

## Dan God 571

### [Chapter 571](#)

"Chen Xiang, if it weren't for that person's permission, I would have definitely killed you just now. If you had agreed to two conditions, not only would you not die, I can guarantee that you will not only live, you will also enjoy great fortune. You will also have an honorable position in the Devil-subduing College, just like me." Dongfang Yao stood in front of Chen Xiang and looked down at him.

"Two conditions, this is too much right?" Chen Xiang thought for a while and replied.

He did not expect that it was not Dongfang Yao who arranged for him to be killed, but someone who had asked Dongfang Yao to come and have a secret discussion with him.

"You have no choice. The first condition is to sign a contract, to be loyal to a person. The second condition is to have Leng Youlan marry me." Dongfang Yao's tone was filled with threat, causing Chen Xiang to be furious. He hated it when people around him threatened him the most.

But he was sure that Leng Youlan and Xue Xianxian were safe as long as they stayed in Icy Wind Valley or Divine Weapons Heavenly Country. Even if Devil-subduing College wanted to provoke Liu Meng'er, he would need to consider carefully since even if they were not destroyed, it was certain that they would suffer heavy losses.

"To whom? I don't want to lower my head to someone I don't understand. I think you understand my situation, so you should know how difficult it is for me to lower my head." Chen Xiang deliberately caused his face to turn pale, as if he was really holding onto something.

In the end, Dongfang Yao still underestimated Chen Xiang, because he felt that it would be difficult for him to defeat the eight-armed gold ape, and Chen Xiang who was weaker than him was even more difficult.

So when he saw the eight-armed gold ape's corpse lying there, he was extremely shocked, he never thought that Chen Xiang would actually kill the eight-armed gold ape.

Of course, he did not know about the existence of five eight-armed gold ape, nor did he know about the matter regarding the Diamond fruit tree.

Dongfang Yao's expression suddenly changed, and said with a serious face: "The person you want to be loyal to, will become someone that can shake the entire Three Realms in the future, I think you should know about the matter of the Devil-suppressing Divine Palace, right? That person is the creator of the Devil-suppressing Divine Palace, the person that the Devil-suppressing Heavenly Venerable is waiting for, we call him God's Son, now that he is in charge of the entire Devil-subduing College, all the old fellows of the Nirvana Stage will be respectful to him!"

"According to the internal rules of Devil-subduing College, you probably won't be able to see the sun for a long time, but the Son of God appreciates you, and he wants to use you highly. This is a blessing that you will never be able to get in your entire life!"

"In other words, the condition of letting Youlan marry you was your idea." Chen Xiang sneered.

"Chen Xiang, I'm not afraid to tell you that your recognized sister possesses the dragon's bloodline's inheritance, which is extremely rare among humans. However, she needs the awakening of her bloodline to obtain the strongest power, which is what the God Child told me. If you want her to become strong, marry her to me. Dongfang Yao's eyes were filled with excitement, because he thought that Chen Xiang would agree to it very soon.

"Does he want to kill me?" Chen Xiang asked coldly.

"Hmph, you are just an ant in his eyes. Not only you, the God Child has a lot of resources. No matter how many fortuitous encounters you get, you will only be like an egg striking a stone." Dongfang Yao laughed in disdain.

"So what? I don't want to be controlled all my life, and I don't want to live like a dog. The God Child that you speak of is so strong, I don't want to be killed by him for doing something wrong." Chen Xiang mocked.

"Chen Xiang, this is for your own good." Not only was Dongfang Yao not angry, he said lightly, "If you are not willing, your wife and recognized sister will be in trouble. Do you believe that when they return to the academy, I will immediately act, hahaha ..."

"Do you believe that I will kill you right now?" Chen Xiang said angrily. He knew that this wasn't just a threat from Dongfang Yao, it was also a threat from the God Child.

Dongfang Yao's eyes flashed with a ruthless light: "Chen Xiang, who do you think you are? I admit that it was outside of my expectations that you could kill this eight-armed gold ape, but compared to me, you are still far behind in terms of strength, at most, you are just at the peak of the Soul Martial Realm, and I am at the peak of the Hundred refining realm. Even if you can reach the tenth level of the Devil Subduing Method, I will still crush you to death with one hand.

Chen Xiang was thoroughly angered by Dongfang Yao, but he was very calm now: "Bullshit God Son, the more you threaten me, the more I look down on him, don't think that this is the Heaven Realm, the more powerful he is, don't think that this is the Mortal Realm, I want to see if he will make a move on the people around me, or be destroyed by me first!"

"Haha ..." You talk big, but now you know too much. If you don't follow the God's Son, I have no choice but to kill you. " After Dongfang Yao finished speaking, he raised his head and started laughing. His laughter was extremely sinister, it seemed like he wanted to kill Chen Xiang no matter what.

Just then, Chen Xiang suddenly moved.

At the same time, he was also slowly adapting and absorbing the Power of giving as he operated the powerful Genuine qi of universe. When Dongfang Yao was feeling most proud, he sat on the ground with his legs crossed, looking like a poisonous snake that was about to bite its prey.

His hand was like a dragon's claw, and with the speed of a lightning bolt, he clawed at Dongfang Yao's Rumbling Dragon. The berserk and strong Dragon Power crazily surged, causing his claws to become even more like dragon's claws, and his power to increase.

The complacent Dongfang Yao was not on guard at all, but when he felt the terrifying Dragon Power that Chen Xiang had released, it was already too late. Chen Xiang pierced his dantian with one hand, and used the other to grab onto his neck.

"You ... You. Aaaah!" Dongfang Yao's eyes almost squeezed out of Dongfang Yao's throat after getting grabbed so hard by him, and his face was full of pain, fear, anger, and despair.

He did not expect that not only was Chen Xiang not injured, his strength was even stronger than before. In merely an instant, his dantian was destroyed.

"I heard that your father is an emperor who rules over the entire world and your grandfather is an immortal. How incomparably glorious was that? "Haha." Chen Xiang laughed, causing his face to turn ashen.

"Chen Xiang... You are despicable! "

"Haha, you actually know the word 'despicable', don't worry, sooner or later I'll send your master to accompany you, some bullshit God, God's inheritance, I don't believe that this kind of damn thing, the real God relied on himself to walk step by step, you're really an idiot, it's not good to grow up properly under the protection of father, you really have to listen to the God's words, from the looks of you, I already know what kind of guy he is, probably he's the same kind of guy as you guys, you don't know the thickness of heaven and earth, you think too much, go to hell with yourself!"

With a palm, Chen Xiang smashed Dongfang Yao's head, and with extremely strong mental power, he wiped off Dongfang Yao's soul.

## [Chapter 572](#)

After Chen Xiang put away the eight-armed gold ape's corpse, he set fire to it and quickly ran towards a mountain range in the distance, continuing to absorb the Power of giving.

He wasn't afraid of that God Child at all. After all, that was not a real God Child. If that God Child was truly powerful, there was no need for any Devil-suppressing blood.

It was said that only those who can learn the Devil-suppressing kungfu have the qualifications to rule over the Devil-suppressing Divine Palace. I think the current Palace Master of the Devil-suppressing Divine Palace has never learned the Devil-suppressing kungfu at all. " Su Meiyao said in disdain.

"If I'm not mistaken, the so called Demon Suppressing Divine Veins is inside the Sacred Dan Realm. The Fire Divine Palace has received the news, so they have to find a way to enter the Sacred Dan Realm as well. The Devil-subduing College and the Fire Divine Palace are probably waiting for the first profound Realm to open again." Bai Youyou laughed sinisterly: "If there is a chance, I must devour that God child!"

After devouring the God Children, Chen Xiang's heart started beating even faster. That was a good thing, just thinking about it made him excited.

Ten days had passed before Chen Xiang finally absorbed all of the Power of giving, and the thickness of his Innate Qi had more than doubled, there were eighty thousand of them. However, the five Beast statue s were still dim, and had only lit up a little bit in a small area.

"With my current physical body and true energy, fighting against the Hundred refining realm shouldn't be too difficult." Chen Xiang suddenly roared, his Qi spreading far and wide, resounding through the countless mountains, breaking through the clouds.

True energy gushed out from his body, forming a violent gale that turned into a tornado. The surrounding trees were instantly uprooted from the ground and blown over a large area.

