

Dan God 501

Chapter 501 Challenge of a Female Overlord

The Bloody Saber-Teethed Tiger was indeed very strong. After receiving so many attacks from Chen Xiang, it was still able to stand up. However, because Chen Xiang had the White Tiger Divine Weapon, the Bloody Saber-Teethed Tiger did not have any strength to retaliate. It was scared.

Just like that, Chen Xiang followed the long bearded old man and left the colosseum which had been a ruin, then came to a huge mountain-like building.

They were inside a huge hall.

"This is the medallion of the Demon Subduing Academy. Once you bring it with you, you can enter and leave at your will! I am Zhao Tao, the chancellor of the Academy. I am in charge of a lot of issues here." Zhao Tao said.

After Chen Xiang received the medallion, he asked, "what do students mainly study in the Demon Subduing Academy? I am very curious as to why you are willing to give so much and expend so much resources to build an academy."

Zhao Tao sighed, "we are selfless. We have to do that to prevent so many Mortal Realms from being destroyed. Although these Mortal Realms are in different spaces from the Heavenly Realm, they are more or less related to each other! 100,000 years ago, many of the Mortal Realms were occupied by demons. At that time, the Heavenly Realm was greatly affected."

"Right now, many of the Mortal Realms have yet to recover from the previous Great War Between the Three Realms. If we don't do that, there will be more Mortal Realms being destroyed. By then, the tunnels among the Three Realms will probably keep opened!"

"Does the Fire God Shrine think the same way?" Chen Xiang frowned and asked.

"No, the Fire God Shrine wants to inflict wealth on the dead, but they are too naive. They think that they alone are enough to defeat the demons. This is wishful thinking! Demons and humans are different. Demons have innate and special powers. They are much stronger in terms of physical body and vitality than humans. "

Chen Xiang was secretly shocked. The reason why the Fire God Shrine came to the Mortal Martial Realm was exactly as the same he guessed.

"Is the Fire God Shrine really an evil power that specializes in stealing fire spirits?" Chen Xiang asked in a deep voice.

Zhao Tao was stunned for a moment. He nodded with a serious expression on his face. "Yes. However, they have not left any evidence behind to prove that they have done such a thing! Nor do we have any evidence to prove that they have committed such acts. Now that we're here, they won't dare to act rashly."

Chen Xiang nodded his head in relief.

"You can stay here. There will be courses arranged every day, which will allow you to gain a deeper understanding of the demon world. Then, you will learn martial skills, a few martial skills that are specialized in suppressing demons! It's just extremely difficult to learn. It's already good enough if three hundreds out of three thousand students could master these skills!"

As for learning martial arts, Chen Xiang didn't have anything to worry about. He was already proficient in many martial arts and could use his own experience to learn other martial arts.

"What kind of fantasy residence do you want to live?" Zhao Tao asked.

Chen Xiang scratched his head and embarrassedly said, "my wife is here too. Can I live with her?"

Zhao Tao chuckled, "of course you could! If that's the case, I don't need to talk too much about the things that are important in the Academy. I'll just let her tell you."

The old man's gaze made Chen Xiang blush.

After learning the location of Xue Xianxian's residence from Zhao Tao, Chen Xiang left the huge stone skyscraper and quickly walked towards a small hill. Over there were the student's living quarters, all built by themselves.

When Chen Xiang passed by a huge circular house, he suddenly heard a string of curses coming from inside the door, "bastard, why did someone at the peak of the Spiritual Martial Realm come here to join in the fun? You're so much stronger than me, even if you win against me, you won't be proud."

"Miss Leng, you possess the Frost Wind Divine Technique and a powerful treasure. You are at a great advantage, at most I won't use my weapon!" A man's voice sounded again.

Hearing Leng Youlan's voice, Chen Xiang immediately stopped his footsteps and walked towards the huge circular building. After entering the gate, he saw many square fighting stages that were twenty to thirty feet wide.

"What a powerful formation! The forces of the Heavenly Realm are truly powerful!" Chen Xiang was secretly shocked. Even though he saw the array foundation, he could use the special energy released by the formation to determine the quality of a formation.

Leng Youlan was standing on top of a martial stage with a huge white sword in her hand. Chen Xiang could tell with a glance that the sword was made of the White Jade Dragon Bone. It was the same for the weapons of Liu Menger and Xue Xianxian. It was an extraordinary weapon in the Mortal Realm.

Leng Youlan had a head of beautiful white hair that was scattered all over her back, making her very eye-catching. Hence, many people were paying attention to her. Her beautiful and cold face, her fiery red armor, and her huge white sword made her appear extremely domineering. With just a glance, one was able to tell that she was a woman that was not to be trifled with, but also a woman who stimulated men's desire to conquer.

At this moment, Leng Youlan was looking at the man in front of her with a cold and murderous gaze.

"What do you think, do you want to compete?" The rather good-looking man smiled as a crafty glint flashed in his eyes.

Leng Youlan frowned and shew an angry expression. Just as she was about to speak, Chen Xiang shouted from afar, "Youlan!"

After the opening of the Demon Subduing Academy, Leng Youlan and Xue Xianxian had entered very early, so she was very famous there, especially her way of doing things and her valiant character, which left a deep impression on other people. In a place for students to compete martial artists, she always shew up in her ruthless fighting style!

But now, this woman shew a gentle look in her eyes as she looked into the distance, then she flew over to the direction.

"Brother!" Leng Youlan shouted. Her gentle and sweet voice made many people think that they had heard wrongly.

Leng Youlan hadn't seen Chen Xiang for a long time. Now that Chen Xiang had arrived, she was extremely happy and hurriedly flew into Chen Xiang's embrace.

"Little girl, you still want to fight so much!"

Chen Xiang gently stroked Leng Youlan's soft white hair. Long Xueyi once said that Leng Youlan had the bloodline of the White Dragon and was born from the union of a human and a dragon. Thus, the power hidden in her body was very strong.

Hearing the discussion of the men behind her, Leng Youlan turned her head abruptly and glared viciously at them, causing many to shut their mouths immediately. They couldn't afford to offend a tyrant like Leng Youlan.

"I have something on today, so I can't compete anymore! But I will definitely wrinkle you up some day else!" Leng Youlan shouted to the man on the stage and suddenly left while holding Chen Xiang's arm.

Chen Xiang laughed, "Youlan, am I delaying you?"

Leng Youlan stuck out her tongue, "of course. I know you're in a hurry to see Sister Xianxian, so I have to bring you there immediately! To make up for it, brother, you have to fight with me. I've been waiting it for a long time!"

Chen Xiang sighed helplessly. Just as Liu Menger said, every day Leng Youlan would think of defeating him. He bitterly smiled and said, "alright, when the time comes, just don't cry for being kicked by me!"

Chapter 502 The Fairy Has Grown Up

Leng Youlan and Xue Xianxian lived at halfway up the mountain. It was a very small mansion that Leng Youlan pointed out to Chen Xiang from far away.

"Youlan, why ain't Xianxian living with you?" Chen Xiang asked. Leng Youlan was a hot-blooded woman. Without Xue Xianxian by her side, she made Chen Xiang worried that she would cause troubles

"She's cultivating that kind of deadly martial arts. It's specifically for dealing with fiendish demons! That's too difficult to learn. I learned to be stuffy, so I came out to relax." When Leng Youlan mentioned that martial art, her face was full of boredom.

Chen Xiang pinched her cheek and said with a smile, "Xianxian is so diligent, how can you be lazy? You still have to learn that kind of martial art. In the future, when you deal with fiendish demons, it could save you a lot of efforts."

"Got it, bro!" Leng Youlan held onto Chen Xiang's arm and asked with a smile, "when will you compete me with me in martial arts? I can't wait. What about right now?"

Chen Xiang shook his head and sighed, "no matter what, I have to see Xianxian first, right? I miss her so much. It's a rare opportunity to see you since sister Menger always hide you guys."

"You will have countless chance in the future. You two are couples after all." Leng Youlan laughed.

"Well, Youlan, what were you doing there? Fighting with others?" Chen Xiang asked curiously.

"Exactly! That is the martial field of the Demon Subduing Academy. You can freely contest with others inside, and there is a powerful defensive formation that allows you to display your skills. However, you can't take other people's lives, otherwise it would be troublesome." Leng Youlan answered with excitement. For a belligerent person like her, that place was a paradise.

Other people were relaxing during the break, but she was playing martial arts.

"Brother, where do you live?" Leng Youlan giggled and said, "I will often come to find you later."

"There's no need to look for me. I'll just stay with you guys. You won't mind, right?"

When Leng Youlan heard this, she happily cheered, "of course not. I can't wish for anything better!"

"Right, I remember that only by defeating that tiger could someone be able to enter the Academy right now? Brother, how did you get in here?"

Chen Xiang faintly smiled, "you are right. There is indeed only one path. How do you think I got in?"

Leng Youlan frowned and asked in surprise, "brother, did you defeat the tiger?"

