

Dan God 481

Chapter 481 Death Storm

The crowd stood on top of a tall hill. What surprised them was that the spatial crack behind them had disappeared, which meant that they were temporarily trapped within the White Tiger Profound Realm, and they must wait for two months until the big whirlpool opened again to get out of there!

Of course, Chen Xiang had already marked a target point on the Luotian Door. With his current strength, it would be very easy for him to escape from the Profound Realm.

"Where should we go? This Profound Realm is really big. It's the biggest Profound Realm I've ever seen." Lan Shan said with excitement. The killing intent and death aura were both heavy here, as well as the Spirit Qi, which was much denser than that in any Profound Realm he ever had seen before, which meant there must be a lot of treasures in it.

There were over a hundred people here, and they could be divided into several groups. Just as everyone began to search for groups, a gentle breeze suddenly blew out.

"Be careful, it is the Tyrannical Devil Storm!" Long Xueyi suddenly shouted.

The Tyrannical Devil Storm! Chen Xiang heard that from Bai Youyou before. It was a natural phenomenon that frequently appeared in the Devil World. It was formed usually at a place where killing intent, death aura, and Spirit Qi were very dense. When these three different kinds of intangible energies merged together, it would create a terrifying Tyrannical Devil Wind.

Chen Xiang also read about it in books. However, in the mortal world, it was known as the Death Storm. It was a type of strong wind that carried a sharp saber-like astral wind, and wherever it went, any architectures would be razed to the ground. Any places that it blew out would lose all vitalities and shew a scene of death.

"The Death Storm is coming!" Chen Xiang shouted out loud. Although the majority of the people here belonged to the Holy Light Sect, there were also some magnets from other seas and the Chenwu Continent.

All of them were stunned as they heard the word "Death Storm". They immediately looked around, only to see that in the distance around them, clumps of black gas suddenly appeared. The black gas bared its fangs and brandished its claws, as if it was a demon, forming a huge black tornado that connected the heaven and earth. Waves of thick, black clouds also immediately covered the sky.

Endless killing intent and death aura dispersed in the sky, like a curtain of death that came crashing down, causing everyone to be breathless!

"Junior master ..." Gu Dongchen yelled and was about to extend his hand to grab Chen Xiang, but he was a step too slow. Everyone was pulled by an invisible force and dispersed. They were all sucked away by a strong suction force and swept into the huge tornado in all directions.

Chen Xiang hurriedly urged the wind attribute energy in his body to fuse him with the violent and strong air current. This way, he would be able to barely control his body.

In just a few blinks of an eye, more than a hundred strong practitioners of the Nirvana Realm had been sucked away to somewhere unknown. More and more huge black tornadoes appeared around them. Promptly, all the beautiful mountains and trees were sucked into the terrifying tornado.

The entire place had become a sea of death tornado. At a glance, one could see that these tornadoes were like giant pillars that connected the heavens and the earth!

“This is really a Tyrannical Devil Storm!” Currently, only Chen Xiang was not sucked into the tornado. However, it was difficult for him to escape from the powerful suction force. His body could not help but float in a certain direction.

恐怖的罡风如同利刀一般，沈翔如果没有玄武金刚甲的话，恐怕早就被那无数把罡风化成的利刀割成碎片。

The terrifying astral wind was like a sharp blade. If Chen Xiang didn't have the Black Tortoise Armament Armor, he would have been cut into pieces by the countless blades formed from the astral winds.

Chen Xiang did not withstand for a long time before he was sucked in by the huge tornado with thousands of feet of width. His body was protected by the Black Tornado Armament Armor, so he did not suffer any damage. However, these winds contained all sorts of tyrannical consciousness, just like the howls of ghosts and wolves, wanting to drill into Chen Xiang consciousness and devour his soul.

Now Chen Xiang knows why the person who came out would go crazy. After suffering such a mental attack, the person's consciousness would be devoured and he would inevitably turn crazy!

Fortunately, Chen Xiang was cultivating the divine path, therefore his divine sense was abnormally strong, no to mention that he possessed magic force that was times stronger than the divine sense. He did not know how long it would take for the storm to stop, so he could only circulate the Nine Revolving Dragon Divine Technique to absorb the tyrannical spiritual energy from the tornado. Although the energy was extremely violent and filled with evil consciousness, it turned into a very pure spiritual energy being refined by Chen Xiang through Nine Revolving Dragon Divine Technique.

That was also what Long Xueyi told him to do. This way, he could take the opportunity to cultivate the Divine Path, because right now, he had many spiritual powers ready for him to absorb.

The storm lasted for three days. Countless giant death tornadoes whirled crazily as they moved quickly, leading the people to different places. When the tornado collapsed, there was a strong explosion of air, causing everything inside to gush out in all directions.

Originally, Chen Xiang had discovered that there were several Nirvana Realm practitioners in the same tornado as him. However, after that explosion, they were split up even further away.

Chen Xiang was blown into a forest. Recalling how he was instantly thrown to this place by the power of the Qi earlier, he could not help being emotional, “Is this the power of nature? Humans are truly unable to contend against it!”

It was already very fortunate that he could survive. Now, Chen Xiang had to find Liu Menger and Gu Dongchen first. All the people was scattered, and if Chen Xiang met Qin Zejun, Xiao Ziliang, or those people from the Fire God Shrine, he would definitely be killed.

“Damned, this White Tiger Profound Realm is too terrifying!” Chen Xiang cursed as he took out a talisman that Liu Menger gave him.

这是传讯灵符，只能用一次，如果因为距离太远而无法传讯的话，就是浪费了，而现在沈翔只有一张了。

This was a Communication Spirit Talisman. It could only be used once, while if Chen Xiang couldn't send a message due to excessive distance, then it would be a waste. Now, he had only one of it.

“I hope Sister Menger is nearby!” Chen Xiang activated the talisman, which then ignited into flames. At the same time, he infilled his message into the talisman and delivered it out.

In a desolate mountain full of tall hills, Liu Menger was standing on top of a hill. Suddenly, one of her talismans started to move. She took it out her, then the talisman bursted out with flames. She received the message from Chen Xiang, and at the same time, she also knew which direction the message came from.

Knowing that Chen Xiang was fine, Liu Menger felt relieved. She let out a sigh of relief and flew off in a certain direction.

Chen Xiang waited at the same spot for more than six hours before he sensed Liu Menger's aura. They hastily leaped into the air and landed on Liu Menger's Jade Lotus Frisbee.

“Little rascal, I'm so worried for you!” As Liu Menger saw that Chen Xiang was safe, she hurriedly rushed over and hugged him tightly.

Chen Xiang kissed her forehead and laughed, “How could I die so easily!”

Liu Menger let the Jade Lotus Frisbee descend into the forest. Chen Xiang looked around with a mischievous smile on his face. He licked his lips and laughed, “Sister Menger, right now, there are only two of us!”

Without the presence as an empress, Liu Menger coquettishly pouted. Her face was slightly reddish as she gently closed her eyes and started kissing with Chen Xiang.

At this moment, Gu Dongchen was in a swamp shrouded in black fogs. While enduring the stench that made him want to puke, he yelled, “junior masterwhere are you? Junior master...”

If Gu Dongchen knew that his “Junior Master” was hugging and kissing a pretty girl and enjoying the tender and flirtatious grace of an empress, he would definitely be angered to the point of vomiting bile.
~

Chapter 482 A Land with Ice and Snow

Chen Xiang greedily sucked the fragrant saliva in Liu Menger's mouth and intertwined with her soft tongue. One of his hands un-obediently moved onto Liu Menger's breast and gently kneaded the round the firm “white rabbit” through her thin white clothes.

Liu Menger felt her sensitive part being pinched by Chen Xiang, which made her tremble. Meanwhile, Chen Xiang's other hand was hugging her tightly, preventing her from escaping.

At first, Liu Menger struggled a little bit, but when she thought about how her relationship with Chen Xiang had already developed to this point, not to mention that Chen Xiang had seen her pair of beautiful “rabbits” before, she knew that Chen Xiang was enchanted by her proud breasts.

She sighed in her heart and continued kissing Chen Xiang. At the same time, she let out an extremely weak moan.

This made Chen Xiang unable to control himself. Some part of his body had grown up, and his hand was unrestrainedly kneading the huge, soft “rabbits” and kneaded it into various shapes. Occasionally, he would even knead that small tits. The wonderful feeling made him satisfied inside. He would like to keep knead those tits for a life time.

Liu Menger felt that Chen Xiang’s body was getting hotter and hotter, and his force became increasingly larger. She knew that Chen Xiang was highly turned on at the moment, while she was worried that they would go overboard if they continued. She was not ready for that kind of things yet.

“Rascal, it hurts!” Liu Menger let out a soft snort and lightly patted Chen Xiang’s naughty hand.

Although Chen Xiang touched her body through her clothes, Liu Menger still felt very shy. She lowered her head, with her face suffusing with an intoxicating red glow. She lightly said, “Hmph, I allowed you to touch me while you made me feel so much pain. You really don’t know how to cherish a girl!”

Chen Xiang held Liu Menger in his arms and took a few deep breaths, He suppressed the evil fire in his mind. He also knew that they shouldn’t go overboard, and he wanted Liu Menger to follow him properly and not secretly give him her body. He felt that it would let her down.

