

## Dan God 611

### [Chapter 611](#)

Ruthless Butcher's speed suddenly increased. was caught somewhat unprepared. He only saw Ruthless Butcher turn into a streak of black light, and his body was hit as if he was struck by a giant pillar.

Although he did not have the time to resist, his body felt the strange power and released the Devil-suppressing qi to resist. Inside his strong body, the Devil-suppressing blood was boiling, and his blood was producing a strange golden light that was especially used to resist the demons.

Seeing Ruthless Butcher suddenly rush towards him, everyone thought that Chen Xiang would at least be severely injured, but they never thought that Chen Xiang had only taken a few steps back, the force behind the Ruthless Butcher's charge against his body was instantly dissolved by him, the strange energy that touched his body was like a stone sinking into the ocean, it disappeared without a trace.

"How is this possible!" The people from the Dugu Clan did not dare believe that everything that was happening was real, because he understood the power of the Ruthless Butcher very well.

Du Yanyao was sweating on behalf of Chen Xiang just now, especially when she saw that the Ruthless Butcher had suddenly charged towards her, she was extremely worried. However, now that she saw that Chen Xiang was fine, she heaved a sigh of relief.

Chen Xiang's arm suddenly released a transparent mist, if one did not look carefully, it was hard to tell, but this was the strongest form of the Devil-suppressing qi, formless and colorless, making it hard to detect. This was something that he had only cultivated after fusing with the Devil-suppressing blood.

"Hmph, I thought you were so powerful, but you're only so powerful!" Chen Xiang sneered, his feet slipped as he slipped and arrived in front of Ruthless Butcher, raised his arm high, and used his hand as a blade, and fiercely slashed Ruthless Butcher's shoulder.

"Kacha!" The arm of the Ruthless Butcher was removed by Chen Xiang, causing the Ruthless Butcher to let out a roar of pain. The Ruthless Butcher then threw a punch towards Chen Xiang, releasing a black Qi.

Just as the punch was about to make Chen Xiang's nose cave in, the Ruthless Butcher suddenly stopped. Looking carefully, there was a transparent protective shield of Innate Qi around Chen Xiang's body, blocking Ruthless Butcher's furious punch.

Just this kind of invisible power caused many people to be shocked, because this kind of power was extremely strong, to actually be able to quietly dissolve the Ruthless Butcher's tyrannical power.

"In my eyes, you are just like a child!" Chen Xiang sneered, and punched Ruthless Butcher in the nose.

Chen Xiang's fist looked normal and ordinary, but the moment it touched Ruthless Butcher's nose, it released a deafening thunderclap, as though the sky had suddenly been struck by lightning. had used Devil Subduing Method on this layer, but it was filled with powerful Devil-suppressing qi, its power had increased by several folds to Ruthless Butcher, the kind of person with Evil Qi.

Ruthless Butcher let out a howl, his entire nose had been knocked out by Chen Xiang. His face was bloodied, and he looked terrifying.

The furious Ruthless Butcher waved one of his arms wildly, randomly slapping it towards Chen Xiang.

Chen Xiang grabbed Ruthless Butcher's wrist, and struck at Ruthless Butcher's chest with his palm. Boom! The palm shook the sky, and blood sprayed out of Ruthless Butcher's back.

Seeing the bloody big hole on the back of the Ruthless Butcher, everyone's scalps couldn't help but go numb. The Ruthless Butcher who was notorious for his evil reputation was actually taken care of in a few breaths, and everyone could tell that Chen Xiang didn't use his strongest strength, and looked like he was playing around.

After the Ruthless Butcher fell to the ground, he was actually still alive. He suddenly grabbed Chen Xiang's ankle, and his body started emitting a black Qi.

"You want to self-destruct?" Chen Xiang bellowed, his leg moved like lightning, the Dragon Power rushed up his thigh, with a fierce kick, he kicked Ruthless Butcher out of the stage and landed beside the two people from Dugu Clan.

At the same time, Ruthless Butcher's body suddenly exploded, the sound rolling in the sky. His sturdy body had already turned into countless of pieces of flesh, and a huge pit appeared on the ground, the stone dirt that was created swept out in all directions like a storm, while the two Dugu Clan's people were in a terrible state, covered in blood, one of them even had a broken arm.

Dugu Clan's reputation has always been good, now you actually did such a despicable thing, and actually let your puppets perish together with the others, such despicable means, now that I have sentenced you to violation of the rules, you do not have the qualifications to continue, let's go! An elder spoke coldly, his voice tinged with anger.

The two men from the Dugu Clan did not expect Chen Xiang to react in such a timely manner, and had even used a very appropriate amount of strength to deliberately kick the Ruthless Butcher's body to their side. What made them even angrier was, Chen Xiang had poured an even stronger power into the Ruthless Butcher's body, and had even precisely controlled that power, so that it would not affect others.

"You're asking for trouble!" Du Yanyao laughed coldly, she was extremely happy in her heart, because just one round of Chen Xiang's competition had caused the entire Dugu Clan to be annihilated, it made it so that they did not have to face so many rounds of battles.

Now, as long as they won another five matches, they would be able to hold onto the arena and enter the finals!

"Leave the rest to me. You have to conserve your strength!" Du Yanyao said as she walked onto the Contest Ring.

Chen Xiang nodded his head and walked down the Contest Ring. He quietly stayed by the side and continued his cultivation, Long Xueyi had always been transferring the energy inside the Dragon Pearl to him, making him to have an improvement in the finals, allowing him to have a greater chance of victory.

"If you're able to make it in time, you might be able to step into the late stage of the Soul Martial Realm during the finals, and the Fire Dragon kungfu soul in your body will become even stronger. As long as

you reach the peak of the Fire Dragon kungfu soul for mortals, you can enter the Hundred refining realm. Long Xueyi said.

Chen Xiang looked at Du Yanyao's serious expression, he slowly closed his eyes, and started to circulate his many divine arts, allowing him to quickly refine the Dragon Power.