"What? You don't believe it?" Chen Xiang triumphantly said. He originally thought that this would scare off this belligerent little sister, but who knew that Leng Youlan would once again cheer up.

"Of course, I believe in you. I know that you are very strong. I've been wanting to beat up that tiger for a long time, so I kept roaring and making noise until I went to sleep! However, I was stopped by sister Xianxian. Brother, quickly tell me about the situation at that time. "

Chen Xiang pinched her nose and said with a smile, "that tiger is really hard to deal with. Fortunately, you are stopped by Xianxian ..."

"What? You don't believe I can beat that tiger? I am very powerful... Brother, quickly tell her how you defeated that tiger ...come on!" The usually cold and callous Leng Youlan was acting coquettish now, and it seems that she was good at it. Chen Xiang was curious as to how she did it.

Chen Xiang was helpless and could only explain how he defeated the Bloody Saber-Teethed Tiger. In order to show his power in front of his younger sister, he added amazing plots to his narration...

As they were bragging, they soon arrived at the small house halfway up the mountain.

Sister Xianxian, your man is here!" Leng Youlan laughed loudly, then rudely opened the door and dragged Chen Xiang inside.

Once inside, Chen Xiang saw Xue Xianxian holding a long white jade spear stabbing a scarecrow with mysterious steps. As she flew and danced within the garden, her white clothes fluttered in the air like a fairy descending to the mortal world. Her eyebrows were tightly knitted together. It was obvious that she was contemplating deeply without noticing her surrounding.

Seeing this, Leng Youlan leaped forward, brandished the sword in her hand, and fiercely slashed at the white jade spear held by Xue Xianxian. Xue Xianxian's reaction was very fast; she hurriedly dodged, then lightly kicked the blade of the sword.

"Stop messing around!" Chen Xiang laughed.

Hearing Chen Xiang's voice, Xue Xianxian immediately looked over, while Chen Xiang had already arrived in front of her and tightly hugged her.

"Xianxian, I missed you so much!" Chen Xiang stared at her pair of gorgeous eyes and said.

Darling Xiang, I missed you too!" Xue Xian stood on her tiptoes and kissed Chen Xiang's lips as she smiled sweetly.

Leng Youlan pouted and said, "he said the same thing when he saw me!"

Even though the house was small, it was spacious enough for three people to stay there. Xue Xianxian was very happy when she found out that Chen Xiang was going to stay here. It had been a long time since she and Chen Xiang lived together, so that was a rare opportunity.

"Xianxian, were you at the Frozen Wind Valley all this time?" Chen Xiang was extremely curious about their cultivation experience. The fast speed at which their strength was rising was difficult to understand. He knew that he could grow fast only because of his Dan, but the two girls did not have the pills.

Xue Xianxian nodded, "there is a forbidden area in the Frozen Wind Valley, which is very suitable for us who possess the Ice-Fire Vein to cultivate in. Our master had cultivated there for a very long time before, and she would sometimes join us."

"We're at the pinnacle now. Big brother, when are you going to compete with me in martial arts?" Leng Youlan asked. She had been looking forward to this day for a long time.

"Well, let's do it tomorrow!" Chen Xiang was filled with helplessness on his face, while Xue Xianxian was laughing on the side.

"Xianxian, sleep with me tonight." Chen Xiang grinned. His proposal made Xue Xianxian blush, but she still nodded her head.

"How can that be? Sister Xianxian always sleep with me, I can't sleep alone! I want to sleep with you guys as well." Leng Youlan said with a pout.

"Well..." Chen Xiang felt embarrassed.

Xue Xianxian smiled charmingly and said, "then come. Anyway, we haven't seen each other for a long time, so it's fine if we sleep together and chat."

At this time, Leng Youlan suddenly thought of something and said, "it seems like I should avoid you guys now so that you can kiss and reminisce! Master seems to have said so ..."

With that, she walked out of the room with a strange look on her face.

"Youlan is like this. As long as you have a good relationship with her, she will always stick to you! Normally, she's always sticking to me and master. In the future, she might also stick to you. However, she doesn't like talking with people who are not on closed to her." Xue Xianxian said with a smile.

Chen Xiang smiled naughtily and said, "now we definitely should kiss and reminisce."

Xue Xianxian let out a small sigh as she looked at Chen Xiang with deep emotions. At this time, Chen Xiang had picked her up and let her sit on his lap.

"I heard from master that you've suffered quite a bit these days." Xue Xianxian whispered. Her expression could not hide the pain in her heart. Her lily-white hands gently caressed Chen Xiang's handsome face that was full of impressions of wind and frost.

"It's fine, I'm good right now." Chen Xiang lightly smiled and grabbed onto Xue Xianxian's jade-like hand, then lowered his head to kiss the cherry-red lips.

"Hmm ..." Xue Xianxian let out a light sign. At this time, she felt a big hand from Chen Xiang reach into her clothes, caressing her two straight "snowy peaks", and gently pinching the "cherries" on the snowy peaks. This caused her to blush and her breath to quicken.

Chen Xiang was turned on as he caressed her tits. He was unable to stop himself from doing so. Instead, he slightly increased his strength as he said, "my little fairy has grown up. She's mature enough."

Chapter 503 The Majesty of Xianxian

Chen Xiang stayed with Xue Xianxian for more than an hour. Her face was flushed red from Chen Xiang's actions, and her clothes were disheveled. In particular, her "snow rabbits" suffered the most and were pinched by Chen Xiang for a long time.

"Darling Xiang, you're getting worse. No wonder master always calls you little scoundrel!" Xue Xianxian tidied up her clothes and spat in a low voice.

If it wasn't for Leng Youlan outside, Chen Xiang would have already stripped this beautiful and mature fairy. He was worried that Leng Youlan would suddenly rush in just as he was doing something with Xue Xianxian.

Chen Xiang only grinned evilly as he tightly hugged Xue Xian and gently stroked her hair.

"My dear Xiang, tell me honestly, have you done anything bad to master?" Xue Xianxian asked in a low voice. Her sound was clearly a little serious.

Chen Xiang was shocked. This was something he had been worried about the entire time. He didn't answer because he didn't want to lie to Xue Xianxian.

"Every time master mentions you, her expression is always a little strange. It's very different from how she usually is. She seems to hate you, but also very care about you. Sometimes she even blushes when she talks about you." Xue Xianxian gently pinched Chen Xiang's chest just at his nipple, causing him to let out a weird cry.

Chen Xiang never thought that Liu Menger couldn't hide her feelings for him in front of Xue Xianxian and the others.

"Xianxian, I'm sorry!" Chen Xiang sighed. After a cautious consideration, he decided to tell the truth to Xue Xianxian. He felt that he owed her for always hiding this matter from her, even though it was very normal for a man to have more than one wives and concubines, especially a man with high strength and noble status.

Xue Xian snorted and pinched Chen Xiang's chest. She spoke with a dense jealousy, "I know it. I really don't understand what you did to Master Bai to make her hook up with you."

After putting forward the words, Xue Xianxian let out a long sigh. Liu Menger was her master. If she didn't hear Chen Xiang's answer, she wouldn't have believed that her lofty and aloof female emperor master would fall in love with Chen Xiang.

"I'm sorry. To be honest, she has been taking good care of me over the years and helped me a lot. It is true that I encountered some unhappy things with her, but later we just have the feelings unconsciously. It is difficult even for me to control the feelings." Xue Xianxian's reaction was not that intense, which made Chen Xiang alleviate.

Xue Xianxian said with hidden bitterness, "tell me honestly, how long have you been hiding this from me? I want to know how you got my master!"

She was Chen Xiang's wife and Liu Menger's disciple, but no matter how she thought about it, she couldn't understand how the female emperor Liu Menger fell in love with a weak kid. It was hard for her to believe.

"It started from the Profound realm. At that time, she saw me entering the realm by myself, then she followed in. That was the moment that we entered the Profound Realm in advance."

Chen Xiang paused for a moment before continuing, "there are some things that cannot be leaked out, you have to remember that!"

"Got it, just say it quickly!" At this moment, Xue Xianxian seemed very curious. She only wanted to know how her master fell in love with her husband.

Chen Xiang had no choice but to tell Xue Xianxian some things, like how he helped Liu Menger obtain the Vermillion Bird Divine Weapon, how he aimed her to obtain the Fire Soul, and that he kissed Liu Menger to ease her pain ... then the story that he gave Liu Menger the gradients of Life Retrieving Dan to help her successfully survive the tribulation, finally, what happened inside the White Tiger Profound Realm that he helped Liu Menger to improve her strength greatly.

Of course, Chen Xiang did not mention those intimate things in case Xue Xianxian was provoked.

After knowing about these things, Xue Xianxian couldn't help but sigh in admiration, "no wonder master told me many things not a long ago, which seemed to be just like her last words. I did not know that she was going to undergo a Nirvana Tribulation. She did not look good at that period."

