

## Dan God 3811

### [Chapter 3811](#)

Chen Xiang saw that Xiao Xianglin's face was slightly pale and frowned: "Master, how are you?"

"If you are injured, it won't be a problem. Let's enter the spatial rift and leave." said. In order to protect the Smoke Charming, she had been affected by the strong energy that had exploded.

"My clone is coming out. Go rest." Smoke Charming's eyes were filled with gratitude. If not for Xiao Xianglin, she would have died.

At the same time that Long Yue was grateful, he was also secretly ashamed in his heart. This time, Xiao Xianglin used a lot of power.

"Mm, I'll leave this place to you!" Xiao Xianglin entered the You Yao Mountain Villa's Time array and started to heal his injuries.

She had already cultivated the World Defying Stage Divine Source, so her physical body and various aspects had both increased by a lot. She was no longer someone that could be cured by the Rebirth powder, and it would take a long time to heal herself.

"The Star Creation Stone that Master gave me earlier!" Chen Xiang took out the Creation Star Soul Stone and handed it over to Long Yue and Smoke Charming. "You took such a huge risk to come here just to obtain this!"

"Forget it, just let your master take it!" Long Yue sighed: "As long as I don't fall into the hands of evil."

Smoke Charming also nodded. They knew that the Star Creation Stone contained the power of the incantation, but they were not proficient in the incantations. Otherwise, they wouldn't have been trapped by the killing formation the moment they entered this place.

And Xiao Xianglin was the Incantation Master of the Heavenly Master, he had saved them, so they agreed to give the Star Creation Stone to Xiao Xianglin as a thanks.

"Alright, let's leave this place first!" Chen Xiang, Long Yue and Smoke Charming passed through that spatial crack and arrived inside it.

Star-creation Race had already escaped, and four of them were people who had cultivated and produced World Defying Stage Divine Source.

"This is troublesome." When Chen Xiang and the others passed through the barrier, they held hands, so they did not scatter, but when the Star Creator came over, he would definitely spread out.

"Is this the Most Ancient Era?" Smoke Charming had not been here for a long time.

"Your injuries are not light either. You need to rest." Long Yue said. Smoke Charming's jade face was bloodless, causing her to no longer be as charming as before.

"It's much better now." Smoke Charming smiled slightly.

"Chen Xiang, what do you think we should do next?" Long Yue said.

"Let's return to hell first. We're in danger here!" Chen Xiang thought about it, because he had not cultivated the World Defying Stage Divine Source yet, and Xiao Xianglin was injured, so was Smoke Charming.

"Alright!" Long Yue would listen to him.

They used more than ten days of time to arrive at the Dan Devil City. Previously, they had no way back to the Creator Realm, and it was also because Xiao Xianglin was injured and needed to rest, and because of that, there were many battles in the Creator Realm that caused him to come out of the spatial crack.

Chen Xiang and Long Yue were both in the Smoke Charming Restaurant at the moment. Smoke Charming had already entered Chen Xiang's You Yao Mountain Villa on the way there and used her Time array.

"Chen Xiang, is Sister Xiao better now?" Long Yue was a little worried.

"She should be more or less recovered. Right now, she's probably researching the Creation Spirit Stone." Chen Xiang laughed: "You don't have to worry about her."

"That's good. If she is affected by this injury, I will feel sorry for her." Smoke Charming said, her charming and cute appearance was extremely moving.

"Then I am relieved." Long Yue also sighed: "Oh right, Sister Xiao has already cultivated the World Defying Stage Divine Source, right? "How can he be so fast!"

Chen Xiang laughed without saying a word.

"Could it be that you have successfully refined a pill that allows one to cultivate the World Defying Stage Divine Source?" Long Yue shouted in shock and disbelief.

Chen Xiang nodded.

"Really? It's too powerful! " Smoke Charming smiled coquettishly as he looked at Chen Xiang affectionately. When he walked over, he pretended to fall into Chen Xiang's embrace.

When Chen Xiang saw the beauty falling towards him, he naturally very naturally reached out to embrace her. When he came in contact with her soft and fragrant jade body, his heart couldn't help but tremble.

Smoke Charming was also unable to get up from Chen Xiang's embrace like this, and she even charmingly said: "My injuries aren't completely healed, and if I'm not careful, I'll lose my balance."

Chen Xiang sat on the chair, while Smoke Charming hid in his embrace with a complacent look on his face. He leaned against his chest, causing Long Yue to secretly clench his teeth.

"You ... Hurry and get up, what a shame. " Long Yue hurriedly shouted, "I shouldn't have saved you back then!"

"Why shouldn't I be saved? Is it because I stole your man? " Smoke Charming was like a snake spirit, wrapping her soft body around Chen Xiang.

Chen Xiang coughed dryly twice, and then forcefully took Smoke Charming off his body! He felt that if Long Yue was not here, the Smoke Charming might have done something even more crazy and sexy.

"How shameless." Long Yue snorted. Seeing Chen Xiang taking Smoke Charming away, her heart felt a lot more at ease.

Smoke Charming could only giggle.

"Chen Xiang, why didn't you cultivate the World Defying Stage Divine Source?" Long Yue asked.

"I originally wanted to cultivate, but wasn't I worried about you? If I had known earlier that the Star Creation Space could release the power of the World Defying Stage Divine Source, I would have cultivated it." Chen Xiang said.

Seeing that Chen Xiang had been secretly worrying about her, Long Yue could not help but be moved in his heart.

"How did you manage to concoct such a pill?" That's almost impossible! " Smoke Charming was very curious, her charming eyes revealed a strong sense of adoration.

"This is my secret!" Chen Xiang secretly cursed the Smoke Charming in his heart. Their relationship was already so good, but she was actually tempting him at all times.

"Can you tell me this secret?" Smoke Charming did not know why, but she revealed a young girl's bashful expression and said shyly: "I can give my most precious everything to you!"

"Smoke Charming, what are you doing?" Long Yue could no longer bear to watch, and anxiously pulled Smoke Charming over.

"His pill techniques are superb, I admire him!" Smoke Charming laughed tenderly: "In any case, he isn't your man. Why are you in such a hurry?"

"I'm going back to the Yellow Sky Tower. After I manage to cultivate the World Defying Stage Divine Source, I'll go to the Most Ancient Era." Chen Xiang said. Just as he got up, he was held by the Smoke Charming's jade hand.

"You should train here!" Smoke Charming was slightly displeased: "Am I not better than Huang Tian Lou?"

"I feel rather comfortable there. At the very least, Senior Huang Tian would not take advantage of me like that." Chen Xiang laughed and was about to walk out.

"Humph, an unromantic fellow!" Smoke Charming laughed coquettishly as she scolded, "I want you to take advantage of me, I won't mind!"

"I don't want it right now!" Chen Xiang felt that he must give the Smoke Charming to Su Meiyao and the others in the future.

Chen Xiang finally left Smoke Charming Tower and returned to the Huang Tian Tower.

At this time, Yellow Heaven Dan Devil was very popular, because he had sold quite a few Ziyuan Dan, making Tian Yu Dan Devil and Burning Sun Dan Devil extremely jealous.

## [Chapter 3812](#)

Chen Xiang returned to the Yellow Sky Tower, entered the secret room and ate the Congealed Origin Divine Pill, then began cultivating.

Chen Xiang had already taken the second pill, and could only condense the divine origin energy into World Defying Stage Divine Source, so he could be considered to have cultivated the World Defying Stage Divine Source!

After consuming the Congealed Origin Divine Pellets, Chen Xiang would be wrapped up by many crystals, and then sink into deep sleep, until he completely refined the energy of the Congealed Origin Divine Pellets. "Crap."

Two days later, Chen Xiang woke up. Clenching both fists, he could feel just how powerful the surging divine source of energy was.

"I finally managed to cultivate the World Defying Stage Divine Source. Is this the limit of my strength?" Chen Xiang sighed with emotion. After all these years of cultivation, he had always broken through his so-called limits time and time again. He did not know when he would truly reach the peak of his strength.

Long Yue had been at the Smoke Charming Tower the entire time, and did not return with Chen Xiang.

When Chen Xiang arrived at the Smoke Charming, he only saw the Smoke Charming welcoming him.

"Your Xiao Yue left, she went back to the Most Ancient Era, she is so generous, she can't bear to leave you with me." Without Long Yue here, she was even more unbridled. After seeing Chen Xiang, she immediately came over and arranged his clothes like a wife with deep feelings for him. Her charming jade face was filled with sweetness.

"Alright, Sister Yue isn't here right now either! Let's get this straight. Why did you do this to me? If it was before, I could consider you trying to agitate Sister Yue, but she's not here anymore! " Chen Xiang hugged Smoke Charming and let her sit on his lap, caressing her extremely charming face.

"Hmph, I thought you were being unromantic!" Smoke Charming giggled. "I didn't expect you to be so dishonest."

Chen Xiang embraced Smoke Charming, allowing her to nestle in his embrace. They were very close, and Smoke Charming enjoyed it too, gently stroking Chen Xiang's chest.

"This is a great feeling! You have already cultivated the World Defying Stage Divine Source, amazing! " Smoke Charming spoke softly.