“Sister Menger, I’m sorry! I can’t control it for the time being.” Chen Xiang laughed as he apologized.

“You must have had enough.” Liu Menger snorted lightly as she laid in Chen Xiang’s embrace, feeling the strong manly aura from his body.

“Not really.” Chen Xiang answered in honesty. He felt that it would never be enough for him to stroke her body.

Liu Menger pinched Chen Xiang’s pectorals with force. “You little rascal, you really make me to worry about you. It’s great now, since you’ve offended the Fire God Shrine!”

Chen Xiang stroked Liu Menger’s beautiful hair as he asked, “Did Gu Dongchen ask you back to tell him about the Fire God Shrine?”

Liu Menger nodded. “He summoned all the powerful magnets in the Chenwu Continent to discussed whether they should ally with the Fire God Shrine, but nothing came of it. In the end, we even made a trip to the King’s Continent. The Fire God Shrine is there at present.”

“The Fire God Shrine invited us to go there. They shew their strength, and they are indeed very strong, especially those apprentices.”

Chen Xiang said, “The Fire God Shrine definitely has no good intentions. Right now, they are trying to rope people here in! It won’t take a long time before many people join them.”

"They still don't know that I have a Fire Soul. They used divine sensor to probe me as they saw me for the first time, but they didn't notice it! They are really looking for someone with Fire Souls. I wonder what the consequences will be if they find out!" Liu Menger was worried because her parents had told her to be careful of the Fire God Shrine.

"Just keep hiding." Chen Xiang patted her back and said, "You don't need to worry about me. If I want to hide, no one will be able to find me!"

There were too many places that Chen Xiang could hide and no one would dare to go even if they knew where he was hiding. Of course, it did not feel good at all to hide. If he had enough strength he could kill anyone who wanted to take his life!

Liu Menger kissed Chen Xiang's lips and stroked his handsome face. She softly said, "Even though you're a little rascal, I still don't want to lose you!"

Chen Xiang suddenly pinched the "pink lotus" on her breast and said with a naughty smile, "With a beautiful girl like you, I must not die!"

Liu Menger let out a groan and slapped away Chen Xiang's bad hand, "let's find the White Tiger Divine Weapon first. Now, take out your two Divine Weapons."

Chen Xiang nodded his head and called out the Azure Dragon Subduing Devil Saber. The august golden Black Tortoise Armament Armor also appeared on his body, making him appear to be extremely domineering and handsome and causing Liu Menger to be dumbfounded as her beautiful eyes flashed with splendor. The last time she felt complicated emotions on Chen Xiang was as he put on the Black Tortoise Armament Armor. Now she realized that she fell in love to him at that time.

Liu Menger laughed lightly, "little rascal, you really looks like a man when you wear this armor." As she spoke, the Vermilion Bird String appeared in her hand, and the countless strands melded together and turned into a fluttering ribbon.

As the three Divine Weapons approached, Chen Xiang and Liu Menger immediately sensed that there was something summoning them from a direction, and that was location of White Tiger Divine Weapon.

After finding out the direction, they were all very happy. They put away their Divine Weapons and advanced towards that direction.

"Flying in the sky is too eye-catching. This White Tiger Profound Realm is definitely not so simple. Right now, both you and I are being closely watched by the Fire God Shrine, so we better walk on land." Liu Menger said.

"Sister Menger, can you teach me your Frost Wind Divine Exercise?" Chen Xiang asked, because Bai Youyou was very suitable to learn this divine exercise, and she was really eager to get it.

"Of course!" Liu Menger responded. Chen Xiang and Bai Youyou were both surprised that Liu Menger could agree so readily.

Both Bai Youyou and Su Meiyao were very joyful. Su Meiyao knew that Bai You would become even stronger after learning this divine exercise. Originally, she thought that Bai Youyou must dissolve her Ruthless Devil Exercise, but out of everyone's expectation that Chen Xiang opened up the knot in her

heart, then all her emotions and desires came back to her. However, she could not continue cultivating the Ruthless Devil Exercise and could only use other powerful martial arts to make up for it.

“Remember this well. I’ll tell you the chant. It’s not much, but it’s very profound. It’s impossible to understand it without several thousand years of cultivation.” Liu Menger did not ask why Chen Xiang wanted to learn it, but she trusted Chen Xiang very much, not to mention that the Vermillion Bird Divine Exercise that Chen Xiang taught her was also very powerful and helped her a lot.

Following that, Liu Menger began to teach Chen Xiang the chant, while Chen Xiang also carefully memorized it. Su Meiyao and Bai Youyou could both hear it. They could only remember it after hearing it only once.

There were not many words in the chant and Liu Menger taught all of it within five days. For a divine technique, this was very rare. And during the process of memorizing the chant, there were many things that Chen Xiang didn’t understand.

The Frost Wind Divine Exercise was not suitable for him to cultivate, so he did not need to understand it. He knew that Su Meiyao and Bai Youyou could definitely understand it.

Chen Xiang and Liu Menger walked very slow. They speeded up their pace only after Chen Xiang learnt the Frost Wind Divine Exercise. After crossing a high mountain, they saw endless snow mountains in front of them. Those mountain were covered in white snow and filled with freezing cold, and the cold wind would blow over accompanied by a wave of cold killing intent!

Suddenly, Bai Zhenzhen, who was in Chen Xiang’s Xuan Beast Bag, let out a roar, “Master, I feel that this place is very amicable. I feel like I have a companion here!”

The companion of a White Tiger was, of course, another White Tiger. Could it be that a White Tiger Tribe resided within the White Tiger Profound Realm? ~

Chapter 483 - The White Tiger Battle Clan

Chen Xiang took out the Xuan Beast Bag and released Bai Zhenzhen out. Liu Menger was surprised as she saw Chen Xiang releasing a white tiger. She could tell that the white tiger was very powerful and would soon be promoted to a Xuan Beast.

“Zhenzhen, can you take us there?” Chen Xiang asked the white tiger with his divine sense. He guessed that the White Tiger Divine Weapon must have something to do with the White Tiger Clan. It was very likely that the White Tiger Divine Weapon was being protected by them.

Bai Zhenzhen nodded and said, “master, don’t worry. When you get there, I will ask them not attack you. The White Tiger Clan here thinks highly of their companions. You are my master, so they won’t kill you. Because I will follow you if you die!”

Chen Xiang was secretly worried in his heart. However, he still believed in Bai Zhenzhen’s words.

“My parents might be here as well!” Bai Zhenzhen said with some scary then ran forward. It was obvious that she missed her parents very much.

Chen Xiang dragged Liu Menger and flew away. Liu Menger asked, "looks like the Xuan Beast Bag was created by me. I gave it to a goblin called Hua Xiangyue. How come it is in your hands now, and you even subdued a small white tiger within it?"

"Xiangyue brought me to subdue it. That was a long time ago." Chen Xiang said.

"Heh heh, you actually have so many secrets with Hua Xiangyue!" Liu Menger said in jealousy, then she asked, "at the last Hero Assemble, there were two powerful white tigers suddenly coming out. Did you bring them there?"

"Yep, it was indeed me. Now this little guy really misses her parents! I hope her parents don't beat her up when the time comes." Chen Xiang said nervously.

Liu Menger frowned and said: "You rascal really got guts, that you even dare to subdue a small white tiger with such strength. This little white tiger must have an extraordinary bloodline. A white tiger that could reach the peak of the Nirvana Realm definitely isn't an ordinary one. Even your crazy master has to be wary of that strength."

Chen Xiang certainly knew that, but he wasn't afraid. In any case, it was the little white tiger that willingly followed him.

Of course, the fact that Chen Xiang could subdue such a white tiger with pure and noble bloodline also shocked Liu Menger. This kind of white tiger wasn't something that could be easily subdued.

"This little guy said there is a gathering place for the White Tiger Clan in the front. The White Tiger Divine Weapon is likely to be there. No matter what, we have to check it out. If anything happens, be careful, Sister Menger." Chen Xiang said.

"Un, don't worry!" Liu Menger was very confident in her own strength. Moreover, she also had a powerful divine weapon right now. She believed that Vermillion Bird String could definitely hold off a large group of strong practitioners.

Just as they descended the mountain and stepped into the land of ice and snow, they felt two terrifying auras of killing intent. A middle-aged man and woman wearing white tiger skins suddenly descended from the sky, and radiated dense killing intent.

Liu Menger was startled. They were the white tiger couple that she had met in the last Hero Assemble. Their strength was formidable.

After the white tiger couple landed on the ground, they hurriedly hugged Bai Zhenzhen. She was their daughter that they had been searching for a long time without any result. At this moment, Bai Zhenzhen let out a low roar, and her roar was filled with infinite yearning.

After that, the white tiger couple looked at Chen Xiang and Liu Menger with killing intent. However, just after a blink of eyes that brief the killing intent disappeared.

"Did you save our daughter?" The middle-aged woman spoke with a stiff voice and her eyes filled with gratitude. Although she wasn't very beautiful, she had a very imposing aura, which made her appear to be extremely noble and dignified.

Chen Xiang knew that Bai Zhenzhen must have lied to her parents.

"It's just a small matter." Chen Xiang hurriedly replied with a smile.