"Xianxian, don't blame her. I was the one who pestered her." Chen Xiang was worried that Xue Xianxian would hate Liu Menger, which would be very troublesome.

Xue Xianxian jumped down from his arms and said with a snort, "other than my master, do you have any other women? You must tell everything to me. As your firstwife. I need to know these things."

"Well, Xianxian, so you're saying that you agree to the matter between sister Menger and I? " Chen Xiang asked in a low voice.

"Do I have another choice? One is my master, and the other is you the rascal. Besides, you rascal must pay a lot of efforts to get my master. Do you think I am that cruel to tear you apart?" Xue Xianxian also knew that it was very difficult to pursue an outstanding woman like Liu Menger. Chen Xiang must be very capable to get her.

Chen Xiang, who had been trembling with fear the entire time, finally revealed a smile ...

"Remember, you must keep the matter between you and master a secret. It won't be good for you or her to speak of it now." Xue Xianxian enjoined Chen Xiang. She lightly punched him, and when she saw the smile on his face, she coquettishly snorted a few times.

"Quickly tell me, which women are you also hooking on behind me?"

Chen Xiang scratched his head and said, "Xianxian, why did you think me that bad?"

"A man with a little skill can't bear to get involved with other women! You even dare to touch my master; what else do you not dare to do? Be quick, say it out." Xue Xianxian expresses a stern gaze as she asked.

Chen Xiang spread out his hands and bitterly smiled, "thank god, no more. Does it count if I furtively get a maid?"

"A Maid? What kind of maid?" Xue Xianxian was instantly filled with jealousy in her face as she angrily asked.

"Don't worry. If you don't like, I will just send her away." Chen Xiang hurriedly brought Xue Xianxian into his arms to comfort her.

"Quickly tell me, what kind of maid she is? What kind of relationship has she been with you? I don't believe that she's a simple maid, just like ... just like you and Youlan; I don't believe that you two are siblings." Xue Xianxian strongly pinched Chen Xiang's waist, "I won't let go until you confess out."

Chen Xiang smiled bitterly, "do you know Hua Xiangyue? She begged to be my maid. Be gentle, I didn't lie to you. Sister Menger can testify to that. She even made a master-servant contract with me."

The dignified headmaster of Dan Xiang Taoyuan, a famous Dan refiner in the Mortal Martial World, actually went to be Chen Xiang's maid. Xue Xianxian would never believe that, but after she heard about

the master-servant contract, she also felt that something was off. She knew that Chen Xiang wouldn't lie to her.

"What the hell is going on? Hua Xiangyue is even stronger than the master. How could she was willing to be your maid! Darling Xiang, could it be that you know some sort of evil technique?" Xue Xianxian frowned as she thought about this. She knew that Hua Xiangyue would not simply be Chen Xiang's maid.

"I also asked her before, but she did not tell me! The master-servant contract is very formidable. She can't disobey my orders, and she must follow me if I die. I also know that no one would believe this kind of thing. I will bring you to see her after she survived the Nirvana Tribulation. I am sure that she will not dare to challenge my words. "

Xue Xian was even more puzzled. She looked at Chen Xiang with a strange expression. She began to suspect that there was something on him that could attract the two goddesses—Liu Menger and Hua Xiangyue—in Chen-Wu Continent!

Chapter 504 Thoughts of Women

Xue Xianxian suddenly felt a great pressure. She was the first wife, but later on, Chen Xiang hooked up with her master. At the same time, he also had Hua Xiangyue as his maid.

Thinking of this, Xue Xianxian couldn't help but admire Chen Xiang's tactics. Although she felt very puzzled about the matter with Hua Xiangyue, after she heard how powerful the master-servant contract was, she firmly believed that Hua Xiangyue wouldn't be able to use any tricks. She was very worried of the wellbeing of Chen Xiang. However, with secret support of two formidable women, namely Liu Menger and Hua Xiangyue, he did not need to fear even some strong powers.

Chen Xiang didn't know that Xue Xianxian was thinking about a long-term plan. He did not disturb her as he saw that Xue Xianxian was deep in thought. He just held her in his arms and waited for her to speak. He did not dare to speak anything loud, only in a worry that his words would make Xue Xianxian angry.

"Master is very kind to me, so I can only accept the fact." Xue Xianxian sighed.

Chen Xiang curled up the corner of his mouth curled up slightly, but he suddenly felt a pain in his waist. Xue Xianxian firmly pinched his waist and said, "you little rascal, are you thinking about the matter of taking in both the master and the disciple? No wonder master always calls you like this. It seems that you have done a lot of bad things to her... What a poor master!"

"How could I? I was very kind to sister Menger." Chen Xiang quibbled.

"Even a ghost wouldn't believe you." Xue Xian grunted, while Chen Xiang once again extended his hand deeply into her clothes. She struggled for a moment before letting out a soft snort, allowing Chen Xiang to do whatever he wanted.

"Yours are about the same size as that of Menger, hah." Chen Xiang smiled mischievously.

This caused Xue Xianxian to pout coquettishly, "darling Xiang, have you done that with master yet?" Xue Xianxian blushed when she was finished.

"Which one?" Chen Xiang knew but still asked.

"Just that thing, the..." Xue Xianxian's voice was as thin as that of a mosquito. Her face was as red as a ripe apple, causing Chen Xiang to be unable to help but pinch it.

"Heh heh, not really." As Chen Xiang spoke, he pulled back the lapels of Xue Xianxian's clothes, after which her pair of bewitching "white rabbits" abruptly jumped out. Seeing this, Chen Xiang's mouth went dry and his soul flew out to the nine heavens; this was the first time he saw Xue Xianxian's chest and his heart almost stopped beating.

"How beautiful they are!" Chen Xiang sighed in admiration. Just as he was about to lower his head to kiss her tits, Xue Xianxian also wished that Chen Xiang would do something to her.

At this moment, Leng Youlan knocked on the door, "brother, sister Xianxian, master is here!"

Liu Menger was here! The message scared so much Chen Xiang that his raised penis suddenly grew soft. Infatuated Xue Xianxian hurriedly jumped out of Chen Xiang's embrace and tidied up her clothes.

"Sister Menger, really, she did not have a good timing to come." Chen Xiang grumbled under his breath.

"Darling Xiang, master definitely has something important to attend to, because she told us that she was preparing to undergo the Nirvana Tribulation. She has been preoccupied all this time! You said earlier that her power has increased greatly. It seems that she has not been prepared to transcend the tribulation yet." Xue Xianxian said.

"Doesn't she know how to suppress her cultivation? That's what a lot of old guys do!" Chen Xiang sighed.

"Darling Xiang, don't you know that it takes a huge price to suppress one's cultivation to avoid Nirvana Tribulation? Many people choose not to take that step because of this. Moreover, the power of the Nirvana Tribulation will be even greater if they do that. It can be said that once you retreat once, you will have no more chance of surviving the tribulation in the future." Xue Xianxian said. Improvement of Liu Menger's cultivation was too fast. Even if she didn't undergo the tribulation, she would still have to suppress her cultivation. This was indeed a dilemma.

Chen Xiang walked over to open the door, while Xue Xian hurriedly grabbed Chen Xiang's hand, "Darling Xiang, just wait for master to pass the Nirvana Tribulation, then you tell her what you've already confessed to me. I don't want to make her think too much about this matter! Although she is my master, she is also a woman. I am afraid that she will be distracted. "

Xue Xianxian's kindness touched Chen Xiang a lot, "got it!"

"Darling Xiang, do you have more medicinal gradients of the Life Retrieving Dan?" Xue Xianxian asked in a worry. Although she didn't concoct Dan, she still had some understanding of such precious medicinal ingredients.

Chen Xiang laughed, "I still have ten more doses. I'll give them all to her!"

"What? Why you have so much of them!"

Xue Xianxian shouted lightly while she was totally excited in her face. At this moment, she began to understand why Liu Menger's heart was captured by Chen Xiang. Indeed, he was very capable in this

area. No matter how strong a woman was, she still wanted to find a man to rely on. Although Chen Xiang was not strong, he was like a big tree, protecting Liu Menger from the wind and rain.

"Master, I think they're still dressing up inside! I heard from Uncle Ma in the city that when the couple gather together, they usually strip naked and roll on the bed. What kind of custom is this?" Leng Youlan asked. She didn't know anything about men and women and didn't have the interest to know.

"Stupid girl, you will understand after you have a man in the future!" Liu Menger laughed and said.

"I don't want a man. A brother is enough for me!" Leng Youlan immediately said.

"Your brother is a bad guy." Liu Menger mumbled to herself. Her mind was twisted. She knew that the white-haired beauty, Leng Youlan, looked fierce and overbearing, but she did need someone to take care of her at times.

When Chen Xiang and Xue Xianxian came out, Liu Menger furtively felt jealous as she saw that their clothes were disheveled and their faces were full of joys. She found that Leng Youlan was right; perhaps Chen Xiang and Xue Xianxian re-united naked in bed.

"Sister Menger!"

