

Dan God 3631

[Chapter 3631](#)

After the Seven Mountains Divine Island was destroyed, it broke into pieces and turned into many specks of light that scattered. Everyone searched for the location of the specks of light, if they were lucky, they might actually be able to find it, it might even be the mountain of the Tao-creation's Divine Crystals. ∞,

Of course Chen Xiang did not go, he only wanted to know the situation.

"Senior Luo, Senior Gu Tong, and Long Xuan ... Uncle Shi, Oldest Tree, I wonder how they are doing. " Chen Xiang didn't even know how he could find them.

As for Yang Genming, he didn't need to worry. Yang Genming had left the Seven Mountains Divine Island a long time ago and came to secretly build the Fighting Glorious City. If he had heard of the Fighting Glorious City in the future, he would be able to find Yang Genming.

"The Killing evil dragon must have been taken to some other place. This guy is scary." Chen Xiang himself also had Killing evil dragon, so he was clear on just how dangerous Killing evil dragon were.

Just as he was about to leave the sea, he saw a black shadow falling from the sky.

"What is this? A ball of black air? " Chen Xiang carefully observed until he sensed a familiar aura, only then did he feel shock.

The falling black qi had a strong aura of a Killing evil dragon.

"What exactly is this thing?" It's not like Killing evil dragon! " Chen Xiang immediately distanced himself from the ball of black air.

The black energy was very large and it released the aura of a Killing evil dragon. Strangely, as it fell, the black energy became smaller and smaller.

"Is this a Killing evil dragon?" Chen Xiang watched the small black aura from afar and didn't dare to approach.

"This power is too terrifying. It's better for me to stay away from it." Chen Xiang was about to fly away, but the ball of black aura suddenly flew over, as fast as light, and instantly entered Chen Xiang's body.

"Crap!" Chen Xiang was shocked, this damned thing actually found him.

After the black aura entered his body, it quickly arrived at his Divine Sense Sea. Soon after, the small Red fire dragon appeared and actually opened its mouth wide, swallowing the black aura that had become extremely small.

"You little thing, hurry up and vomit." Chen Xiang immediately let go of the Red fire dragon and swung it with all his might. He knew that the black substance was related to the Killing evil dragon.

"What's wrong with this little fellow? Why does it look like Xueyi, that gluttonous dragon, is eating all kinds of random things?" Chen Xiang swung the small Red fire dragon's tail in all kinds of positions, but nothing flew out. The ball of black energy seemed to have been merged by the Red fire dragon.

"Damn it, we finally got rid of that Killing evil dragon and now we have it." Chen Xiang scolded in his heart, but he could only be sent back into the Divine Sense Sea by the little Red fire dragon.

After the Red fire dragon swallowed the lump of thing, it did not have any other reaction. Chen Xiang was a bit relieved, but he knew the hidden danger of the Killing evil dragon, if he could not control it, the Killing evil dragon would appear and even swallow him.

"There's no other way. This is the only way." Chen Xiang told Xiao Xianglin about this matter and told him to be prepared. If he was to be devoured by the Killing evil dragon in the future, he would have to tell her to seal him away.

Chen Xiang looked at a Tao-creation Mountain in the distance. That was the Tao-creation's Wood Mountain, the first Tao-creation Mountain he had gone to. He had wanted to take a look, but who knew that this mountain would suddenly shake and explode!

"What's going on?" Chen Xiang was stunned, the Tao-creation's mountain was very big, but it instantly exploded and flashed with a burst of strong light before disappearing.

He then looked towards the other Tao-creation Mountain s, and one after another, they exploded and disappeared!

"What the hell! Could it be that once the Seven Mountains Divine Island is destroyed, the Tao-creation Mountain will disappear as well? " Chen Xiang found it hard to understand, there was one less Tao-creation Ice Mountain here, and now all the other Tao-creation Mountain s were destroyed.

At this time, because the Tao-creation Place had lost seven of his Tao-creation Mountain s, he seemed to have become very desolate, as many places were drowned by the ocean.

Chen Xiang had no choice but to ride his Six Realms mirrors and fly towards that direction.

"This change is too fast!" Chen Xiang kept looking at the sign on the Super Yuan Dan Alliance, waiting for news from Chu Jinfeng.

Chu Jinfeng said that she would contact him in the future.

After waiting for two days, the sign finally vibrated. Then, he quickly flew in the direction indicated by the sign.

Chu Jinfeng was on board a boat, but because of the intense tsunami, a large portion of Tao-creation Place was drowned.

"Chief, are you the only one?" Chen Xiang asked.

"The rest of the Super Yuan Dan Alliance have long since been arranged for me. Right now, I'm the only one here, I'll go look for them in a while." Chu Jinfeng said: "I am here to look for a few very important things. Through this badge, I found out that you were nearby and got you to come over!"

"Chief, where is Tao-creation Divine Lord? "Where is he?" As long as Chen Xiang knew where the Tao-creation Divine Lord was, he would know where Luo Jiuyang and the others were going.

"I don't know!" Chu Jinfeng shook her head. "After the explosion of the Seven Mountains Divine Island, I lost contact with Master."

"Is there any way to find him?" Chen Xiang was very worried, "What is the situation right now? Is the Seven Great Sects still here? "

"Of course. A portion of them have already left. As for the seven ancestors, I have no idea." Chu Jinfeng said: "Right now, I am more worried about where the Killing evil dragon will go. After the Killing evil dragon wakes up, it took me half my life to break the seal and in the end, it was a success, but my whereabouts are unknown."

Chen Xiang silently swallowed his saliva. The remaining half of the Killing evil dragon's life was swallowed up by that small sized Red fire dragon. He now knew what the consequences would be.

"It seems like this Tao-creation Place will not be at peace." Chen Xiang sighed.

"Isn't it! Six Tao-creation Mountain s have been destroyed along with the Seven Mountains Divine Island. " Chu Jinfeng said: "Right now, I am looking for the key that was left behind after the Tao-creation Mountain was destroyed! My master once said, back then there were a total of nine Tao-creation Mountain s, the Tao-creation's Evil Mountain, the Tao-creation's Divine Mountain, and the Tao-creation's Ice Mountain. Finally, the other six Tao-creation Mountain s. "

"Every Tao-creation Mountain has a key. I don't know what its use is, but my master has grasped two keys, one was his own Tao-creation Divine Mountain, and the other was obtained after the Tao-creation Ice Mountain self-destructed."

"Right now, the location of the key to the Evil Mountain of Tao-creation and the other six Tao-creation Mountain s is unknown."

Chen Xiang secretly took a deep breath. The key to the Tao-creation Mountain, was definitely something extraordinary.

"Is there any clue?" "How big is the key?" Chen Xiang asked.

"The key is as big as a dagger. There is no clue. " Chu Jinfeng looked at the vast ocean and said with an expression as if he had seen a wild dog: "This is a mission given by Master, I don't know when I'll be able to complete it."

Finding six daggers in this vast sea was as difficult as finding six needles.

"Alliance Master, you'll definitely be able to complete it." Chen Xiang laughed dryly and comforted her.

[Chapter 3632](#)

Chu Jinfeng pointed in a direction and said, "If you go there, there will be land."

"Over there?" Chen Xiang looked over, and what he saw was still a sea: "Alliance Master, how did you know?"

"In the Tao-creation Place, there is a high ground in that direction. You'll know once you go there." Chu Jinfeng laughed bitterly: "I'll look around for a while longer. In short, I'll return home regularly."

"Then I'll take my leave." Chen Xiang didn't have the heart to fish for the key in this huge ocean. After bidding farewell to Chu Jinfeng, he hurriedly flew away.

After Chen Xiang distanced himself from Chu Jinfeng, he summoned his Red fire dragon and pulled its tail from its head to its head. He pulled it fiercely a few times to see if he could spit out the black air that was related to the Killing evil dragon.

"Looks like there's no hope. That could very likely be the Killing evil dragon." Chen Xiang was speechless when he saw the Red fire dragon flying over mischievously.

"This little thing, I didn't treat you unfairly. Why is it like a reincarnated hungry ghost, eating everything you eat?" Chen Xiang was a little angry, and then threw the Red fire dragon into the Divine Sense Sea.

After flying on the sea for a few days, he finally saw land.

"Those guys who were building houses by the sea before are all dumbfounded now, right?" Chen Xiang laughed: "I wonder where the City Lord is being built from, if he was to be washed away, it would be very funny."

Chen Xiang came to the shore and saw that there were a lot of people there. The seven Tao-creation Mountains of the Tao-creation Place already had a lot of people, and there were also people from other parts of the Tao-creation Place.

After arriving on the surface, Chen Xiang heard many people talking about it. Many people believed that the matter of the Seven Mountains Divine Island exploding was real, which was why they jumped down from the stage in advance, otherwise, they would already be dead.

