

Dan God 3791

[Chapter 3791](#)

Tian Yu Dan Devil sneered: "The Medicine crystal is so useless right now?"

"It is useless, but it is enough to form multiple pills!" Chen Xiang laughed, then shouted loudly. The big crystal suddenly cracked, splitting into six pieces.

After that, he released a powerful flame that melted the six crystals into a ball!

Inside Chen Xiang's Magic method furnace, there were six Medicine crystal of the same size.

Seeing that, everyone immediately understood. Chen Xiang had refined all six of these beads before, and that was six Demonic Flame Divine Pills!

Just as everyone was thinking about this, Chen Xiang released a strong pressure and reduced the pressure on the six balls of crystals to a small pressure, turning them into Demon Flame Divine Pellets.

"Sorry for the wait." Chen Xiang chuckled, and looked at the stunned Dan Devil: "The victor and loser should be clear at a glance now!"

After everyone was stunned for a moment, they let out a wave of surprised shouts!

Chen Xiang, who was thought to have no chance of winning, turned the tables in the end. This was simply inconceivable!

The Smoke Charming had refined a total of five Devil Flame Divine Pills, which was the most one out of the four Dan Devil s. However, Chen Xiang had refined a total of seven pills, and because he failed once before, he had to deduct one, which was equivalent to six pills!

This was one more than the Smoke Charming!

"I want to test the quality of your Devil Flame Divine Pills." Smoke Charming was very unwilling, he saw that he was about to win.

"Right, right, you have to test the quality. Although you can refine six pills, the quality might not be guaranteed." Tian Yu Dan Devil said. If he lost to Smoke Charming, he would feel better, but he could not accept losing to Chen Xiang.

"Use my tools first." The Burning Sun Dan Devil said.

Burning Sun Dan Devil took out a disk.

The Demonic Flame Divine Pill that Chen Xiang refined was the same as the Demonic Flame Divine Pill that the other Dan Devil s refined.

It was just that the Burning Sun Dan Devil and the rest could not accept this fact!

"Chen Xiang, you truly shocked me!" Yellow Heaven Dan Devil exclaimed repeatedly as he looked at the Devil Flame Divine Pill in Chen Xiang's hands.

For Chen Xiang to be able to make the Magic flame fruit give birth to so much energy, it must be due to his mystical pill techniques. This also meant that his pill refining skills were very high, using a portion of medicinal ingredients to refine a pill was equivalent to the amount of medicinal ingredients he had refined.

After the Burning Sun Dan Devil's test, every single one of Chen Xiang's Devil Flame Divine Pellets had a quality of eighty, and after that, when it came to the Tian Yu Dan Devil's test, their numbers were also the same.

Finally, it was the Smoke Charming. The results of her test were the same!

After that, they tested the quality of the pills they had refined, which fluctuated between 80 and 90%.

"I won!" Chen Xiang laughed: "According to the agreement, I can obtain your pill formulas."

"I admit defeat." The Yellow Heaven Dan Devil chuckled, then passed a box to Chen Xiang: "The ingredients to refine the Yellow Origin Divine Pellet are all inside! There are three. "

"Hmph, I'll follow you if I give it to you!" Smoke Charming also gave the formula for his Charm Divine Pill to Chen Xiang.

Burning Sun Dan Devil and Tian Yu Dan Devil could only hand it over to Chen Xiang with hatred. If it was Smoke Charming, their mood would probably improve a little.

"Although he lost, it's still better than Burning Sun Dan Devil. He lost a pill furnace after all." Smoke Charming laughed coquettishly, these words immediately angered Burning Sun Dan Devil.

"This is bad luck for me!" Burning Sun Dan Devil immediately jumped off the Dan Devil Stage and left in anger.

Tian Yu Dan Devil also left in grief, losing to a little brat whom he had ridiculed multiple times. He had already been ridiculed by many people, it would take many years for everyone to forget about this matter.

There was nothing going on in the Yellow Heaven Dan Devil. He was friends with Chen Xiang in the first place, and also the Dan Devil.

The round of the competition ended just like that. Many people had lost miserably, because only a few people had won against Chen Xiang.

... ..

Inside Huang Tian Tower, after Long Yue took off her mask, she finally saw a trace of a rare smile on her cold, arrogant face.

"Miss Long Yue, what is it that makes you so happy?" Chen Xiang laughed.

"You win. Can't I be happy for you?" Long Yue immediately retracted his smile, and coldly snorted: "Luckily you didn't lose, otherwise I would have suffered heavy losses!"

"You bet on me winning? How much did you win in total? " Chen Xiang's eyes immediately lit up, he remembered Long Yue borrowed a lot of Tao-creation's Holy Crystals from him.

"Two hundred million Tao-creation Divine Crystals ... This is in my hand. " Long Yue said with a face full of pride, "And what this little bitch Smoke Charming owes me, I'll also take this gamble with her."

"Why don't you bet with her on the Hell star?" Chen Xiang anxiously said.

"She's not willing, don't you see that I often go to Smoke Charming Tower? In the end, she agreed to bet one hundred million Tao-creation Sacred Crystals with me. " Long Yue had made a huge profit this time, and her extremely high skills in pill refining also shocked her, especially when she had turned the tables in the end.

"Let's go, let's go ridicule the Smoke Charming." Long Yue said, then dragged Chen Xiang and hurried towards the Smoke Charming.

The Smoke Charming still welcomed them warmly, allowing them to enter the luxurious hall.

"How does it feel to have my man beat you at the last minute?" Long Yue smiled slightly: "We had an agreement before, you lose, hurry up and give me one hundred million Tao-creation Holy Crystals!"

"Sigh, I have to admit, Chen Xiang is a good man. I am willing to admit my loss and I'll give it to you." Smoke Charming laughed tenderly: "Being able to lose to Chen Xiang can also be considered my honor!"

Smoke Charming gave the Tao-creation Divine Crystal to Long Yue, but Long Yue was a little unhappy about it.

Chen Xiang secretly admired Dan Devil because he thought that Long Yue wanted to provoke her, but she was always smiling. It didn't matter if it was an act or not, it made Long Yue unable to be complacent.

"As long as you give him to me, the Hell star will be yours." The Smoke Charming took out a box and laughed: "The Hell star is inside!"

"You're delusional, not exchanging even ten Hell star." Long Yue coldly snorted.

"Then you'll never be able to obtain a Hell star in your life." Smoke Charming laughed tenderly: "Why don't I take a step back and let him sleep with me for a night? I'll give you the Hell star!"

Chen Xiang laughed dryly: "About this ... I think so! "

"Shut up!" Long Yue coldly snorted.

"Aiyo, looks like you haven't slept with him yet!" Smoke Charming laughed. "I can't imagine a woman like you being entangled with a man."

Smoke Charming didn't have the slightest face to talk about this matter, but Long Yue had a huge reaction, causing her ice-cold jade face to redden slightly.

"A shameless woman!" Long Yue shouted angrily: "Let's go! Don't look at her again! "

Smoke Charming seemed to have already seen through that Chen Xiang and Long Yue was just pretending to be husband and wife.

"Wait a bit before you leave! I've already seen through your act of pretending to be lovers. Since it's already like this, are you still not willing to give this man to me?" Smoke Charming immediately pulled Long Yue back, but Long Yue shook her hand off.

"Hmph, this brat has a bunch of women. If you want to sleep with him, go and ask his women." Long Yue was very angry, she did not know how Smoke Charming saw through it, but she felt that she and Chen Xiang had disguised themselves very well.

Actually, Smoke Charming knew a lot about women and knew the relationship between men and women, but Long Yue knew nothing about it, and it was easy to see through it.

[Chapter 3792](#)

Seeing Long Yue's reaction, the Smoke Charming became even more pleased and laughed: "Xiao Yue, it seems that you care about him a lot. "..."

"Shut up!" Long Yue snorted, he had already grabbed Chen Xiang and was about to pull him away.

"Wait ..." Aren't you here to talk business? " Smoke Charming walked up to Long Yue and held his hand with a bitter face: "I have something important to discuss with you, don't go!"

Chen Xiang couldn't help but feel weird when he saw the look the Smoke Charming was giving him.

"What business? If you don't give the Hell star back to me, there's nothing much to talk about. " Long Yue coldly snorted, and then continued to drag Chen Xiang away.

Smoke Charming anxiously hugged onto Long Yue's arm, and said tenderly: "There must be some secret inside the Hell star, why don't we explore it together? I'm also very curious! "

"I'm not going with you. You stole a Hell star the other time." Long Yue wanted to double open Smoke Charming's arms, but was held tightly by Smoke Charming.

"Last time, I gave a lot of effort, okay? This Hell star is something I should have obtained." Smoke Charming scoffed, "If you don't believe me this time, you can make a blood oath. As long as you bring me there, I won't take anything.

"Really?" Long Yue thought about it carefully. If Smoke Charming did not want anything and only went there out of curiosity, it would be good. After all, Smoke Charming was still very strong.

"I can swear a blood oath now!" The Smoke Charming said.

"Alright!" Long Yue also agreed.