"Master!"

Liu Menger let out a soft snort, then she spoke in a soft voice, "I just come to see how you are doing here, and what you learned. I'm going into a closed door cultivation for a period of time. It might take a couple of years."

"We're fine, but those damned martial arts are too hard to learn! In the future, brother will also live here and he can take care of us. Sister master, don't worry about us. Just focus on your closed-door cultivation." Leng Youlan responded with a smile. In front of her acquaintances, she was just like a cute and ignorant little girl, very pleasing to the eyes.

Liu Menger lovingly stroked her strange white hair and said with a smile, "Youlan, in the future, you have to listen to Xianxian. Don't cause trouble everywhere!"

"Got it, master!" Leng Youlan held onto Liu Menger's arm. They two looked like sisters.

At this time, Liu Menger turned to Chen Xiang and said, "Chen Xiang, I have something to tell you. In this period of time, I am going to leave Youlan and Xianxian to you. There are some things I need to enjoin you."

Very tactfully, Xue Xianxian pulled Leng Youlan away and went outside to compete in martial arts.

Chen Xiang hurriedly handed over a storage bag to Liu Menger, "those are medicinal ingredients of Life Retrieving Dan. After a while, I will go find my master and ask him about your tribulation."

Liu Menger didn't expect that Chen Xiang would have gradients of Life Retrieving Dan with him. When she took a look, she realized that there were actually ten doses of them! She had originally been disheartened by the tribulation, but now she was brimming with confidence.

"Thank you! Take good care of these two girls. If you need to find me, then go to the place in which the succubus Hua Xiangyue conducts closed-door cultivation! I will let her help me concoct Dan. I thought I would have to stay at this stage forever." Liu Menger said in a low voice as she gratefully looked at Chen Xiang.

Chen Xiang smiled, "OK, I understand! Just focus on your preparation for the tribulation. At that time, I will have a lot of things that need your help."

Liu Menger kissed Chen Xiang lips, then walked out to enjoy Xue Xianxian and Leng Youlan before leaving.

Chapter 505 A Romance on the Bed

After taking a bath at night, Chen Xiang laid in bed thinking about Liu Menger's situation. The few acquaintances he knew, Hua Xiangyue, Liu Menger and Wu Kaiming, were all undergoing the Nirvana Tribulation. Once they succeeded, they would be people who overcame the Eighth Nirvana Tribulation, and could be considered the top existence in the Mortal Realm.

Suddenly, a delicate fragrance assaulted his nose. Leng Youlan with her wet hair jumped onto the bed. What made Chen Xiang's blood flow expand was that she simply wore a black cloth to wrap around her ample breasts and the "triangle region" below her waist.

Looking at her half revealed "snow rabbits" and the hint of cherry red, Chen Xiang found it hard to breathe. He couldn't help but take a deep breath.

Looking at Chen Xiang's dumbfounded expression, Leng Youlan giggled, "sister Xianxian just said that if I wore like this, I would definitely captivate elder brother, haha ..."

After that, Xue Xianxian was wearing a loose white robe as she slowly walked over. She slapped on Leng Youlan's buttocks. With a pah sound, waves of buttocks rippled out, which made Chen Xiang's eyes almost pop out of their sockets.

What's even worse was that Leng Youlan was lying on top of him right now. She raised her chest, and that deep gully between her breasts firmly attracted his eyes.

When he thought of the scene of Xue Xianxian bathing with Leng Youlan, many sexy scenes appeared in his mind.

"Sis Xianxian, I want to take them off. I'm not used to sleeping in clothes!" Leng Youlan complained.

Hearing her words, Chen Xiang secretly supported her in his heart. However, he didn't dare say it out loud. After all, Leng Youlan was his little sister.

"No way. If you are naked, this rascal will definitely be dishonest in his hands!" Xue Xianxian's beautiful eyes stared at Chen Xiang as she glared at him.

"Xianxian, your hands were never honest when you sleep with me. He's my brother, and there's nothing wrong to let him touch my body. Didn't you allow him to touch you as well?" Leng Youlan muttered to herself and was about to pull away the cloth covering her chest. Her action made Chen Xiang's heart jumped into his throat. He was looking forward to it.

Xue Xianxian blushed immediately and she hurriedly stopped her, "no way. That will just allow this rascal to take advantage of you!"

Chen Xiang secretly despised Xue Xianxian. When he thought about that when Xue Xianxian and Leng Youlan slept, Leng Youlan were always naked and allowed Xue Xianxian to touch her, he was extremely jealous.

"Your sister's breasts are a little bigger than those of your sister Menger. It seems that she is the one with the biggest chest out of all the women you know!" Long Xueyi giggled and said, "I also want to touch her."

Su Meiyao and Bai Youyou were also a little jealous of Leng Youlan. She remembered that the last time Chen Xiang and Leng Youlan met, her breasts weren't that big. They really wanted to run out and ask Leng Youlan how her breasts grew up. This was also something that women cared about.

Xue Xianxian tossed Leng Youlan a loose white robe and asked her to put it on. Leng Youlan pouted and put it on unwillingly. Although she knew that men and women should not be too closed, she felt that it wasn't that big of a deal to be closed with Chen Xiang. If it wasn't for Xue Xianxian stopping her, she would have pulled Chen Xiang to bathe together with her.

After putting on her robe, Leng Youlan tore off the cloth covering her body. This caused Chen Xiang to swallow his saliva because he could see the proud two spots of cherry red on Leng Youlan's chest.

"Brother, help me dry my hair!" Leng Youlan urged with her back facing Chen Xiang.

Leng Youlan's white hair was very tough. Long Xueyi had already tested it. However, Chen Xiang still carefully released the heat to dry her soft and smooth white hair.

"Do you usually sleep together?" Chen Xiang asked curiously.

"Yep. We also bathe together. I planned to bathe together with you, brother too, but sister Xianxian wouldn't allow it." Leng Youlan muttered.

Chen Xiang glanced at Xue Xianxian, but Immortal Xue gave him a supercilious look.

"She really is my good little sister. She can think of anything with big brother." Chen Xiang said confidently.

"Of course, I've been planning on following brother for the rest of my life." After Leng Youlan's hair was dried, she threw Chen Xiang onto the bed and started playing with him.

Chen Xiang was wearing very thin clothes. After having such intimate contact with Leng Youlan, some parts of his body started to turn on. He didn't expect Leng Youlan to be so casual with him and not treat him like a man at all. Usually, only women and women would be this close to each other.

Leng Youlan grew up under her father's strict teachings. She didn't know much about men and women, or tried to understand. No one dared to talk about it in front of her, so she inherited her father's warlike, cold, bold, and casual personality.

Chen Xiang felt that if Xue Xian was not there, he might be able to embrace naked Leng Youlan to sleep. Previously, Chen Xiang was secretly blaming Leng Youlan for interrupting his fair with Xue Xianxian, but now Xue Xianxian turned to be the hindrance.

Xue Xian could have refused to let Leng Youlan sleep with them, but she still agreed in the end. It was obvious that she did it on purpose. If she did not allow her, then Chen Xiang would be depressed for the entire night.

"Youlan, don't worry, your brother will sleep with us all the time in the Academy." Xue Xianxian laughed, then pounced over to play with Leng Youlan.

The three of them rolled around on the bed, unable to avoid intimate touching between some sensitive spots. Of course, there was no relationship between Leng Youlan and Xue Xianxian. It was Chen Xiang who got a fire burning within him mind. He really wanted to tear off the clothes of these two girls that were in his way.

After getting tired, the three of them laid on the bed quietly while Chen Xiang slept in the middle. The two girls on either side of him had their arms wrapped around his tiger body like jade lotuses.

"Brother, when you fight with me tomorrow, remember not to show mercy. I really want to have a good fight with you. I have been expecting it since the first time I saw you." Leng Youlan rubbed her face against Chen Xiang's arm.

"Don't worry, even if I show mercy, you won't win." Chen Xiang laughed. His response caused Leng Youlan to snort in dissatisfaction.

"Tell me what we need to pay attention to in this Academy first. I came a few days later than you guys." Chen Xiang said. He didn't want to cause any troubles here, especially with Leng Youlan. He knew that she would definitely follow him when he got in troubles.

"No private fighting. This is the most serious discipline. No one is allowed to leave the Demon Subduing Academy during class unless he or she obtains permission. One also has to abide by some rules and regulations, such as to diligently practice martial arts and study the knowledge imparted by the teachers ... That's all I remember." Leng Youlan said.

"Sister, you remember quite a bit, if it is all for you!" Chen Xiang laughed.

"Also, there's the matter of the Demon Subduing Stone. For example, if you complete some tasks that the academy orders, or challenge someone on the Demon Subduing rank, you will get Demon Subduing Stones!" The main use of Demon Subduing Stones is to enter the Stellar Transposition Realm! " Xue Xianxian added.

"Stellar Transposition Realm? What is it?" Chen Xiang asked curiously.

