

Dan God 581

[Chapter 581](#)

Chen Xiang got Hua Xiangyue to arrange a secret location for him, but Hua Xiangyue didn't ask what Chen Xiang wanted to talk about with Fan Yakun.

It was a very deep cave. Only after Fan Yakun and the old man confirmed that it was very safe in this place did they relax and sit on the chairs.

"Don't worry, it won't be easy for the God Child to enter this profound Realm." Chen Xiang guessed that the God Child of the Devil-subduing College had sent someone to follow Fan Yakun.

"He sent for you." Fan Yakun frowned. It could be seen that he really hated that God Child.

He wanted to use this to please you. He seemed to have something that he wanted to go to the Sacred Dan Realm for, but I did not agree to it. He is currently the owner of the Devil-subduing College, so I'm afraid that I will be expelled this time. laughed bitterly, luckily he had remembered all of the powerful Demon Fighting Techniques in the Devil-subduing College, but he was regretful that he could not use them.

"A person like him is not even worthy of entering the Sacred Dan Realm. He abandoned the excellent environment of the Heaven Realm to come here, and I'm afraid the reason he came here is to find a way to enter the Sacred Dan Realm. Although there is a way to enter the Sacred Dan Realm, it's very secretive, and the method is also very troublesome." Fan Yakun said, Chen Xiang did not think that he would know so many things.

"Can you still go back from Sacred Dan Realm?" Chen Xiang suddenly felt that Fan Yakun was a good person, and wanted to be friends with him.

"Of course you can, Sacred Dan Realm is different from Heaven Realm, it's a world where transcendent existences exist. The quality of space is the same as Heaven Realm, it can withstand the most powerful dragons, and it won't crumble just because of the appearance of powerful dragons. However, if I want to return, I have to go to the center of Mortal Wu Realm!"

In the center of Mortal Wu Realm, isn't that the Super Old Sacred Land? There's a dragon sealed there, Chen Xiang took a deep breath, "In the center of the Mortal Wu Realm, there's a very powerful dragon. Furthermore, that place is sealed by a formation, making it very difficult to enter!"

"No wonder Elder Duan and I were unable to find it no matter how hard we searched." Fan Yakun looked at the old man behind him, which was the Elder Duan that he had mentioned before. This old man spoke very little, and was very strong, but he looked like he was Fan Yakun's follower. Fan Yakun's strength was also only at the level of the Hundred refining realm, but he had a very strong Nirvana Stage warrior as his follower.

At this moment, Old Duan spoke up.

"If it's just an ordinary dragon, I still have a way to deal with it. But, I can only delay it a bit. I think it should give the Young Lord some time to open the space channel!"

"One hour." Fan Yakun thought for a while and said.

"No problem!"

Chen Xiang was secretly happy, because he would be going to the Sacred Dan Realm soon.

To be honest, it is very difficult to return from Sacred Dan Realm to this world. I just happened to be lucky and opened an ancient Transmission array, and came here, and also, I cannot promise that you will bring anyone else with you. If you are discovered by the old man from Sacred Dan Realm, I will be punished. Fan Yakun said seriously, his expression extremely serious.

Of course, Chen Xiang was not afraid of not being able to come back. He had the Luo Tianmen, and as long as he had enough energy, he could open a spatial tunnel.

"Alright, let's go when it's time." Chen Xiang immediately nodded his head. Not only was he going to the Sacred Dan Realm to see this Sacred Ground for himself, he was also going there to look for the Devil-suppressing blood.

"If you are ready, you can set off immediately." Fan Yakun added, "You must promise me, don't tell anyone that you are going to the Sacred Dan Realm. This matter must be kept a secret!"

"That's easy. Ten days later, we'll meet at the biggest tree in the middle of the forest outside the city. At night." Chen Xiang said: "You should get rid of that God Child's tail in the next ten days. I still have some things I need to do!"

What I promise you, I will definitely do. Furthermore, you yourself have the qualifications to enter the Sacred Dan Realm, so I will not let you go contrary to the rules of the Sacred Dan Realm! "Su Yun said in a low voice.

Fan Yakun brought his followers and left. Chen Xiang anxiously went to look for Liu Meng'er and Hua Xiangyue, he did not tell them that he was going to Sacred Dan Realm, he only hinted to them that he might need to leave for a period of time.

In these ten days, Chen Xiang taught Liu Meng'er and Hua Xiangyue how to learn Devil Subduing Method as much as possible, because he did not know when he would return. It was rare for him to go to that Sacred Dan Realm, so of course he would have to stay for a while inside, and it would be extremely difficult to return as well.

In the blink of an eye, ten days had passed. Chen Xiang left the Dan Fragrance Pure Land quietly and arrived in the forest outside the city. Looking at the Fragrance City, he sighed: "Elder Dan, I might not be able to compete with you in pill refining anymore.

Going to the Sacred Dan Realm was a rare opportunity, and Chen Xiang definitely couldn't miss it. Right now, there were only around two years worth of time before the agreement he had with the Elder Dan back then.

Arriving beside the biggest tree, Chen Xiang asked Long Xueyi to inspect his surroundings, so that the God Child's men wouldn't follow him over.

Deep into the night, Fan Yakun and his followers arrived. When they arrived, they were extremely hidden, so much so that even Long Xueyi would have trouble detecting them.

"Brother Shen, you're in trouble." These past ten days, Fan Yakun had done an extremely careful investigation of Chen Xiang, and discovered that Chen Xiang was becoming more and more compatible with his taste.

"Brother Fan, why do you say that?" Chen Xiang had stayed in the Dan Fragrance Pure Land for the past ten days and trained with Liu Meng'er and Hua Xiangyue all day, so he naturally did not know about what was happening outside.

"You were kicked out of the Devil-subduing College, they suspected that you had killed Dongfang Yao, and they even secretly gave you a bounty of one hundred million Spar for your life." While Fan Yakun was speaking, he saw Chen Xiang's calm face and could not help but laugh: "I think brother Shen is not putting this in his eyes!"

Chen Xiang laughed: "I've already gotten used to it, it's up to them!"

"If you go to the Sacred Dan Realm, you can raise your strength here and then come back. The time there is different from here, and the spirit energy and resources there are better than here. I know that you still have many things that you cannot let go of, so you will not stay in the Sacred Dan Realm for long." Fan Yakun laughed.

"One month here is the equivalent of two years there. This is the advantage of a high level world!"

Chen Xiang was overjoyed. He then took out the Luo Tianmen and opened a spatial door, which was the spatial door that led to the Super Old Sacred Land.

and Elder Duan were both extremely shocked to see Chen Xiang create a spatial gate. They could also imagine that this spatial gate would lead to the center of Mortal Wu Realm.

[Chapter 582](#)

There was already a record of going to the Super Old Sacred Land in the Luo Tian Gate, so Chen Xiang could easily open a door to go in.

"As long as you step into this spatial gate, you will reach the Super Old Sacred Land. You must also deal with that dragon immediately. Chen Xiang asked.

"Just call me Elder Duan." Duan Lao also had a good impression of Chen Xiang, "Don't worry, I can deal with that guy anytime!"

Chen Xiang nodded, and then the three of them stepped through the spatial door together. After entering, they immediately felt a strong aura of a dragon, followed by the angry roar of a wild dragon, accompanied by a blade like astral wind that blew over.

Elder Duan immediately leaped into the air. Under the night sky, he was like a meteor that came from the ground as he charged towards the approaching dragon.

With a loud boom, the entire Super Old Sacred Land shook violently. Light radiated and dragon roars filled the air, all the ruins inside were turned to powder by the explosive force. That strong wave of power made Chen Xiang perspire profusely, as he felt extremely uncomfortable.

"Don't worry. With Old Man Duan forcing us, we'll get to the center as soon as possible." It was Fan Yakun's first time seeing a dragon, but this dragon was extremely weak in his eyes, otherwise, he would not have been held up by Elder Duan.

With Long Xueyi's guidance, Chen Xiang quickly confirmed the location of the center and rushed over with Fan Yakun.

Inside the Super Old Sacred Land, violent shaking and furious dragon roars continuously sounded. It was extremely shocking and caused Chen Xiang to feel slightly worried.