To Du Yanyao, obtaining control of the Sacred Dan City was extremely important. Therefore, he did not want to disappoint her, so he decided to do his best to step into the late stage of the Soul Martial Realm during the finals.

Chen Xiang who was in a state of cultivation, unaware of the outside world, had entered into a state of meditation, while on the Contest Ring, there was a great commotion due to the intense heat, but Chen Xiang was still able to meditate and cultivate.

Under the serious state of cultivation, Chen Xiang's speed of refining the Dragon Power was extremely fast. It was able to quickly compress the Dragon Power Long Xueyi sent over into his dantian and light the Zhenyuan granule!

### [Chapter 612](#)

Du Yanyao was victorious in the competition. But when she looked at Chen Xiang, she couldn't help but be shocked, because there was a layer of faint white mist surrounding Chen Xiang's body.

Amongst the crowd, there were also people who saw it and couldn't help but cry out in alarm.

"This guy is actually cultivating, and in such a noisy environment at that. Isn't he afraid of going berserk?" It's too dangerous! "

"What the hell is he thinking? Could it be that he wants to break through here? "

"This fellow is insane. We mustn't allow him to affect our breakthroughs!"

Du Yanyao was extremely worried about this. It was not a good time to cultivate, but she had some understanding of Chen Xiang, and knew that he was someone who went beyond common sense.

"I'm afraid that it's too late. Even if you made a breakthrough and still have to fuse with the Power of giving, it will take you a lot of time. It definitely isn't something that can be done in a day or two!" Su Meiyao sighed.

Chen Xiang who was focused on cultivation did not answer, because Long Xueyi was here, he was not worried about anyone attacking him, and being safe here, he knew that time was of the essence and that even if he was given two days time, he would not be able to use up the Power of giving.

However, he suddenly had a feeling that he could do it!

It was because of this strong feeling that made him so determined to break through here. At this time, he didn't know how to quickly step into the late stage of Soul Martial Realm and even integrate with the vigorous Power of giving, but he firmly believed that he could do it!

To be able to become a City Lord of the Sacred Dan City, and to be given a high priority by the Du Family, Du Yanyao's strength was not just for show. In a situation where she had no time to rest, she actually

managed to win three matches consecutively, although the battle was extremely tough, but she was able to hold on and caused many people to be impressed, especially the disciples of famous sects who had sparred with her before, and felt extremely ashamed because they could not defeat her even when taking turns to fight with Du Yanyao!

They were around the same age, with the same cultivation level, but the difference in strength was so huge. This was not only due to her innate talent, but also due to her hard work in order to be able to do what Du Yanyao did.

Chen Xiang, who was immersed in cultivation, knew nothing about what was happening outside. At this moment, he was not the least bit nervous, he was only very natural to go and circulate his divine arts, refine the Dragon Power, and let the Yin-Yang Tai Diagram in his dantian spin, compressing the energy in the Zhenyuan granule.

Suddenly, a strange feeling made him feel that the time in his body seemed to be faster than the outside world. The speed of the Dragon Power that he refined, the speed of compressing his true qi, and the speed of the Taiji yin and yang map's rotation did not change, it was just that the time that passed was different from the outside world!

What surprised him was that even his soul had lost all contact with the outside world. He tried to communicate with Long Xueyi, Su Meiyao and Bai Youyou, but to no avail.

Chen Xiang could feel the flow of time right now. He knew that he had cultivated for two days already, but no one had woken him up, so he was sure that his current state made him live in a different time compared to other people. His time flow was many times faster than other people's, so he ended up losing all contact with the outside world, because he was also in another space.

"This Yin-Yang Tai Diagram can shine so brightly, this has never happened before!" Chen Xiang thought, surprised by this. He had once heard Long Xueyi say that if one could cultivate the Taiji Dragon-suppressed kungfu to a very high realm, they could reverse yin and yang, and could change the flow of time!

But that was only possible at a very high realm, and he could do it now. He didn't know that he had done it this way!

At this moment, everyone outside was staring at Chen Xiang with their mouths agape, because Chen Xiang, who was sitting on the ground, suddenly floated up and started to slowly spin on the spot. His body was surrounded by a faint white glow and his expression was natural, one look was enough to tell that his current cultivation state was the best, a state that many people yearned for even in their dreams.

Long Xue and the others suddenly lost contact with Chen Xiang. At the beginning, they were very anxious, but when they saw Chen Xiang's current cultivation state, they were not as worried, because this was a good thing!

"He absorbed very quickly, the Zhenyuan granule lit up very quickly, I have to speed up the speed of the Dragon Power for him!" Long Xueyi said: "I can feel that the time within his body is different from the time outside, this is truly strange, this kind of cultivation state of opposing Yin and Yang, it can only be done after one has cultivated the Taiji Dragon-suppressed kungfu to an extremely high realm, even

some of the old dragons in Imperial Dragon Race can't do it, could it be that he accidentally entered this state?"

"No matter what, this is a good thing!" Su Meiyao said.

Du Yanyao also never thought that Chen Xiang would be this abnormal. In this kind of environment, he was actually able to enter an extremely good state to cultivate, which made her admire Chen Xiang even more.

"He broke through! He has reached eighty-eight thousand Zhenyuan granule!" If you can get the Power of giving, that would be one hundred and sixty thousand Zhenyuan granule! " Chen Xiang could only feel himself cultivating in this state for three days, and it had only been a very short period of time outside, which made him start to worry secretly, because he didn't know how much time had passed outside. He didn't know how much time had passed, but he was practically completely isolated from everything else, and he only felt that his existence, as if he was in a space without anything.

Du Yanyao had defeated four people in one go, and this was only the last battle. On the other hand, Sacred Dan School's people were guarding the stage.

There were originally three people in Sacred Dan School, but one of them was defeated and eliminated, leaving only two behind!