Many people who came down from Seven Mountains Divine Island were not used to it. The Seven Mountains Divine Island was originally a high and mighty region, and the people who were able to go up were all powerful and of noble status. Now that they came down here, they all felt that they had arrived at a poor place.

"Seven Mountains Divine Island has a large number of Tao-creation Divine Crystals, but all of them are gone now ... It will not be easy to obtain the Tao-creation Holy Crystals in the future. "

After the Seven Mountains Divine Island explodes, many things will fall to the Tao-creation Place. In a few years time, there will definitely be people who will find it, and quite a few of them will be the Tao-creation's Holy Crystals.

"I hope so, but where should we go?"

Chen Xiang was also thinking about this issue, he had nowhere to go right now. He originally wanted to go to the Super Yuan Dan Alliance, but he felt that the Super Yuan Dan Alliance must have encountered some troubles as well.

As he was thinking about this question, the Red fire dragon suddenly reacted. Chen Xiang immediately distanced himself from the crowd and took out the Red fire dragon. He saw that the Red fire dragon was flying towards a direction, as if it wanted to guide him to something.

"There's something over there?" Chen Xiang rode on his Six Realms mirrors and immediately flew over.

In the Tao-creation Place, he could easily fly very high, and could even teleport.

He flew high in the sky with the Red fire dragon and continuously changed directions according to the Red fire dragon's guidance.

For the next few days, Chen Xiang kept feeling that he was randomly flying. He also didn't know what Red fire dragon meant by that, but he felt that since this little thing met the ball of black air that the Killing evil dragon turned into, it had become weird. It was very different from before.

In the past, this little thing had always been lifeless and not as lively as it was now.

He did not know where he came to. In short, this place was very primitive and there were no signs of anyone having entered, leaving a dense forest below him. He flew high in the sky and saw a pitch-black lake in the distance.

The lake was circular, and from a distance it looked very, very black.

The Red fire dragon cried out and used its little claws to point at the lake.

When Chen Xiang flew in, he realized that it was not a lake, but rather a black quagmire.

Sensing the Evil Qi, Chen Xiang's heart jumped, this was an Qi that was very similar to a Killing evil dragon.

"Little thing, are you a Killing evil dragon or not? Why did you bring me here?" Chen Xiang landed on the ground and immediately put the Red fire dragon away. He was worried that the Red fire dragon would not be able to come out from the hole.

Then, he looked at the Red fire dragon inside the Divine Sense Sea. It had been drilling in the water non-stop, indicating for Chen Xiang to drill into the quagmire.

"I'm not that stupid!" Chen Xiang did not go down immediately. Instead, he released his illusion body, telling it to sink to see what exactly was inside.

After the spirit body had gone down, the sense of the Killing evil dragon's aura became stronger and stronger.

"This could have been a lake, but after falling down something, it turned into a black quagmire." Chen Xiang carefully observed his surroundings and noticed that nearby the black quagmire, there were some trees that were affected and started to turn black. It was obvious that this was something that happened recently.

The quagmire was not very deep, so the illusion quickly detected the source of the Killing evil dragon's aura. He ordered the illusion to put that thing into the illusion's storage space, and then used the spatial energy to retrieve the illusion.

He took out the item and cleaned it. It turned out to be a black dagger. However, the sharp blade of the dagger was uneven, like there were some lines on it.

Chen Xiang remembered that Chu Jinfeng had mentioned a key that was as big as a dagger!

"Could this be the key to the Tao-creation's Evil Mountain?" Chen Xiang was secretly shocked, it was actually the Red fire dragon's guidance! This made him even more worried.

How did the Red fire dragon know that there was a mysterious key inside the Tao-creation's Evil Mountain? Was it swallowed by the Killing evil dragon?

"What's the use of this?" Chen Xiang looked at the Red fire dragon inside the Divine Sense Sea, and then sighed.

Originally, he had planned to let Xiao Xianglin see it, but after thinking about how dangerous it was, he gave up on this idea.

After the Red fire dragon guided Chen Xiang to the dagger-like key, it began to play in the Divine Sense Sea, and no longer cared about this matter.

Chen Xiang rode on top of the Six Realms mirrors, holding a black dagger as he looked at it carefully. He thought about it, made a decision, and decided to test it.

After his blood dripped, the dagger did not respond. It did not work.

"There doesn't seem to be any danger!" Xiao Xianglin suddenly ran out and looked at the dagger, laughing: "Let me see."

Xiao Xianglin seized the dagger, fiddled with it for a while, and then twisted the handle off the dagger.

"Look, we can remove this place!" Xiao Xianglin said, then looked at the handle, and took out a piece of yellow rolled up paper.

"As expected of Master. He knows so much." Chen Xiang exclaimed: "Quick, open it and see what's written on it!"

Xiao Xianglin opened it to take a look, and frowned: "Nothing much, it looks like a formation, and mainly used Supreme Mantra s."

Thailand's most popular female anchorwoman new love video exposure down the male host!

[Chapter 3633](#)

The formation formed by the Supreme Mantra was very strong. The Eight ancestor contract map from before had used a large amount of Supreme Mantra to form such a powerful Array.

"There aren't many Supreme Mantra, only around eight. I wonder what kind of formation it is." Xiao Xianglin frowned: "It's a strange feeling, there's Time Formation and spatial array shadows inside, could it be a space-time array?"

"What would a formation like this be used for if it was kept in the key?" Chen Xiang looked at the dagger, and tested it. It was extremely sharp, and could actually cut open the Tao-creation's Holy Crystal easily.

"If it's a space-time array, maybe it can teleport people to somewhere, or something." Chen Xiang said, "Generally speaking, the ability of the Time and space power to break through the limitations of space more stably is much better than the power of space."

Xiao Xianglin nodded his head: "You better think of a way to find the Tao-creation Divine Lord, and ask him about it will show, he has two keys. The key in our hands is from Tao-creation's Evil Mountain. We might get into a dangerous place and the best case scenario would be to confirm it with Tao-creation Divine Lord. "

Xiao Xianglin returned to the You Yao Mountain Villa and continued refining his super Time array.

"This dagger is really powerful. What is used to refine it?" Chen Xiang thought about the black stones that Song Longprofound had gotten hold of earlier. What kind of bone stones were they?

Chen Xiang had also forgotten to ask Luo Jiuyang about the mysterious bone fossil.

"I don't know what kind of place this is either. I'll go back to my original place and see if I can find Yang Genming." Chen Xiang went to see how the construction of the Fighting Glorious City was progressing.

If he could meet Chu Jinfeng, he would also be able to ask about the bone fossil.

Chen Xiang used more than ten days to return to the shore. This place was extremely lively, he used his illusion to search around to find information, and finally managed to learn something related to the Fighting Glorious City.

There were many people who came from the Seven Mountains Divine Island here, and they were very familiar with the Fighting Glorious City. When they heard that Yang Genming wanted to rebuild the Fighting Glorious City, they were very happy, at least it would be a familiar place for them, like the Seven Mountains Divine Island's memories.

Yang Genming had previously constructed a Fighting Glorious City before, but he had been submerged by the ocean. Now that he was at the shore and confirmed that the situation was stable, he brought over many large mountains from other places and piled them together, forming an even larger mountain. Then, he built his Fighting Glorious City on top of them.

After Chen Xiang confirmed the address, he immediately rushed over.

The reason why Yang Genming chose to build a city at such a high altitude was to prevent himself from being drowned by the ocean.

There were a few experts from the World Defying Stage Legendary Rank beside Yang Genming. With the help of these experts, he could quickly build a War Radiant Divine Mountain with many of these mountains.

Chen Xiang came to the foot of the mountain and smiled: "The City Lord shouldn't be constructed for nothing this time, but once it is completed, many people will surge in, and before long, the original splendor of the Fighting Glorious City will reappear."

Just as Chen Xiang was about to go up the mountain, he saw a very arrogant aura from above, and then, a large amount of shattered rocks flew down. When he first arrived here, he had seen a lot of broken rocks falling down. He had not expected them to fall down like this.

"This is the auras of the City Lord and Lie Dao that have been pushed to the limits ... Did they start fighting? Impossible, in this kind of place, other than the old fellows from the Seven Great Sects, there were very few people who were their match. Could it be that they were fighting against each other?

There are still people provoking them. " Chen Xiang immediately controlled the Six Realms mirrors to fly quickly.

Soon, he arrived at the mountain peak. He saw that many houses had collapsed, and a large wall formed from giant boulders had been destroyed. With a single glance, he could tell that there was a battle going on here.

"What's going on?" Chen Xiang landed beside Yan Jiu. Blood trickled down the corner of his mouth and his face was pale white.

"City Lord, come back quickly." Yan Jiu anxiously shouted, calling Yang Genming, Lie Dao and the others back.