"This is the place." A stone platform that was the size of a washbasin appeared in Fan Yakun's hand. At the moment, the stone platform was emitting light, and following the flickering of the light, the stone platform slowly grew in size, quickly becoming as big as a few people.

"As long as I infuse enough energy, I can move this ancient formation plate and send us to the Sacred Dan Realm." Fan Yakun said, as he released his energy into the array disc.

Just as Chen Xiang had thought, this was indeed an array disc, and one that could change into smaller ones at that. This meant that the materials used to refine the array disc were extremely rare and magical, making it very easy to bring around.

"Do you need help?" Chen Xiang asked.

"No, this formation plate can only absorb my energy. Elder Duan, you have to hold on." Fan Yakun frowned. At this time, he and Chen Xiang were inside a huge battle between the strong, and was resisting the waves of berserk energy.

Chen Xiang released a water wall in front of him to protect himself. In that way, both he and Fan Yakun would not be hit by the Qi waves produced by the battle, but the water wall would be broken soon enough so he could only release it again.

No wonder we had to seal this dragon here, this is the weakest place in the Mortal Wu Realm, it is the place where people from other worlds can easily break through, this dragon is also equivalent to protecting this world, it has to be known that many people from the outside world have the ability to invade, for example the Fire Divine Palace and the Devil-subduing College, they are both uneasy and kind, it is just that they have extremely powerful Transmission array s, and can prevent them from teleporting here. Fan Yakun said.

"So that's how it is. No wonder there haven't been many forces from other worlds." Chen Xiang looked at the place in the distance where the great battle had erupted. There was originally a gigantic mountain, but it had now been razed to the ground.

As time passed, more and more Spirit grain s appeared on the formation plate under Chen Xiang's feet. Although the formation plate was not big, but it was densely packed with small, intersecting Spirit grain s, making him feel a headache. The more Spirit grain s, the more profound they were, meaning that the stronger the formation array was, and the more energy it required.

Very quickly, an hour had passed, the entire array disc had erupted with white light, Fan Yakun's face was also pale white.

"Elder Duan, use the Great Luo Golden Net." Fan Yakun shouted.

Chen Xiang only saw a golden light suddenly flash out at the place where the great battle was taking place, while the Super Old Sacred Land that was trembling violently also quieted down, only to see Elder Duan flying over and landing on the formation plate.

"Let's go." Fan Yakun bellowed, Chen Xiang only saw a patch of white in his surroundings, and the entire array disc was suddenly rising up quickly, its speed was extremely fast, causing him to feel a huge pressure, as though his body was being pressed down by ten thousand kilograms.

"Do I have to go to another world, Sacred Dan Realm?" Chen Xiang clenched his fist in excitement, he could not believe it, it made him feel like he was dreaming. The Sacred Dan Realm was a world that was even higher than the Heaven Realm, there were even immortals inside.

He never thought that he would be in contact with such a high level world so soon. Let alone the people in the Mortal Realm, even many people in the Heaven Realm yearned for this world.

Su Meiyao and Bai Youyou, who were inside the ring, were also excited like Chen Xiang. If Chen Xiang could find a strong Alchemist here to refine pills for them, they might be able to recover their strength earlier. Although there was a possibility, the hope was very slim, because the pills they needed were very rare and the difficulty to refine them was very high.

Following a burst of white light, Chen Xiang suddenly breathed a fresh air that he had never breathed in before.

"Welcome to Sacred Dan Realm." Fan Yakun laughed.

Chen Xiang only saw himself on a prairie. It was still night time, but the starlight emitted by the countless stars in the sky illuminated this prairie that was releasing this bizarre fresh air.

"There's no spiritual energy here, what kind of power is that?" Chen Xiang asked puzzledly. He actually couldn't absorb that kind of energy.

"This is immortal qi, it's impossible to absorb before reaching Nirvana Stage. If you want to absorb it, you can only use an array formation to do so." Elder Duan said.

Although they had returned, Elder Duan and Fan Yakun did not look too good.

"Brother Shen, it's because I broke the clan rules that I decided to hide in Mortal Realm. However, my life in Mortal Realm is not suitable for me. Fan Yakun sighed, "The moment I appear here, I will quickly be discovered by my family members. In order to not implicate you, Elder Duan and I will first stay away from you, so take care Brother Shen. I believe that you will definitely be able to survive in this world.

"We'll meet again in the future. I won't stay here for too long, and with my current strength, it will definitely be difficult to get involved in this world. So, I've collected enough resources, so I'll immediately leave if I find a way to return." Chen Xiang said.

"We'll meet again. We'll compete then." Fan Yakun laughed and said, then quickly left with Fan Yakun.

Looking at the stars in the sky, Chen Xiang muttered: "This is a world that I'm completely unfamiliar with, how am I supposed to find the Devil-suppressing blood here?"

[Chapter 583](#)

Chen Xiang did not know how many benefits Devil-suppressing blood could bring, but since the God Child did not hesitate to come down on the Heaven Realm, making the Devil-suppressing Divine Palace make such a big move, it must not be something simple.

Right now, Chen Xiang only knew that the Devil-suppressing blood was inside the Sacred Dan Realm, and that he had the chance to come here, so he naturally went all out to find it. That would allow him to have the power to contend against forces at the level of the Fire Divine Palace in the future.

"The immortal energy here is indeed dense, but you can't absorb it." Su Meiyao said.

"Not necessarily. Maybe Devouring magic kungfu can help." Bai Youyou immediately retorted, "Try it!"

Chen Xiang felt the dense immortal energy around him, and immediately activated the Devouring magic kungfu. Very quickly, he felt a large amount of immortal energy entering his body, and what made him surprised was that the immortal energy was extremely tyrannical and turbid. Although it contained a very dense amount of energy, it was still very time-consuming to use the Fire Dan Tian to refine it.

"Forget it. You are not a Nirvana Stage, so you cannot directly purify it. It is not beneficial for you to absorb such tyrannical immortal energy into your body." Bai Youyou said.

At this time, the two girls were extremely excited, but they did not dare to come out. Although this was the Sacred Dan Realm, the Fan Yakun that warned Chen Xiang before, that this place was also very dangerous.

"Where should I start now? It seems like I have to go to a place with people to understand this world." Chen Xiang looked around, and did not know which direction to go.

"Wait, it's best if you don't let others know that you came from another world. Most of the Alchemist s look down on people from other worlds." Long Xueyi suddenly said.

"Oh, how do you know?" Chen Xiang was a little surprised. She had never mentioned this to him before.

"My inherited memories told me." Long Xueyi said proudly.

"Inherited memories, why didn't you tell me about the Sacred Dan Realm before?" Chen Xiang was pleasantly surprised, if Long Xueyi understood the Sacred Dan Realm, he would naturally not go around and ask so much about this world.

"As soon as I came to this world, my inherited memories popped out. These are memories hidden deep in my soul, only appear when necessary. Otherwise, if all my memories were gathered together, it would be a headache." Long Xueyi said with her charming voice.

Chen Xiang walked in the grassland and urged, "Tell me about this Sacred Dan Realm, where should I go now?"

"Sacred Dan Realm is a stair type place, it's like a stair, it's higher and higher, and the area you are in right now is the lowest, if you want to go higher, you will have to climb mountains, go through extremely dangerous places, and then be able to go up one level. This Sacred Dan Realm has a total of 18 levels, the highest level is the place where the strongest forces gather." Long Xueyi said.

"The people in this area have more strengths than the people in the Hundred refining realm, and the people in the Nirvana Stage have to go to a higher level. That place is more suitable for them to raise their strength, and if they mix into this level, then it will only make the people here laugh!"

Chen Xiang sighed: "In that case, all the good things are in those higher levelled places!"

"Of course not, the good things are all on the first floor, because the first floor is the largest and is very suitable for the growth of spiritual medicines, and you can even meet immortals here to find medicinal ingredients. There is a city here, and it is controlled by the strongest powers in the Sacred Dan Realm at the same time, in that city, no matter what kind of bad things you do, you will be protected, and no one can fight inside, otherwise you would be equivalent to becoming the enemy of the strongest powers in the Sacred Dan Realm." Long Xueyi said.

"And why is this? To protect the weak?" Chen Xiang asked doubtfully.

