

Dan God 591

[Chapter 591](#)

"Du Family's Eldest Miss. Ice Clear Jade is a high and mighty Ice Mountain beauty. I never thought that she would fall into my hands today. Hehe, I will sit right here and let you find me yourself, haha ..." Du Peng laughed.

Du Yanyao had not completely lost consciousness, and asked: "Why aren't you poisoned?"

"I have already cultivated the Poison Demon's Body. My impenetrable, is naturally not afraid of being poisoned? Don't think that you can stall for time. If no one can save you, then serve me obediently! Young miss, young miss, you never thought that there would be such a day, right!" Du Peng laughed sinisterly: "I'll let you have a taste of a man soon. Come quickly, I'm right here, I know you need a man very much!"

Du Yanyao's heart was filled with extreme fury and shame. She did not think that she would actually be so hungry and thirsty like an idiot, this was something she wished for nothing more than to wipe her throat and kill herself. But right now, she was simply unable to control her own body.

"First Miss, after I cure you, you will be one of my people, so don't even think about perishing together with me, otherwise, even if we die, I will have a way to spread today's news throughout the entire Sacred Dan Realm, don't look down on me, I really did find a Purple dragon flower inside, as long as I can obtain it, I can become a rich man." Du Peng said somewhat excitedly.

"Don't even think about it. Even if I die, I won't go with you ..." Du Yanyao let out another soft moan, and her body involuntarily crawled towards Du Peng.

Chen Xiang, who was watching from above, was extremely shocked. Of course he wouldn't have the heart to see such a beauty being sullied by Du Peng. He only felt that it wasn't time yet, so he didn't make a move.

"Hurry up and save her. What do we do when she commits suicide?" Su Meiyao could not bear to see this. She was a woman, so she hated Du Peng for his despicable and vicious methods. If possible, she would personally make a move and make Du Peng beg for death.

Chen Xiang descended from the sky, landing right behind Du Peng. After transforming into his human form, he fiercely punched out at Du Peng's back.

BOOM!

The moment Chen Xiang threw out his fist, it shook the heaven and earth, the winds changed color, and the space seemed to be distorted. Rumbling sounds of true energy followed after ten consecutive explosions, turning into an even more terrifying Devil Subduing Method, lightning flashed and thunder roared, and it struck Du Peng's back as though it could split the earth.

's back was struck by lightning, and he fiercely spat out a mouthful of blood. It was as if blood mist was floating in the air, and a huge hole had been punched out in the middle of his body by Chen Xiang's violent punch just now.

Seeing this scene, Du Yanyao suddenly became clear-headed. Following Du Peng's fall, Chen Xiang's handsome face was imprinted into her mind, she never thought that she would see Chen Xiang again, and this time, it was Chen Xiang who had saved her. This time, it was Chen Xiang again, which gave her hope in her despair.

"You ... "Who are you?" Even though a large hole had appeared on Du Peng's upper body, he did not die. His face was filled with hatred, which seemed to be able to pierce through the nine heavens, because Chen Xiang had destroyed his good fortune.

"Ask Second City Lord!" Chen Xiang sneered, walked over, and threw a punch towards his body. A ball of flame exploded out, and before Du Peng died, he had suffered a burning pain and slowly died.

Chen Xiang used the Soul Absorbing Devil Spell to search for the location of the Purple dragon flower from Du Peng's soul.

Outside the Immortal-poisoning Devil Forest, one could clearly hear Du Yanyao's hurried gasps. From time to time, she would let out a soul-snatching moan, causing Chen Xiang to be unable to control himself.

"What are you doing?" Seeing Chen Xiang walking over, the thirst in Du Yanyao's heart became even stronger, because in her heart, Chen Xiang was much better than Du Peng. At least, she felt that Chen Xiang was very pleasing to the eye, and because of this, her modesty slowly faded.

Chen Xiang suddenly stopped in her tracks, this Du Yanyao looked as though she knew how to eat people, the previous coldness that was thousands of miles away was gone, all that was left was an incomparably strong desire, and her seductive charm, was indeed extremely alluring to men.

"Don't be afraid, I'm a good person!" Chen Xiang anxiously said. He was in a dilemma now, and if Du Yanyao was unable to purge the poison from his body, he would very likely die. But to detoxify the poison, he had to make a huge sacrifice.

Du Yanyao did not know where she got her strength from, but with a fierce leap, she actually threw Chen Xiang to the ground and tightly hugged Chen Xiang, letting out a groan. Her beautiful body that was drenched in sweat squirmed on Chen Xiang's body, and her pair of beautiful eyes that were filled with a seductive and thirsty look, were filled with complex emotions.

"I feel so bad!" Du Yanyao groaned as she kissed Chen Xiang's neck. There was only a thin layer of silk covering her chest.

Chen Xiang gulped down his saliva. He felt that his upright and upright body was being grinded against Du Yanyao's lower abdomen, which was extremely dangerous for him, as doing so was impossible for him right now. He also wished that he could correct Du Yanyao on the spot and help her detoxify the poison.

"sister Meiyao, is this what I want to do?" Chen Xiang suddenly turned around and pressed Du Yanyao who was wrapped around her to the ground, allowing her to struggle and moan powerlessly.

"Little Scoundrel, you're quite calm!" Su Meiyao praised from the bottom of her heart, then laughed: "I had thought that you would take advantage of her situation and kill her."

"Do I look like that kind of person?" Chen Xiang said snappily: "Hurry up and think of a way, if you don't detoxify her now, she's going to die!"

"Refine the yin poison in the saffron and then use the rest to refine it into a medicinal pill for her to consume. As for how to refine it, that will depend on your experience!" Better to be quick. " Su Meiyao said.

Chen Xiang released Du Yanyao who was pressed on the ground, then quickly picked up a few red flowers, threw them into the Yanlong furnace, released the flames, used the Foreseeing Alchemy, and started to burn the red flowers. Very quickly, he discovered that there was a red and white Medicine aura among the red flowers, and the red part was poisonous.

This red flower could be considered to be very easy to refine. However, it required a lot of effort to condense into a pill, so he could only pick a handful and throw it into the pill furnace to refine.

As he was seriously refining pills, he suddenly felt a delicate body lying on top of his body. The two snow peaks behind him made him to be shocked and almost be exposed. He didn't think that this woman's body was so big that it could crawl over and entangle him.

"So uncomfortable!" Du Yanyao lay on the back of Chen Xiang's tiger as he hugged Chen Xiang with both hands. He grabbed onto Chen Xiang's chest so that his delicate body would stick closely to Chen Xiang's, and then, as he dragged her along, she wildly kissed Chen Xiang's cheeks.

"Miss Du, please hold it a bit longer. I will finish refining it!" Chen Xiang said as he gritted his teeth. At this moment, he was being pestered by a peerlessly beautiful woman who had taken aphrodisiac, so it was impossible for him to not have any thoughts, and he was restraining himself now.

Du Yanyao also maintained a trace of rationality, but just because Chen Xiang did not do anything to her, it made her feel extremely disappointed, and as a result, made her desire to vent even more.

"I can't help it, give me ... I feel so bad! " Du Yanyao spat out an orchid beside Chen Xiang's ear, her voice was filled with bewitchment, making people unable to stop.

Chen Xiang was also almost on the verge of going berserk, but his principles were extremely strong, and with the guidance of a peerless goddess like Liu Meng'er and Su Meiyao, he had an extremely strong resistance in this area, so he was able to calm his heart and refine pills.

This was a form of training for him, not every Alchemist would have this chance to train their strength!

[Chapter 592](#)

Chen Xiang was hugged from behind. Feeling the comfortable rubbing of her soft and warm body, and listening to Du Yanyao's enticing words, her enchanting moans echoed in his mind. Chen Xiang had already thought of doing something to this woman countless of times in his mind, but in the end, he still endured it.

Although Du Yanyao could not make love with a man, the fact that she could hug and rub her body with a man she did not hate made her more or less feel better.

In the blink of an eye, an hour had passed. Chen Xiang's entire body was covered in Du Yanyao's sweat, his two cheeks had already been kissed by her, and a few teeth marks had already appeared on his neck. He had never thought that he would be taken advantage of by a woman like this.

"Little Scoundrel, hold on! Don't throw away your armor at the very end!" Su Meiyao said with a smile.

"Done!" Chen Xiang heaved a sigh of relief, opened the lid of the pill furnace, took out a white pill and hastily stuffed it into Du Yanyao's mouth. Then he quickly moved to the side and watched quietly.