Chen Xiang looked into the distance. Yang Genming and the others were facing a few burning men, those burning men were all aggressive, overweeningly arrogant, and looked extremely arrogant.

"Old Yan, what happened?" Chen Xiang asked.

"Someone has suddenly appeared out of nowhere. He is very tyrannical and insisted on taking over our War Radiant Divine Mountain, a mountain that we had spent almost a month to build ... They aren't weak either. There are so many small and large mountains here, and they could even build one themselves. They actually wanted to take over our mountain.

Yan Jiu said: "They seem to be very strong, I want City Lord and the others to come back first."

"No need, I'll go take a look."

Chen Xiang immediately ran over, and when he sensed Chen Xiang's Qi, he became more relaxed.

"I never thought that you guys would actually have helpers, but it looks like they are just trash, little chicks that just entered the World Defying Stage Legendary Rank, can't you call a stronger helper?" A long-faced man sneered when he saw Chen Xiang had arrived.

"You said I'm trash?" Chen Xiang couldn't help but laugh: "If you have the guts, let me punch you. See if I'm trash or not! I don't think you dare. You're just the sharpest and weakest chicken, yet you're only crowing loudly. "

"You little piece of trash, you're really arrogant, you actually dare to be impudent in front of me!" After the long-faced man finished speaking, he had already arrived in front of Chen Xiang and used his strength to grab at him. The claw burned with a scorching fire as it went straight for Chen Xiang's heart.

The other party was in the middle stage of World Defying Stage Legendary Rank, but Chen Xiang was not afraid. The other party was grabbing him, seemingly wanting to pull out his heart, but he looked calm and collected, allowing the Red fire dragon to release the legendary dragon fire and gather its energy.

Rumble rumble rumble!

After the long-faced man grabbed Chen Xiang's chest, a burst of violent flames splashed out, flickering flames enveloped an area of three hundred meters around Chen Xiang as countless balls of fire flew in the air and fell to the ground.

Chen Xiang had also only taken a few steps back, while the long-faced man was sent flying. What was shocking was that the long-faced man's arm was actually broken into pieces and connected to his shoulder, and his entire arm had already exploded.

"You used a God Equipment!" While the long-faced man was enraged, Chen Xiang had already appeared behind him. A huge mirror was pressed down fiercely, and the smooth surface of the mirror suddenly flickered with flames, the strong legendary dragon fire accompanied the Six Realms mirrors's pressure, and a wave of flames surged out, like a dragon's roar, enveloping the long-faced man.

The Six Realms mirrors was pressed on the ground, the flames became even fiercer, sweeping out like the wind, and when Chen Xiang picked up the Six Realms mirrors, the long-faced man was already gone.

"So it turns out that I'm the only one who calls others trash." Chen Xiang shook his head and sighed as he stood amidst the flames.

[Chapter 3634](#)

There were three other people with the long-faced man. When they saw this scene, they were also stunned; they were clearly aware of the long-faced man's strength, yet they were pressed down by Chen Xiang's Six Realms mirrors and turned into ashes.

The legendary dragon fire that Chen Xiang used to release the Red fire dragon had been strengthened by various Legendary mantra and its own six gods had been strengthened by a lot, so with the opponent's body being so weak, it was impossible for them to withstand the flames of the Red fire dragon.

"The flames of the Red fire dragon seem to be much stronger than before!" What Chen Xiang felt just now, was that Red fire dragon were originally similar to Killing evil dragon, they were able to release a very strong power.

"You ... You actually dared to kill one of our men. " They were all in the middle stage of World Defying Stage Legendary Rank.

"Why would I not dare? Not only am I not afraid of killing villains like you, I feel good about it! As you can see, that bastard even wanted to kill me, let alone call me trash. " Chen Xiang sneered: "If you don't want to die, then hurry up and admit your wrongs and give me the appropriate compensation. Otherwise, don't even think about getting lost."

They would not agree to any of Chen Xiang's conditions. Moreover, Chen Xiang had killed one of their comrades, yet he looked down on them in such a way. As domineering and unreasonable people, how could they lower their heads?

"Kill him." The middle aged man shouted in anger, just as he was about to attack, a burst of pressure came from all directions. Xiao Xianglin and Little White Fox suddenly came out from the You Yao Mountain Villa, released their clones, and released their Pressure mantra.

Seeing that they did not know how to repent, Chen Xiang released the legendary dragon fire mercilessly and poured it into the pressure domain. He allowed Xiao Xianglin and Little White Fox to strengthen the legendary dragon fire and turned the pressure domain into a dragon fire refining prison, burning the few people inside into ashes.

When Yang Genming saw those few people being killed, he was extremely moved. All of them had been beaten until they were forced to retreat step by step, but when Chen Xiang and the two girls attacked and killed them, he, who was at the middle stage of World Defying Stage Legendary Rank, felt extremely ashamed.

"City Lord, who are they?" Chen Xiang asked: "They aren't weak at all, but they don't seem to belong to the Fire Mountain School, are they from there? Is there such a guy in Seven Mountains Divine Island? "

"They claim to be from the Tao-creation Fire Mountain!" Yang Genming said as his brows knitted, "I heard from them that they were Fire-creation Race s who were sealed within the Tao-creation Fire Mountain. "He even said that it was our honor to set our eyes on the mountain we built and that his tone was so great that it could overtake the heavens."

A clan sealed in the Tao-creation Fire Mountain? Chen Xiang was not surprised by this at all, he was only curious as to why it was sealed. He felt that it was very likely that it was the work of the Tao-creation Divine Lord, and judging from the performance of those few people just now, he could tell that these people were not good people.

"It seems like there is something sealed within the seven Tao-creation Mountain s and they have all escaped." Chen Xiang said. The seven Tao-creation Mountain s were extremely huge, and no one knew what was inside.

"I thought the Seven Mountains Divine Island was the strongest, I didn't think that there would be such a fellow sealed inside." Yang Genming sighed: "Looks like life won't be so good in the future. We were originally lacking resources here, and now these things come out from the seven Tao-creation Mountain."

"This is not certain. After the seven Tao-creation Mountain s explode, there might be many other Tao-creation's Divine Crystals that come out." Chen Xiang laughed: "Maintaining such a powerful seal requires a lot of energy. Just like the Eight ancestor contract map in the Tao-creation Ancient Place, it requires a large amount of Tao-creation's sacred crystals."

"You had better gather a little more allies and tell them that there are a lot of strong people who have been sealed here. Only by joining together can we overcome this obstacle. " Chen Xiang said: "I'll go ask around to see if there's anything related to these fellows."

Chen Xiang took the plate, he was going to look for Chu Jinfeng.

Chu Jinfeng was no longer in the ocean. After asking around and finding out the location of the Super Yuan Dan Alliance's location, he immediately went there.

The location of the Super Yuan Dan Alliance was still within the Villa. There were already a few hundred capable people within the Super Yuan Dan Alliance, and they quickly built a Villa. Furthermore, they even laid several layers of enchantments, which could only be entered by people with brand names.

Their plans to build a Villa were the same as Yang Genming's; they built it on top of a huge mountain, which they built using many mountains.

Chen Xiang entered the Villa and immediately went to look for Chu Jinfeng.

Previously, when Chu Jinfeng was searching for the key on the sea, he had to temporarily give up because it was too difficult to search for it.

"Chief!" Chen Xiang arrived outside Chu Jinfeng's study room and knocked on the door softly.

"Chen Xiang? "Come in!" Chu Jinfeng said.

After Chen Xiang entered, he closed the door and smiled: "Have you found the key?"

"How is it possible?" Chu Jinfeng shook his head and laughed bitterly.

"I don't think the key is in the sea." Chen Xiang said.

"Oh? What do you mean? " Searching for the key was an important mission given to Chu Jinfeng by the Tao-creation Divine Lord, he obviously wanted to complete it quickly.

"I killed a few who claimed to be Fire-creation Race s, but their strengths were very strong, they said that they were previously sealed in Tao-creation Fire Mountain." Chen Xiang said.

When Chu Jinfeng heard it, his reaction was huge, his face was full of shock: "Looks like they aren't dead yet!"

Chen Xiang knew that Chu Jinfeng understood these things.

"Are they the same as the Paternoster Race? Were they created before and then sealed?" Chen Xiang asked.

"They were not created, but. Back then, it was also a very strong power and was able to grasp a large amount of Tao-creation's incantations. " Chu Jinfeng said: "And they are an extremely unstable existence, because back then, those First Tao-creation Ancestor s gave them a lot of power. If they were not sealed, with their personalities, it would definitely affect the development of the Myriad Tao."

"Are there any in the seven Tao-creation Mountain s?" Chen Xiang asked.