"How can you let Sister Yue go to Most Ancient Era alone? It's not like you don't know the current situation in Most Ancient Era, it's very dangerous! " Chen Xiang lightly scratched Smoke Charming's nose: "You demon, quickly tell me honestly, why are you throwing yourself at me?"

"Isn't it because I like your alchemy skills? Furthermore, you are young and handsome, I truly like you." Smoke Charming pouted. "I was planning to follow Xiao Yue to the Most Ancient Era as well.

However, she refused to die. I've watched this girl grow up, so what kind of thoughts does she have? "

"She left me here to give you a chance to be alone with me!" Smoke Charming used his tip to play with Chen Xiang's face, and sighed: "She seems to have feelings for you too!"

"Let's go to Most Ancient Era!" Chen Xiang let out a long sigh, put down the Smoke Charming in his arms, and stood up.

"Aren't you going to show me?" When Smoke Charming saw Chen Xiang's worried expression, he frowned and became worried as well.

"Let's talk about it later!" Chen Xiang thought for a while, then said: "If you really want to learn my pill techniques, I can give you a chance!"

"Isn't it just committing oneself to death? I knew it! " Smoke Charming laughed: "I have long prepared, come!"

"Don't even think about it, I'm asking you to help me forge pills!" Chen Xiang said: "Let's go, we will go to the Most Ancient Era first! You'll know when the time comes! "

... ..

Chen Xiang and the Smoke Charming that was filled with anticipation had come to the Most Ancient Era, had come to the center of the Hundreds of Flowers Village!

After entering the Hundreds of Flowers Village, Smoke Charming saw many beautiful women, and they all seemed to have a good relationship with Chen Xiang. At least she could see the feelings they had for Chen Xiang from the girls' eyes.

When Chen Xiang returned, he took Smoke Charming to the Incense Garden and directly pushed him to where Su Meiyao and Hua Xiangyue were.

"I'll leave this demon with a headache to you. Help me treat her." Chen Xiang gave Su Meiyao and Hua Xiangyue the same treatment before he left to find Feng Yujie.

When Feng Yujie learned that Chen Xiang had cultivated the World Defying Stage Divine Source, he was pleasantly surprised.

"You little rascal, you've always improved so quickly!" Feng Yujie pinched Chen Xiang's arm, leaned into Chen Xiang's embrace, and said tenderly: "We had only mastered the Ziyuan spiritual fruit you gave us last time, and we are extremely lacking in the Tao-creation's sacred crystals as well. This has affected our progress."

"Tao-creation's Holy Crystal? This shouldn't be a problem, I brought a Spirit Demon with me, she should have a lot of Tao-creation Holy Crystals! Furthermore, her alchemy skills are very high, and she managed to cultivate the World Defying Stage Divine Source. " Chen Xiang laughed.

"Not bad. You've only managed to bring one woman back after so long." Feng Yujie teased.

"I didn't eat her! I just wanted her to help you. " Chen Xiang said with a wronged expression.

"Then you're too evil. She might just want you to eat her, but you're using her like that." Feng Yujie laughed tenderly: "Alright, I will treat her well!"

When Chen Xiang went to look for Xue Xianxian and the others, they also encountered the same problem. And they all had a lot of Legendary mantras.

"I need to go to Heavenly Dragon City. It's been a long time since I've seen my old friends." Chen Xiang said.

"Right now, Long Jiuxiao is the strongest there, he's almost able to cultivate World Defying Stage Divine Source. Those dragon race guys are born with good aptitude." Dongfang Xinyue said.

"That's great! In other words, the Heavenly Dragon City already possesses a certain amount of power." Chen Xiang was pleasantly surprised.

"That's because there are many outstanding Alchemists in the Heavenly Dragon City, and with us transferring pills over, we will definitely be very strong." Xue Xianxian laughed.

"I'll go to Heavenly Dragon City right now!" Chen Xiang was already impatient.

Chen Xiang immediately passed through the Transmission array inside the Hundreds of Flowers Village and headed towards there.

After being teleported over, he appeared in the middle of a big hall in Heavenly Dragon City. Usually, Long Shuangru was in charge of contacting the Heavenly Dragon City, so this place was also Long Jiuxiao's residence.

When Chen Xiang arrived, she just happened to see Long Shuangru walking over. She was just about to enter the Transmission array and return.

"Shuang Ru!" Chen Xiang chuckled, and anxiously walked over and caressed her face.

"You're finally here! My dad is free right now." Long Shuangru laughed: "I will go back first, go find him yourself."

"Alright!" When Chen Xiang arrived here, he felt that he was as familiar as ever. Originally, he was going to look for Long Jiuxiao, but he just happened to pass by a large hall.

This man was Zhu Rong!

"Old Zhu is still the same as before, I'll go tease him!" Chen Xiang immediately changed into a new appearance, and entered the hall.

"Zhu Rong, right? You are currently only at the peak of World Defying Stage Legendary Rank, but this is not the highest realm you can reach." Chen Xiang said directly after walking over.

Zhu Rong did not recognise Chen Xiang, and at the same time, Yun Xiaodao happened to come in. Seeing that someone was provoking his sworn enemy, he secretly rejoiced in his heart and walked over, intending to help this person who was provoking Zhu Rong.

### [Chapter 3813](#)

When Zhu Rong saw that someone had come to destroy the scene, he frowned slightly. Seeing Yun Xiaodao giggling by the side, his face was filled with joy, and he suspected that Yun Xiaodao had sent this person.

"To the vast majority of the people, the peak of World Defying Stage Legendary Rank is a peak that is difficult to reach! What did he mean by only being at the peak of World Defying Stage Legendary Rank? You speak lightly, do you know that? Even our Heavenly Dragon City's Long Jiuxiao is only about to reach the World Defying Stage Divine Source, which means, within the Heavenly Dragon City, excluding the City Lord, I'm considered one of the top." Zhu Rong said shamelessly.

"Do you want to have a fight?" Yun Xiaodao immediately refused to accept this.

"Regardless of victory or defeat, if I am not one, then I am two. There is no need to fight." Zhu Rong said indifferently: "Moreover, you have already lost to me in the previous competition."

"Pah! Why didn't you mention last time? Compared to last time, you lost to me the first two times." Yun Xiaodao walked over and mocked.

"A good man doesn't need to mention his past bravery." Zhu Rong smiled slightly: "You have recently lost to me, which means that you are inferior to me at this stage, and it was in the past."

"You might not be the strongest one in the Heavenly Dragon City. Our Heavenly Dragon City is full of experts, and is not even at the top of our rankings. You have to be modest, damn fatty!" Yun Xiaodao coldly snorted.

There were indeed many powerful seniors in the Heavenly Dragon City. Many of the old powerful friends that Chen Xiang had met back then were gathered in Heavenly Dragon City, while Yun Xiaodao and Zhu Rong were merely little devils in the eyes of these seniors.

"Those seniors are highly respected and powerful, so of course I didn't compete with them." Zhu Rong laughed heartily: "Little Yun, you can leave now. Don't disturb my lessons anymore, it won't be a problem if you want to find trouble with me, you can have a fight with me right now."

"You clearly know that I'm injured, but you still want to fight me?" Yun Xiaodao curled his lips.

"That's right, then let's do it again!" "Anyway, you will definitely lose to me." Zhu Rong laughed very carefully, then waved his hand, allowing Yun Xiaodao to withdraw.

Chen Xiang couldn't help but laugh. Zhu Rong and Yun Xiaodao were still as tit for tat as usual.

"What are you laughing at?" Zhu Rong looked at Chen Xiang.

"How about I fight you?" Chen Xiang said.

"Alright, no problem. This way, I can give a few pointers to my disciples on the spot." Zhu Rong's face was full of smiles: "There's a competition here, let's fight there!"

Zhu Rong pointed to an empty area in front.

"Come!" Chen Xiang immediately walked over.

Yun Xiaodao was startled, he did not know where this person who suddenly appeared came from, but to be able to appear here, most of the people must have had their own abilities.

Zhu Rong thought that they were Yun Xiaodao's men, but he did not care because he felt that Chen Xiang's Qi was not very strong.

After entering the martial arena, they would activate an array formation to resist the energy that would burst out during a battle.

At this moment, the surrounding people all opened their eyes wide. Zhu Rong was their teacher, they also wanted to see how strong he was. Battles at Zhu Rong's level were very rare.

"Are you ready? I'll let you make the first move!" Chen Xiang smiled.

"You look so confident." Zhu Rong had already charged over, his palm striking towards Chen Xiang from a distance, setting off a burst of blue brilliance as it enveloped Chen Xiang like a violent storm of lightning.

Chen Xiang's body only trembled, and released a weak burst of divine origin force that circulated within his flesh and blood.

After Zhu Rong's berserk lightning energy struck him, it was all blocked by Chen Xiang's Divine Origin, so he stood there, not moving at all, and successfully received Zhu Rong's attack.

After Zhu Rong's palm strike, he thought that Chen Xiang would be charred black by the electricity, but he was safe and sound, this made him look like he had seen a ghost.

Even Yun Xiaodao was surprised.

Although it was a simple competition, that palm strike of Zhu Rong's earlier was not weak either, and actually did not cause the opponent any damage.

Zhu Rong could not believe his ears. He struck out with another two palms consecutively, and another two rays of blue light with intense lightning arcs charged forward. In the blink of an eye, it covered Chen Xiang's entire body, and crackling sounds could be heard.