Seeing Du Yanyao suddenly stop moaning, Chen Xiang heaved a sigh of relief. "I'm finally alright, it's so torturous!"

She had her back facing Chen Xiang and was tidying up her clothes. What happened just now was still fresh in her mind and was deeply imprinted in her mind. She felt that even if she were to die, she would never forget what she had done to Chen Xiang.

And at this time, Chen Xiang had a very lofty and positive image in her heart, a stark contrast to the Du Peng who had just attacked her. She did not expect that there was actually a man in this world who could resist the kind of enticement that she had shown just now, and even had the heart to refine pills to detoxify her poison, and had not taken advantage of her even a bit.

"Cough cough, it's fine now. Just pretend like nothing happened just now. I definitely won't say anything." Chen Xiang felt a little awkward and said.

"Thank you!" Du Yanyao said softly. In her memories, she had never thanked a stranger before.

"You're welcome. Have you recovered your true qi? Do you want me to send you back to the city? " Chen Xiang asked with concern. This made Du Yanyao's heart warm, and she turned around to look at him with a gaze that was gentle enough to drip water.

This made Chen Xiang feel like he had been electrocuted. He did not expect that a woman who was colder than Bai Youyou would actually reveal such a soft and gentle appearance.

"You've recovered. Aren't you going back to the city?" Du Yanyao lowered her head and asked shyly.

Chen Xiang took a deep breath, he suddenly felt that his charisma was extremely strong, to be able to change the attitude of this woman towards him.

"No, I still have things to do!" He still had to go in and find the Purple dragon flower.

"Are you following me?" Du Yanyao raised her head, she had recovered some of her iciness and asked while staring at Chen Xiang.

"No, Du Peng has a grudge with me, I have always been following him, looking for a chance to make my move on him." Chen Xiang casually made up a lie and said.

Du Yanyao also believed it to be true. When she mentioned Du Peng, her face was filled with hatred: "Thank you for what you did just now. If it wasn't for you ..."

"Hehe, I already said you don't have to be so polite!" Chen Xiang interrupted her and laughed.

"Are you going to look for the Purple dragon flower?" Du Yanyao asked with a frown. Although her voice was slightly cold, the way she looked at Chen Xiang with such tender feelings made it hard for Chen Xiang to bear.

"It's very dangerous inside. For the sake of the Purple dragon flower, it's not worth it." Du Yanyao tried to dissuade her.

"I'm not afraid of poison. That thing is very important to me." Chen Xiang smiled.

Du Yanyao sighed lightly, "What kind of person are you exactly? Since you have the confidence, then I can only wish you success, I will wait for you at City Lord Palace, and if you can get the Purple dragon flower, please come and meet me once! "

Chen Xiang laughed: "I still have to stay in Sacred Dan City for a period of time. At that time, I will definitely go there brazenly as a guest."

Du Yanyao's face revealed a sweet smile, which made Chen Xiang able to see her beauty. Her smile seemed to be able to melt the world of ice and snow.

"I'm leaving, you be careful!" Du Yanyao consecutively flew a few times, and disappeared from Chen Xiang's line of sight.

Chen Xiang scratched his head, sighed, and walked towards Immortal-poisoning Devil Forest.

"What is it? Do you regret not eating her just now? " Bai Youyou ridiculed.

"Of course not, I don't regret it. If I want a woman, she will have to follow me willingly. What did that count as? Taking advantage of others? I am not that kind of person! " Chen Xiang said righteously.

"Pfft, little scumbag, you really know how to act!" Long Xueyi scoffed.

"Hee hee, as expected of my little man, I like you more and more!" Su Meiyao said while laughing. Her words were sincere, ever since she and Chen Xiang's relationship had been finalized, she felt that her heart had been satisfied, and that there was no emptiness in her heart from before. This made her very happy inside the ring.

Chen Xiang walked into the Immortal-poisoning Devil Forest and asked: "sister Meiyao, what use does that Purple dragon flower have?"

"It has a lot of uses, it can be used to refine low grade immortal pills, Dragon Yuan Pills. After eating too much, it can even make people possess purple flames and condense purple Fire Soul, and people like you with Fire Soul can even evolve it." Su Meiyao said.

"So you're saying that this is a treasure in the eyes of the Sacred Dan Realm? With this, it shouldn't be hard for me to get those immortals to do things for me, right? " Chen Xiang was extremely excited.

Inside the Immortal-poisoning Devil Forest, there was a dense green poison mist floating around, he followed Du Peng's memories and searched for the marks inside.

According to Du Peng's memories, the most dangerous place in Immortal-poisoning Devil Forest was the green poisonous miasma, but there were very few Goblin Beasts, but he had to carefully move forward.

For safety's sake, he turned into a bird and flew, this way he could avoid being suddenly attacked by some Goblin Beasts.

At night, Chen Xiang had already delved deep into the Immortal-poisoning Devil Forest. He could see from afar that there was a ball of purple light in front of him, and it looked like a pulsing light produced by purple flames.

Seeing that, Chen Xiang immediately flew over, and the poison aura was even denser, he guessed that even if Du Peng had a Poison Demon Body, he would not be able to handle such a poison, if not he would have already taken the Purple dragon flower.

Although the poison here was strong, Chen Xiang was completely fine. At this moment, he saw a purple flower that was the size of a washbasin, with the flower in full bloom, it looked just like a dragon with its mouth wide open. The entire flower was burning with purple flames, which was extremely dazzling in the darkness.

"That's right, this is the Purple dragon flower!" Su Meiyao said.

After that, he transformed into a bird and flew away at his fastest speed. Not long after he flew away, he heard an earth-shaking roar that sounded like an angry lion's roar that shook the entire Immortal-poisoning Devil Forest!

"There are indeed demonic beasts guarding this place. So dangerous!" Chen Xiang's heart still palpitated with fear. The aura just now had made him feel incomparable fear, it was definitely not an aura an ordinary demon beast could possess.

[Chapter 593](#)

The place Chen Xiang was in wasn't the deepest part. However, if he were to encounter such a powerful demonic beast, what could he do in the depths?

"Let's hurry up and go. All the demon beasts here are very powerful, maybe there are even existences on the level of immortal beasts!" Long Xueyi urged, she was worried that some powerful people would pop out. This was because this place was not like the Mortal Wu Realm, it was a place of a high level like the Immortal World.

Chen Xiang had already gotten his way, as long as he left this place earlier, although the poison did not harm him, the beasts that grew up here would definitely not be weak, especially the beasts that guarded the Purple dragon flower.

At dawn, he walked out of the gloomy and terrifying Immortal-poisoning Devil Forest. He knew that there were definitely many rare medicinal herbs growing inside, and from the looks of the Purple dragon flower he had obtained, there was definitely quite a bit of immortal medicine inside.

The Sacred Dan City's entrance was decorated with lanterns and decorations. The city gate was dressed very grandly, as if it was welcoming a big shot from above.

After Chen Xiang entered the city gate, all he saw was a long red carpet spread out on the street, reaching a luxurious building in the distance. This made him secretly surprised, in just one day, this Sacred Dan City had undergone such a huge change.

On both sides of the red carpet stood a group of majestic and valiant warriors with large sabers at their waists. They were solemn and dignified and did not allow anyone to step on the red carpet, which made many people very unhappy, but they couldn't do anything because as long as they weren't stupid, they knew that the people who came would have a very high status.

This street did not lead to the City Lord's Mansion, so it was obvious that the people who came to this street were not going to the Sacred Dan City. Du Yanyao's status was already very high, but now there was actually someone taller than her, which made Chen Xiang extremely curious. As he walked on the street, he could not figure out anything, and many people were the same as him, curious about the person who was about to arrive.

Previously, Du Yanyao had said that as long as he returned safely, he would pay her a visit at the City Lord's Mansion.

Du Yanyao held a very high position in the Sacred Dan Realm, and was very knowledgeable, so Chen Xiang had wanted to find someone like him to investigate more about this Sacred Dan Realm.

When he arrived at the entrance of the City Lord's Mansion, the guards at the door did not stop him. They all received Du Yanyao's orders to allow him in.

Inside City Lord's Mansion, Du Yanyao held a thin sword in her hand, and danced about in the courtyard. From afar, Chen Xiang could see her beautiful figure, although her sword techniques were extremely sharp and carried a killing intent, it did not affect her beauty in the slightest, but also gave off a strange feeling.

"To be able to watch the City Lord dance is truly a type of enjoyment!" Chen Xiang clapped his hands and laughed, what he said was the truth.