"I have to win, Chen Xiang, you have to wake up in time!" The pressure on Du Yanyao was not small at the moment. She knew that it would be difficult for a warrior to enter such a good cultivation state like Chen Xiang's. She did not want to ruin his breakthrough, so not only did she have to hold onto the stage, she had to fight in the finals!

After an hour, Du Yanyao had finished another intense battle, her face was pale white. After five consecutive battles, she had already exhausted a lot of her energy.

"Du Family's Barracks is a success, enter the finals!" After an old man made his announcement, Du Yanyao quickly swallowed a few pills and took the time to recover her Innate Qi.

On the other hand, the Contest Ring was still engaged in the intense competition, and although the defending of the Sacred Dan School was unsuccessful, they were beaten down, but there was still Xie Donghao!

This Xie Donghao had never fought before, and was currently full of energy, but the person on the stage was already covered with scars, one look was enough to tell that Xie Donghao would definitely win!

Xie Donghao walked to the Contest Ring with a smile and teased, "If I were you, I would definitely admit defeat obediently. At least I would have a dog life.

"You want to kill me? But it's not that easy!" The scarred man from the Contest Ring sneered.

Just as he finished speaking, Xie Donghao suddenly roared out, and he released a sound wave from his mouth. In the distance, he could even see space being shaken like a water wave by the sound wave, and the sound wave was aimed straight at the man.

After Xie Donghao let out a long hiss, the man's eyes, nose, ears, and mouth started bleeding. Soon after, his entire body suddenly split open, and turned into a bloody mist!

"Sound kill magic power!" Su Meiyao and Bai Youyou cried out at the same time.

### [Chapter 613](#)

A person who was able to fight so many battles in the arena. He was not an ordinary person, but now that Xie Donghao had let out a long roar, his body had turned into a b.l.o.o.d.y mist, causing everyone present to involuntarily suck in a deep breath of cold air, their faces filled with shock, because this kind of martial arts was too terrifying!

"This is the Sacred Dan School's treasure, the Sound Kill Magic Power, it's too powerful!"

"Sacred Dan School is indeed very strong. When killing people with this kind of G.o.dly technique, it will not cause much of a commotion, yet it can cause people to die like this. It seems that in the future, when meeting people from Sacred Dan School, it's better to hide far away!"

"When Du Yanyao and Chen Xiang face such a fellow, I wonder what the outcome will be? Maybe Du Yanyao and Chen Xiang will die, the Sound Kill Magic Power is too terrifying! "

"Chen Xiang is still cultivating, looks like he won't wake up for a while!"

Discussions were rife on the stage, and everyone was looking forward to Chen Xiang and Du Yanyao's match.

"I never thought that the Sound Kill Magic Power would be treated as a G.o.dly technique, what a joke, the people of Sacred Dan Realm are too ignorant!" Bai Youyou sneered.

Chen Xiang was still in the midst of training, which made Du Yanyao a little worried. However, she was still standing on top of the Contest Ring, so she decided that if Chen Xiang had not woken up, she would just forget about it, she knew that she was being selfish and only wanted to win, and that would not only put a lot of pressure on her, but also on Chen Xiang. That was why Chen Xiang was training in this kind of situation.

And Chen Xiang was still crazily transforming the Power of giving into a Zhenyuan granule. With his time, he had already been in this state for ten days.

"I wonder how things are going outside!" Chen Xiang was also a little anxious, he was worried that he would delay Du Yanyao's matter. He had promised Du Yanyao that he would help her win the compet.i.tion.

Xie Donghao leapt up and jumped to the Contest Ring where Du Yanyao was, his face becoming somewhat sinister: "Du Yanyao, I won't let anyone else obtain what I can't get, don't worry, I won't kill that brat. I will only kill you, and make that brat's heart ache, haha ..."

Du Yanyao's face was frosty cold as she said coldly: "You have always seen me as something, so I never planned to marry you, and that's why I have no feelings for you at all. That's why I hate you, you and Chen Xiang are too far apart!"

Her words seemed to poke at Xie Donghao's sore spot, causing Xie Donghao to go into a rage, and growled deeply: "I will prove that I'm stronger than Chen Xiang, but you definitely won't see it, I will kill you, and then beat him into a trash!"

His eyes were completely red, as if he was about to spit out flames. He hated Chen Xiang very much, because he believed that it was Chen Xiang who s.n.a.t.c.hed Du Yanyao away, even though he had many women, but in total, they were inferior to Du Yanyao. He really wanted to be able to obtain Du Yanyao's heart and body, but not only did Du Yanyao ignore him, he hated him, and this magnified the hatred in his heart.

"b.i.t.c.h, go to h.e.l.l!" Xie Donghao cursed in a low voice, then let out a long and melodious whistle. This was precisely the Sound Kill Magic Power.

Du Yanyao was the granddaughter of the Dan Immortal s who were famous in the Immortal World and Sacred Dan Realm. Hence, she had extensive knowledge and knew the principles behind the Sound Kill Magic Power.

That sound wave was extremely powerful, and also incomparably mysterious, making it seem extremely gentle. However, after it collided with the shield that Du Yanyao agglomerated into, it released a strong sonic boom, causing an uncomfortable noise.

It could be seen how terrifying the Sound Kill Magic Power was. It was just that in the Sacred Dan Realm, it was called the Sound Kill Magic Power. For this kind of righteous and evil martial arts, it would normally be called a devil's art, and the reason it was called a G.o.dly art was only because the Sacred Dan School was using it for its own reasons.

Du Yanyao had gone through five intense battles, the Innate Qi in her body was almost exhausted, it was already not bad that she was able to condense a shield to block one attack.

"Hmph, let's see how long you can last!" Xie Donghao snorted, his Qi sinking into his dantian, he gathered energy and let out a loud whistling sound. The sound waves were clearly visible and rushed towards Du Yanyao like waves of water, the sound waves even caused the air to distort.

