

Dan God 601

[Chapter 601](#)

One of the Boa dragon's arms became incomparably large. It was a huge and sinister black dragon claw. At this time, Chen Xiang had a very deep understanding of how strong this Boa dragon was, because his powerful slash had actually only left faint scars on the scales on the claw.

"You forced me!" The Boa dragon roared madly, and its body erupted with a burst of black energy. A gust of astral wind exploded, and Chen Xiang saw that both of the Boa dragon's arms had turned into long and large dragon claws, and its body was also covered with a layer of dragon armor.

"This guy doesn't dare to transform into a dragon, otherwise he would be more likely to be poisoned." Long Xueyi said.

"What an evil aura, it seems like he has been using children to raise his strength all year round, he has accumulated a lot of evil aura in his body!" Chen Xiang was secretly happy: "Since that's the case, then my Demon Subduing Fist will be put to use!"

"Human brat, you truly surprised me. You are just like a natural born dragon slaying martial artist. Today, I will definitely let you die here!" The Boa dragon growled, opening its mouth, a black tongue turned into a ray of light, shooting towards Chen Xiang.

Chen Xiang's foot slipped, and he rushed far away with large strides. But what he did not expect was that the tongue actually knew how to turn, and not only did it stretch out long, it even became extremely fast, wrapping around Chen Xiang's neck and pulling him towards it.

When Chen Xiang was being pulled over, the Boa dragon's sharp claws were already waiting for him, and just as he was about to touch Chen Xiang's body, the divine blade in Chen Xiang's hand suddenly grew longer, and rotated in his hand.

The divine blade that was infused with the Dragon Power was extremely powerful and had an incalculable weight. With just a light swing, it cut off the tongue of the Boa dragon, causing it to let out a shrill roar.

"Idiot, you're asking for trouble!" After Chen Xiang got rid of the disgusting tongue, he crazily waved the long blade in his hands, releasing wave after wave of blade Qi at close range.

's thunderous roars resounded continuously. Every time Chen Xiang brandished his blade, it would explode by ten times, the penetrating force was extremely powerful, striking the air and causing an even more terrifying sonic boom.

This kind of force was created using the Dragon Power as the foundation, and now it was as though tens of thousands of arrows had shot out at the same time, striking the Boa dragon's body. This kind of overwhelming and unstoppable Devil Subduing Method, was very hard to resist, and it even had a tinge of gold light, so one could tell that it was the Devil-suppressing qi.

"Ah! Ah!" The Boa dragon did not expect this kind of power to easily penetrate the tough skin and flesh on his body, entering inside his body and wreaking havoc.

Chen Xiang brandished the divine blade in his hand, madly slashing at the Boa dragon, the dense Devil Subduing Method was like the aura produced when ten thousand horses galloped, releasing a shocking sound, which mercilessly and violently struck the Boa dragon.

"Little Scoundrel, take this chance while I'm teaching you a move, it's from the Heavenly dragon seal. Gather immortal qi and kill this fellow!" Long Xueyi said excitedly: "You must know that although this guy has been beaten to such a state by you, he can quickly recover. You did not seriously injure him!"

Of course Chen Xiang knew that the other party was a dragon, and a dragon that had the same level of strength as Du Hai.

He followed Long Xueyi's instructions and put away the Green dragon demon-slain broadsword, then smashed the Boa dragon with his two fists that had a white tiger glove, causing the Devil Subduing Method to explode with a shocking explosion. Furthermore, the Slaughter God's Hand was still releasing a devouring force, it was a type of power that carried a deathly aura.

"Be careful!" Du Hai suddenly roared, Chen Xiang suddenly saw a gigantic black dragon head appear, opening its mouth wide, fiercely biting towards him.

The furious Dragon Roar roared crazily. A large piece of land was shaken by the sound wave produced by the roar, and all the trees within a hundred mile radius were turned into dust. The green poisonous fog was also dispersed by a strong gale.

A three hundred meter long, gigantic black dragon appeared, its entire body covered in black hard scales, releasing traces of Evil Qi, it flew in the air, its pair of venomous eyes staring straight at Chen Xiang, its fangs wide open, a heaven shaking roar came out from its throat, the black astral wind was like thousands of sharp blades, blowing towards Chen Xiang.

"This guy is angry, hurry up and use the Heavenly dragon seal!" Long Xueyi anxiously said, and passed on to Chen Xiang one of the techniques of the Heavenly dragon seal.

A profoundwu cover hood appeared on Chen Xiang's body, blocking the terrifying astral winds. This Boa dragon was already going all out, ignoring everything else to kill Chen Xiang!

Chen Xiang anxiously followed the martial arts mental cultivation methods that Long Xueyi had passed on, he had a good grasp of the Heavenly dragon seal's basics, so most of the things he learnt in the future were easy to grasp.

The Boa dragon did not dare to approach Chen Xiang at this time either, because at such a close distance, that kind of Devil Subduing Method and Dragon Power was fatal to him, and the astral wind he released right now was also extremely harmful to Chen Xiang.

Just as the Boa dragon was about to use the gale that came out of her mouth to defeat Chen Xiang, the poison mist and the gale in the surroundings were suddenly sucked into the air.

At this time, as long as one was near Immortal-poisoning Devil Forest, they would be able to see a large amount of green poison mist in the Immortal-poisoning Devil Forest being pulled by a force into the sky. The green poison mist around Chen Xiang was all sucked into the air, which was a sight to behold.

The Heavenly dragon seal Chen Xiang used, not only was it able to absorb a large amount of immortal qi, it was also able to gather all of the poison mist and space in the air.

Chen Xiang's expression was extremely serious, he had never experienced a crazy loss of mana or true energy, no matter how much he used his mana normally, it would not decrease by much, but now, it was almost completely drained, causing him to have a splitting headache, and he almost lost consciousness. Most of the true energy in his body was also sucked out.

"Forbidden Dragon Punishment, this is a technique Imperial Dragon Race specializes in dealing with those who use the Dragon Clan's Forbidden Devil Arts!" Long Xueyi said.

Chen Xiang suddenly roared out, and started chanting some incantations, all of which sounded extremely difficult to pronounce, and every single word sounded as though they were being struck by lightning.

When he finished chanting the last incantation, a huge golden sword suddenly appeared in the sky. This huge sword was wrapped with a giant dragon formed from the energy of the five elements.

"Forbidden, Forbidden, Dragon, Punishment!" The five dragons roared together, and the golden greatsword locked onto the Boa dragon, then smashed down fiercely. The Boa dragon let out a despairing roar, and the golden greatsword pierced through his head, bringing about a wave of Qi.

Today, this Immortal-poisoning Devil Forest that had been quiet throughout the year had finally exploded out with shocking news. It was as if they had passed through a rippling ocean, and the atmosphere had once again become tranquil.

Chen Xiang held onto his head that was about to split open, sat cross-legged and meditated, the meditator had recovered his spirit, and the pain from his body was extremely intense, his meridians seemed to be about to split open, his bones and muscles were extremely pricking.

"Little Naughty Dragon, when you give me your power in the future, you better greet me!"

Just now, Long Xueyi had borrowed a large portion of his strength to give it to him, otherwise, he would not have been able to complete this move.

[Chapter 602](#)

Du Hai was dumbstruck. He could immediately tell that Chen Xiang's attack method was extremely special, because that kind of power was not something that Chen Xiang could unleash. He could tell that Chen Xiang had used some profound method to fuse the immortal energy around him into a powerful force that he could control, and then change his nature to attack!

Under normal circumstances, people would usually use the Qi in their own body or the strength of their flesh, and through ingenious changes in power, increase their strength. However, in Chen Xiang's situation, he was able to gather the strength of the outside world in a very short amount of time, and use some methods to increase the strength.

He could tell that Chen Xiang had many secrets in his body, such as that Four Symbols Divine Weapons. But now, he could not see what methods Chen Xiang had used, and he had never heard of such a method before.

It was no wonder why Chen Xiang used the divine ability of the Imperial Dragon Race s. Only those who were extremely knowledgeable about the divine ability would know of it, and the majority of them did not know the existence of the divine way.

The gigantic Dragon corpse fell onto the ground. Holding onto the Green dragon demon-slain broadsword, Chen Xiang cut open a hole in it according to the location that Long Xueyi specified and took out a white bead.