"Hurry up and find the Diamond fruit Tree." Su Meiyao urged, she was really looking forward to getting this Diamond fruit. If Chen Xiang could really get it, then she would be able to get more resources from Heaven Realm. If she went to Sacred Dan Realm, maybe she could even make a good living there.

Chen Xiang had scouted the location of the Diamond fruit tree in the mind of the Eight-Armed Ape King earlier and found that it was not too far away from here. However, the place where it was hidden was extremely secretive, as it was actually located in a crevice in the middle of a huge mountain.

He was currently standing on top of that huge mountain, and that crevice was only enough for two people to go down, it was so deep that the bottom of the mountain could not be seen, and it was pitch black. Chen Xiang could not sense what kind of Diamond fruit tree was down there either, but it was usually very hard to sense anything, unless it was the outcome.

"How do we get down the eight-armed gold ape?" Chen Xiang was extremely confused. From the Eight-Armed Ape King's memories, it could not find the appearance of the Diamond fruit tree.

"There really is a tree down there, looks like it's the Diamond fruit tree. Hurry up and go down, there isn't anything powerful." Long Xueyi urged.

Not long later, he went down to the bottom and saw a tree that was four to five meters tall with a very small treetop. The tree was covered in sparkling and translucent energy, and Chen Xiang could clearly see that the tree did not directly absorb the Spirit Qi in the air, but rather, directly drew it out from the ground at a very fast speed.

"It really is a Diamond fruit tree. If we want to find this kind of tree, we have to find it through the flow of spirit energy in the soil." Su Meiyao came out from the storage ring and stood under the tree. She caressed it with her jade hands as her eyes shone with surprise and joy.

The danger in this area was unpredictable. When Su Meiyao came out, he jumped in fright, and immediately ran to Su Meiyao's side to protect her.

"The root of this Diamond fruit Tree is very deep, at least thirty meters deep. You just have to be careful and dig carefully so that it does not break the main root. Otherwise, it will be extremely difficult to grow it." Su Meiyao exhorted a few things before hastily entering the storage ring.

Although it was troublesome, it was a tree that could produce Heaven level Fruits, so Chen Xiang did not feel that it was troublesome at all. He dug excitedly and was extremely careful, because of these Heaven level herbs, as long as he could get one, he could get tens of thousands of them.

After busying himself for a long time, Chen Xiang finally reached the bottom of the tree and dug it up along with its roots. He placed it into his storage ring, letting Su Meiyao and Bai Youyou grow it.

"Dongfang Yao this guy is too shabby. He doesn't even have anything that can catch my eyes, yet he's still saying that he wants to marry You Lan." Chen Xiang looked through Dongfang Yao's storage ring, inside it were a few Spar, as well as a few pills, he did not really care about any of these things.

"What can I do? I cultivate in the Devil-subduing College all day and I don't go out much, so I'm not in the Alchemist either. Do you think everyone is like you?" Su Meiyao laughed.

If one were to compare their wealth with Chen Xiang's, forget about these young people from the Extreme realm, even some old fellows who had stepped into the Nirvana Stage would feel inferior in comparison.

"Sigh, if we were to fight face to face with him, it would definitely not be easy to deal with. However, this guy is too arrogant. Hur Hur." Chen Xiang crushed the storage ring and burned it to ashes, he stepped on the thunder-like parts of the ring and rampaged through the forest, his body spewing out a strong force that was as sharp as a shovel. Everything that obstructed him, would be sliced apart.

He had originally planned to ruthlessly trample Dongfang Yao a few times during the Demon Subduing Competition, but he didn't expect that he would die so miserably at his hands. Even he felt that Dongfang Yao wasn't worth it, after all, he was a young warrior of noble birth with extraordinary talent.

In a hall in Devil-subduing College, Chen Xiang threw the eight-armed gold ape on the ground. A few elders inside could not help but be moved when they saw the eight-armed gold ape's corpse, although Chen Xiang had been there for a while, it was still considered good to be able to complete the mission.

Just that, what they were worried about was Dongfang Yao, there were a few old things that had gone to Dongfang Yao to look for him, but now that he was able to return, Dongfang Yao did not.

"Where's the beast core?" An elder asked.

"I dug it out. The mission said that it was to kill the eight-armed gold ape, but it didn't say that the beast core had to be handed over." Chen Xiang said. If it was not to prove that he had killed the eight-armed gold ape, he would not even have brought it back.

A few of the elders looked as if they wanted to say something, but could not do so. They really wanted to ask Chen Xiang if he had met that Dongfang Yao.

"Can I enter the Compendium Pavilion now?" Chen Xiang asked: "The level that stores the most powerful demonic techniques!"

Man Futian nodded his head: "Of course, you have already learned the Devil Subduing Method, so the other ordinary Demon Fighting Techniques are unable to satisfy you, but you have to know, you cannot stay in that level for too long, only three days. After three days, you have to come out, and if you want to learn anything else in the future, you have to continue completing the mission!"

How could three days be enough? A powerful martial arts technique usually required a month or two to memorize. Some would even require a longer period of time.

"Alright, I'll take you there now." Chen Xiang had long thought that it would not be so easy for the Devil-subduing College to spread the news of his powerful Demon Subduing Fist.

Man Futian brought Chen Xiang to a tall building, and slowly walked up the stairs.

"Chen Xiang, that eight-armed gold ape was not easy to deal with, right? Why did you take such a long time?" Man Futian asked. He wanted to find something out from Chen Xiang's answer, that Dongfang Yao was a good seedling and had gone for so long without returning. Yet, Chen Xiang had returned.

"I attacked him eight times in total. The first seven were all injured, but the last time, I found a chance and succeeded in ambushing him. I killed him in one move, which was why I took so long." When Chen Xiang said this, it was as if he said it, which made it hard for people to tell if he was speaking the truth or not.

A few clan elders of the Devil-subduing College had already sent people out to look for Dongfang Yao, but Chen Xiang was not worried, as long as there was no proof that he was the one who killed the man, he was not afraid.

After arriving at the top, Man Futian opened an array formation, and sent Chen Xiang into the bright and spacious huge hall. Chen Xiang could feel that he was in a space that could read, and he was not connected to the outside world at all.

The four walls of the hall were all covered with bookshelves, and on top of them was a thick book. In the middle, there were many tables and chairs, and more than twenty people were currently focused on reading a few thick books, carefully memorizing the contents.

It was very quiet inside, everyone was immersed in reciting the martial arts manuals, only the rustling sounds of books being opened could be heard. Chen Xiang saw a white-haired old man walking towards him.

"I am the manager of this place, Wang Yuan. It seems that this is the first time you have come here, is there anything you would like to ask?" The old man asked with a smile.

Chen Xiang looked at the countless thick books on the shelves, and was truly confused: "There are actually so many high level Demon Fighting Techniques here, do you have a catalog or an introduction? Let me see the introduction to each of them!"

Wang Yuan laughed. "Although the books here seem to be many, there are only three of them in total. It's just that each have ten sets, that's why there are so many of them!"

The corner of Chen Xiang's mouth twitched, that was all of the three Anti-Demon martial arts, it was too scary, he felt that all of them were Divine Martial Arts, only this kind of powerful and evolved martial arts, could have so much information.

"It's because Devil Subduing Method is too little that it's very difficult to learn. In order to make it easier for the later generations to learn these Anti-Demon martial arts, some old seniors added a lot of ways to learn them, and there are also many different ways to learn them. This takes into account the various special circumstances of the person, but there aren't many main martial arts techniques; there's only one manual." Wang Yuan explained.

Chen Xiang heaved a sigh of relief. He had learnt the Devil-suppressing kungfu before, at that time he would have learnt it to his heart's content.

"Let's not talk about you. Take the dean for example. He can only rely on his mental cultivation method to master these three Fierce Demon martial arts. Otherwise, those seniors would have needed to add in their comments. They wouldn't have needed to go through so many different cultivation methods." When he first came here, many students were like Chen Xiang, thinking that he could learn it just by looking at his mental cultivation method. However, in the end, he still had to obediently go through countless books on cultivation experience.

Chen Xiang nodded his head: "I know about that, but I feel that it would be more efficient to familiarize myself with the martial arts cultivation method first, and then look at the cultivation experience left behind by the predecessors!"

Wang Yuan gave Chen Xiang a piece of paper and said, "This is a brief introduction of one of the martial arts!"