Du Yanyao used all her strength and formed a Wind Wall to block, but the powerful sound wave still pierced through the Wind Wall, but the Wind Wall suddenly exploded and scattered the sound wave, causing the power of the sound wave to weaken a lot.

"Ahhhhhhh!" Du Yanyao was still shocked by the sound wave until he vomited blood and flew out of the Contest Ring.

Just then, the white mist surrounding Chen Xiang's body suddenly erupted, and produced a loud whistling sound, as a burst of Qi rippled out from beneath his feet, just releasing True Qi was enough to make his True Qi release a long buzzing sound, which showed just how dense his True Qi was.

Chen Xiang's body flickered, and anxiously caught Du Yanyao who was being kicked off the stage.

"It's not a light injury!" Chen Xiang frowned, then laughed: "Leave the rest to me!"

He then took out a White jade lotus seed and placed it into Du Yanyao's mouth, causing some of the Alchemist s present to exclaim in shock. White jade lotus seed s were extremely valuable medicinal ingredients in Sacred Dan Realm, and even big sects like Sacred Dan School did not have many of these, but Chen Xiang actually just gave them to others to eat.

The moment Chen Xiang broke through, Su Meiyao would immediately tell him about the Sound Kill Magic Power. She and Bai Youyou had some understanding of it, and they would point out its flaws and allow him to deal with that Xie Donghao better.

After Du Yanyao ate the White jade lotus seed, her expression was much better, she said gently: "Thank you, be careful!" Chen Xiang being able to wake up in time caused her to be extremely happy. Just now, when Chen Xiang was holding her, she could feel the dense and terrifying energy in Chen Xiang's body.

After Chen Xiang entered that strange state, he managed to buy a lot of time, and successfully entered the late stage of the Soul Martial Realm, allowing the number of Zhenyuan granule in his dantian to double, to reach a total of 160,000!

Failing to kill Du Yanyao made Xie Donghao extremely angry, but he felt that killing Chen Xiang was not bad either, at least it made Du Yanyao's heart hurt.

"Hmph, even if you manage to achieve a breakthrough, it would be useless!" Xie Donghao was very confident in his Sound Kill Magic Power, especially when he saw Du Yanyao being hit and blown away by the sound wave that he released.

The elders who were watching the competition were impressed by the fact that he was able to cultivate in such an environment, but Xie Donghao did not think much of it, because he had already treated Chen Xiang as a dead man.

#### [Chapter 614](#)

How strong was Chen Xiang? He wasn't even sure about himself, because he had just broken through, and others didn't know about it anymore, but he was confident that he could defeat Xie Donghao.

Although Xie Donghao had a terrifying cultivation method like the Sound Kill Magic Power, Chen Xiang cultivated a lot of divine and devil arts. In the entire Sacred Dan Realm, there weren't many people who could grasp a lot of powerful Godly Demon Martial Arts.

On top of Contest Ring, Xie Donghao's eyes flashed with a fierce light, he stared straight at Chen Xiang, his fists were clenched extremely tight, and lines of veins could be seen on his forehead as he spoke word by word: "Chen Xiang, I will not let you die so easily!"

As he spoke, many sound waves had already formed, and Chen Xiang could only see the space in front of him vibrating, like ripples on a calm water surface.

"He's here, quickly use your vibrating power to disperse the sound waves!" Bai Youyou anxiously shouted.

Chen Xiang's hand trembled, and struck the invisible sound wave that was approaching him, the Dragon Power leaked out from his palm, the shaking power was like a ferocious beast that released waves after waves of terrifying roars, shaking the Contest Ring, causing it to sway, and colliding with the incoming sound wave, stirring up a storm. The sound wave's explosion and the shaking roar were mixed together, the noise rolled into one's ear, it was extremely uncomfortable.

The storm soon stopped. Many people had their hair blown all over their heads and were eating a lot of dust.

"Humph!" When Xie Donghao saw that Chen Xiang could block his sudden sonic wave attack, he was enraged. However, he did not believe that Chen Xiang could defeat him, as he had complete confidence in his Sound Kill Magic Power.

Following Xie Donghao's cold snort, an even more powerful sound wave surged forward like a tsunami, shaking and rumbling like a clap of thunder. The vibrating power of the sound wave was actually able to penetrate the array formation on the Contest Ring, and caused the ground around the Contest Ring to crack open.

The surging formless sound wave spread across the entire Contest Ring, and swept towards Chen Xiang as though it was unstoppable.

"With such a slow speed, the power must be strong. Is Chen Xiang unable to escape?" someone shouted.

Even though the sound wave was formless, the ripples that it caused in the air became so loud that traces could be seen. Right now, it looked like a transparent beast, baring its fangs and brandishing its claws, releasing waves after waves of roars, wanting to swallow Chen Xiang whole!

"How well are you mastering Dragon Roar?" Su Meiyao suddenly asked.

Chen Xiang smiled faintly: "I wanted to try it for a long time, but it has always been because my Innate Qi was lacking and my body was not strong enough, that's why I can't use it, it should be enough now!"

"Enough, if you don't have a sufficiently strong physical body, the sound wave might be able to break your throat. If your Innate Qi is not strong enough, your might is also not strong enough, so you can't use it!" Su Meiyao said.

Dragon Roar was a martial skill that was developed after the Green dragon howler. It had very high requirements for both the physical body and the Innate Qi.

Seeing the sound wave that Xie Donghao had released pressing down like a tsunami, the Genuine qi of five elements in Chen Xiang's body flew out from the five Beast statue and fiercely collided with them. The exploding Innate Qi instantly turned into a Genuine qi of universe.

After Chen Xiang felt the strong Genuine qi of universe in his Dantian, he immediately activated his mystical technique. The berserk Genuine qi of universe fiercely rushed into his throat, he opened his mouth, and a heaven shaking dragon's roar suddenly appeared.

The sound of the clouds breaking stone made people's ears feel a tearing pain. Everyone could see that Chen Xiang had also used a sound wave martial art and it was very strong.