After Smoke Charming swore a blood oath, Long Yue was also relieved.

"What exactly is the secret behind the Hell star? You can tell me now! " The Smoke Charming had guessed that the Hell star could guide the owner to a certain place.

Long Yue took out the Hell star and helped Smoke Charming test it out, allowing him to see the mystical door inside the Hell star.

"Where is this gate? Is it inside the Hell star? " Smoke Charming was very curious.

"I don't know, give me your Hell star to try." Long Yue said.

Chen Xiang suddenly felt that he did not exist at all. The two girls in front of him had become allies just like that, it was so fast, even he did not expect that it would happen.

Smoke Charming gave his Hell star to Long Yue.

Long Yue put the two Hell star together and the two Hell star emitted a white glow.

"The door is open!" Long Yue now closed his eyes and probed the Hell star.

"And then?" Smoke Charming asked anxiously.

When the door opened, I saw a mountain After Long Yue finished speaking, the two Hell star suddenly fused together.

After the fusion, it turned into a very small white key.

The white key floated in the air and pointed in a direction.

"This key will guide us to that place." Long Yue said.

"This direction... Could it be where we obtained the Hell star? It's very dangerous there. " The Smoke Charming shouted, "Are we going to do it again?"

"It's fine if you don't want to go." Long Yue snorted lightly.

"Of course I do." Smoke Charming stuck out his tongue, then looked towards Chen Xiang. "What about him? Will you take him? "

"Since it's dangerous, then I won't be going. You guys can go. I still have something important to do." Chen Xiang had already obtained a lot of ingredients and Shenyuan crystal ginseng s. Once He Fengyuan concocted the pill formulas, he would start refining the pills.

"Once the blood rain stops, we'll leave immediately. If you don't go, then stay here and wait for us to return." Long Yue said.

"Xiao Yue, is this kid even your man?" The Smoke Charming laughed as she caressed Chen Xiang's handsome face. Her beautiful eyes were filled with lovely tenderness.

"No!" Long Yue finally admitted it.

"That's great. Can I do something to him? "He's incredible at pill forging, and his looks are not bad either. I really like him!" Smoke Charming flirted with Chen Xiang, spitting out an orchid beside his ear, laughing.

"Go away!" Long Yue did not know why but he quickly pulled Smoke Charming apart. He looked angry.

"Aiya, are you jealous? Didn't you say that there were a lot of women around him? You are a high and mighty Beast-creation Race Emperor, so you definitely cannot tolerate this kind of thing, but I can! " Smoke Charming laughed as she got closer to Chen Xiang. This time, she hugged Chen Xiang and stuck close to him with her soft body.

Chen Xiang did not say anything. After all, this was something that the Smoke Charming had stuck to him and he would not lose out if he was taken advantage of by this kind of spirit demon.

Long Yue looked on with a face full of frost and grinded his teeth.

"Miss Long Yue, this is my private matter, you don't need to meddle in it ... Big Sister Smoke Charming, let's go into the room and discuss pill techniques." Chen Xiang laughed.

"Alright, please advise me." Smoke Charming laid in Chen Xiang's embrace and spoke in a soft and charming voice.

Long Yue pulled Chen Xiang closer and said sternly: "Don't be tricked, this woman is so straightforward in agreeing to be with you, there must be something wrong!"

"Forget it, forget it. In any case, I won't be able to accomplish this. What a pity!" Smoke Charming straightened his clothes, then came to Long Yue's side and held Long Yue's arm: "I've already given you my Hell star, don't quietly run away, I need to pay attention!"

Chen Xiang only smiled faintly. He was still very cautious towards Smoke Charming, he was just joking around.

Until now, he still could not see clearly what the Smoke Charming was doing.

"I'm actually worried that you'll be eaten by this demon now." Seeing how close Smoke Charming and Long Yue were, Chen Xiang couldn't help but feel secretly jealous of him.

"She's not my match yet, don't worry!" Long Yue rolled his eyes at Smoke Charming, filled with disdain.

"Xiao Yue is mine now, hehe!" Smoke Charming laughed mischievously as he even reached out his hand to touch Long Yue's cold and beautiful face. Just as he touched her, his hand was opened.

"You guys can get intimate. I'm going to start concocting pills." Chen Xiang curled his lips and then left on his own. He had originally thought that Long Yue would follow him, but Long Yue had chosen to stay at the Smoke Charming Restaurant.

Chen Xiang returned to the Yellow Sky Tower and asked about He Fengyuan's progress. Knowing that it was almost done, he felt a lot more at ease.

"Long Yue must be concealing some things from the Smoke Charming. Her relationship with the Smoke Charming is extraordinary." Xiao Xianglin suddenly said: "This is my intuition."

"I think so too. It's not that they hate each other, it's just that they have a conflict with each other." Chen Xiang snorted: "Seems like we have a good relationship."

"I have to say, that Smoke Charming is truly a demoness. Even I am a little tempted." Xiao Xianglin laughed: "But think about it, Meiyao is still the best. I like her more!"

"Master, you're also very good. I've always been very interested in you." Chen Xiang laughed.

"Damn brat, do you believe that I won't let Xianxian beat you up?" Xiao Xianglin had other thoughts for her the entire time, how could she not know about it?

Xiao Xianglin came out from the You Yao Mountain Villa, took out a set of black armor, and gave it to Chen Xiang: "This was refined using Long Yue's scales and was mixed with many Tao-creation's sacred crystals and various ingredients. Its defensive capabilities should be similar to Long Yue's Dragon Armor, try it yourself!"

[Chapter 3793](#)

With Xiao Xianglin's help, he quickly established a connection with the Killing evil dragon Armor and perfectly fused with it. As long as he willed it, he could release the Dragon Armor.

"As expected, it's not bad. Long Yue should still have some dragon scales. I asked her to give me some." Chen Xiang praised.

Long Yue also returned, when she pushed open the door, she saw Xiao Xianglin using a small hammer to knock on Chen Xiang's black armor. She had already known that Chen Xiang had a master, who was not only an Incantation Master, but was also an expert in smithing.

When she saw Xiao Xianglin, she had thought that Xiao Xianglin was a woman that Chen Xiang had called over. However, when she saw that Xiao Xianglin was examining the armor, she immediately thought of the master that Chen Xiang had mentioned, but she did not think that it would actually be a woman.

"Sister Yue ..." This is my master! " Chen Xiang immediately said.

"Hello, Miss Long. I am Xiao Xianglin, Chen Xiang's master!" Xiao Xianglin had already known about Long Yue's situation, and he did not have any unfamiliar feelings towards him.

It was actually Long Yue's first time seeing Chen Xiang's master, but she didn't know why, but she was a little cautious. It was because in her eyes, Chen Xiang was an extremely strong person, so her master was definitely very strong.

"Hello!" Long Yue also responded.

"Your dragon's scale is very good. Come and see how I've been able to refine it." Xiao Xianglin smiled.

When Long Yue walked over to take a look, he was secretly shocked. This armor was about the same as hers, maybe even a lot better than hers.

"I did well. Can you help me refine another set?" I'll pay you back! " Long Yue exclaimed in shock, then watched as Chen Xiang withdrew the armor back into his body, the same as her.

"Of course you can, as long as you give me Long Lin. You and Chen Xiang are friends, I don't need your reward." Xiao Xianglin chuckled: "I will use my clone to refine it, and will not disturb me."

"Sister Yue, the Doppelgänger mantra Soul Stone that I gave you earlier was refined by my master. Chen Xiang laughed: "Impressive!"

"En!" In her eyes, Paternoster soul stone were extremely magical things, and learning about Legendary mantra gave her the most headache, but Xiao Xianglin was able to solve such a difficult problem.

"The dragon's scale you gave me last time isn't enough, give me more, my master will help you refine it for free ..." She needs one herself. " Chen Xiang said.

"Sure!" Long Yue took out many dragon scales.

Although Xiao Xianglin said that she didn't want the reward, she still gave Xiao Xianglin a hundred million Tao-creation Holy Crystals.

"Sister Xiao, can you sell me a Doppelgänger mantra Soul Stone?" Long Yue suddenly said: "I will trade for something that you are interested in!"

The last time Long Yue had gotten a Paternoster soul stone from Chen Xiang was in exchange for it with dragon's scale. She also knew that she had earned a lot from this exchange and would definitely not be able to do it again.

Long Yue didn't know how to refine Paternoster soul stone either, he thought Paternoster soul stone were very precious, but they could actually be refined using a few Tao-creation's Holy Crystals.

In the past, when it was very difficult for Chen Xiang to obtain the Tao-creation's Holy Crystals, they were indeed very precious. But now that the Tao-creation's Holy Crystals were increasing in number, refining a Tao-creation's Holy Crystal which took up a Paternoster soul stone wasn't really the same thing.

"Sister Yue, are you giving this demon to Smoke Charming?" His intuition told him that Long Yue was going to give the Doppelgänger mantra to the Smoke Charming.

"Don't worry about it!" Long Yue coldly snorted.

"Of course you can!" Xiao Xianglin also agreed.

Long Yue took out a big box. After opening it, there was a big golden stone inside.