"Yes!" However, I do not know if the other races from the Tao-creation Mountain are dead or not. " Chu Jinfeng frowned: "Back then, sealing them was done by the ancestors of the various Tao-creation Mountain s, looks like they left some tricks behind, if you didn't tell me, I wouldn't have remembered this matter, it would have been troublesome."

"Tao-creation Divine Lord should also consider such a thing." Chen Xiang said: "Does he not have any other instructions?"

Chu Jinfeng shook his head: "No! In the future, they will be the cause of the chaos in Tao-creation Place, I am very clear on the race they are, otherwise they would not have been sealed back then. "

This was exactly what Chen Xiang was thinking. Right now, he just wanted to quickly find the Tao-creation Divine Lord and ask about the use of the key.

"The key you're looking for, will it be in their hands?" Chen Xiang said.

"That's possible! It would be good if I were to be in their hands. At the very least, I know where I would be and it would be much easier to find a needle in a haystack. " Chu Jinfeng laughed: "Now we have clues, it's all thanks to you!"

[Chapter 3635](#)

Chen Xiang could tell that Chu Jinfeng was extremely confident in his own abilities. Otherwise, he wouldn't be smiling so happily, because he felt that he could take the key away from the other races.

"Chief, do you need me to do something for the Super Yuan Dan Alliance?" Chen Xiang laughed: "I'm still a part of the Super Yuan Dan Alliance, at least I can do something about it!"

"This... You being able to refine Legendary god Dan is the best, I will provide all the materials you need, and I will even give you an additional five thousand Tao-creation Holy Crystals. " Chu Jinfeng laughed: "How's the price?"

Although he was only earning five thousand, Chen Xiang felt that it was not bad. This was because in the Super Yuan Dan Alliance, to be able to obtain World Defying Dan grain s and a few pill formulas was priceless.

"Sure, how many pills do you need now? "I'll go and refine it now!" Chen Xiang planned to ask the World Defying Dan grain about the pill formulas after refining this batch of Legendary god Dan.

For the time being, we will have 20 pills, so we will need someone to choose their talent. We have to cultivate a new batch of World Defying Stage Legendary Rank s as soon as possible. Chu Jinfeng said. Then, he gave Chen Xiang a hundred thousand Tao-creation Holy Crystals, as a payment in advance to Chen Xiang.

"Oh right, what's the price of the materials you need to refine the Legendary god Dan?" Chu Jinfeng said.

"Five thousand Tao-creation Holy Crystals are required." Chen Xiang said: "This is Bighead! My World Defying Dan grain is special, it requires me to absorb the energy of the Tao-creation's sacred crystal! "

"So it's like that!" Chu Jinfeng was very surprised with Chen Xiang's World Defying Dan grain. This sounds good, but it only used up the power of the Tao-creation's Holy Crystal, which could reduce the pressure on the Alchemist.

Chu Jinfeng gave Chen Xiang another one hundred thousand Tao-creation Holy Crystals as consumption for refining Legendary god Dan.

Chen Xiang immediately felt that Chu Jinfeng was a tycoon who left with two hundred thousand Tao-creation Holy Crystals just like that. After all, he was the Tao-creation Divine Lord's disciple.

"I'll come find you once I'm done refining." Chen Xiang said.

He immediately headed to his residence in the Villa, and started refining the Legendary god Dan in the secret room. This was not a difficult matter for him.

While he was refining the pellet, Xiao Xianglin finally completed that [Super Time array].

"Master, how powerful are your super Time array?" Chen Xiang anxiously asked, the reason why Xiao Xianglin refined this array disc was to learn that set of Legendary mantra, as long as she mastered that set of Legendary mantra, she would be able to refine a Paternoster soul stone, and at that time, she would be able to let Chen Xiang and the others learn more Supreme Mantra more quickly.

"It has been two hours outside, and it's been around ten thousand years inside. To change into a hundred thousand years like this in a single day, you must be incredible!" Xiao Xianglin laughed, "It's just that it consumes a lot of Tao-creation's sacred crystals."

"Incredible!" How many Tao-creation Holy Crystals are needed? " In the Tao-creation Place's place, it was extremely difficult to reverse the flow of time. The more time one needed to do so, the more difficult it would be, and it was far from something that could be compared to in those inferior worlds.

"You probably need to consume fifty thousand Tao-creation's Divine Crystals in two hours!" Xiao Xianglin said.

The corner of Chen Xiang's mouth twitched. This was simply burning the Tao-creation's sacred crystal! To obtain six hundred thousand Tao-creation Holy Crystals in a single day, that was simply too terrifying!

"Seems like I have to earn more Tao-creation Holy Crystals." Chen Xiang said.

"I plan to try for eight hours first. 40,000 years of time should be enough for me to master that set of Legendary mantra." Xiao Xianglin said: "This Time array is very powerful, after circulating it once, the next time it will circulate will require a period of time, because the twisting time is too long, I have to wait for it to recover, in short, after activating it once, I cannot activate it immediately."

In four hours, he would reach two hundred thousand Tao-creation Holy Crystals! Right now, Chen Xiang had at least four hundred thousand Holy Crystals, and he could take half of them out in an instant.

"Yes, Master, you will definitely succeed." Chen Xiang said.

Xiao Xianglin had entered the Super Time array, she went in herself, because she had to release two clones inside, this was the limit that the Time array could bear.

At this moment, Chen Xiang could feel that there was a very violent energy surging inside the You Yao Mountain Villa.

Eight hours later, Xiao Xianglin exited the Profound Sky Continent. Fortunately, when she was learning the Legendary mantra, she was still in a kind of selfless state, so she did not feel too bored or worried about the passage of time.

Chen Xiang had not finished refining those Legendary god Dan.

"Master, how is it?" Chen Xiang asked anxiously.

"Of course it's a success!" Xiao Xianglin chuckled, "Your master is the Heavenly Incantation Master. If I can't even learn it with all my time, then no one can succeed."

"That's great, don't you think I will be able to obtain Pressure mantra and the Doppelgänger mantra soon?" Chen Xiang was very much looking forward to it.

"Initially, my understanding of the Legendary mantra was wrong, but after I grasped it, I finally understood it!" Xiao Xianglin sighed: "I had thought that after mastering it, all I needed to do was to inscribe the memory of the Legendary mantra into the Paternoster soul stone and let the person eat it."

"Actually, that's not the case. The person who refined the Paternoster soul stone could only condense the incantation he had mastered."

Although it was different from what he imagined, Chen Xiang felt that it was okay. "As long as you can help me master the Pressure mantra quickly, it's fine!"

These two incantations had a huge effect on Chen Xiang.

"Refining Paternoster soul stone also requires a lot of Tao-creation's Divine Crystals ..." Xiao Xianglin said: "If it's the Paternoster soul stone s that are refining Supreme Mantra, then it needs at least fifty thousand Tao-creation Holy Crystals. However, it requires ten times more to condense Legendary mantra s!"

Chen Xiang was stunned, with so many Tao-creation Holy Crystals, it would not be easy to get hold of. Right now, the only person who could cause him to vomit blood was Chu Jinfeng, who had a large number of Tao-creation Holy Crystals.

"I'll help you make the Pressure mantra first. This is a Supreme Mantra, it's only fifty thousand Tao-creation Holy Crystals." Xiao Xianglin also needed a certain amount of time to refine the Paternoster soul stone.

"Alright, Master. If you want to open the Time array again, how long will it take?" Chen Xiang asked.

"It may take a few years for the internal form to recover." Xiao Xianglin said: "You want to use it?"

"That's not it, can you throw a super Time array into a normal Time array and speed up its recovery?" Chen Xiang felt that there was no need to wait anymore.

"No, this form of time is extremely mysterious and won't change because of this." Xiao Xianglin shook his head.

Now that Xiao Xianglin had gone to refine a Paternoster soul stone, she spent two hundred and fifty thousand Tao-creation Divine Crystals in one go.

Chen Xiang stayed in the secret room for a few days before he went to look for Chu Jinfeng.

"Alliance Head, the pill is ready!" Chen Xiang passed twenty Legendary god Dan s to Chu Jinfeng.

"It was pretty fast." Chu Jinfeng was not surprised. Alchemist at their level all had Time array s in their hands.

"Alliance Head, do you think that the Tao-creation's Holy Crystals will become rarer in the future?" Chen Xiang asked, he was extremely worried about this matter, if the number of Holy Crystals in the Tao-creation decreased, then it would be difficult for him to obtain more in the future.

"I was worried before, but now it seems that it isn't so. The six Tao-creation Mountain s that exploded had a large amount of Holy Crystals, and now that they have been scattered all over Tao-creation Place,

many people have found them. Many people have become extremely rich." Chu Jinfeng chuckled and said, "Maybe there are more Holy Crystals in the Tao-creation than there were in the Seven Mountains Divine Island before this."