The intense sound wave released by Chen Xiang clashed violently with Xie Donghao's sound wave, and like two colliding stars, it released waves of berserk energy. Originally, the two sound waves were formless and colorless, but after they clashed, they actually released many different types of light clouds, and among them, lightning and fire flashed wildly.

Xie Donghao's face was filled with shock, his hair was in a mess, he could not believe that someone else was capable of unleashing such a powerful sound wave martial skill, and at this moment, that imposing Dragon Roar was still lingering in the sky, overlapping, for a long time.

Chen Xiang's eyes flashed as he looked at Xie Donghao calmly: "This kind of sonic wave martial art is not that difficult!"

"I estimate that you are only barely able to learn it. I will let you experience the truly powerful Sound Kill Magic Power!" Xie Donghao's face turned sinister, he pounced towards Chen Xiang, waving his hand, causing his arm to release a series of whooshing sounds. This was actually also a type of sound wave.

When Xie Donghao flew over, it was like a furious howl of the wind, bringing along an extremely frightening aura. When it rushed over, it also released a burst of sound waves that were not weak.

Seeing Xie Donghao coming over, Chen Xiang moved both of his palms simultaneously. Circulating his Dragon Power, the two violent strikes of the Heaven Blasting Palm released an earth-shaking power, causing two overlapping powers to shake the ground, breaking Xie Donghao's released sound wave.

"An insignificant skill!" While Xie Donghao was speaking, the sound wave formed again, causing the palm force that was shaking to become invisible, and he arrived in front of Chen Xiang, the arm that carried the strange sound wave force chopped down like a big axe.

Chen Xiang raised his eyebrow, he was actually going to use his bare hands to block the Sonic a.s.sa.s.s.in Axe that was being chopped down like a sharp blade.

Chen Xiang's attacks were extremely swift and violent. Just as Xie Donghao was about to slash down on him, his palm had already landed on Xie Donghao's wrist. Ten consecutive heaven-shaking, earsplitting thunderclaps, that seemed to penetrate right into his ears, exploded next to Xie Donghao's ears.

A burst of blood fog filled the air, and following the sound wave's vibration, it scattered in all directions, and Xie Donghao's hand was dripping blood, because one of his hand had actually disappeared, and the flesh on his wrist was all over broken. With a single glance, one could tell that his palm had been shattered by an extremely strong force!

Chen Xiang sneered: "The guy in the well watching the sky!"

Within the Heaven Realm and Mortal Realm, there were only a handful of people who could learn tenth layer of Devil-suppressing power. Its power was extremely terrifying, especially when Chen Xiang used the Dragon Power to release it, that kind of power could easily shatter a large mountain.

Xie Donghao raged, his face was extremely sinister as he roared out: "I will smash your body into pieces, I will drink your blood, and eat your flesh!"

As he spoke, he punched out. Although it was a punch in the air, the power of the sound waves released from his fist made everyone's eardrums hurt. In that instant, they had actually lost their hearing, and only a sharp roar resounded beside their ears.

Although everyone felt uncomfortable when the sound wave hit Chen Xiang, they still stared at Contest Ring. They thought that Chen Xiang's body would definitely shatter like a mud man falling on the ground.

Chen Xiang was also unable to react in time. He only felt that that moment, his body seemed to have been pierced by a million needles, and was being cut by a million sharp blades.

"You want to kill me? You're delusional!" Chen Xiang shouted out explosively, and with a leap, he broke through the sound wave and stood in front of Xie Donghao!

Chen Xiang's fists were dancing frantically, the Dragon Power appeared and caused a series of explosions as thousands of fists crazily struck at Xie Donghao's body.

### [Chapter 615](#)

Chen Xiang was actually not hurt by the sound wave. Right now, their ears were aching, but when Chen Xiang was attacked from the front, nothing happened at all, making them unable to understand what was going on.

Du Yanyao had fought with Xie Donghao before, so she was well aware of how powerful that strange sound wave was, and when Xie Donghao used his full power, it was even more tyrannical. When he punched out with his fist, Du Yanyao's mind was completely blank, she was worried that Chen Xiang would be torn apart by the terrifying sound wave.

But not only was Chen Xiang not injured, he had even broken through that force and launched a berserk counterattack. Everyone could clearly see that Xie Donghao's body was being struck by Chen Xiang's berserk fist, and every time it landed on Xie Donghao's body, the fist would sink into his flesh and blood, causing Xie Donghao to spurt out blood from his mouth, his bones would break, and he was howling repeatedly.

"Kacha!" Chen Xiang's palm that carried the power of the tenth layer of Devil-suppressing power fiercely slashed onto Xie Donghao's shoulder. The strong force actually broke his arm from his shoulder, causing bursts of blood to blossom, causing people's hearts to palpitate and their scalps to go numb.

Each of Chen Xiang's punches contained the power of the tenth layer of Devil-suppressing power, and he had even used the Dragon Power. Every time he punched, the Contest Ring would slightly tremble from bearing the terrifying might of the Dragon Power, and the consequences of punching that fragile body could be imagined.

Although Xie Donghao suffered such a vicious attack, he did not die nor did he faint. He could clearly feel every single inch of his body turning into a sore point from within as the power continuously entered his body and tore apart his muscles, meridians, and bones. It was a pain worse than death.

"Now, quickly use your Soul Absorbing Devil Spell and get him hold of it!" Bai Youyou said.

Chen Xiang's eyes lit up. This kind of devil art could be considered not bad, and if it wasn't because this Xie Donghao didn't have any spirit, he wouldn't have been able to resist so easily.

Seeing that Xie Donghao was about to die, Chen Xiang opened his hand and slapped the top of Xie Donghao's head. He operated the Soul Absorbing Devil Spell and searched for the Sound Kill Magic Power.

As his soul grew stronger, he devoured the memories of others extremely quickly. However, Xie Donghao was in incomparable pain, because it was like his soul had been torn apart.