The first martial art he saw was called the "Devil-suppressing qi array". According to the contents of the description, it was related to formations, and was designed to teach people how to set up arrays and use Zhen Qi to quickly condense Qi to attack or defend.

"I never thought that there would be such a thing as a combination of formations and martial arts." Chen Xiang started to look forward to it. He himself had some understanding of array formations, and after absorbing the memories of the four array masters, he had quite a solid foundation.

"There are two other demonic arts." Chen Xiang asked again.

"This Devil-suppressing qi array is the easiest to learn, but if you want to learn it, that will take a long time." Wang Yuan was helpless and could only give Chen Xiang two pieces of paper.

Looking at the other two skills, Chen Xiang felt a little depressed because he could use one of them, which was called "Devil-suppressing qi".

If not, the effect would be not that big. The Devil Subduing Method was to strengthen the Devil-suppressing qi, and the Devil-suppressing qi was to have a strong killing ability against demons. If the three types of martial arts were combined, they would be the nemesis of the demons.

"I am familiar with the Devil-suppressing qi array, may I know where it is?" Chen Xiang returned the three pieces of paper back to Wang Yuan.

Wang Yuan quickly took out a thick book and handed it over to Chen Xiang, saying, "Don't waste your time, this time you've only come for three days!"

After Chen Xiang received the book, he casually found a seat and sat down, then began to quickly flip through the pages. With his current mental state, he could basically record an entire page's worth of content with a single glance. This was also the case for Su Meiyao and Bai Youyou.

Not only did Su Meiyao and Bai Youyou remember this in their minds, they also quickly copied it down, because Chen Xiang wanted to pass on his Anti-Demon martial arts to Xue Xianxian and the others.

"Elder Sister Meng'er should be very interested in this Devil-suppressing qi array." Chen Xiang quickly saw that many array formations were formed by a few profound Spirit grain, which also caused him to have to spend a lot of time memorizing them.

It took him a whole day and a half to familiarize himself with the Devil-suppressing qi array. He had a rough understanding of the martial arts of an anxious array, and the first thing he knew was that it was not very hard to learn. This was because he had the foundation of arrays, and there were many mantras and chants in it, so he could understand them easily.

Next, he borrowed Devil-suppressing fist from Wang Yuan. This book was relatively thin, and the main things that were written on it were some punching poses, sets, methods of luck, and some profound mental cultivation methods. He only needed half a day to memorize them all, after all, there were not as many arrays as the previous book, but the difficulty of the Devil-suppressing fist was much greater than the Devil-suppressing qi array.

He still had time, so he pretended to memorize the Devil-suppressing qi and let Su Meiyao and Bai Youyou copy it in the storage ring, because Xue Xianxian and the others did not understand the Devil-suppressing qi.

The Devil-suppressing qi was only a part of the Devil-suppressing kungfu, so it naturally did not contain as much information as the Devil-suppressing kungfu, but there was still a lot of it.

After three days, Chen Xiang was sent out of the room. Although he had not seen the cultivation experience and methods written by the old seniors of the Devil-suppressing Divine Palace, he was confident that he could teach himself, because when he memorized, he already roughly understood the difficulty of the martial arts.

#### [Chapter 574](#)

Just as Chen Xiang walked out of the building and was about to return to his residence to cultivate, he was suddenly called out to by Man Futian.

"Chen Xiang, the people from the Dan Fragrance Pure Land came to find you. There seems to be something very important, it's just that that person is not willing to tell me." Before this, he had already known that Chen Xiang was the Dan Fragrance Pure Land's honorary Alchemist, his alchemy skills were top-notch, and was deeply favored by the Dan Fragrance Pure Land.

In the entire Mortal Wu Realm, Dan Fragrance Pure Land was an extremely famous existence, because there were very few sects that were based on medicines. Moreover, Leader was one of the top few, top Alchemist, so many famous Nirvana Stage s would respect this kind of Alchemist.

"Who is it?" Chen Xiang asked as he followed Man Futian.

"He said that he is the Great Clan Elder of the Dan Fragrance Pure Land." Man Futian did not dare to look down on Chen Xiang anymore. For a Great Clan Elder to come personally to look for him, it could be seen that Chen Xiang's status in the Dan Fragrance Pure Land was not low.

Very quickly, Chen Xiang saw the Great Clan Elder, he was a tall and sturdy old man dressed in a black robe, with thick white eyebrows and flowing white hair.

"Chen Xiang, I am the Great Clan Elder of the Dan Fragrance Pure Land, Yun Yan." The old man's voice was old and vigorous, full of power.

"Yes, I have heard from Leader Hua about Senior's deeds, may I ask Senior if there is anything I can help you with?" Chen Xiang bowed and said.

Although Yun Yan looked old, he was actually younger than Gu Dongchen. Furthermore, he had also transcended the Eight Tribulations, and was a terrifying Ranker hiding in the Dan Fragrance Pure Land. Many people only thought that the strongest person in the Dan Fragrance Pure Land was Hua Xiangyue, but that was not the case.

Even Man Futian, who came down from the Heaven Realm, had to be wary of Yun Yan, because the aura from this sturdy old man made him feel pressured.

"Someone has come to the Dan Fragrance Pure Land to stir trouble. This is a little brat, he said that he is from the Sacred Dan Realm, and he has already consecutively defeated ten of our Dan Fragrance Pure Land's young Alchemists!"

Chen Xiang's heart trembled, Man Futian was also extremely surprised, to think that someone from the Sacred Dan Realm would come to the Mortal Wu Realm, it was a very rare occurrence.

"You are the Dan Fragrance Pure Land's honorary Alchemist, your duty is to protect the honor of the Dan Fragrance Pure Land, the Leader asked me to come find you." When Yun Yan mentioned this matter, his face was actually filled with rage, "This kid from the Sacred Dan Realm is very arrogant, and his pill refining skills are great as well. Furthermore, as long as he wins against others, he will cripple them!"

"What a ruthless fellow. I'm going to meet him. Did he come alone?" Chen Xiang frowned and asked.

"No, there's a very strong person by his side!"

Chen Xiang followed Yun Yan and left the Devil-subduing College. When he found out that someone was coming to the Mortal Realm, he had to notify the Holy Son immediately.

When Chen Xiang followed Yun Yan, and they arrived at the competition grounds, he heard a blood-curdling scream, Yun Yan immediately flew into the crowd, Chen Xiang followed closely behind, all he saw was that Yun Yan was holding onto a dying man who was vomiting blood.

Seeing this, Chen Xiang anxiously took out two boxes of White jade powder, shook two jade boxes, and let the medicine inside be scattered all over the air. Then, with a wave of his sleeve, he released a scorching hot mysterious energy that wrapped around the two boxes of powder, and then condensed the medicine powder together.

"Let him eat it." Chen Xiang gave Yun Yan a pill that was emitting a white light and the medicine fragrance that was pervading in the air made everyone feel refreshed.

At this time, Chen Xiang noticed that not far away, there was a handsome man wearing luxurious clothing with sharp eyebrows and starry eyes. He was looking at Chen Xiang with a strange gaze.

"You are Chen Xiang." The man stared at Chen Xiang as if he was looking for prey, afraid that Chen Xiang would run away.

Beside the man, there was an expressionless middle-aged man who was emitting an oppressive aura. He was actually a warrior from Nirvana Stage.

"That's right, who are you?" Chen Xiang's face was filled with anger.

"My name is Fan Yakun, and I came from Sacred Dan Realm. Coincidentally, I came to this Mortal Wu Realm, and found this place that is based on pills, and challenged a dozen or so guys. However, they are too lacking." The man smiled faintly.

"Don't be angry. If I lose the pill refinement, I will also be crippled by them. This was agreed upon when we competed. This is too much of a grudge, but if I were to compete with you, then it would be of no value!"

When Fan Yakun revealed that move just now, he knew that Chen Xiang was not simple. He believed that people of that level were rare even in the Sacred Dan Realm.

Fan Yakun was from Sacred Dan Realm, so Chen Xiang naturally wanted to compete with this Alchemist from the mysterious world. If he won, he might even be able to obtain some benefits.

"Three days later, if you're interested, come here and have a duel. I'm not in my best condition today, so I'll skip it today." Fan Yakun was obviously very careful, he did not look down on Chen Xiang at all.

He did not care whether Chen Xiang agreed or not, and then turned and left.