That city is a place where many factions use it to purchase medicinal ingredients. Since the first level is so large, there are many weaker people on the first level. It is the easiest for them to find the medicinal ingredients.

Shen Ji didn't expect that the biggest trading ground in Sacred Dan Realm would be on the first level. Of course, he was heading towards that city, where there were all sorts of different types of powerful warriors. Furthermore, it was completely safe inside.

Following Long Xueyi's guidance, Chen Xiang changed his direction and headed straight for the Sacred Dan City.

"Little Naughty Dragon, is this Sacred Dan Realm's memories your father?" Chen Xiang asked curiously.

"Of course, with how powerful my father is, it's not strange that he could come to this Sacred Dan Realm." Long Xueyi arrogantly said, "My father seemed to be looking for something all those years ago and he was also looking for something on the first level. He didn't tell me the specifics!"

It would consume a lot of time, so he might as well just buy it. In any case, he had a large amount of wealth in his possession, especially those medicinal ingredients that could refine Heaven level Pills, which were also very expensive in the Sacred Dan Realm.

"What does this Sacred Dan Realm normally trade for? I have quite a lot of Zhenyuan Dan on hand right now, if I don't want them, I would have to raise more." Chen Xiang said worriedly. In the Mortal Realm, Zhenyuan Dan and Spar are currency, and they have a lot of uses.

"There are only Spar here, but there are still a lot of people with low strength here. Your Zhenyuan Dan should be able to exchange for quite a few Spar, so it shouldn't be any cheaper than the Mortal Wu Realm, especially on the first floor where there are many people." Long Xueyi guessed.

Sacred Dan City was a huge city surrounded by tall stone walls. Furthermore, there was a very strong array formation, which was unable to fly in from the sky nor could it fly out. When entering and exiting, one would have to pass through the city gates.

After entering the city, Chen Xiang saw many pill stores, there were a lot of people here, on the road he could find some Nirvana Stage warriors.

Although this was the Sacred Dan Realm, not everyone refined pills here. It was just that the medicinal pills here were older and more refined, and compared to the other worlds, there were more high ranking Alchemist s here, and there were even some that were above the Dan King s.

The Dan Immortal was a Alchemist that was capable of refining immortal pills. This kind of Alchemist was extremely rare and did not even have a single individual in the billions, but in the case of the Heaven Realm, it was a very respected existence in many forces, only second to the person in charge.

"There is a strict Alchemist assessment in Sacred Dan City, but the ranking of Dan Fragrance Pagoda is different. I don't know the specifics, but this is the most authoritative proof of a Alchemist." Long Xueyi said.

Although it was extremely expensive, there were quite a few of them. This meant that the resources in the Sacred Dan Realm were very rich, which made him feel at ease, because from the medicine stores, he knew that there was a market for Zhenyuan Dan s, especially for the powerful forces, who needed this kind of pill.

[Chapter 584](#)

Chen Xiang had learnt from Long Xueyi that the Sacred Dan Realm was a world ruled by the Alchemist. In the lowest level of the Sacred Dan Realm, he could see that there were a lot of followers in the Alchemist, and the strengths of these followers were all different.

A warrior would need to rely on the Alchemist to gain power, so of course the strength of the Alchemist was not weak. They brought along even more powerful followers with them, all in order to show their identity and ability.

Warriors who did not know how to refine pills, being able to climb onto the Alchemist, was a very fortunate thing. Otherwise, they would have to bitterly look for medicinal herbs, then trade for Spar s, and then buy expensive medicinal pills.

Those Alchemist s, in order to make their followers stronger, had many powerful martial arts in their hands. They would let their followers learn from them, making it so that their followers would be even more dedicated to them.

In this world, people could easily be bought and sold. Chen Xiang had just passed a place that was specialized in trading slaves, men and women alike, young and old, all of whom had miserable fates.

On the wide street, there were many pedestrians, majority of the people here were fire attributed, and Chen Xiang could feel that many people's fire attributed Innate Qi was extremely pure, showing that many people were refining pills, just that they did not have any major achievements.

Suddenly, a crisp and cold yell came from the front, "Those who don't care about their lives, quickly get out of the way!"

The people on the street immediately moved to the sides with helpless expressions on their faces. It was obvious that they were used to such things, and yet Chen Xiang heard the sounds of whipping.

At this moment, only he was still standing in the middle of the street, and he could see that on the street that opened up a path, there were four big men bare-chested, holding a large cart that looked like it was

made of white jade and running at top speed. In the cart, there was a tall woman wearing a black dress and a black veil covering her face, and she was swinging a black whip at the men, as if she was chasing them.

Moreover, they were like horses being whipped by others. Even though their bodies were covered with whipping marks, they could only clench their teeth as they pulled the white jade carriage and ran frantically.

This was the first time Chen Xiang had seen such a scene, causing him to frown. He could not understand why these four big men with genuine kungfu realm cultivation would do such a lowly thing, as if they were slaves.

After reacting, Chen Xiang started to move, retreating into the crowd, and that car had already arrived. The black dressed woman on top, who had a pair of beautiful eyes filled with ice, stared angrily at Chen Xiang, and lashed out with her whip, which carried an extremely strong True Qi, causing Chen Xiang to feel as though it was a soft sword stabbing towards him.

"Brat, you dare to block my path? I'll teach you a lesson." The woman coldly said as she brandished her whip.

"Hmph." Chen Xiang coldly snorted as he moved like lightning, grabbing onto the long whip that was fiercely lashing towards him with an unbelievable speed. After that, with a large pull, he actually pulled the woman off the carriage.

This made everyone tremble with fear. The people in the city all knew what kind of person this woman was. No one dared to provoke her, but right now, there was actually someone who dared.

Seeing Chen Xiang's actions, the surrounding people quickly dispersed after seeing the surprise. They hid in the distance and looked at Chen Xiang as if he was a dead man.

She did not expect that someone would receive her whip so easily, as if they were grabbing onto straw. That whip was an angry whip and used all of her Innate Qi, but Chen Xiang had dissolved the Innate Qi that she had condensed on the whip with ease. Furthermore, he even injected a strong suction force that caused her hand to tightly grip the whip, and then remove her.

"How dare you! You're courting death!" The voice of the woman in the black dress seemed to come from the depths of hell, bringing with it a cold and merciless killing intent.

"I'm not in your way." Chen Xiang was still holding onto the whip tightly. He was wearing the tiger skin glove on both his hands, which was an assassin's hand. Receiving the woman's whip was a piece of cake for him.

Chen Xiang truly did not block her way, but because he was slightly slower than the others, he was attacked by the lady, causing him to become extremely angry.

"You have that kind of strength, so you shouldn't be so ignorant. Don't you know who I am? If you provoke me, I can have over a hundred ways to make you regret coming to this world." The lady in black pulled with all her might, wanting to pull the whip back. Even though she had used all her strength, Chen Xiang was like a mountain, unmoving.

The black dressed lady was very powerful. Chen Xiang had only used the Taiji Dragon-suppressed kungfu's ingenious method of channeling energy in order to dissolve her ferocious and overbearing power.

"You were the one who was wrong." Chen Xiang frowned, previously Long Xueyi had told him that he could not casually make a move in Sacred Dan City, or else he would be sanctioned by the powers in charge of the Sacred Dan City. However, it seemed that it was not the case, because from the reactions of the people on the street, he could tell that this woman in black dress was the type of person who would flaunt her skills here, and she could even make a move as she pleased.

"Let go of my whip, I don't have time to fight with you today, I will remember you." The lady in black said coldly, while Chen Xiang released her whip.

The woman in the black dress put away her whip and jumped onto the white jade cart in front of her. The woman in the black dress put away her whip and jumped onto the white jade cart in front of her.

"Lad, hurry up and run. You're dead for sure." A kind old man walked past Chen Xiang and shook his head as he sighed.

Many people shook their heads and sighed. It was commendable for them to have the courage to fight against this woman in black dress, but it meant that they had to become enemies with her. Even if they didn't die, they would have to lead a desperate life.

"Who is this woman?" Chen Xiang chased after the old man and asked anxiously.

