Tao-creation Ancestor s were creating all kinds of incantations, in order to find some helpers, they created a group of people, they are indeed the Paternoster Race, and they all have a certain amount of Tao-creation Divine Lord blood in their bodies, so they are more capable of understanding Tao-creation's incantations."

"The eight First Tao-creation Ancestor s all grasp different types of incantations, and these incantations are the key to building Eight ancestor contract map! Back then, in order to make the Eight ancestor contract map absolutely sturdy, they proposed to kill this group of Paternoster Race who possess all of their curses. "

"But from the looks of it, something must have happened that caused the existence of the Paternoster Race to still exist! My guess is that this was caused by the Flame Mountain Sect's First Tao-creation Ancestor, so he could threaten this group of Paternoster Race to help them. "

When Chen Xiang heard Uncle Shi talk about this matter, he felt that this matter was extremely serious.

"The Paternoster Race has been restricted. Those who have mastered too many Supreme Mantra can't leave the Tao-creation Ancient Place, and those who have less control can't leave even if they have to." Chen Xiang said, "Who gave them this restriction?"

"Of course it's the ancestors. When they created this group of fellows, they were worried that they would run away, so they made this restriction! Of course, lifting restrictions is an easy task. " The Uncle Shi said.

Chen Xiang thought of Little White Fox, and as soon as he swallowed a pellet of the Tao-creation Divine Lord s, the restrictions would be removed. It turned out that the Yan Mountain Sect really could remove the restrictions on the Paternoster Race s.

"Uncle Shi, we can't go on like this." Chen Xiang said: "What if Flame Mountain Sect breaks open their Eight ancestor contract map?"

"What's there to be afraid of? There's still me!" If they really break it open, they might not be able to defeat us ... Back then, Tao-creation Divine Lord had many strong friends in the Eight ancestor contract map. " Uncle Shi laughed: "At that time, I might even be able to see you again."

"The Yan Mountain Sect will definitely consider this matter. Therefore, they will definitely not allow this to happen. They will definitely continue to seal all of you." Chen Xiang said: "Uncle Shi, what should we do?"

"Tao-creation Divine Lord will definitely know about this, we can only depend on him." The Uncle Shi laughed, he did not have anything to worry about, since he was trapped here in the first place.

"Uncle Shi, I want to go to Paternoster Race to investigate." Chen Xiang said.

"That's fine, but you have to be careful. Those guys who can use all kinds of powerful incantations are very strong, I have to be careful even when facing them." Uncle Shi warned.

[Chapter 3618](#)

Chen Xiang knew how to go to the Paternoster Race. Previously, Bai Youyou had devoured the memories of the two of them, so he could be extremely detailed.

Paternoster Race was also in the Ten Thousand Mountains area of the Tao-creation Ancient Place, which was quite far away from here. They hid in a very deep part of the mountains and dug up the belly of the mountains.

Chen Xiang was already on his way, so of course he wouldn't immediately enter the area where the Paternoster Race s were. The Paternoster Race s were very strong, they were only worried about the Fire Mountain School s, if they were to be provoked, even the combined forces of the other sects wouldn't be their match.

"This Paternoster Race is so strong, I wonder what would happen if they were to leave the Tao-creation Ancient Place." Chen Xiang was more worried about this, because Paternoster Race and the rest had already been exterminated before, they would definitely resent this world. So, even if they did many heartless things, it was nothing strange.

On the way to Paternoster Race, Chen Xiang flew at a low altitude through the mountains, using his fastest speed to travel to a deeper place.

Xiao Xianglin had yet to learn the Supreme Mantra she had just acquired, and it would take some time for her to do so. Right now, she was in a hurry to refine a super Time array.

"Master, how strong are those Supreme Mantra?" Chen Xiang asked.

"They are all combat type, so they are not suitable for you to refine pills." Xiao Xianglin said: "I do not know how strong he is exactly, I still need to master it.

Chen Xiang had already traveled for several days and was relatively close to the Paternoster Race. He immediately stopped flying and arrived on the ground.

Paternoster Race was extremely sensitive to Tao-creation's incantations, if he flew over there, the aura released by the Flying mantra would definitely be sensed by them, and the people of Paternoster Race would definitely patrol the area, Chen Xiang did not want to fight with others in their territory.

Arriving at the ground, he walked in the forest. Suddenly, he saw several big trees with Eight ancestor contract map s on them. This was to tell him that there was a very dangerous place nearby.