When Du Yanyao saw that Chen Xiang had arrived, she was elated, but she did not reveal it. She maintained her ice-cold temperament, as she did not want Chen Xiang to see her emotions.

"Young master, I still do not know your name. Can you tell me your name?" Du Yanyao kept her sword well. In her eyes, Chen Xiang was very mysterious, but she was a very upright person. Especially after what happened last time, Chen Xiang had a very good impression of him.

This was very rare for her, because over the years, there weren't many men who could be taken seriously by her.

"My name is Chen Xiang, why doesn't City Lord Du invite me in to have a cup of tea or something?" Chen Xiang smiled.

She watched as Chen Xiang drank the tea she brewed, and saw his satisfied expression. Only then did she heave a sigh of relief in her heart, not knowing why she was so nervous, as this was something she had never experienced before.

"Young master Shen, did you get the Purple dragon flower?" Du Yanyao asked in a low voice.

Chen Xiang nodded his head: "I've got it, but I'll have to ask City Lord Du to keep it a secret for me."

Du Yanyao's eyes flashed with shock, and she said: "Mn, don't worry! Young Master Shen helped me so much, I won't harm you! "

Chen Xiang smiled faintly as he stared at Du Yanyao. Looking at that ice-cold and beautiful face, he couldn't help but recall the seductive attitude she had when she was poisoned.

As long as Du Yanyao didn't know what Chen Xiang was thinking, it was still the first time she felt this way when she saw Chen Xiang staring at her like a little deer running amok. At this moment, she hated herself for being dumb, and why she was born cold and didn't know how to attract men.

Du Yanyao suddenly became silent, she did not know what to say, although her face was ice cold, but her heart was very nervous and shy.

Chen Xiang saw Du Yanyao pursed her lips and her cold face turn slightly red. She felt that it was somewhat unbelievable and said: "City Lord Du, when I went back to the city and saw the people outside looking so solemn, who exactly was coming? I just came out from the mountains and don't really understand Sacred Dan Realm, can you tell me about it? "

Du Yanyao immediately replied: That is the chief disciple of the first level of Sacred Dan School, he is one of the hundred over grandchildren of the Leader, with outstanding talent, coupled with his talent in alchemy, he has been nurtured greatly by the Sacred Dan School, and is an expert at the peak of the Hundred refining realm at such a young age.

The Sacred Dan Realm had eighteen floors, and the eighteenth floor was the strongest place, and although the first floor was the lowest, it was very powerful to be able to get the head of the top disciples in a large power here.

"No wonder. Oh right, why did so many Nirvana Stage s suddenly disappear?" The last time he came here, he could even occasionally see one or two of them on the streets, but now, he could not see any of them.

"You saw the rift between the and the devil realm last time right? Not only are there cracks on the first level, there are cracks on the first level as well. Now, they have sealed the crack on the first level, and the second, third, and fourth level is next ... Furthermore, the higher the level, the harder it is to seal and it will have to defend against the devils. Therefore, the great powers in the Sacred Dan Realm have called for many Nirvana Stage s to seal the spatial crack. " Du Yanyao explained.

It was the same as the situation in the Chen Martial Continent back then, when many rankers were also summoned to seal the crevice.

"What is this fellow doing here?" And he's still so high-profile, is he usually like this? " Chen Xiang asked curiously, he suddenly wanted to go and meet such a person, after all, he was someone with a strong ability and a strong level of alchemy.

"Yes, that's why I hate him! "Oh right, Young Master Shen, you seem to be able to forge pills as well, right? I can see that your pill forging abilities aren't weak at all. In that case, you can still..." As she spoke till here, Du Yanyao's face flushed red, and she blushed in front of the man. This was something she couldn't have imagined before.

At that time, Chen Xiang was being pestered by Du Yanyao who was in heat, to be able to calm down and concoct pills in that kind of situation, not just anyone could have such mental fortitude!

City Lord Du is also a Alchemist, if we have the chance in the future we must discuss it thoroughly. "

Chen Xiang coughed twice, thinking of how Du Yanyao was poisoned, his heart started to waver.

[Chapter 594](#)

Du Yanyao and Chen Xiang couldn't help but recall what happened that day. This made the atmosphere extremely awkward, especially for Du Yanyao. That was an extremely embarrassing thing to her, and she clearly remembered her embarrassed state that day, and when she thought back to it, she really wanted to erase this memory.

"Young Master Shen, I'm actually very curious why you didn't do anything to me back then. Under those circumstances, I can't blame you at all." She knew that only by returning to her original self would she be able to calm her inexplicably restless heart. Otherwise, she would be extremely embarrassed in front of Chen Xiang.

Chen Xiang did not expect Du Yanyao to ask such a question.

Du Yanyao stared at her and asked: "Is it because I'm not attractive enough?"

Chen Xiang laughed and said: "Of course not, to be honest, I had many bad thoughts that day, but I thought about how I am a man with a family, so I endured it!"

Seeing Chen Xiang saying that he had a family, Du Yanyao's heart suddenly throbbed with pain. It was an unspeakable pain, but she maintained her composure and said: "Young Master Shen, the Sacred Dan School is holding a sacred pill competition, are you going to participate? is that the young Alchemist are competing on alchemy! "

"Oh? When does it start? Of course I want to join! " was happy and asked anxiously. Participating in this Pill Refining Competition would allow him to level up even faster, so if he could find the Devil-suppressing blood quickly, he planned to refine the Earth Grade Low Rank Dan here before going back.

"In a month, it will be held in Sacred Dan Realm, so the head disciple of Sacred Dan School will come to participate! I'll join them when the time comes. " Du Yanyao was slightly happy, because she had the chance to fight against Chen Xiang.

Suddenly, Chen Xiang felt a strong Qi approaching him, and he fell to the ground with Arrogant Morale, when he heard a voice: "Yanyao, I'm coming, why don't you welcome me?"

Du Yanyao's face darkened, and said in a low voice: "This annoying guy is here, I'll go out and deal with him!"

Just as Du Yanyao stood up, a figure suddenly flashed, and Chen Xiang saw a man dressed in white with disheveled hair who looked to be extremely proud and unruly appear.

He coldly swept his gaze across Chen Xiang, and saw that Du Yanyao had personally brewed some tea at the side. His eyes actually flashed a hint of killing intent, and he could tell that was extremely important to him, and other men were not allowed to approach Du Yanyao.

"Do you still need me to pick it up?" Du Yanyao said coldly.

"Yanyao, I came here this time to talk about our marriage with you, so we should set it as soon as possible!" The man said, and he completely ignored Chen Xiang.

Du Yanyao sneered: "This time, there should be at least ten women who came with you, yet you actually have the time to come here to discuss marriage matters?"

The man replied, "As long as you agree to marry me, I can make those women disappear immediately. I can never let them appear before you again."

"Hmph, then in the future when you meet a woman who is better than me, in order to obtain that woman, will you also promise her that you will make me disappear? Xie Donghao, don't count on me marrying you. With your attitude towards women, even if all the men in the world are dead and only you are left, I will definitely not consider you. " Du Yanyao's attitude was extremely resolute.

As if Xie Donghao was accustomed to Du Yanyao, he could tell that it wasn't the first time Du Yanyao had rejected him in such a manner. He let out a long sigh, then looked towards Chen Xiang. "I don't know who you are, but if you don't want to be my enemy, you'd better stay far away from Yanyao!"

"Xie Donghao, don't threaten my friend!" This made Xie Donghao hate Chen Xiang even more, because he understood Du Yanyao extremely well. He knew that there were not many people who could be considered Du Yanyao's friend.

Xie Donghao did not take Du Yanyao's words to heart, he continued to threaten Chen Xiang and said: "You better be tactful, otherwise you will become the enemy of the entire Sacred Dan School. If you do not disappear from the Sacred Dan City within an hour, you better wait and see!"

Just as she was about to speak up, Chen Xiang said with a cold smile: "You can only bring out Sacred Dan School to threaten someone else. Without Sacred Dan School, without your grandfather and father, you are just a fart! But in my eyes, it's just a little bit better than farts! "

Xie Donghao was startled, he never thought that there would be someone who would dare speak to him like that, his brows knitted slightly, as he was trying to guess Chen Xiang's identity, but he did not have a clue.

Seeing Chen Xiang fighting against Xie Donghao so recklessly, when Du Yanyao was worried about him, he couldn't help but admire Chen Xiang's boldness. In Sacred Dan City, there were also a few people more talented than Xie Donghao, but in front of Xie Donghao, they could only be meek.