And just like before, Chen Xiang stood there without moving at all!

Zhu Rong immediately retreated a few steps, his face full of shock.

"Who the hell are you?" Zhu Rong asked anxiously.

"City Lord of the Ninth Heaven!" Suddenly, someone shouted, Long Jiuxiao is here.

From afar, they saw a burly, middle-aged man walking over. He wore golden armor and his entire body was filled with an oppressive aura of dragons. As he walked over, his might was even greater.

"Chen Xiang, stop messing around!" Long Jiuxiao laughed and shouted.

Zhu Rong and Yun Xiaodao were both stunned for a moment, then looked at Chen Xiang, even more shocked!

Chen Xiang's face slowly changed back to his original handsome appearance.

"Elder Brother Shen!" Yun Xiaodao was surprised and shouted anxiously.

"So it's you. I was just saying, how could there be such a sinister thing?" Zhu Rong laughed and scolded: "You bastard, you actually dare to mess with me like this."

"Isn't it because you are bragging too loudly? Even the Elder Brother Shen can't stand watching you do it anymore." Yun Xiaodao laughed.

"It's been a long time since we've seen each other, and many things have happened. All of you have become very powerful as well. However, there is a feeling of when we first met." Chen Xiang was amazed.

"Yes, many of my old friends left and dispersed." Yun Xiaodao sighed.

"All of you, leave!" Long Jiuxiao said to the disciples.

Those disciples also knew about Chen Xiang's situation, and were only shocked in their hearts. This was because Chen Xiang was a legendary figure in the Heavenly Dragon City.

Soon after, Chen Xiang, Yun Xiaodao and the others arrived at Long Jiuxiao's living room.

"I've finally waited for you to come back." Long Jiuxiao laughed: "You have already cultivated the World Defying Stage Divine Source, right?"

"Bro, you've already cultivated the World Defying Stage Divine Source, and yet you're making fun of me. I've just lost a lot of face." Zhu Rong laughed.

"It's extremely difficult to cultivate World Defying Stage Divine Source. City Lord Jiu Xiao, you seem to have gone into closed door cultivation many times. You stayed in the Time array for a long time but were unable to break through." Yun Xiaodao said.

"Yes!" Long Jiuxiao frowned and nodded.

"I had a breakthrough after consuming pills." Chen Xiang laughed.

"Yeah, it's been so long, I almost forgot that you're a Alchemist!" Yun Xiaodao slapped his thigh and remembered Chen Xiang's most powerful identity.

"I can make the Hundreds of Flowers Village refine this kind of pill, but I need to consume a large amount of the Tao-creation's Holy Crystals! It will probably cost around 150 million each!" Chen Xiang said.

"So many Tao-creation's Holy Crystals!" Zhu Rong was shocked.

"This isn't easy to do." Yun Xiaodao shook his head.

"You should know about the things happening outside the Most Ancient Era, right?" Chen Xiang said.

"I sent many people out, they will look around the vicinity of Heavenly Dragon City, and if they meet any Underworld Humans, I will send out my best to attack them." Long Jiuxiao said: "Other than that, I have also sent over a hundred elite teams to hunt for Underworld Humans. These people are evil, their methods are cruel, and their deaths are not worth lamenting about!"

## [Chapter 3814](#)

This was also the reason why Chen Xiang came here.

"I'm going to tell you about the matters of the Underworld Humans s." Chen Xiang immediately got up from the Underworld Clan, Crystal-creation Race and the recently broken Star-creation Race. He told Long Jiuxiao about this and told him to react.

"Senior Jiu Xiao, if possible, you can personally make a trip to the Medicine God Mountain Villa and look for the Medicine God. You can work together in secret." Chen Xiang said: "And I will think of a way to break Medicine-creation Divine Continent's barrier and seize it."

Medicine-creation Divine Continent was under the control of the Crystal-creation Race, which used the Nine Divine Tree's power to raise a large number of beasts. At the same time, they controlled a few other Creation Race.

From the looks of it, the Crystal-creation Race is already considered to be the ruler of the entire Most Ancient Era!

"Alright, I will make a trip to the Medicine God Mountain Villa. If I succeed, we will establish the Transmission array." Long Jiuxiao said: "Our Heavenly Dragon City s also have an extremely strong dao of pills. When we cooperate with your Medicine God Mountain Villa again, we will definitely be even more powerful."

"En, I will think of a way for you to cultivate the World Defying Stage Divine Source next!" Then, he gave Long Jiuxiao over a dozen Doppelgänger mantra Soul Stones, and told him the use of the Doppelgänger mantra Soul Stone.

Let Long Jiuxiao split these Paternoster soul stone.

"I just want to go to the God of Healing." "It's already C to om region. I'll be back in a while!" Chen Xiang said. He still had something important, and that was to find Long Yue.

"Alright!" nodded. Now, he already knew the specific situation of the Most Ancient Era from Chen Xiang, and he did not know much before, but he never expected it to be so complicated.

At least they were still unable to find out the specific situation of the Medicine-creation Divine Continent.

Chen Xiang returned to the Hundreds of Flowers Village, went to find Lv Qilian, and chatted with her for a while. Then, he returned to look for the Smoke Charming.

"Chen Xiang, you must find Yue Yue. Don't let anything happen to her." Smoke Charming seemed to like it here, because she was able to learn Chen Xiang's pill techniques and knew a lot of things about Chen Xiang.

"Alright, can you help me protect Hundreds of Flowers Village ... Furthermore, if the Heavenly Dragon City is attacked, you have to make your move as well. " Chen Xiang said.

"I know!" Smoke Charming was already very familiar with Su Meiyao and the others. After all, she was a Dan Devil, and her alchemy skills were superb.

"Chen Xiang, I will leave a clone behind!" Xiao Xianglin suddenly came out of You Yao Mountain Villa, revealing one of her clones, "I'll go find Meng Er and the rest. Furthermore, I have a clone here, so I can find out about the situation in time."

Chen Xiang nodded and then went over to Xue Xianxian and the others' side. They saw the white fox and Dongfang Jing doing something and felt extremely happy when they saw Chen Xiang and Xiao Xianglin had arrived.

The White Fox was Xiao Xianglin's disciple. After being with Liu Meng'er and the others for so long, he had become even more proficient in equipment forging.

When Xiao Xianglin saw Xue Xianxian and the others, he immediately took out the disk that the Hell Divine Lord had given her.

"This is a very big project!" Xu Youqing only took a look before letting out a long sigh.

"Hm!" I can't do it alone, I need your help. " Xiao Xianglin nodded, the reason why she left a clone here.

"This also requires a very powerful energy source!" Liu Meng'er frowned.

"In the Most Ancient Era, where can we find such an energy source?" Xue Xianxian let out a long sigh: "Otherwise, it would be hard to maintain the activation of this great formation."

"Medicine-creation Divine Continent!" Chen Xiang said: "So I must get the Medicine-creation Divine Continent back!"

The Medicine-creation Divine Continent's Nine Divine Tree signified an energy source, but these energy sources were hidden in mysterious places, and one would need to use Chuangyuan key to open them.

"It's up to you!" Xiao Xianglin said.

"I will definitely succeed!" After Chen Xiang left the courtyard, he found Xue Ying, this phoenix, and brought her along with him.

Originally, he had planned to look for Long Xueyi, Leng Youlan, and Long Huishan but they had all gone out, so he could only bring Xue Ying along, as she belonged to a divine beast.

After Chen Xiang left the Hundreds of Flowers Village, he headed towards there.

"Through Long Yue's dragon scales, we should be able to find her." Xiao Xianglin said.

At this time, Mei Jing Sisters was telling Xue Ying some things. The reason Chen Xiang brought her was to find, the Beast-creation Race Emperor.

Back then, Chu Jinfeng had awakened a very strong power, as if it had passed through some kind of ceremony in the Beast-creation Race. He remembered that Long Yue had once told him that the phoenix was a relatively rare divine beast, and its hidden strength was very strong.

The First Beast-creation Ancestor himself possessed a certain level of immortal bloodline, so later on, he would become like that. When the First Beast-creation Ancestor was creating beasts, the Phoenix inherited this kind of strong immortal power.

"So the things outside were so complicated. I went out everywhere to kill a group of Underworld Humans. These guys are all very strong." Xue Ying said.

"First, go find Long Yue, and see if she has any way to activate the strongest power in your body. If you succeed, you might not even have a true immortal body, but you might even be able to condense World Defying Stage Divine Source." Chen Xiang said.

"En!" Xue Ying was looking forward to seeing that: "If I had mastered a powerful skill, I would be able to fight alongside you!"

"That's right!" Chen Xiang laughed.

Within the Hundreds of Flowers Village, there were many women who were experts in battle. Most of them had gone out to kill the Underworld Humans, while the likes of Bai Youyou and Bai Ziqian, were all the captains of their own squads.

Chen Xiang rushed straight to the Medicine-creation Divine Continent, and a few days later, he arrived outside the barrier around the Medicine-creation Divine Continent.

"The powerful fellow who personally followed me last time should be the Crystal-creation Race Emperor. I'm here now, and I haven't seen him come out either, right?" After Chen Xiang cultivated the World Defying Stage Divine Source, he was no longer afraid of Golden Fire Arrogant Lord.