"You even signed a contract with my daughter?" The valiant looking middle-aged man stared at Chen Xiang, causing him to feel a lot of pressure.

Chen Xiang nodded, "She volunteered."

"I know." The middle-aged man said, "but I don't want my daughter to be controlled by humans! You're here to look for the White Tiger Divine Weapon, right? "

Chen Xiang breathed a sigh of relief and nodded, "Exactly."

"Not everyone can come here to take the Divine Weapon. Only the one who is approved by the god can do that!" The middle-aged woman said.

The god that the white tiger spoke of was the White Tiger God. Chen Xiang heard from Long Xueyi earlier that the Azure Dragon Subduing Devil Saber was related to the Azure Dragon, so the White Tiger Divine Weapon was naturally the same.

Chen Xiang lightly breathed in, while his heart of slaughter began to vibrate. An aura of killing intent bursted out from his body. The white tiger couple nodded their heads and said, "You have passed the first stage."

"What about you?" The middle-aged woman looked at Liu Menger and asked with a gentle voice. Perhaps it was because they were both women.

"I came with him." Liu Menger said.

"Then come with me!" The middle-aged man turned around and released a wave of energy. He lifted Bai Zhenzhen up then flew towards a snow-white mountain.

It did not take long that Chen Xiang and Liu Menger arrived at an ice field with the white tiger couple. There were many houses made of ice. After Chen Xiang and Liu Menger arrived, many people were appealed and came out to watch.

There were men, women, elders and children among these people. They all carried killing intents with them. That was the unique aura of white tigers!

They were all transformed from white tigers. Beasts that could transform were all in the Nirvana Realm. Now, Chen Xiang saw that there were at least two hundred people around him!

When the middle-aged man saw the astonished expressions of Chen Xiang and Liu Menger, he said, "we are pure blood white tigers and we were born in the human form. Our daughter is only one that turned to white tiger form just after she was born. We still don't know the reason of it."

"So it is. Have you been here to protect the White Tiger Divine Weapon?" Chen Xiang asked.

"This is the mission God left us. We don't know how long we have been waiting! Although there were a few people coming here, none of them were able to take the divine weapon in the end." The middle-aged man sighed. It was obvious that he held a high position here.

Chen Xiang and Liu Menger followed them into a rather large ice house, while Bai Zhenzhen was taken away by the middle-aged woman. Chen Xiang knew that he might lose this little white tiger, so he secretly felt pity.

After waiting for a while, a sturdy old man with a long beard walked in. He was wearing the same white tiger skin as the others did here. His face was full of gentleness without any killing intent, but it gave Chen Xiang and Liu Menger an indescribable terror.

This old man was very strong!

"My name is Bai Zhan. I am the chief of the White Tiger Battle Clan!" The old man said with a smile. Although his eyes were very benevolent, Chen Xiang and Liu Menger were scared and felt their hairs standing on when they saw his eyes.

"My name is Chen Xiang, I'm here to take the White Tiger Divine Weapon. She came with me."

Bai Zhan stroked his long beard and frowned, "this lady should be Liu Menger of the Divine Weapon Sect! I didn't predict that you could obtain the Divine Vermillion Bird Weapon. That is really strange!"

Chapter 484 - Prophet of the White Tiger Battle Clan

Out of everyone's expectation, Bai Zhan knew Liu Menger. This made both Chen Xiang and Liu Menger to be surprised.

"I have been to the outside world before, and closest Chenwu Continent is my most frequently going place." Bai Zhan smiled and explained.

Chen Xiang and Liu Menger already knew that there were hidden strong practitioners in the Mortal Martial Realm. Although those sect headmasters were famous, it did not mean that they were the strongest. There were some strong Nirvana Realm masters living in a secluded life.

"According to the legends, the Four Symbols Divine Weapons should belong to the same person, but right now, Lady Liu had the Vermillion Bird Divine Weapon, while the little man had the Azure Dragon Divine Weapon and the Black Tortoise Divine Weapon!" Bai Zhan asked in confusion.

Liu Menger explained, "The Vermilion Bird Divine Weapon was given to me by my parents when I was very young. I've been carrying it for over ten thousand years."

"So that's how it is. In that case, you have obtained the approval of the Vermilion Bird Divine Weapon! Now, which one of you is going to take the White Tiger Divine Weapon?" Bai Zhan nodded his head and curiously looked at Chen Xiang. He hadn't been out for quite some time, so he naturally didn't know anything about Chen Xiang. He only felt that it was strange that a person with mediocre strength actually obtained two of the Four Symbols Divine Weapons, and this men got on pretty well with Liu Menger.

"I'll go." Chen Xiang responded. He was cultivating the Four Symbols Divine Technique, and he could only obtain the White Tiger Divine Weapon as he used the White Tiger True Qi.

Bai Zhan said, "If you want to go to the Holy Land of God War, you must first cancel the contract with that little white tiger, then defeat the future God of War of our White Tiger Battle Clan."

Bai Zhenzhen let out a low roar. She clearly didn't want to break the contract with Chen Xiang. She wished to stay with him because there would be many delicious dishes for her.

"If you want to obtain the White Tiger Divine Weapon, you must not have a contract with any member of our White Tiger Battle Clan. Otherwise, the White Tiger Divine Weapon will not approve you! Actually we have no objection to our White Tiger Battle Clan members being together with humans." Bai Zhan sighed.

Chen Xiang walked over and rubbed Bai Zhenzhen's head, saying, "little brat, you should stay here for now. After you turn into a human and become a Xuan Beast, you can come to the Extreme Martial Sect to find me!"

Bai Zhenzhen nodded her head although she was unwilling to do that. Then a contract pattern appeared between Chen Xiang's eyebrows, and flickered with white light as it entered Bai Zhenzhen's head. In this way, the contract between them was released.

Back then, this contract was made by Bai Zhenzhen to show her sincerity to Chen Xiang. Once she harmed him, the contract would bound her and cause her death.

"Our White Tiger Battle Clan is born to be belligerent. There is a Holy Land of God of War, and the White Tiger Divine Weapon is right there. That place is a restricted area for us, so we can't enter it, and we will not allow others to enter either! Only if you defeat our future God of War and obtain his approval will you be able to step into the Holy Land. At that time, all of the elders of our White Tiger Battle Clan will leave the Holy Land for you to take away the White Tiger Divine Weapon smoothly."

Bai Zhan's words were very clear. The White Tiger Divine Weapon was in the Holy Land of God of War, and he must defeat the future God of War in order to enter the Holy Land!

"Who is the future God of War? What is his strength like? If he is a Nirvana Realm practitioner, how could I defeat it?" Chen Xiang asked.

Bai Zhan took a light breath and said, "Don't worry. The future God of War is the prophet of our White Tiger Battle Clan. I don't know how strong he is, but he will fight you fairly! He is the future god of our White Tiger race!"

"Well, then take me to him. I hope it will be just as what you said." As Chen Xiang saw Liu Menger nodding her head at him, he had no choice but to take a look at the so-called future God of War in the future.

"Follow me!" Bai Zhan brought Chen Xiang and Liu Menger out of the huge ice house and headed towards a large iceberg in the distance.

Bai Zhan didn't walk fast. He said that they showed their respect to meet the future God of War, so they couldn't fly over. They could only walk there.

This caused Chen Xiang to feel depressed. He didn't know how long he would have to walk for. In addition, this place was a world of ice and snow in a vast expanse of white. If he didn't hold Liu Menger's warm and white hands, he would have definitely complained along the way.

"The White Tiger Battle Clan should be the direct bloodline of the White Tiger Divine Beast. The White Tiger became the God of Slaughter because he was too belligerent, so he was also a God of War! You said you are going to meet your future God of War, could it be that he will reach the level of a divine beast in the future?" Su Meiyao said in confusion.

"Something like the divine beast is usually present in worlds with extremely high levels. There is no divine beasts even in the Heavenly Realm!" Long Xueyi said, "all the dragons of our Royal Dragon Family could become divine beasts, but that would take a very long time. If there really is a future God of War, I think it would be the resurrected White Tiger Divine Beast!"

Hearing Long Xueyi's words, Chen Xiang and Bai Youyou were both astonished. The White Tiger Divine Beast could resurrect after death, even in the Mortal Martial World?!

"All of the four Divine Beasts participated in the refining process of the Four Symbols Divine Weapons. The Azure Dragon Subduing Devil Saber is originally the sacred artifact of our dragon race. It is said that a long time ago, the Royal Dragon Family fought over this sacred artifact, causing the entire Heavenly Realm to be thrown into chaos. After that, someone hid these four divine weapons in order to prevent such things from happening again."

"Little tramp dragon, what do you mean by resurrecting after death? Will a Divine Beast still die as it is in such a level?" Chen Xiang asked curiously.

"Our Royal Dragon Family has all kinds of legends, and one of them is called Nirvana Rebirth, which especially occurs in those Divine Beasts. Although they are powerful, they could not prevent from death in fights, so in order to protect themselves, they will retain their consciousness and reincarnate."

Chen Xiang had also heard of this legend. When he was young, he heard many stories of Immortals, that many Immortals would reincarnate after death and born in Mortal World. After that, they would comprehend the Heavenly Dao through cultivation, then regained their Immortal status and ascended into the Heavenly Realm ...