"It's said that the Stellar Transposition Realm is a strange profound realm. The time inside it is different from outside. Staying for a year inside it, you only spent one day outside. The place also has extremely dense Spirit Qi!" Xue Xianxian said.

Chapter 506 Demon Subduing Stones

Suddenly, Chen Xiang's eyes flashed with light. The Stellar Transposition Realm could solve his worry. He must refine an Earth Rank Dan to compete with Elder Dan within three years, but he felt that he would not make it in time, especially given the lack of gradients of Dan and limited strength.

"Just like the Water Moon Profound Realm in the Frozen Wind Valley, in which the time spent is always longer than outside on the fifteenth day of each month. One day inside there equals to several months outside!" Leng Youlan said. That's why she didn't care about how powerful that Stellar Transposition Realm was.

Now Chen Xiang understood why Leng Youlan and Xue Xianxian's strength increased so fast, because the place they cultivated in isolation was different from the outside.

"It takes the thousands of Demon Subduing Stones per day to enter the Stellar Transposition Realm. The Demon Subduing Stones are specially made to encourage students to improve themselves, and it's very hard to get one. I only managed to get 500 of them after such a time I spend here." Xue Xianxian saw Chen Xiang's expressions. She knew exactly what he was thinking.

Leng Youlan continued, "sister Xianxian and I earned those five hundred stones from gambling with others. We can only gamble for at most ten stones each time, and now many people don't dare to fight with us anymore, so it will become harder and harder to get those stones."

"Xianxian, what is the Demon Subduing Board that you mentioned earlier?" Chen Xiang thought for a moment before asking.

"That's a group of very powerful guys! As long as we get one thousand Demon Subduing Stones, we can challenge them. If we lose, we have to give them our Demon Subduing Stones. If we win, we can get two thousands stones from the Academy." Xue Xianxian said.

"There are a total of 100 people, and even the guy at the bottom is also at the peak of the Spirit Martial Realm. He's the one who challenged me today." Leng Youlan said angrily, "that guy is definitely not as good as me. I can definitely win over him."

Chen Xiang touched her cheeks and hugged the two girls tighter, "how is the ranking decided?"

"The top 80 were carefully selected from other worlds, and they are all very powerful. Many of them are in the Hundred Cultivation Realm. The last 20 are from the Mortal Martial Realm. They were selected by the Principal of the Demon Subduing Academy when they first checked in, so their rankings can't be considered strict." Xue Xianxian immediately pinched Chen Xiang as she saw him intending to take advantage of Leng Youlan.

Xue Xianxian did not put on her underwear, neither as Leng Youlan. Chen Xiang felt very comfortable being rubbed against their round and soft breasts. However, he also felt very uncomfortable in a certain part of his body.

"Did sister Menger teach you the Frost Wind Divine Technique?" Chen Xiang asked.

"Yes." The two women replied at the same time.

"I will teach you another martial art now. It might be helpful for you to learn those martial arts." Chen Xiang said.

"What martial arts?" Leng Youlan immediately became excited. She was a warlike person. In order to have greater power, she needed stronger martial arts.

"Is it the Tai Chi Dragon Subduing Technique?" Xue Xianxian was also extremely happy. Although she knew that Chen Xiang had divine techniques, without the consent of her sect, he could not teach them to anyone, not even to his own wife.

"No, you can't learn that! However, divine technique I am going to teach you was adapted from the Tai Chi Dragon Subduing Technique. It is also a divine technique called the Tai Chi Divine Technique. It is suitable for you guys to learn." Su Meiyao had given him a permission, which was why Chen Xiang could teach the technique to them.

The Tai Chi Divine Technique contained a lot of contents. Chen Xiang didn't know how to use his divine sense to transmit the information directly to the two girls. He could only dictate it, so the process was extremely boring.

The two girls couldn't remember everything either, so Chen Xiang planned to divide the process to a couple of days and teach them only a short lesson at each time. Very quickly, the three of them felt sleepy and hugged together as they fell asleep.

The next morning, just as dawn was about to break, Chen Xiang was pulled up by Leng Youlan who was wearing her armor. Although she was very casual when she slept, that she might even be naked, she always wore heavy armor when she went out. She had not changed the habit for all the times.

Chen Xiang promised her that he would have a good fight with her. He didn't know much about Leng Youlan's strength, except that she had stepped into the first stage of the Extreme Realm, the Spiritual Martial Realm. In addition, he also knew that she possessed the Frost Wind Divine Technique, but he did not think that it would pose much of a threat to him because he possessed the Heaven and Earth Flames that could withstand the cold.

Xue Xianxian also got up very early. It was a fight between Leng Youlan and Chen Xiang, so she must come to watch it. She was very clear about Leng Youlan's strength, but she had little knowledge about Chen Xiang. For all the times she only heard some stories of his strength. Although she once saw Chen Xiang's battle before, that was when Chen Xiang was in the True Martial Realm.

"Brother, do not worry too much when you attack me! I won't blame you if I lose, and you cannot give any mercy in order to make me stronger!" Leng Youlan said seriously.

Xue Xianxian laughed softly, "dear Xiang, you don't have to worry about her. She lost to me a few times, but she never ignored me."

Leng Youlan stuck out her tongue. "Sister Xianxian has also lost to me."

Originally, Chen Xiang wanted to hide some of his strength, but after hearing Leng Youlan's request, he could only change his plans and fight her with all his force. At the same time, he wanted to know how strong his little sister really was. This way he could also get aware of the strength of Xue Xianxian, because theirs were almost in the same level.

"After I'm done fighting with you, I still need to go for Xiao Chou the little bastard, sigh ...It is really demanding to be an older brother and a master. " Chen Xiang suddenly wanted to send Xiao Chou to Huang Jintian to rub his spirit so that he wouldn't always show off in front of him in the future.

"The kid lost to me not because he showed mercy, but because he was too weak! He'll definitely tell you that he lost because he can't use his full strength! Hmph, I know it. If I had the chance, I would make him lose without a word to say." Leng Youlan was a little angry. She hated people who denied her strength the most.

"He's from the Great Strength Clan!" Chen Xiang said. He did have some doubts about this.

"Big brother, aren't you human as well? You also beat him twice, don't you? So what if I beat him once? How you dare to underestimate me? I won't be any merciful in a moment." Leng Youlan aggressively said. Her body exuded a domineering aura. Before she even reached the martial field, the battle blood in her body had already been ignited.

Long Xueyi said with a snort, "she has the bloodline of the White Dragon. Don't underestimate our White Dragon Family. If her bloodline is awakened, she could easily defeat tens of guys of the Great Strength Clan, not to mention only a kid. At that time, you wouldn't have the confidence to defeat her."

Xue Xianxian also snorted, "dear Xiang, don't underestimate our women. Now I also want to have a fight with you to show you my strength!"

Chen Xiang swallowed his saliva. His surrounding and his body were filled with women. He couldn't afford to offend them.

"I didn't mean that. Let's go to the martial arts field now. I can't wait any longer." Chen Xiang hurriedly changed the topic.

Chapter 507 A Match Between the Brother and Sister

It was not even dawn yet, and it was also a holiday, so the martial field was very deserted. Yesterday was bustling with noise and excitement because Leng Youlan was there to fight someone, which attracted many people to watch.

"I want the biggest battling platform." Leng Youlan pointed at the round martial stage in the middle of the martial field and then walked over. She put a lot of crystals in several places. Chen Xiang estimated that there were at least two hundred thousand or so.

There were formations on these battling platforms, but they took energy, so those who wanted to use them had to put in their own crystals.

Without the protection of a formation, even a fight between True Martial Realm warriors could destroy the entire martial field, let alone a battle between the Extreme Realm warriors.

"No use of weapon. If you drop off the stage, or get knocked unconscious, you lose." Leng Youlan jumped onto the stage, clenched her jade fists and said with excitement.

Chen Xiang also walked over and smiled, "alright. Xianxian, you can call for the start!"

Because he was competing with Leng Youlan, Chen Xiang wouldn't use the three Divine Weapons on him, or borrow Long Xueyi's strength, because that would be very unfair to Leng Youlan.

"Brother, you promised me that you would fight me with all your strength right from the start! Don't eat your words." Leng Youlan enjoined. She was worried that Chen Xiang would show mercy to her. At that time, even if she won, she wouldn't feel happy at all.

Chen Xiang nodded. His expression became serious. Seeing such an expression, a charming smile appeared on Leng Youlan's cold face.

Xue Youlan was not worried. Although Chen Xiang and Leng Youlan were siblings, she knew that Chen Xiang was a playboy, and he would definitely develop a fair with Leng Youlan. Moreover, Leng Youlan also liked Chen Xiang a lot, so Xue Xianxian had already tacitly agreed to it.

"Begin!" Xue Xianxian snorted. She was also looking forward to this match because her strength was on par with that of Leng Youlan. She didn't need to compete with Chen Xiang to know the distance between him and hers.