"Such a big fellow, and the dragon pearl is actually so small!" Chen Xiang looked at the white pearl in his palm. Although this dragon pearl was not as big as he had imagined, the energy it contained made him excited.

"The smaller the dragon pearl, the better it is. Isn't the True Origin Strength in your body better as well? Some dragons can even compress a dragon pearl to become dust. They can release the dragon pearl and attack us with it, but think about how powerful it would be if you could make a True Origin Strength out of it. " Long Xueyi said.

Du Hai had already recovered quite a bit of his strength. He walked over, looked at the cut Chen Xiang made, and said with a face full of suspicion: "Even I don't know where the dragon pearl is, but you actually found it with a single slash. Even I have never slayed a dragon! "

Chen Xiang kept the dragon pearl properly and laughed: "This corpse is yours. Also, what about the Longevity fruit?"

Du Hai threw a black fruit to Chen Xiang. Su Meiyao could tell at a glance that this was a Longevity fruit with just one glance, and immediately placed it into the storage ring after he received it.

"There is something even more important in this dragon. It took me many years to find it!" That year, I spent a long time searching for the remnants of the Devil-suppressing Heavenly Venerable through some clues. After entering, I coincidentally met this guy, and he swallowed the treasure box in one bite. Du Hai lamented.

It took him many years to find the thing left behind by the Devil-suppressing Heavenly Venerable, but Chen Xiang found it very easily.

Du Hai took out a golden blade. This blade looked like a pig slaughtering knife, but it was a very powerful one. With a light slash, it could cut a deep gash on a Dragon corpse.

"Take out your mirror and find out where the box is! Young people these days are so lazy, and actually let an old man do such a thing! " Du Hai curled his lips and said. When Chen Xiang took the dragon pearl, he took the initiative, but now he was given the hard work.

Chen Xiang took out the Devil-suppressing mirror, and laughed at the same time: "Senior, you have been played by this fellow for so long, I will definitely cut open your stomach for you. This will help you vent your anger!"

"I wasn't fooled by him. It can be said that this beast's strength is stronger than mine, so it's only natural!" Du Hai snorted softly as he looked at the mirror in Chen Xiang's hand, searching for the location of the box.

The dragon's body was very long and thick, but Chen Xiang quickly found the exact location. He kicked the place and said: "It's here."

Not long after, Du Hai took out a big box from the bloody dragon's body. It looked like a coffin made of gold.

"This dragon is not a pure-blooded dragon. Furthermore, it was obtained through a Forbidden Devil Arts. This pile of flesh and blood is far from being worth as much as that dragon pearl. I've suffered a huge loss!" Du Hai sighed helplessly. He initially wanted to use this Dragon corpse as a ingredient to concoct immortal pills, but now that he had appraised the quality of the meat, he was very disappointed.

Chen Xiang shrugged and laughed: "Back then, it was you who told me to choose."

Du Hai put away the Dragon corpse and said: "Don't worry, I will keep my promise."

Right now, the two of them were looking at the golden chest lying on the ground. They flipped the chest over and checked it thoroughly, but didn't find any cracks. They didn't know how to open it.

"What would be in such a big box?" Chen Xiang asked curiously.

"It looks like a special coffin. Judging from its size, it's very suitable for you. Do you have a way to open it?" Du Hai said while rubbing his chin.

Chen Xiang tried to use the Devil-suppressing qi, but there was no reaction.

"Let's see with the Devil-suppressing mirror!" Su Meiyao said: "The Devil-suppressing mirror has guided you to search for this thing, it might very well be the key!"

It was just that he did not know what to do. It was because there was no groove or socket that was suitable to place the Devil-suppressing mirror into the box.

Seeing Chen Xiang using his mirror to knock on the chest, Du Hai also felt that this mirror should be able to open the chest, "Kid, other than this mirror being able to find this chest, what else can I do?"

"It can also release a kind of light that has a strong killing power against demons. This mirror is called the Devil-suppressing mirror!" Chen Xiang said truthfully.

After Du Hai heard this, he exclaimed in shock, "I'm starting to suspect that you are the descendant of the Devil-suppressing Heavenly Venerable. Not only did they learn his martial arts, they even got hold of such a powerful thing.

Chen Xiang didn't know why, but he wasn't really on guard against Du Hai. With Du Hai's current strength, he could easily take care of him, and then take what was on his body. Moreover, no one would know anything about it, but Du Hai didn't do so, so Chen Xiang trusted him even more.

After Chen Xiang poured the mirror into the Devil-suppressing qi, it shot out a ray of golden light which shone onto the chest.

"There's a reaction!" Du Hai cried out in alarm, as he stared fixedly at the trembling box.

Chen Xiang's face suddenly changed, he screamed out, his face became extremely white and looked extremely weak. Just now, the True Qi in his body had been sucked out by more than half, and all of it turned into Devil-suppressing qi, shooting out of the mirror and shining on the chest.

"I'm fine!" Chen Xiang took a deep breath, put away the mirror and looked at the box that had a gold light shining on it.

The box released a golden light, and the surrounding poisonous fog suddenly dispersed, as if it was very afraid of this golden light.

"It's open!" Du Hai shouted. He was excited too, more excited than when he first refined the Immortal Pill.

[Chapter 603](#)

After the box was opened. The things inside surprised Chen Xiang, but it was within his expectations that there was actually a chest full of blood inside the coffin-like golden chest!

The blood was red, but it flickered with a golden light, causing Chen Xiang's breathing to quicken. He firmly believed that this was the reason why he was looking for the Devil-suppressing blood!

"Is this the Devil-suppressing blood you spoke of? I'll take some out and take a look!" Du Hai took out a small spoon. The material of this spoon was similar to his amazing Pig Slaughtering Knife.

Just as the ladle touched the blood, it suddenly melted and turned into a strand of gold smoke and disappeared. This scared Du Hai to the point that his face turned ugly.

"Impossible! Although I don't know what kind of stone it is, it is extremely tough. It was actually melted so easily by the blood!" As Du Hai said that, he slowly extended his trembling finger. Just as he was about to touch the blood, he suddenly retracted his hand, and with his other hand, he took out his Pig Slaughtering Knife and used his fastest speed to cut off one of his fingers!

"Extremely poisonous!" Du Hai's face was filled with fear. "If I had been slightly slower just now, I would have melted away now!"

Chen Xiang's face was also filled with shock. Looking at Du Hai's broken hand that had turned into mist, Du Hai was an extremely powerful immortal, and also a Dan Immortal, able to eat some high grade medicinal pellets. His body was definitely comparable to ordinary people, but right now, he was unable to endure the poison.

"Senior, are you alright?" Seeing that Du Hai had lost one of his hands, Chen Xiang asked anxiously.

"Don't worry, I have a way to allow myself to have another hand. There shouldn't be a problem, is this really the Devil-suppressing blood you were looking for? Why do I feel like this is the blood essence of the poisonous dragon! Otherwise, there would never be such a strong poison, and I dare say that no one in Sacred Dan Realm would be able to handle this poison!" Du Hai said with a serious face. At this time, his eyes were filled with fear, he was not the type of person who would be afraid so easily.

"It definitely isn't Dragon Blood. If it was Dragon Blood, I would be able to recognize it immediately!" This must be the Devil-suppressing blood!" Long Xueyi said with absolute certainty.

Chen Xiang walked to the side of the chest and stared at the chest full of Golden Light Redology. He laughed: "This is not Poison Dragon Blood, this is definitely Devil-suppressing blood!"

With that, Chen Xiang extended his finger out.

"Stop!" Seeing this, Du Hai was shocked, and shouted loudly.

Just as Du Hai was about to cut off his palm, he suddenly froze, because after Chen Xiang took the blood, he was fine. Furthermore, he had a smile on his face, and used his tongue to taste the blood!

Du Hai quickly understood and shook his head as he sighed, "Why didn't I think of that? You little rascal have cultivated the Devil-suppressing Golden Body, impenetrable, as long as you are not afraid of this poison, if Devil-suppressing Heavenly Venerable wants to find a suitable person to pass on this Devil-suppressing blood, this person definitely needs to learn the Devil-suppressing kungfu and cultivate until the Devil-suppressing Golden Body. So, in order to prevent others from accidentally obtaining this bloodline, he came here to look for the most powerful poison and assimilate it! "

In order to make the Devil-suppressing blood safe, the Immortal-poisoning Devil Forest was indeed the best place. For an accident, the Devil-suppressing Heavenly Venerable was even fusing the Poison Dragon's Blood into his veins, if not for the fact that he cultivated the Devil-suppressing Golden Body, he would definitely be poisoned to death in an instant.