They had been walking in the land of ice and snow for a long time, and it was late at night. A full moon and stars lit up the ice. Finally they came to a large iceberg, in front of which was a cave.

As soon as they arrived, an ordinary looking young man walked out of the cave. This man was also wearing white tiger skin clothes, and his stature was very big, taller than Chen Xiang by a head. His skin was dark. Although he had an ordinary appearance, a king's aura dispersed between his eyebrows, which gave even Liu Menger an indescribable pressure.

This young man was extremely strong. Chen Xiang and Liu Menger could tell it with a single glance, especially when they saw the intelligent battle intent in the young man's eyes. Both Chen Xiang and Liu Menger were kind of terrified.

"Prophet, they ..." Just as Bai Zhan said this, the young man waved his hand to interrupt him.

"Go back to the clan and wait for me. I have already known everything." The young man said. His voice was calm, but there was a hint of majesty in it.

Bai Zhan respectfully retreated and left in a quick pace.

"Which one of you wants to take the White Tiger Divine Weapon?" The young man asked. He looked at Liu Menger and then at Chen Xiang. Finally, his gaze landed on their hands that were closely held together.

[Chapter 485 - The God of Slaughter](#)

The strongest person that Chen Xiang had seen in the Mortal Martial Realm was Bai Youyou's elder sister, Bai Ziqian! But now, he felt that the young man in front of him was much scarier than Bai Ziqian!

"It's me." Chen Xiang replied. He had no confidence to defeat such a fellow. He felt that he was nothing more than an ant in front of this young man.

The young man looked at Liu Menger and smiled: "I see!"

"What?" Liu Menger knew that this young man had noticed their hands holding together earlier, while the smile on his face was extremely strange, so she could not help but asked in curiosity.

The young man said, "The Vermillion Bird String is also called the Vermillion Bird Love String. After you obtained the Vermillion Bird String, you were touched by this brat, weren't you? And you were even even turned on by him!"

Liu Menger was stunned for a moment. She suddenly understood why she had such an indescribable feeling for Chen Xiang in that very short period, and why she finally fell in love to Chen Xiang. It turned out that it was the Vermillion Bird String that plagued her, but even so, she believed that it was her feelings that surpassed the Vermillion Bird String, especially what Chen Xiang did for her, that he let her to take the Fire Soul, told her details of the Nirvana Tribulation, gave her incomparably precious spirit medicine, and helped her smoothly survive the Nirvana Tribulation!

Chen Xiang's good intentions were all engraved in her heart, so she didn't think that her emotion would be manipulated by the Vermillion Bird String.

"It has nothing to do with it. Even if I don't have the Vermilion Bird String, I'll still be with him." Liu Menger firmly said. She didn't want Chen Xiang to think that she stayed with him because of the Vermillion Bird String. This would severely hurt a man's self-esteem.

"I believe in you!" The young man smiled.

Chen Xiang clenched Liu Menger's jade-like hands and said to the young man, "are you the White Tiger?"

There was a trace of surprise in the young man's eyes. He nodded: "You got me. You are actually not simple!"

After confirming the identity of this future God of War, Chen Xiang and Bai You were both extremely surprised. It was just as Long Xueyi said, that the future God of War was the reincarnation of the White Tiger Divine Beast!

Could it be that the White Tiger had died a long time ago? And it actually reincarnated to such a place!

Liu Menger quickly thought of something. The legendary Four Divine Beasts were not legends at all. They truly existed. If this young man in front of them was called White Tiger, then he must be the legendary White Tiger Divine Beast, and the God of Slaughter!

"The name of the White Tiger Divine Weapon is the Slaughtering God Hand. It's a set of gloves, and if you put on it on your hand, you will have extremely horrifying power. It will cause one to be filled with slaughtering intent, and it was refined with my life. I died at that time." The White Tiger said. Although his tone was calm, it was filled with sadness and vicissitudes of life.

"So ...If you want to get the White Tiger Divine Weapon, you have to defeat me, because that was refined with my previous life! I will fight you with the same cultivation level as yours. It is the early stage of the Spiritual Martial Realm, right?" White Tiger asked.

Chen Xiang nodded his head. If that was the case, then he had nothing to be afraid of. He would have a high chance of winning if the opponent was in the same level as his.

"You are not allowed to borrow the strength of that small dragon!" The White Tiger supplemented. His requirement made Liu Menger to be confused. However, she immediately thought of the White Dragon tattoo on the left side of Chen Xiang's body. Now she remembered that every time Chen Xiang was using an extremely strong power, the White Dragon tattoo would shine. She knew that Chen Xiang had many secrets, but she also knew that if Chen Xiang wanted to tell her, she did not need to ask.

"Well ...No problem." Chen Xiang didn't expect him to find that.

"You can't use any weapons, including your Black Tortoise Armament Armor. Every time you are attacked, that thing will always pop out secretly!" White Tiger said.

Chen Xiang sighed. After all these years, the Black Tortoise Armament Armor had indeed helped him block many attacks. However, he was not afraid right now, because his flesh body was also very strong, even without the Black Tortoise Armament Armor.

"Anything else?" Chen Xiang asked.

"That's it. How about you? Do you have any demands on me?" White Tiger laughed.

Chen Xiang was confused. Why did the White Tiger use its own life to make a divine weapon? Were the other divine weapons of the Four Symbols Divine Weapons the same as well?

Chen Xiang shoot his question out.

"Not the other guys. Just me! Because I am the God of Slaughter, there was one guy who could not stand watching. He wanted to bet with me. If I lose, he would refine me into a divine weapon, and in the end, I lose!" The White Tiger did not gloss over his failure at all as he talked about it. Unexpectedly, a legendary being like him did not lie for such things.

"Then why did the Four Symbols Divine Weapons appear in the Chenwu Continent?" Chen Xiang asked again.

"You will find it out later. Now, let's begin to fight at the front!" As the White Tiger spoke, he had already walked towards the flat ice field at front. Suddenly, a huge circle of white light appeared, and that was the place where the two of them would duel.

Liu Menger kissed Chen Xiang's cheek and encouraged him, "you will definitely win!"

Chen Xiang nodded and followed the white tiger.

"Senior White Tiger, the Great War of the Three Realms is coming. Will you come out to help out then?" Chen Xiang asked. The Chenwu Continent would definitely be much safer if such a strong force was with it.

"No, that's a matter of humans. If you humans unite together, you don't need to fear fiendish demons, nor do you need our help!" White Tiger shook his head.

This was indeed a matter of humans. The number of humans was many times more than the White Tiger race and the demon beasts. If they couldn't resist the demons, then it could only be caused by the human race's lack of unity.

"Senior, you are a prophet. Do you know how long it will take before the Great War of the Three Realms comes?" Chen Xiang asked again. This gave him a sense of security.

"Around five years, very soon! At that time, as long as there are goblins, demons, and humans in this world, there will be a pathway that connects the three independent worlds. together. After that, there will be many worlds with goblins, demons and humans together." White Tiger said.

Five years! To someone who had been cultivating martial arts for a long time, five years was extremely fast!

Still, Chen Xiang had many things to complete before that. For example, he needed to refine a Low Rank Earth Level Dan within three years, then competed with Elder Dan to refine Dan! After that, he had to refine a large amount of Dan and cultivate three thousands of True Martial Realm martial artists, as well as to find three thousands of golden Flying Tigers and to build a mysterious and powerful cavalry!

Five years was too short. Even ten years wasn't enough.

"Come on, put me down, then you can go to the Holy Land of God of War. At that time, you will be there to fuse with the Slaughtering God Hand!" The White Tiger had his hands behind his back. At this moment, he had a serious expression on his face. He did not think low of Chen Xiang.

Although the White Tiger was reincarnated, its strength was still very strong. Chen Xiang believed that the strength of the White Tiger had long surpassed the human realm. It should be at a level above the Heavenly Realm.

Even if the White Tiger controlled his strength to the early stage of the Spiritual Martial Realm, his flesh body and vigorous True Qi were not something that Chen Xiang could compare to!

However, Chen Xiang also had his trump card. Although he was not allowed to use the Azure Dragon Subduing Devil Saber or the Black Tortoise Armament Armor, he was very confident in himself. He must defeat the God of Slaughter!

[Chapter 486 - You're Still Too Young](#)

Chen Xiang discovered that there was a very strong force coming from the ice and a barrier was slowly forming.

“Quite a number of humans have entered this Profound Realm. They are all top-notch martial practitioners in the Mortal Martial Realm. I do not wish to lure them over.” White Tiger said.

Chen Xiang was also worried that too many people would come and clash with the White Tiger Battle Tribe. It would be a huge loss to the mortal world if so many Nirvana Realm experts died in one go.

“I won’t turn into a beast form and fight with you. That way, you won’t be able to beat me! It could add your chance to win as I fight you in my human form.” White Tiger smiled faintly.

Chen Xiang silently cursed in his heart. His opponent is a reincarnated divine beast with such terrifying strength. Even though it suppressed its cultivation, it still stood in an advantageous position against him.

Liu Menger knew that Chen Xiang was very strong, but she was secretly worried. After all, the White Tiger held a huge advantage. Indeed, it was a divine beast. Whatever it had experienced or learned, it would be out of comparison for a mortal like Chen Xiang.