"So many Eight ancestor contract map? Previously, there weren't even that many in Uncle Shi's territory. " Chen Xiang immediately stopped in his tracks. He could only go around this place now.

After walking around in a wide circle, he discovered that there were actually many Eight ancestor contract map in the vicinity of this area. He already understood that there were many things hidden in this area, but they were all sealed by Eight ancestor contract map.

"I'll use my illusion to investigate." Chen Xiang couldn't help but be curious, and released his spirit body to investigate.

The illusion was released through the Supreme Mantra, it had a certain level of Incantation Qi, if it was not for the fact that he was looking around to see what was hidden, he would not have released the illusion, it would have attracted the attention of the people from the Paternoster Race.

"It's best not to go on for too long." Bai Youyou said: "The people of the Paternoster Race are very sensitive to all kinds of incantations. As long as they sense a certain amount of fluctuation of the incantation and confirm that it is not an incantation they are familiar with, they would immediately come over."

Bai Youyou learned all of this from those memories.

"Got it." Chen Xiang allowed the spirit body to fly quickly and entered into a mountain. He had wanted to climb that mountain just now, but he saw a Eight ancestor contract map on a rock at the bottom of the mountain.

The illusion flew into the mountain and saw several corpses on the road.

"Those bones are very strong." Chen Xiang was extremely surprised: "Judging from their strength, they must be at least from World Defying Stage Legendary Rank, for them to actually die inside, could they be from Paternoster Race?"

Chen Xiang continued to let the spirit body in, but until now, the spirit body had yet to discover any danger.

"Could it be that only people who enter this place can trigger the killing array inside?" Through his observation, Chen Xiang did not find anything, and it was not like the stone array where there was someone guarding.

"There are a lot of places in Tao-creation Ancient Place with Eight ancestor contract map. There shouldn't be people everywhere." Bai Youyou said: "That's more or less enough, you have already released your illusion for a period of time."

"Mm, I'll take it back now." In Chen Xiang's heart, he still really wanted to continue investigating, but for the sake of safety, he could only give up.

On the way back to the illusion, he sensed some movement. This was the sound the illusion heard.

The figure had already flown out of that area, and now that he heard a sound, it was clear that someone was rushing towards the figure.

"Are they from the Paternoster Race? These fellows are really sensitive to incantations. " Chen Xiang immediately used the Time and space power, teleporting the illusion over, and then quickly sprinted.

This was because he could sense more than ten powerful Legendary gas s through his illusion!

Paternoster Race was proficient in all kinds of incantations, they definitely had a very strong Time Formation, which allowed them to cultivate a large number of experts in a short period of time. The Junior Clan Chief and Zhou Xingzhi that he met previously were all from World Defying Stage Legendary Rank.

The people patrolling around were also from World Defying Stage Legendary Rank.

"They're flying." Chen Xiang felt the auras coming from the air. Previously, there were only a dozen of them, but it had become more than twenty now.

"There are many World Defying Stage Legendary Rank s in the Paternoster Race." Bai Youyou said: "If they follow us closely, we might have to fight them head-on."

"They have so many people. I don't want to fight them." Chen Xiang also had a lot of World Defying Stage Legendary Rank s, but they had just broken through, and there were a few in the middle stage above.

"It's a new incantation. We must find that guy." There were some shouts from above, but Chen Xiang had already stopped in his tracks and used the Counter Power to hide himself.

When Chen Xiang heard this, he secretly cursed in his heart. This group of people actually fought so hard for new incantations.

"Some incantations were created back in the day, and these incantations would breed new ones of their own. There are also many of these incantations, and the Paternoster Race really hopes to master all of them." Bai Youyou said: "In order to collect new incantations, they will do anything they can."

"They see me as prey, and they are prey to me." Chen Xiang snickered, the method Bai Youyou used to devour the runes worked, so he only needed to capture these people and he would be able to obtain their incantations.

"Split up and search, he definitely won't be able to escape, it looks like it's a Paternoster beast." the leader shouted.

Chen Xiang was currently just standing there, not moving at all.

"Someone is approaching!" Chen Xiang was secretly pleasantly surprised. splitting up to search meant that they had to split up. This was a great opportunity for him.

The person got closer and closer, and upon sensing the aura, Chen Xiang couldn't help but be shocked.

"It's Zhou Xingzhi, why is this guy here?" Seeing Zhou Xingzhi's face, Chen Xiang secretly cursed in his heart, if it was anyone else from the Paternoster Race, he would definitely make a move on them, and Zhou Xingzhi was a good person, so he had let them know.