"This thing is yours now. Even if I had ten lives, I wouldn't be able to afford this kind of thing!" Du Hai lamented.

Chen Xiang took out a Purple dragon flower, handed it over to Du Hai, and said with a smile: "I'll keep my word. If this is mine, I'll give you the Purple dragon flower as compensation.

This thing belongs to you. Even if I don't find it, you will find it sooner or later. Du Hai actually rejected the Purple dragon flower.

Chen Xiang smiled slightly: "Do you want me to go back on my words? I had defeated you as a Longevity fruit, and also obtained a Dragon Pearl ... "

Du Hai laughed out loud: "Thinking about it still makes me feel bad. It seems that I can only feel better after taking back the Purple dragon flower!"

After obtaining the Purple dragon flower, Du Hai lovingly looked at it, "You mysterious brat, what kind of background do you have to actually give me such a good Purple dragon flower, and it doesn't even hurt at all?

Although Chen Xiang would not stay in the Sacred Dan Realm for long, he would definitely return in the future. Why not make friends with someone who could shake the entire Sacred Dan Realm?

"Hehe, have you seen my granddaughter? For this girl to be able to tell you my whereabouts, she must have a lot of trust in you. For her to trust a person who had only known her for a short period of time is like a miracle in the world, not to mention that she's a man! " Du Hai laughed, and looked at Chen Xiang with an unusual yet kind gaze.

Chen Xiang coughed twice, and asked knowingly: "Senior, what am I talking about?"

To be honest, after so many years of chasing after her, there isn't a single person who is able to catch her and my son's eyes, and there is one right in front of them! Hehe, you can't be looking down on Yanyao, right? " Du Hai realised that the more he looked at Chen Xiang, the more he liked him.

"This... I already have a woman, and there's more than one! Are you trying to make your granddaughter marry a playboy like me? " Chen Xiang anxiously said.

"What's wrong with that? Yanyao doesn't care, it's fine as long as it's men. It's normal for more women to appear. Du Hai said as his mouth twitched.

"We'll talk about it in the future, I still have to return to the Mortal Wu Realm. Right now, I have a lot of things to do, and I also have many enemies." Chen Xiang forced a smile. If Xue Xianxian knew that he was here trying to take advantage of her, he would definitely not give her such a good face.

"That's right, no matter what, you two have to go through Nirvana Doom first. Otherwise, it will hurt your heart!" Du Hai could not help but feel sorrowful, as he could tell that he had such a tragic experience.

Chen Xiang changed the topic and said, "Why don't we stay here for a while to search for the Dragon Pearl of the Poison Dragon?"

"There's no need to look for it. Since Devil-suppressing Heavenly Venerable has come here before, this kind of good thing definitely won't be left to us. That Boa dragon from before must come to look for the Dragon Pearl of the Poison Dragon." Du Hai waved his hand and said.

Looking at the Devil-suppressing blood in the chest, Chen Xiang muttered: "Seems like I have to fuse with this bloodline here."

"I'll watch from the side. I guarantee your safety. Don't worry!" Du Hai also wanted to see what would happen after Chen Xiang merged with it.

Chen Xiang took a deep breath and placed both of his hands into the coffin-like box, immersing himself in the golden Redology.

Once the Devil-suppressing blood touched flesh, it would quickly spread out, and in the blink of an eye, the blood inside the box disappeared.

[Chapter 604](#)

x

For the integration process. Chen Xiang had already been prepared a long time ago. With his experience of fusing with Fire Soul many times, fusing with a Devil-suppressing blood would definitely be very painful.

In the beginning, after the blood entered his body, he did not feel anything strange. He only felt a chilly energy enter his body.

The corners of Du Hai's eyes twitched, because this type of blood could melt his body with a single drop. However, Chen Xiang had currently absorbed over half of it, and he was curious, was Chen Xiang's blood poisonous as well?

"Kid, will you become a Poison Human? "When the time comes, you can do whatever you want!" Du Hai joked.

"That won't happen. After the poison entered my body, it was all refined and disappeared." Before, Chen Xiang also had a question, but now he could confirm this point.

It was hard to imagine that Chen Xiang's body could actually contain so much blood. What made Chen Xiang suspicious was that he did not feel any change in his body, nor did he feel any pain.

It didn't take him long to discover the reason, because the Devil-suppressing blood had not merged with his body and had only replaced the blood in his body, seeping into his bones, muscles, and organs. However, he could feel that the Devil-suppressing blood did not completely belong to him.

"There's something under the box!" Long Xueyi shouted. Chen Xiang looked down and actually saw what Long Xueyi was talking about, it was actually a golden skeleton, a complete human skeleton, and it was extremely thick and sturdy.

"Senior, please come take a look. This seems to have just appeared!" Chen Xiang called Du Hai over.

"What a strange thing. This isn't something material, nor is it something condensed from qi, but... but an extremely powerful soul body! " Du Hai suddenly exclaimed.

Su Meiyao and Bai Youyou shouted out at the same time, "Bone soul!"

"Bone soul, this is definitely a Bone soul. When its bones are strong enough, it will produce a Bone soul!" Du Hai's face was full of disbelief as he asked: "Who is this Bone soul? Do you really need to fuse with this Bone soul in order to completely fuse with it? "

"What exactly is this Bone soul?" Chen Xiang asked suspiciously.

"If you want the skeleton to be the foundation of the body, then the flesh and blood will have to depend on the skeleton to be strong, and the Bone soul will be the soul of the skeleton. If one day your own body is completely destroyed, and your soul and Bone soul are still alive, then you can easily recreate the body and revive again!"

As Du Hai said that, he raised the arm that he was missing an arm and said: "For example, now that I don't have a hand, I need to use some pills to revive my palm, but if there is a Bone soul, even if my bones are gone, I can absorb the spiritual energy of heaven and earth to quickly grow a new bone, and from then on my flesh and bones will grow longer, and the strength of my bones and flesh will be the same as before, they will not be affected!"

"If you have a Bone soul, and a strong soul, you can become immortal!"

At this time, Long Xueyi added: "Normally, those who have Bone soul s, their bodies are also called Divine Bodies. Those Divine Sons of Devil-subduing College might have Bone soul s, but if his soul is not strong, then having Bone soul s is of no use! If you want to become a god, you need to possess both the Bone soul and the divine soul! "

Just as Chen Xiang was staring at the golden Bone soul lying on the ground, a golden light suddenly flashed and the Bone soul turned into a ray of light, shooting into Chen Xiang's body.

Chen Xiang felt the special blood in his body burning like oil, suddenly boiling up, the burning pain filling his entire body, causing him to scream in pain.

He had expected this to happen, but it couldn't ease the pain. He could only endure it. He had experienced it many times over the years. He wouldn't die because of the pain.

Du Hai also retreated to the side. He knew that Chen Xiang was not an ordinary person, he could deal with this kind of situation by himself. What he needed to do now was to make sure that Chen Xiang wouldn't be disturbed.

It was a long and painful process for Chen Xiang to fuse with a Devil-suppressing blood. Chen Xiang was constantly rolling, twitching, struggling on the ground, and the ground was covered with his scratches. His body would occasionally expand, occasionally shrink, and at the same time, be covered in red blood.

Ten days had passed and the situation had improved by a lot. Chen Xiang was only in pain now, his body had not undergone any terrifying changes.

Obtaining the Devil-suppressing blood did not increase his true energy, but it did make his body much stronger than before. It was comparable to his true energy and also allowed him to have an even stronger power to suppress demons!

Right now, his Devil-suppressing qi was already formless and formless. This was his most powerful state, and he no longer needed to intentionally activate the Devil-suppressing kungfu to activate it, because he had merged with the Devil-suppressing blood, as long as he used any energy, it would contain an extremely powerful Devil-suppressing qi. It would be many times more deadly than any demon!

"This is the real Devil-suppressing Golden Body!" Chen Xiang stared at the golden energy in his body. Once this energy came out of his body, it would turn into a transparent energy.