This woman is the Sacred Dan City's Mayor. Although her power is not in the Nirvana Stage, she has a great background, her father is the Dan King, her grandfather is the Dan Immortal, and she is also a female Alchemist with outstanding talent. She can rule over this Sacred Dan City, and she can kill anyone she wants in this city. The old man looked at Chen Xiang with pity in his eyes.

Chen Xiang was also shocked, his origins were huge, his grandfather was a Dan Immortal and he himself was the City Lord.

Even so, Chen Xiang was not worried at all. In his opinion, as long as there were problems that could be solved with money, they were not considered problems at all. Since this woman was a Alchemist, then things would be much easier to handle.

[Chapter 585](#)

x

Just when Chen Xiang found out about the identity of the woman in the black skirt, he immediately noticed several pairs of eyes that were filled with killing intent staring at him.

Otherwise, with her personality, she would definitely take you down immediately. But she didn't, you better follow her and see, maybe you can find something interesting, since she is a Alchemist, and is able to make her so anxious, I think it should be related to some spiritual medicine or something like that. Long Xueyi said.

The corner of Chen Xiang's mouth raised slightly, he swept a glance at those people who were staring at him. He guessed that those people wanted to capture him, and if he was caught, then give him to the City Lord, he would definitely be rewarded.

"Fine, we'll go out of the city to meet this woman and resolve the misunderstanding. I'll stay here for a long time, so I don't want to be the most aggressive woman here." Chen Xiang circled the streets a few times, easily shaking off the few people who were following him, and walked out of the Sacred Dan City.

The female City Lord was being watched by Long Xueyi using the Heaven tour method, and after Chen Xiang left the city, he turned into a bird and flew quickly in the air, his speed was extremely fast, and before long, he saw the "Human Wheel" flying on the ground. The four burly men seemed to be born with the ability to pull carriages, and when pulling them outside the city, their speed was extremely fast.

"The demon qi in front is so dense. Look!" Long Xueyi suddenly shouted, Chen Xiang immediately looked in front.

Sure enough, a large mountain in front of them was shrouded in black gas. The surging devil air came from that direction.

"What's going on? This is the demonic energy that appears when a large number of demon beasts gather together in the Demon World. Fortunately, it's black demonic energy, and if it's invisible and colorless, then it means that the demon beasts are very powerful, and are all from Nirvana Stage." Bai Youyou said in shock.

"Maybe there are some cracks here too, but unlike the tunnel that is connected to the Demon World above Chen Martial Continent, this is a crack that is connected to the Demon World. Powerful Devil Cultivator are usually unable to pass through this crack, otherwise, they would be torn apart." Su Meiyao said.

Suddenly, in the forest below Chen Xiang, countless black wolves the size of bulls rushed out. On their backs were riding tall and sturdy men, their skin was extremely dark, their faces were filled with malevolence, and their bodies emitted a demonic Qi. It was obvious that they were from the demon realm.

These devil cavalry soldiers numbered in the tens of thousands as they madly rushed out from the forest. The group of beasts galloped forward as well as their furious roars shook the heaven and earth, resounding in all directions, shaking everyone's hearts.

"The Devil Wolf Cavalry of the Devil Realm are all equivalent to ninth section of genuine kungfu realm, and there are actually more than fifty thousand of them. Looks like the strength of the Devil Realm has grown so fast over the years, but the Devil Realm that has a channel with the Sacred Dan Realm must be extraordinary. This Sacred Dan Realm is of the same rank as the Heaven Realm, so the Demon and Devil Realms that is related to this Sacred Dan Realm at that time is also of the same rank." Bai Youyou's words shocked Chen Xiang.

Fifty thousand ninth section of genuine kungfu realm warriors of the Demon Realm were riding vicious and violent demon wolves, and that was only a small number.

The City Lord stopped her car and looked at the army of Devil Wolf Cavalry in front of her with a stern expression. The four men pulling her white jade carriage were all trembling in fear.

A burst of black fog suddenly came out from the forest and stopped in front of the cavalry army, turning into a fierce big man dressed in black armor.

"Du Yanyao, are you here to stop me again? This time, my great army has increased to fifty thousand, so it is certain that your Sacred Dan City will be flattened. The old fellows of Sacred Dan City are not in the city right now, right? The commander of the Devil Wolf Cavalry laughed.

Chen Xiang never thought that there would be such a spicy woman, her name sounded so gentle.

"Even if you stomp the Sacred Dan City flat, you will be destroyed sooner or later." Du Yanyao said coldly, the long whip in her hand suddenly striking the ground, causing a crisp explosion sound that resounded in the sky, shaking the earth and causing it to tremble, her imposing manner was strong enough to make the giant black wolves with mouths full of fangs tremble.

"Haha ..." Those old fellows should be discussing how to seal the fissure, but they didn't expect that all of us in the Demon Realm army aren't afraid of death. We are alive to kill, to either kill others or to be killed by others, so our lives are destined to end in killing. " The commander laughed wildly.

Du Yanyao seemed to have fought with them more than once. Now, facing these tens of thousands of Devil Wolf Cavalry, she was still calm and composed, this point of courage made Chen Xiang admire her a lot.

Chen Xiang was currently spiralling in the air, watching the movements below him. The giant black wolves and the Demon Realm warriors with berserk strength were like energy in his eyes. Ever since he had grasped the Fire Dan Tian in the Fire god method, he had been able to refine all kinds of energy.

But there had to be enough for him to swallow, and right now there was a whole bunch of them.

"The ones wearing the armor are all relatively powerful, there are at least a few hundred of them below, and all of them look like they are in the mid to late stage of Spirit Martial Realm." Long Xueyi said.

This was also Chen Xiang's main goal. Only by engulfing all these would he be able to obtain a large amount of energy for him to refine.

"Capture this woman alive and let us enjoy the taste of her, haha." The commander laughed wildly, causing Du Yanyao to instantly be enraged.

In just a few moments, demon realm warriors wearing black armor quickly rushed out from the army and surrounded Du Yanyao.

"She is not weak, but based on her sea of people tactics, she won't be able to hold it off for long. She will strike at the right time, and this will be able to dissolve the misunderstanding between you and her." Bai Youyou said.

Of course, Chen Xiang was very clear about this fact. He had been circling in the air, waiting for the best opportunity to strike, and his target was the commander in chief.

"How can this woman be so stupid? She actually barged in by herself. Don't tell me she has something to rely on!"

Just as Chen Xiang was wondering, dozens of Demon Realm Warriors suddenly made their moves. They released wave after wave of explosive roars, their mouths spewing out streams of black energy that condensed into black lances, thrusting towards Du Yanyao like a shower of rain.

Du Yanyao shouted and leaped up, dodging the pikes that were condensed out of violent energy. Her white jade carriage and the four burly men instantly shattered into pieces.

Just as Du Yanyao landed on the ground, the dozens of black armored men brandished their blood red long blades and came to her side. With a series of fierce slashes, the blade unleashed a strong black Qi, which formed into countless blade qi that covered Du Yanyao from all directions.

Du Yanyao did not show any weakness as she coldly snorted. She raised her jade hand, and the long whip in it began to wildly spin in the air, forming a spiral to protect her.

"The chance has come." Chen Xiang had been staring at the commander this whole time, and at this time the commander was thinking very highly of him, so he did not care about the danger that was lurking in the sky.

[Chapter 586](#)

Chen Xiang, who had transformed into a bird in the air, flew above the commander. Suddenly, he changed his appearance and a Green dragon demon-slain broadsword appeared in his hands, shining with a green light. As he channeled in his strong Innate Qi, when he slashed out, the weight of the blade could reach more than a billion pounds.

Golden light swirled around the Green dragon demon-slain broadsword. This was the Devil-suppressing qi, it had a very deadly killing power towards the demon, and when it descended from the sky, the energy it condensed was even more powerful.

He not only wanted to use the Devil-suppressing qi, but also the Devil Subduing Method.

Ever since he had learned Devil Subduing Method, he had never tried it on the demons. Now was a good opportunity.

Chen Xiang who had suddenly appeared in the air, fell like a blazing sun. In that instant, an incomparably boundless killing intent surged out from his body, actually enveloping the demonic Qi of the tens of thousands of Devil Army, shocking everyone present.