This White Tiger Divine Weapon was the last item Chen Xiang came for, but it was so difficult to obtain it.

“Don’t be afraid of this big mixed color cat. Although he has a huge advantage, you practice the Divine Arts and your magic power is also very powerful. Moreover, you can use those devilish arts recklessly. Just call them over on him!” Long Xueyi said.

Chen Xiang’s magic power was indeed not weak. However, up until now, he could only use his Heavenly Dragon Seal to execute an offensive ability, and it took his time to perform it.

“Are you ready? Let’s start when you are! I’ll let you attack first.” White Tiger said.

Chen Xiang’s expression was serious as he shook his head, “Wait a little longer!”

The White Tiger didn’t say anything. Chen Xiang couldn’t use the Azure Dragon Devil Slayer or the Black Tortoise Armament Armor, nor could he borrow Long Xueyi’s power. This way, he would lose a lot of his strength.

“Xueyi, do your Royal Dragon Clan have any ways to deal with this kind of big white cat?” Chen Xiang asked.

“The White Tiger is just like a dragon. There are many of them in the Heavenly Realm, and they all need to evolve from weak to strong. As for Black Tortoise and Vermillion Bird, they are few in number, so they are very difficult to evolve! Our Dragon Clan and the White Tiger Clan had a period of conflict in the Heavenly Realm. At that time, the Royal Dragon Clan had been searching for the White Tiger’s weakness.”

Upon hearing Long Xueyi’s words, Chen Xiang was overjoyed.

“The weakness is the gold attribute True Qi of the White Tiger. And your strongest power right now is fire, the Heaven and Earth Fire could destroy his gold attribute True Qi, but only if the quality of his gold True Qi is not that much stronger than your Heaven and Earth Fire, or you would be not able to defeat it.”

The five elements countered each other, while fire countered gold! Chen Xiang had just obtained the Heaven and Earth Fire Soul, allowing him to possess a Heaven and Earth Fire that was several times stronger than the Heaven Fire!

Because it was the Heaven and Earth Flame, it was hidden very deeply within Chen Xiang's body. Even if the White Tiger discovered Long Xueyi, the little dragon, was attaching to Chen Xiang's body, it would still be unable for it to discover the Fire Soul within his body.

"I'm ready!" Chen Xiang lightly smiled. It was an extremely confident smile.

"Then come!" You possess the Yin Yang Divine Veins, so you should be cultivating the Tai Chi Subduing Dragon Technique, right? I want to try your dragon power. I really miss that force." White Tiger said.

Chen Xiang laughed, "I might disappoint you. Although I can use my dragon power, I don't feel like there's a need to fight you with it. Furthermore, that would be a huge waste for me."

"Young man sure is arrogant." The White Tiger laughed loudly.

Chen Xiang did not plan to use his dragon power, which made Liu Menger slightly frown. At this critical moment, Chen Xiang was still underestimating his opponent.

The Heaven and Earth True Qi was the best oil. If it was poured onto the Heaven and Earth Fire, it would make the Fire even more powerful. Right now, Chen Xiang was starting to circulate the Heaven and Earth True Qi to fuse it with the Fire Soul within his body to create the most powerful Heaven and Earth Fire!

Chen Xiang suddenly shouted in a deep voice. The clothes on his upper body had been torn apart. His muscular body were slightly red and a scorching heat rose up from within him, causing the originally frozen icy ground to heat up, making people feel as if they were being roasted by the blazing sun.

Thankfully, there was a powerful barrier on the icy ground. Otherwise, the surrounding ice would have been melted by the heat released by Chen Xiang.

Not far away, Liu Menger also discovered that the heat released by Chen Xiang was extremely terrifying. If it was a flame, then it would be even stronger!

A raging fire suddenly appeared on Chen Xiang's fist. Seeing the crazily dancing flames, the White Tiger's pupils abruptly contracted. This kind of fire caused it to feel shocked. It could not imagine that a mortal would possess a flame of this level.

Whiz!

Chen Xiang suddenly leaped, his speed was as fast as a ray of lightning, leaving only afterimages. This was the fastest speed he had ever displayed, and he charged towards the shocked White Tiger in it.

The White Tiger was astonished by the speed. Although he knew that Chen Xiang was coming towards him, he did not react in time and was unable to dodge. Chen Xiang's fist that was spewing out intense flames was like a meteorite that was burning with flames as it smashed towards the White Tiger's face. It even exploded into a ball of flame that rumbled loudly.

Chen Xiang didn't stop with just one punch. The other fist followed closely behind. He wanted to seize this opportunity to use this crazy fire fist to strike the White Tiger!

Liu Menger was stunned when she saw the continuous explosions of flame fists. She couldn't understand how the flames could have increased so much, especially since she and Chen Xiang had only been separated for two months.

Chen Xiang's punches were very fast and looked as if he had several arms. He was able to punch out dozens of times in a split-second, and each punch contained the same amount of power. It even had a suction force, trapping the enemy, making it impossible for them to escape from this storm of punches.

The White Tiger suddenly roared and an overbearing killing intent surged out. The icy ground trembled and a tyrannical aura exploded from his body, causing Chen Xiang to be knocked flying.

Chen Xiang's fist was smoking and his entire body was emitting hot air. His eyes were burning with fury. He was preparing to use his hand as a blade to execute the Furious Dragon Slash!

The White Tiger had never imagined that it would be beaten to such a sorry state. Chen Xiang had just landed hundreds of blows on its head, and they were all accompanied by extremely intense and terrifying flames that caused the White Tiger's hair to hurt.

"This guy even sealed its own divine sense so that it could only be in the early stage of the Spirit Martial Realm!" Long Xueyi said. It would definitely be discovered if its divine sense was very powerful.

"That's for the best!" Chen Xiang rejoiced in his heart. He clenched his fist and once again ignited the violent flames.

The White Tiger was certain that Chen Xiang possessed a fire soul, but it couldn't figure out what kind of fire soul Chen Xiang had. It was actually so powerful that even caused it to be afraid!

Killing intent enveloped the icy ground, causing Chen Xiang to feel slightly uncomfortable. However, he was not a green hand. He had also cultivated the White Tiger Divine Technique before and the killing intent he gathered was also very strong.

The killing intent released by the White Tiger ignited its killing intent and made it to immediately feel full of power. It clenched its fists and fiercely stomped its feet, shaking the icy ground as it flew towards Chen Xiang.

"You're still too young!" Chen Xiang shouted loudly. Two fire vines suddenly leapt out from under the icy ground and very accurately wrapped around the rapidly moving White Tiger, then completely dissipating the imposing aura that the White Tiger had just gathered.

[Chapter 487 - Thorough Suppression](#)

You're still too young! Hearing these words, the White Tiger and Liu Menger were both shocked as they were stroke by a lightning. They didn't understand where Chen Xiang got his gut from to dare to say such words in front of a divine beast.

However, the White Tiger did not expect that Chen Xiang could use such a strange technique, nor did it expect that Chen Xiang's flame would be so powerful that it could suppress its strength. Its gold

attribute True Qi would be instantly incinerated upon contact with the flame, which substantially reduced its strength.

Originally, the White Tiger thought that the killing intent it released would suppress Chen Xiang, but he completely ignored it. That killing intent was a type of mental attack. However, Chen Xiang's divine sense was so strong that he was completely fine.

Just a moment ago, the White Tiger was still full of momentum and intended to defeat Chen Xiang in one go. But now, it was suddenly entangled by Chen Xiang's Fire Vine. Waves of torching True Qi entered his body and devoured the True Qi gathered within his body.

The Fire Vine was very strong and could tightly entangle the White Tiger. However, Chen Xiang knew that it wouldn't be able to hold on for long, while it could make enough time for him to make his second round of fierce attacks.

Under the astonishment of the White Tiger, Chen Xiang had already arrived in front of him. Both his arms were like blazing iron blocks, emitting a forceful burning power. Flames would occasionally gush out them.

Looking at Chen Xiang's arms that was like axes chopping down, the White Tiger was helpless. Right now, it was unable to manipulate the True Qi in his body because it was completely restrained by the flames. Besides, Chen Xiang moved very fast, leaving it no chance to react.

At this moment, Chen Xiang was seething with fury. The flames of anger were extremely terrifying. He struck out with his palm, then fiercely chopped down on the White Tiger's shoulder, just like collapsing mountains and cracking the earth.

The Furious Dragon Slash was terrifying, even though it was not performed from the Azure Subduing Dragon Demon Slayer, and it would be more nimble if Chen Xiang used both his hands. Right now, it still took some more time for the White Tiger to break free from the Fire Vine, but just this little bit of time was enough for him to use hundreds of Dragon Slashes.

Chen Xiang's two arms were like sabers with surging flames. He frantically slashed at the White Tiger that was surrounded by Fire Vines. All the slashes were extremely deadly as they hacked down on the White Tiger's upper body.

Seeing Chen Xiang's enraged expression, the White Tiger was also furious. It was a magnificent divine beast. Even though it was reincarnated, it had never been so aggrieved, but now it was actually provoked by a mere mortal, time by time.

The face of the White Tiger was red and swollen. The upper half of its body was burnt by Chen Xiang's Furious Dragon Slash.