"This barrier has strengthened again!" After Xiao Xianglin came out, he said while frowning: "I can break it, but it will take quite some time ... I will go and refine an array disc now. You go look for the First Beast-creation Ancestor first, Long Yue will probably look for him first. "

Xiao Xianglin had already said this before, if she was able to cultivate the World Defying Stage Divine Source, she might be able to break through the strong barrier that was protecting Medicine-creation Divine Continent. At this moment, she had already asked one of her clones to start refining the array disc, while her original body was trying to comprehend the Star Creation Stone.

... ..

The area of the altar that sealed the First Beast-creation Ancestor was a thousand miles, the soil on the ground was pitch black, and it was filled with Evil Qi, and it was completely soaked with black evil blood.

"It's the blood of the Evil beast!" Chen Xiang grabbed a handful of soil and felt it, then he frowned: "Could it be that Long Yue is here to kill Evil beast?"

He rushed to the altar!

The altar had already turned pitch black, and the ground was littered with all sorts of corpses that looked like humans. They were all broken to pieces, and there was even a mountain piled up!

It was formed from the creation of a beast in human form!

After Chen Xiang arrived, she immediately saw Long Yue. She was panting while standing on the head of a huge black tiger, the scales on her body were already tattered and many dragon scales were dropped.

On the altar, next to the First Beast-creation Ancestor, stood a handsome man wearing gorgeous golden armor. He held a spear in his hand, looking majestic and his face filled with pride.

"Long Yue, you should give up your position as the Beast-creation Race Emperor!" The man said coldly.

## [Chapter 3815](#)

"Yang Jinwei, I've already killed the strongest among the Beast-creation Race, what do you want from the Beast-creation Race?" Long Yue wiped the sword in her hand. Although she looked to be in a sorry state, her Qi and blood were vigorous, the aura around her was not weak, proving that she was not injured.

"As long as Medicine-creation Divine Continent and this First Beast-creation Ancestor are here, I will not worry about not having a strong Beast Creation Army." Yang Jinwei laughed, "And now that you are controlling the Beast Creation Pearl, those inferior beasts will only listen to your commands. They definitely have a great grudge against you, leave it to me!"

"On what basis?" Long Yue sneered.

"Because my father is a Golden Fire Arrogant Lord!" Yang Jin laughed and said: "Half of the Most Ancient Era will be our Yang Family's!"

Chen Xiang was secretly shocked, this Yang Jinwei was actually the son of the Golden Fire Arrogant Lord.

The grandson who was injured by him was the son of the man before him.

"Is the Golden Fire Arrogant Lord not here? His grandson has already been crippled, and still dares to let his son come. " Long Yue mocked.

"I will settle this score with Chen Xiang! We'll get him sooner or later, you don't have to worry. " Yang Jinwei laughed sinisterly: "Chen Xiang is now the key to our plan, you were originally saved by her, right? But where is he now?"

"I'm 1111, M." It's here! "

Chen Xiang suddenly appeared below the altar and looked at Yang Jinwei.

Long Yue had thought that it would take Chen Xiang a while to break through, but he never thought that he would actually be able to cultivate the World Defying Stage Divine Source so quickly.

Betrayal's Creation Beast would come here to eat the First Beast-creation Ancestor's meat to strengthen itself, and at the same time, become an even stronger Evil beast. In the future, it would become the main force capable of committing evil, so Long Yue couldn't wait any longer, and directly came over.

Long Yue had two doppelgangers. Even if he were to face the Golden Fire Arrogant Lord now, he would not be as helpless as before.

Yang Jinwei was startled when he saw Chen Xiang. He did not think that Chen Xiang would appear here so soon after he mentioned him, he even suspected that Chen Xiang had come here a long time ago, but he did not show himself.

"Your son was crippled by me. You should be grateful to me for keeping his dog life." Chen Xiang sneered.

After Yang Jinwei heard this, he became furious, and the spear in his hand immediately flew out, shaking the world and setting off a violent storm that flew towards Chen Xiang.

The altar was directly shattered into pieces by the force, Yang Jinwei was already gone, while the First Beast-creation Ancestor was sealed on the altar, he was also affected, but luckily he still had a few pieces left, and in that short period of time, these pieces recovered back to normal.

"I almost got killed." When First Beast-creation Ancestor thought about Chen Xiang's punch just now, he was extremely shocked.

"Let's hurry up and go, the Golden Fire Arrogant Lord is about to arrive. This fellow will not be easy to deal with if he goes crazy, and he might not come with the Crystal-creation Race Emperor." The First Beast-creation Ancestor said quickly as he took out an array disc, and teleported to a valley with Chen Xiang and Long Yue.

Arriving at the valley, Chen Xiang saw a house. A child was seated at the door, and on the other side of the room sat a middle-aged man who was resting with his eyes closed, basking in the sunlight.

"Oldest Tree, Uncle Shi!" Chen Xiang immediately shouted.

The First Beast-creation Ancestor's Transmission array could actually be sent to this place.

"What is this place?" Long Yue asked. She seemed to know the Uncle Shi and the Oldest Tree.

"This is the Spirit Creation Valley!" The Oldest Tree replied.

"Chen Xiang, haha, we finally meet!" The Uncle Shi laughed.

"This ghost really knows how to live. It actually didn't die." Oldest Tree said, "You're still with Old Dragon."

"Aren't you all still alive?" The First Beast-creation Ancestor laughed.

First Beast-creation Ancestor obviously had other intentions for coming here.

"I still have things to take care of. I need to leave this place." said. Even though she had already let go of her hatred towards the First Beast-creation Ancestor, she was still not used to it.

"Little girl, what do you want to say?" Oldest Tree, who looked like a big fart, shouted, which made Long Yue very angry.

"It's important!" Long Yue snorted.

"The son of the Golden Fire Arrogant Lord was killed." First Beast-creation Ancestor said, "Golden Fire Arrogant Lord will definitely go crazy."

"Who killed him?" Uncle Shi asked, but he seemed to already have the answer.

"I accidentally killed him. I thought I would keep him and use him to threaten Golden Fire Arrogant Lord." Chen Xiang really did not expect his Murderous Dragon Killing Fist to be so terrifying. If he had known earlier, he would not have needed to kill three Scarlet Dragons to fuse them.

"So amazing!" The Oldest Tree laughed. Back then, he was the one who passed down the ability to pierce through to Chen Xiang, but the ability to pierce through seemed to no longer have any use.

Chapter 816 - Returning to the Divine State

Oldest Tree and his subordinates were all very strong. Now that First Beast-creation Ancestor was able to come here, it seemed like their relationship was not bad.

"What's the situation outside now?" Oldest Tree said: "We have never left this place and have always been waiting for someone to come here."

"Originally, we were waiting for the Hell Divine Lord. I didn't expect that it would be you." Uncle Shi said.

In Tao-creation Divine Lord's prophecies, it was already determined that only an ancestor like Hell Divine Lord could survive, and whether or not the First Beast-creation Ancestor could, was a variable.

First Beast-creation Ancestor was also not very clear about what was happening outside. He looked at Chen Xiang and Long Yue.

"Let me do it!" Chen Xiang then told the two of them about the danger Most Ancient Era was facing.

"Seems like it's time for us to make a move. Let's go find Hell Divine Lord first." Oldest Tree said: "I'm afraid we can only barely suppress those fellows from Star-creation Race."

"As long as we can deal with them, that is enough." Chen Xiang said: "But the Crystal-creation Race being in control of the Medicine-creation Divine Continent, is what I'm most worried about, I must completely stop them from obtaining the Medicine-creation Divine Continent's power."

"This is a problem... You have nine Chuangyuan key in your hands, you need to enter this place. (iv). Upon entering the Medicine-creation Divine Continent's Divine Tree, there is a passage within each of the Divine Trees, and in the end, all of them will lead to the same place, which is where the energy source of the Most Ancient Era is located. " The Oldest Tree said that he was transformed from a divine tree, so he knew about these things.

"I'll go right now!" Chen Xiang said.

"I'll go with you!" Long Yue said, "There are many beasts in the Medicine-creation Divine Continent, and they should all be used by the Crystal-creation Race to absorb the energy from the Nine Divine Tree. Once I enter, I can make them quickly leave."

"Alright!" Chen Xiang nodded.

Chen Xiang and Long Yue left the valley together, and quickly flew to Medicine-creation Divine Continent on top of the Six Realms mirrors.

"Where's the Smoke Charming? Has she come to the Most Ancient Era with you? " Long Yue said.

"We're here. I'll put her in a place to concoct pills, so you don't have to worry about her." Chen Xiang said: "We will enter the Medicine-creation Divine Continent first, if our strength is insufficient, then we will need the help of the Smoke Charming."

"The enchantment around the Medicine-creation Divine Continent is very strong. I've been there before, so it's hard to break through." Long Yue frowned: "I don't know if Sister Xiao can do anything, she's so amazing, there shouldn't be a problem right?"

"She's refining the array disc. It will be completed soon." Chen Xiang said: "As long as it's not that violent, we can sneak in secretly."

Chen Xiang had already let Xiao Xianglin refine an array disc to break the barrier, so that they could enter with the slightest of movements.