"You have guts. I hope your ability can take responsibility for the things you've said to me!" Xie Donghao said angrily, his voice carried killing intent as he left in large strides.

"I'm sorry to have caused you trouble. Don't worry, I will take care of it." Du Yanyao said with a face full of guilt.

"It's not your fault. My words have truly angered him!" Chen Xiang laughed, and did not mind it in the slightest.

"Young Master Shen, you must not underestimate him. In order to achieve his goal, he must not hesitate to do anything." Du Yanyao said: "I have always hated him, but I can't do anything to him. Furthermore, he keeps pestering me to marry him."

Du Yanyao frowned, you could see that she was worried about something.

"City Lord Du..."

"Call me Yanyao, we are already friends!" Du Yanyao said softly.

Chen Xiang laughed: "Yanyao, there is something I want to ask you, has your grandfather disappeared?"

Du Yanyao's body trembled as she nodded her head, "He's been missing for a long time. Our entire Du Family has been searching for him for many years, but there isn't a single trace of him!"

"Also, Sacred Dan School already knows about this matter. Without my grandfather, our Du Family's strength would have been greatly reduced. Sacred Dan School has always been eyeing our Du Family, wanting to annex us ... I'm worried that Sacred Dan School will forcefully arrange for my marriage with Xie Donghao at that time. "

Du Yanyao was worried about this. Although she was a City Lord of the Sacred Dan City, her strength was limited.

"Did you leave any clues behind when your grandfather left? Looks like I have to find your grandfather first. I have some things that I would like to ask him! " Chen Xiang asked.

"There are clues, but we don't know what they are!" When Grandfather went missing, he said that he would go to the most dangerous place in Sacred Dan Realm and that there would be remnants of the Devil-suppressing Heavenly Venerable there. "

In the remnants of the Devil-suppressing Heavenly Venerable, Chen Xiang's heart fiercely jumped!

Where is the most dangerous place in Sacred Dan Realm? Chen Xiang quickly thought of the Immortal-poisoning Devil Forest, and Du Yanyao immediately gave him the answer.

"The most dangerous place in the Sacred Dan Realm is the Immortal-poisoning Devil Forest. Grandfather is a Dan Immortal, and as long as there's a way to go deeper in, only a small number of people in the Sacred Dan Realm would dare to go in!"

[Chapter 595](#)

Chen Xiang never thought that he would find the clues of the Devil-suppressing blood so quickly.

"Have you heard about the Devil-suppressing Heavenly Venerable's remains?" Chen Xiang calmed his agitated heart. he asked.

"No, no one has ever heard of him, we only know about the matters of the Devil-suppressing Heavenly Venerable. He had come to the Sacred Dan Realm many years ago, and no one knew what he would do at that time." Du Yanyao shook her head.

Seeing that Chen Xiang was so interested in the ruins of the Devil-suppressing Heavenly Venerable, Du Yanyao became even more curious about Chen Xiang's origins, but she did not ask any further.

"Young Master Shen, do you really have a wife? She's very good, isn't she? " Du Yanyao's voice was somewhat low.

Chen Xiang sighed in his heart, scratched his head and said: "Actually, I am also not a good person. So far, there is only one woman who is famous with me, in addition ... And two lovers. "

Du Yanyao sighed: "It's normal for a strong man to have more women by his side. My mother is my father's eighteenth woman!"

"If you don't talk about this, I will think of a way to go into the depths of Immortal-poisoning Devil Forest and find your grandfather. At that time, you won't have to marry that bastard." Chen Xiang smiled.

"No need, I'll just hide when the time comes. You can't go in there and take the risk, who knows if my grandpa is really inside!" Du Yanyao shook her head.

Chen Xiang did not want to talk about it anymore, he was determined to go. There were Devil-suppressing blood inside, he had to go in and take a look no matter what.

"Right, is there any reward for the competition of the Saint Pill Assembly?" Chen Xiang asked.

"Of course there are, that is the mysterious reward provided by the Sacred Dan School, it will be announced during the conference. This conference happens once every hundred years, and there are a lot of Alchemist participating, so the reward will definitely not be too bad!" A rare sweet smile appeared on Du Yanyao's face once again, "Young Master Shen, don't ever think of obtaining that reward, you have to win against me!"

Following that, Chen Xiang asked many questions about the Sacred Dan Realm, and Du Yanyao patiently answered them all. In the end, she even discussed some alchemy experiences with Chen Xiang, which benefited both of them.

As the sky darkened, Du Yanyao said: "You can stay in the City Lord's Mansion. If that's the case, Xie Donghao still won't dare to act recklessly here.

Just like this, Chen Xiang stayed in the City Lord's Mansion. Du Yanyao knew that Chen Xiang was a Alchemist, so she provided him with an extremely secluded, secret room.

Chen Xiang was deep down in her stone room. Just as she came out from her shower, she saw Su Meiyao lying on her stone bed, wearing a thin layer of white silk clothing, everything inside was faintly discernible, and she was actually wearing something inside. Worse still, this peerless beauty was still maintaining a coquettish and flirtatious attitude, her eyes were like silk, her small mouth was slightly opened, and her charming smile made Chen Xiang feel like her soul had left her body.

"sister Meiyao, don't you play with fire!" Chen Xiang took a deep breath and walked over.

"Elder sister, I just want to see how much charm you have when comparing with that Yanyao. I also want to test your mental fortitude!" Su Meiyao smiled flirtatiously.

Chen Xiang walked onto the stone bed and held Su Meiyao down, then smiled sinisterly: "You are my wife, what mental fortitude do I need? Even if I eat you, I won't feel that it's not enough! "

As he spoke, he gently rubbed one of Su Meiyao's snow breasts across the thin and transparent silk dress.

"Little Scoundrel, I was only worried that you'd be bored to death, so I gave you a taste, don't be too excessive!" My body is very weak right now, and I can't take your pain! " Su Meiyao said intimately. That kind of voice caused Chen Xiang's bones to go numb, and with a flip of his body, Su Meiyao laid on top of him.

"sister Meiyao is so considerate!" As Chen Xiang spoke, he moved his lips closer to her and passionately kissed her. A pair of large hands were moving around her flawless body, stroking it through the thin layer of cloth, giving him a different feeling.

After the passion passed, Chen Xiang hugged the beauty and fell asleep. Su Meiyao also laid in his embrace, listening to the heartbeat of her little man.

On the second day, Chen Xiang greeted Du Yanyao and said that he would be cultivating pellets in seclusion, and was preparing to participate in the convention. After that, he hurriedly returned to the basement, took out his Yanlong furnace, and began refining pills.

The profoundyang fire Dan he was refining now, he wanted to be more familiar with it. The last time he succeeded was all because of the competition, and under those circumstances, it was normal for him to be able to excel in it.

When he familiarized himself with refining profoundyang fire Dan, he would then be able to start refining other high grade profound level pills. As long as he mastered three of them, he would be able to basically refine pills of the same level.

Now that he had clues about the Devil-suppressing blood, he was not that nervous. He was just considering whether or not he should go into the Immortal-poisoning Devil Forest now to find Du Yanyao's grandfather.

"We will be leaving after refining two more batches of profoundyang fire Dan. Hopefully, we will be able to rush back to participate in the Sacred Pill Assembly."

Chen Xiang was concocting pills in the secret room, but at this time, there were many people in the Sacred Dan City who were inquiring about him. They wanted to know where he came from, but to no avail.

Du Yanyao had already helped Chen Xiang to register to participate in the Sacred Pill Assembly. Although she would be competing with Chen Xiang later on, she was filled with anticipation.

He had already successfully refined five batches of profoundyang fire Dan. Although he failed three times, it allowed him to have a better grasp of the refining process of profoundyang fire Dan.

It was night, and Chen Xiang was standing outside Du Yanyao's door. After Du Yanyao opened it, he hurriedly said: "Yanyao, I have something to do, so I need to leave for a bit. If I don't return in time to participate in the Pill Assembly's pill refining competition, then you don't need to wait for me."

Du Yanyao did not ask further, she only sighed lightly and nodded: "Be careful."

Chen Xiang smiled at him, then quickly left. He turned into a black butterfly in a place no one saw him in the City Lord's Mansion, and flew out of the City Lord's Mansion in the night. At the entrance of the City Lord's Mansion, he could see a few people in charge of following him.

Not long after, he left the Sacred Dan City. What made him extremely shocked was that around the City Lord's Mansion, there were actually many people watching. He felt that they were definitely the people Xie Donghao sent.