"What is this?" Chen Xiang asked.

"I don't know. "My mother left it to me, saying that there were some incantations, and I haven't been able to discover anything from it for many years. If Sister Xiao is not interested, I will think of another way to get what you need." When she addressed Xiao Xianglin as elder sister, it could be seen that she respected Xiao Xianglin a lot.

"There is indeed an incantation inside ..." Xiao Xianglin looked at it carefully, then took out a piece of Paternoster soul stone and gave it to Long Yue.

Xiao Xianglin had always kept Paternoster soul stone s in reserve. If his clone was injured, the Doppelgänger mantra he had mastered would be erased from his memories, and he would need to use Paternoster soul stone s.

Long Yue was startled, and accepted it. She thought that she would need to wait a while to obtain it, but did not expect Xiao Xianglin to actually take it out so quickly.

"Sister Yue, are you going to give it to Smoke Charming?" Chen Xiang laughed. "What is your relationship with her?"

"You don't need to worry about me!" Long Yue rolled his eyes at Chen Xiang lightly, put away the Paternoster soul stone then, and said to Xiao Xianglin: "Sister Xiao, if you investigate the inside of this rock thoroughly, please tell me, I have been very curious."

"No problem!" Xiao Xianglin smiled and kept the golden stone.

After receiving the Doppelgänger mantra Soul Stone, Long Yue bid farewell to Xiao Xianglin and quickly left.

"It must be for Smoke Charming." Chen Xiang curled his lips.

"This is obvious! I just said that her relationship with Smoke Charming is very unusual. " Xiao Xianglin laughed: "If you're curious, just display the profoundfeng Mantra and follow along, won't you know?"

"Peeping on someone else's movie and television isn't good." Chen Xiang shook his head, he was a man with principles.

After receiving so many dragon scales, Xiao Xianglin returned to the You Yao Mountain Villa and used his two clones to refine armor.

"Master, how powerful is the stone she gave you? Is there really a curse inside?" Chen Xiang had also seen that rock just now. Its surface was smooth and crystal clear, with nothing on it at all.

"I can feel it!" Xiao Xianglin said in a stern voice: "That rock is a very powerful seal, and just this seal is enough for me to torture for a long time! Furthermore, the power of the incantation can be released through this seal. When I sense it, I can tell that it isn't a weak incantation. "

"Then we won't lose anything!" Chen Xiang laughed.

Chen Xiang tried out the set of armor. It could increase one's defense even more.

He Fengyuan also took out the pill formula, this time she stayed in the Time array for a very long time, and it was with the Mei Jing Sisters.

"I will work with Meimei, Sijing, and the others to combine the medicinal ingredients chosen. This will make it easier for you to refine." This was also the reason why He Fengyuan had been going on for so long.

The medicinal ingredients required for the four pill formulas that Chen Xiang had won were fused by He Fengyuan and company into new medicinal ingredients. This truly required a lot of time and effort.

He Fengyuan gave Chen Xiang two types of medicinal ingredients. One was the Shenyuan crystal ginseng, the other was the new medicinal ingredient that they had created, which was also a Ginseng.

The Shenyuan crystal ginseng was a giant blood-red ginseng, and what He Fengyuan and the others had fused with was a black ginseng the size of a palm.

"The ingredients given by the four Dan Devil all contain Evil Spirit Force, so after fusing it, it becomes like this, which is convenient for you to refine. This ginseng is called the Demonic Sky Ginseng, you only need to refine it together with the Shenyuan crystal ginseng." He Fengyuan said.

[Chapter 3794](#)

Chen Xiang looked at the pure black crystal ginseng in his hand and became a little worried.

"The demonic energy is too strong, does it have any effect? After all, it needs to be used to cultivate the World Defying Stage Divine Source." Chen Xiang said.

"Don't worry, the pure yang energy inside the Shenyuan crystal ginseng will cancel out. When you refine it, you will need to be careful to help the Shenyuan crystal ginseng suppress the Heavenly Demonic Ginseng." He Fengyuan said.

Just as Chen Xiang was about to start concocting, he suddenly heard shouts from outside.

"The blood rain has stopped, the blood rain has stopped!"

Many people exclaimed in surprise.

The blood rain from the natural disaster had finally stopped, this was not bad news at all.

"Long Yue and the rest should be leaving soon, I will wait for them to leave, then start refining." Chen Xiang did not plan to explore the secrets of the Hell star with them. That place was simply too dangerous, there was nothing to worry about even if they managed to cultivate the World Defying Stage Divine Source.

Sure enough, Long Yue returned not long after.

"Just wait two more days. The blood cloud in the sky is gone, and we're about to depart!" When Long Yue returned, he immediately went into Chen Xiang's room.

"You must be careful, that is an unknown secret." Chen Xiang said: "After all, we met once, I do not wish for you to die."

"Don't worry, I definitely won't die!" Long Yue lightly snorted: "You must also promise me, after cultivating the World Defying Stage Divine Source, you will return to the Most Ancient Era, if not you will not be able to defeat him."

"I know!" Chen Xiang had other concerns: "Is Smoke Charming really reliable? You were tricked by her the last time!"

"She swore a blood oath. You don't have to worry about that!" Long Yue said, "Sister Xiao, when will you be able to refine the Dragon Armor?"

The armor she had Xiao Xianglin forge was also for the Smoke Charming.

"Master is inside the Time array, and it's even going to be with his main body and avatar. He should be able to finish it very quickly!" Chen Xiang laughed: This should also be prepared for Smoke Charming right? "What exactly is the relationship between you two?"

"Hmph, she is my mother's younger sister!" Long Yue said.

Chen Xiang only felt that it was a little unexpected, because he had long noticed that the relationship between Long Yue and the Smoke Charming was not ordinary.

"When my mother died, I asked her to avenge me, but she refused. I hated her from then on." Long Yue said: "And later on, she took very good care of me as well. We often did some things together, and then she took away a piece of my Hell star ..."

Long Yue's mother had been killed by the First Beast-creation Ancestor, so Long Yue hated the First Beast-creation Ancestor to the core, but it could still be seen that she still had some feelings for her father.

"I don't understand you." Chen Xiang shook his head and laughed: "Since she is related to you in this way, I will be more at ease now! No wonder she was so concerned about the relationship between you and me. So she was actually concerned about you and worried that you would be harmed! "

"No!" She was very cunning, she really wanted ... If it wasn't for the fact that Hell had restricted the power of the World Defying Stage Divine Source, she would have caught you long ago. " Long Yue coldly snorted, "When you meet her in the future, you must be wary of her. Don't be fooled by her."

"It's worth it to be bewitched by her!" Chen Xiang chuckled: "I won't lose anything anyway!"

"I have to tell Sister Xiao to teach you a lesson." Long Yue said fiercely.

"Alright, it should be fine if I see her hiding away from me in the future, right?" Chen Xiang curled his lips.

"That's more like it." Long Yue scoffed, his face had a relieved look.

Chen Xiang was curious about Long Yue's mother, but he didn't dare to ask about it. When First Beast-creation Ancestor killed his wife, she must have had some difficulties, and she seemed to support him.

After two days, the blood cloud in the sky scattered, and they were finally able to confirm that the blood rain from the Sky Disaster had stopped. Xiao Xianglin had also finished refining the armor, and passed it to Long Yue.

Long Yue was worried that Chen Xiang would be confused by his meeting with the Smoke Charming, so he did not bring Chen Xiang to the Smoke Charming.

"There shouldn't be any problems with the Smoke Charming. Although this woman is a bit flirtatious, she is still a good person." Chen Xiang stood in front of the window and looked into the distance.

"She's worried that you're really with Smoke Charming." Xiao Xianglin laughed: "Long Yue might have already been moved by you ... So she doesn't wish to be the same man as Smoke Charming in the future. "

"Is this true?" Chen Xiang was startled.

"You have so many women, don't you see?" Xiao Xianglin rolled his eyes.

"I just don't think that a guy like Long Yue should have such feelings for her, so I never thought about it." Chen Xiang frowned and said.

"Maybe she only stirred up a little bit of her emotions and did not sink too deep into it. She was only worried that she might really fall in love in the future, so she first cut off the possibility of you and the

Smoke Charming being together." Xiao Xianglin laughed and said, "Even though Long Yue is a Killing evil dragon, she isn't heartless.

"Especially her feelings for her own mother, and for the Smoke Charming ... The reason why she gave the Paternoster soul stone and that set of armor to Smoke Charming was so that she could become stronger. After all, Smoke Charming is her mother's little sister and he had once taken care of her. "

"That's true, and I also feel that she isn't really that ruthless of a First Beast-creation Ancestor. She even wanted to obtain nine keys from my hands to save First Beast-creation Ancestor so that he wouldn't be fed to the Evil beast again." Chen Xiang heaved a long sigh.

"Exactly, but she doesn't want anyone to see her feelings." Xiao Xianglin faintly sighed, "It's better for you to quickly save First Beast-creation Ancestor, so that she won't be unable to control her emotions in the future and directly go save her by herself. It'll be dangerous."