"If that's the case, after I enter, I'll be able to quickly find out what's going on inside through the Creation Beast." Long Yue said: "If the movements are too loud, alerting the people inside will inevitably cause a fight. The people from Crystal-creation Race are not weak, so I have to try my best to avoid fighting with them."

"Also, the Golden Fire Arrogant Lord is definitely inside the Medicine-creation Divine Continent."

If the son of Golden Fire Arrogant Lord was killed, the Golden Fire Arrogant Lord would definitely be furious. Thinking of this, Chen Xiang also became vigilant secretly. After entering the Medicine-creation Divine Continent, there were too many opponents he would have to face.

Chen Xiang and Long Yue arrived outside the Medicine-creation Divine Continent, and upon seeing the situation inside, they discovered that the light emitted by the big tree had dimmed quite a bit.

"Maybe the Tree soul has restrained its energy!" Then, he took out the formation plate Xiao Xianglin had just finished refining. He turned on the formation plate and faced the invisible barrier that enveloped the Medicine-creation Divine Continent.

When the power of the formation plate was released, Chen Xiang and Long Yue could feel a very bizarre and powerful strength that seemed to have already penetrated the barrier.

At the same time, the barrier also faintly trembled, causing "Hu hu" sounds to be heard all over Medicine-creation Divine Continent.

"We've already opened up a path, let's quickly go in." Long Yue shouted, and then anxiously pulled Chen Xiang along as he rushed towards the gap in the barrier.

Not long after they entered, the gap in the barrier closed.

"If the Golden Fire Arrogant Lord was here, would he have noticed us?" Chen Xiang had been followed by the Golden Fire Arrogant Lord and the Crystal-creation Race before.

Now that he had cultivated the World Defying Stage Divine Source, he could hide more auras.

"This is not good. In short, I will be easily discovered by them." Long Yue had already closed his eyes, and wanted to establish a telepathic connection with the Creation Beast inside.

This telepathy allowed her to read the memories of all the beasts, and to see what they saw.

"Many of the Creation Beasts are gnawing on the trunk of the divine tree, digging it down from the top to the bottom like they are digging out ores." Long Yue said: "I have already stopped these beasts. If we continue digging, the divine tree will definitely fall down."

"Can you tell me where Yu Weizhou and Zuo Xingfeng are? I want to find them!" Chen Xiang did not dare to contact Chu Jinfeng right now, as the Golden Fire Arrogant Lord and the Crystal-creation Race

definitely knew of his relationship with him. They had closely monitored Chu Jinfeng, so if he contacted Chu Jinfeng, it was extremely possible that they would harm Chu Jinfeng.

"Found it!" They are all within the Purple fire tree and currently, only the Purple fire tree have not been affected. Yu Weizhou and Zuo Xingfeng had to use a lot of power to make the Crystal-creation Race give out the Purple fire tree for them. " Long Yue said.

"Alright, let's go to the Purple fire tree now." Chen Xiang said.

"I won't be going, I want to control the beast creator to deal with the Crystal-creation Race." After Long Yue closed his eyes, he saw many things, and said, "There are also quite a few people from the Golden Fire Arrogant Lord here, but they are not considered strong, so you don't need to worry about them."

Chen Xiang immediately headed towards the Purple fire tree.

After the Crystal-creation Race took over the Medicine-creation Divine Continent, many people here complained because the Crystal-creation Race and the Golden Fire Arrogant Lord were oppressing them, especially the Alchemist, who were being forced to refine pills.

The pills he refined were made from the flesh and blood of the Creator of the Beast. The Creator gnawed on the Tree God and was able to obtain the strength of the Tree God. As long as he extracted the heart and flesh of the Creator to refine the pill, he could concoct an extremely high quality pill.

"Even if these fellows from the Crystal-creation Race possess a large amount of Tao-creation Divine Crystals, they would still not be able to refine pills that would allow them to break through their bottleneck." Chen Xiang sneered in his heart: "We can only do this kind of thing!"

He quickly arrived at the bottom of the Purple fire tree. Right now, only the environment of the Purple fire tree was better.

Chen Xiang entered the divine tree and immediately took out a leaf. This would lead him to Zuo Xingfeng.

Zuo Xingfeng lived in a place with a relatively higher Purple fire tree. After Chen Xiang flew here, he entered a tree hole and saw Zuo Xingfeng and Yu Weizhou.

"Elder Yu, Elder Zuo!" When Chen Xiang appeared, he could sense their auras even more clearly. This was because they had noticed that someone had suddenly appeared.

Yu Weizhou and Zuo Xingfeng had already cultivated and produced World Defying Stage Divine Source, so it was a very strong force here. Furthermore, it was protected by the divine tree, so Crystal-creation Race and the rest of the Golden Fire Arrogant Lord were very wary of them.

"Chen Xiang!" Yu Weizhou was both excited and surprised to see Chen Xiang.

### [Chapter 3817](#)

They had been waiting for Chen Xiang for a long time, because they had already known from Chu Jinfeng that the Crystal-creation Race was not a good person.

And at this time, the Crystal-creation Race did not hide anything and used his Creation Beast to destroy the Nine Divine Tree crazily!

"Right now, we need to completely break the barrier that shrouded the Medicine-creation Divine Continent." Chen Xiang said: "And then let people escape from this place! A great battle will definitely break out here. "

"You want to do this? Now it's all up to you! " Yu Weizhou knew that Chen Xiang had many methods.

"There should be a strange door within the Purple fire tree that can lead to the source of a secret. I need to enter that place!" Chen Xiang said.

The array disc that Xiao Xianglin had given him was mainly because it didn't provide enough energy, so it could only temporarily open a passage for him and Long Yue to enter.

If he had enough power, he could activate the formation plate and destroy the enchantment and formation that shrouded the Medicine-creation Divine Continent.

"The Tree soul should know about this!" Chen Xiang said: "Quickly, bring me to where the Tree soul are!"

As they rose the Tree soul, Zuo Xingfeng and Yu Weizhou's expressions became extremely ugly.

"The Tree soul has already disappeared ... We don't know why, but even after being sealed for such a long time, the Tree soul still wasn't able to do anything. c ≥ om has completely disappeared. " Zuo Xingfeng said.

"The other trees are the same!" Yu Weizhou's face was full of anger: "It's all because of these beasts from Crystal-creation Race, they've already angered the Tree soul!"

"It's alright, we're heading towards where the Tree soul are." Chen Xiang had come to the secret location of the Tree soul before.

Yu Weizhou and Zuo Xingfeng anxiously brought Chen Xiang there.

After arriving at the stone room, he found that it was completely empty. There should have been a purple colored glowing pearl inside.

When Chen Xiang asked He Fengyuan to come out, she could contact the Purple fire tree.

After He Fengyuan closed his eyes, he said, "The Tree soul is already hiding because he sensed that danger is approaching. He's hiding in the source of energy."

"Where is it?" Zuo Xingfeng asked anxiously.

"It's right under our feet!" He Fengyuan pointed to the ground: "I need Chuangyuan key s to open it!"

"Chen Xiang, you go in, we'll guard outside." Zuo Xingfeng said.

"They are all watching our every move. Now that they have seen us here, they will definitely be suspicious." Yu Weizhou said: "Hurry and break the seal on the Medicine-creation Divine Continent, this way you can let people leave for the time being."

The Medicine-creation Divine Continent was very crowded and there were a lot of people inside, but the divine trees in the other regions were already under the control of the Crystal-creation Race, if there were people fighting with the World Defying Stage Divine Source, it would affect a lot of people, and if there was nowhere to hide, there would be heavy casualties.

Chen Xiang nodded, then let He Fengyuan enter the You Yao Mountain Villa. After taking out the nine handfuls of the Chuangyuan key, Yu Weizhou and Zuo Xingfeng went outside.

Chen Xiang pierced the ground with the nine Chuangyuan key s. Suddenly, the ground flashed with a purple light and he felt like he had fallen into a purple passageway.

After a few blinks of an eye, he arrived at a large space filled with nine different colored flames. In the sky above this large space, there were nine large fireballs of different colors.

"Is this the source of energy for the Nine Divine Tree?" Chen Xiang looked up, then let He Fengyuan out.

"I've contacted the Tree soul, he can enter here and you can control the power here! You only need to hold the Chuangyuan key in your hand and you can draw out the energy inside it as you please. " He Fengyuan said.

Chen Xiang took out the array disc that was used to break the seal, then tightly gripped the nine Chuangyuan key s and pointed at the array disc.

The energy that suddenly poured in was extremely violent, causing the array disc to fiercely tremble for a moment, and then it erupted into a wave of air waves.

The shock wave exploded out, forming a shield that slowly expanded until it covered the entire Medicine-creation Divine Continent!

After the Medicine-creation Divine Continent released a series of violent tremors, the seal which was used to cover the Medicine-creation Divine Continent instantly fell apart.

"It's a success!" Chen Xiang was secretly excited, they were only waiting for the barrier which Xiao Xianglin and the others had refined. If it was successful, inside the Most Ancient Era, those who cultivated the World Defying Stage Divine Source could not use the strongest power, otherwise they would be teleported away as if they were in hell.

Long Yue who was outside sensed that the barrier had been broken, and immediately controlled all the beasts to leave the Medicine-creation Divine Continent!