"The fellow from the Sacred Dan Realm is different, he could tell that you possess a decent Fire Soul with a single glance, and your pill refining skills are different from the others. That's why he chose to be cautious. I can guarantee that during these three days, he will definitely use it to adjust his condition, and as expected, Sacred Dan Realm is indeed a world that is very focused on pills. This person might just be a bit arrogant, but he's still a good person, so if you can befriend him, then you might be able to do a lot of things to the Sacred Dan Realm. "" Alright! Su Meiyao said.

"We'll talk about it in three days!"

Chen Xiang followed Yun Yan to the Dan Fragrance Pure Land. Once inside, he was called into the forbidden grounds by Hua Xiangyue.

Upon entering, he saw Liu Meng'er and Hua Xiangyue reading a book, which was the Devil Subduing Method. They were learning this powerful martial art, because it would make it much easier for them to deal with the demon.

Seeing Chen Xiang coming over, Hua Xiangyue, who was wearing a purple cheongsam, quickly flew up and respectfully saluted in front of Chen Xiang: "Master, this servant pays her respects to you!"

With that, she giggled, causing Chen Xiang to smack her head: "How could a servant dare to laugh so heartlessly in front of Master!"

Hua Xiangyue looked noble and charming, and didn't look like a maid at all. However, she had indeed signed the agreement with Chen Xiang on a Master-servant Contract, and if Chen Xiang died, she would also die with him.

Liu Meng'er scoffed, "Stop messing around, the guy from Sacred Dan Realm is not simple. I don't know what his goal is, but have you seen him before?!"

"Yes, I've seen him. He's not simple at all. He arranged for me to compete in pill refining three days later." Chen Xiang said as he walked to Liu Meng'er's side and hugged her from behind, and kissed her on her cheek.

With Hua Xiangyue watching them from the sidelines, Liu Meng'er felt embarrassed and struggled out of Chen Xiang's embrace with a red face.

"If it wasn't for me wanting to give the old master a chance to shine, I would have definitely gone out and secretly instructed that lad to scam while my pill forging skills are still intact." Hua Xiangyue pulled Chen Xiang's arm, and blinked a pair of enchanting eyes, and stared at Chen Xiang.

## [Chapter 575](#)

Chen Xiang looked at Hua Xiangyue, and jokingly scolded: "You actually seduced me in front of your madame, you are too presumptuous." As he said that, he pinched Hua Xiangyue's full bouncy butt, causing Hua Xiangyue to let out a soft moan.

Liu Meng'er snorted lightly, then asked seriously: "Little scoundrel, why didn't you let Xianxian and Youlan stay in Devil-subduing College!"

Chen Xiang had already asked Long Xueyi to send a message to Gu Dongchen, asking him to think of a way to tell her to stop the two girls from returning to Devil-subduing College once again.

"It's not safe in the Devil-subduing College for them. I'll tell you all the details again in the future. It's very complicated." Chen Xiang's face became extremely serious. He didn't want to worry Liu Meng'er right now, so he didn't tell them the details.

Even so, Liu Meng'er and Hua Xiangyue were still worried.

"Don't worry about me. Don't you know what I'm capable of?" Chen Xiang laughed and took out a box. He tossed it over to Liu Meng'er, and this was the box he got from Zheng Chu.

Chen Xiang didn't have the ability to undo the array now, so he didn't care about messing around, as he was afraid that the box would be destroyed.

Liu Meng'er took the box and looked at it. Her expression changed slightly, and then looked at the box very seriously.

Hua Xiangyue wrinkled her nose, it was obvious that she smelt a very faint fragrance of medicinal pills. Based on her understanding of medicinal pills, she could immediately tell that there was a Heaven level Pill inside the box.

She tugged on Chen Xiang's finger and asked softly: "Where did you get this box?"

"Not telling." Chen Xiang laughed mischievously, he could not help but reach out and caress Hua Xiangyue's enchanting face.

"Hmph, I think you stole it. In the Mortal Wu Realm, there aren't many people who can refine Heaven level Pills." Hua Xiangyue pouted and said.

Liu Meng'er said: "The formations above are things that I have never seen before, they should come from other worlds, but it's not difficult for me to break them. These formations seem to be strict, but to me, they are nothing!"

As she said that, a holy white light suddenly appeared on her hands, she snorted, and then a gust of wind blew out from the jade box, accompanied by a burst of energy. Obviously the array formations were broken by Liu Meng'er just now.

Chen Xiang was suddenly extremely excited. She walked over, kissed Liu Meng'er on the cheek and then opened the box.

When the box was opened, a burst of golden white light suddenly burst out, causing Chen Xiang and the two girls to be dumbstruck.

In their shock, the three of them focused their attention on the five pills in the box. These five pills emitted a strong golden-white light as they closed the door. The golden white light intertwined, as dazzling as the sun.

Chen Xiang closed the lid and took a few deep breaths before calming down.

"What pill is this?" Chen Xiang looked at the shocked Hua Xiangyue and asked.

"Eternal Dan, middle Heaven level, high quality." Hua Xiangyue immediately replied with a face full of shock: "Eternal Dan's medicine can only be found on top of Heaven Realm's, because one of the herbs cannot grow in Mortal Realm, where the hell did you get this box from!"

"I killed a guy who came down from the Heaven Realm. I plundered it from him." Chen Xiang said casually, his face was full of excitement. This was a middle grade Heaven level pill, a priceless treasure.

Su Meiyao said: It is indeed a Eternal Dan, this is a type of pellet that has healing and recovery of True Qi at the same time, especially during tribulation time, if you are heavily injured, eating this Eternal Dan, the True Qi in your body will become endless, and it will be hard to exhaust all of it, and your injured body will be able to recover in a short period of time, if you are injured again, your body will continue to recover, and continue to recover until the medicinal power ends!

"Even in the Heaven Realm, this type of pill is extremely expensive. One pellet is hard to find, but I never thought that Zheng Chu would actually have five in one go!"

Hua Xiangyue and Liu Meng'er were both preparing to go through tribulation, so Chen Xiang didn't wish for these two charming beauties to die from the loss of their Nirvana Doom. Thus, he very generously gave each of them one pellet.

"We will try our best not to use it. This is an extremely rare pill." said. She and Hua Xiangyue still had a lot of Manifestation pills and Relive Dan's medicinal ingredients, although those were also very precious, they were not even close to this Eternal Dan.

"I really didn't recognize the wrong master, this is the first time I've seen this Eternal Dan in my life." Hua Xiangyue smiled sweetly as she looked at Chen Xiang with her charming eyes. Then, she giggled: "Do you want me to leave and let Madam and Master have a good time?"

"No need." Liu Meng'er blushed and said quickly.

Chen Xiang was a little disappointed, but he still smiled mischievously and took out three thick books, placing it on the table: "These are the most powerful Demon Fighting Techniques, but they are quite profound, you guys should slowly learn them!"

"Devil-suppressing qi array." Liu Meng'er was immediately captivated by this martial art and quickly flipped through it. After that, she fell deeply into it, especially when she looked at the arrays. Chen Xiang felt that even if he took off her clothes now, she would probably ignore him.

"Little Flower Demon, arrange a place for me, I want to adjust my state of mind well as well. After three days, beat up that fellow from Sacred Dan Realm until everything is gone." Chen Xiang laughed, it was an ambiguous laugh.

Hua Xiangyue scoffed, held Chen Xiang's arm, and shuttled back and forth inside the cave, finally arriving at a very elegant stone room. This was Hua Xiangyue's room, and Chen Xiang could even smell the scent of her and Liu Meng'er's bodies inside, which Liu Meng'er also lived in with her.

Hua Xiangyue brought Chen Xiang here, and just as she was about to leave, Chen Xiang held her in his arms, and without saying a word, he directly moved his lips over to her and forcefully kissed Hua Xiangyue.

"Little Scoundrel ..." "Ugh ..." Hua Xiangyue struggled to scold her a few times, but only let Chen Xiang's tongue get into her mouth. As matters stood, she did not resist, as she knew very well that Chen Xiang had treated her well, giving this little scoundrel a taste was something unimportant, not to mention that she was Chen Xiang's servant.

Hua Xiangyue was a little unfamiliar with kissing, but under Chen Xiang's guidance, she quickly became proficient, the sweet tongue crazily entangled with Chen Xiang's body, sucking on it, a strange and comfortable feeling flowed through her body, causing her to feel an indescribably wonderful and comfortable feeling, which made her unable to stop herself from hugging onto Chen Xiang's tiger body.