Back then, when he was opposing Xie Donghao, Xie Donghao had already treated him like a dead person. Once he found the opportunity, he would definitely not let Chen Xiang go, especially when he thought about how Du Yanyao would look at him with such tender eyes, he felt so jealous that he could bleed in his heart.

"Did you find out where he came from?" Xie Donghao asked.

"We only found out that he killed Second City Lord and a few of his followers inside the City Lord's Mansion. Furthermore, his attacks were very fierce, and he shouldn't be weak. How long has it been since we couldn't even find his name?!" An old man said.

[Chapter 596](#)

Outside the Immortal-poisoning Devil Forest. Chen Xiang stood there and looked at the deep forest that was filled with green poisonous miasma. This forest was very big, and no one knew what dangers were present in the deepest part of the forest.

"Where should I start looking? This place is so big!" Chen Xiang didn't have a clue. He only thought that Du Yanyao's grandfather might be inside, and he couldn't be sure if the Devil-suppressing blood was actually inside.

"Let's go in first, we'll talk later." Let's go in first. Su Meiyao said.

Chen Xiang turned into a bird and flew in the deep forest. This would make him very safe, unless he met some powerful demon beasts that specialized in killing birds.

This time when he entered, he tried to stay as far away as possible from the place where the Purple dragon flower appeared. There was a powerful fellow there, and he was definitely angry at this moment.

On the way, when Chen Xiang entered the depths of Immortal-poisoning Devil Forest, he encountered many powerful poisons, most of them were insects. However, his flying speed was extremely fast, so even if those poisons found him, he could dodge.

After flying for a day and a half, he reached a deeper place, and the poison inside was even stronger. Now, he understood even more the name Immortal-poisoning Devil Forest was not fake, even if he was an immortal, without proper protection, he would definitely be poisoned to death if he entered.

"When did the poison dragon die?" If Devil-suppressing Heavenly Venerable had wanted to hide things back then, this place would have been the best place to do so. Moreover, he cultivates the Devil-suppressing kungfu, so it is naturally impenetrable as well! " Chen Xiang said, this made him even more certain, that the remnants of the Devil-suppressing Heavenly Venerable were truly here.

"Hmm? The Devil-suppressing mirror seemed to have moved! " Chen Xiang was startled, he anxiously turned into his human form and took out the Devil-suppressing mirror, only to see the mirror trembling.

When he was at Martial Contest of the King, he had entered the Evil Demon and obtained the Devil-suppressing mirror. At that time, he had witnessed the power of this mirror, especially when dealing with demons, it gave him fatal injuries. It allowed him to instantly kill demons above his level, as if it was a natural divine tool to slay demons.

"Could it be that the Devil-suppressing mirror is going to guide me?" Chen Xiang turned his body, and when he turned around, the Devil-suppressing mirror's mirror suddenly lit up, shining with a gentle golden light.

Chen Xiang was ecstatic, he kept his Treasure Mirror and transformed into a bird that quickly flew over.

"Is there any other use for the Devil-suppressing mirror that I haven't discovered? He actually had this kind of perception that could transcend space! When I have time, I have to find out what it is all about. "

When Chen Xiang first obtained this Devil-suppressing mirror, although he obtained detailed information about this treasure mirror, it seemed like this mirror still had a lot of unknown uses.

When a refiner refined a piece of magical equipment, he would usually place a small piece of information on it. When the magical equipment recognized the equipment as its master, he would transmit this message to the person who created it, allowing him to quickly grasp the information on the magical equipment.

"There's someone here!" Long Xueyi shouted in shock: "This man is coming! He is fast!"

As his voice fell, Chen Xiang felt a strong wave of energy rush over. An old man with white hair ran over from afar, his skinny hands crazily waved as waves after waves of sharp palm winds shot out explosively, bringing along a violent force that engulfed a large portion of the deep forest. That wave of energy charged over, and like harvesting straw, broke the majority of the energy waves.

Initially, Chen Xiang was still surprised that he was discovered, but later he realized that the old man's target was not him, but a man dressed in beast skins. This man's speed was unexpectedly also very fast, if not for Long Xueyi's reminder, he probably wouldn't have been able to catch this man.

"They're gone, they're really fast!" Chen Xiang heaved a sigh of relief, "Could that old man be Du Yanyao's grandfather?"

"It's quite possible that he might be able to catch up with us. However, that old man's strength has not reached the Immortal Realm!" Su Meiyao said.

Who was Chen Xiang that was blown away by the storm of energy just now? However, Long Xueyi was following them with her consciousness, so he could follow these two people.

"That old man is very strong, but when he attacked earlier, he did not use his full strength. He wanted to capture that man alive." Long Xueyi said.

Chen Xiang had transformed into a bird right now, and his speed was not slow either, but he was still thrown far by the two people.

"It's simply impossible to catch up! Have you found anything? " Along the way, Chen Xiang saw many gigantic trees that were cut down by energy waves that were like sharp swords.

"Their speed has slowed down, and the old man's power seems to be weakening as well! The energy waves he released are weakening as well!" Long Xueyi said, which made her a little suspicious. In her opinion, the two of them had the same amount of strength, so it was impossible for them to run slower and slower.

Chen Xiang followed them for the majority of the day. Along the way, he carefully observed the traces left behind by the old man and the man, and noticed that their speed was decreasing, and the old man's attack was also becoming weaker.

At night, Chen Xiang chased after them for an entire day and night without rest, and the two people were like that as well. As the two people's strength gradually weakened, he had already closed the distance between them, so if he continued, he could see those two people.

"They might have been poisoned, so their bodies only contained a bit of power. However, it was slightly restricted. Perhaps that old man is truly that ice beauty's grandfather." Su Meiyao said: "Only this Immortal-poisoning Devil Forest would have this kind of poison, and if a Dan Immortal was tricked, then who is the man he was chasing after? It can actually resist this poison! "

Because Chen Xiang had the Devil-suppressing Golden Body and the Seventy-two changes, he was able to safely enter such a deep place. If it was anyone else, they would have to be very strong to enter.

During the chase, Chen Xiang observed the Devil-suppressing mirror and discovered that it was still moving. It was just that he was not holding it in his hand, and did not know where his target would be.

If I knew earlier, I would have asked Du Yanyao for a portrait of her grandfather! Chen Xiang saw the back of the old man, their speed was slower, the old man's attack was weaker, but they were not tired at all.

Suddenly, the old man roared: "Bastard, I'll definitely catch you!"

"Old man, you've been saying these words for so many years, haha ..." He heard the man's loud laughter, but the old man suddenly stopped and sat down on the spot.

Chen Xiang who was far away transformed into a human and anxiously took out his Devil-suppressing mirror. Aiming at the place where the man had disappeared, the Devil-suppressing mirror suddenly flickered.

"Strange, why would the Devil-suppressing mirror be able to track a person?" Chen Xiang was extremely suspicious, if it was locating an object, then living in it was a place. It was normal, because it could have been set a long time ago, but now, it was a person who could move.

"Who's there!" The old man shouted in a low voice, and a sharp aura attacked him.

[Chapter 597](#)

Chen Xiang was shocked. He anxiously replied: "I'm Yanyao's friend!"

When the old man heard this, he suddenly jumped over and instantly appeared in front of Chen Xiang. With one hand holding Chen Xiang's collar, he stared at him with his bloody hawk eyes: "Who exactly are you?"

"Senior, I said that I'm Yanyao's friend!" Chen Xiang looked at the old man's anxious expression and said sincerely: "I have no ill intentions, if there's anything you want to say, you can say it!"

After the old man realized that Chen Xiang's strength was not enough to threaten his life, he put Chen Xiang down.

"Are you really Yanyao's grandfather?" Chen Xiang asked.

"That's right, I am Du Hai. Are you really her friend? I really didn't know that she had such a powerful friend like you, who could actually come to the depths of Immortal-poisoning Devil Forest unscathed, and how long she could follow me for without making a sound. Du Hai carefully sized Chen Xiang up. His eyes that were as sharp as an eagle's eyes, seemed to want to see through him.

Chen Xiang smiled and asked: "Senior, how long has it been since you last saw her?"

"Fifty years! But I don't know which family's kid could become so powerful in fifty years, and I know all about the people who are chasing after her! " Du Hai was still on his guard against Chen Xiang. Although he was talking to Chen Xiang, he treated Chen Xiang as his enemy.