In the next moment, hundreds of thousands of beasts came rushing out of the rivers like a flood.

Yu Weizhou and Zuo Xingfeng's face were filled with joy!

"What did you do?" The Crystal-creation Race Emperor suddenly appeared outside a hole in the Purple fire tree's tree. Floating in the air, the golden armor on his Divine Tree radiated light.

"We are only untying the shackles of the Medicine-creation Divine Continent." Zuo Xingfeng sneered: "We know very well what you want to do to the Medicine-creation Divine Continent."

Zuo Xingfeng and Yu Weizhou had already cultivated up to the World Defying Stage Divine Source, and after the seal was broken by Chen Xiang, the entire Purple fire tree was immediately illuminated.

"Crystal-creation Race, from today onwards, we will no longer be suppressed by you!" Yu Weizhou shouted coldly, as he threw a punch at the Crystal-creation Race Emperor.

The fist power that had shot out to remove the purple light beam shook the entire Medicine-creation Divine Continent, and like a beam of light, it struck straight into the body of the Crystal-creation Race Emperor, directly penetrating through and leaving a large hole on the body of the Crystal-creation Race Emperor.

Yu Weizhou clenched his fists tightly, feeling the angry power bestowed to him by the Purple fire tree, he was extremely shocked in his heart, This was the power of the divine tree!

"You all ... Why can I borrow the power of the divine tree?! " The Crystal-creation Race Emperor's face was filled with shock, jealousy and fear. This was something he had always desired, and this meant that he could control the power of the Most Ancient Era.

They had always used their creation beasts to convert the power of the divine tree for their own use, but this was far from being as terrifying as the divine tree's direct delivery.

Zuo Xingfeng had already flashed behind the Crystal-creation Race Emperor and struck out with his palm. The purple light exploded and shattered the lower half of the Crystal-creation Race Emperor's body, hitting the Purple fire tree and being absorbed by it.

The Crystal-creation Race Emperor's body was severely injured, and he only had the upper half of his body left. Just as he was about to land, he was grabbed by Zuo Xingfeng and greeted with a series of crazy punches.

"Gold Fire... "Save me!" The Crystal-creation Race Emperor bellowed.

"That guy ran away!" Yu Weizhou looked at the golden light that was fading far away in the sky. "He's returned to the Initial God-creation Realm, but he won't let this go easily. The power of the divine tree in the Medicine-creation Divine Continent has always been something they wanted to control, and now that they have already seen that we can control it, they will definitely think that they can too."

"What about the rest of the Crystal-creation Race?" Zuo Xingfeng said.

"Kill them all!" Yu Weizhou said in a cold voice, "In this period of time, they have done many unscrupulous things. Their deaths are not worthy of regret."

Yu Weizhou looked at the Crystal-creation Race Emperor who was lying inside the tree hole, and said angrily: "Just kill him like that, it's really letting him off too easily!"

### [Chapter 3818](#)

Zuo Xingfeng waved his hand. A purple aura rose from the center of his palm, and then, it pressed down. The explosive purple light whistled into the air, heavily smashing onto the body of the Crystal-creation Race Emperor, pressing it down into a purple mist and then being absorbed by the Purple fire tree.

After Chen Xiang walked out, he frowned: "Did I sense a very strong aura just now? Why did it disappear? "

"That guy is the Crystal-creation Race Emperor, he has already been killed by us." Zuo Xingfeng laughed loudly. "You're late."

"You guys are so fast!" Seeing that Zuo Xingfeng and Zuo Xingfeng had such powerful strength, he was secretly happy in his heart.

"Chen Xiang, leave the things here to us!" Yu Weizhou said: "There's no need for you to worry, come back after a while, I promise that things will definitely get better here."

"Then I am relieved." Chen Xiang nodded and smiled.

"Even if the Golden Fire Arrogant Lord comes back, we are not afraid of him. We will no longer seal them in our Medicine-creation Divine Continent." Zuo Xingfeng said.

Even if they relied on the power of the divine tree, it would still be difficult for them to resist the Crystal-creation Race and the Golden Fire Arrogant Lord. But now that they had cultivated the World Defying Stage Divine Source, they could obtain even more powerful energy from the divine tree.

Chen Xiang went to look for Long Yue, who was also newly in control of the Beast-creation Race.

"The situation in Most Ancient Era should be more or less stable by now. Hell Divine Lord is leading the Demon Hunt Squad to deal with the Hell Race, while the others are going to deal with the few Star-creation Race s." Long Yue said.

"No, Golden Fire Arrogant Lord will definitely return!" Chen Xiang said: "Before that, I must protect Medicine-creation Divine Continent well."

"There must be a lot of Hell Clan. I'll go and reinforce the Hell Divine Lord!" Long Yue said. After all, she was in control of a large group of beasts and this was a force to be reckoned with.

"Alright!" Chen Xiang nodded, and he returned to the valley.

There was only First Beast-creation Ancestor here in the valley. Although he had an indestructible body, his strength was far inferior to Oldest Tree and Uncle Shi.

"In less than ten days, the matter with the Medicine-creation Divine Continent was solved?" The First Beast-creation Ancestor laughed.

"En!" Chen Xiang smiled and sat on a stone bench: "You were saved by me, according to the agreement ... You should teach me the power of the indestructible body. "

After that, Chen Xiang called Xue Ying out.

"Phoenix? She already has an indestructible body, but she hasn't completely awakened that kind of power! " First Beast-creation Ancestor said as he waved his hand, releasing a ball of fiery red light that floated into Xue Ying's forehead and into his body.

Xue Ying was suddenly enveloped by flames.

"Just wait a while!" First Beast-creation Ancestor said, "Even though she looked like she was being burned by a strong flame, she will be fine."

Chen Xiang originally wanted Long Yue to help, but Long Yue said that he did not have enough power, so he came to First Beast-creation Ancestor right now.

"What about me?" Chen Xiang said while grinning.

"You can't be left out!" The First Beast-creation Ancestor laughed and said, "Give me your hand, I'll check."

After Chen Xiang reached out his hand, the First Beast-creation Ancestor grabbed onto his wrist and quickly sensed that there was an extremely terrifying power in his body.

"It should be the power of that dragon." The First Beast-creation Ancestor said with a frown.

Chen Xiang immediately released his attack on Scarlet Dragon!

"This dragon is far more powerful than I expected. It is truly a miracle that you are able to control it." First Beast-creation Ancestor looked at the small Scarlet Dragon and sighed.

Killing Crimson Dragons was also the strongest portion of power on Chen Xiang's body right now. After being separated into two parts by the Doppelgänger mantra and then merged into one, it would become even more frightening.

First Beast-creation Ancestor congealed into a black crystal.

"Let your dragon eat it!" Just as First Beast-creation Ancestor finished speaking, the Scarlet Dragon came over and swallowed it.

"Alright then ... He lost control just now! " Chen Xiang laughed bitterly: "Sometimes I really can't control it!"

"It's a good thing that you only want to eat. If you can't control the brutal side, you have to make a prompt decision ..." The First Beast-creation Ancestor said.

"I understand!" Chen Xiang nodded.

"Initial God-creation Realm and those fellows always want to cultivate an indestructible body, but they were never able to cultivate a strong life World Defying beast, and I can only teach them to beasts." The First Beast-creation Ancestor said, "After your body is severely injured, all you need to do is for this dragon to release its power."

"I just want to give it a try right now... Do I really have an indestructible body like you? " Chen Xiang asked.

"Of course, but it's best not to try. It's not a good feeling!" The First Beast-creation Ancestor laughed bitterly, he had kept this kind of torture to himself for many years.

There were many strong fellows in the Initial God-creation Realm who were able to cultivate World Defying Stage Divine Source, but none of them were able to torture him to death.

"Senior, how do we enter the Initial God-creation Realm using Chuangyuan key?" Chen Xiang asked.

"You want to go to Initial God-creation Realm?" First Beast-creation Ancestor asked.

"In the future, I will open a barrier, and at that time, it will be like hell for those who can cultivate World Defying Stage Divine Source, and I also have to go to Initial God-creation Realm, and eliminate all those who want to destroy Most Ancient Era." Chen Xiang said.

"If you go to the Initial God-creation Realm first, you only need to use your heart to make the Chuangyuan key sense your strong desire to go to the Initial God-creation Realm, and you will be able to go." The First Beast-creation Ancestor said: "Of course, you better not be anxious right now, wait for your barrier to be completed before talking about this again. Otherwise, if you get chased here from Initial God-creation Realm, then they will chase you here.

"Alright!" Chen Xiang nodded: "I wonder if they can deal with the fellows from Star-creation Race?"

"Don't worry, Uncle Shi and Oldest Tree were born just to deal with Star-creation Race. Back then, Star-creation Race and the rest were already very strong, but we ancestors couldn't do anything about them." The First Beast-creation Ancestor said.

"Could it be that it was them who had sealed the Star-creation Race back then?" Chen Xiang said.

"They were the ones who defeated Star-creation Race. However, at that time, their strength was not enough to kill him, so he could only seal them in hell." First Beast-creation Ancestor recalled the past: "And I should also have died ... Then I killed. "After killing Xiao Yue's mother, I obtained her power by accident, so I had an indestructible body. I have never told anyone about this secret."