Unknowingly, Chen Xiang rolled the spirit Hua Xiangyue onto the bed and passionately kissed. Both of their clothes were in complete disorder, and Hua Xiangyue had even revealed her beautiful shoulders and her exquisite collarbone.

## [Chapter 576](#)

Just as Chen Xiang was about to tear off the cloth covering Hua Xiangyue's chest, Hua Xiangyue's lily-white hands grabbed onto him. Her lips parted, and she looked at him with a misty and coquettish gaze, as she spoke faintly: "Little scoundrel, your Elder Sister Meng'er is still outside, I don't want to be seen by her later ..."

Chen Xiang shook her head and sighed. Looking at Hua Xiangyue's half-revealed snow-white breasts, he couldn't help but reach out and pinch them fiercely. "Little demoness, don't seduce me in the future.

Hua Xiangyue suddenly flipped over and pressed Chen Xiang down below her. She then spoke out with an enchanting voice, "It's not certain who will eat whom. Just you wait, you little scoundrel will sooner or later be mine, hehe ..."

Seeing that Hua Xiangyue's smile was so flirtatious and so captivating, Chen Xiang couldn't help but cover her mouth with his and hug her tightly before putting on an intense kiss.

Outside, Liu Meng'er really did not know that the two of them were intimate inside. When she saw the array formation and Spirit grain based attack method inside the Devil-suppressing qi array, she was extremely shocked, praising the strength of the Evil Killing technique, but she also knew that it was only because of the Devil Subduing Method and the Devil-suppressing qi that they could fully utilize it, which was why the Evil Demon had such a strong killing ability.

"If you have the chance to come again, I do not want to be caught and destroyed by your Elder Sister Meng'er." Hua Xiangyue tidied up her clothes. In the short period of time she had been intimate with Chen Xiang, she had been the happiest of all these years.

Chen Xiang laid on the bed, watching Hua Xiangyue twist the butt that he had kneaded a long time ago, feeling extremely satisfied in his heart, he let out a long breath.

"Little Scoundrel, aren't you afraid that I'll catch you in your bed?" Su Meiyao said. Before this, she also knew what kind of breed Chen Xiang was, but she didn't really care. She knew that for strong men, sooner or later, they would have a lot of women by their side, unless they cultivated the Ruthless magic like her master and cut off all emotions and desires. But in the end, they would all become heartless demons.

"Sister Meiyao, do you want me to release you and compensate you?" Chen Xiang laughed.

"No, I don't want to get in touch with them yet." Su Meiyao snorted: "There are still three days, you had better get used to refining the middle grade profound level pills, that is the highest possible Earth grade pills you can refine now!"

Chen Xiang was a little depressed now, since he was able to refine a middle profound level pill, there were two types of pills that were shameful, and the God-eclipse powder and Heavenly Thunder Pill both had the surname of attack, he did not want others to know, especially that God-eclipse powder, which was prohibited from being refined in the Heaven Realm.

When the time comes, he could only refine Chunyuan gold Dan s, but in the pill refining competition, it would not be a competition for the highest grade of pills, and refining low grade pills would also be easy. Now, he did not know the rules of the competition, but what he needed to do now was to stay in a good state, and at that time, he would be able to adapt to the situation.

Chen Xiang had only casually refined a few batches of pills, to ensure that the pill he was the most adept at wouldn't be born by hand. After that, he laid down on the soft bed with the scent and started to assemble the mantra of the eleventh level of the Devil Subduing Method. This required him to search for the mantra of the tenth level of the Devil Subduing Method, and he also needed to arrange many small pieces of mantra from the beginning to the tenth level.

"I'm already halfway done. If I find something wrong at the end, then all my work will be in vain." Chen Xiang muttered, he jumped up from his clothes and walked out of the stone room.

In the hall, Hua Xiangyue and Liu Meng'er was discussing about Devil Subduing Method s. When they saw that Chen Xiang had come out with an naughty smile on his face, the two girls couldn't help but start chatting.

"Hehe, what level have you learned?" Chen Xiang asked.

"The fourth level." Liu Meng'er sighed, she felt that the Devil Subduing Method was a little difficult to learn.

Not bad, there are many old fellows in Devil-subduing College who have taken a long time. Chen Xiang laughed: "Xianxian and You Lan have already learned the tenth floor, and they have used up a lot of their time, but they were only learning it in the Stellar Transposition Realm!"

Liu Meng'er and Hua Xiangyue knew about this matter as well. With Chen Xiang's permission, Liu Meng'er would also teach the Fire god method and the Taiji divine arts to Hua Xiangyue. If the two of them were to learn at the same time, they could discuss and save a lot of time on things that were difficult for them.

"I feel that you two can learn the Devil Subduing Method together. The Devil-suppressing kungfu and the Devil Subduing Method are the foundation, after learning these two Anti-Demon martial arts, it will be much easier to learn the Devil-suppressing qi array and the Devil-suppressing fist." Chen Xiang said: "Those books I saw in the Devil-subduing College's secret book collection pavilion, there were at least a hundred thousand of them, so these cannot be learned in a short period of time!"

"Also, unless you have no other choice, do not use it in front of the people from the Devil-subduing College!"

Hua Xiangyue and Liu Meng'er both nodded their heads.

"When we learn the Devil Subduing Method s to the tenth floor, we can then go find You Lan and Xianxian so that they can learn some of these Anti-Demon martial arts. When the Great War between Three Realms erupts, we'll definitely be able to use them." Liu Meng'er said.

Previously, Chen Xiang had passed down the Devil Subduing Method to Huang Jintian. He knew that once Huang Jintian learnt it, he would definitely pass it down to Gu Dongchen and the others.

This Devil Subduing Method had long since been spread out from the Devil-subduing College, but without the guidance of the old guys in the Devil-subduing College, it was extremely difficult to cultivate, so this was the reason why the Devil-subduing College was not afraid of being leaked.

However, at the moment, he was not feeling nervous at all. Furthermore, he was guiding Liu Meng'er and Hua Xiangyue in their cultivation of the Devil Subduing Method. His understanding of the basics of the Devil-suppressing kungfu was even deeper than other people.

Liu Meng'er and Hua Xiangyue, the two ladies who were famous in the Mortal Martial Realm, had a whole new level of respect for Chen Xiang. They did not expect that the difficult problem that had been bothering them for a long time would be solved with just a few pointers from Chen Xiang.

At dawn, Chen Xiang yawned, "Right now, you guys can easily learn the Sixth Level. When I return from my match with that guy, I'll continue to teach you guys!"

The two girls had to admit that Chen Xiang's understanding of martial arts was much stronger than theirs, and they could guess that it was because Chen Xiang had trained in many powerful martial arts.

"Do you have the confidence to beat that guy?" Su Meiyao asked.

"Of course, I'll go." Chen Xiang laughed as he walked out of the cave and headed towards the Fragrance City's plaza.

On the way, Chen Xiang was suddenly stopped by two people. One of them was Hua Qiuxia, the head of the South Fragrance Hundred Flowers Hall, and the other was an old man.

"Chen Xiang, are you going to compete with the Sacred Dan Realm disciple in pill refining?" Hua Qiuxia asked coldly, making him want to give her a slap.

Chen Xiang was not surprised at all that the God Child's claws had appeared. He felt that it would be strange if they did not come to find him.

"Of course, this is my problem. What does it have to do with you?" Chen Xiang coldly snorted.

### [Chapter 577](#)

Hua Qiuxia hated Chen Xiang a lot, perhaps it was due to jealousy, but of course, it was also because of the way Chen Xiang treated her during the Martial Arts Competition last time that made her brooding over this.

"There is something that you must do, that was handed down to you by the Devil-subduing College." Hua Qiuxia's expression became even colder.

"What if I don't?" Chen Xiang's voice had also become ice-cold. If it wasn't for the fact that Hua Qiuxia had a Nirvana Stage beside him, he definitely wouldn't waste his breath on her.

Hua Qiuxia did not directly answer him and continued: "When you compete with that person in refining pills, you must intentionally lose to him and gain his good impression. After that, you must hand over the Hell Ganoderma in your hands to him and tell him that there is someone in Devil-subduing College who wants to see him!"

Chen Xiang laughed: "Don't you guys think that's absurd? Let me tell you this, I must beat him, and even make him lose very badly, and make me lose to him intentionally, and even give him the precious Hell Ganoderma. This is simply wishful thinking, you guys think that I will be like you guys, obediently become someone else's dog slave and listen to everyone else!"