The commander quickly realised that the killing intent was coming from up in the sky. He raised his head and saw that the golden light that Chen Xiang was emitting was stinging his eyes, and that kind of light made him extremely uncomfortable. A series of rapid and clear thunderbolts shook the sky. That kind of thunderclap seemed to pierce through space.

The Divine Saber was slashed down, bringing with it a torrential surge of energy. It was unstoppable, sweeping everything in its path. Even the powerful armor of the commander was chopped into two halves by the Divine Saber from head to legs.

After chopping down, Chen Xiang's hand was lightning fast, grabbing the white ball of air that came out of the commander's body, he stuffed it into his mouth, activated Fire Dan Tian, and released the Refine Power to quickly refine it.

The entire audience was silent. They couldn't believe that their commander had been chopped in half in an instant. This was the commander they worshipped, and he was extremely strong. But now he had died so suddenly.

After the deathly silence passed, a series of crazed and furious roars came out, even the dozens of black-armoured men surrounding Du Yanyao acted like they were crazy, and rushed towards Chen Xiang.

Chen Xiang who was standing in the middle of the army had a look on his face, and actually revealed a smile, his body suddenly emitting a gold light, the golden mist following his body and trembling, blowing in all directions. This was the Devil-suppressing qi, when touched by these demons, they could not help but retreat, their faces full of disgust.

However, just as they were about to pounce, Chen Xiang waved the divine blade in his hand, causing them to be unable to see how he wielded the blade. They could only see that there were two golden arcs in the air, and the few black armored men who were pouncing over were all broken at the waist before shattering into pieces, causing the ball of energy in his dantian to be sucked into Chen Xiang's mouth.

Most of the energy of these Devil Realm martial artists was in their bodies. Those masses of energy only accounted for 10% of the energy in their bodies. It was very little, but it was the purest energy in their bodies.

A few more commanders had died, and it was just a split-second. In addition to the Devil-suppressing qi that had appeared on Chen Xiang's body, many demon realm warriors were secretly terrified, especially when they were enveloped by that invisible and terrifying killing intent.

"Kill him." A black-armoured burly man rushed over, but at this time, Chen Xiang suddenly jumped into the air. With a clear cry that reverberated in the horizon, two balls of flames suddenly spewed out from Chen Xiang's back, a pair of gigantic fire wings suddenly condensed behind him.

The gigantic Suzaku fire wing spread its wings for more than three kilometers, and the incomparable heat immediately enveloped them. That scorching heat accompanied the Devil-suppressing qi as it swept down, causing the Demon Realm warriors to feel extremely hot all over.

"City Lord Du, quickly get away from this place." Chen Xiang shouted loudly, and a strong burst of flame aura burst out, pressing the Demon Wolves and Demon Realm Warriors below into an explosive roar.

Du Yanyao's expression was still cold. At this moment, she too felt an inexplicable fear toward Chen Xiang. Her overflowing killing intent, her incomparably powerful flames, were all things she had never seen before.

Du Yanyao flew a few steps and arrived at a distant place. At that moment, she saw that Chen Xiang, who was in the air, had suddenly started to spin, and the pair of gigantic fire wings started to spin with him, creating gusts of air currents. Very quickly, they turned into a gigantic fire dragon tornado, engulfing all the Devil Martial Cultivators and Demon Wolves inside.

In her view, without the Nirvana Stage's strength, it was impossible to do it, but she could tell that Chen Xiang's cultivation level was not higher than the Nirvana Stage's, otherwise the group of Devil Wolf Cavalry's would have already been turned into ashes.

"Devouring magic kungfu." Chen Xiang roared in his heart, as he absorbed all of the remaining energy clumps that were burnt by the Demon Suppressing Flame. This incomparably powerful energy crazily flowed into his body, causing him to feel as if countless large rivers were surging within his veins.

When this energy entered his body, it was instantly refined by the Refine Power. After using the Taiji Dragon-suppressed kungfu, it rapidly flowed into his dantian and condensed in the Beast statue.

Chen Xiang who had entered the Soul Martial Realm, was like an ant to him. It was normal for him to be able to kill off so many Devil Realm Warriors with ninth section of genuine kungfu realm.

"There's too much energy. I wonder if I can condense eight thousand Zhenyuan granule. That way, I can enter the middle stage of the Soul Martial Realm." Chen Xiang thought, at this moment, his body was being surrounded by a large amount of energy, waiting to be devoured.

"Let's stay away from that woman first. I don't want to be attacked by her." Long Xueyi said.

Chen Xiang suddenly stopped his Purgatory Tornado Technique and flapped his gigantic wings. In a few blinks of an eye, he had already left the mountain forest shrouded in demonic energy, and left Sacred Dan City.

Du Yanyao frowned. She was currently searching through the memories in her mind, trying to see what kind of power or clan in Sacred Dan Realm would have such a monster within them, to actually be so powerful. Seeing Chen Xiang leave, she heaved a sigh of relief.

Not long after Chen Xiang left, a ball of flames suddenly lit up behind Du Yanyao, and a middle-aged man appeared.

This middle-aged man was wearing a black robe. He took a deep breath and said, "This is a murderous intent, but this is the first time I've seen it. Yan Yao, what's happening here!"

"Dad, let's talk when we get back." Du Yanyao was considering whether she should keep the news of Chen Xiang a secret, but seeing her thoughtful look, the middle-aged man did not ask anymore, as he knew his daughter.

Chen Xiang hid in a desolate mountain forest and refined the energy whirlpools that still lingered around his body.

"If I had a few more batches of these Devil Army, I wonder if I would be able to reach the peak of the Extreme realm." Chen Xiang now desired more power.

[Chapter 587](#)

Only three days had passed. Chen Xiang had completely swallowed all the energy and refined it into pure Innate Qi, compressed it into the Zhenyuan granule in his dantian, thus allowing the Zhenyuan granule to gain an increase of 4000 pills. Now, he had a total of 84,000, he still needed to compress a large amount of Innate Qi and ignite another 4000, he would be able to breakthrough and obtain the Power of giving of the martial way!

He came out from the forest and sprinted towards the Sacred Dan City, he wanted to make the best use of his time and find the Devil-suppressing blood and then return to Mortal Wu Realm. In this Sacred Dan Realm, there would be dangers everywhere too, as long as there were powerful forces here, he who controlled a large amount of spirit medicine resources would sooner or later clash with those powers.

Within the Sacred Dan City, when Chen Xiang went in, he immediately felt everyone's expression turn heavy. It was obvious that they knew that a spatial rift had appeared not far away from the city walls, that there were many Devil Cultivator from the Demon World and Demon Beasts that had come through it. This caused them to be more or less worried.

However, Chen Xiang did not mind at all. In this world where immortals existed, the crack would very quickly be blocked, and even if they did not gamble, the Devil Cultivator and the beasts that came would not be able to make it.

Chen Xiang wandered around Sacred Dan City for half a day and heard many detailed information about this Sacred Dan Realm. For example, the distribution of power in this Sacred Dan Realm, as well as some other major events.

The City Lord Du Yanyao of the Sacred Dan City was precisely the Du Family. The Du Family was a huge family that was distributed throughout the eighteenth floor of the Sacred Dan Realm. The Sacred Dan City that Du Yanyao was in charge of was the largest city in the Sacred Dan Realm.

"Little Scoundrel, you're being watched!" Long Xueyi reminded.

"He's not strong!" Chen Xiang had also just discovered something. He paid a little attention and discovered that there were eight people following him, their strengths were all above Hundred refining realm, all of them looked normal, but their entire bodies were filled with dense and pure Innate Qi. Only those who cultivated with a high level of cultivation or who consumed pills over a long period of time would be able to reach such a level.

"Could it be that it's because I offended that female City Lord last time?" Chen Xiang thought, and continued to stroll on the street, and the person following him slowly walked over.

Very quickly, Chen Xiang was surrounded by these eight people.

"We are from the City Lord Palace. The Second City Lord has ordered for us to bring you there." A large man coldly said.

The Sacred Dan City had three City Lord s, and the Great City Lord was Du Yanyao. The Second City Lord and the 30% master were also part of the Du Family, but they did not have any Du Family blood in them. They were all raised up by the Du Family and were completely loyal to the Du Family.