"Thus, everyone is only guessing at why I possess the Immortal Body."

"Sister Yue, must her mother really die?" Chen Xiang asked.

"Yes, she even wanted to kill Xiao Yue to threaten me, and wanted to control my Beast-creation Race!" First Beast-creation Ancestor sighed, "I saw that she was hopeless, so I decided to kill her!"

"Does Sister Yue know about this?" Chen Xiang asked again.

"She doesn't know. But she gradually learned. " First Beast-creation Ancestor let out a long sigh, "It seems that she no longer hates me."

### [Chapter 3819](#)

Although Long Yue no longer hated First Beast-creation Ancestor, he still had a strange feeling towards him. Chen Xiang could feel that he would gradually recover better in the future. →,

"Golden Fire Arrogant Lord will come back soon. It's best if your barrier is completed quickly, otherwise, once they arrive, they will definitely attack Medicine-creation Divine Continent." First Beast-creation Ancestor looked up at the sky: "Our ancestors' powers were restricted, it was difficult for us to increase them, that's all! Whether you can protect Most Ancient Era will depend on you juniors. "

"The enchantment should be ready soon. Once I can successfully lay it down, I will head to the Initial God-creation Realm! Completely eliminate those fellows above who have been wanting to destroy the Most Ancient Era. " Chen Xiang said.

"The people in the Initial God-creation Realm today are the descendants of all the ancestors. They had always thought that the entire Most Ancient Era belonged to them, so when the Most Ancient Era was being destroyed, they didn't have any scruples." Back then, the reason we created the Most Ancient Era was to create a colorful world. "

"Then who created you ancestors?" Chen Xiang asked.

"Naturally." The First Beast-creation Ancestor continued, "We were also confused about where we came from, who created us, and we spent a long time searching for the answer. In the end, we came up empty-handed, and because we felt lonely, we created the Most Ancient Era. In the end, only the Tao-creation Divine Lord and the Hell Divine Lord remained unchanged. "

"At this time, your strength is already very strong. Furthermore, you have obtained my inheritance and have an Immortal Body. If you go to the Initial God-creation Realm, you will definitely be able to look down on everything." First Beast-creation Ancestor asked, "What do you plan to do?"

"I do not understand Initial God-creation Realm, I only know that Golden Fire Arrogant Lord must be eliminated." Chen Xiang said: "What I want to do next will depend on the situation."

First Beast-creation Ancestor nodded.

"Senior, I'll take my leave first." Chen Xiang wanted to return to the Hundreds of Flowers Village. Xiao Xianglin said that the array disc was almost done refining.

"Goodbye!" First Beast-creation Ancestor bid farewell to Chen Xiang with a smile.

When Chen Xiang returned to the Hundreds of Flowers Village, they had already created an array disc!

"It's pretty fast!" Chen Xiang laughed.

"It's not too hard!" Xiao Xianglin laughed: "Actually, the main reason is because I obtained the inheritance of the Star Creation Soul Stone!"

"What's the inheritance of the Star Creation Stone?" Chen Xiang was secretly curious, that was something that Long Yue and Smoke Charming would risk their lives to obtain.

"It allows one to quickly comprehend all kinds of incantations ..." I believe that it is the memory of the Founder, formed using the incantation. " Xiao Xianglin said.

"Where is the rock Sister Yue gave you?" Isn't that the incantation of the world above? " Chen Xiang asked.

"I'm about to grasp it. That seems to be the incantation for condensing the Star Creation Stone." Xiao Xianglin said: "It might be beneficial to you in refining the pills!"

Chen Xiang held onto the array disc, and went to the center of the Medicine-creation Divine Continent, where the sky above the Medicine-creation Divine Continent was currently enveloped by a golden cloud.

He raised his head to look, and saw Golden Fire Arrogant Lord standing on top of a giant golden bird, bringing along countless of golden-armoured men.

Yu Weizhou and Zuo Xingfeng had already flown up with their people, but Chen Xiang swiftly entered the Purple fire tree s, passed through a passage, and entered the Primordial Divine Origin Dimension.

He quickly placed the array disc at the center of the Divine Origin space, and then activated the array disc, activating the mystical energy inside it. In a few seconds, it spread throughout the entire Most Ancient Era!

"Is this considered a success?" Chen Xiang was not sure, when he came outside, he could sense that the great formation of the Medicine-creation Divine Continent was about to be broken. This time, the Golden Fire Arrogant Lord had brought over ten experts who had managed to cultivate World Defying Stage Divine Source, and the people who attacked the formation were only people who had developed Divine Qi.

Chen Xiang released a clone, and asked the clone to use the power of the divine origin. The moment the power of the divine origin surged out of the body, it was immediately teleported away by a strong force of spatial energy.

"It's a success!" Chen Xiang rejoiced inwardly, and then flew up high.

Golden Fire Arrogant Lord saw Chen Xiang and was immediately enraged. "Chen Xiang is right here! Let's attack together and break the barrier!"

Yu Weizhou and Zuo Xingfeng were shocked, but they noticed that Chen Xiang had an extremely calm expression.

"The Spirit Formation has been successfully laid. There is no need to be afraid of them." Chen Xiang laughed.

Just as Golden Fire Arrogant Lord and more than ten other elders attacked, they suddenly disappeared!

When the people from Golden Fire Arrogant Lord saw this, they were all very surprised!

"It's the Law of Hell!" An elder shouted in shock, "The Law of Hell has appeared in the Most Ancient Era ... But that's impossible! "

"What's impossible?" Chen Xiang laughed out loud, "You bunch of dogs from the Golden Fire Arrogant Lord, it's already too late for you to run."

A large group of gigantic bird beasts flew over from afar, howling as they flew, it was the beast creation that Long Yue controlled!

Yu Weizhou and Zuo Xingfeng heaved a sigh of relief, because Chen Xiang had successfully laid out the laws of hell. Anyone who could cultivate World Defying Stage Divine Source would be teleported away by the powerful Time and space power whenever they used their powers to fight.

"Looks like we can only concoct pills in the future." Zuo Xingfeng laughed: "That's good too!"

Countless birds beasts rushed over, causing the army brought by Golden Fire Arrogant Lord to scatter. However, some of the stronger people still brought some people and ran away.

Golden Fire Arrogant Lord and the rest of the ten plus people were all teleported to different parts of the Most Ancient Era and would not be able to return for a while. In the future, they would not be able to commit any evil deeds here.

In just half an hour, all the golden mist in the sky above Medicine-creation Divine Continent dissipated, and all the troops brought by Golden Fire Arrogant Lord retreated. Without the Golden Fire Arrogant Lord and the rest, it would be extremely difficult for them to deal with the innumerable birds and beasts.

"Golden Fire Arrogant Lord and the rest should have returned to Initial God-creation Realm as well! They will definitely think of ways to come back. " Chen Xiang said.

Yu Weizhou and Zuo Xingfeng both understood what Chen Xiang meant. Chen Xiang was going to the Initial God-creation Realm!

"Before, Golden Fire Arrogant Lord ran over, but now, it's me who is looking for him." Chen Xiang laughed and then held the Chuangyuan key tightly. He didn't want to think about going to the Initial God-creation Realm.

Then, the space around him started to distort and distort, while Chen Xiang's body was slowly engulfed by the distorted space!

In a flash before his eyes, Chen Xiang arrived at a place that was surrounded by volcanoes. Furthermore, the sky was covered by a large amount of ash that flickered with astonishing lightning.

"Is this the Initial God-creation Realm?" After Chen Xiang arrived, he felt that it was inconceivable, because this place was like a land of death, and just like the Initial Evil-creation Realm, it was far inferior to the Initial Thunder-creation Realm!

"That should be it!" Looks like they were exiled here by the Tao-creation Divine Lord. " Xiao Xianglin laughed: "Logically speaking, they shouldn't be able to return to the Most Ancient Era!"

## [Chapter 3820](#)

"Aren't there nine hegemons here?" Chen Xiang flew into the air, and it was the same everywhere he went. He then rode his Six Realms mirrors and flew quickly.

"We don't know anything about the Initial God-creation Realm!" Xiao Xianglin said: "This place is definitely not where we imagined it to be!"

Chen Xiang had thought that the Initial God-creation Realm was a very beautiful place, but he didn't expect it to be like this.

After flying above the Initial God-creation Realm for a period of time, he saw many traces of intense battles that destroyed the earth.

"It seems that they were not at all at ease here!" Aside from the Golden Fire Arrogant Lord, there are also other hegemons here. They must have fought quite a lot here. "

After Chen Xiang flew for a while, he sensed other auras.

"Could it be that the battle here just happened?" Chen Xiang stopped.

"It should have happened recently." Xiao Xianglin said: "Then you have to be careful, maybe an Overlord level person!"

Just as Xiao Xianglin finished speaking, a strong burst of killing intent approached him. Just as Chen Xiang reacted, his body was struck by the berserk Thunder power.

The attack came from high up in the sky, but when Chen Xiang got hit by the power, he landed heavily on the ground!

"It's the Star-creation Race!" was extremely shocked. Earlier, the Oldest Tree and the Uncle Shi had already gone to deal with the Star-creation Race, but now they appeared here!

"How did they get here?"

Although Chen Xiang's body was severely injured, he was indestructible and quickly recovered.