Of course, Chen Xiang knew that his slashes didn't damage the inside of the White Tiger. The White Tiger's flesh body was extremely terrifying. Such a tyrannical attack that he performed only left a superficial wound on it!

When he felt that the White Tiger was about to break free from the Fire Vine, Chen Xiang stopped using Furious Dragon Slash and switched to the Heaven-Shaking Palm. He had struck the White Tiger several

dozen times in just an instant on its body parts on which it was about to circulate True Qi, which successfully dissipated its True Qi.

In order to prevent itself from being attacked by Chen Xiang, the White Tiger let out a roar and bursted all of the all True Qi from its body, which once again shook Chen Xiang away. However, this consumed a lot of his True Qi while it did not harm Chen Xiang at all.

Even though the White Tiger was furious, it was aware clearly that there was a huge gap when it suppressed its cultivation to the same level as that of Chen Xiang. It would have already been beaten to smithereens if its flesh body that it had cultivated from many years did not withstand a large portion of Chen Xiang's attack.

In the same cultivation realm, Chen Xiang was invincible. It was the same for others, like the Mighty Clans, Human Royal Clans and Blue Blood Family were all the same. All of them could not defeat Chen Xiang Even if they were stronger than him.

Liu Menger's heart jumped instantly when she saw this. She started to suspect that the White Tiger's identity was real. At the start of the fight, it was beaten up by Chen Xiang to the point that it couldn't fight back at all.

The flames of anger on Chen Xiang's body weakened, but a smile still hung on the corner of his mouth. At this moment, the White Tiger seemed to have discovered something, and it suddenly felt a bit cold!

The White Tiger had been living in this world of ice and snow for many years, but it had never felt cold before, while now it felt as if a wave of cold stream circulated within its body.

The Icy Soul Devil Dominance! Its was a mysterious spiritual attack. After being infused with the Icy Soul Devil Dominance, one would feel cold due to a kind of spiritual effect, just like indulging into an illusory magic array. After entering the magic array, one's spirit would be kidnapped, causing his or her five senses to be confused and thinking that everything was real.

"It's the time to use the Bone Melting Devil Palm. This White Tiger's body is very strong, so it should not be able to melt his bones, but it still causes it to suffer a heavy injury. Now its own True Qi was sealed and will be quickly consumed. You better consume all its True Qi first, then violently beat up its flesh body that is eroded by the Icy Soul Devil Dominance until he surrenders." Bai Youyou said.

"What did you do to me?" The White Tiger was at a loss and hurriedly asked. It was hard for him to imagine a person using such a powerful flame to attack him, yet he was able to send a strange cold energy into its body.

These were two extremes of strength. Although they could be used at the same time, it was extremely difficult for them to be used in such a secretive way as Chen Xiang did.

As Liu Menger saw the White Tiger trembling slightly, she knew that Chen Xiang had used that strange technique again. Last time when Chen Xiang was in Fragrant City, he used exactly the same ten technique against Xiao Chou, a Mighty Clan member. Even though she was separated by a barrier and far away from Chen Xiang, she could feel the intense heat but was unable to sense the icy cold energy.

The cold power that was able to freeze the White Tiger was clearly much stronger than the flame that Chen Xiang used earlier. However, Chen Xiang used it without leaving a trace, which led people be confused since it was totally against normalities.

Of course, Chen Xiang didn't use the icy cold energy. He was only executing a close range attack. He deceived people's spirit and made them feel that they were frozenly cold!

The White Tiger thought that it was a divine beast, so it was so confident that it sealed its divine sense into merely the level of an early stage of the Spiritual Martial Realm, whereas Chen Xiang cultivated the Divine Path, so his divine sense was far above the early stage of the Spiritual Martial Realm. In this way, he managed to perform the Icy Soul Devil Dominance and caused a spiritual, lethal attack on the White Tiger.

However, the White Tiger still didn't know that its spirit was under attack because it didn't think that Chen Xiang's divine sense was much stronger than its.

"I told you. You are still too young!" Chen Xiang laughed as he leaped forward. A pair of flaming wings suddenly appeared on his shoulder and accelerated his speed, causing him to fly over with a violent impacting force.

Although the White Tiger was cold, it was free to use its True Qi. This time it was prepared as it saw Chen Xiang coming to it. It took out its fists, which were a pair of white tiger fists. Waves of tiger roars came out of these two tyrannical fists, defending Chen Xiang's flaming attack.

As the four fists collided with each other, the wind and clouds flight out in the air. The White Tiger was stunned in its expression changed as it trembled in fear. Moreover, both of its arms were also in extreme pain, which forced it to hurriedly retreat.

Chen Xiang not only released the Icy Soul Devil Dominance on his fists, but also the force of Bone Melting Devil Palm that eroded the White Tiger's bones.

[Chapter 488 - The Star and Moon Berserk Dragon](#)

Even though the White Tiger was able to beat Chen Xiang to fly, the power of the Bone Melting Devil Palm and the Icy Soul Devil Dominance that entered its body caused its bones to ache. Its entire body was cold, and Chen Xiang also gave it a strong blow.

Just a moment ago, Chen Xiang poured a large amount of Icy Soul Devil Dominance into the White Tiger's body, which made it to feel even colder. This way, the White Tiger would be affected and wouldn't be able to exert its strength during the battle.

Seeing the White Tiger shivering, Chen Xiang secretly laughed in his heart. He flew over once again with his palms dancing in the air. Shadow of his palms flew out. The palm wind was like raging waves as it enveloped the White Tiger, instantly striking the White Tiger in hundreds of times. In that instant, the earth trembled, while the strength of the Bone Melting Devil Palm wreaked havoc on the bones in the White Tiger's body. The evil Icy Soul Devil Dominance drilled into the White Tiger's sea of consciousness and attacked its spirit.

Chen Xiang used all his full strength and the fastest speed he could get to perform it. In that instant, the White Tiger's bones hurt endlessly. Furthermore, the ice-cold feeling made its entire body shiver and its expression turn ugly.

The White Tiger still had many powerful martial skills that it had not used, but now not only was it unable to use martial skills, it was even unable to circulate its True Qi. Chen Xiang's attacks were too fierce and with a power that it had never seen before, which made it to be at a loss as to how to deal with them.

"White Tiger King Fist!" A killing intent burst forth from Chen Xiang's body. Two tiger heads appeared on the surface of his fists that were like thunders as they crazily struck on the White Tiger's body.

Now, Chen Xiang no longer used the palm power of the Bone Melting Devil Palm. Instead, he channeled the Icy Soul Devil Dominance to the White Tiger. He wanted to freeze it to the point that it was unable to retaliate.

If the White Tiger did not seal its divine sense, it would definitely know what strange techniques Chen Xiang was using. It was only because its divine sense was far inferior to that of Chen Xiang that it did not know that this coldness came from his spirit.

In addition, the flames that Chen Xiang was using terrified it the most. Although afraid of fire, it had never been afraid to such an extent before. Chen Xiang's flame was already so terrifying in this stage, and it would definitely become even stronger in the future. After entering its body, the flames would be able to completely destroy its True Qi.

The Heavy and Earth Fire, the Icy Soul Devil Dominance, and the Bone Melting Devil Palm, Chen Xiang used all of them to suppress the White Tiger. First, he utilized the Heaven and Earth Fire to suppress the White Tiger's gold attribute True Qi, then the Bone Melting Devil Palm to make it feel pain all over its body, after which he took the opportunity to infuse the Icy Soul Devil Dominance into the White Tiger's spirit to slowly wear it down, causing it to gradually lose its advantage, while as it was unable to fight back, it was repressed by Chen Xiang's extremely fast speed and tyrannical attacks.

To know your enemies and yourself prevents you from being defeated all the time. Although Chen Xiang didn't fully understand the White Tiger, he knew that its weakness was its fear of fire. Moreover, it was a reincarnated divine beast, so it thought lowly of its component. The White Tiger did not take it necessary to know Chen Xiang entirely. It discovered that a small dragon was attaching to Chen Xiang's body, and it also forbade Chen Xiang to use Long Xueyi's strength or the Black Tortoise Armament Armor. This way, it believed that Chen Xiang's strength would become weaker!

White Tiger lost because of this. His True Qi might be stronger than that of Chen Xiang, while its martial arts might also be stronger. However, when the White Tiger was at ease, Chen Xiang suppressed it with his fastest speed!

This was a tactic. In a martial arts match, it was not a one-sided fight. It was not enough to only use force without a brain.

Right now, the White Tiger was like a human sandbag, being crazily beaten up by Chen Xiang until its face was swollen, whereas Chen Xiang would not grant it any mercy. It was hard for him to beat up the White Tiger like this, so he wouldn't leave it with any chance to retaliate.

Liu Meng'er let out a breath of relief as she watched Chen Xiang beating the White Tiger to fly from side to side in trembling. She knew that the victor had been decided.

"Heaven Tiger Rampage Fist!" After Chen Xiang's tiger head fists burning with anger attacked over, a series of explosions rang out and flames shot in all directions. Chen Xiang's fists crazily landed on the White Tiger's face. Each punch caused a violent explosion.