"Don't mess around, I'll just follow you guys!" Chen Xiang said in a low voice, his voice carrying a hint of gloominess, causing the person who was grabbing his arm to tremble, as he looked at Chen Xiang with fear.

Just like this, Chen Xiang was surrounded by these eight people as he walked towards the City Lord Palace.

That Second City Lord was a man, and grew up in the Du Family. Chen Xiang had heard a few rumors before, which said that the Second City Lord and 30% of the masters all wanted to obtain Du Yanyao. However, whether it was strength or status, they were all far inferior to Du Yanyao, so there was definitely no chance of it.

Chen Xiang was currently standing outside a luxurious house. A handsome man dressed in gorgeous clothes, who was playing with three beads in his hands, slowly walked out from inside as he held three beads in his hand. Then, a few people hurriedly took out a luxurious chair for him to sit on.

This man was the Second City Lord, he was arrogant, petty, ruthless, he was an extremely sinister person, able to reach this step in power under the Du Family, without any methods, it was impossible for him to do so. At this moment, he was being highly valued by the Du Family, becoming the Second City Lord of the Sacred Dan City, and not being in the Du Family, he was naturally not restricted too much, and revealed his surname.

"Why aren't you bowing when you see Second City Lord?" A burly man roared, and then fiercely kicked Chen Xiang's knee, but Chen Xiang remained unmoving, and steadily stood there. Although his leg was powerful enough to shatter a rock, he acted like he was fine.

Chen Xiang looked straight at Second City Lord Gong Senliang, and coldly said: "Why have you called me here? "If there is nothing else, don't waste my time!"

Gong Senliang frowned, his face filled with anger, only to see a big sized man shouting: "Impudent, Second City Lord summoning you, that is your honor, not only are you not bowing, you are even being rude to Second City Lord, you are seeking death!"

As he said that, the big sized man slapped Chen Xiang.

"Too slow!" Chen Xiang sneered, his palm was like lightning, bringing with it the power of thunder, his palm struck the big sized man's wrist, a burst of flames burst out, the big sized man screamed out in pain, on his wrist, there was actually smoke, the smell of burnt flesh pervaded out.

After Chen Xiang crippled the big sized man's arm with one palm, his leg was wrapped in a ball of intense flames, releasing a scorching Qi, which flew out like lightning, jumping from the bottom to the top, kicking the big sized man's chin. The people around could only hear the sound of bones shattering, and the big sized man flew out, falling onto the ground as he screamed in pain.

"Humph!" Chen Xiang snorted.

"Lawless, go and capture this b * stard!" A big man rushed forward.

"Wait!" Gong Senliang finally spoke with a lazy voice. It was true that Chen Xiang's attack just now had shocked him, but he wasn't afraid of Chen Xiang at all.

Gong Senliang lazily stood up and walked towards Chen Xiang with his hands behind his back. He said in a slightly cold voice, "I have already been in Second City Lord for thirty years, but this is still the first time someone dares to be so ruthless in front of me!"

"I usually don't care about the lives of people that I don't care about!"

Gong Senliang's voice suddenly became sinister, his entire body releasing a strong killing intent, his five fingers opened up, and like a hawk grabbing a rabbit, he bent over forcefully, bringing a strong burst of Innate Qi, rushing towards Chen Xiang's head.

Chen Xiang was already prepared for this, he opened his mouth and roared, and a clear dragon's roar suddenly exploded out, the sound resonating in all directions, a ray of cyan light shining from his mouth transformed into a gust of astral wind accompanied by lightning, which mixed with a violent and furious bolt of lightning, and instantly smashed onto Gong Senliang's palm, causing a burst of berserk thunder to sound out, and the astral wind which carried an extremely berserk lightning presence, also blew Gong Senliang's hair into a mess, and his entire body was in a mess.

Chen Xiang had only used his strongest Green dragon genuine qi and roared out the Green dragon howler, but with this roar, not only did it dissolve Gong Senliang's vicious attack, it had also caught him off guard.

"Second City Lord!"

After the big sized men saw this, they shouted loudly, and rushed over, pulling out their sharp blades, fiercely slashing at Chen Xiang, the blades carried a strong amount of Innate Qi, and wanted to hack Chen Xiang into pieces.

[Chapter 588](#)

The people around him would rush over. Chen Xiang had already expected this.

A few big blades slashed down, but they missed, because they only hit an illusion. Chen Xiang used his water mirror technique to dodge and hid in the air.

"Up there!" Gong Senliang shouted loudly, but as soon as he said that, a gigantic golden palm pressed down like a small mountain, bringing with it a huge amount of pressure as it smashed down. The wave of air crushed the stone tiles on the ground into powder, and the few big men couldn't help but fall to the ground as though they were enduring the pressure of millions of kilograms of strength.

With a rumbling sound, the ground trembled. Before those few big guys could even scream, they were crushed into meat paste by that palm made from golden Zhen Qi, sinking deep into the ground.

"I don't usually let people who want to kill me live!" Chen Xiang waved his hand, and the ground was set ablaze, burning all the corpses.

"Hmph, don't think that just because you have some strength, you can brag about it. Let me tell you, this is the City Lord Palace, you can't even escape now!" Gong Senliang only looked to be in a sorry state, but he was not injured.

Saying that, he took a step in front of Chen Xiang, his fists and palms flying, the wind brought with it electricity, and in a moment, countless of shadows of fists and palms appeared, releasing blazing flames and raging thunder and lightning energy, smashing towards Chen Xiang from all directions.

Gong Senliang used all his strength, the sudden attack was like a wave of thunder and fire, instantly rushing towards Chen Xiang. Chen Xiang did not expect Gong Senliang's attack to be so tyrannical, his reaction was just a bit slower, but his upper body still got hit by a dozen of fists.

The powerful force pierced through Chen Xiang's body and struck the stone wall behind him, shattering it. And the aura and disturbance that was emitted from the stone wall, in the quiet City Lord Palace, was extremely big, it was impossible to not alert others.

"Everyone stop!" An ice-cold shout came out, this was Du Yanyao's voice.

However, Gong Senliang acted as if he did not hear it, his fist was intertwined with traces of electric light, flames surged out wildly and one of his arms slightly expanded, a large amount of Innate Qi gathering on his arm.

Gong Senliang bellowed, he shot towards Chen Xiang like an arrow, the powerful force behind the punch struck the air, causing a true explosion, as though space itself was about to split apart.

When the fist arrived in front of his eyes, Chen Xiang extended his hand and grabbed, the Genuine qi of universe coiled around the surface of the tiger's fist, releasing a large amount of power. When he tried to squeeze Gong Senliang's fist tightly, he deflected the berserk power, but Chen Xiang was still pushed back dozens of steps by the fist.

Gong Senliang's expression immediately changed. He did not expect Chen Xiang to be so powerful, to be able to block his powerful punch with just a grab. If it was a warrior that had the same cultivation as him, he would at least be heavily injured.

"Go to hell!" Chen Xiang's face darkened, killing intent flashed past his eyes, he used his strength to crush Gong Senliang's fist.

Gong Senliang let out a miserable scream: "Save me!"

"No one can save you!" Chen Xiang shouted angrily, the Dragon Power immediately appeared, his palm that was surrounded by a vigorous Dragon Power, shook the air and suddenly smashed onto Gong Senliang's chest. At the same time that the vibrating power surged, there was the sound of "Pa Pa Pa Pa". Ten crisp sounds pierced through the clouds.

The Heaven Blasting Palm activated by the Dragon Power turned into a tenth layer of Devil-suppressing power, its power was terrifying, upon hitting Gong Senliang's body, Gong Senliang's back suddenly split open, blood mist gushed out.

"Please show mercy!" Seeing that it was Chen Xiang, Du Yanyao anxiously shouted.

However, Chen Xiang completely ignored him and continued to strike out at the heavily injured and half-dead Gong Senliang. His palms continued to produce berserk shockwaves and sky-shattering sounds as they mercilessly smashed onto Gong Senliang's body. In the blink of an eye, Gong Senliang's body had already turned into a pile of mud.

It had been a very short time, but it made the people who had just arrived feel their scalps go numb, shocked and fearful. In their eyes, this arrogant and tyrannical Second City Lord had died just like that, and in such a miserable manner!