Xie Donghao crazily roared, "Chen Xiang, you demon, you actually ..."

Chen Xiang coldly snorted, he suddenly stopped and stared wide-eyed, his eyes filled with blood veins, before lying dead on the ground.

"This guy can actually remember an entire set of Sound Kill Magic Power, but he didn't learn it well. Now he's actually giving it to me!" Chen Xiang clenched his fist.

Chen Xiang slowly walked down the stage and the crowd couldn't help but take a deep breath. Seeing Xie Donghao being brutally ravaged by Chen Xiang, everyone felt it was a little funny, because Xie Donghao had already boasted to Chen Xiang earlier and wanted to torture him to death. Who knew that he would end up with such a miserable ending himself?

Some of the people who came to watch the competition, were from the Sacred Dan School, and some were from other forces. They all looked on dumbfoundedly, and since they were stronger than the people present, they could naturally see that the martial arts Chen Xiang used was extraordinary, if not, they would definitely be unable to contend against Xie Donghao, who possessed the Sound Kill Magic Power!

Seeing Chen Xiang walking down the stage, Du Yanyao quickly flew over and asked: "Are you alright?!" Saying that, she touched Chen Xiang's body, wanting to see where he was injured.

Chen Xiang smiled slightly: "I'm fine, his punch just now was indeed very strong, it was just an imposing manner, as long as my body is strong enough, the Innate Qi is strong enough, I can withstand it!"

His words were light and nimble, but in the eyes of many, it was extremely difficult. Furthermore, he himself had the profoundwu diamond armour, a divine armor that could resist all kinds of energy, so his defense was obviously strong.

"We won, let's go!" Du Yanyao was still worried that something would happen to Chen Xiang, so she supported him out of the competition grounds. Everyone saw Du Family's victory, it also meant that Du Family could take over Sacred Dan City for another hundred years.

After returning to the City Lord's Mansion, Du Yanyao was still worried.

"Are you really all right? There might be internal injuries!" Du Yanyao asked with concern.

"Hehe, do you want me to strip you and let you have a look?" Chen Xiang laughed, "I don't mind letting you see it all."

Du Yanyao scoffed, and pouted: "I'm worried about you, but you're actually messing with me!"

"I'm really fine, don't worry about me. Although that Xie Donghao is strong, he is too reliant on the Sound Kill Magic Power, I have ways to deal with his Sound Kill Magic Power from the very beginning, so no matter how strong he is, it is useless against me, just like how he knows a few powerful martial skills. If you were to fight with me, it would not be easy for me to win against him." Chen Xiang said seriously.

Chen Xiang knew many different types of techniques, so once he was restricted by a few, he would have many powerful martial skills to use.

Du Yanyao smiled lightly: "Thank you so much. If not for you, no matter how strong the geniuses our Du Family has sent, we would have lost without a doubt!"

"But what the h.e.l.l, you actually wasted a White jade lotus seed on me!"

Although Du Yanyao said this, her heart was filled with warmth. It was because she knew that Chen Xiang was extremely concerned about her injuries at the time.

Chen Xiang smirked: "Then how are you going to thank me?"

How can I thank you? Du Yanyao remembered that Chen Xiang had told her before that she should repay him with her body, and that she would do that kind of naked thing with a man ...

When she thought of this, Du Yanyao's face flushed red. For some reason, when she thought of how she had pestered Chen Xiang to get her for herself when she was in heat, and how she had looked so flirtatious and lost back then, she felt her face boiling hot again.

Du Yanyao really wanted to thank Chen Xiang, but she didn't know how to thank him. The last time she saw Chen Xiang's half a basket of Nature fruit, she knew that Chen Xiang did not lack things like medicinal ingredients.

Seeing Du Yanyao's troubled expression, Chen Xiang laughed: "Don't take what I said last time for real, if I was to mess around outside, I would definitely be scolded to death by my wife!"

"How kind you are to your woman!" Du Yanyao was a little disappointed. She secretly sighed and said: "Chen Xiang, if you kill that Xie Donghao, Sacred Dan School will definitely hate you. When the time comes, I will definitely have my family protect you."

Chen Xiang shook his head: "I am not afraid of people, I will not stay in this world for long!"

Seeing Du Yanyao's surprised expression, Chen Xiang continued to say: "I am not a person from this world, I come from the Mortal Realm!"

## [Chapter 616](#)

"Mortal Realm? " Du Yanyao was in disbelief: "Are all the people from the Mortal Realm so powerful?"

"Of course not. I was just lucky! " Chen Xiang laughed.

"Then why don't you stay here? This is the holy land of the Alchemist, with your talent, you will definitely receive the attention of the powers here, and I will be able to introduce you to the Du Family!" Du Yanyao asked, puzzled.

"My wife, my friends are all in Mortal Realm. Great War between Three Realms is coming soon, I want to fight alongside them! To be honest, I do not wish to be affiliated with any power unless I am the one who established my own sect! " Chen Xiang said seriously.

Hearing that Chen Xiang was leaving the Sacred Dan Realm in the future, Du Yanyao suddenly felt very sad, she was extremely depressed: "Will you still be coming to the Sacred Dan Realm in the future?"

"Yes, but that might be a long time in the future!" Chen Xiang clenched his fist tightly. He had made a huge decision: when he came to the Sacred Dan Realm again, the power he had would definitely not be threatened by any other power.

Du Yanyao naturally knew that it would be extremely difficult for someone from the Mortal Realm to come to the Sacred Dan Realm. She asked in a low voice, "Chen Xiang, when you go back, can you ... Bring me as well? "

Seeing Du Yanyao's sad expression, Chen Xiang sighed slightly: "Yanyao, if you go to the Mortal Realm, you will only be ruined. It would be better for you to stay here, especially when it comes to dealing with Nirvana Doom.

Du Yanyao nodded. Her grandfather had also told her about this kind of thing, because at that time, she would know that the person she loved had turned into ashes under the influence of Nirvana Doom.