Hearing Chen Xiang's words, the elder and Hua Qiuxia were furious. Just as they were about to attack Chen Xiang, the elder's throat was suddenly pressed down by a sharp white jade spear. A thin sword also appeared on Hua Qiuxia's throat.

When Hua Xiangyue and Liu Meng'er appeared at the same time, Hua Qiuxia was so shocked that her face immediately turned white, and her forehead was covered in perspiration. She had long heard that Chen Xiang had obtained the protection of the two strongest girls in the Chen Martial Continent.

"Hmph, you actually dared to lay your hands on my first honorary Alchemist in my Dan Fragrance Pure Land's territory. You are tired of living, aren't you?" Hua Xiangyue said coldly, her voice revealed a sense of majesty, the peaceful days were completely different from the flirtatious beauties.

"What do you guys want? If you dare to attack us, Devil-subduing College will not let you go." He himself was someone who had experienced the seventh tribulation of Nirvana Stage, but after sensing Hua

Xiangyue and her aura, he could not help but break out in cold sweat, feeling that he was no match for these two women.

"Elder Yun Yan, arrest them and imprison them in the death cell!"

As Hua Xiangyue's voice fell, a tall and sturdy old man suddenly appeared behind him, followed by a few other elders and old women. All of them had powerful Qi, they were all at the top of the Dan Fragrance Pure Land, although they could not concoct pills, but they could rely on Hua Xiangyue's pills, as they were powerful and loyal to the Dan Fragrance Pure Land.

Chen Xiang was Hua Xiangyue's master, of course Hua Xiangyue had to ensure Chen Xiang's safety in the Fragrance City, he had to send experts to follow him at all times, and this time she was going to watch Chen Xiang concoct pills with the man from the Sacred Dan Realm, so she followed behind Chen Xiang. She did not expect to see the people from the Devil-subduing College making their move against Chen Xiang.

"These guys are way too daring." Hua Xiangyue coldly snorted.

Chen Xiang smiled at them and continued walking towards the plaza.

Fan Yakun had been waiting here for a long time. Seeing Chen Xiang coming with such confidence on his face, he laughed and said, "I thought you wouldn't dare to come!"

"What are you saying? Although I am not able to concoct any high level pills yet, I am very confident in my alchemy skills. I don't know how I should compare them." Chen Xiang asked.

I have been here in the Mortal Wu Realm for a period of time. I have asked around about you, people like you are truly rare, I know that you must understand Foreseeing Alchemy, and during the competition, you will be able to display your full strength, this is also equivalent to challenging your limits. Fan Yakun laughed.

Chen Xiang also agreed with Fan Yakun's words. When he first used the Foreseeing Alchemy, because it was extremely urgent, he succeeded on his first try, but because it was not a competition in the future, he would fail many times when using the Foreseeing Alchemy.

"In order to increase the pressure, I think it's best if we bet something." Fan Yakun's eyes flashed, and said: "If I win, what about you give me your pill refining furnace?!"

Chen Xiang was shocked, he never thought that this Fan Yakun would actually know what kind of trash his pill concocting furnace was. He frowned, thought for a moment, and then, used his divine sense to send a sound transmission to Fan Yakun: "If I defeat you, bring me to Sacred Dan Realm!"

"No problem, as long as we can compete in pill refining under a fair competition, as long as we can win, we are qualified to enter the Sacred Dan Realm. Otherwise, no matter how strong he is, whether he is a Divine Son or an immortal, he would dream of entering the Sacred Dan Realm." Fan Yakun also responded back with his consciousness. He obviously knew that entering the Sacred Dan Realm was every Alchemist's dream.

Chen Xiang did not expect Fan Yakun to agree so straightforwardly, causing him to be excited, but he had to win against Fan Yakun.

Hearing Fan Yakun mention the God Child, Chen Xiang knew that the mysterious God Child in Devil-subduing College had come to find Fan Yakun. However, Fan Yakun did not buy it.

As long as you hold this stone in your hand and speak the truth, the stone will not light up. If you lie, it will shine with a red light, and this is a treasure of our Sacred Dan Realm, then you and I will respectively hold the stone and prove that we did not refine any of those pills!

Fan Yakun held a transparent stone in his hand and said, "I have never refined a Heaven Profound Yellow Pellet before!"

Fan Yakun smiled slightly, "This means that I am lying. Actually, I know how to refine the Heaven Origin Yellow Pellet!"

Chen Xiang's heart skipped a beat, and the spectators around the plaza all started to exclaim in surprise, because the Sky Origin Profound Yellow Pellet was a middle grade Ground level, it was a very useful pellet.

This Fan Yakun looked so young, but he actually knew how to refine mid-grade Ground level pills.

Hehe, don't overestimate me, I was only able to refine it by chance. Other than that one time, I tried a few more times but to no avail. The stone in his hand did not light up a red light, proving that he was not lying.

Fan Yakun threw the stone towards Chen Xiang and said: "Try it!"

Chen Xiang took the stone and said: "I don't know how to refine Chunyuan gold Dan!"

Red light flashed from the stone, indicating that he was lying.

Chen Xiang laughed: "Right now, I am only at the middle profound level level, I want to challenge high profound level level pills!"

Fan Yakun did not laugh at Chen Xiang, but nodded and said, "Being able to reach such a level at your age is considered a rare genius within the Sacred Dan Realm. If you want to refine a high grade profound level pellet, I have medicinal ingredients for you to practice with!"

Chen Xiang now had a whole new level of respect for Fan Yakun. Before, his impression of Fan Yakun was still very bad, but now, looking at how Fan Yakun spoke, he was not that kind of arrogant person.

### [Chapter 578](#)

Because it was Chen Xiang's pill refining competition, those who stayed in Fragrance City more or less knew about the pill matters, and at this point, they had already attracted a lot of people to watch.

It depends on who can concoct the pills. I feel that the difficulty of the pills that we are concocting now is similar to the ones we have never concocted before, so we will have to compete in rounds after rounds of competition. Every round, we will try to concoct the pills we have never concocted, and if anyone is unable to do so, we will lose. Fan Yakun laughed: "What kind of pill do you plan to refine first, I can provide you with the ingredients!"

Chen Xiang's eyebrows twitched. Starting from the rules of the competition, the requirements for Foreseeing Alchemy s were extremely high, if not, once an error was made, it would mean his loss. Once he lost, he would have to pay a heavy price.

"I'll use my own ingredients." Chen Xiang shook his head and rejected it. He had the most understanding towards his own medicinal ingredients, and when using the Foreseeing Alchemy, having an understanding towards the medicinal ingredients was also a huge benefit.

"Oh, are you worried that I don't have one? I have quite a few ingredients for a high grade profound level pill!"

Hearing Fan Yakun's words, Chen Xiang knew that the resources of the Sacred Dan Realm's medicinal herbs were abundant. If it was in a place like Mortal Wu Realm, other than a place like Yan Jing, which had a long history, it would be very difficult for one to grasp a large amount of resources of rare medicinal herbs.

"What I want to refine is the profoundyang fire Dan, you have it." Chen Xiang smiled and asked.

Fan Yakun shook his head: "I don't, this kind of high grade profound level pill is rather difficult, I would like to see it!"

With that, he took out another two seemingly inferior pill furnaces.

"In order to be fair, we all use the same pill furnace. Furthermore, during the forging process, as long as we don't succeed in forging the pills, we will lose!"

Chen Xiang took the furnace and looked at it, then frowned. This furnace was indeed very low quality, it was the kind that was easily exposed. To use it to refine a middle grade profound level pill, and to even challenge it for the first time, would be even more difficult.

Fan Yakun took the stone and said: "I want to refine the Face Preserving Pill, I have never refined such a pill!"

The Truth Stone did not emit the red light, proving that Fan Yakun was speaking the truth. Now it was Chen Xiang's turn.

When some people who knew about the Face Preserving Pill heard these words, they all exclaimed in admiration. They knew that this pill was what many women needed the most, especially those who were growing old.

Chen Xiang gripped the stone tightly: "I have never refined a profoundyang fire Dan before!"

The stone did not light up, and Chen Xiang returned it back to Fan Yakun.