Because Du Yanyao was here, the others were all silently waiting for her order to capture Chen Xiang. However, they didn't want to fight with this mysterious and terrifying man in front of them, so they didn't want to die as miserably as Gong Senliang.

Du Yanyao floated down gently and stood in front of Chen Xiang. She was still wearing her black dress, making her body emit a strange beauty, but at the same time, it made her exude a noble aura. She had a goose egg-shaped face, and was mature and beautiful, but her beautiful face looked like it was born not knowing how to laugh.

"What's going on?" Du Yanyao indifferently swept a glance at the unorthodox Gong Senliang. Although the person who died was Second City Lord, in her eyes, he was no different than an ant. It could be seen how unimportant Gong Senliang was in her eyes.

The moment Du Yanyao appeared, Chen Xiang stared at her, unrestrainedly looking at that ice-cold and mesmerizing oval face. In the past, whenever he looked at a woman's face, he would more or less glance at her figure, estimating her size, but this Du Yanyao's face was extremely captivating, making him unable to help himself from looking at her a few more times.

"He invited me here to kill me, so I had to retaliate in order to protect myself." Chen Xiang answered honestly. Right now, the Innate Qi was gathering in his four limbs, preparing to attack at any time. He wouldn't let down his guard just because the opponent was a charming woman.

Du Yanyao had also been staring at Chen Xiang's face the entire time, the two of them just stared at each other without saying a word, but their bodies were releasing an invisible aura, causing no one to dare come close.

"Who the hell are you?" Du Yanyao's tone became slightly more gentle as she asked this.

"I'm just tired of staying in the deep mountains. I didn't expect that I would encounter so many unpleasantness when I came out for a walk. Sigh!" Chen Xiang shook his head and sighed: "If you want to capture me, then do it, but I'm telling you, it's not easy to capture me."

"You can go!" After Du Yanyao finished speaking, she said to a big sized man: "Send him out. There is no need for anyone else to interfere in the conflict between him and I, or else we will be fighting against me, Du Yanyao!"

It was filled with power and voice, intimidating those who wanted to take Du Yanyao's good impression by attacking him in private. Hearing these words, they wouldn't dare to attack Chen Xiang in the future, since they didn't have the strength to do so either, otherwise, their fates would be the same as Gong Senliang's.

Chen Xiang walked out of the City Lord Palace and heaved a sigh of relief. That Du Yanyao was even harder to deal with than he had imagined, last time it looked like she was surrounded, but Chen Xiang had not seen her true strength. Furthermore, her demeanor just now was as if everyone around was an ant.

"This woman's background is too noble, determining her character. Moreover, she lacks discipline. If she were to lose a bit of spirit and not reveal her edge, it would definitely be good!" Su Meiyao laughed, "You little scoundrel, are you interested in me now?"

Chen Xiang curled his lips and said: "Compared to her esteemed status, sister Meiyao and Sister You You are only on ten streets in a second, what does she count as? What's more, I have the noble royal dragon

of Little Naughty Dragon as my friend, isn't it just a granddaughter of a Dan Immortal? This old one will also become a Dan Immortal sooner or later. "

"That's right, sister Meiyao has been taken away by a little scoundrel like you, and you have the empress Liu Meng'er and a beautiful little fairy like Xue Xianxian by your side ... This Dan Immortal's granddaughter is nothing. " Long Xueyi was elated when she heard Chen Xiang praising her.

[Chapter 589](#)

After leaving the City Lord Palace. As the sky grew dark, Chen Xiang found an inn to stay at and started to think of a plan. Right now, he was going to search for Devil-suppressing blood in the Sacred Dan Realm, but he did not have a single clue, and did not know where to start searching.

"The Devil-suppressing Heavenly Venerable is a person, all of us here respect him a lot. If he had really come to the Sacred Dan Realm, this old bastard in the Sacred Dan Realm would definitely know of some things about him. If he could come into contact with those old bastards, he would have a solution." Long Xueyi said.

The last time Chen Xiang came, he had met some people from the Nirvana Stage walking on the streets, but he did not encounter any of them since he came today. Long Xueyi said that there was a possibility of him meeting immortals in the Sacred Dan City, but immortals might not necessarily be those old bastards, and it would be extremely difficult to find those old fellows who were familiar with the affairs of the Devil-suppressing Heavenly Venerable.

"Isn't Du Yanyao's grandfather a Dan Immortal? To be able to become a Dan Immortal, you must have lived for a very long time. " Su Meiyao said: "Based on a woman's intuition, I feel that this Du Yanyao does not hate you, and might even want to befriend you."

Chen Xiang smiled slightly: "Looks like I have to go meet her tonight. Since she's a Alchemist, it's a lot easier."

Let me help you pack a Nature fruit, and give it to her, it shouldn't be a problem. Even if the Sacred Dan Realm has these things, it won't be too much, so giving it to her won't be a problem. Su Meiyao said. Chen Xiang could get a lot of these things, giving them to him in exchange for information about the Devil-suppressing blood. It was nothing.

Even entering the City Lord Palace would be extremely difficult, unless one were to exit from the entrance. In the darkness of the night, Chen Xiang turned into a black butterfly and easily snuck into the City Lord's Palace.

"Little Naughty Dragon, quickly find that woman!" Chen Xiang said.

"Are you in a hurry to peek at her taking a shower or changing clothes or something?" Long Xueyi teased: "Let's go and see, I also like to see beautiful women naked."

"Little pervert, you're so much worse than me! I'm only thinking about it, but you dare to do it!" Chen Xiang scolded.

's growth was partly because Chen Xiang had become stronger, and was also because she could eat so many rare and precious spirit fruits and pills all day long. She felt that even in the Heaven Realm, she would not be able to eat so many things, so she did not regret her decision to follow Chen Xiang at all.

I'm sorry to disappoint you, but this woman did not take a bath. She seemed to be walking towards the entrance of the City Lord Palace. Long Xueyi asked doubtfully.

Very quickly, Chen Xiang saw Du Yanyao, but he did not dare move at this moment. He, who had turned into a butterfly, laid quietly on a tree.

Only after Du Yanyao left the City Lord Palace did Chen Xiang secretly follow her. With Long Xueyi following her using the Heaven tour method, he was not worried about losing her.

"She quickened her pace. Is she leaving the city?" Long Xueyi said.

"Just follow him and you'll know!" Chen Xiang turned into a bird and quickly flew away.

An hour later, Chen Xiang looked behind from high up in the sky. He only saw the lights of the Sacred Dan City's and from afar, it was actually a beautiful scene, yet he was still closely following Du Yanyao.

"Damn, this is my second time following this woman." Chen Xiang thought, this time Du Yanyao did not use someone to pull the carriage, but walked slowly.

Suddenly, Long Xueyi saw a person standing on top of a wasteland in front of her: "It's a man, his strength is only at the early stage of the Hundred refining realm, his cultivation is fire attributed Innate Qi, he looks like a Alchemist!"

"This female City Lord really did come out to look for a man."

Chen Xiang also saw the man on the grassland, it was a very tall but very skinny man, with a considerably handsome appearance. He was dressed extremely well, which made people feel very comfortable.

"Eldest Miss, it's been half a year since we last met, you look even more beautiful now!" Although he called Du Yanyao young miss, but he seemed to be good friends with Du Yanyao.

"Du Peng, when are you going back to the city to continue being one of the three City Lord? Gong Senliang is already dead, if I had to manage the Sacred Dan City by myself, I won't be able to take it. " Du Yanyao's tone of voice had actually become much gentler, but it still sounded as if it was a thousand miles away, ice-cold to the bone.

"Eldest Miss, I heard that the famous Little Flame Immortal from the Qian Family asked for your hand in marriage. Did you not accept?" Du Peng asked.

"Cut the crap, quickly bring me to look for that Purple dragon flower." Du Yanyao's face sank, and her voice became much colder than before.

"Alright, but that place is a bit dangerous. That place is filled with poisonous miasma. I think the eldest miss should know about that poison as well." Du Peng shook his head and sighed, "I did not return to the city during this past year because I wanted to expel the poison. Eldest Miss, your grandfather has been missing for so many years ... "

"Don't mention my grandpa's disappearance!" Du Yanyao hollered in vain as she glared at Du Peng. "Are you worried that I won't be able to cure you even if I get poisoned?"