And with Du Yanyao in the Sacred Dan Realm, under the protection of her grandfather, who was a Dan Immortal, it would be much easier for her to cross Nirvana Doom.

"Can you promise me that you'll definitely come to Sacred Dan Realm to find me in the future?!" Du Yanyao asked softly.

"Mm, I'll definitely come. You must promise me as well. When the time comes, you must wait for me here!" Chen Xiang laughed.

Du Yanyao revealed a beautiful and enchanting sweet smile, and nodded: "Definitely!"

"How did the Sacred Dan Meeting start?" Chen Xiang asked. He was only wondering why Du Hai didn't receive the slightest bit of information when he returned.

The first day of the auction starts with the auction, but because it's a special period right now, all the powerful antiques will go and block those spatial rifts, so they won't participate. That way, there won't be any fierce fights at the auction, and of course, there won't be any high level medicinal ingredients.

Chen Xiang's eyes flashed, Sacred Dan Meeting was a gathering of many Alchemist, although there were not many strong old fellows participating, but the Sacred Dan Realm was rich in resources, at that time, the auction would definitely have many high grade herbs.

"After the auction, there will be a trade fair. There will be many Alchemist who will trade pills or other items in private, and in the end, there will be a competition to refine pills. Once the competition is over, the Sacred Dan Meeting will announce the end of the competition." Du Yanyao patiently said, knowing that Chen Xiang was not from this world.

Chen Xiang said: "Yanyao, can you do me a favor?"

"Even if I can't do it, I'll definitely think of a way to help you!" Du Yanyao immediately replied. She really wanted to thank Chen Xiang.

"I have a few Zhenyuan Dan, I want to change these Zhenyuan Dan into Spar, I want to participate in the auction. This Sacred Dan Realm has a lot of resources, I want to buy some rare spirit medicines." Chen Xiang said.

"How many Zhenyuan Dan are going to fall out of your hands?" Du Yanyao was a City Lord of the Sacred Dan City and also a Alchemist. There were a lot of resources available, and it was even easier for her to make use of her grandfather Du Hai's relationship.

"It could probably sell for more than a billion Spar!" Chen Xiang said.

"More than a billion Spar? This is very easy to do, leave it to me! " Du Yanyao laughed: "If it's not enough, I can give it to you. There's no need to return it, you can tell me what kind of spirit medicine you need."

Chen Xiang took out a few Storage bag s and handed them over to Du Yanyao, then smiled: "You want to help me exchange these into Spar, I will talk about it when you need it, but I will not lend it to you for nothing."

Du Yanyao took the Storage bag from Chen Xiang's hands and immediately left the City Lord's Mansion.

Su Meiyao said: "If there was no old fellow participating, there would definitely not be many rare and expensive medicinal ingredients. If there was an old fellow participating in the auction, even if Du Yanyao lent you the Spar, you wouldn't be able to beat those old fellows."

Right now, I just need to collect a few Earth Grade Low Rank Dan s. In Sacred Dan Realm, it should not be harder to find than in Mortal Realm, right?

In the secret basement, Su Meiyao laid on her clothes while wearing a purple dress. She looked at Chen Xiang with her mesmerizing eyes, gently stroking Chen Xiang's firm and handsome face. She realized that she already loved this little man so much that she was afraid of him dying.

Ever since he had fallen in love with Su Meiyao, every time Chen Xiang saw her, he couldn't help but have a fierce kiss with her, causing the two of them to become extremely excited. Although they didn't do anything further, they were both very satisfied.

"sister Meiyao, I will definitely let you guys recover to the peak of your abilities, and kill your enemies!" Chen Xiang embraced the disheveled Su Meiyao and caressed her black hair as he spoke with determination.

"We have a lot of enemies, and many of them are great figures of both the Immortal and Demon Realms!" Su Meiyao chuckled: "But I have faith in you, little scoundrel, and I also want to recover my strength as soon as possible. At that time, I can truly become your woman!"

As she said that, she patted Chen Xiang's slightly firm crotch and giggled, causing Chen Xiang's heart to lurch. He immediately pressed the seductive body under his body, containing her alluring cherry lips, and once again fiercely kissed her ... ..

Chen Xiang and Su Meiyao were kissing passionately, when Long Xueyi suddenly said: "Your future father-in-law is here!"

It was Du Yanyao's father, Du Kangsheng, the father-in-law that Long Xueyi was talking about!

"He's up there!"

This scared Su Meiyao so much that she anxiously went back into the storage ring, and Chen Xiang quickly tidied up the bedding and dispersed the fragrance that Su Meiyao had left behind, quickly walking out of the secret underground room.

Chen Xiang walked out from the underground stone room and saw Du Kangsheng sitting in the middle of the hall with Du Yanyao pouring tea beside him.

Seeing Chen Xiang coming out, Du Kangsheng stood up and smiled: "I heard about you from Yanyao, here are 1.5 billion Spar!"

Chen Xiang took the Storage bag that was tossed to him. His Zhenyuan Dan was at most worth one to two hundred to three billion Spar.

With one look, he could tell that Du Kangsheng was an immortal who had surpassed the Nirvana Stage. This kind of Spar was nothing in his eyes.

Chen Xiang immediately bowed, and said with a smile: "I didn't think that this brat would alarm Senior with just a little bit."

"The moment I heard you killed Xie Donghao, I came over immediately!" Du Kangsheng laughed out loud: "Xie Donghao that little bastard has been pestering Yanyao all day, I had wanted to kill him long ago, but because his grandfather is being too powerful, but now, even if you kill this brat, his grandfather wouldn't be able to say anything!"

#### [Chapter 617](#)

The other experts were currently going to seal the spatial rift. But this Du Kangsheng appeared here every two or three days, looking very leisurely.

"Don't worry. After you kill Xie Donghao, if Sacred Dan School dares to find trouble with you, my Du Family will definitely help you take care of it!" Du Kangsheng patted Chen Xiang's shoulder.