As soon as Xue Xianxian's voice fell, Leng Youlan disappeared. Chen Xiang had watched Leng Youlan's battle back in the mortal world. At that time, Leng Youlan won with speed.

Chen Xiang continued to spin on the stage, because Leng Youlan was currently on the stage at a speed so fast that no one could catch her. She ran in a circle. Her footsteps were very light and there was almost no sound. What made Chen Xiang surprised the most was that Leng Youlan was even able to hold her breath.

To be able to prevent her aura from leaking out under such intense movements, Leng Youlan must have a great control over the True Qi in her body.

"Hey, stop hiding!" A loud explosion rang out, and the energy beneath Chen Xiang's feet exploded, causing his body to be catapulted out. The dragon force in his hand condensed and caused the entire martial stage to tremble slightly. As the dragon force released by Chen Xiang became stronger, the scope of the trembling became wider.

This was the power of the dragon force. Chen Xiang had heard from Long Xueyi that if a very strong dragon released its power in the Mortal Realm, it could cause the space of the entire world to collapse!

Chen Xiang could the techniques he used in refining Dan to fight in this battle. He had calculated the position of Leng Youlan when he punched her just now.

"Ah ..."

The moment Chen Xiang's fist struck out, Leng Youlan's face was ruthlessly struck. Her head suffered a huge and intense impact, causing her body to flip over abruptly. Her head heavily hit the ground and then bounced a few times on the ground.

Fortunately, the competition stage was very big and Leng Youlan did not fall out. However, her head was very heavy and her beautiful cheeks were swollen and red. Blood dripped out from the corner of her mouth.

“Pah!” Leng Youlan spat out the blood. She was satisfied now because Chen Xiang did not show any mercy and used such powerful dragon force from the very beginning. If she wasn’t so strong, she would definitely not be able to eliminate that terrifying and tyrannical dragon force and should have flown off the stage long ago.

Seeing that Leng Youlan would be able to stand up so quickly, Chen Xiang’s eyebrows tightly knitted together. He had used the strongest dragon force in the strike, but Leng Youlan was not affected!

“Although her White Dragon Bloodline is very weak, it is enough to make her body strong. If her White Dragon Bloodline awakens, it won’t be worse than you with Black Tortoise Armament Armor. This is the strength of our White Dragon Family. We, White Dragons, are very strong within the Royal Dragon Clan.” Long Xueyi said with a smug tone.

A bone-chilling power suddenly burst out from Leng Youlan’s body, causing Chen Xiang to shiver. The Heaven and Earth Fire Soul in his body immediately ignited into flames as he encountered such a freezing wave to expell this cold.

“Youlan, I will make you accept your loss!” Chen Xiang revealed a cruel smile. His word left Leng Youlan and Xue Xianxian furrowing their brows. They knew of Chen Xiang’s brutal methods.

Leng Youlan suddenly disappeared. Just in the blink of an eye, she appeared beside Chen Xiang. At the same time, her jade-like fist was like a streak of white lightning as it struck toward Chen Xiang’s face.

The jade fist violently landed on Chen Xiang’s face and even caused a wave of ice crystals. Judging from the ice crystals that shot out, it was clear that Leng Youlan must use an extremely powerful cold energy to attack him.

Leng Youlan’s Ice Fist was extremely tyrannical. The cold, accompanied by a berserk feeling, struck into Chen Xiang’s body and quickly froze him, stiffing half of his face.

“Don’t underestimate me!” Leng Youlan snorted. Her fists were like winds, crazily attacking on Chen Xiang’s head. It was so fast that there was not even a shadow of a fist. Her extremely fast speed made it seem as if both of her hands had disappeared.

In a split-second, she had unleashed hundreds of attacks, all of which were filled with a biting cold, causing ice crystals to continuously shoot out from Chen Xiang’s head. His entire body was also filled with ice-cold energy and frozen to stiff. There were a span of ice crystals falling down to the ground.

Chen Xiang now knew why Leng Youlan dared to say that she could defeat the Bloody Saber-Teethed Tiger. She could definitely do that with that strength, especially her speed. The Bloody Saber-Teethed Tiger might not even be able to see her face before it was entirely frozen.

“Is this the power of the Frost Wind Divine Technique? If you don’t have the Heaven and Earth Flames, you would have long been confused!” Bai Youyou exclaimed in surprise. The terrifying cold made her feel shocked and excited.

In just a few seconds, Chen Xiang could not react at all and his entire body became stiff. Fortunately, his Heaven and Earth Fire Soul was able to automatically absorb his own True Qi and produce flames to expel the cold.

One of Chen Xiang's arms started to regain consciousness. He abruptly grabbed Leng Youlan's wrist and threw her away.

After Leng Youlan was thrown away, she stood firmly at the edge of the stage with astonishment in her fascinating eyes. Chen Xiang could actually move and use so much strength. This meant that her previous attack didn't have much of an impact on him.

Chen Xiang took a deep breath. His entire body was set ablaze, and the ice on his body instantly turned into mist. His face was swollen and bruised, which meant that Leng Youlan's attack was not light either.

Chapter 508 The Girl Got Defeated

Leng Youlan and Xue Xianxian were both extremely surprised as they saw the flames coming out of Chen Xiang's body. Both of them possessed the Ice and Fire Vein, so of course they also cultivated flames. Moreover, the fire and ice energy must be even, so they were very clear on how strong Chen Xiang's flame was.

"Youlan, don't think that only you keep improving, I won't be slower than you!" Chen Xiang laughed, "your cold energy is indeed very powerful. If it was a year ago, I would have already admitted defeat. But now ...I'm totally fine!"

His explanation caused Leng Youlan to grit her teeth. She never thought that Chen Xiang's flame would be so strong that it surpassed common sense. In her opinion, it was at least at the Hundred Refinement Realm!

"So what?" She continued to use her ice fists to attack Chen Xiang at a much faster speed than before. Before Chen Xiang could even react, his entire body had been bombarded with several hundred blows. This time, the amount of cold energy was much less.

The place where Chen Xiang was hit was indeed very painful, but his body was very strong. Although suffering pains, he wasn't seriously injured and could even repair himself.

"Ah ..." With a tiger's roar, the killing intent on Chen Xiang's body exploded out. His fist turned into a white tiger's head as he fiercely flew out and undertook Leng Youlan's fist.

Leng Youlan's speed was indeed so fast that even Chen Xiang was unable to keep up. However, his divine sense was very strong, that it allowed him to accurately determine the gap between Leng Youlan's movement, so he was able to use the White Tiger King Fist to hit Leng Youlan's body and burst waves of tyrannical explosion and mournful tiger roar.

Chen Xiang's attacks were much more berserk than that of Leng Youlan. At this moment, Chen Xiang allowed his body to be attacked by Leng Youlan, but with her armor, she was able to offset a portion of her power. She also had her own defense, so Chen Xiang's attack didn't have much of an effect on her.

When Xue Xianxian saw this, the corners of her eyebrows twitched. These two siblings were currently using their strongest powers to attack each other!

Chen Xiang didn't use his dragon force because he could tell that Leng Youlan had a way to resist it. If he used it frequently, he would consume a lot of energy. At that time, not only would he fail to defeat Leng Youlan, he would also consume a lot of his strength.

Chen Xiang's White Tiger King Fist was created using his Heaven and Earth True Qi. It was extremely tyrannical, but it did not seem like anything to Leng Youlan!

"Could it be this armor?" Chen Xiang secretly suspected that among the people who fought with him before, only the White Tiger wasn't afraid of this kind of attack. However, Leng Youlan was a human but was actually able to withstand it as well.

Leng Youlan was secretly amazed at Chen Xiang's flesh body. Even after several thousand punches, he was still able to stand straight. However, when she saw the pain in Chen Xiang's eyes, she knew that Chen Xiang wouldn't be able to hold on for long.

This was a protracted war! Leng Youlan did not think Chen had any chance to win.

"Brother, you can't beat me in this aspect! The power of my body isn't something you can imagine." Leng Youlan smiled complacently. Even though her delicate body was constantly being hit by Chen Xiang's violent fists, her face did not show the slightest bit of pain.

"Even if you use your dragon force to hit me, I'm not afraid!" Leng Youlan supplemented. She could tell that Chen Xiang would consume a lot of power if he used the dragon force, so he could not use it for long periods of time. It was only suitable for quick attack and posing a heavy damage to the enemy.

Chen Xiang's body had also gone through countless tempering and had even been incinerated in the core of the earth. Even though it was very painful, his internal organs and meridians had not suffered any damage.

"Really?" Chen Xiang smiled furtively. His White Tiger Fist was not that simple. When he punched out, he infused the Icy Soul Devil Dominance into her body which would secretly affect Leng Youlan's spirit. Not long later, Leng Youlan would feel the cold and all aspects of her body would fall, and that would be the best time for him to attack.

Xue Xianxian also knew that Chen Xiang was not the one to suffer a loss. Now it seemed that Chen Xiang had suffered a huge loss in the fight with Leng Youlan, but she didn't believe that Chen Xiang would do such a stupid thing.