Seeing that Du Hai was being so cautious, Chen Xiang said, "Senior, you should know that you have been missing for so many years, right? Now, it seems that Sacred Dan School knows that you are no longer Du Family. If they were to confirm it, you would know what the Holy Elixir would do without my words right? "

Du Hai frowned: "They are making their move on Du Family now? As long as they don't confirm that I'm dead, they definitely won't dare to act recklessly towards Du Family. They definitely won't dare to gamble the life and death of the entire Sacred Dan School! You have to be clear that I am a Dan Immortal, the moment I open my mouth, a bunch of idiots will help me get rid of my Sacred Dan School! I have never been worried about this trivial matter! "

The Dan Immortal could refine immortal pills, but many strong warriors needed high level pills, because it represented their future. Some warriors had more problems the higher their cultivation, and sometimes, they would just stay stagnant, and if they could not break through, even the immortals would die!

The only people who could save them were the Dan Immortals, especially those immortals. They had successfully passed through the Nirvana Doom, so they did not want to die, but pills could help them break through, and increase their lifespan!

Chen Xiang now understood why this Dan Immortal could go missing without any worries. He was indeed not afraid, many experts definitely owed him a favor, and at that time, even if he did not say anything, they would all help Du Family.

"Even though he said that, the Sacred Dan School can still use this time to play some tricks. According to what I know, one of Sacred Dan School's sons is trying to find a way to marry Yanyao off to him. Chen Xiang said.

This caused Du Hai to be instantly enraged and roar: "If he dares, as long as I go back, I will definitely castrate all of that old fellow's sons. If he dares to touch my granddaughter, I will definitely let them understand that there is something even more terrifying than death!"

The corner of Chen Xiang's mouth twitched slightly. Now he knew why Du Yanyao was such a woman, more or less the same as Leng Youlan, who had a violent father who fought on the battlefield throughout the year. Yet Du Yanyao had such a grandfather, and he had been affected by it since he was young.

"Kid, it was Yanyao who told you where I was? There are no more than five people who could possibly know about the most dangerous place in my Sacred Dan Realm and the place where we could search for the remnants of the Devil-suppressing Heavenly Venerable. Du Hai looked at Chen Xiang with a strict expression.

He understood his own granddaughter very well. A man who could get so much information from Du Yanyao's mouth must have obtained Du Yanyao's trust.

"I'm her friend. I saved her once, but we don't have anything to do with each other. Besides, I already have a wife." Chen Xiang hurriedly explained. He was worried that this reckless old man, who loved Sun Ru Ming, would misunderstand him.

"Hmph, why aren't you poisoned? Even I can only barely defend against this poison!" Du Hai stared at him and asked.

Now, Chen Xiang understood why Du Hai ran slower and slower, and why his strength was getting weaker and weaker. It turned out that he had used a large portion of his power to defend his body against the poison.

"If I told you about my impenetrable, would you believe me?" Chen Xiang shrugged and said.

"If that's really the case, then either you cultivate the Poison Demon's Body or you have successfully cultivated the Devil-suppressing Golden Body. From the pure aura that you emit, you should be the latter, I didn't think that there would actually be someone who could cultivate the Devil-suppressing Golden Body!" Although Du Hai's expression was calm, his heart was filled with shock. He knew about the remnants of the Devil-suppressing Heavenly Venerable, and naturally knew how difficult it was to cultivate the Devil-suppressing kungfu.

Chen Xiang exclaimed: "Senior is indeed knowledgeable! I just stumbled upon a stone tablet by luck and spent a long time memorizing the mental cultivation method written on it. After that, I succeeded in my cultivation and the words on the stone tablet also disappeared!"

In order to get Du Hai's good impression of him, Chen Xiang could only reveal some things that interested him, so that he could let his guard down.

As expected, Du Hai fell into a short period of contemplation, and then said: "That's a Devil-suppressing monument! "I have seen this thing before. I remember the things on it very clearly, but I didn't learn it. It didn't appear as you described."

Chen Xiang frowned: "That's strange, could it be that because senior was too strong back then, and was therefore useless? Or is there the spirit left behind by the Devil-suppressing Heavenly Venerable inside the monument, allowing you to choose the person he approves of?"

Du Hai sighed slightly, "It's possible. Devil-suppressing Heavenly Venerable is a genius, the person that the demons fear the most."

Chen Xiang said: "Senior, honestly, I came here to help Yanyao find you, and also to find the remnants of the Devil-suppressing Heavenly Venerable."

"I found the remains of the Devil-suppressing Heavenly Venerable. It was a box, but this box was swallowed by a immortal beast, I chased that immortal beast for 45 years and couldn't solve it, but I know that I can exterminate it very soon!" Du Hai looked at Chen Xiang and smiled slightly.

Seeing Du Hai's smile, Chen Xiang felt goosebumps all over his body. Du Hai actually wanted him to deal with the immortal beast, he finally understood who the man Du Hai chased after was. It was that immortal beast!

Don't worry, that fellow is also afraid of poison, so just like me, he uses up a lot of energy to resist the poison's invasion into his body, and when he runs, the consumption is even greater. The next time I see him, I plan to waste even more time with him. I trust you, I hope I'm not mistaken! " Du Hai said.

In order to survive in the Immortal-poisoning Devil Forest, every time Du Hai was in pursuit, he would try his best to conserve a portion of his energy, so that he could have the power to escape.

[Chapter 598](#)

Chen Xiang came for the Devil-suppressing blood. He had to explain this matter clearly, otherwise, Du Hai would fight with him for the Devil-suppressing blood s. He could not defeat this kind of immortal.

"Senior, I have spoken frankly. I am not a person from this world." Chen Xiang thought about it carefully and said.

Du Hai who was sitting on the ground and recovering his Innate Qi opened his eyes and said lightly: "I know, I have been in the Sacred Dan Realm for a long time, of course I can see it!"

"I came here to look for the Devil-suppressing blood, I don't know what will happen to the Devil-suppressing blood after I obtain it, in short, this is my goal!" Chen Xiang said.

"If the beast has swallowed it, you can take it then. I will respect the choice of the Devil-suppressing Heavenly Venerable, you do not have to worry, but you have to compensate me, after all, I have spent many years trying to obtain it." Du Hai said. Chen Xiang thought that it was indeed difficult for Du Hai to stay in this damned place for so many years.

"Purple dragon flower, I will use this to compensate you, is that enough?!"

Du Hai suddenly opened his eyes, and asked with an expression of disbelief: "You're from Heaven Realm?"

Chen Xiang laughed, "No, I am from the mortal world."

"How interesting, a little kid from the mortal world really has quite the skill. Did you find the Purple Flame Dragon Fruit from here?"

"I found it in the Immortal-poisoning Devil Forest." Chen Xiang nodded.

"When I recover, I will go find that beast. That guy doesn't dare leave Immortal-poisoning Devil Forest, otherwise, he will definitely not hunt!" Du Hai laughed coldly: "Who asked him to be a dragon that

evolved from a python. This kind of dragon that doesn't look cheap is a target for many old fellows to kill!"

Long Xueyi snorted: "No wonder there's such a familiar Qi, this guy must have used a forbidden technique of the dragon clan to become so human!"

"What forbidden technique?" Su Meiyao asked.

"They only eat children from one to five years old!" Long Xueyi said angrily: "I must kill this guy, otherwise, no matter what, I must think of a way to contact the Imperial Dragon Race and make them take care of this bastard!"

Chen Xiang was also filled with anger. He could imagine that the snake must have eaten quite a few children in order to evolve into a dragon.

"Kid, what's your name?" Du Hai asked.

"Chen Xiang."

"Did Yanyao know you were looking for me?"

Chen Xiang shook his head: "I don't know, I didn't tell her."

Du Hai could not help but let out a light sigh, as if he had guessed Du Yanyao's feelings towards him.

"You are a Alchemist, and your pill refining skills are definitely not low. It's rare even in Sacred Dan Realm to have such a powerful Fire Soul. If that shitty Fire Divine Palace in the Immortal World were to know that you have such a powerful Fire Soul, you would definitely be in deep trouble!" Du Hai closed his eyes and said indifferently.

Chen Xiang was shocked and he laughed: "I'm not afraid of Fire Divine Palace. I've been fighting against him for a long time!"

"Not only that, what you want to obtain right now is something that those old fellows in Devil-suppressing Divine Palace are yearning for day and night. Although you managed to cultivate to the Devil-suppressing kungfu, and initially it was because you became the owner of the Devil-suppressing Divine Palace, those old fellows in Devil-suppressing Divine Palace would definitely not be willing to give you such a huge power! If you were able to find out about the Devil-suppressing blood, I think you also found out about it from the Devil-suppressing Divine Palace. According to what I know, a hundred years ago, there was an old man from the Devil-suppressing Divine Palace that contacted the Sacred Dan Realm to find the Devil-suppressing blood! "

This Du Hai was amazing, he actually knew so many things. Chen Xiang was glad that he did not brag in front of him, otherwise, he would definitely be exposed.