Chen Xiang nodded his head, saving First Beast-creation Ancestor would not be a loss, as he could cultivate an indestructible body.

"Chen Xiang, Chen Xiang!" Yellow Heaven Dan Devil shouted as he knocked on Chen Xiang's door.

After Xiao Xianglin entered the You Yao Mountain Villa, Chen Xiang anxiously opened the door.

"Senior Huang Tian, what urgent matter?" Chen Xiang asked.

"Didn't you say before that you came here from the Most Ancient Era to avoid your enemies? A fellow who just came from Most Ancient Era. " The Yellow Heaven Dan Devil said.

The blood rain from the natural disaster had already stopped for two days, so the person who came from Most Ancient Era was probably near the Dan Devil City. Otherwise, it would be impossible for him to come to the Dan Devil City so quickly.

"There should be a lot of people from Most Ancient Era right? There's nothing strange about that." Chen Xiang said.

"NO!" Something big had happened in the Most Ancient Era... And this person directly fell from above. " Yellow Heaven Dan Devil said, "Fortunately he fell in my territory, I've already ordered some people to bring him here."

Chen Xiang had not been in hell for long, but something big had actually happened to the Most Ancient Era!

At most, only the Golden Fire Arrogant Lord in Most Ancient Era would look for him everywhere. Furthermore, the Golden Fire Arrogant Lord could not start a massacre everywhere, there was a large restriction on him in the Most Ancient Era's barrier.

The Medicine-creation Divine Continent was also protected by the Nine Trees and a barrier. Without Long Yue to lead the way, the Beast-creation Race could not do anything else.

"Quick, take me to see him." Chen Xiang also wanted to know what had happened in Most Ancient Era.

[Chapter 3795](#)

The Yellow Heaven Dan Devil brought Chen Xiang to a secret room, it was heavily guarded.

Chen Xiang saw that person. It was an old man, with heavy injuries and a very weak appearance. He was still conscious.

"Old senior, did you fall from Most Ancient Era?" Chen Xiang asked. There were many paths from the Most Ancient Era to the Infernal Realm, but no one had ever heard of one falling.

"Did you also come from the Most Ancient Era?" This frail old man was somewhat excited, because he could feel that Chen Xiang had the same kind of righteous aura as him.

"I came by myself!" Chen Xiang said: "I have been here for a long time! "How did you fall from above?"

"Fortunately, you came down early and avoided a disaster!" The thin old man sighed: "A war broke out above Most Ancient Era, the slaughter turned into rivers of blood, countless people died tragically!"

"Was it done by the Beast-creation Race?" Chen Xiang frowned and asked, only the Beast-creation Race could cause such a large-scale massacre.

"No!" The thin elder shook his head. "We don't know what those fellows are either. They look like humans, but they are completely devoid of humanity. They are not the humans that I am familiar with!"

"Then what is it?" Chen Xiang was secretly worried, he had many friends in the Most Ancient Era.

"Some sudden species. His skin was slightly dark, and it was extremely savage and full of the nature of a beast! Even the Beast-creation Race did not dare to provoke them, and the weaker humans ended up suffering, slaughtered by them. " The thin elder replied, "I am a City Lord of a city. I resisted until the very end, when the entire city was soaked in blood. Then, a suction force suddenly appeared and sucked me down here."

"Could it be that this is why the blood rain from the natural disaster appeared?" Chen Xiang looked at Yellow Heaven Dan Devil.

"It's extremely possible!" Yellow Heaven Dan Devil nodded his head, "Actually, hell and Most Ancient Era have a lot to do with each other."

In the era before the Most Ancient Era took over the Myriad Tao, there were countless humans up there. Suddenly, a large number of humans were massacred by the foreign races, which would cause fluctuations in the energy of the Most Ancient Era.

"Old senior, you should recuperate properly here. You can go up after your injuries have healed." Chen Xiang passed a few Rebirth powder to the old man, then walked out of the secret room with Yellow Heaven Dan Devil.

"Senior Huang Tian, I want to go back to the Most Ancient Era to look around." Chen Xiang said with a heavy tone.

"Alright, you must be careful!" The Yellow Heaven Dan Devil warned, "If your enemies are chasing after you, you just have to come here as soon as possible."

Chen Xiang nodded his head, such a thing suddenly happened in Most Ancient Era, maybe Golden Fire Arrogant Lord had already given up on searching for him.

He wanted to go back and see if the Medicine-creation Divine Continent and the others had been affected.

... ..

Chen Xiang followed his route and returned to the Most Ancient Era, spending more than a month before arriving on the surface.

Arriving at the top of Most Ancient Era, he saw that the air was filled with thick killing intent and a ruthless aura.

"A lot of people died!" Chen Xiang let out a helpless sigh, he released three illusions and looked around. After not finding Golden Fire Arrogant Lord's golden Fire Bird, he took out a formation plate.

This was a Transmission array disk, able to allow him to teleport to the Hundreds of Flowers Village!

After activating the Transmission array, Chen Xiang quickly appeared in Hundreds of Flowers Village.

Seeing that Hundreds of Flowers Village was as calm as ever, Chen Xiang heaved a sigh of relief. He found Feng Yujie, passed down the most recent pill he concocted to her, and then left the Hundreds of Flowers Village in a hurry.

He was worried that the Golden Fire Arrogant Lord would find him here, so he shouldn't stay here for long!

Chen Xiang rushed towards the Medicine-creation Divine Continent!

"Medicine-creation Divine Continent should be fine, her overall strength is so strong, she will definitely not be easily defeated." Xiao Xianglin said.

When Chen Xiang was in Hundreds of Flowers Village, he also found out about some of the race from Little Lizhi, so she and Bai Youyou went out to investigate some of it.

They caught some of the darker ones and then Bai Youyou used the Soul Absorbing Devil Spell on them and knew that this race came from deep underground.

Underneath the Most Ancient Era, there were many hollow places where this kind of race lived. They could be considered human, but they were extremely savage.

Bai Youyou also said that this clan was initially sealed below, but in this period of time, someone had removed the powerful seal.

"Who was it that released the seal? This fellow definitely has another motive! " At this time, Chen Xiang had to be extremely careful. Although he did not see the Fire Bird that Golden Fire Arrogant Lord released, he was always on tenterhooks.

He came to Medicine God Mountain Villa!

The city that the Medicine God Mountain Villa was in was already ruined, but many noises came from inside, and there were even many living people inside.

Chen Xiang used the profoundfeng Mantra to activate for a while, and then easily passed through the barrier, passed through the city walls, and headed towards the Medicine God Mountain Villa.

There were also a lot of people gathered in the Medicine God Mountain Villa. At this moment, the entire city had sunk into a panic, one could see how terrifying the strength of those Underworld Humans s were.

When the Medicine God heard that Chen Xiang had arrived at Medicine God Mountain Villa, he rushed over.

What surprised Chen Xiang was that Jing Yun'er and Han Xiaoying were also there.

"Chen Xiang, where have you been these past few days? We sent people to the Medicine-creation Divine Continent, but were unable to find you. " Jing Yun'er said: "We are very worried that the Underworld Humans will eat you."

"My bones are very hard. They don't taste good." Chen Xiang laughed: "It's good that you guys are fine!"

"His bones are even tougher ..." You were already chased by the Golden Fire Arrogant Lord, luckily he didn't dare to come here during this period of time, otherwise his Fire Bird would definitely have been caught by the Underworld Humans. " Jing Yun'er said again.

"What exactly happened to those Underworld Humans s?" Chen Xiang looked towards the Medicine God and Ice-creation Race Emperor.

"It's a long story... "Let Miss Jing speak." Ice-creation Race Emperor sighed: "She knows it better than me."

Jing Yun'er actually knew about this!

"I was let out by a bunch of guys. I really didn't expect these guys to be so reckless." Jing Yun'er said angrily, "The moment Underworld Humans appeared, all the weaker humans were killed."

Chen Xiang had seen it on the way here. As long as there was a place where humans gathered, the air would be filled with a murderous aura.

"Could it be that they were released by the Initial God-creation Realm?" Chen Xiang had previously heard from Little Lizhi that the Underworld Humans was sealed inside the barrier.

"No, they don't have the ability! was released by the Crystal-creation Race. " Jing Yun'er raged: "This bunch of bastards, I will take care of them sooner or later!"

"Crystal-creation Race? Could it be that it was specially created to create the Tao-creation's sacred crystal? " Chen Xiang said in shock.

"That's right, I'm from the Crystal-creation Race, but I have nothing to do with them anymore." Jing Yun'er was brought to the Tao-creation Place very early on, and was responsible for nurturing the Tao-creation's Holy Crystals there.

"There's no other way to deal with them now. We can only wait for the surviving humans to become stronger before we can fight them!" The Medicine God said: "The people in Medicine-creation Divine Continent are quite strong, but Underworld Humans did not go and provoke them, so the Medicine-creation Divine Continent did not care, moreover, the barrier around the Medicine-creation Divine Continent is very strong, so we are unable to enter right now."