[Chapter 3636](#)

Hearing Chu Jinfeng's words, Chen Xiang became more relaxed, he had consumed a lot of Tao-creation's Holy Crystals now, if he did not have enough Tao-creation's Holy Crystals, it would affect his progress.

"Chen Xiang, you are also a member of our Super Yuan Dan Alliance. Here, take this." Chu Jinfeng passed two crystal boards to Chen Xiang: "There are two relatively easy to use World Defying Dan grain s inside. Take them home and study hard, maybe it will be of great help to you."

Chu Jinfeng also knew that Chen Xiang had mastered a very unique World Defying Dan grain. From the moment he looked at the Legendary god Dan, he knew that the strong effect of the Peak dan and the Legendary god Dan came from that World Defying Dan grain.

Of course Chen Xiang wanted it, he immediately thanked her after receiving it.

"If you need any pill formulas, I'll give them to you." Chu Jinfeng said: "You have just stepped into the World Defying Stage Legendary Rank, so you will definitely need pills that are useful at your current stage. This will require a legendary divine medicine and a Legendary god Dan, I don't have any medicines yet, so I'll need to wait a while to grow them.

"Alright!" Chen Xiang received the two World Defying Dan grain s and was in a hurry to learn from them. He took his leave, returned to his room, and began learning.

Learning World Defying Dan grain was extremely easy for Chen Xiang. The Huajing Dan grain from before was considered to be rather difficult, but he could easily grasp it. In terms of learning World Defying Dan grain, he had a heaven-defying talent.

"These two World Defying Dan grain are very special!" Chen Xiang looked at the description himself.

Of the two World Defying Dan grain, one of them was called the Mighty Earthshaking Pill Pattern, this kind of pill that had been crafted would have a strong explosive power. The Inscription was mainly used on those berserk herbs. It could easily suppress those herbs. It was not only used on the pills after they had formed, but it would also play a great role during the process of refinement.

If he met with any berserk herbs or energy, he could easily suppress it with this pill pattern! Apart from this, there was another powerful ability. The berserk energy suppressed would become even more berserk.

"Pills made with this pill pattern are not for eating." Chen Xiang smiled slightly: "It should be the pill that will explode ... But this was my forte. "

It was just that he did not have any World Defying Dan grain in this area later on, so he allowed Xiao Xianglin to play around with this kind of World Defying Dan grain if he had free time.

"What kind of berserk medicine should I use?" Chen Xiang was troubled by this: "We'll talk about it after we've seen the second kind of World Defying Dan grain. We'll then look for the Alliance Master for the medicinal ingredients."

Chu Jinfeng was sure that there were a lot of herbs here, and this was one of the biggest benefits of joining the Super Yuan Dan Alliance.

The second type of World Defying Dan grain is called Twin dan grain! When Chen Xiang saw the name on the description, he felt that it was extremely strange and continued to read.

Twin dan grain's specialty was to be able to make a refined pill instantly turn into two pills, but it required two times to form a pill pattern and it also required a certain amount of energy.

"This Twin dan grain is not bad ... but it needs to be improved." Chen Xiang said. When these Pill Marks awaken, they would need to absorb the Alchemist's energy. This was a huge burden for the Alchemist.

If it was improved, it would only absorb the Tao-creation's Holy Crystal's energy. If it was refined using a expensive pellet, no matter how much Tao-creation's Holy Crystals he absorbed, Chen Xiang would not feel pained.

"I wonder what the final result will be for these World Defying Dan grain. I have to get Master to improve them as soon as possible." Chen Xiang wanted to know what kind of Tao-creation Holy Crystal would be used up after the improvement.

When Xiao Xianglin was refining the Paternoster soul stone, he would give the [Vibrating Pill Tattoos] and [Twin dan grain s] to her, and let her finish her work before she started.

Chen Xiang came out of the secret room to look for Chu Jinfeng, but he found out that Chu Jinfeng had already left the Super Yuan Mountain Villa.

"Forget it, wait for him to come back before taking the herbs. We'll go to Fighting Glorious City first to check on the progress." Chen Xiang left the Super Yuan Dan Alliance and headed towards the Fighting Glorious City.

He didn't know if the people he killed at Fighting Glorious City would come back again, but if there were many of them, Yang Genming might not be able to hold them off.

... ..

The Fighting Glorious City was still being built at an accelerated pace. Only after this city was built, would it be able to attract more people to come here, and at that time, there would be many experts from the World Defying Stage Legendary Rank to come here. This way, the strength of the entire city would be raised, and even if the people from the Fire-creation Race were here to cause trouble, Yang Genming still had a certain amount of confidence.

"The City Lord, when will it be completed?" Chen Xiang went over to the place where Yang Genming was temporarily staying. The surrounding areas were also under construction, Yang Genming had already recruited a few World Defying Stage Legendary Rank s to join the Fighting Glorious City.

Those people from the World Defying Stage Legendary Rank knew that the future was uncertain, and before they knew what dangers awaited them, they planned to gather together. This would make them safer.

"There's still one more month before it can be completed. Fortunately, I knew quite a few people back then, and now they're all here to help out." Yang Genming laughed.

"What about formations and barriers?" Chen Xiang felt that this was the most important guarantee for a city.

"Previously, the Fighting Glorious City's enchantment formation was released from the array disc, so I have more than ten array discs." Yang Genming said, "We have enough power to protect the entire War Radiant Divine Mountain."

"That's good. In the future, I will have a place to visit often." Chen Xiang laughed.

"City Lord, a young man surnamed Song outside said he wants to see you. He said that he and Boss Shen are brothers." An old man suddenly walked over and said.

Chen Xiang knew immediately that the man with the surname Song was Song Longprofound.

"I'll bring him in. He's my brother." Chen Xiang said anxiously, he had previously given Song Longprofound a Legendary god Dan, so he was sure that he had broken through.

He was secretly worried about Song Longprofound previously, because Song Longprofound had already left the Tao-creation Divine Lord and the others and was not with them.

When Song Longprofound saw Chen Xiang, he laughed: "Big brother, I knew you were here! Look at me, have I become more powerful? "

"En!" Chen Xiang patted Song Longprofound's shoulder and laughed.

"Fortunately, I run fast. If I were a bit slower, I might not be able to see Big Brother anymore." When Song Longprofound talked about this matter, his heart still had lingering fear.

"It's good that you're fine now." Chen Xiang asked: "Where are your master and seniors? Have you heard anything? "

"My master found me before." Song Longprofound frowned: "After Seven Mountains Divine Island exploded, he said that he wanted to go with Senior Master to a place, and asked if I wanted to go. He said that if I went to that place, it's very likely that he won't be able to come back in the future."

"Then I thought about it and gave up." Song Longprofound laughed out loud: "I feel that this place is pretty good. Moreover, I just stepped into the World Defying Stage Legendary Rank, so I will definitely follow them to an incredible place.

"What is that place?" What are they doing there? " Chen Xiang was curious, why would Tao-creation Divine Lord and the rest want to go to that kind of place.

[Chapter 3637](#)

Song Longprofound knew that Chen Xiang would ask, and he shook his head: "I do not know much about this place. Master only told me, that is Martial Uncle's home! Martial Uncle is going back, and will not be coming back in the future. Furthermore, the other ancestors are also going back. "

Chen Xiang was puzzled, Tao-creation Divine Lord's home? What kind of place was that?

"I originally wanted to go take a look, but knowing that I might not be able to return in the future, I decided against it. Right now, I'm still more suited to this place." Song Longprofound laughed, "Actually,

those ancestors weren't that strong. They just had a mission to come here to do something. When they were doing these things and had conflicts with each other, after they made a ruckus, they made up.

Chen Xiang nodded his head: "With these ancestors not here, this place will become even more chaotic in the future. We have to be prepared to deal with them."

Yang Genming and the others also heard it, which made the pressure on them even greater, especially when they heard about the Fire-creation Race, a clan that had been sealed for many years.

"Then what about the fellows from Paternoster Race? Is there any news of them? " Chen Xiang asked: "Did your master tell you to stay here and watch out for anything else?"

"Yes, he told me to pay attention to the Evil-creation Race ... This is an extremely terrifying clan, and is also the only one in the Nine Creation Race that has not been sealed. " After Song Longprofound finished speaking, he thought for a while, then said: "Oh right, there were also many descendants called God-creation Race, and they were also sealed by the Tao-creation Divine Lord at that time."

Chen Xiang had never heard of God-creation Race before, he only said that there were clans sealed within the seven Tao-creation Mountain s, but now there were actually Evil-creation Race s and God-creation Race s.

"What do I need to pay attention to in Evil-creation Race?" hurriedly asked. Back then, the other eight Nine Creation Race s had all been sealed, and only one Evil-creation Race had not.