Du Peng immediately sweated profusely, and said: "Yes, the poison over there is even stronger, I only saw the Purple dragon flower from afar and walked out hastily, if not, if I was any slower, I would have died inside."

Chen Xiang was secretly surprised in his heart. The legendary Dan Immortal of the Du Family had actually disappeared for many years, and the Du Family had always kept this a secret. It was to prevent other forces from infiltrating.

Of course, what made Chen Xiang even more surprised, was that Du Peng had actually found a Purple dragon flower, it was a type of immortal medicine, a flower of the Immortal Grade.

"Looks like I don't need to waste any Nature fruit. This woman's grandfather is missing, but it's still okay. I think I'll be able to get the Purple dragon flower soon." Chen Xiang said excitedly. That was a flower that could refine immortal pills, and he was from impenetrable. It would be as easy as flipping his palm if he wanted to enter that place.

"Immortal-poisoning Devil Forest? This forest was indeed very dangerous, but it was only in this kind of place that Purple dragon flower could grow! If you dare to enter deeper in, you must have some guts. However, being able to survive is a miracle." Du Yanyao said in shock.

Long Xueyi shouted at this time: "I know about this Immortal-poisoning Devil Forest, because during the Primordial Era, a Sky Poison Dragon died there. Its highly toxic body melted and contaminated a large part of the forest, but because of the unique vitality contained within the body of the Poison Dragon, not only did those flowers and trees not die, they instead grew very well!"

Now, Chen Xiang understood why Du Yanyao said that the Purple dragon flower could only grow there!

[Chapter 590](#)

In the dark night. Chen Xiang looked at the place that was emitting a strange aura. He suspected that it was the Immortal-poisoning Devil Forest, and that even immortals could be poisoned to death by it. This showed how terrifying the forest was.

However, Chen Xiang was not afraid. He would cultivate the Devil-suppressing Golden Body and be able to use impenetrable, but he wanted to see how Du Peng would bring Du Yanyao inside the Immortal-poisoning Devil Forest. If they really had a way to guard against poison and go into the forest, he planned to go in ahead of them and snatch the Purple dragon flower away.

"Since it's Immortal-poisoning Devil Forest, you can still live after being poisoned. You must have eaten something to detoxify the poison, otherwise if you were to be poisoned, even the gods will not be able to save you!" Du Yanyao looked straight at Du Peng, causing him to feel an inexplicable sense of oppression.

Du Peng nodded his head: "Young miss is indeed well-informed, I have indeed consumed a type of flower, which allowed me to preserve my life, if I consume it in advance, I think I can resist the poison in the Immortal-poisoning Devil Forest for a period of time."

Du Yanyao was slightly shocked, and asked: "Oh? What kind of flowers? Do you still have it? "

Du Peng laughed: That flower is outside of Immortal-poisoning Devil Forest, if the matter is extreme, it will be reversed. That flower probably absorbs poison aura all year round, which is why it has the ability to resist poison, but I am not sure if that's true, so I would like to ask young miss to appraise it herself.

Du Yanyao nodded, then followed Du Peng and flew towards the Immortal-poisoning Devil Forest.

Chen Xiang, who was flying in the air, also thought about whether he should continue to follow them, or snatch the Purple dragon flower in front of them.

I think that Du Peng brat is a bit strange. His body is a bit strange, but I can't see anything. Long Xueyi said.

Chen Xiang followed them. Along the way, Du Yanyao did not speak to Du Peng again.

Early in the morning, when the sun shone onto the earth, Chen Xiang saw a forest shrouded in green mist. The mist that contained extremely toxic poison rose up high in the sky, and under the illumination of the sunlight, it looked extremely eerie.

Chen Xiang looked at it from high up in the sky, and it looked like a green poisonous ocean, as though it was endless. It was hard to imagine how terrifying the poison in that dragon's body was, even if it had died, the pollution caused by its flesh and blood had never disappeared.

"It seems that the things inside are all extremely poisonous. No matter if it's plants or demon beasts, it's very hard for people to think that there would be many strange flowers and herbs for concocting pills." Chen Xiang said.

"Isn't that strange? That poisonous dragon is very strong, and the strange energy in its body is enough to grow a large number of strange flowers and herbs. Furthermore, it can also make these strange flowers and herbs resistant to poisons." Long Xueyi said.

Du Yanyao followed Du Peng under a small tree. Although they were not inside the Immortal-poisoning Devil Forest, they could feel the oppressive poison aura, and both Du Yanyao and Du Peng had to drink antivenomous pills.

Because this place was highly toxic, very few people would come here to die. If not for the fact that Du Yanyao knew about the Purple dragon flower inside, he would not have come here.

"Eldest Miss, this is the red flower. Why don't you check and see if it has a strong resistance to poison?" Du Peng said.

Du Yanyao squatted down and put on a black glove. She carefully plucked one flower and squeezed the saffron out of the water before dripping it into a jade box and mixing it with some white liquid.

"This flower is not poisonous, it's unbelievable, the flowers that grow outside the Immortal-poisoning Devil Forest are actually non-toxic." As Du Yanyao said that, she raised her hand and plucked the leaves of the small tree beside him, and then held them tightly in her hands. A black liquid dripped from the leaves and dripped onto the other jade box, instantly emitting traces of black Qi.

Chen Xiang was also shocked. It was just a small tree outside the Immortal-poisoning Devil Forest, but it harbored such a terrifying poison.

Du Yanyao poured the liquid inside the jade box that was dripping the saffron juice into the black jade box. In the blink of an eye, the black jade box started to change, and quickly returned to its original appearance.

"It really can cure poisons!" Du Yanyao plucked another leaf and dripped the poison from the leaf into the jade box. Because the jade box contained the antidote, the poison did not cause the jade box to turn black this time.

That red flower not only had the ability to detoxify poisons, but it also had the ability to defend against poisons.

After repeated tests, Du Yanyao finally confirmed that the red flower really could defend against poison, and allowed them to safely enter the Immortal-poisoning Devil Forest. This was a major discovery, because over the years, even the immortals did not dare enter the deepest part of the flower, because the deeper they went, the stronger the poison was.

If he had this strange red flower protecting him, then there was no need to be afraid.

"I ate it the last time. If there was anything wrong with it, I would have been poisoned to death long ago." Du Peng said as he plucked one and placed it in his mouth to chew.

After that, she walked towards the Immortal-poisoning Devil Forest. Du Yanyao was relieved as she took off the red flower and swallowed it. For safety's sake, she had even plucked more.

However, just as she took a few steps, her expression suddenly changed, and became extremely ugly. Chen Xiang saw that her beautiful face had become as white as paper, and filled with rage.

"Haha ..." Young miss, are you unable to use your true qi? " Du Peng suddenly turned, his face was filled with a cunning smile, one look was enough to tell that he had done something.

"You ... Du Peng, I have treated you well in the past, and the Du Family has never treated you unfairly, yet you actually dared to do such a thing! " Although Du Yanyao was furious, she was still relatively calm.

"You're right, but who told you to be so arrogant and be so important to men? I know that no matter what, I will never be able to get you in my life, so I can only come up with this plan!" "Young miss, I truly love you. For the sake of getting you, I'm not afraid of anything!" As Du Peng spoke, his eyes were filled with lust.

"You ... "You ..." Du Yanyao's expression changed yet again as a hint of redness actually surfaced on her pale face.

"Haha ..." Actually, that red flower was an incomparably lustful poisonous flower. Although it had a very strong ability to prevent and detoxify poisons, whoever ate it would have the desire to do so. If Huo Burning Body is not combined with a different surname, it will be burned to death by the Evil Fire. Young Miss, let me help you treat the poison now! " Du Peng laughed sinisterly, taking off his clothes as he walked.

Du Yanyao had become weak, she did not even have the strength to speak, and her body was extremely hot and dry. The only thing she wanted to do now was to release all of her energy, to vent the pain of her body being bitten by thousands of insects.

At this moment, her whole body felt extremely uncomfortable. All sorts of obscene things appeared in her mind, making her almost lose her normal consciousness. Moreover, she unconsciously began to take off her clothes, softly moaning one after another.