"I'm relieved if all of you are fine. I'll go to Medicine-creation Divine Continent right now and see if I can get more reinforcements from the Medicine-creation Divine Continent." Chen Xiang had many friends in the Medicine-creation Divine Continent, so both Yu Weizhou and Zuo Xingfeng were very strong existences in the Medicine-creation Divine Continent.

He had turned into a gust of wind in the sky, making it hard for ordinary people to sense him.

Chen Xiang looked ahead and saw a large group of people riding on Giant Elephants.

When the people riding on the Giant Elephant saw Underworld Humans chasing them, they all abandoned the Giant Elephant and ran away. They were all people who were fleeing for their lives, but after being chased by the Underworld Humans, they all ran away in panic.

"It's the Underworld Humans's elite team. We are no match for them, we can't win against them." An old man shouted, "Quickly run!"

B000000000000000000000000000000000000000000000000000000000M!

"There's someone up there!" The leader of the Underworld Humans looked up and shouted, "Kill the people in the air first!"

Chen Xiang was secretly shocked. Out of the dozen or so Underworld Humans s he had pressed down with his hands, not a single one of them were injured, and furthermore, they were slowly struggling free from this huge palm of pressure.

"Don't even think about escaping!" Chen Xiang borrowed the power of two of his clones, adding the legendary dragon fire, he struck a huge palm.

This time, the palm burned with a raging inferno. Accompanied by an extremely strong pressure, it rumbled and pressed down, shaking the space until it tore apart.

When the dozens of pressuring Underworld Humans s were struck by the gigantic palm, their bodies turned into sparks and scattered in all directions, and in an instant, they were all killed!

Those who were running away were shocked beyond belief when they saw this scene!

More than half of the Underworld Humans's elite team that they saw as extremely powerful were destroyed in the blink of an eye!

Chen Xiang had already revealed his true form. Floating in the air, he took out his Six Realms mirrors and threw it towards the flying leader.

The Six Realms mirrors flew over, the leader's face was filled with disdain, he waved the black blade in his hand and hacked over, but who would have thought that when his blade touched the Six Realms mirrors, it would instantly shatter and his body would be cut into two by the flying Six Realms mirrors.

After the leader was killed, the other Underworld Humans s were all stunned! Their leader was very strong, but if he was killed instantly, their strength definitely wouldn't be enough to deal with him!

"Retreat!" A Underworld Humans shouted.

Chen Xiang didn't even give them a chance, he had the Six Realms mirrors fly away. As long as it hit them, their bodies would be split into two.

This elite group of Underworld Humans were all killed by Chen Xiang. The people who were running away also stopped in their tracks and went back to take care of the group of Giant Elephants.

Chen Xiang only picked up a few black weapons and then continued on his way to Medicine-creation Divine Continent.

"These weapons were all formed from the Tao-creation's sacred crystals! It is tougher than the Tao-creation's sacred crystal, if it was a weapon made from normal materials, it would not even be able to withstand a single blow from this kind of weapon. " Xiao Xianglin said: "Even if it was refined using the Tao-creation's sacred crystal, it would not last long before it is destroyed."

"Looks like they have a lot of these weapons! No wonder the humans of the Most Ancient Era found it hard to resist in the face of such a massacre. " Chen Xiang said.

"Let's go to the Medicine-creation Divine Continent first! Most of the humans in the Most Ancient Era are extremely weak, and tens of thousands of people can't even beat a single Underworld Humans. " Xiao Xianglin said.

This kind of Underworld Humans was spread throughout the entire Most Ancient Era, their massacre caused an extremely terrifying blood rain of heaven and earth, just how many people died?!

Those who were still alive today all had a certain level of power, or their powerful cities hadn't been destroyed.

Chen Xiang arrived outside the barrier protecting the Medicine-creation Divine Continent and discovered that he could not enter the barrier. If it was before, he would be able to easily enter it!

"The enchantment has been strengthened!" After Xiao Xianglin came out to have a look, he said in shock, "Their techniques are very skilled, the consumption of this kind of barrier is huge, it would probably take a lot of effort just for the Nine Divine Tree, but they still set up this barrier, it should have other energy sources."

"Can you solve it?" Chen Xiang asked.

"No way!" Xiao Xianglin shook his head: "Even you and I don't have enough strength now This barrier is obviously for the sake of preventing people from cultivating the World Defying Stage Divine Source. "

"If we can cultivate the World Defying Stage Divine Source, there won't be a problem."

Chen Xiang was already outside of Medicine-creation Divine Continent, but he could not go in. This made him very anxious!

"Is there no other way?" It was impossible for Chen Xiang to get to the people from the Medicine-creation Divine Continent continuously here.

"Right!" Chen Xiang took out a rock, and this rock was able to connect him to Chu Jinfeng.

When Chu Jinfeng was saved by him, he learned alchemy from Zuo Xingfeng.

The light from the stone indicated that Chu Jinfeng was nearby.

Chen Xiang landed on the ground and patiently waited for Chu Jinfeng.

More than two hours later, Chen Xiang saw Chu Jinfeng.

"Big Brother Chu!" Chen Xiang anxiously shouted, Chu Jinfeng had already told him not to call him Alliance Master, there would be no more Super Yuan Dan Alliance in the future.

Chu Jinfeng and Chen Xiang were approximately three hundred meters apart from each other, and there were many enchantments arrays separating them, so he was not allowed to get closer.

"Chen Xiang, you should hurry up and leave. This place is dangerous!" Once Chu Jinfeng arrived, he anxiously shouted.

"What's going on? I want to enter Medicine-creation Divine Continent! " When Chen Xiang saw Chu Jinfeng's expression, he realized that something was amiss. The Medicine-creation Divine Continent must have changed.

"Although the spies in Medicine-creation Divine Continent have already been removed, there are still some more fellows here. Currently, Elder Zuo and Elder Yu are both in closed-door cultivation cultivating

for the World Defying Stage Divine Source, so the entire Medicine-creation Divine Continent is controlled by those guys." Chu Jinfeng sighed: "If you want to enter and exit Medicine-creation Divine Continent, you have to go through them."

"What kind of people are they? Could he be from Initial God-creation Realm?" Chen Xiang asked anxiously.

"No, it's the Crystal-creation Race!" Chu Jinfeng said, "The clan of Tao-creation's crystal mother, the restraints Master placed on them back then, had already been removed. They controlled a large amount of Tao-creation's divine crystals and then came to Medicine-creation Divine Continent!"

"At the beginning, Elder Zuo and Elder Yu didn't know what their intentions were, so they signed a contract with them." Chu Jinfeng said: "Even though they have yet to do anything that would harm the Medicine-creation Divine Continent, I feel that there is a huge problem with them, especially placing restrictions on entering or leaving the Medicine-creation Divine Continent."

"It's the Crystal-creation Race again!" Chen Xiang frowned. He had just left not long ago and so many things had already happened.

"You understand Crystal-creation Race?" Chu Jinfeng asked.

[Chapter 3797](#)

"Underworld Humans was released by Crystal-creation Race!" Chen Xiang raged: "These bastards definitely have ill intentions by controlling the Medicine-creation Divine Continent."

Just as Chen Xiang finished speaking, the ground behind Chu Jinfeng started to move.

"Big Brother Chu, be careful!" Chen Xiang shouted, and then he saw that Chu Jinfeng's body was tied up by vines that had popped out from the ground.

Chu Jinfeng was shocked and shouted angrily: "Crystal-creation Race, you have signed a contract with him, you will not harm the people inside the Medicine-creation Divine Continent."

"We haven't hurt you yet!" A young man came out from the ground, dressed in black robes, and smiled proudly: "Chu Jinfeng, is this Chen Xiang?"

Chen Xiang's reputation in the Medicine-creation Divine Continent was not small, especially after being chased and killed by the Golden Fire Arrogant Lord a while ago, his reputation had greatly increased!

"Who is he? It's none of your business!" said coldly. Soon after, three white-clothed youths appeared, one look was enough to tell that they were all from the Crystal-creation Race.

Chu Jinfeng immediately said to Chen Xiang: "Hurry up and go!"

Chen Xiang clenched his teeth. He felt that it wouldn't be too hard for him to enter the Medicine-creation Divine Continent. He still had the Sky Breaking Curse, but there were still dangers lurking in the Medicine-creation Divine Continent.

"Since it's the famous Chen Xiang, we would definitely be happy to have him enter." The black clothed man smiled, "But on one condition!"

"What condition?" Chen Xiang asked coldly.

"F * ck!"

"Hand over the nine Chuangyuan keys as well as the one you have in your grasp." The black clothed man said: "We studied the divine pellet you refined and discovered that one of the World Defying Dan grain is extremely powerful. It can independently absorb the power of the Tao-creation's sacred crystal to improve the quality of the pellet, we have always been pursuing that."

The Huajing Dan grain was indeed very mysterious, and this was the pill pattern that Chen Xiang was so proud of. It was created by Xiao Xianglin, so he would definitely not hand it over just like that.

"The Medicine-creation Divine Continent is not yours either, why would you restrict me from entering the Medicine-creation Divine Continent?" Chen Xiang sneered.