The profoundyang fire Dan was a high-grade profound level pill, which was a completely foreign domain to Chen Xiang, and the Face Preserving Pill Fan Yakun wanted to refine was also a mid-grade Ground level. The two had chosen to refine pills that had never been refined before.

"That rock is really good stuff. If I had one, I would definitely let this little scoundrel hold it all day to talk to me." Hua Xiangyue laughed.

Liu Meng'er was not as relaxed as she was at the moment. She was extremely worried for Chen Xiang.

"If this round cannot be decided, then it will be the end of the round. If the two of them have equal control over the Foreseeing Alchemy, then it would be a competition of endurance." Hua Xiangyue said: "You don't have to worry about him, his grasp of the Foreseeing Alchemy is very strong, his progress is very fast, I think he is also using this competition to improve himself, he is very confident in himself!"

If Chen Xiang lost, he would have to give the pill furnace to Fan Yakun. This loss was very big, because Chen Xiang knew very well how precious the Yanlong furnace was.

Chen Xiang and Fan Yakun seriously processed the medicinal herbs.

"If we fail in refining pills in the same round, then it doesn't count. We can start over from a new beginning." Fan Yakun said.

Chen Xiang nodded. Right now, the Nine Yang Fire Fruit and Fire Soul Grass in his hands were especially dazzling, especially to those who were cultivating in flames. These two spirit medicines were like treasures, and even if he ate them all, they would be of great help to those who cultivate in flames.

As for the medicinal ingredients that Fan Yakun was currently processing, they were not very eye-catching. Even though Chen Xiang did not look at them, he knew what kind of medicinal ingredients they were, because he himself had them.

Fan Yakun was also attracted by the medicinal ingredients in Chen Xiang's hands. He had seen the profoundyang fire Dan before, but he had never seen any medicinal ingredients before. The Alchemist was always filled with curiosity towards things that he did not know about, and it was just that he was a little doubtful that Chen Xiang was not attracted by the Face Preserving Pill in his hands.

For a person from the Mortal Wu Realm to possess such precious medicinal ingredients, it was indeed a shocking matter. If Fan Yakun knew that Chen Xiang had grasped some Heaven level medicinal ingredients, he would definitely be even more shocked, because there were very few in the East and West of the Sacred Dan Realm.

The reason why medicinal plants were so precious was because they were rare. The reason for why medicinal plants were so rare was because medicinal plants took a long time to mature. Some would take tens of thousands of years to mature.

"This pill furnace is so damn rotten, I'm really worried it will explode." Chen Xiang carefully placed the medicinal ingredients into the pill furnace. He was extremely nervous right now, he did not want to lose the precious pill furnace.

The profoundyang fire Dan's main ingredient was of the fire attribute, its resistance to fire was extremely strong, and it would occasionally swallow flames to nourish itself, if the fire force was too weak, it would take on the appearance of a medicine herb. If it was too strong, it would be easy to destroy the energy inside the medicine, for this Chen Xiang had to be very precise.

Therefore, he had to unleash the Foreseeing Alchemy to its limit, and precisely to what degree of flames he needed to refine it to be suitable.

"I have to save one up. I don't think he will be able to sustain this pill furnace for long. It isn't something he can use to forge pills!"

frowned and stealthily released his power, the Magic method furnace was formed and wrapped around the low quality pill furnace. Chen Xiang was also prepared to transfer the fire and herbs in the furnace into the Magic method furnace the moment he made a mistake.

Fan Yakun was also secretly nervous now. He was refining a middle grade Ground level pill, and the requirements for the fire was much higher than what Chen Xiang would need, he had also realized that the pill furnace's endurance was very low. This kind of pill furnace was something he had casually bought on the streets, he had overestimated these inferior pill furnaces.

In the middle of the plaza, everyone was far away from Chen Xiang and Fan Yakun, because they could see that the originally gray pill furnace was now slowly turning red, and the oppressive heat was seeping out from the surface of the low quality pill furnace, looking as though it was going to explode at any moment, it was extremely scary.

"Both of them have extremely strong control over the Foreseeing Alchemy, and they were actually able to hold on with this kind of trash pill furnace for more than an hour." Hua Xiangyue stood on top of the tower, staring at the two pill furnaces, her beautiful eyes flickering.

#### [Chapter 579](#)

Chen Xiang secretly cursed Fan Yakun in his heart. He was actually so stingy when choosing a pill furnace to make such a trash, forget about refining the profound level Pills, even the Spiritual level Pills were extremely difficult to refine.

However, Fan Yakun himself wanted to refine a middle grade Ground level pill, so when Chen Xiang unintentionally looked at Fan Yakun's expression, he saw that Fan Yakun was the same as him, cursing this kind of trash pill furnace.

Because of the furnace, the two of them progressed very slowly, slowly burning the stubborn ingredients inside. If they increased the intensity of the fire, the fragile pill furnace would immediately melt if it was unable to withstand the heat, which would also mean failure.

What made Fan Yakun feel at ease was that he believed that Chen Xiang would definitely fail because of the pill furnace as well. At that time, there would only be two results, one of them being a failure and the other one being a failure.

At this time, Chen Xiang's pill furnace had already started shaking, and was shaking at an extremely great distance, causing the spectators in the surroundings to discuss in panic. They were worried that a large ball of flames would suddenly burst out, because the fire Qi released by Chen Xiang's pill furnace was extremely oppressive, bringing with it a strong and overbearing aura, it exploded out wave after wave, sweeping across the entire plaza.

Just the aura alone was enough to make the furnace feel strong, if this kind of flame appeared, even if it came in contact with one, it would not be good. Now, everyone admired Chen Xiang greatly, because under the condition of using this kind of flame, he could prevent the Pill Refining Furnace from being melted.

On the other hand, the aura of fire that Fan Yakun was releasing was extremely gentle, it did not make people feel uncomfortable at all. However, the danger that Fan Yakun was facing right now was the same as Chen Xiang.

At this time, both of them were using up all their mental energy, using Foreseeing Alchemy at the same time while paying attention to the pill refining furnace, which allowed them to reach a level beyond their limits. Right now, they only had one thought in their minds, which was to successfully refine the pill while preserving the furnace.

This was also due to him being under a lot of pressure. Now that he knew that refining pills was the same as training in the martial arts, he had to compete with others in order to improve at a superb speed and be able to display his superior talent in times of distress.

Two hours had passed. The pill furnace that people thought was about to explode had been persisted until now. However, it was becoming more and more red. It was like a piece of red-hot iron that was emitting a gorgeous red light.

Chen Xiang and Fan Yakun never thought that they would be able to last until now. Although they thought that they would die soon, they, who did not want to lose, played every aspect to their limits and endured it bit by bit.

Although Chen Xiang's furnace was shaking all the time, it was indeed Chen Xiang's intention. He did this so that the furnace would be able to release a certain amount of heat and not fuse with the furnace, causing it to tremble. It was because he had problems with the furnace during the process of refining that the furnace had become unstable, and there were signs of it exploding.

"That guy is about to die." Su Meiyao said. She was anxious too, she wanted Chen Xiang to win in one round, especially when this round would be disadvantageous to both sides.

If both of them did not succeed in this round, then Fan Yakun would definitely be more careful when the next round begins. At that time, it would be even more difficult to win.

Suddenly, a loud explosion followed by a burning Qi wave struck over. Chen Xiang was shocked, he anxiously used his power to form a protective shield, protecting himself and the Pill Refining Furnace, it was caused by Fan Yakun's explosion.

In that moment, Fan Yakun's furnace turned to dust, and the smoke disappeared. At the same time, Fan Yakun was sitting on the ground with his legs crossed, his face pale white, his entire body covered in perspiration, he was slightly gasping for breath, his face filled with disbelief, he had actually failed.

The plaza was already in an uproar as sounds of discussion and sighs exploded out. Especially those Alchemist s, they couldn't help but feel pity as they saw the medicinal ingredients for the Face Preserving Pill disappearing just like that.

Although Chen Xiang's furnace was shaking non-stop, it was much more stable than Fan Yakun's. The quality of the medicinal ingredients inside were not as tyrannical as Fan Yakun's, but the situation was still not good.

Fan Yakun quickly recovered from his failure, he knew that his current state of mind was extremely important, he had to maintain his confidence and prepare for the next round. He believed that Chen

Xiang would not succeed, he could see that Chen Xiang's furnace was on the verge of destruction, if he was careless for even a moment, it would explode like what he did just now.