Indeed, Leng Youlan quickly discovered something. She actually felt a trace of cold. She cultivated the Frost Wind Divine Technique, so how could she feel cold? Naturally, she didn't know about the Icy Soul Devil Dominance, so she believed that Chen Xiang had secretly used an even more powerful ice-cold energy than hers and imbue it into her body.

However, Leng Youlan didn't think much of it. She immediately operated the Frost Wind Divine Technique in an attempt to get rid of this external coldness. However, after trying for a while, not only did she fail to get rid of it, the freezing power became even stronger.

"It's about time!" Chen Xiang was secretly pleased in his mind. He suddenly formed a palm with his fist, and condensed the dragon force in his Dantian. As he circulated his strength, the violent dragon force surged towards his arms, then rushed towards his palms. He slapped his palms twice, causing the entire martial field to shake, and at that moment, he even infused two strong Icy Soul Devil Dominance into his palms, which made Leng Youlan's soul completely fall into the valley of ice.

Once he unleashed the Heaven Shaking Palm, its power shook the sky and earth, not to mention that it was unleashed using the dragon force.

Leng Youlan vomited blood from the shock of those two palms. Her internal organs were all clenching together and her head was dizzy. What was even more frightening was the bone-piercing coldness. It made her feel extremely cold, causing her to shiver all over her body.

She knelt on one knee, trying to stand up, but her legs suddenly grew weak, because she felt too cold, so cold that she could not use her True Qi. At this moment, she suddenly realized that although she was cold, there were no marks of ice on her body!

For Leng Youlan to possess this kind of strength, she was definitely not stupid. Thus she quickly got aware that it was her spirit secretly attacked by Chen Xiang, which made her hallucinate!

After discovering that, Leng Youlan was ecstatic!

However, Chen Xiang didn't give her any chance to turn around. He flew up and used both of his palms like a tidal wave accompanied by wind and rain, then he directly unleashed his Heaven Shaking Palms that contained an incomparable dragon force. Just in a blink, he had conducted hundreds of attack. His palms were so fast that they almost landed on Leng Youlan's body simultaneously!

Boom! A humming sound suddenly exploded. The shaking wave penetrated the formation of the martial stage, turning the huge martial arts arena to vibrate crazily. The sound resounded across the sky and throughout the entire Demon Subduing Academy. Leng Youlan spat out a mouthful of blood mist and flew out of the martial arts arena!

Chen Xiang took a deep breath and expelled the pain from his body. Just a moment ago, he was heavily injured by Leng Youlan. He wiped off his sweat and slowly walked over.

"Hehe, you lost to me!" Chen Xiang smiled complacently as he took out a piece of Hell Ganoderma and stuffed it into Leng Youlan's mouth.

Leng Youlan was pretty angry and very reluctant to admit her failure. However, she knew that her strength was inferior to that of Chen Xiang and that she was forced off the stage by him, so she quickly let it go and ate Chen Xiang's Hell Ganoderma. Still, she pursed her lips and looked at Chen Xiang angrily.

"Hmph, big brother, you're so treacherous!" Leng Youlan snorted.

Xue Xianxian walked over. She wiped the cold sweat on Leng Youlan's face and the blood at the corner of her mouth, then said with a smile: "Youlan, later on I will take a revenge for you!"

Chapter 509 Life in the Academy

Such a huge commotion that occurred in the martial field and in such a quiet morning would definitely be noticed, but when many people arrived, they only saw Chen Xiang and the two famous beauties of the Demon Subduing Academy leaving, which left many young and handsome males to feel jealous.

After returning to the small house, Leng Youlan's injuries had already healed considerably, and her anger had also dissipated.

“Big brother, I cannot accept this. If we fight again, I will definitely win!” She believed that the reason why she lost was because Chen Xiang secretly attacked her mentally, making it impossible for her to guard against him. By the time she discovered him, it was already too late.

She felt that if she fought again, she would definitely be able to prevent this kind of thing from happening again, and she wouldn’t lose her fighting strength because of it.

Chen Xiang laughed, “my good little sister, if it’s a real fight, there won’t be a second chance! I’ve agreed to compete with you. If you still wish to fight, we can do so in a short period of time.”

He didn’t want to compete with Leng Youlan again. It hurt to beat her, but if he didn’t do it seriously, he would make her very angry, so it would be very difficult for him to choose.

“Hmph.” Leng Youlan gave a charming snort. She had indeed lost. This caused her to feel extremely humiliated. Before the fight started, she was filled with confidence, but now her loss was so ugly.

“Alright, I’ll start passing on my skills to you. After you learn the Tai Chi Divine Technique, your strength will definitely increase greatly.” Chen Xiang rubbed her head and laughed.

Of course, Leng Youlan and Bai Youyou were very happy. This was something that would benefit them, not to mention that it was Chen Xiang who was the one in charge of cultivating.

After entering the room, Chen Xiang laid down a barrier and began to conduct his cultivation in a bored manner. After a day, what caused Chen Xiang to be surprised was that Leng Youlan was actually very patient as she memorized the obscure mantra chants.

“There’s a lot more. Let’s continue on tonight. We need to eat something now.” Chen Xiang stretched his body. This method of cultivating was very troublesome. He really wanted to be like Su Meiyao who directly used her divine sense to pass on their techniques. That way, not only would they remember the new chants, he would also be able to impart his insights to them, which allowed them to thoroughly understand it.

But that would require an extremely powerful soul to accomplish. Although Su Meiyao and Bai Youyou had lost their strength, their souls were abnormally powerful, so as their divine senses.

At night, Chen Xiang and the two girls huddled together on the same bed. Chen Xiang also began to teach them the chants and mantra spell of Tai Chi Divine Technique and didn’t sleep until the middle of the night.

“Brother, you’re a newcomer. It’s best if you go find that chancellor and ask him to arrange things for you. You’ve been late for such a long time, so you’ve left behind many things that you could have learned.” Leng Youlan said.

Chen Xiang nodded his head. “Can I go to class with you two?”

“No, the school is divided between men and women, so we can’t be together.” Xue Xianxian laughed.

The two ladies were the first to leave. Their colleges was far away on top of a tall mountain. Not only did they have to learn knowledge there, sometimes they also had to train with each other or find some demonic beasts to practice with.

Chen Xiang arrived at the location of the chancellor of the Demon Subduing Academy, which was just the tall and majestic building.

When Zhao Tao saw Chen Xiang arriving, he faintly smiled and said, “you brat, you’ve made a name for yourself in the past two days for the entire Demon Subduing Academy. Who asked you to destroy the colosseum! Don’t be complacent, this won’t do you any good. There are lots of strong hidden martial masters in the academy, as well as many powerful young men. These people are all arrogant and conceited, and might even set their eyes on you.”

“As long as you are targeting me, tell them not to provoke me. If they make me mad, I won’t bother with the rules!” Chen Xiang spread out his hands and said.

“Here are some books. After you finish reading them, you can go find that you kid disciple of the Big Strength Clan, then stay in the same academy as him.” Zhao Tao stroked his long hair and said with a smile.

Chen Xiang received a storage bag. He knew that Zhao Tao had already investigated him thoroughly, so he didn’t think much of it.

After receiving the book, Chen Xiang returned to his residence and looked at the few thick books. There were descriptions of the species, habits and a variety of martial arts of demons, as well as demonstrative graphs. The books were very detailed.

With a fast and precise memory, Chen Xiang quickly finished reading. At this time, he gained a deeper understanding of the demon realm and couldn’t help but exclaim in admiration.

“Sister Youyou, is the record about the devil world accurate?” Chen Xiang asked.

“Yep, these are all matters of the Mortal Demon Realm. Knowing those things is useful to you, but if you can use the Three Realms Passage, you can also go and explore the Mortal Demon Realm. Although those places don’t have as much Sprit Qi as that in the mortal world, there are still a lot of resources. But the demons do know how to utilize these resources; they waste them all.” Bai Youyou said quietly.

Chen Xiang found out from the book that most of the creatures in the Demon Realm were born with a strong body and cultivation talent. If combined with some demonic martial techniques, they could easily become experts.

As for the Goblin World, it was a bit complicated. Many goblins were naturally unable to grow and their strength was fixed unless there was some sort of fortuitous encounter that allowed them to evolve. Goblins that could evolve were all in a noble status.

After he finished reading those books, it was already evening. Chen Xiang saw that Leng Youlan and Xue Xianxian panting heavily as they returned back. Their faces were full of exhaustion, and their bodies were covered in dust.

“I am so tired. That bastard teacher actually made us women fight with those bears!” Leng Youlan said with anger. Chen Xiang could feel her anger even from afar.

“Bears?” Chen Xiang asked curiously.

"Those are the male students, and they are all from the intermediate academy. Each of them are tall and muscular, covered in fur like a bear. If Youlan and I were not strong enough, we would have already been taken advantages by them!" Xue Xianxian was also full of anger on her face.