"The strength of the body and the power of the zhen qi are completely the same, is this the benefit of living Devil-suppressing blood?" Du Hai was only extremely envious of him now. Although he did not obtain it, it was still an eye-opener for him.

If he fused the power of his fleshly body with his Innate Qi, then the power would be unimaginable. Chen Xiang's entire body would boil at the thought of this, he had only taken two steps, and the ground would tremble slightly. He was still not used to the terrifying power of his own body.

"Familiarize yourself with it. Otherwise, when you shake hands with others, you will crush their hands!" Du Hai laughed.

"I should be able to adapt by walking out from here!" Chen Xiang suddenly sprinted, looking like a berserk beast. Every step he took contained a terrifying power, and every time his feet landed on the ground, he would leave a deep footprint, but that power would penetrate deep into the ground and cause the ground to shake.

Even if he did not use his True Qi now, Chen Xiang's speed had become extremely fast. When he sprinted, he released the strength of his fleshly body to his heart's content, and his body emitted a kind of deterring aura, causing the places he ran through to sink very deep into the ground. After running for a distance, Chen Xiang would only see what seemed like a dried up river in the middle of the Immortal-poisoning Devil Forest, which were the traces left behind by Chen Xiang after he sprinted.

"Will this kid die if we keep a low profile? There are still quite a few powerful fellows among them! " As Du Hai followed, he scolded quietly. He obviously knew that Chen Xiang was about to rush back to participate in the Sacred Pill Assembly.

After half a day, Du Hai saw that Chen Xiang was completely familiar with the immense power that he had just received, so he pulled him and quickly flew away from Immortal-poisoning Devil Forest!

Du Hai's speed was extremely fast, and before long, he left the Immortal-poisoning Devil Forest. He came to a mountain, and threw Chen Xiang on the ground, and laughed: "I've been missing for so many years, and there are many bullshit matters I need to take care of. I'll be leaving first, we'll meet again in the future, remember to treat Yanyao well!"

[Chapter 605](#)

The Devil-suppressing blood was already in his hands. But Chen Xiang still could not go back immediately, because he could not return. It was just that his current strength was insufficient, so he was unable to use the Luotian Gate to open a dimensional door to the Mortal Martial Realm.

He could feel the symbols on the Mortal Martial Realm through the Luotian Gate, which was what made him most excited. After all, the Mortal Martial Realm was a low level world and the space was extremely weak, so passing through the higher level world was still very easy. However, the Luotian Gate still surprised Chen Xiang, even if it could travel across dimensions of the same level, it could still travel from the higher level world to the lower level world.

After walking out of the Immortal-poisoning Devil Forest, Chen Xiang hurried back to the Sacred Dan City. He had originally planned to use the Luotian Gate, but he realized that the space here was extremely sturdy, and that opening a spatial door was extremely difficult, it would consume a lot of energy and also require a lot of time. It would also cause a lot of noise, something that he had never encountered before.

Thus, he could only hurry back.

"Why are you in such a hurry? Did you want to tell the beautiful City Lord that you got her grandfather back so she can thank you and gain her good impression?" Su Meiyao teased with thick jealousy.

"Don't spout nonsense, I just want to rush back to Sacred Dan Meeting to participate. I have to make the most of my time and refine the Ground level Pill, then increase my strength and return to Mortal Martial Realm." Chen Xiang said, he felt that with his current strength, in this world where there were many immortals, there was no sense of security at all. Once he returned to Mortal Martial Realm, even if he could not beat them, he could still escape.

There were more people walking on the streets than usual. After all, the Sacred Dan Meeting was a gathering of Alchemist with an extremely high talent, and in the Sacred Dan Realm, they were equivalent to elites. They controlled the entire world, and among the warriors, families, and sects, the Alchemist was provided.

Now, Chen Xiang understood why he had a follower of the Nirvana Stage. It was because this was a very common thing in the Sacred Dan Realm.

City Lord's Mansion's Main Courtyard.

The moment Chen Xiang entered, he saw a man in white. This handsome man in white had a head full of black hair that many women admired.

This man who looked like an honorable person was Xie Donghao, the head disciple of the Sacred Dan School in the first level of Sacred Dan Realm, and the grandson of the Sacred Dan School.

Chen Xiang saw that there were many white jade boxes in the courtyard, so he knew that Xie Donghao was here to propose marriage. Although Xie Donghao was able to enter the City Lord's Mansion, he did not dare to barge into Du Yanyao's house, and since Du Yanyao did not want to see him, he could only wait here.

Seeing Chen Xiang coming towards him, Xie Donghao's eyes were filled with disgust. When he looked at Chen Xiang, his eyes would occasionally flash with a sinister light.

"What are you doing here?" Xie Donghao asked coldly. Looking at his expression, it was as if he wished to kill Chen Xiang no matter what.

"I live inside. What do you think I'm doing here?" Chen Xiang said as he strode towards Du Yanyao's house. This made Xie Donghao grind his teeth in hatred, being able to live in the same house as Du Yanyao not only made him jealous, it even made the followers behind Xie Donghao feel the same way.

The door was tightly shut. Chen Xiang knocked on it and lightly shouted: "Yanyao, it's me!"

Something that made Xie Donghao's blood drip happened. Du Yanyao quickly opened the door.

"Yanyao, aren't you in closed door cultivation?" Xie Donghao clenched his fists tightly and glared at Chen Xiang.

"I just came out of seclusion! What do you want?" "Yes," Du Yanyao coldly replied, then looked at Chen Xiang with a kind of caring and gentle light in his eyes, causing him to almost explode in jealousy.

Xie Donghao forcefully suppressed the anger in his heart. Although it was not Chen Xiang's fault, he hated Chen Xiang to the bones.

"I'm here to propose to you, to ask for a wedding!" Xie Donghao calmed down and said.

After the five white jade boxes were opened, the fragrance of the medicine wafted in the air. With a single glance, one could tell that it was a very precious elixir.

"There are five Nature fruits here, Yanyao, you should be very valuable, right?" Xie Donghao saw that Chen Xiang was staring at the five white jade boxes and was secretly pleased. He raised his head and looked at Chen Xiang proudly.

When Du Yanyao saw these five Nature fruits, she was also slightly shocked, but his face was still cold. She said coldly, "I know the pill, I don't feel anything for you, I've said it many times, and marriage is not a deal, I won't sell myself for these five Nature fruits, please go back!"

Chen Xiang suddenly laughed: "Young Master Xie, you must be here to give us a box, to actually use such a big box to store five small fruits!"

"Shut up, do you know how many Alchemist can fight over these five Nature fruit?" Xie Donghao suddenly bellowed, his forehead was full of veins, and once again, Du Yanyao rejected him, and in front of Chen Xiang, which made him extremely angry.

Chen Xiang now understood why it was that Su Meiyao and Bai Youyou wanted him to do his best to get hold of the Nature fruit back then.

"I have a basket full of these!" Chen Xiang curled his lips and said. Although he did not want to reveal his wealth, sometimes it was necessary to reveal it.

"You have to be realistic even if you want to boast. If you have a basket, I'll cut off your head and use it as your urinal!" Xie Donghao sneered.

Chen Xiang scratched his head, and said: "I do not have a basket, but I do have half a basket!"

Just as Xie Donghao wanted to mock him, he saw Chen Xiang taking out a basket and releasing a light aura that was even stronger than the light emitted from the five white jade boxes.

The words that had just reached Xie Donghao's throat were stifling inside. His eyes were wide open as he blankly stared at the Nature fruit s in the dilapidated basket. Indeed, there were only twenty to thirty of them, which was quite shocking.

"It's too shabby to use this as a wedding request. In my place, it's at least a high grade Heaven level's Elixir of Life elixir or something like that." Chen Xiang curled his lips and said, putting away the basket.

Not only did this cause Xie Donghao and his followers to be extremely shocked, even Du Yanyao found it hard to believe as she very much wanted to know where Chen Xiang had come from.

Xie Donghao had softened as well. In Sacred Dan Realm, alchemy resources were something that were highly valued, because those who could buy some Alchemist s could establish a good relationship with some high ranking Alchemist s.

Although he saw that Chen Xiang had quite a few Nature fruit, Xie Donghao still mocked him a few times before leaving.