"He's here!" Chen Xiang immediately dodged to the side, only to see a mass of air, condensed from the berserk Thunder power explode down, hitting the ground and ripping a piece of the ground open.

Chen Xiang immediately released his doppelgänger. After borrowing the doppelgänger's power, he jumped up fiercely and rushed towards the Starlord who was hiding high above in the thick clouds.

The moment he climbed up, the thick clouds above him exploded into a dense electric net. He crashed into the electric net and was struck by the powerful lightning. He roared, the power of killing the scarlet dragon gushed out, forcing the lightning out, then blasting apart the thick clouds in the sky.

"This Star Creator shouldn't be like the ones we met before." Xiao Xianglin said: "Very scary, you must be careful!"

After cultivating World Defying Stage Divine Source, World Defying Stage Divine Source was also divided into strong and weak, and Chen Xiang had met this star creator, whose World Defying Stage Divine Source was also the strongest!

After Chen Xiang shattered the thick clouds, a whizzing sound could be heard. It was as if the heaven and earth was filled with countless lightning bolts, and everything within a million miles was covered in lightning.

The berserk lightning of all colors, was like a sudden rain, and the vast majority of them charged towards Chen Xiang!

Chen Xiang took out his Six Realms mirrors and blocked all of the lightning bolts.

"You must be from Most Ancient Era! You can come here, could it be that you have control of the Initial God-creation Realm? Great, as long as I obtain the Initial God-creation Realm, I can leave this place, haha ... " A fiendish laugh came from the sky.

"Who are you?" Chen Xiang fought with all his might against the lightning, but this man's strength far surpassed that of the Golden Fire Arrogant Lord.

"If Initial God-creation Realm is me, then I am Initial God-creation Realm!" That person laughed loudly. "The overlords above here were all killed by me just now. They have already become a part of me!"

The Initial God-creation Realm had actually turned into a human? Chen Xiang was shocked! In other words, he was in this person's body!

"Have you just transformed into a human? Why is there the aura of the Star-creation Race in your body?" Chen Xiang was thinking of a way, but at this moment, he could not see where this Domain Demon was located.

"Star-creation Race? They were created by me!" "The Initial God-creation Realm gave birth to the Tao-creation Divine Lord and the others, but they sealed me!"

"I've waited for so many years, and finally you've come!"

Chen Xiang could not help but curse inwardly. He had originally thought that he would come here to eliminate Golden Fire Arrogant Lord and the others, but he did not expect that he would fall into this fellow's trap.

"Chen Xiang, use the Arcane Art!" Xiao Xianglin suddenly shouted, "I have already eaten that piece of rock. Two levels of Paternoster soul stone, after you eat it, I will know how to use it!"

Chen Xiang immediately took a Paternoster soul stone from Xiao Xianglin's body. After eating it, complicated information about the Arrogant Curse poured into his mind.

He did not know how to use the Arcane Art, but he wanted to use it to its full potential.

Countless bolts of lightning turned into electric serpents and charged forward crazily. However, Chen Xiang's body suddenly shook as a gold-red mist appeared.

The red-gold gas turned into lines of killing red dragons. After condensing into the incantation, it turned into a black vortex. Surrounding the vortex were three killing red dragons!

The vortex erupted with a powerful devouring force. The lightning that came from all directions was completely absorbed by the vortex!

"Heavenly Alchemy!" Chen Xiang immediately used the strange pill refining techniques that he had not used for many years, allowing the whirlpool to engulf everything in its path.

The Domain Demons were the Initial God-creation Realm s. As long as they could devour and refine everything here, it would be equivalent to killing the Domain Demons!

Chen Xiang stood under the whirlpool and was not affected at all. The Domain Demon also realized the threat of the whirlpool and started to attack crazily, absorbing all the energy that came out!

As long as he attacked Chen Xiang, the lightning would be devoured by the whirlpool the moment it got near!

"I will refine you!" Chen Xiang roared out loud, condensing a gigantic Magic method furnace. After enveloping the gigantic black vortex in the sky, he activated the Heavenly Alchemy, speeding up his devouring process.

"How did you do it?" "That's impossible!" The domain demons couldn't believe it. They roared loudly.

The broken ground continued to shake, and a large amount of rock and soil floated up, surging towards the Magic method furnace's whirlpool.

In a short moment, the entire place was covered in darkness, the Magic method furnace shone with a red light, and the entire Initial God-creation Realm was engulfed. Such a terrifying devouring force made Chen Xiang feel extremely terrified.

"Is it over?" Chen Xiang frowned: "Alright, since it has become like this, I will continue to refine!"

Initial God-creation Realm was condensed into a large ball of red light mist, and he was going to condense this large ball of golden energy mist into a pill!

"Master, help me!" Chen Xiang shouted.

"Alright!" Xiao Xianglin immediately gave Chen Xiang a huge amount of pressure. Using the incantations she controlled and all sorts of seals, she was pulled back by the trembling ball of red light.

"It's very difficult!" Xiao Xianglin shouted. The energy was too vast, it was hard to compress.

"I must succeed!" Chen Xiang frowned: "Only in this way will we be able to kill that guy!"

Xiao Xianglin and Chen Xiang combined their power and slowly shrunk that gigantic ball of red light mist!

Like this, 10,000 years passed. The light fog had shrunk by quite a bit, but to condense it into a pill, it would still take a much longer time!

20,000 years. 30,000 years. 50,000 years. 100,000 years ....

A million years had passed. Chen Xiang and Xiao Xianglin sighed in relief as they looked at the slowly falling golden pellet.

"Do you want to eat it?" Xiao Xianglin was a little excited.

Chen Xiang caught the golden pellet in his hand, but he could feel the pellet trembling violently!

"What happens if I eat it?" Chen Xiang frowned, and used all his strength to hold onto the pill: "I feel like I can't hold it back any longer! He's going to explode! "

"If you eat it, you will become a new world, a perfect world!" Suddenly, a voice came out, Chen Xiang and Xiao Xianglin looked towards the direction of the voice, only to see a kind old man with white hair smiling at them.

"Tao-creation Divine Lord!" Chen Xiang shouted in shock: "Didn't you die?"

"To me, death is just another state of existence." Tao-creation Divine Lord smiled slightly: "I have already transcended life and death, life and death are all the same to me."

"What if I consume this pill?" What will happen? " Chen Xiang asked.

"As I said, you will become a world!" Tao-creation Divine Lord laughed: "You will forever experience the wonders of that world!"

"What about me?" Chen Xiang asked again.

"You will not exist! But so what? You have grasped super strong power and are eternal. There is no meaning for you to live anymore, you should create a new era! " The Tao-creation Divine Lord said.

"I won't eat!" Chen Xiang said.

"Why?" Tao-creation Divine Lord was puzzled: "This is a very rare opportunity, and one that I have always been pursuing, I did not succeed in creating the era of the Myriad Tao!"

Xiao Xianglin nodded at Chen Xiang: "Because we need him!"

"You don't need him anymore! He had already arranged everything in the Most Ancient Era. The Most Ancient Era would develop in an orderly manner and would not be threatened with destruction anymore! If he is not in Most Ancient Era, you all will be able to live a good life. Furthermore, you all are already considered the strongest existences in Most Ancient Era. " The Tao-creation Divine Lord said, "I am clear about the matters of the Most Ancient Era!"

"Chen Xiang, do you think so? Your friends, your relatives no longer need you. They no longer need your powerful strength to protect them.

It makes sense because they are the ones who have me. Perhaps they no longer need my powerful strength, but if I lose this power, they will not abandon me. This is our relationship. After Chen Xiang finished speaking, he threw the pellet in his hand towards Tao-creation Divine Lord. "Thank you for creating the Most Ancient Era, for creating the era of the Myriad Tao, for allowing me to have a brilliant life, and allowing me to become a good friend of all kinds!"

"I'll give you this perfect new era as a token of my gratitude!"

Tao-creation Divine Lord received the pellet and laughed loudly: "Good! For someone like you to appear in the era of my creation, it should be considered a perfect era! "

"I don't want this pill, I've already obtained what I was chasing!" Tao-creation Divine Lord threw the pill in his hand far away: "Let him grow on his own, and become a perfect era. Only when he grows to perfection will he truly be perfect!"

"That's right, Most Ancient Era has grown!" Chen Xiang said, and the surroundings gradually lit up.

Tao-creation Divine Lord's figure slowly blurred, his smile was filled with satisfaction: "I'm going to explore the new Arrogant Century, I hope to meet you there!"

Xiao Xianglin and Chen Xiang appeared in Medicine-creation Divine Continent!

"Chen Xiang? You came back in ten days? " Yu Weizhou asked in surprise.

"What? Only ten days?" Chen Xiang was very surprised, and then she looked at Xiao Xianglin.

"It could be that everything in the Initial God-creation Realm was engulfed, including time, so time is prohibited there!" Xiao Xianglin said in surprise. They took millions of years to refine that pellet.

Yet Yu Weizhou did not know what they were talking about!

Chen Xiang smiled at Xiao Xianglin: "Come, let's go back!"

... ..

After that pellet was thrown out by the Tao-creation Divine Lord, it was swallowed by a Scarlet Dragon and then exploded ... A new era was born!

The prideful century would bring the winds and clouds to bear once again!