"He only said that he would rather face the Paternoster Race than the Evil-creation Race itself! Also, he said that there was a grudge between Evil-creation Race and himself. Paternoster Race is not dead, and they have already left the Tao-creation Ancient Place, so they are a very strong force. " Song Longprofound said: "Then it will be the seven great sects that are struggling to survive. Their strength cannot be ignored either."

Yang Genming laughed bitterly: "These days are really not easy!" Previously in the Tao-creation Ancient Place, there were seven major sects that were secretly suppressing them, big shots of various sizes.

Now that the Seven Mountains Divine Island was destroyed, the various powers that were sealed previously all escaped.

"The main reason why Seven Mountains Divine Island was killed was to get rid of those rich resources. This way, if no one was able to get it, then there wouldn't be a situation where there would be any tyrants in the area. After that, so many powerful forces would definitely fight with each other." Yan Jiu said: "This could be the Tao-creation Divine Lord's goal. As for what will happen in the future, he doesn't care."

Chen Xiang placed his hand on Song Longprofound's shoulder and asked: "Long Xuan, then what are your plans? Do you want to stay in the Fighting Glorious City? "

"I will come often! Right now the Tao-creation Place is very interesting, I have to go around and gain more experience, it is also a type of experience for me. " Song Longprofound laughed, he could not sit still.

"Alright, let's meet again in the future. If you have any interesting news, tell it to me." Chen Xiang laughed.

"Definitely. Everyone, farewell." Song Longprofound cupped his fist and smiled to everyone, then left the Fighting Glorious City.

After Song Longprofound left, Yang Genming suddenly felt a lot of pressure, but he could only wait until later. If the Fighting Glorious City wanted to rise up again, it would definitely be difficult.

Just as Song Longprofound left, another fellow who claimed to be Chen Xiang's friend came over. Furthermore, he refused to reveal his name, and appeared to be acting extremely strange.

Chen Xiang guessed that it was Zhou Xingzhi and he was very happy that Zhou Xingzhi was still alive.

"Old Zhou, you're not dead yet!" Chen Xiang laughed.

"What is it? Do you really want me to die?" Zhou Xingzhi snorted, looked around and said: "This is a new Fighting Glorious City, not bad!"

Zhou Xingzhi was not like Song Longprofound, he did not like to run around, so Chen Xiang could tell that he wanted to stay at this place.

"Mm, do you want to join in and build it together?" Chen Xiang laughed, "This is City Lord."

"Hello, City Lord!" Zhou Xingzhi said.

Yang Genming did not know Zhou Xingzhi's identity, but he felt that he was Chen Xiang's friend, so there shouldn't be a problem. Previously, Yan Jiu was just like this, but now, Yan Jiu was very familiar with him.

"Brother, you're quite strong!" Yang Genming laughed, Zhou Xingzhi was also from the World Defying Stage Legendary Rank, and his strength was not weak.

"You're too kind." Zhou Xingzhi laughed stiffly, it could be seen that he was not good at conversing with others, especially when conversing with them.

"Brother Zhou, you will definitely not be mistreated within the Fighting Glorious City. And since you are Chen Xiang's friend, I will definitely treat you as a friend." Yang Genming said.

"City Lord, you can put me at ease now." Zhou Xingzhi nodded his head, he had nowhere to go, so he decided to stay here for the time being.

"Old Zhou, I'm telling you, this city will attract a lot of trouble in the future!" Chen Xiang said.

"Hmph, do you think I'm someone who's afraid of things?" Zhou Xingzhi sneered.

"That's good!"

Chen Xiang knew that Zhou Xingzhi was pretty good at fighting. After all he was from Paternoster Race and there weren't any restrictions now. Using all sorts of Supreme Mantra would also make him strong.

"City Lord, I'll take him for a walk." Chen Xiang said, he wanted to talk about something with Zhou Xingzhi.

After Zhou Xingzhi followed Chen Xiang far away, he said in a low voice: "The Paternoster Race has survived quite a lot, it's just that those powerful old fellows have paid a heavy price."

"This is not good!" Chen Xiang said: "Those old fellows should be able to recover soon."

"Yes!" Zhou Xingzhi said: "It's a good thing that the Tao-creation Place has so many forces. At that time, I wonder if the Paternoster Race will make a move against the Fighting Glorious City. In any case, I won't back down. "

Chen Xiang was also a little worried about this, so he planned to let Chu Jinfeng spare some of his energy to deal with the Paternoster Race first.

"Chen Xiang, you better be careful, your Legendary god Dan have already spread far and wide, all the major powers need to increase their strength, and using Legendary god Dan is the fastest." Zhou Xingzhi warned.

Chen Xiang himself was clear of this point.

Zhou Xingzhi chose a place to stay himself and built his own residence. Chen Xiang returned to the Super Yuan Dan Alliance to check if Chu Jinfeng had returned.

Chu Jinfeng did not come back, but a very powerful old man stopped him. Behind the old man were two young men.

The old man was in the middle stage of World Defying Stage Legendary Rank and the two young men were in the early stage.

"What's the matter?" Seeing the other party's overbearing attitude, Chen Xiang knew that something bad was going to happen.

"I am Lin Yu, the elder of Super Yuan Dan Alliance. When the chief is not here, I will be in charge of everything." Lin Yu coldly said: "You are a member of the Super Yuan Dan Alliance, right now the Super Yuan Dan Alliance needs to quickly develop, I hope you can contribute the Legendary god Dan's pill formulas and the World Defying Dan grain's ingredients."

[Chapter 3638](#)

Chen Xiang felt that it was funny.

"I'm sorry, I can't do it!" Chen Xiang shook his head and smiled, "When I joined the Super Yuan Dan Alliance, I didn't say that I needed to contribute any pill formulas and World Defying Dan grain s."

"It's different from the past, you should know about the situation in Tao-creation Place now." Lin Yu loudly said: "Since you have joined the Super Yuan Dan Alliance, you should think about it and not be so selfish. You should contribute the Legendary god Dan's pill formulas to the benefit of the Dan Alliance."

"The Legendary god Dan was created by me, and not by the Super Yuan Dan Alliance. I have the right to do whatever I create. " Chen Xiang was very angry.

One of the young men behind Lin Yu sneered: "You think you can create such an unparalleled pill recipe for Legendary god Dan? "Ridiculous. You clearly got it by chance, yet you claim it to be yours. Truly shameless."

"You guys are the shameless ones! I really never thought that there would be people like you in Super Yuan Dan Alliance. If I knew earlier, I wouldn't have joined Super Yuan Dan Alliance. " Chen Xiang was enraged, he looked at the young man: "Being together with trash like you, really makes me lose face!"

Only Chu Jinfeng went on a long journey, only then did Lin Yu join up with many Alchemist to demand the Legendary god Dan's pill formulas.

"Farewell!" Chen Xiang cupped his hands together, and turned to leave. Since Chu Jinfeng was not here, there was no need for him to stay.

Just as he was about to leave, the young man hurried over and grabbed Chen Xiang's arm. He then said with all his might, "Don't even think about leaving behind the Legendary god Dan's pill formula!"

Chen Xiang was furious. He turned around and slapped the young man ruthlessly with his palm. Using the power of the Red fire dragon, he sent the young man flying and smashed a tall building.

"You ... You attacked from inside the Super Yuan Dan Alliance! " Lin Yu's expression was cold as he shouted, "Quick, stop him! Don't let him leave!"

All of you who want to make a move, stand up and let me clearly remember your appearances and auras. I want to see just who it is that colluded with Lin Yu. Chen Xiang swept his eyes across the group of people.

This group of Alchemist were originally part of the Super Yuan Dan Alliance, but there were also those who joined together with Chen Xiang, especially the group that joined together with Chen Xiang. They were very tactful and silent, as they were clearly aware of Chen Xiang's strength.

Aside from that, they also admired Chen Xiang a lot as he was, after all, able to create Legendary god Dan s and he was also in the same Super Yuan Dan Alliance as them.

"Good, now it's just the two of you!" Seeing that only Lin Yu and the young lad behind him stood out, Chen Xiang smiled slightly: "I made my move at Super Yuan Dan Alliance, so what, why don't you guys stop me?"

Because of Chu Jinfeng, Chen Xiang did not continue any further. He once again turned around and was about to leave, when the entire Lin Yu immediately flew up, and fiercely struck Chen Xiang in the back.

That palm was extremely sinister, as though it wanted to kill Chen Xiang. Chen Xiang did not turn around, and after the palm had touched his back, a mirror suddenly appeared.

The Six Realms mirrors appeared, and Lin Yu's palm slammed into it, sending it flying. The backlash from his palm just now ignited Lin Yu's entire body into a raging fire.