"With the limitless amount of energy that we have, we will be able to set up a powerful enchantment around the Medicine-creation Divine Continent. It will be able to resist the invasion of the evil Underworld Humans, and even the Golden Fire Arrogant Lord will not be able to break through our enchantment." The black clothed man laughed extremely complacently: "If you hand over the Chuangyuan key, you will be able to sleep peacefully in the Medicine-creation Divine Continent. This is very worthwhile!"

"I'll wait for Elder Zuo and Elder Yu to come out of seclusion!" Chen Xiang snorted, then sat down on the spot and made him hand over the Chuangyuan key and the Huajing Dan grain, that was impossible.

"So what if we wait for them to come out? We are the ones in charge of the entrance and exit of the Medicine-creation Divine Continent, it has nothing to do with them. " The man in black chuckled. "Are you really going to wait for them to come out?"

Chen Xiang closed his eyes and did not speak again.

Suddenly, the black-clothed man took out a jade talisman as if he was sending a message.

"What are you guys doing?" Chu Jinfeng felt that something was amiss, he asked coldly, the few people in front of him were all powerful, he had no way of fighting them.

"I informed the Golden Fire Arrogant Lord and said that Chen Xiang was here ... At the same time, he also informed the Underworld Humans that there is a delicious human here, hahaha ... " The man in black laughed out loud and said, "I want to see how long he can wait here!"

The Crystal-creation Race was not a good thing!

Chen Xiang suddenly stood up, although the black clothed man's words were somewhat okay, but if it was true, then it would be difficult for him to escape at that time.

The jade talisman in the black clothed man's hand suddenly trembled. After he investigated the contents inside, he frowned: "Golden Fire Arrogant Lord said that he is a little busy right now and will temporarily let you go, but he also said that he will be very happy if you are eaten by him."

"Hurry up!" Chu Jinfeng shouted to Chen Xiang.

Chen Xiang nodded his head. Just as he was about to leave, he felt the earth trembling.

"The delicious Underworld Humans are here, they are very free, haha ..." The black clothed man and the other Crystal-creation Race were extremely happy.

Two pillars of mud suddenly sprayed out from the trembling ground, and two Underworld Humans appeared.

One of the Underworld Humans was tall and the other was short. One was tall and the other was short.

When they saw Chen Xiang, they swallowed their saliva, as if they had seen a delicacy!

"Friends of the Underworld Humans, this is a small gift I'm giving to you all. However, before you can start eating again, arrest him first. I'll get what he has before you begin eating." The man in black chuckled.

Chen Xiang was enraged in his heart. If he could, he would definitely kill this man in black!

"As long as you're alive, isn't it? If we catch him, we can eat our hands and feet first!" The short and fat Underworld Humans laughed sinisterly.

"You can also eat your ears and eyes first." The tall and skinny Underworld Humans licked his lips.

"After so many years, your tastes are still the same as before!" The black clothed man laughed.

Chen Xiang summoned his Six Realms mirrors, he had exchanged blows with the Underworld Humans before.

The two Underworld Humans in front of him had not cultivated any World Defying Stage Divine Sources, and only had an extremely violent divine origin energy. In his eyes, it wasn't too strong.

"Do you want to come in now?" The black clothed man said to Chen Xiang: "If you agree, I can make them stop!"

Crystal-creation Race and Underworld Humans are in cahoots! Chen Xiang and Chu Jinfeng could both see that the Underworld Humans only listened to the words of the Crystal-creation Race. From this, they could see that the people who massacred the Most Ancient Era were all instigated by the Crystal-creation Race!

"Pfft!" Chen Xiang spat at the black clothed man, "Even if I die, I will not give the Chuangyuan keys to people like you who are inferior to beasts. Dream on!"

"Ah Qian, Ah Fatty, he just scolded me, please help me teach him a lesson." The black clothed man's face was cold.

The two Underworld Humans nodded, retracted the smile on their faces, and flanked Chen Xiang from both sides. They did not use weapons, and instead directly attacked Chen Xiang.

Chen Xiang who was about to retaliate suddenly made a decision ...

After the Underworld Humans's attack came over, Chen Xiang immediately dodged, but he was a bit too slow.

Following that, the short and fat Underworld Humans also flew over, falling from the sky, and fiercely stomped on Chen Xiang's abdomen!

"Haha ..." Just like this, he was delighted! This guy's reputation is so huge, and he isn't that strong either? Isn't it just a little more incredible when it comes to pill forging? Continue to mess with him! " The black clothed man was extremely excited as he laughed.

When the Underworld Humans realized that they had succeeded the moment they attacked, they were secretly delighted and continued to attack Chen Xiang fiercely.

After a while, Chen Xiang's face was covered with learning, he was lying on the ground gasping for breath.

The fat man tugged at his hair and bellowed: "You scolded Young Master Huang, he is the youngest son of the Crystal-creation Race Emperor, how can he be scolded so easily when he is deeply doted on by the Crystal-creation Race Emperor? You must know your wrongs now! "

Seeing that Chen Xiang was so heavily injured, Chu Jinfeng could not bear to watch with his eyes closed. Now that he was being held onto, he was completely unable to do anything.

Chen Xiang was secretly shocked, no wonder this black clothed man was actually the son of the Crystal-creation Race's Emperor, no wonder his authority was so great!

The black clothed man gently waved his hand and opened the barrier, bringing the three white clothed men out and arrogantly arriving in front of Chen Xiang.

"You have already fallen into my hands!" The black clothed man laughed.

[Chapter 3798](#)

Chen Xiang was beaten until his head was bleeding, his chest was stepped on ruthlessly by the tall and skinny Underworld Humans, and he was unable to move.

"Young Master Huang, can we start eating now? "This guy is a bit weak, but his flesh and blood contain a lot of energy." He was already impatient.

"Just wait a little longer. If he doesn't behave himself, you can only take advantage of him." The man in black looked at Chen Xiang coldly and laughed sinisterly: "Hand over the Chuangyuan key and the World Defying Dan grain. Otherwise, you'll see your limbs being eaten by them one bite at a time."

"Why do so many people want Chuangyuan key? Could it be that you want to save First Beast-creation Ancestor? " Chen Xiang sneered as he laid on the ground.

"The First Beast-creation Ancestor being sealed indeed requires a Chuangyuan key to break the seal, but we did not do it to save him. The black clothed man said: "As long as we obtain the Chuangyuan key, we can open the gate to the Initial God-creation Realm, that's the place we want to go to the most!"

The Initial God-creation Realm had this kind of powerful fellow, it was extremely possible that he was hiding something inside the Initial God-creation Realm!

"After you hand over the Chuangyuan key, I can let you go. In the future, you can be free and unfettered in the Medicine-creation Divine Continent." The man in black took out a knife. "If you don't agree, I will cut your hand off and feed it to them."

"If I don't agree, what can you do to me?" Chen Xiang laughed, his body shook, and a wave of terrifying fiendish aura burst out, shocking the black-clothed man.

"Quick... "Hurry and cripple him." The man in black hurriedly shouted.

Just as he finished speaking, a large pool of blood suddenly poured down, and drenched his entire body, he turned around and saw two Chen Xiang standing there, holding onto a blood dripping long blade!

The three white-robed followers of the man in black who had cultivated Divine Origin Qi were all killed. The falling blood was theirs!

B000000000000000000000000000000000000000000000000000000000M!

Chen Xiang's body exploded into a violent wave of flames, blasting away the two Underworld Humans. This was his true strength!

Earlier, he pretended to be no match for the two Underworld Humans s just to lure the black clothed man out!

"You ... You intentionally injured yourself! " He had already investigated Chen Xiang before and knew that Chen Xiang was not weak. However, when he saw that he was being mistreated by the two Underworld Humans s, he felt that Chen Xiang's strength was only so-so.

He never thought that Chen Xiang would have two more terrifying clones that could instantly kill his three extremely strong followers.

Chen Xiang's arm suddenly burned with flames, expanding out, waves after waves of Evil Qi followed by the burst of flames out, it was very terrifying.

"Idiot. In order to kill you, I have no choice but to kill those two bastards." Chen Xiang punched out, penetrating the black clothed man's body. His two clones were currently dealing with the two Underworld Humans s.

After the black-clothed man's body was pierced through, he was filled with fear. At this moment, he was very close to death!

"Only death awaits those who try to rob me!" Chen Xiang withdrew his fist, grabbed the black clothed man's neck and lifted him up. Then, he threw him onto the ground and stepped on his face.

"Do you still want my Chuangyuan key and World Defying Dan grain?" Chen Xiang strongly stepped on the black clothed man's face, making him unable to say anything.

Very quickly, those two Underworld Humans s had been taken care of by the two clones. Chen Xiang grabbed the black-clothed man's hair, and let him look at the two Underworld Humans s' shattered bodies.

"Do you really think I'm a vegetarian? Arrogant fellow, you don't even have the strength of the Golden Fire Arrogant Lord to be so arrogant in front of me? " Chen Xiang's palm struck the black clothed man's body and poured into his body an evil flame, burning him to the point of him screaming in pain.