"Zhou Xingzhi, why are you in this kind of place?" Chen Xiang immediately transmitted his voice to Zhou Xingzhi.

[Chapter 3619](#)

When Zhou Xingzhi heard Chen Xiang's voice, he was even more shocked than him. Chen Xiang actually came near to their Paternoster Race! He had previously informed Chen Xiang about this so that he could avoid the two people who came to kill him. This was to ensure Chen Xiang's safety.

But now, Chen Xiang had ran over to their Paternoster Race's side. Moreover, there were many Eight ancestor contract map here, so it was very dangerous.

"I should be the one asking you that!" Zhou Xingzhi immediately responded, "You'd better leave this place immediately. If they find you, that would be really troublesome."

"What's there to be afraid of? They're just a bunch of pigs. They can't find me." Chen Xiang laughed.

"In other words, I'm a pig too?" Zhou Xingzhi snorted, if not for the sound transmission from Chen Xiang, he definitely would not have known of Chen Xiang's presence.

"If you think so yourself, I can't help it!" Chen Xiang laughed: "I never expected myself to come to your Paternoster Race's territory by chance."

"How did you get here? Our Paternoster Race is very well-hidden, you can even run here. " Zhou Xingzhi was puzzled, only Paternoster beast would normally come to this place, if someone came, they would mostly be from the Fire Mountain School, and the others would rarely come to this kind of place.

"Isn't it to hide? I didn't expect to find such a place. " Chen Xiang sighed, he could not let Zhou Xingzhi feel that he was here for the Paternoster Race.

"Then hurry up and leave. This place is truly dangerous. Not only is there our [Curse] Clan, there are also other things." Zhou Xingzhi said: "Oh right, the two fellows that went to deal with you the last time actually died!"

"Really? "How did he die?" Chen Xiang asked.

"He died without a complete corpse... I don't know who killed him, nor do I know where he died to. Right now, the entire Paternoster Race is discussing about this matter, and all of the clan's upper echelons jumped up and down, saying that they need to investigate this matter thoroughly. " Zhou Xingzhi sighed: "No matter what, they will blame this on you, so you should still be careful."

"Yes, I will leave now." Chen Xiang nodded, but he had already dispelled the idea of sneaking into the Paternoster Race, as the inside of the Paternoster Race must be extremely tight, and he had originally wanted Zhou Xingzhi to bring him in, but seeing Zhou Xingzhi's reaction, it was impossible.

Just as Chen Xiang was about to leave, he suddenly heard something like a dog barking, only that the sound was louder and louder, sounding like a huge dog barking.

"Let's go, they found you." Zhou Xingzhi anxiously transmitted to Chen Xiang: "That is a Soul hound that our Paternoster Race reared, as long as there is a living person's soul aura fluctuation nearby, this dog will be able to sense it."

"Then I'll take my leave." Chen Xiang started to run frantically.

"Zhou Xingzhi, you almost died just now. Did you know? Patriarch arranging such a trash like you to come here is truly a burden to us. " The middle-aged man with the hunting dog cursed and started to run away on his black hound that was as big as a horse.

While Chen Xiang was running, he heard barks from all directions, many of these Soul hound exist in the Paternoster Race.

"Damn it, these guys are truly not to be trifled with." Chen Xiang was even more afraid to enter the Paternoster Race now. He was only outside the walls of the Paternoster Race, but he was being chased to death by this group of people.

The Soul hound came from all directions, and the hunting dogs were not strong, but the people riding on the Soul hound were powerful, and were all in the middle stage of World Defying Stage Legendary Rank.

"There's a total of ten. These are definitely not the people from before, they must have called us here from the Paternoster Race." Chen Xiang immediately activated his Time and space power, wanting to leave the area. However, he discovered that space and time had been sealed.

"It seems like they're very experienced with this kind of thing."

Chen Xiang had no choice but to hide in this area frantically. At the same time, he also had to avoid those who had Eight ancestor contract map s.

After a few hours, Chen Xiang would be very annoyed by their chase, he didn't know how to escape either. Those Soul hound were too powerful, no matter how he tried to conceal himself, he would definitely be discovered.

When the Soul hound sensed Chen Xiang, it would immediately run away at a very fast speed.

Suddenly, a black shadow pounced over. Chen Xiang was finally caught up to by the Soul hound.

The middle-aged man who was riding on top was extremely powerful. The moment the Soul hound pounced, it released its power to attack Chen Xiang at the same time.