"If I remember correctly, the Sacred Pill Assembly will soon begin. Since you are the Alchemist, aren't you going to participate in the alchemy competition?" If you are an outstanding Alchemist, I believe you should know that this competition is also a way to break through. "

Chen Xiang said: "Yanyao has already helped me register, and right now, it's going to start in less than a month. I'll do my best to hurry back to participate!"

"You don't have time, it's not easy to find that beast. This time, I've been looking for him for three years." Du Hai sighed.

"I'll be able to find him in three days. Do you believe me?" Chen Xiang rolled his eyes and said with a smirk.

"I don't believe it!" Even though Du Hai was aware that Chen Xiang was a rare genius, he was still very certain about this matter, "It took me two years and eight months to find him at least, and his concealment methods were extremely high. I have followed him for over forty years and I know him very well, but it was still difficult to find him easily."

"Want to take a gamble?" Chen Xiang yawned, and said indifferently. This Du Hai was a Dan Immortal, he was definitely rich, and had precious immortal medicines in his hands.

"What are you going to bet with me?" Du Hai said with disdain: "There are not many people in the Sacred Dan Realm that I can deal with. Although my strength is not the strongest in the Sacred Dan Realm, but as for financial resources"

"Purple dragon flower, is that enough?" Chen Xiang smiled faintly.

"Enough is enough, but isn't this enough compensation for me? Although I am not sure what is inside the box right now, but if you really want to get that Devil-suppressing blood, you have to fulfill your promise. " Du Hai frowned.

There were quite a few creation divine liquid in Chen Xiang's hands, and in the medicinal garden inside his ring, there were three flowers that looked like they were burning with purple flames. These were all flowers that Su Meiyao had created with creation divine liquid.

"Did I say I only have one Purple dragon flower?" Chen Xiang's eyes were filled with provocation: Senior, you don't dare to bet anymore?

Du Hai suddenly laughed out loud. "What an arrogant brat! Even the strongest old fellows in the Sacred Dan Realm would not dare to provoke me like this. As long as you use the Purple dragon flower s, I will also use the same thing! "

"Longevity fruit, you should know the value of this thing. This is something that can make those old things fight over it!"

Chen Xiang nodded his head in satisfaction, "After I eat it, I can live for ten thousand years!"

"That's right, but you need to eat an entire Longevity fruit to have ten thousand years of lifespan, but if you know how to refine pills, you can turn a Longevity fruit into two Myriad Life Pills, and the value will double."

This was a celestial fruit, if they were to sell it in the Mortal Wu Realm, it would definitely cause many old fellows to go bankrupt, and they would go all out to obtain it.

"I'll take you to that guy in three days!" Chen Xiang smiled: "That's right, if we slaughter that dragon, would we be splitting up his corpse like this? This is worth it! "

"Choose your dragon pearl and Dragon corpse, choose one each!" Du Hai slightly narrowed his eyes: "Brat, you really aren't someone who can easily be taught like this. My guess is that you are at least an immortal."

Chen Xiang at least smiled. Su Meiyao and Bai Youyou, the two mysterious exceptional beauties were his instructors, and, the old cunning fox and Long Xueyi, the little vixen.

[Chapter 599](#)

"I choose the dragon pearl!" This was what Long Xueyi had asked Chen Xiang to choose from. This was because the dragon pearl not only contained the life force of a dragon, but also the dragon soul. To Chen Xiang, it was far more precious than the Dragon corpse.

Du Hai no longer chatted with Chen Xiang, he had quietly recovered the energy that he had expended previously. What surprised Chen Xiang the most was that Du Hai actually had a way to absorb a very pure energy from the thick poisonous miasma.

"It's immortal qi. Immortal qi is everywhere in Sacred Dan Realm, and he's an immortal. He can easily absorb that kind of energy." Su Meiyao said.

After only six hours, Du Hai had completely recovered. At the moment, he was brimming with energy, and his entire body was releasing a very threatening Qi. This level of Qi, Chen Xiang only felt it the last time he met Bai Youyou's elder sister, Bai Ziqian.

Bai Ziqian was very strong, but he felt that Du Hai was not inferior to her at all.

"Kid, you can start now. From now on, you must find that beast within three days. Otherwise, you will lose!" Du Hai said very seriously.

Chen Xiang gave a bland laugh as he took out the Devil-suppressing mirror and started to spin on the spot. Only when the Devil-suppressing mirror started to emit a soft golden light did he stop spinning.

Du Hai saw that the Treasure Mirror in Chen Xiang's hand was not an ordinary item, it was just that he could not see its origin and specific uses. He furrowed his brows as he thought about it, because the energy released from the mirror made him feel that it was very familiar.

"Over here!" The Devil-suppressing mirror could feel that the Devil-suppressing Heavenly Venerable had left something behind, but that thing had already been devoured by the dragon, so it only needed to look for the dragon through the treasure mirror. That was why he was so confident, he only needed to hurry and find the dragon within three days.

"Senior, my speed is not as fast as yours ..." Just as he said this, he felt his arm being grabbed by a powerful hand. Following that was a strong gust of wind blowing towards him, causing him to have difficulty breathing. Moreover, there was also a wave of pressure that made him very uncomfortable.

Du Hai grabbed Chen Xiang and started to run, but it did not affect his speed. Chen Xiang was simply unable to see the things on both sides, because his speed was too fast.

Just at this moment, Du Hai yelled out. "Kid, you've won, remember our plan, I will use up all of his energy and then let you deal with him. You should be able to keep up with us, so I won't bring you along!"

Du Hai put down Chen Xiang, and in the blink of an eye, he disappeared. Chen Xiang was relieved of a great burden as he panted heavily, because if Du Hai carried him for another day or two, he would become an ice-cold corpse.

"This guy is too strong!" "Sister You You You, I feel that he is much stronger than your poisonous sister!" Chen Xiang said while panting with a face full of lingering fear. He did not want to experience that kind of experience a second time.

"Hard to say, it should be at that level." Bai Youyou said.

Chen Xiang rested for a moment, then turned into a bird and chased after her.

"I'm going to deal with a dragon. This seems to be the first time I'm going to do this!" Chen Xiang was a little nervous at this moment. Although the power of the dragon would be greatly depleted when the time came, he was still worried. After all, it was a dragon.

"Hmph, the first dragon you took on was me, and it was even the supreme Imperial Dragon Race!" Long Xueyi scoffed, the first time she saw Chen Xiang, Chen Xiang had already set his sights on her.

"Alright, this is the first time I'm going to fight a real dragon!" Chen Xiang did not know what would happen next, but he had already started to simulate all kinds of possible battles in his mind. This was something that Huang Jintian had trained him many times before.

"What's there to be afraid of? If not, there's still me!" You have learnt so many Kill Dragon Arts, it's finally going to be of use! " Long Xueyi said excitedly: "I really look forward to see what kind of expression that guy will have when he gets defeated by you. That means I can be considered half a master to you, hehe! "

Thinking that he could very quickly test out the Kill Dragon Art on a dragon, Chen Xiang also couldn't wait. This was a very rare opportunity, after all, there weren't many dragons that could have the same strength as him, and they could even slaughter each other!

This showed that Du Hai's speed was slowly decreasing. As long as Du Hai kept chasing after the dragon, that dragon would also consume a large amount of energy, just like himself.

Even if you do not have any true qi, it would be very difficult to deal with it. Du Hai must be aware of this, so he will definitely exhaust all of the dragon's true qi, leaving a small amount to defend against the poison aura. At that time, Du Hai will have already used up all of it, but at that time, Du Hai can stop to recover. Su Meiyao said, because this was the first time Chen Xiang had competed against a dragon that could take human form. Furthermore, it was a dragon whose strength was similar to a Dan Immortal.

"If you can't do it, you must speak up and ask Xue Yi to help you!" Bai Youyou urged.

Five days had passed and Chen Xiang had already returned to his human form. Running on the ground, he followed behind Du Hai and the dragon. While they were running at a high speed, their bodies would bump into the poisonous miasma, so the poisonous miasma's penetrative abilities were much stronger. In order to prevent themselves from getting poisoned, they needed to release more energy to defend themselves from the poisonous miasma.