Seeing Xie Donghao leave dejectedly, Chen Xiang shook his head and sighed: "This guy only bullies the weak and fears the strong."

[Chapter 606](#)

Wealth was also a part of one's strength. And for Chen Xiang to possess such a rich and powerful wealth at such a young age, this made Du Yanyao feel that he was even more mysterious.

As a City Lord, Du Yanyao had met many different kinds of people, but it was her first time being deeply attracted to a man, and this was all because she felt that Chen Xiang was very mysterious. Of course, in her heart, Chen Xiang was a man of good character.

"Yanyao, I think you should know that there is someone you want to know about!" Before this, Chen Xiang had never heard of Fan Yakun's origins within the city, nor had he heard of the existence of a Fan Family.

"Ask away!" Du Yanyao sat down gracefully. She was still wearing the same black dress, but Chen Xiang felt that she would be even more beautiful if she wore other colors.

"Do you know anything about Fan Yakun?" Chen Xiang drank a small mouthful of tea and waited for Du Yanyao's reply.

"I know him, he is one of the sons of the third young master of Fan Family, he is from the same generation as me. In our generation, his strength and ability to refine pills are among the best. Du Yanyao said as she furrowed her brows, "However, some time ago, he broke the family rules of the Fan Family, and I have no news of him since then."

"So it's like that. I've fought with him before, but this guy is actually so powerful. He even said that he's just a little kid." Chen Xiang touched his chin.

"If we compare him with the fellows in Chaotic Mountain, he is indeed just a little kid." Du Yanyao said.

"Chaotic Mountain? What is this?" Chen Xiang was immediately curious.

"Sacred Dan Realm is a world that all Alchemists yearn to come to. The alchemy civilizations in this world are indeed ahead of the others, but in Sacred Dan Realm, the origin of the alchemy civilizations is the Chaotic Mountain, and inside that is a very mysterious world. It should be considered a large scale profound Realm, and in the border regions of the eighteenth floor, my grandfather stayed inside for a period of time."

Chen Xiang understood, that was the holy land of the Sacred Dan Realm, it was also a small world inside.

"Young Master Shen, can you do me a favor?" Du Yanyao bit her lips and asked softly.

"Please speak, I will do my best!" Seeing the beautiful posture of the, Chen Xiang secretly praised her in his heart and couldn't help but to stare at Du Yanyao.

Second City Lord and the three City Lords are dead, and right now, the clan cannot find anyone suitable to take over his position. Before the Sacred Dan Meeting arrives, they will first hold a competition to fight for the authority over the Sacred Dan City. Du Yanyao sighed: "When the time comes, I will need at least two people. I don't want to lose the position of City Lord to me."

"It won't be a problem if you want me to fight. I will try my best to win in the tournament, but I'm not someone from the Du Family!" Chen Xiang said, he liked fighting so much, what's more, he had already fused with the Devil-suppressing blood, if they did not let him have a good fight, even in his sleep, he would feel his bones itching.

A charming blush suddenly appeared on Du Yanyao's face as she said in a low voice: "When the time comes, I will tell the outside world that you are my fiance, this is permitted."

Chen Xiang's heart suddenly jumped. In his astonishment, he didn't forget to appreciate this cold beauty's captivating beauty.

From Du Yanyao's point of view, it was very likely that Chen Xiang was a young master of an underworld Alchemist family. Not only did she have a lot of resources, she was also powerful and mysterious, and at the same time did not have the haughty attitude of a rich family's young man. Therefore, she felt that Chen Xiang would look down on her.

"Is my request too much? This fiance is just an excuse for you to fight me, isn't true... I know that this will definitely affect you, and your wife knows that she will definitely misunderstand. " Du Yanyao sighed, but she actually had another thought in her heart, even though it was only a temporary relationship between husband and wife.

"It doesn't matter, you and I will fight. Who asked me to kill that Second City Lord and the three City Lord s?" Chen Xiang laughed.

"Thank you!" Hearing that, Du Yanyao was overjoyed, and revealed a beautiful smile towards Chen Xiang.

"Then how are you going to thank me?"

Chen Xiang took a step forward, and stared at Du Yanyao from a distance. This caused Du Yanyao to immediately lower her head in shyness, and she asked softly: "Young Master Shen, I also have some spiritual herbs, I can give you some"

"I want to make you promise me your life. Are you willing?" Long Xueyi imitated Chen Xiang's voice and asked with a teasing tone.

Initially, Chen Xiang only wanted to tease this beautiful City Lord, who was as cold as an ice mountain, but she did not want to go too far. However, this mischievous little dragon girl, Long Xueyi, did not care about that much.

"I... I was just saying play, don't take it seriously! " Chen Xiang smiled slightly, but secretly scolded Long Xueyi in his heart. Fortunately, he had already gotten used to this kind of thing and could handle it well.

Seeing the cold beauty City Lord's enchanting and strange appearance, Chen Xiang really wanted to hug her in his arms and kiss her.

"Humph!" Du Yanyao spat out.

"Tomorrow is the Martial Arts Competition, then Sacred Dan School's Xie Donghao will also be participating. If you meet him at that time, you must be careful, he's not a pushover, and he even hates you so much."

"Young Master Shen, to be honest, if I can make the Du Family take charge of the Sacred Dan City for two consecutive sessions, I will receive a generous reward from the clan. Furthermore, the clan will not arrange many things in the future, and I will have more time to cultivate."

Du Yanyao looked at Chen Xiang, and said sincerely: "So, if I can win, I will definitely thank you again."

However, it just so happened that Du Yanyao was sent to take charge of the Sacred Dan City at this stage. If she could let the Du Family obtain the authority of the next Sacred Dan City, then it would be a matter that would make the Du Family proud.

"Hehe, it's so easy to thank me!" Chen Xiang laughed sinisterly.

"Humph!" Du Yanyao snorted lightly, "Young Master Shen, stop messing around!"

Chen Xiang liked the ice beauty, which made him happy. He laughed and said, "Let's talk after the competition, you must be mentally prepared!"

On the second day, Du Yanyao went to be in charge of registration. This was organized by the Sacred Dan School, because the Sacred Dan City was the one who established the Sacred Dan City at the time.

After Du Yanyao returned from registration, the news of her fiance had spread out. Many young elites, while sighing at how good things were, were also secretly cursing Chen Xiang in their hearts. As a result, Chen Xiang's name had also spread throughout the Sacred Dan City overnight.

[Chapter 607](#)

Because Chen Xiang came from the Mortal Martial Realm. Therefore, no one had any detailed information about him. They only knew that he currently lived in the City Lord's Mansion and used brutal means to kill the entire place. Not only was he not pursued by Du Yanyao, he even became Du Yanyao's fiance.

This caused many people to guess that most people categorized him as a disciple of an underworld clan.

Because right now was the eve of the Sacred Dan Meeting's gathering, and many disciples of famous sects were gathered there. As long as someone knew the Sacred Dan City well, they would organize a competition before this, which would decide who was in charge of the authority in the Sacred Dan City.

And the families who had the authority to fight were all large clans with many assets in the Sacred Dan City.

"Cousin, did you decide this marriage yourself? Without the consent of your grandfather and your parents, you were actually engaged to someone else in private. You are too disrespectful! "

When Chen Xiang came out of the secret underground room, he heard a man scolding Du Yanyao furiously. This man was Du Yanyao's cousin.

Entering the hall, Chen Xiang saw a tall and sturdy middle-aged man wearing luxurious golden clothes. He had thick eyebrows and big eyes, with a beard, and a face full of indignation.

"Peak of Hundred refining realm. To reach this level at such an age, you can be considered to be done for." Long Xueyi scoffed.

Seeing Chen Xiang walking in, Du Yanyao's cousin suddenly turned and glared at him.

Du Yanyao frowned, seeing how her cousin was treating Chen Xiang so impolitely, she was immediately enraged: My wedding isn't something others can say, it's my own wedding, not another's!

"Please leave City Lord's Mansion, I do not welcome you. Do you think I do not know that you and Xie Haodong are friends?"

Seeing that Du Yanyao was angry, and even had the intention to make a move, the cousin was slightly surprised. This made him even more convinced of Du Yanyao's engagement, because this was the first time he had seen Du Yanyao being so concerned for a man.

"Hmph, let's wait and see!" The cousin glared at Chen Xiang coldly: "Brat, what kind of demonic technique did you use to confuse me ..."