"You overestimate yourself!" Chen Xiang laughed disdainfully, then walked forward. The moment he walked out of the door, he suddenly sensed a strong aura attacking him from behind.

This aura was as strong as Chu Jinfeng's, he guessed that it was aimed at the peak of World Defying Stage Legendary Rank.

"Leave behind the Legendary god Dan's pill formulas and your World Defying Dan grain, or don't even think about leaving." A voice thundered behind him, shaking Chen Xiang's vital energy and blood until he almost vomited.

Chen Xiang was not to be outdone, he used all of his strength to resist the incoming pressure, and then used the power of the You Yao Mountain Villa's women to open a passage in time.

"Just you wait!" Chen Xiang roared at the old man behind him, who was rushing over, then disappeared.

When the old man saw Chen Xiang escaping, he cursed and then immediately rushed to save Lin Yu ... However, it was too late. Lin Yu had already been burnt to death by his own flames.

In everyone's eyes, no one spoke a word.

"You group of fools, why didn't you stop Chen Xiang? As long as we stop him, we can obtain the Legendary god Dan's recipe!" The old man looked at the group of Alchemist and roared.

Forcefully asking others for their pill formulas and World Defying Dan grains was a huge taboo!

The Alchemist here all had good innate skills. If they were to create pill formulas and World Defying Dan grains as strong as the Legendary god Dan's in the future, wouldn't they be forced to hand them over?

Therefore, they would not do such a thing. They only hoped that Chu Jinfeng would return quickly, or else they would leave Super Yuan Dan Alliance.

After Chen Xiang ran away, he cursed: "Everything is fine in Super Yuan Dan Alliance, why would there be such a fellow."

Su Meiyao said: "Isn't this guy just greedy? He even thought that everyone was like him, and wanted to join hands with the entire Super Yuan Dan Alliance to kill you, and seize your Legendary god Dan's pill formulas! This guy could have it anywhere."

"I will remember this debt!" Chen Xiang hated those who wanted to rob him the most.

"The Pressure mantra's Paternoster soul stone has been refined." Xiao Xianglin came out from the Time array and laughed: "When you master this incantation, your power will increase even more."

When Chen Xiang received the Paternoster soul stone from Xiao Xianglin, it looked like it had a crystal core.

"Just eat it!" Chen Xiang swallowed it whole and closed his eyes, waiting for the Pressure mantra to appear in his mind. Both Little White Fox and Xiao Xianglin had mastered the incantation and he had already seen its power before.

The Legendary mantra's required five hundred thousand Tao-creation Holy Crystals, but he did not have that many. Therefore, Xiao Xianglin now began to help him improve the mighty shock pill imprints and the Twin dan grains.

After Chen Xiang ate the Paternoster soul stone, he quickly grasped the Pressure mantra. He locked onto a huge rock, and with a thought, a pressure wall was released from all directions, instantly pressing that huge rock into a small square brick. This square brick was extremely heavy in his hand, and after it was squeezed, it became extremely sturdy.

"The Pressure mantra is so awesome!" Chen Xiang chuckled, then formed a circular deep pit on the ground. He was also familiarizing himself with the Pressure mantra.

He was only waiting for the Doppelgänger mantra now. This was a Legendary mantra, so for this kind of Paternoster soul stone to be refined, it would require a lot of Tao-creation Divine Crystals. Therefore, Chen Xiang had to work even harder to earn the Tao-creation Divine Crystals now.

Just as Chen Xiang wanted to go to the Fighting Glorious City, he found a weak aura transmitted over. He immediately used his penetrating power to penetrate a large boulder to hide, and at the same time released his spirit body to check out what was inside.

"If these fellows are not from the Super Yuan Dan Alliance, then who are they?" Chen Xiang felt that the auras of these people were not like those of the Alchemist s, and was very suspicious.

[Chapter 3639](#)

Before this, Chen Xiang had seen many members who were not Alchemist s, but they were very few. Within Super Yuan Dan Alliance, there were quite a few Alchemist with powerful strengths, so they didn't need anyone to protect them, not to mention the fact that the Villa was protected by a very strong barrier.

"They must have come from that villa to come here." Chen Xiang was very sure, because the location of Super Yuan Dan Alliance's Villa was very hidden away from the crowd.

Someone who could appear here was most likely related to the Super Yuan Dan Alliance.

"They are all in the middle stage of World Defying Stage Legendary Rank, for a total of four people." Chen Xiang said to Little White Fox: "Junior sister, I will need you to come out later."

Chen Xiang suspected that it was the old man from Super Yuan Dan Alliance who sent them to deal with him.

"Alright!" Little White Fox was already prepared to fight.

Chen Xiang released a few of his Mouse Man s and created some commotion inside. He wanted to spread the people out, he did not plan to kill all four of them, and only wanted to capture one alive.

"They're obviously after me. I leaked a bit of my aura earlier, so they found me based on that aura. Now, they've come here but haven't found me." Chen Xiang thought.

Very soon, the Mouse Man made a commotion, and after these few people heard it, they all spread out to search.

After the other three left, Chen Xiang immediately took action.

Little White Fox quickly came out of the You Yao Mountain Villa, released his two clones, and worked with Chen Xiang to release four strong waves of pressure at the same time. The grey-clothed man who was flanking from all directions.

When Chen Xiang and Little White Fox attacked, they did not show any mercy at all, but used their strongest strengths to attack. In just an instant, they had heavily injured the grey-clothed man.

"It's done, let's go!" Chen Xiang immediately put the grey-clothed man into the Six Realms mirrors, and Little White Fox quickly entered the You Yao Mountain Villa.

The other three gray-clothed men could feel the strong auras being released, and by the time they had caught up, Chen Xiang was already long gone.

Chen Xiang passed the severely injured and unconscious gray clothed man over to Bai Youyou.

The gray clothed man was frantically being pressured by a few pressures, the Bones all over his body had been shattered, he could no longer be considered as a human being, but his soul was still there, Bai Youyou could easily search for memories inside.

Bai Youyou had just started, and immediately stopped, his face becoming gloomy.

"That was close!" Bai Youyou still had some lingering fear in his heart as he said, "This guy's soul has a very strange kind of protection. When I was searching through his memories, I almost suffered a backlash."

"Sister You You You, you're not hurt, right?" Chen Xiang was very worried.

"No!" Bai Youyou let out a long sigh, and said: "Even though it was only for a short moment, I managed to find some things from him! This guy is from God-creation Race. "

"God-creation Race? This is a clan that is related to the Tao-creation Divine Lord. The Tao-creation Divine Lord's bloodline should be flowing in their veins! "

Chen Xiang thought for a moment, then continued: "The creator of the Super Yuan Dan Alliance, Chu Jinfeng, is the disciple of the Tao-creation Divine Lord. Maybe he has some sort of relationship with the God-creation Race. "

"Looks like someone is colluding with the God-creation Race in the Super Yuan Dan Alliance." Qin Shuang said: "It's such a pity, Grandfather left with Tao-creation Divine Lord, otherwise, they might have taken care of him."

"Looks like the legendary Nine Creation Race has gradually surfaced. Their competition between each other is extremely intense, if they were to obtain the Legendary god Dan, then it would indeed be able to increase their strength by a large amount." Chen Xiang sneered: "I won't let them succeed."

Chen Xiang's Legendary god Dan were also related to the Huajing Dan grain, and these were all very precious, he would definitely not give them to those who forced him.

"The Tao-creation Divine Lord has already returned to his homeland, which means that he will no longer care about the things here. Thus, when we make a move against that God-creation Race, we do not need to worry about anything." Long Xueyi said.

"Of course, these guys are secretly plotting against me. Just you wait." When Chen Xiang thought about this, he immediately became furious. If he did not run quickly, he would have already fallen into the hands of the God-creation Race.

He was now even more disgusted with God-creation Race.

"I wonder how I can find Chu Jinfeng." Hua Liqing said: "This Alliance Master Chu Jinfeng is not bad."

"Not bad indeed. I'm starting to worry about him now." Chen Xiang felt that since someone was already planted in the Super Yuan Dan Alliance, the God-creation Race would definitely want to control the Super Yuan Dan Alliance for his own use, and Chu Jinfeng was definitely the biggest obstacle.

"I hope he's okay!"

Chen Xiang rode on his Six Realms mirrors and flew in the sky. He wanted to go find Chu Jinfeng since he had a sign in his hands that was the only thing that could communicate with him.

"He's definitely going to look for the Fire-creation Race now." Qin Shuang said: "When you told him about the Nine Creation Race before, he thought that there might be a key hidden inside, so he went to find it."

The Fire-creation Race should be very close to the Fighting Glorious City, so Chen Xiang immediately headed towards the vicinity of the Fighting Glorious City, and circled in the air.