"Our Crystal-creation Race will not let you off!" The black-clothed man howled in agony.

"Someone's coming!" Chu Jinfeng who was inside the enchantment shouted. He was also surprised at Chen Xiang's strength.

"Brother Chu, you leave first!" Chen Xiang said: "Don't worry about me!"

Chen Xiang was also unable to enter the barrier, he wanted to see who it was.

The one who came was a middle-aged man dressed in grey. When he saw the black clothed man being abused by Chen Xiang to such a state, his face was filled with anger and shock.

"Second Uncle, quickly save me!" Just as the black-clothed man finished speaking, he was slapped to death by Chen Xiang's palm, which was condensed out of intense flames, turning him into a pile of black ash.

"You ... "Who are you?" At this moment, he actually did not dare to walk out of the barrier.

"I am Chen Xiang, you are from the Crystal-creation Race right? This guy tried to snatch my Chuangyuan key s, but I've already killed him! " Chen Xiang acted like nothing had happened, her tone was flat and there was a smile on her face: "I thought you were his father, but I didn't think that if it were just his second uncle, would you want to die with him?"

"It's you!" This Second Uncle seemed to be very clear about Chen Xiang's situation, he anxiously took out a jade talisman, and was probably trying to pass on a message.

Chen Xiang did not know who this Second Uncle was calling for, and was most likely for help. After waiting a while, he suddenly felt a very familiar aura.

"Golden Fire Arrogant Lord!" Chen Xiang looked at the sky in the distance, only to see a golden light shining and a threatening aura emitting from it, enveloping the entire sky with golden fire.

Chen Xiang immediately cast the Sky Breaking Incantation, and continuously flew through the air, distancing himself from the Medicine-creation Divine Continent.

"I can see the light of the Golden Fire even here!" The black clothed man he had killed before, had said that he could contact the Golden Fire Arrogant Lord. At that time, he didn't believe it.

"Crystal-creation Race is actually connected to Golden Fire Arrogant Lord ... Crystal-creation Race also wants to see the Chuangyuan key enter the Initial God-creation Realm. " Chen Xiang was suspicious.

He waited for a long time, but he still did not see the Golden Fire Arrogant Lord saying that he had released a fire bird to search for him.

"I'm not strong enough yet." Chen Xiang closed his eyes and released his three illusions, heading towards the altar that sealed the First Beast-creation Ancestor.

A few days later, the illusion finally arrived at the altar!

When he saw the scene of the altar through the phantom, he was immediately shocked! At this point of time, the one who was biting off the flesh and blood of First Beast-creation Ancestor was not the Evil beast, but a human!

"It's the beast form of the Beast-creation Race!" Chen Xiang was sure, because he could clearly feel the aura from the illusions.

Since the beasts in the form of the Beast-creation Race could come to this place, it was most likely the doing of the Crystal-creation Race or the Golden Fire Arrogant Lord.

Chen Xiang sent a sound transmission to the First Beast-creation Ancestor through his illusion.

"Senior, what's going on? Don't they all belong to the Beast-creation Race? "How can they treat you like this?"

"Chen Xiang? Great... Right, is Beast-creation Race Emperor with you? " First Beast-creation Ancestor asked anxiously: "How is she?"

"Are you talking about Long Yue? She brought me to hell, and I'm still in hell. I'm the only one who came back. " Chen Xiang said.

First Beast-creation Ancestor heaved a sigh of relief. He saw that Chen Xiang had already found out about his daughter's name, and their relationship had become a lot more harmonious.

"The Beast-creation Race has changed ... Sigh, even if that girl returns, she won't be able to suppress the entire Beast-creation Race. Right now, there is someone else leading the Beast-creation Race. " The First Beast-creation Ancestor sighed.

[Chapter 3799](#)

It was just as Chen Xiang had guessed.

"Crystal-creation Race or Golden Fire Arrogant Lord?" Chen Xiang asked.

"You just came back, and already you're investigating a lot of things!" First Beast-creation Ancestor laughed bitterly: "It was them that joined hands to control Beast-creation Race!"

"The Crystal-creation Race controls the Medicine-creation Divine Continent now! Medicine-creation Divine Continent was able to make Beast-creation Race stronger, so he has already controlled the altar that is sealing you. He let Beast-creation Race eat your flesh and blood, probably because he wants Beast-creation Race to become stronger. " Chen Xiang had already thought of something.

The Crystal-creation Race and the Golden Fire Arrogant Lord had joined hands. They wanted to make the Beast-creation Race stronger and become their tool! Other than the Beast-creation Race, there was also an enormous clan of the Underworld Humans, and it was an extremely terrifying force.

"Golden Fire Arrogant Lord and Crystal-creation Race must be planning something in secret." First Beast-creation Ancestor said, "But now, no one can stop them ... It's a good thing that the Chuangyuan key are in your hands. This is the key to determining their success or failure, so you definitely cannot be caught by them. "

"I'll be careful." Chen Xiang said.

"Today, Most Ancient Era has both appeared, so Most Ancient Era has to bear an even stronger pressure. If Golden Fire Arrogant Lord still dares to act recklessly, it will cause chaos in Most Ancient Era, and might even cause it to collapse." The First Beast-creation Ancestor said, "So he must have restrained himself quite a bit."

"No wonder I can't even see to search for my Golden Fire Bird." Chen Xiang said.

"You went with Xiao Yue, how was her life in hell?" First Beast-creation Ancestor asked, he was very concerned about his daughter.

"She is very safe in the Infernal Realm. She had also stayed in the Infernal Realm for a period of time, so she is very familiar with the Infernal Realm. At this moment, she is with a woman called Smoke Charming." Chen Xiang said.

"Smoke Charming?" It could be seen that he recognized Smoke Charming as well.

"You know her? Long Yue said that she's her mother's younger sister! " Chen Xiang asked, he had always been curious about the identity of the Smoke Charming, she was also his wife's younger sister.

"Looks like you and Long Yue get along quite well, or else she wouldn't have told you these things." First Beast-creation Ancestor smiled slightly: "You're not bad!"

"Is Smoke Charming reliable?" Chen Xiang asked.

"She treats Xiao Yue well, there's no need to worry." First Beast-creation Ancestor sighed, "He can be considered Xiao Yue's only kin!"

"That's good." Chen Xiang nodded.

"What is the background of the Smoke Charming? Long Yue said he came from the Initial God-creation Realm! " Chen Xiang said.

"Yes, I'm not too sure either." First Beast-creation Ancestor said in a perfunctory manner, which made Chen Xiang very unhappy.

"How strong can these Beast-creation Race become when they eat your flesh?" Chen Xiang asked.

"No matter how strong I become, I won't be your opponent, because I myself am not that strong." First Beast-creation Ancestor said, "Alright, hurry up and leave. Golden Fire Arrogant Lord is coming."

Chen Xiang immediately withdrew his illusion body, which was discovered by the Golden Fire Arrogant Lord last time.

"Medicine-creation Divine Continent can't go, that place is already under Crystal-creation Race's control!" Chen Xiang did not plan to return to the Medicine God Mountain Villa, if he brought the both of them there, it would be troublesome.

Chen Xiang turned into the wind and flew in the air. He suddenly felt a strange aura fluctuation from below, and then he saw the ground flicker with a golden light, it was actually a type of sealing power.

"What is it?" He immediately channeled the Sky Breaking Incantation to dodge it.

"You're being followed!" Xiao Xianglin said.

Chen Xiang thought that he had hidden himself very well, he wouldn't be traced that easily!

"Who is following me?" Chen Xiang cast the Sky Breaking Incantation once again, shattering the air nonstop, allowing him to quickly escape.

"It's extremely possible that it's the Crystal-creation Race!" Xiao Xianglin said, "Furthermore, the fellow who has come is not weak. You must be careful."

Chen Xiang continued to turn into a gust of wind and fly towards the crevice that led to hell.

[illegible]

"Sky Breaking Incantation has failed!" Chen Xiang was panic-stricken, and his entire body was surrounded by golden light: "Could it be the Golden Fire Arrogant Lord?"

"Chen Xiang, you have nowhere to run!" This wasn't the voice of the Golden Fire Arrogant Lord, which made Chen Xiang feel a lot more at ease.

His body was burning and his movements were slow.

"It's the Crystal-creation Race!" Chen Xiang could sense the same aura as the black clothed man. He released the Six Realms mirrors, activated the killing array inside the Six Realms mirrors, and released waves after waves of berserk energy, scattering the golden light that shot up from the ground.

After the golden light was shattered, he immediately used the Sky Breaking Incantation to escape through shattered space. He then entered the Six Realms mirrors and activated its killing array to continuously release energy, scattering all the golden light that shot up from the ground at the same time. At the same time, he flew towards the road to hell.

"I can only return to hell!" Chen Xiang controlled his Six Realms mirrors to fly quickly, and the person who came to arrest him just now had World Defying Stage Divine Source, his strength was comparable to the Golden Fire Arrogant Lord, he was not his opponent.