"If you continue to slander me, even if you are Yanyao's blood related brother, I will definitely not let you leave the City Lord's Mansion alive!" Chen Xiang clenched his fists tightly and looked at the middle aged man in front of him expressionlessly.

"Shen Tuyong, get the hell out of my way!" Du Yanyao was enraged, and shouted coldly.

This Shen Tuyong had both hands behind his back, and he looked at Du Yanyao while sneering: "Cousin sister, even if you and this brat teamed up, I'm afraid you still wouldn't be my match! Don't be stubborn, don't be hit by this brat's evil technique, turn back and be the shore! "

The furious Du Yanyao, just as she was about to attack, had only taken a few steps, when she felt a burst of wind suddenly rush past her side, a deafening angry tiger's roar sounded out, and she saw that Shen Tuyong's tall body was immediately enveloped by countless of white tiger heads, releasing an extremely overflowing killing intent from Chen Xiang's body, causing her to be extremely terrified.

Although Chen Xiang was furious, he did not lose his reason. He only used the Slaughter God's Hand and the White Tiger King Fist to attack Shen Tuyong, and the power of his physical body and true energy fused together the moment he attacked, making him extremely powerful. Thousands of fists instantly erupted, containing an incomparably violent and murderous power.

Countless of fists smashed onto Shen Tuyong's body, instantly releasing a series of explosions, causing the small house to shake violently, the furniture inside were mostly shattered by the powerful sound waves, it was actually the Devil Subduing Method!

After fusing with the Devil-suppressing blood, the Devil Subduing Method became even more ruthless, even Chen Xiang himself was shocked by it, although he was only using the power of the first level of the Devil Subduing Method.

Shen Tuyong was not sent flying, but was held onto by a strong suction force, causing his body to feel like it was stuck to Chen Xiang's fist, being destroyed by Chen Xiang's berserk White Tiger King Fist.

Looking at the furious white tiger fists smashing onto Shen Tuyong's body, every time they collided, a crisp explosive sound would burst out, causing people's eardrums to ache. What caused people to feel fear was that sharp killing intent, which made people feel as if Chen Xiang was a devil god from hell!

The bones of the lower half of Shen Tuyong's body were completely shattered, his blood vessels were torn apart, and his flesh was mangled. He did not expect Chen Xiang to suddenly make a move, and with such a brutal attack, he was unable to resist it in an instant, causing him to be severely injured, and even used an extremely appropriate amount of power to brighten his body, causing him to feel extremely miserable.

"I'll spare your life!" Chen Xiang's leg which was wrapped with Devil Subduing Method flew towards Shen Tuyong's abdomen. With a thunderous boom, Shen Tuyong spat out a mouthful of blood and landed right in front of City Lord's Mansion's entrance.

Seeing that, Shen Tuyong's followers all followed along, and Du Yanyao also gave the order, if Shen Tuyong's men wanted to fight back, then capture them all!

"Aren't you being too ruthless!" Du Yanyao sighed, although she said it this way, she did not blame him, and was even praising Chen Xiang's actions.

Chen Xiang laughed: "Who asked him to anger my fiancée!"

Although Du Yanyao finding Chen Xiang was joking, her face still blushed slightly as she was secretly happy in her heart.

The news of Shen Tuyong being carried out of the City Lord's Mansion after being heavily injured quickly spread, because it was his fiancée who beat him up. Shen Tuyong had a bit of a reputation, after all, he was a disciple of the Shentu Clan, and even knew a few disciples from famous clans and families. His network was very wide, but right now, he had been beaten up to the point where he could not take care of himself, as this was equivalent to provoking the Shentu Clan, challenging some of Shen Tuyong's friends.

Chen Xiang was not afraid of all this, as long as he could make it past Sacred Dan Meeting, he would hide in Immortal-poisoning Devil Forest and cultivate. When it was almost time, he would return to Mortal Martial Realm.

Inside Du Yanyao's house, an extraordinary middle-aged man asked: "Where's that guy?"

Du Yanyao stuck out her tongue, "He's in closed door cultivation! Father, you have so much time to come? "

"Isn't it because I'm helping my son-in-law clean up a mess that I've never met before? Although some of the old guys in the family talk too much about you, say that they have no respect for their elders and decide what to do without informing you, Daddy believes in your judgement!" The middle-aged man laughed.

Chen Xiang used the Heaven tour method to look at everything. After he had merged with the Devil-suppressing blood, his soul had grown stronger by quite a bit.

"Du Hai that guy came back, does Du Family not know?" Chen Xiang had some suspicions in his heart, at this time, he saw that the middle-aged man who looked somewhat similar to Du Hai was Du Yanyao's father, Du Kangsheng!

"Father, there's a reason behind this matter. He and I aren't really engaged ..." Du Yanyao carefully told him about the things that happened between Chen Xiang and her, but omitted the part where she was poisoned.

"This brat is the one who annihilated the army of the Demon World. He is indeed not an ordinary person! I don't care what happens between you and him, but you better have some sense of propriety. Don't let yourself be hurt! " Du Kangsheng was extremely familiar with his own daughter, so he was naturally able to see through something.

[Chapter 608](#)

Chen Xiang came up from the secret underground room. But Du Kangsheng left.

"That was your father?" Chen Xiang laughed: "Future father-in-law!"

"Humph, you already know the answer, so you should be prepared. Tomorrow is the day of battle, and according to the rules of the tournament, it will be a life and death battle, but in order to prevent the two forces from forming a feud, we have to stop there, but if the other party is being too aggressive, then do not hold back!" Du Yanyao said.

"For the sake of obtaining the Sacred Dan City, every force would send out their strongest people, and our Du Family has only sent a few outstanding disciples of the younger generation. Originally, second or third City Lord was pretty good, but you have already killed them all!"

Chen Xiang laughed: "If that's the case, if I don't help you win this competition, you will definitely blame me!"

Du Yanyao wrinkled her nose, and said: "Of course not, you be careful, there are many people who wish for nothing more than for you to die."

"It is all because of you. After I become your fiance, I will be the enemy of all the men in Sacred Dan City, but it doesn't matter."

Right now, Chen Xiang only wanted to be free to do whatever he wanted in the Sacred Dan City and then return back to Mortal Martial Realm.

"Middle stage of the Soul Martial Realm, I'm afraid there isn't enough time, if not I could have advanced to the late stage by using the Dragon Pearl! When the time comes, I will become even stronger. The disciples of the famous sects in Sacred Dan Realm will not be weak! " Even though Chen Xiang had fused with a Devil-suppressing blood, he was about to face a few peak Hundred refining realm cultivators, those who were half-step into the Nirvana Stage and were favored by the heavens.

"Eighty-four thousand Zhenyuan granule, I wonder how far they will be compared with those warriors at the peak of the Hundred refining realm?" Inside the underground stone room, Chen Xiang secretly calculated that during the competition, some things would happen suddenly, which would cause a lot of consumption of his Innate Qi.

To reach the peak of the Hundred refining realm, one would need to compress a lot of true energy. Furthermore, every time they break through, they would be able to obtain the Power of giving, and being able to replace the clan members who control the Sacred Dan City, these people are definitely not weak, and the Power of giving they obtained might even be ten times more. This is the same as the Immortal World, the martial arts of the God level and the Holy level are definitely numerous. Su Meiyao said.

Chen Xiang took out the Dragon Pearl, held it in his palm and looked at it, feeling the boundless energy within.

"If I were to completely devour this Dragon Pearl, how strong would I become?" Chen Xiang asked curiously.

"Take it a little bit at a time. If you eat it once, it will cause you to explode!" Bai Youyou said.

"How about this, you give me the Dragon Pearl, while I digest it, I will pour it into your body, and then you circulate the Fire Dan Tian, and fuse with the energy. In order to quickly raise your cultivation, I will condense the energy in the Dragon Pearl into the strongest Dragon Power!" Long Xueyi said.

"You can do that?" Chen Xiang was overjoyed, and immediately nodded in agreement.

"It's just a small matter. That way, you can obtain the energy of the Dragon Pearl anytime you want! However, devouring the dragon soul is not possible, and requires you to use your own time to devour it!" Long Xueyi said: "I am a dragon myself, it is very easy to compress the energy in the Dragon Pearl into Dragon Power. You better prepare to refine it!"