After tiring himself out, Chen Xiang switched to the Heaven Shaking Palm to launch an inhumane attack. If the White Tiger was just an ordinary Extreme Realm cultivator, it would have long been crashed to meat sauce. While the White Tiger's body was very strong, although it could not use True Qi and was shivering in cold, it was still with consciousness.

Chen Xiang knew that if he were to continue, the White Tiger would be able to disperse the Icy Soul Devil Dominance. He steeled his heart and released his magic power, beginning to execute the Heavenly Dragon Seal!

He knew that with his current strength, he was unable to make the White Tiger with a powerful fleshly body admit defeat. He could only borrow the power of heaven and earth!

It was late at night and the sky was full of stars. A full moon was high up in the sky and the Spirit Qi floating in the sky was very dense. The dense Spirit Qi in the Profound Realm made the Heavenly Dragon Seal that Chen Xiang casted even stronger.

"Use the Star and Moon Berserk Dragon in the Heavenly Dragon Seal. You could borrow the Spirit Qi and the power of the stars and moon to summon the Star and Moon Berserk Dragon at night. It is very powerful at night." Long Xueyi said.

The Heavenly Dragon Seal was a technique for granting punishment. The most basic thing about it was to release the True Qi in one's body, then to use his or her magic power to silently condense the Spirit Qi in the air to form a dragon claw, which could then be released a little bit stronger Furious Dragon Punishment. It was the best technique to use in a raging state.

The last thing necessary to do was to summon dragons with different energy natures to take punishment. Chen Xiang had previously performed the Demon Subduing Holy Dragon to deal with a Demon when he was in the King's Continent. It was at night at present, so it would be the best choice for him to summon the Star and Moon Berserk Dragon.

Chen Xiang began to chant the spell. His powerful mana was released and floated in the air, forming a huge net that compressed all of the Spirit Qi there. At the same time, it also absorbed the power of the lights of the stars and moon, converging to a glowing spiral disk in the air. It was extremely beautiful, but that power caused the icy plain to slightly tremble.

It was not the first time that Liu Menger saw Chen Xiang using some strange and powerful martial arts, but she was still stunned in this time.

In the sky above the ice field, the huge spiral disks that covered a circumference of over a hundred miles seemed to be formed from countless lights that converged together like galaxies. The power of the stars and the moon gathered together, colliding with each other, fusing, and then clashing ... Terrifying waves

of power burst out and spun rapidly in the air. The pressure formed by this power had caused many huge icebergs to collapse. The ice ground ruptured and the earth was shaking.

Chen Xiang watched as the spiral disk above grew bigger and bigger. It resembled the Milky Way in the summer. He was also extremely stunned as he saw it himself!

"Is... this the Heavenly Dragon Seal?" The White Tiger let out a cry of surprise. It now understood why it felt an indescribable chill. It was a spiritual attack. When it saw Chen Xiang use his divine techniques, it was aware that Chen Xiang cultivated Divine Path, while his divine sense was far beyond that of an ordinary person.

"The Star and Moon Berserk Dragon!" After Chen Xiang finished chanting the spell, he was extremely excited. The huge glowing disc in the sky condensed into a gigantic dragon that appeared to be made of starlight. It flew for a while in the sky before letting out a loud roar and crashing into the ground.

Chen Xiang hurriedly dodged. He took all the True Qi in his body to release Fire Vines to tightly wrap around the White Tiger, preventing it from moving!

"Hmph!" The White Tiger let out a cold snort, and the Fire Vines on its body immediately exploded. With a wave of its hand, a huge tiger forming from white lights flew out and crashed toward the Star and Moon Berserk Dragon.

The dragon and tiger collided and instantly exploded, generating a burst of light that illuminated the night sky, as if it was day.

"You win!" The White Tiger sighed. It was forced by Chen Xiang to use its true strength to destroy the Star and Moon Berserk Dragon in the end, which made it feel much better.

[Chapter 489 - A Crisis Before the Divine Weapon](#)

The White Tiger removed the power that was sealing its strength, which allowed it to recover its strength to the original state. Only then would it be able to easily defeat the Star and Moon Berserk Dragon that Chen Xiang released.

This caused Chen Xiang to feel extremely displeased. He really wanted to see the White Tiger being beaten to a pulp. It took him a lot of magic power to condense it.

Seeing that the White Tiger had admitted defeat, Liu Menger blinked her beautiful eyes at Chen Xiang. However, the shocking scene of Chen Xiang summoning the Star and Moon Berserk Dragon still lingered in her mind.

After regaining its strength, the White Tiger easily dispelled the Icy Soul Devil Dominance that affected its spirit.

"You win! The White Tiger Divine Weapon is yours!" The White Tiger said, with an non-coverable relentlessness in its eyes. It was the White Tiger Divine Beast, while it was actually beaten up by a little brat to such a miserable state. Moreover, the little brat held a great advantage. Its face would probably fall if such words were leaked out.

Chen Xiang smiled and asked, "Where is the White Tiger Divine Weapon?"

"It's in the Holy Land of God of War. I cannot get close to that place. Once I get close, that White Tiger Divine Weapon will return to me. At that time, it will be very difficult to take it down. Unless you could fuse with it, I cannot get close to it." The White Tiger sighed, "You will get the reputation of God of War when you can actually defeat me in the future!"

"Didn't I just defeat you in a real sense?" Chen Xiang smiled and said, "Senior White Tiger has a great advantage. If it wasn't for your powerful flesh body, I would have already finished my business ..."

Hearing Chen Xiang's words, the White Tiger couldn't help but blush as it flew away.

"Pass through the cave and you will reach the holy land."

The White Tiger's words echoed in Chen Xiang's ears, causing him and Liu Menger to laugh.

Liu Menger flew to Chen Xiang's side and helped him put on his clothes. After that, she wiped off the sweat on his face as well as the blood on the corner of his mouth.

"You brat really made it lose face. It is the White Tiger Divine Beast." Liu Menger said with smile. Although she said so, she was secretly proud in her heart because Chen Xiang was her beloved.

Chen Xiang kissed her face and pulled her towards the cave.

"I did not expect that the White Tiger Divine Weapon is called the the Hand of God of Slaughter. It doesn't have any similarities with the names of the Azure Dragon Demon Subduing Slayer, Vermillion Bird Strings or and Black Tortoise Armament Armor."

"The White Tiger said that it is a pair of gloves. If you wear them on your hand, you would be very strong when you use your fist and palm to attack." Chen Xiang displayed a mischievous smile on his face.

Liu Menger wrinkled her nose and snorted, "little rascal, you sure have a lot of underhanded tactics. That White Tiger was completely disgraced by your underhanded methods and lost so badly."

Chen Xiang laughed, "I'm fair and square. If I use all of my underhanded techniques, then this big white cat will lose even more miserably!"

Liu Menger knew that there were many secrets on him, but she didn't ask too many questions. She also had her own secrets, and Chen Xiang didn't ask her anything. They two had a strong mutual trust.

"I feel that something miraculous might happen if the Four Symbols Divine Weapon are on the same person. Now that you don't have the Vermillion Bird Strings. It would be great if I could take it off!" Liu Menger said with guilt as she bit her lips.

"Hehe, sister Menger, you just need to refine one more in the future. Anyway, it is just a refining process. I believe that sister Menger will definitely be able to make it." Chen Xiang smiled. Although this was only a matter of lack of perfection, Chen Xiang was very contented, not to mention that it was also a good thing that the Vermillion Bird Strings was on Liu Menger's hand. It could add her strength significantly.

Liu Menger lightly nodded her head. What Chen Xiang said was also her future goal, which was to refine a Vermillion Bird Divine Weapon so that Chen Xiang could gather all the Four Symbols Divine Weapon. However, she knew that it would take a long time.

After they entered the cave, they walked for over an hour to passed through the huge iceberg, then arrived at a verdant forest, which shocked them a lot, since they were in a world of ice and snow a moment ago.

Walking out of the cave, they saw a path paved with stone. At the end of the path, there was a huge round platform, like an altar, built in the middle of the forest.

Liu Menger pulled Chen Xiang along and crossed the long stone path in a flash, then they arrived at the round platform, beside which there was a round table.

On the table was a transparent crystal box. Inside the crystal box was a pair of gloves that seemed to be made of tiger skin. It was the kind that could show one's fingers.

This was the White Tiger Divine Weapon, the Hand of God of Slaughter!

Just when Chen Xiang was about to grab it, a very powerful force suddenly flew towards him. Liu Menger's expression changed drastically as she hastily waved her palm. Her hand was filled with an ice-cold energy as she slapped away the force attacking Chen Xiang.

However, Chen Xiang and Liu Menger were blown off the round platform by the blast of air.

"Haha ...The White Tiger Divine Weapon! This is the White Tiger Divine Weapon! This place is indeed the White Tiger Profound Realm. As long as I obtain this White Tiger Divine Weapon and kill this brat and the woman, I can also obtain this woman's Fire Soul and that brat's Azure Dragon Demon Subduing Slayer. Haha ... " A middle-aged man wearing red armor laughed crazily.

He was a member of the Fire God Shrine! Not only that, but he was very powerful. He was a martial artist that had survived the eight Nirvana Tribulations. Moreover, it could be known from the scorching hot energy he just released that he was a person with a Fire Soul!