"Old man, where did you find this brat? Do you think he can deal with me? This little demon that isn't even in Nirvana Stage is not even enough to fill the gaps in my teeth. You're basically sending him to his death!" The dragon quickly saw through Du Hai and Chen Xiang's plans.

"Hehe, don't look down on humans. The only reason I can find you so quickly is because of the path this kid is pointing to!" Du Hai laughed out loud. Although he had lost a Longevity fruit because of this, he was extremely excited because Chen Xiang's strength was not close to that of the Nirvana Stage, and even if that dragon did not have any power, it was not something that Chen Xiang could handle with just its body. However, Du Hai was extremely confident in Chen Xiang right now, and he knew that he would definitely not see the wrong person.

"Young man, you have to be prepared. Although this beast is in human form now, if you force him into a corner, he will turn into his real body. He will not be easy to deal with then!" Du Hai said.

"Senior, I was prepared a long time ago. I really want to teach this fellow that looks down on humans a lesson!" Chen Xiang said excitedly.

"Human brat, it's fine if you don't understand our dragon. You are ignorant, but if you say such arrogant words, you will die miserably!" The dragon was also confused as to why Chen Xiang was able to walk so freely within the cave, as he did not need to worry about the poisonous miasma at all.

Chen Xiang felt that it was extremely funny. It could be said that he understood dragons very well, because he only had an Emperor Dragon with him.

Chapter 600

The chase continued. Du Hai and the dragon's speed had already become extremely slow, Chen Xiang could easily shake them off easily, but when Chen Xiang encountered the energy in their bodies, it was still very dense, it was just that they were used to defend against poison. From this, Chen Xiang could see that Du Hai's dragon was extremely strong, or else they would not have been fighting for decades.

"Brat, it's your turn to go up. I can't hold on any longer. If this goes on, I won't have the strength to resist the poison!" Du Hai looked very weak.

He had been waiting for Chen Xiang, and like a hungry wolf, he sprinted towards the dragon. With a few leaps, he arrived in front of the dragon, blocking its path.

"I've said it before, a brat like you isn't worthy to fight against me. My body isn't something a little kid like you can take care of. Don't look down on dragons!"

After standing in front of Chen Xiang, was an extremely handsome and robust man. His face was filled with disdain as he looked at Chen Xiang.

Chen Xiang's face darkened, and said: "You were originally a water attribute python, so you might have accidentally activated the dragon clan's special inheritance of memories. You are a python, and have an extremely thin dragon blood within your body, which is why this kind of phenomenon happened! "After you obtain the inheritance of memories, you should have mastered the Forbidden Devil Arts in the dragon clan. By swallowing infants to make yourself stronger, you will be able to quickly transform into a dragon and master a formidable strength!"

Hearing Chen Xiang's words, the dragon's body trembled, his face full of disbelief.

Du Hai, who was recuperating not far away, frowned. Chen Xiang's understanding of dragons surprised him.

"Rumor has it that once this news spreads out, the Imperial Dragon Race will ignore everything else. Even if he were to cross over tens of thousands of worlds, he would still want to kill that fellow who cultivates the Dragon Clan's Forbidden Demon Strike! This isn't something that an ordinary person can find. Back then, when I was still a little kid, I heard my master and a few old fellows talking about it by chance.

"Boa dragon, that's what the dragon race calls you, right?" Chen Xiang said.

"This is a lowly title. One day, I will let those conceited pure-blooded dragons know that our evolved dragons are stronger than them. As long as I kill you, my matter will not be leaked out!" This Boa dragon was obviously very afraid of the Imperial Dragon Race.

Du Hai and the Boa dragon could not understand why Chen Xiang could see through the dragon clan's taboo martial arts cultivation.

"You can't kill me, even if I don't have any power, the immortal equipment can't cut through my flesh!" The Boa dragon laughed sinisterly: "Brat, I won't kill you right from the start. I will chop off your limbs and let you watch me eat them, haha ?-"

Just as the Boa dragon was laughing, a green light flashed in Chen Xiang's hands, and the Boa dragon's terrifying laughter came to a sudden stop. His face changed suddenly and became filled with fear:

"Green dragon demon-slain broadsword ?- Impossible, could it be that you have grasped Four-phase Magic Kungfu? "

Chen Xiang laughed coldly: "This blade should be able to cut open your skin, right?!"

"It is said that the Green dragon demon-slain broadsword had fallen into the Mortal Realm. Not only can it behead demons and exterminate devils, it can also behead dragons and gods. The legendary green dragon participated in forging, but later on, the power of the dragon soul lost and its power greatly decreased ?-" Before Du Hai could finish speaking, the Green dragon demon-slain broadsword in Chen Xiang's hand trembled slightly, and released a stern and solemn dragon roar, which carried a bit of awe-inspiring majesty, showing that the blade had his soul.

Seeing the blade, the Boa dragon slowly retreated. In the deep forest surrounded by the green poisonous miasma, his eyesight was not affected at all. Very quickly, he caught a glimpse of a pair of white gloves on Chen Xiang's hands.

"Slaughter God's Hand!" The Boa dragon trembled all over.

Du Hai's pupils suddenly contracted as he cried out in alarm: "Slaughter God's Hand is being personally watched by the White Tiger, could it be that you..."

Chen Xiang became even more determined now. When he was not strong enough, he would definitely not walk in a high levelled world like the Immortal and Sacred Dan Realm, because the people in this

kind of world were all very knowledgeable. If they knew that he had multiple types of Divine Equipment, it would be very troublesome for him.

"Could it be that you have gathered all of Four Symbols Divine Weapons?" The Boa dragon gritted his teeth as he spoke. At this moment, the little kid Chen Xiang was giving him a sense of danger he had never felt before.

"It's about time!" Chen Xiang's body trembled, a set of beautiful golden armor suddenly appeared on his body, making him look mighty and domineering, making him look like a god who ruled the world.

The Boa dragon immediately let out a wild roar, and threw a punch towards Chen Xiang as if it was thunder and lightning.

Once this fist was unleashed, the energy that exploded out caused the ground to crack and all the trees in the surroundings to explode into dust. One must know that this Sacred Dan Realm was a high level realm, but was also affected by such a degree of destruction, showing that the power behind Boa dragon's fist was not weak at all.

In that instant, Chen Xiang dodged with his fastest speed, but he was still a little bit too slow. His body was still struck by the fierce fist force, and although he had the protection of the profoundwu diamond armour, the strong vibrating power was still able to penetrate through the layers of defense and shock into his body.

Chen Xiang wiped off the blood from the corner of his mouth, ate a small piece of Hell Ganoderma, and laughed coldly: "Looks like this is the last time you'll use the Dragon Power, and it's so weak too!"

Just then, the Boa dragon was using the Dragon Power, but it was not powerful enough. From this, it could be seen that the energy in the Boa dragon's body was extremely weak.

Even so, Chen Xiang was heavily injured.

The Boa dragon knew that he couldn't keep fighting with Chen Xiang anymore. Otherwise, once Du Hai recovered his strength, he would be done for.

"So what? Even if you have Four Symbols Divine Weapons s, you are still not my match! " The Boa dragon's body was like an arrow, its ten fingers suddenly revealed the sharp claws, and it looked as hard and sharp as diamond.

Chen Xiang only felt a gust of cool breeze blow past him, five deep gusts of cold Qi. That kind of speed and power, actually produced five sharp and powerful force, flying towards Chen Xiang in the air.

Chen Xiang tilted his head and dodged. The five auras pierced through a large tree far away and quickly caused a row of trees to fall.

As he dodged, Chen Xiang suddenly grabbed onto the hilt of the blade. The true energy inside his body gushed out, gathered in his dantian, collided with it, and fused, transforming into a form of energy that contained a terrifying might. Then, it spread to Chen Xiang's limbs and bones, and started to circulate at the speed of light in his body.

Seeing the Green dragon demon-slain broadsword suddenly erupting with white light, causing the surrounding area to tremble slightly, the Boa dragon was immediately horrified.

Sensing the terrifying aura the Green dragon demon-slain broadsword was releasing, Du Hai said seriously: "This is the Dragon Power, if humans want to use this kind of power, they either possess the bloodline of a dragon themselves, or have learned the legendary Taiji Dragon-suppressed kungfu!"

While speaking, Chen Xiang's body flashed, leaving behind only a slowly fading afterimage on the spot, and a figure that slashed down with its blade.

"Boom!" An explosion resounded as Chen Xiang's incomparably violent slash landed, causing sparks to burst out. The sharp blade edge stopped on top of a hard dragon claw covered in black scales.