Fortunately, Chen Xiang was able to avoid the fist, otherwise, he might have been shattered by the force. The middle-aged man's fist might have shattered the hundreds of trees in the forest.

"You won't be able to escape, hahaha ..." The middle aged man started to recklessly attack Chen Xiang.

"I won't be captured even if I die." Chen Xiang looked in one direction, then angrily rushed over.

At this time, the people of the other Paternoster Race rode on Soul hound s and chased after them. They knew the direction of the beasts, and there were more than ten Eight ancestor contract map in the forest over there.

The more Eight ancestor contract map there were, the more dangerous the area would be, and the area that Chen Xiang was rushing towards, was exactly the most dangerous place. The people from the Paternoster Race were still real, as there were thousands of mountains that were covered in the area, and some of their Paternoster Race s had also gone in, but none of them came out, and all of them died inside.

The bones that Chen Xiang had seen before were the people of the Paternoster Race.

"Leader, he went in!" The people of Paternoster Race were standing beside a big tree, looking ahead. On the trunk of the big tree was a huge Eight ancestor contract map.

"If we go in, we'll die. Let's go back ..." The leader gritted his teeth and cursed: "Why do you have to bother with this bastard? "It's good for us to yield obediently. We might spare his life, so why do we need to go in and throw away our lives?"

When Chen Xiang went deeper in, he felt that something was amiss. He had already entered into a barrier and felt that it was difficult to remove.

Hearing the leader's words, he became furious and immediately took out his Six Realms mirrors, "Don't even think about going back, just stay with me!"

Chen Xiang placed a large amount of Tao-creation Holy Crystals into the Six Realms mirrors and activated a large devouring array for the Six Realms mirrors, allowing the large array to instantly produce an extremely strong suction force.

The group of people who had just returned didn't have any reaction at all when the strong suction force came. They were pulled over by the suction force. In addition, over ten thousand trees were also sucked into the suction force.

Chen Xiang had used up almost all of the Tao-creation's Holy Crystals, but fortunately, Xiao Xianglin still had enough for her to refine.

The more than ten people from the Paternoster Race and more than ten Soul hound were pressed down by the huge trees.

"Haha, you bunch of idiots. Now, do you know how powerful I am! If it wasn't for you chasing after me, your dog lives might have been very long. But now ... You guys entered this damn place just like me. " Chen Xiang looked at them and laughed out loud.

"Bastard, you're the one who brought us in. I want to cut your flesh off piece by piece." The leader's eyes were bloodshot. After being in the vicinity of this place for so many years, he knew how terrifying this place was. Entering it was equivalent to death.

[Chapter 3620](#)

Chen Xiang saw the fear on all of their faces and laughed out loud: "Come and capture me if you have the ability, I want to see if you dare to run around in this place with me."

With that, Chen Xiang turned and ran, and disappeared.

Chen Xiang was also on tenterhooks right now, he couldn't leave this region now, and there seemed to be something terrifying inside, so he didn't want to fight against that group of people right now. He needed to conserve his strength to survive.

After Chen Xiang brought over a dozen people from the Paternoster Race, over a dozen youths appeared in this place. Zhou Xingzhi was one of them.

"The leader and the others have been sucked in!"

"What should we do?"

"I've already sent a sound transmission to the clan's elders!"

"The leader and the others are finished. Where did that suction force come from?"

"It was released by the person we were chasing. After he was forced into a corner, he also dragged the leader and the others inside."

Zhou Xingzhi was also very worried. Chen Xiang had actually gone in just like that, and even brought over ten of their Paternoster Race s with him. Right now, he was sure that their Paternoster Race hunters were dead for sure.

"That was our Paternoster Race's hunter, but he died just like that!"

"It's a good thing that it wasn't us ..."

Hearing that, everyone's heart had lingering fear, if they surrounded and killed Chen Xiang, and were to get caught, they would be in an even worse situation.

who was running, suddenly felt that the Qi behind him had scattered, the ten over people did not come to chase after him.

"They should have been together when they entered this place. Why should they be separated?" Chen Xiang was unable to understand.

"It's very likely that there are other souls here ... Don't they have Soul hound s? This Soul hound might have sensed a lot of souls, and could not even tell if it was you, so it took them everywhere to run, or if it was the Soul hound that scattered out of fear. " Bai Youyou warned repeatedly, "You must be careful. Let's get rid of those fellows first, then think of a way to get out of here."

Chen Xiang didn't know whether or not he could leave. After entering for so long, although he did not encounter any danger, he felt that this place was very scary.