After the last time he annihilated the people of Fire-creation Race, the Fire-creation Race actually did not send anyone to retaliate. It was unknown if it was because he was worried that the Fighting Glorious City's defenses were too strong that he did not dare to come.

Chen Xiang went to find Yang Genming.

"City Lord, have there been any suspicious people coming here recently? I'm looking for the fellow from Fire-creation Race." Chen Xiang said.

"The scouts I've arranged to stay nearby have reported that one or two people with a very strong flame aura will appear and quickly disappear." Yang Genming said: "I suspect that these guys are the Fire-creation Race's spies."

"That's a possibility!" Chen Xiang nodded: "I'll take a look around!"

Chen Xiang released a large number of Heaven devouring rat and started swimming under the War Radiant Divine Mountain, searching for a suitable person.

If it was Yang Genming who sent out the spies, Chen Xiang would recognize the clothes they were wearing, so he would not make a mistake in recognizing them.

After searching for a long time, Chen Xiang finally found someone else.

"It's just me alone, the aura of the flames on my body are so thick, it's very likely that this is a fellow from the Fire-creation Race. They have often come here to investigate, and I don't know why, but they definitely have ill intentions." Chen Xiang thought in his heart, and then rushed to the spy.

This spy who looked like a Fire-creation Race was a short and thin man wearing a set of strange clothes. This clothes could quickly change color, and could also hide a large portion of one's Qi, so when it changed color, it could make people fuse with their surroundings, making them hard to see with their eyes.

He very quickly discovered the Heaven devouring rat lying on the tree, and then threw out a small flying knife to kill it. The flying knife's speed was very fast, causing Chen Xiang to not have enough time to control the Heaven devouring rat to avoid it.

"He was killed. This guy is really vigilant. He won't even let a mouse go." Chen Xiang was still on the road, but the other party was very cautious, and was not the type of person who would fight. If he felt that something was amiss, he would definitely run away at the first moment, so he could not alert the other party.

After Chen Xiang's illusion passed, the other party did not discover it.

"His cultivation is only at the early stage of World Defying Stage Legendary Rank." After Chen Xiang used his [Phantom Body], he could clearly sense the opponent's strength.

After all, he was just a scout, and he didn't need to be that strong. As long as he could conceal himself well, run fast, and have sharp eyes, he would be fine.

Using his Counter Power and his penetrating abilities, Chen Xiang had already snuck up a large tree behind the short man.

However, just as he was about to escape, Chen Xiang suddenly released a burst of pressure, condensing it into a palm, and pressing the man onto the ground.

Chen Xiang immediately took out his Six Realms mirrors and released a seal, sealing the man inside.

"Who are you?" Chen Xiang walked over, using the sword to point at him, he asked coldly.

The short, thin man did not say a word. He looked very stubborn.

"I'd like to see how stubborn you are." Chen Xiang threw him into the Six Realms mirrors and then displayed all kinds of torture methods to the short man.

When the short man saw the torture, he was sure that if he did not cooperate, all the torture would be used on him.

Right now, Chen Xiang didn't dare let Bai Youyou devour the other party's memories. This man might also have something to protect his soul, so it would be very easy for him to devour the other party's memories.

"What do you want to ask?" The short man spoke.

"Who sent you?" "What is his purpose?" Chen Xiang said.

"I am from Fire-creation Race, if you are from Fighting Glorious City, you should be familiar with me! A few of our people were killed by you earlier, and as for the goal, you should be able to guess it yourself.

We wanted to take over your Fighting Glorious City, so we had to first clearly investigate your strengths.
" The short man said coldly.

Fire-creation Race had never sent anyone to the Fighting Glorious City. It turns out that it was because he had been humiliated before, so this time, he had to clearly investigate the Fighting Glorious City's strength.

"Your Fire-creation Race is not stupid!" Chen Xiang sneered: "The Fighting Glorious City was originally built by us with great effort, do you usually want to take it?"

"With our strength, we have great power to force you to submit." The short man said.

"Is that so? If you guys are really that strong, why didn't you attack directly and send you to stealthily touch and do nothing? " Chen Xiang laughed out loud: "Your Fire-creation Race is indeed strong, but after fighting with your Fighting Glorious City, no matter if you win or lose, you will still receive heavy injuries! "When the time comes, the other races might just swallow you all up."

The short man was extremely intelligent, so he did not doubt Chen Xiang's words. The reason the Fire-creation Race had delayed his attack was indeed because they were worried about this.

"Where is the Fire-creation Race?" Chen Xiang wanted to go near the Fire-creation Race and see if he could find Chu Jinfeng. He needed to quickly tell him about the terrible things that had happened in the Super Yuan Dan Alliance.

"What is it? Do you want to attack the Fire-creation Race? " The short man sneered: "With just you?"

"Cut the crap, hurry up and say it." Chen Xiang coldly snorted.

The short man was also afraid of Chen Xiang's torture methods, so he could only honestly tell Chen Xiang the location of the Fire-creation Race.

When the Fire-creation Race was sealed within the Tao-creation Fire Mountain, they came out after the Tao-creation Fire Mountain exploded.

When Chen Xiang arrived outside the mountain range, he took out that tablet to see if he could send a message to Chu Jinfeng, allowing him to sense that he was in the vicinity.

He did not plan to enter the deep mountains. The Fire-creation Race was an extremely powerful force with a certain background, and the inside was the territory of the Fire-creation Race. Furthermore, the Fire-creation Race had been on guard against the other eight Creation Race s.

After waiting for a long time, Chen Xiang suddenly sensed a trace of Chu Jinfeng's Qi.

Chu Jinfeng came.

"Chief!" Chen Xiang was very happy to see Chu Jinfeng.

"Chen Xiang, do you have something important to say? We can actually find our way here! " Chu Jinfeng was more surprised.

"This is very important!" Chen Xiang told Chu Jinfeng everything that happened with Lin Yu, as well as that old man.

After Chu Jinfeng heard this, he began to curse angrily, "These old idiots, I never thought they would actually do such a thing!"

"Alliance Master, could there be someone above you in the Super Yuan Dan Alliance?" Chen Xiang said.

"Yes, they are the descendants of Master, they are very strong, but they rarely ask about the affairs of the Super Yuan Dan Alliance! I really didn't think they would do something like this. I'm sorry. "

Chu Jinfeng felt extremely guilty, because when Chen Xiang encountered this kind of thing in the Super Yuan Dan Alliance, he was not in the Super Yuan Dan Alliance.

"It's fine, I'm not hurt at all." Chen Xiang laughed: "When I saw them being so arrogant, I thought that they had killed you!"

"The God-creation Race must have contacted them and given them some conditions, which is why they are acting like this! But no matter what, you must not go back to the Super Yuan Dan Alliance. Chu Jinfeng's heart was currently heavy. A perfectly fine Super Yuan Dan Alliance had been 'messed up' by these few old fellows.

"Chief, when are you going back?" Chen Xiang asked.

"They will definitely not do anything to Dan Alliance's Alchemist, otherwise they will definitely leave the Super Yuan Dan Alliance. From your previous description, those Alchemist's all extremely disgusted with him." Chu Jinfeng said: "This time, I must 'get' the key from the Fire-creation Race. With the key, I will be even stronger. It's much easier to deal with the old men. "

"What's the use of a key?" Chen Xiang asked, Xiao Xianglin had 'obtained' a Array from the key in the Tao-creation's Evil Mountain, now she was refining an array disc based on the Array.

"Master told me before, the biggest use of the key is to restrain the Creation Race." Chu Jinfeng said: "For example, Fire-creation Race is extremely afraid of the power contained within the key! In addition, the power contained in the key will also cause great harm to other races. "

"Isn't the key to the Tao-creation's Divine Mountain in Tao-creation Divine Lord's hands? This is the best weapon to deal with God-creation Race! Chen Xiang said.

"That's right, but we don't have the key to the Tao-creation's Divine Mountain, so we can only use the Tao-creation Fire Mountain's. It might very well be in the hands of the Fire-creation Race." Chu Jinfeng said: "As long as we get one, dealing with them will be much easier."

Among the nine Tao-creation Mountain s, the keys to the Tao-creation's Mountain of Ice and the Tao-creation's Mountain of Myriad Gods were all in the hands of the Tao-creation Divine Lord, while Chen Xiang had obtained the key to the Tao-creation's Evil Mountain.

In other words, the Ice Creation Race, Evil-creation Race and God-creation Race do not have the key. Compared to the other six races, they are the weakest because the other six races can use the key to deal with them.

"So there's actually such a way to play it." Chen Xiang was secretly happy, he felt that the Evil Mountain Key in his hands could have a huge impact on the Fire-creation Race, he planned to use the short guy to try it.

"Chen Xiang, quickly leave this place! God-creation Race will come out to patrol from time to time. " Chu Jinfeng said.