Chen Xiang handed the Dragon Pearl to Long Xueyi, and very quickly, Long Xueyi began, he felt an energy carrying a berserk aura, it suddenly entered his body and rushed through the various sized and small meridians, causing him to feel extremely comfortable.

He activated Fire god method, and Fire Dan Tian sprayed out Refine Power into his four limbs and bones, refining those Dragon Power, transforming these Dragon Power into his!

Chen Xiang suddenly realized that after the Dragon Power entered the Zhenyuan granule, it had a strange change. The Dragon Power originally did not have a type of attribute, but after entering the Vermillion Bird, it had a type. The fire type Dragon Power was able to light up the Zhenyuan granule very quickly because the quality of the Dragon Power was extremely high.

"I didn't expect the results to be so good!" Chen Xiang secretly gasped in surprise, then he closed his eyes and started to seriously cultivate. Right now, his body was extremely strong, so he didn't have to worry about being unable to contain the boundless energy.

The next morning, Chen Xiang came out of his secret underground room and found Du Yanyao waiting for him.

In just one night, Chen Xiang had increased by more than three thousand Zhenyuan granule. Although he was walking around now, he was still refining the Dragon Power that Long Xueyi sent him.

However, Long Xueyi had said that she could not continuously do this because it would consume a lot of her Fa Li. If it was used too frequently, it would cause the Dragon Power to be impure.

"Let's go. There's no time to rest from this morning until the end of the match." Du Yanyao became very serious, she valued this competition a lot.

Chen Xiang, on the other hand, was very relaxed. As he sat in the carriage, he channeled his Fire god method and cultivated, feeling the wonderful feeling of the endless Dragon Power surging into his body.

"There are a total of eight forces participating in the martial arts competition, and each faction can only send out three people at most. When the time comes, lots will be drawn and the designated lots will be used to defend the arena. Once that person loses, he will be eliminated!"

Chen Xiang frowned: "If I become the one guarding the stage, wouldn't that mean I would suffer a huge loss? That's a war of attrition! "

When the time comes, there will be two stages, divided into two groups. As the City Lord's side, we will defend one stage, the other one will be decided by the seven powers, and the division will also be carried out during the drawing of lots! Du Yanyao's face became incomparably cold. She also knew the reason why no one had been able to take charge of the Sacred Dan City for two consecutive sessions. It was all because of the arena master.

The side that became the arena master would lose most of their matches in the final round.

"In that case, the match between the two arenas will take place at the end of the arena!" The corner of Chen Xiang's eyes twitched. The two of them had to face the challenges of three forces, a total of nine people. Moreover, they wouldn't have much time to rest.

Du Yanyao nodded her head: "If I lose the first round, I won't be able to compete in the rest of the matches, including the finals! If that's the case, you'll have to go to the finals alone. "

The fighting arena was huge, it was inside a huge circular building, in the middle of the plaza there were two circular Contest Rings, the Contest Ring was enveloped in an array formation, preventing it from affecting the surroundings during the competition, and the fighting arena was also filled with people, all of them were hosted by the Sacred Dan School, so the Sacred Dan School would charge them a fee to enter the competition, and they would be able to get one ticket.

When the time came, the Sacred Dan Meeting would also be held here.

Chen Xiang saw other powers, all of them were young people with strong powers, most of them were at the peak of the Hundred refining realm, Chen Xiang could only recognize one person.

But everyone knew who Chen Xiang was, why was Chen Xiang so popular now, because there were very few women like Du Yanyao, who were able to refine pills and become strong, of the eight forces that were participating in the competition, only Du Yanyao was a woman.

[Chapter 609](#)

Du Yanyao swept over them coldly. She could not help but frown, because the people who came were all very strong and famous, so she was worried that she and Chen Xiang might not be able to handle them.

"This is your fiancé? If you let him fight, don't you worry about being a widow? " Although he looked very friendly, but after hearing his words, Chen Xiang immediately knew that there was a hidden dagger in his smile.

"Don't worry, even if he dies, I won't marry you!" Du Yanyao said in a cold voice, causing Chen Xiang to involuntarily twitch his mouth.

At this time, a tall and thin old man with white hair walked over. "Stop wasting time, hurry up and draw lots to decide the groups, then start the martial arts competition!"

There were also a few Nirvana Stage warriors watching from the sidelines. These Nirvana Stage s should have been going to seal the spatial rifts, so they did not have much time.

Chen Xiang looked around, he secretly admired the Sacred Dan School, he actually had placed such a stone chair in the competition grounds, and there were even layers upon layers of chairs, which made it possible for there to be many people seated around the competition grounds. Although it was not full, but there were still hundreds of thousands of seats, if they were to collect entrance fees, they would be able to earn a lot.

After the drawing of lots ended, Du Yanyao heaved a sigh of relief. The Sacred Dan School was not in their group, but the other arena master was from the Ding Family.

"Now, we'll draw lots to decide the order to go up on stage. The arena master will go up first!" an old man shouted.

Du Yanyao anxiously pulled Chen Xiang, and said in a low voice: "I will go up first, I will do my best to last until the end, and let you compete in the finals!"

"As you wish!" Chen Xiang said casually, he also wanted to take this opportunity to see how strong the powers were.

After the order of entering the stage was decided, the competition would quickly begin. Chen Xiang did not know much about the powers, nor did he know how strong they were.

"This Sacred Dan Realm has many clans. Could it be that they inherited it from the Primordial Era?" Chen Xiang was extremely confused about this, because in the Mortal Realm, most of the sects were just some, while in the Heaven Realm, there were powers like the Fire Divine Palace.

"Sacred Dan Realm is much smaller than Heaven Realm, so it's not strange for there to be many families, so they probably came from that Chaotic Mountain!" Long Xueyi said.

"In the first level, it's like the Mortal Realm. Without many powerful individuals, those immortals would not come here to disturb the younger generations. That's good!" Chen Xiang muttered to himself, he was not worried for Du Yanyao at all. He knew that Du Yanyao's strength was definitely not simple, for there to be a grandfather like Du Hai, how could his granddaughter be weak?

"The people of Panlong Mountain, please come up!" At this time, an old man shouted.

When Chen Xiang came here, he had heard Du Yanyao mention the Panlong Mountain. There was a profound Realm in the Panlong Mountain, so it was also a very strong force.

The person fighting Du Yanyao on the stage was a skinny man. When he looked at Du Yanyao, his eyes contained a hint of resentment, which made Chen Xiang secretly laugh, with Du Yanyao's personality, many men would be defeated by her.

"Du Yanyao, today, I, Pan Zhensong, will settle old scores with you!" The man said angrily. It could be seen that Du Yanyao had caused him a huge loss.

"Hmph, just come at me!" Du Yanyao raised her delicate eyebrows and laughed coldly.

He pounced towards Du Yanyao, and on top of his fists, two balls of purple light suddenly burst out, on top of them flickered with electric threads. In an instant, the lightning he released seemed to have reached its peak, the burst of aura from the lightning energy struck the array formation on the Contest Ring, causing the entire Contest Ring to appear as though it was covered by a bright lightning barrier.

"It's Purple Thunder, he's really fierce!" Su Meiyao exclaimed.

"Hong Hong!" A few explosions rang and a powerful Thunder power appeared beneath Pan Zhensong's feet. He pushed his body forward, making his body move like lightning, and "hacked" towards Du Yanyao. His two fists that were like balls of purple lightning, shot out together when he was still a distance away from Du Yanyao, creating two dazzling purple streaks of lightning.

Du Yanyao frowned slightly as her jade-like palm danced in the air and a burst of purple flames flickered out of it. A boundless fiery energy formed into several purple fire shields and burned with surging flames, blocking the purple lightning that blotted out the sky and attacked her.

"The purple Fire Soul!" Chen Xiang exclaimed in his heart. Judging from the heat emitted from the flames he felt, this Du Yanyao's flames were very strong, and he guessed that Du Yanyao probably had more than one God level Fire Vein.

"I estimate that she would need at least five Fire Vein in order to have this level of flame. Although she looks cold, she does not cultivate the Cold Ice Qi." Su Meiyao said.

Chen Xiang already possessed the Heaven fire soul and his physical body was incredibly strong, but he could still feel the hot air that he was extremely unhappy about, which meant that Du Yanyao's flames were very strong.