Chen Xiang was currently at the top of a tall mountain. He wanted to fly, but he was unable to, whether it be through the Six Realms mirrors or using the great power of the Red fire dragon.

"I'll use the illusion to take a look." When Chen Xiang released his spirit body, he discovered that the spirit body could freely enter and leave this area. Previously, he had let the spirit body in, and he had even seen some bones.

"What exactly is hidden inside?" Chen Xiang was extremely curious, and he didn't know if he could find it.

Just like this, he stood alone on the peak of the mountain, controlling the illusion to fly around and investigate. Two days had passed, and he was safe and sound, but the illusion actually saw two white bones.

"One person and one Soul hound!" Chen Xiang was shocked. The powerful middle-aged man who was chasing him down before had now turned into a pile of bones, causing him to tremble in fear.

"There must be some kind of terrifying power hidden inside." Chen Xiang didn't dare to run around randomly, he only wanted the spirit body to search everywhere, and now he had the spirit body to search around the body's surroundings.

"We have to find out what's in here." Chen Xiang was also wary of his surroundings. Although he would not run around randomly, something dangerous might find him.

The illusion flew to the top of the tree and he could see very far ahead. Through the illusion, he suddenly heard the crazy barking of Soul hound and immediately let the illusion pass through.

After getting close, he saw that the Soul hound and a middle aged man were wrapped in green light, their bodies quickly withering, and in a short moment, the middle stage World Defying Stage Legendary Rank middle aged man had turned into a dried corpse on the ground, and the terrifying thing was that the skin around the dried corpse had also quickly disappeared.

The middle-aged man turned into a pile of white bones, and the green light that engulfed him turned into a mass of light that floated in the air.

"It's precisely this kind of thing, it's too terrifying!" Chen Xiang now saw with his own eyes how the Soul hound and the people turned into bones.

"They can't devour the power of the white bones. The bones also contain a very strong energy." Chen Xiang was suspicious, and immediately told Bai Youyou about it.

"I don't know, maybe this thing can't absorb the energy from the bones." Bai Youyou said, because the Devouring magic kungfu that she trained in was very similar to this.

Chen Xiang immediately let the illusion come back, he did not plan to run around anymore. He guessed that there must have been many types of green orbs of light in this area, and if they were touched by the green orbs of light, their bodies would not be able to move, and then be devoured.

In these few days, Chen Xiang asked Xiao Xianglin and Feng Ke'er to come out and look at the situation here. There was a strong barrier here that they were unable to break through, and they still needed to carefully analyze the various inscriptions on the barrier. They felt that they could only weaken the barrier and make the barrier weak, in order to leave.

It would take time to do that.

"I should be safe now." Chen Xiang had been staying at the top of the mountain for quite a few days already, and he had not come across that kind of green ball of light.

He actually saw a few new bones with his illusion.

"This group of fellows, if it wasn't for them chasing after me, would I have brought them in? Haha, right now, all of you are going to die. " Chen Xiang was secretly amused, his face full of smiles.

But when he saw the green light in front of him, he couldn't laugh.

"Motherf * cker." Chen Xiang saw the green light and immediately started running, quickly rushing down. He was already floating in the air, if there was a green light ball floating over, he would definitely be able to discover it, and this green light ball that suddenly appeared caught him off guard.

Soon enough, he understood why this green ball of light hadn't been discovered by his illusion. It had come out of the ground.

The green ball of light that had been pursuing him suddenly appeared from the ground after it drilled into the ground, and quickly dashed towards him.

In a moment of desperation, Chen Xiang took out his Six Realms mirrors and blocked the green light that was shining towards him. He had observed this before, if this green light shone upon him from a short distance, he would not be able to move.

The Six Realms mirrors could only block the green light for now. As Chen Xiang was thinking about how to escape, he suddenly realised that green light was flying from all directions.

However, after he entered the Six Realms mirrors, the green light had also caught up to it.

Five green blobs of light came in, surrounding Chen Xiang, but what made Chen Xiang worried did not happen. These green lights did not cause him to be unable to move.

"Hey? "What's going on?" Chen Xiang's heart jumped, seeing the five balls of green light moving up and down, he found it hard to understand, and after walking out of the Six Realms mirrors, the green light ball followed him out.

After he left, the green blob of light released a very strong light, but it did not succeed in stopping him, much less absorbing his strength.

"You bastards, haha ..." You can't do anything to laozi now, right? " Chen Xiang swung the Six Realms mirrors, using the mirror to ruthlessly attack the green blobs of light that almost scared him witless.