Although expecting others to blow up was a weakling's mentality, Fan Yakun saw that the longer Chen Xiang stayed, the more he hoped for. Otherwise, he would fail, he was also a very proud person in his bones, it was a little hard for him to accept this kind of failure, he believed that the reason why he did not display his pill refining skills, was all because of the restrictions of the Pill Refining Furnace.

But just like him, Chen Xiang was also restricted by the furnace. If Chen Xiang succeeded, it could also be said that Chen Xiang was stronger than him.

Chen Xiang was already sweating like rain, this was not because he was being heated up by the Pill Refining Furnace, but was due to him getting too nervous due to a tense mental state. He had already burnt half of the medicinal ingredients, and a portion of the medicinal powder and Medicine aura were wreaking havoc on the top of the furnace, it was extremely tyrannical, causing him to feel that it was getting more and more troublesome.

"Now." Chen Xiang's pupils contracted suddenly, the pill furnace suddenly turned into ashes. At the same time, a red light flashed, and floated in the sky like a blazing sun.

In that instant, Chen Xiang had successfully transferred everything inside the low grade pill furnace to the Magic method furnace.

Although this transparent pill furnace could not be seen, it was still comparable to those inferior pill furnaces.

At this moment, everyone could see the medicinal ingredients in the middle layer being burned by the flames, releasing waves of dazzling red clouds, and the energy that was like a red cloud flowing water, gushing towards the top layer like a mist. The process of the medicinal ingredients turning into Medicine aura s and powder was extremely clear, and many people who had never seen this scene before could not help but be dumbstruck.

Fan Yakun, who was the closest to Chen Xiang, was tongue-tied as he stared dumbfoundedly at the beautiful red light that had erupted in front of him. He could only see this inside the furnace, but the scene inside was completely different from what he saw with his own eyes. Not to mention him, even many of the old Alchemist s were stunned by this scene.

Fan Yakun never thought that Chen Xiang would actually use such a skill. Of course, he knew that Chen Xiang could refine pills without relying on the pill furnace, but he never expected that when the original pill furnace broke down, Chen Xiang would transfer everything inside to the pill furnace that he could not see. Seeing Chen Xiang's existence, Fan Yakun felt the urge to take him as his master.

## [Chapter 580](#)

Although it was daytime, the red light emitted by the Magic method furnace was still extremely dazzling. The red light emitted by the Magic method furnace enveloped a large area, and it was obvious how strong the energy contained within was when the spirit medicine was being burned.

"This kid is always full of different kinds of people." Hua Xiangyue chuckled, laughing extremely happily.

"Yes." Liu Meng'er smiled sweetly and nodded. She was very proud of her little man's beautiful performance.

Although the Pill Refining Furnace was destroyed, everything was still there. Therefore, Chen Xiang's batch of pills was not finished, this was not considered a violation of the rules.

However, this did not mean that Chen Xiang could succeed. Fan Yakun still had a lot of hope, but he suddenly realized that placing the chance of winning at the hands of others was just a way to lower his own level. He could not help but sigh in his heart.

Fan Yakun, who was born in the Sacred Dan Realm at his age, had never heard of this kind of consummate skill, nor had he seen it before. Now that he was able to see it with his own eyes, it could be considered an eye-opener to him. One must know that the Sacred Dan Realm he was in was the place where pills originated from.

As a result, most Alchemist who came out of it did not think that there was any kind of Alchemist that could defeat them in any other world, but Fan Yakun found that Chen Xiang was using a profound technique to display the beautiful process of refining pills, and he would succeed very soon.

The current Chen Xiang was much more relaxed, but he could not relax because the profound yang fire Dan he refined was not yet complete and there were still many complicated processes. If he relaxed even a little, his efforts would be wasted.

As his strength increased, his mana and spirit became stronger and stronger. Now, he could easily control the Magic method furnace, unlike in the past, where he would need to split up a lot of focus to control the Magic method furnace, he could now focus more on refining pills. The consumption and effects of releasing the Magic method furnace would be negligible.

Using Magic method furnace to refine pills had one benefit, and that was stability. This was because the entire pill furnace was condensed with Fa Li.

The process was very long, because the Nine Yang Blazing Fruit and the Fire Soul Grass contained a large amount of energy, requiring a large amount of time to be burned, in order to make the Medicine aura inside even more powerful.

The reason why spirit medicines had to be burned with special and powerful flames was that under the burning of these flames, they could produce changes and their medicinal strength would become even better. It was the same as tempering one's body with thousands of times.

Everyone held their breaths as they watched the changes in the Magic method furnace, especially the Alchemist.

Unknowingly, it was already night. The light from the pill furnace dyed the night red and covered the entire field. Looking down from above, it was as if a giant ruby was emitting a beautiful red glow, causing people to feel intoxicated.

had only just finished incinerating all of the medicinal ingredients. The Medicine aura and the medicinal powder had started to enter a state of fusion, with all different Medicine aura fusing, fusing all different medicinal powders, and finally fusing the two ingredients once more.

Reaching this stage, the pressure on Chen Xiang lessened a lot. This was because he had the help of magic power, using magic power to suppress the Medicine aura and medicinal powder seemed very easy, and would not make any mistakes, but it was only in normal situations. If he met with any special Medicine aura or medicinal powder, he would have to be cautious.

Very quickly, the time to condense the pill was approaching, and everyone could see a ball of Qi at the top of the pill furnace, spinning very quickly, it was the state of the Medicine aura and the medicinal powder intertwined together, if he continued condensing it, it would condense into a pill.

At this stage, he would have to decide on how to condense the majority of the pellets. According to Chen Xiang's understanding, under normal circumstances, profoundyang fire Dan would usually condense three pellets, but now Chen Xiang felt that he could split them into five.

He felt that the profoundyang fire Dan's ability to refine four of them was already its limit, not to mention the fact that Chen Xiang had refined them under such circumstances. If it wasn't for the Truth Stone, Fan Yakun would have thought that he had refined this profoundyang fire Dan before.

"Even Master only has a limit of four pills. He can actually refine five pills, looks like I must take him to Sacred Dan Realm and let him compete against those geniuses in Sacred Dan Realm. Maybe he will be able to sweep across the entire Sacred Dan Realm." Fan Yakun knew that since Chen Xiang could cultivate it to this stage, it could be considered a success. Even if he lost, he could only agree to Chen Xiang's request.

As Chen Xiang's five balls of carefully compressed air, the eye-piercing red light also slowly faded. The five pills that were formed looked like carefully polished rubies, and flickered with red moisture, appearing extremely beautiful.

"I've lost." Fan Yakun let out a long sigh. He knew that Chen Xiang's talent in alchemy was much higher than his.

"The quality is good, and it can even produce five pills. This evil master of mine is truly amazing." Hua Xiangyue licked her lips and laughed.

"Little demoness, although you made an appointment with him in Master-servant Contract, you know that he would never treat you as a servant." Liu Meng'er scoffed.

"Of course, but no matter what, I am still his maid. In the future, I might be the only maid by his side, but as a wife, maybe there will be many of them. Hehe ..." Hua Xiangyue laughed tenderly: "It's also possible that there will be quite a few younger sisters or older sisters!"

Liu Meng'er snorted as she clenched her teeth and rolled her eyes at Hua Xiangyue.

Fan Yakun walked in front of Chen Xiang, picked up the profoundyang fire Dan and looked, sighing: "Seems like you are the one who is qualified to own that pill concocting furnace!"

"I believe you are not one to fail your appointment." Chen Xiang smiled faintly and swallowed a Chunyuan gold Dan, recovering the consumed Innate Qi in his body.

Fan Yakun looked around, and suddenly, an old man appeared behind him. When the old man looked at Chen Xiang, his eyes were filled with respect, it was a sign of respect towards the Alchemist, and not

everyone in the Sacred Dan Realm was a Alchemist, but that was a world ruled by the Alchemist, where many of the powerful people relied on the Alchemist to raise their strength, so they were extremely respectful to the Alchemist.

"Come with me, it's not convenient to talk here." Fan Yakun said softly as he flew up into the air and out of the plaza. Chen Xiang and the old man followed closely behind.

"Damn it, someone is following us. Do you have a safe place to stay?" Fan Yakun asked.

"Why didn't you say so earlier? Of course I have one." Chen Xiang laughed.

The Dan Fragrance Pure Land was the safest place. It was a profound Realm and there was only one entrance.