The Extreme Realm consisted of the Spiritual Martial Realm, Soul Martial Realm, and the Hundred Refinement Realm. Therefore, the Demon Subduing School was divided into three colleges: elementary college, intermediate college, and advanced college!

It was truly irritating to make the female students of the elementary college, like Xue Xianxian, compete with the male students of the intermediate college.

Chen Xiang put down the book and asked, "is the teacher a man or a woman?"

"A man, he's a living human bastard. If I had the strength, I would have cut off his eggs. How dare this bastard mistreat us over and over again." Leng Youlan said angrily.

When Chen Xiang heard Leng Youlan's vulgar words, he couldn't help but laugh. Ever since she was young, she had been together with her big and military father, so she definitely knew how to speak so rudely.

"How about his strength?" Chen Xiang was suddenly very curious. Although the teacher's method would make Leng Youlan and the others very angry, it was really efficient to help them improve.

"A bastard who couldn't pass the Nirvana Tribulation and is afraid of death but shrank back into the Hundred Refinement Realm." Leng Youlan scolded.

Chapter 510 Demon Subduing Force

Leng Youlan dragged Xue Xiaxiann to take a bath while Chen Xiang sat in the courtyard. With the help of a weak light, Chen Xiang was reading a book of a martial art called Demon Subduing Force. Previously, Chen Xiang also heard Leng Youlan and Xue Xianxian mention that this was the martial art that they were currently learning.

The more Chen Xiang read, the more familiar he felt about it, because he found the shadow of the Tai Chi Divine Technique and the Evil Suppression Divine Technique. His brows were tightly knitted together as he sank into a deep consideration.

The first feeling he got from this Demon Subduing Force was that it was very difficult to learn. It was a divine martial art, the kind that could evolve without being restricted by the level of martial arts but with the strength of cultivators.

The Extreme Martial Sect also had divine martial arts, but only in a small number. He couldn't find a suitable one to cultivate. Divine martial arts were very powerful martial arts that was superior to the Earth Rank and Heaven Rank martial arts.

They were even comparable with a godly technique because the power of this kind of martial art was limitless. The stronger the cultivator, the more powerful the martial art could be. However, some martial arts had bottlenecks, that cultivators could not overcome and keep improving even if they had a pretty formidable strength.

For example, Chen Xiang was learning the Heaven Shaking Palm and the Profound Dominance Finger. The power of these two techniques would decrease a lot as Chen Xiang further elevated his cultivation, so they were inferior to the divine martial arts.

"It seems like I've found a way to better use my Devil Suppression Qi. If I combine it with this Demon Subduing Force, I will definitely be able to display an even stronger might." Chen Xiang said with excitement.

Xue Xianxian and Leng Youlan had already finished showering. They came to the courtyard and sat beside Chen Xiang, admiring the beautiful sea of stars in the sky.

"The Demon Subduing Force is the hardest to learn. There are a total of ten levels, and it is said that no one has ever practiced it to the tenth level, but to the ninth at most, which is done by the old hag dean." Leng Youlan said. She was also a martial arts practitioner, but now that she had a headache when she saw the Demon Subduing Force.

Xue Xianxian sighed, "I can't even learn the first level right now. It's said that all the top ten people on the Devil Subduing Board can learn the first level."

"Are you guys kidding? Even though this thing is difficult, it is impossible for it to be so ridiculous!" Chen Xiang was a little skeptical. He believed that if he were to seriously learn it, he would be able to reach the tenth level very quickly!

Of course, that was because he had cultivated the tyrannical godly techniques like that Tai Chi Dragon Subduing Technique, the Four Symbols Divine Technique, the Evil Suppression Divine Technique, and the Black Tortoise Body Strengthening Technique, therefore any martial arts would become an easy task for him no matter how hard the arts were.

"If you can use the Demon Subduing Force, not only can you double your attack on the demons, you can also easily dissipate the demon's attack! There will be an astonishing sound as someone use the Demon Subduing Force, just like a thunder. When he or she reaches the second level, there will be consecutively two sounds. The Demon Subduing Force would also double." Chen Xiang said.

"Of course we know that. After reaching the tenth level, there will be ten consecutive thunders. The power is double that of the ninth level!" Leng Youlan complained. "The teacher who taught us the Demon Subduing Force said that we must learn at least one level of Demon Subduing Force in the Academy. Later, there will be many other martial arts that we need to learn to deal with demons. They are all equally difficult."

Chen Xiang spread out the book and began to explain some of the more difficult parts. After that, he combined it with the Tai Chi Divine Technique to explain some of the pretty obscure parts of the book, which made the two girl suddenly comprehend to essence and turn quiet exclaimed.

"So that's how it is. It seems that as long as we learn the Tai Chi Divine Technique well, it won't be difficult for us to learn the first or second level!" Xue Xianxian's eyes lit up as she said in pleasant surprise.

"Like I said, it's not difficult!" Chen Xiang laughed.

"Big brother is so powerful!" Leng Youlan praised and threw herself into Chen Xiang's embrace, rubbing his chest like a kitten.

"I'm certainly very powerful." Chen Xiang smiled complacently.

Now that Leng Youlan had solved one of her headaches, she was extremely happy. She knew that as long as she could learn the Tai Chi Divine Technique, she would be able to easily learn the first or second level of the Demon Subduing Force.

Right now, Xue Xianxian was urging Chen Xiang to continue passing on the Tai Chi Divine Technique to them. In order to not be so bored, Chen Xiang was in bed when he transmitted the technique, hugging the two girls' delicate bodies.

After daybreak, Chen Xiang first went to find Xiao Chou. Xiao Chou lived quite far away on a relatively small mountain. His house was also built casually.

"Master!" After Xiao Chou opened the door, he saw Chen Xiang standing there smiling.

"Brat, why are you hiding in such a broken place?" Chen Xiang immediately knew that he was avoiding the violent woman, Leng Youlan.

"Definitely to avoid your white-haired girl!" Xiao Chou humped, "master, I heard that when you came in, you fought with that Bloody Saber-Teethed Tiger. You're quite impressive!"

Chen Xiang laughed, "Not only did I fight with the Bloody Saber-Teethed Tiger, I also fought with Youlan."

When Xiao Chou heard that, he hurriedly asked, "who won?"

"Of course I won!" Chen Xiang stroked Xiao Chou's bald head and smiled, "if there's a chance, I'll compete with you again."

Xiao Chou's eyes glimmered as he replied casually.

Chen Xiang had heard from Leng Youlan that Xiao Chou's strength was inferior to Leng Youlan's. Now that he knew that Leng Youlan had been defeated by Chen Xiang, he knew that it would be extremely difficult for him to defeat Chen Xiang.

"Take me to the college. We are in the same campus." Chen Xiang said.

"Master...You can go on your own. I'm leaving the Demon Subduing Academy. I told the chancellor yesterday that the martial arts here aren't suitable for me. I can just read the knowledge of the demon world! I want to find the elders of my Great Strength Clan."

Xiao Chou's words surprised Chen Xiang. He sighed and said, "sorry, as your master, I did not teach you anything!"

Xiao Chou was from the Great Strength Clan, and Chen Xiang had no way to teach him because he was unable to learn many powerful martial arts.

"It doesn't matter. You, master is the one who led me on the right path. That's enough!" Xiao Chou smiled, "I am leaving now. The college is easy to find. It is the tenth highest hall among those tall buildings."

Xiao Chou left. He went to look for his clan members, but he would be back in the future. Chen Xiang followed Xiao Chou's instructions and found the college. He did not understand what was on the buildings that were as tall as mountains. There were not many students even if the building was built quiet high.

It was a room that could accommodate more than a hundred people. Although there were over a hundred tables, it did not appear crowded. Currently, there were several dozens of people sitting inside. When they saw Chen Xiang coming in, the hubbub suddenly died down and became extremely quiet.

This was because these people recognized Chen Xiang. Some of them used gazes of reverence to look at him, because in their eyes, Chen Xiang was an expert. Of course, there were also some people whose eyes were filled with jealousy and disdain.

Chen Xiang randomly sat on a seat on the last row. At this moment, no one spoke to him. Even if there were people who wanted to, they would not dare to, because Chen Xiang had many enemies, especially those bloodline warriors on the King's Continent; most of them hated Chen Xiang a lot.

The bloodline warriors were the most in the room. Because their strengths were all so powerful that they could pass the small entrance test to get in the Demon Subduing Academy. Moreover, when they entered, they would immediately form their own factions and establish their own small circle. When they found out that Chen Xiang had entered the Academy, there was an order to isolate Chen Xiang!

"Wow, Chen Xiang, you're here too. You're Xiao Chou's master, right? Xiao Chou is also in this college, but he told me yesterday that he's leaving! " A man wearing a blue robe walked in. With a glance, he was captivated by the extraordinary appearance of Chen Xiang, then he hurriedly walked over to him.