Although Liu Menger had cultivated the Frost Wind Divine Technique, she could only barely defend against him. It was impossible for her to defeat the man!

"As long as I get all these, the position of the Hall Master will be mine." The middle-aged man of the Fire God Shrine laughed maniacally as he hurriedly grabbed the White Tiger Divine Weapon.

At this moment, Liu Menger unleashed a wave of ice-cold energy, then a gust of cold wind blew over from all directions, transforming into numerous sharp ice thorns that pierced towards the middle-aged man.

The middle-aged man sneered, "if I were you guys, I'd think of a way to escape now!" As he discoursed, he shattered the ice thorns with a single palm strike, while the cold energy still lingered on the middle-aged man's body after the ice thorns shattered,.

Liu Menger flashed forward and shot out her beautiful palms. Waves of cold True Qi flew out from her palms and instantly covered the entire forest in a layer of frost. A thick layer of ice also covered the man of the Fire God Shrine.

"Go, leave him to me!" Liu Menger quickly said with a serious face.

She could easily escape as long as Chen Xiang made to leave. Furthermore, it was not necessary for Chen Xiang to flee too far. He just needed to pass through the iceberg. At that time, the White Tiger would definitely take actions.

“Haha ...” The middle-aged man laughed, “Liu Meng’er, your Frost Wind Divine Technique is indeed very powerful, but its is still far from being able to deal with me. This brat can go, but you must die!”

The ice on the middle-aged man suddenly cracked open. After that, Liu Menger quickly flew over and pushed on the ice on the middle-aged man’s body, then the cracks on the ice closed up again.

“Go!” Liu Menger shouted out as she gritted her teeth, with a sense of request within her eyes. She knew that Chen Xiang had a prospect future ahead of him, so he definitely couldn’t die here.

Seeing Liu Menger in such a state, Chen Xiang knew that she spent up a huge amount of True Qi to use the Frost Wind Divine Technique to freeze the middle-aged man to give him time to escape.

“Use the Demon Devouring Technique to devour that guy!” Bai Youyou knew Chen Xiang well enough, that he would not leave Liu Menger alone.

[Chapter 490 - Counterattack](#)

Bai Youyou had warned Chen Xiang many times that he absolutely could not use the Demon Devouring Technique on people who were much stronger than him. Chen Xiang was only at the early Spirit Martial Realm, and he still needed to consolidate his cultivation, not to improve it quickly in a short period of time, but now he was attempting to devour a martial artist who survived the eight Nirvana Tribulations!

This a frantic action left Chen Xiang confused, but he knew that Bai Youyou definitely wouldn’t harm him. Bai Youyou must have other purposes to let him act in this way.

Right now, Chen Xiang couldn’t consider too much. He would rather die himself than leave Liu Menger behind.

Seeing Chen Xiang rushing over, Liu Menger closed her eyes as two streams of tears rolled down her face. She knew that Chen Xiang would rush over. She had some hopes for that, but most of all, she hoped that Chen Xiang would just leave.

Chen Xiang placed one hand on the ice and released his magic power into the frozen middle-aged man’s body. After feeling the thick True Qi in his Dantian, he started to circulate the Demon Devouring Technique. It had been a long time since he last used it.

“Haha, what an idiot boy ...” The middle-aged man laughed crazily. It would be very troublesome for him in the future ff Chen Xiang left away. But now, he could notice that Liu Menger, the female emperor of a generation, had an unfathomable relationship with this brat, Chen Xiang.

“Haha ...” The middle-aged man let out waves of frantic laugh even if he was frozen in a block of ice. He knew that Liu Menger wouldn’t be able to hold on much longer. As long as he could wait for Liu Menger to use up her energy, he would be readily able to kill Chen Xiang and Liu Menger in one go!

Suddenly, the middle-aged man’s laughter came to a halt as he felt the True Qi within his body was rapidly dissipating. The speed at which the True Qi was being drained made him extremely terrified. He suddenly looked towards Chen Xiang, only to see his body swelling up!

The middle-aged man realized that Chen Xiang was using an unknown martial art to devour his power!

“Hurry up and transfer your devoured power to Liu Menger, otherwise, your body will explode and you will die!” Bai Youyou hurriedly shouted.

After hearing the words, Chen Xiang was ecstatic. He quickly pressed his hand on Liu Menger’s abdomen, allowing the middle-aged man’s True Qi to flow through him and infuse into Liu Menger’s body.

“Sister Menger, be quick, circulate your power and refine it!” Chen Xiang shouted in a hurry.

When Liu Menger felt the steady stream of True Qi from Chen Xiang’s palm, her heart skipped a beat. She quickly understood what had happened. The previously despairing her secretly let out a sigh of relief.

“Demon ...Chen Xiang you evil demon, stop it now!” For the middle-aged man, it was the most terrifying thing that his power was devoured. He would be no different from a mortal once his own power was devoured up. That middle-aged man was extremely shocked.

This kind of martial arts that could devour other people’s martial arts was indeed a demonic art. Of course, it was also a martial arts that many people dreamed of, because it allowed them to obtain power without taking any effort.

Liu Menger was also astonished as she heard that Chen Xiang had such a demonic art. She was originally happy, but her expression suddenly changed because of Chen Xiang’s abnormally ugly expression. She could see that Chen Xiang’s face was covered in wounds!

Chen Xiang’s body was currently expanding. He let out a muffled cry as his clothes suddenly shattered. His valiant body expanded to a terrifying size, as if it was going to split open. Streaks of blood appeared as blood seeped out from his pores. It was extremely terrifying.

Liu Menger could know without thinking that it was because of the endless supply of True Qi that caused Chen Xiang to act like this. After all, it was the True Qi of a man who had survived the eight Nirvana Tribulations. The quality was pretty fine. Although Chen Xiang had a strong flesh body, it was hard for him to withstand it.

“Little rascal ...” Liu Menger bit her red lips. Her face was full of worry and her eyes were filled with tears. Seeing Chen Xiang in such pain, her heart felt as if it was being cut by a knife.

“I’m fine, don’t worry!” Chen Xiang didn’t want Liu Menger to be too worried, so he forced a smile. Seeing the forced smile on his face, Liu Menger’s heart broke and tears fell from her eyes.

Chen Xiang immediately circulated the Black Tortoise Body Strengthening Technique to conduct cultivation using this pain. This way, no matter how much pain he suffered, his body would not be destroyed with the help of the Black Tortoise Body Strengthening Technique. This was the magic part of this technique.

In the blink of an eye, an hour had passed. The middle-aged man whose power was swallowed by Chen Xiang was extremely anxious. Originally, he did not expect that Chen Xiang would be able to hold on much longer before his body exploded. However, now he saw the streaks of blood on Chen Xiang’s body

slowly recovered, which meant that Chen Xiang had adapted to it in a short period of time. This brat was so formidable.

The beneficiary of it was Liu Menger. The power that passed through Chen Xiang's body was refined by his Heaven and Earth Fire Soul and became purer, so that Liu Menger could easily refine it into her own True Qi and store it in her Dantian after she received such purified power.

"Hehe, you also have a fire soul on you, right!? And it's a Purple Fire Soul, haha ..." Chen Xiang suddenly laughed. Still, his laughter was extremely ugly because he was suffering from the pain just like being stabbed by needles all over his body.

The middle-aged man was like being whipped on his face. He originally planned to kill them and take Liu Menger's fire soul, but now, not only was his strength devoured by Chen Xiang, his prized Purple Fire Soul might also be taken from him.

"Demon...you evil creatures, you will all die a horrible way." The middle-aged man roared crazily, whereas his voice was completely covered by the thick layer of ice. Then Chen Xiang penetrated his hands through the layer of ice and pressed down on the middle-aged man's stomach, crazily devouring everything of him!

To this point, Liu Menger had no choice but to refine the power that Chen Xiang gave her. This was an exchange for Chen Xiang's incomparable pain, so she treasured it even more. She knew that she was in debt to Chen Xiang once again, and she didn't know how to repay him in the future.

The power of those who survived the eight Nirvana Tribulations was extremely profound. Chen Xiang had devoured ten days in a row. That middle-aged man only had a haggard expression on his face, while no one came during these ten days!

Liu Menger would rather have someone come here to help her than to acquire those power. She cared more about Chen Xiang. The pain he had endured for the past ten days was clear in her eyes and her soul.

"I'm fine!" Chen Xiang forced a smile as he saw Liu Menger's eyes filling with tears. Her eyes had cried to red for the past ten days.

Only now did Chen Xiang know why women were made of water, but the awkward thing was that he was completely naked, because his body would occasionally swell and explode with a burst of energy. Even if he wore clothes, it would shatter, while to release the Black Tortoise Armament Armor would block his meridians and impact him on transferring power into Liu Menger.

Therefore, Liu Menger had watched every part of Chen Xiang's body for the ten days. Although she was very shy, she could not help but look at it because she was worried that an accident would happen to Chen Xiang at any time. Of course, it was the first time she saw a man who was completely naked. At the beginning it made her very shy, but later on she felt that a man without any clothes was actually that attractive, especially a man she loved.

If it weren't for the pain all over his body, Chen Xiang would definitely tease Liu Menger with some words, but the pain prevented him from assuming that idea.