He did not expect Chen Xiang to be so slippery, and just as he was about to grab hold of him, he was actually broken free. Even though he could sense Chen Xiang, his golden light was already useless, unable to trap himself within Chen Xiang's Six Realms mirrors.

The Six Realms mirrors was flying at high speeds and its speed had already been pushed to the extreme. In only an hour, it arrived at the crevice of hell and burrowed in.

After arriving at the Infernal Realm, Chen Xiang was much more at ease. The other party could no longer attack him, and had also not given chase.

... ..

Floating above the crevice was an old man wearing crystal armour. He was the Crystal-creation Race Emperor. Beside him was an old man whose entire body was burning in gold flames. It was Golden Fire Arrogant Lord.

"Your youngest son is dead!" Golden Fire Arrogant Lord said: "My grandson was only crippled. This Chen Xiang's abilities are truly not small."

"He went to the Infernal Realm. Is there any way to deal with him?" They all know the rules of hell.

"Not at the moment. With his current strength, he won't be a match in hell." Golden Fire Arrogant Lord shook his head. "We must obtain the Chuangyuan key on his body."

"Now, I can only persuade Zuo Xingfeng, Yu Weizhou and the others to obtain the Chuangyuan key in Chen Xiang's hands." The Crystal-creation Race Emperor said.

"It's all your son's fault. If Chen Xiang were to enter the Medicine-creation Divine Continent, he wouldn't be able to escape at all! But your youngest son thinks that he can take care of Chen Xiang, block him outside, and let the Underworld Humans surround and surround him, making him wary of the Medicine-creation Divine Continent. The Golden Fire Arrogant Lord snorted coldly.

"This kid also lost his life because of his mistake." The Crystal-creation Race was slightly angry. He was his dead son, but the Golden Fire Arrogant Lord still blamed him.

"So what? He destroyed our plan." The Golden Fire Arrogant Lord said coldly: "We had already planned to lure Chen Xiang into the Medicine-creation Divine Continent!"

"Leave the matter of capturing Chen Xiang to me." The Crystal-creation Race Emperor replied, "I will definitely be able to catch him."

[Chapter 3800](#)

"Chen Xiang went to hell, what methods do you have to capture him? Although the Infernal Realm was filled with experts, the people who managed to cultivate World Defying Stage Divine Source were just there as decorations. "It's a trap," the Golden Fire Arrogant Lord said angrily.

The reason why Medicine-creation Divine Continent set up such a strong barrier was because after Chen Xiang went in, he was unable to come out. Furthermore, the reason why he set up the barrier was because he had sent people to do it in secret. In order to catch Chen Xiang, he had painstakingly set up this trap, but it had all been ruined.

"He'll come up. I can sense him as soon as he comes up." After saying that, the Crystal-creation Race Emperor left. He did not want to continue quarreling with the Golden Fire Arrogant Lord.

... ..

Chen Xiang headed to Dan Devil City and went to the Huang Tian Tower. He passed by the Smoke Charming Restaurant too, but Smoke Charming was not inside.

"How is Most Ancient Era?" Yellow Heaven Dan Devil saw that Chen Xiang had returned and immediately asked.

"It became very messy, I almost couldn't come back." Chen Xiang shook his head and sighed. Then, he simply told Yellow Heaven Dan Devil what had happened.

"There are rumors saying that Tao-creation Divine Lord came to the Infernal Realm before and wanted to transfer the mysterious power of hell onto the Most Ancient Era. This way, it would prevent people who cultivate World Defying Stage Divine Source from acting recklessly and it was said that the Tao-creation Divine Lord wanted to restrict people who possess Divine Origin Qi as well." The Yellow Heaven Dan Devil said.

"Is there really a Hell Divine Lord in the Infernal Realm?" Chen Xiang asked.

"I don't know. These are all legends." Yellow Heaven Dan Devil shook his head. "I've been in the Infernal Realm for so long, but I've never seen Hell Divine Lord before!"

"If there was a Hell Divine Lord, maybe he would know!" Chen Xiang thought, he had forgotten to ask the First Beast-creation Ancestor, if he were to go now, he would definitely meet him.

"If you really want to find a legend regarding the Hell Divine Lord, you can go to the city of hell to take a look. It's an abandoned ancient city, and I heard that it's extremely dangerous inside, and those who go in would most likely die, and the legends about the Hell Divine Lord are all told by people who can or cannot go in." The Yellow Heaven Dan Devil said.

"You're leaving like this?" Chen Xiang asked.

Yellow Heaven Dan Devil felt that Chen Xiang was strong enough, he would definitely be able to enter the City of Hell without a problem, so he told Chen Xiang the route to the City of Hell.

"After I finish cultivating the World Defying Stage Divine Source, I won't be able to enter the City of Hell. Otherwise, I would be able to explore it." Yellow Heaven Dan Devil laughed.

"I'm leaving now." Chen Xiang said: "If my friend comes back, you can make her wait for me here."

"Alright, everything is going well!" Yellow Heaven Dan Devil patted Chen Xiang's shoulder.

Chen Xiang left the Dan Devil City and began his journey towards the City of Hell.

The City of Hell was situated beside a golden river. It was an extremely large city surrounded by tall, blood-red walls. It was said that the city was devoid of people, but countless treasures were hidden inside.

After running for more than ten days, Chen Xiang finally saw the Golden Blood River. It was an extremely huge river that meandered across hell, slowly flowing with a golden river.

The river water was extremely viscous and was filled with a bloody smell. It looked like thick golden blood was flowing, so the people of hell would turn it into a golden river of blood.

Chen Xiang followed in a certain direction of the Golden Blood River for three days before he finally saw the red city walls.

"The City of Hell!" After Chen Xiang saw this from afar, he increased his speed and rushed over, "There shouldn't be any evil villains around here right?"

Chen Xiang released his spirit body to investigate, but not long after he released it, he felt that it was extremely unstable, so he immediately retracted it.

"The illusion is very unstable in hell." Chen Xiang had no choice but to arrive outside the city first.

The city gate was golden, and it was shining with a golden light. Although Chen Xiang did not go in, he could feel the strong power of the barrier.

"I'll let my clone take a look!" Chen Xiang released a clone and entered the gigantic golden city gate.

The moment the clone entered the city gate, he fell to the ground and lost contact with the clone.

"What a strong isolating force." Chen Xiang had no choice but to retrieve his clone.

"There are powerful barriers everywhere!" Xiao Xianglin said, "In the Infernal Realm, the only thing restricting those who possess the World Defying Stage Divine Source is the effect of an extremely strong barrier. It can be seen that the person who laid out this barrier is extremely powerful.

"We can only find clues in here. I wonder how we will be able to find the Hell Divine Lord?" After Chen Xiang entered the city, he saw an empty street. All the shops on both sides of the street had their doors wide open.

The highest building here was only nine storeys, and they were all very neat.

As soon as he entered the city gates, he saw an empty and quiet street with a chilly wind blowing. The sound of the wind blowing was very strange.

Chen Xiang walked toward the most spacious street, and after stepping onto it, he took a glance at the shop that had its doors wide open, and couldn't help but feel a chill in his body.

"Skeletal Man!" Chen Xiang was shocked, then looked at the other shops, where there were Skeletal Man s.

When Skeletal Man saw Chen Xiang, he waved at him and even opened his mouth to speak.

"I have everything in my shop, come and take a look." Skeletal Man shouted, his voice was very polite.

Chen Xiang took a deep breath and walked over.

"What is it?" Chen Xiang went over to take a look and discovered that the shelves were all empty. There was nothing there.

"If you really need it, I can definitely get it for you ... I was worried that you wouldn't be able to afford it!" The Skeletal Man laughed.

Chen Xiang looked at Skeletal Man's dark eye sockets and felt like he was obedient.

"Tell me, what do you want to buy? "Then we'll talk about the price later!" The Skeletal Man said.

"I want to buy a pill that can help me cultivate the World Defying Stage Divine Source, do you have it?" Chen Xiang said casually.

"Of course, but the price is very expensive!" The Skeletal Man said.

"How expensive is it?" Chen Xiang asked.

"A hundred thousand years of freedom! I will sell you the pills that can cultivate the World Defying Stage Divine Source, and you will take over my job for a hundred thousand years. " The Skeletal Man said.

"Can I also become a Skeletal Man?" Chen Xiang laughed, he finally understood the way things were bought and sold here.

"I was normal before, but I've been here for too long. My flesh and blood are all gone, and only my bones are left. I can't die until I reach the agreed time." Skeletal Man sighed helplessly.

"How long have you been here?" Chen Xiang looked at the Skeletal Man at the entrance of the other shops, and was secretly shocked, all the Skeletal Man here were enslaved by some kind of powerful force.

"I don't remember! As long as we can find a buyer, we can get away with it. " Skeletal Man said, "Buy something!"

"Forget it, I can't afford 100,000 years of freedom." Chen Xiang shook his head.

"You can buy something cheap that's worth ten thousand years ... A thousand years, a hundred years. " The Skeletal Man said.

"There are other ways to trade it besides selling it?" Chen Xiang asked again, he really wanted to buy something.

"Yes, there is. It's a bit special." The Skeletal Man said.