There was no need to talk about the others, Chen Xiang had already seen a few of them with a head full of sweat, they had to release some of their Innate Qi to fend off the hot air released by Du Yanyao.

"Even the array is unable to filter out this heat!" I think if you were to use all your power to release the flames, you would probably be at the same level as her! " Su Meiyao guessed.

Bai Youyou said: "Purple Thunder soul and Fire Soul, the disciples of famous Sacred Dan Realm s are indeed not simple!"

In Contest Ring, the battle between Zi Lei and Zi Huo had been going on from the very start. Although it was daytime, the collision of the two purple energies was still very dazzling and shocking.

"Pan Zhensong, you are still not my opponent. I have to admit that you have improved very quickly!" Du Yanyao sneered, her body suddenly exploded with a burst of purple light, a purple shadow appeared from her body, looking like a human figure made of purple flames.

Judging from the purple flame silhouette's gentle and graceful body, it was definitely Du Yanyao's shadow, but it was not a shadow. Chen Xiang could already see that it was an avatar made of True Qi that Du Yanyao had released.

Although Du Yanyao was standing at her original position, the Innate Qi she released was dispersed and she instantly appeared in front of Pan Zhensong. Then, she waved her fists and smashed them onto Pan Zhensong's body.

Pan Zhensong was just about to counterattack, but Du Yanyao swept her lightly, arriving above him. Her jade palm came together, and slapped the top of his head, and like a mountain, her palm descended with an incomparably shocking force, releasing a thick purple flame that struck the top of Pan Zhensong's head.

Pan Zhensong was unable to move at all, because his body had already been possessed by the Innate Qi released by Du Yanyao, all he felt was a burning pain all over his body, followed by a swelling pain in his head.

Du Yanyao's palm was merciless, upon hitting Pan Zhensong's head, Pan Zhensong's entire head exploded out with a burst of purple light waves, which spread out in all directions, bringing with it an incomparably scorching Qi!

Pan Zhensong's head was missing!

[Chapter 610](#)

He killed in the first round. Furthermore, he was the one who killed Panlong Mountain, which made everyone in the fighting arena shocked. Although he was dead, those who were watching felt that it was fun!

There were two in the Contest Ring, but the one who was being paid attention to was only Du Yanyao, because she was the focus of the entire audience and also a very beautiful woman.

Hehe, I never thought that Du Yanyao would actually be a violent woman too, it's just that she's much calmer and more refined than Leng Youlan. Su Meiyao laughed.

Chen Xiang also let out a long sigh as he looked at Du Yanyao in a different way.

Pan Zhensong's head was instantly burnt into nothingness by the intense flames that Du Yanyao used. Right now, there was only a headless corpse, which made the people who wanted to compete with Du Yanyao a lot more pressured them, they could tell that Du Yanyao valued this fight a lot. Her first fight was so fierce, and she was also making an example to make them understand.

"Seems like I can't let my guard down. This Sacred Dan Realm is a crouching tiger and hidden dragon. If I'm not careful, I might fall for it!" Chen Xiang secretly warned himself, then carefully trained and refined the Dragon Power that Long Xueyi transferred to him.

The other Contest Ring lost to the one on the gavel, but the one on the gavel wasn't completely defeated because there were two of them. They could still fight on the stage, and if they lost to the other two, their power would be eliminated.

If Du Yanyao did not succeed in defending the arena, then he would have to rely on Chen Xiang to fight for the arena again and defend with all his might until the rest of the people in his group were defeated by him. Therefore, it was extremely difficult.

After Pan Zhensong was killed, the disciples of the other two Panlong Mountains actually did not get angry. One look was enough to tell that there was discord between them, and then, it was Dugu Clan's turn to go up on stage.

What made Chen Xiang secretly worried, was that the Dugu Clan's people were emitting killing intent all over, with their pale white zombie faces, they looked like corpses, but their eyes were filled with killing intent.

Du Yanyao also seemed to be facing a great enemy, her expression was heavy, feeling the baleful aura coming over, her palms were covered in perspiration, she felt that the person in Dugu Clan was a slaughter demon without seven emotions and six desires.

"This person has the blood of a demon, he cultivates a demonic technique and has taken a detour, refining his own people to the point that he is neither human nor ghost. You better go up and deal with

this fellow, he is no longer a human nor a demon, he is an evil demon, in his heart, there is only slaughter!" Bai Youyou anxiously said.

Chen Xiang stood up immediately and walked over to Du Yanyao: "Yanyao, let me do it!"

As long as there were still people who weren't eliminated, they could be replaced after a match.

Seeing that Chen Xiang wanted to go up on stage, the spectators were all extremely curious, there were even more who stood up, they had only heard that Chen Xiang was extremely ruthless, not only did he kill City Lord, he had even paralyzed Du Yanyao's cousin brother's lower body!

Du Yanyao had originally intended to fight to the end, so that Chen Xiang would have sufficient energy to participate in the finals. But now, Chen Xiang had walked over and was holding her hand.

Chen Xiang gently rubbed her soft and smooth jade hands, and laughed: "Don't tell me you don't trust me? I like to deal with this kind of people with evil intents the most! "

Of course, Du Yanyao trusted Chen Xiang, otherwise she would not let him participate in the finals. She had personally witnessed Chen Xiang destroying a large demon wolf army by himself.

Chen Xiang cultivated in Devil-suppressing kungfu, demonic techniques, and the fusion of Devil-suppressing blood. He was born to be the nemesis of demons, and even if the demons were much stronger than him, he could still suppress them!

Du Yanyao looked at the terrifying Dugu Clan warriors and said softly to Chen Xiang: "You must be careful!"

"En!" Chen Xiang smiled and nodded.

After Du Yanyao walked down the stage, she heard a man from the Dugu Clan sneer: "You guys underestimate the famous Ruthless Butcher s from the distance too much. Du Yanyao, if this brat dies, I don't mind you marrying to me! "

"He's just a walking corpse. My husband will end his evil life!" Du Yanyao said coldly, but when she mentioned her husband, she couldn't help but blush a little, as a complicated feeling suddenly flowed into her heart. She suddenly felt that having Chen Xiang as her husband was a pretty good thing.

Xie Donghao whistled and said: "Dugu Clan, don't disappoint your people!"

As long as one stayed on the first floor for a while, most of the warriors would have heard of the Ruthless Butcher, and just like Bai Youyou said, they would no longer have any emotions or desires, they would only kill and would become puppets controlled by the Dugu Clan. They would be like walking corpses, and would have lost all special feelings that humans had!

Of course, this Ruthless Butcher was very strong, it was said that he was strong enough to sweep across the entire young generation of the Dugu Clan, and only one or two Dugu Clan s were able to barely suppress him.

The people on the stage all started to talk about what they had heard of Ruthless Butcher, causing many of them to panic, as they were also looking forward to the battle between Chen Xiang and Ruthless Butcher.

Chen Xiang carefully studied the "Ruthless Butcher", and could not help but secretly sigh, this was originally a very good man, but now he changed into this appearance.

The Ruthless Butcher seemed to have received an order all of a sudden, releasing a low roar that was extremely terrifying, with a pair of bloodshot eyes, it looked extremely terrifying.

The most terrifying thing were his two hands, which had suddenly turned black. At this moment, the two large palms were emitting black gas, making it seem as if space had been distorted by the evil power released from his palms.

"Such a fellow can actually grow up safe and sound in Sacred Dan Realm!" Chen Xiang frowned, he did not know why, but he suddenly wanted to exterminate the Ruthless Butcher, the Devil-suppressing blood in his body suddenly boiled, his palms released traces of gold Qi, but he quickly put it away.

"Ruthless Butcher, kill him!" A disciple of the Dugu Clan shouted out, the Ruthless Butcher was like a wild beast, releasing a mournful roar, with heavy steps, he sprinted towards Chen Xiang, all of the large competition grounds were shaken up by the power he unleashed while he was running.

Although the speed of the Ruthless Butcher was not fast, his imposing manner was extremely frightening. With every step he took, an extremely powerful force would be released into the ground.

Looking at the slow running speed, many people could easily take care of it, but just as Ruthless Butcher was about three meters away from Chen Xiang, the tall and sturdy body suddenly transformed into a ray of black light and struck Chen Xiang's body!