Chen Xiang laughed: "Thank you."

Du Kangsheng laughed: "Right now, you are in a hurry to get so many Spar. Do you want to join the auction? "However, I advise you not to think about it. Not to mention you, even I might not be able to participate when the time comes. Those old guys, in order to participate in this ranking meeting, have completed it in advance and blocked all the space cracks in the levels one to eighteen."

"What?"

Chen Xiang and Du Yanyao cried out in alarm. The old people that Du Kangsheng talked about were naturally those fellows who stood at the top of the Sacred Dan Realm. People like them, who were not even Nirvana Stage s, could forget about surviving in this auction.

"Don't be so desperate, even if these old fellows weren't there, it would still be difficult for you guys to obtain the Immortal Grade's or Heaven level's spiritual medicines. The auction is being handled by the Sacred Dan School, and I've learnt that there would be some lower tier medicinal ingredients and other things being auctioned off at that time." Du Kangsheng laughed, "Of course, if those old fellows take a fancy to those things j "Heh heh."

"Daddy, is there any news of grandpa?" Du Yanyao asked with a face full of worry.

Du Kangsheng, whose face was originally full of smiles, immediately darkened. He sighed and shook his head: "No, but don't worry. Although your grandfather's strength is not the strongest in Sacred Dan Realm, his abilities are not small.

"Even if your grandfather wasn't in the Du Family, no one would dare to touch us, so you don't have to worry. After the Sacred Dan Meeting is over, someone will come and take over your position in the City Lord, and then you can return to the clan to receive your reward. In the future, you don't need to have to take care of some chores for your family, and it will allow you to cultivate and refine pills in peace."

Du Kangsheng left, but Chen Xiang was extremely suspicious, because that Du Hai had not returned to the Du Family; otherwise, Du Kangsheng would definitely have found out.

Since Du Hai did not tell his son and granddaughter about his return, Chen Xiang did not mention it either. He knew that Du Hai probably had other intentions for doing so.

"Yanyao, what kind of precious things would appear in the auction?" Chen Xiang asked. If he let someone else buy an extremely precious spirit medicine right in front of his eyes, his heart would hurt.

In the last auction, three high-grade Immortal Grade's medicinal ingredients appeared. You should know, these kinds of things are not usually sold, they were only used by those who were in a hurry to establish their own sects, using these to exchange for a large amount of wealth. Du Yanyao shook her head and sighed. She had originally wanted to buy some medicinal ingredients that she needed through the auction.

Now that those old fellows were free, and had brought their proud disciples or grandchildren to participate in the auction, it was difficult for them to snatch any good stuff. Those old fellows had been in the Sacred Dan Realm for many years, controlling countless of treasures, making their moves extravagantly.

Chen Xiang felt that it was a pity that all those high grade medicinal herbs were in his hands, as he would be able to duplicate a large amount of them. In the hands of others, they might even turn into ashes during the process of refining pills.

"Chen Xiang, what ingredients do you need to collect?" Du Yanyao saw Chen Xiang's depressed face and asked.

"I want everything that's good, but right now, I want a set of Earth Grade Low Rank Dan's medicine that's more commonly used." If Chen Xiang wanted to have a better grasp on refining the Earth Grade Low Rank Dan, he had to refine three types of common pills, but he only had two at the moment.

Du Yanyao said: "I can help you get the Nine quenching body Dan."

"That I have!" Chen Xiang shook his head.

"Where's the Longevity Dan?" Du Yanyao continued to ask.

"I have one too!" Chen Xiang sighed.

Du Yanyao was a little surprised. If she wanted to obtain these medicinal ingredients, she would have to go through her clan and her father. However, Chen Xiang, a person from Mortal Realm, had all of them.

"There are some unpopular pills in the family, but they are not often used, so it's not enough to refine your hands." Du Yanyao's face had an apologetic look. "I'm sorry, I can't help you in this aspect."

"It's alright!" Chen Xiang said, the resources in the Sacred Dan Realm were considered rich, there were all sorts of ingredients for the higher levelled pills that were commonly used, and all of these were short-lived things in the Mortal Realm.

Time flew by, and in the blink of an eye, the once-a-century Holy Elixir Auction had begun. In the blink of an eye, the hundred-year Holy Elixir Auction began, and the location of the auction was located in a huge stone building near the martial arena.

Chen Xiang could see many luxurious carriages from far, stopped outside the auction place. Although those people were powerful, but the reason they rode on the carriages was just to show their esteemed status, and it was not even an ordinary carriage.

"Going in would actually cost me ten billion. If not for you, Yanyao, I'm afraid I would have been rejected!" When Chen Xiang heard the news, he was extremely surprised.

"If I wasn't City Lord and if I didn't rely on my father, I wouldn't even be qualified to enter. The Holy Elixir Auction was originally prepared for those old fellows, we are only there to broaden our horizons." Du Yanyao had a helpless expression.

Chen Xiang now had around two billion Spar, which could be considered a small wealthy person in Mortal Realm. Especially considering his age, but in Sacred Dan Realm, he was not qualified to enter the Holy Elixir Auction House.

"Roaaaaar!"

Du Yanyao and Chen Xiang suddenly heard an enraged beast roar, following that, a burst of hot air swept over, the ground slightly trembled, and they immediately looked towards the direction of the roar.

It was coming from another street. Not long after the sound appeared, everyone saw a giant blue lion running over. It had blue flames all over its body, making it look very powerful and frightening.

"What's going on with the Fury Flame Lion?" Chen Xiang said in shock. There was someone sitting on top of this blue Flame Lion.

This kind of Fury Flame Lion would usually be a ninth ranked Spirit Beast, but they were all red flames.

"This Fury Flame Lion has a Fire Soul, it should be a Blue Fire Soul!" Du Yanyao said with a serious face, he anxiously flew forward, and the Fury Flame Lion rushed over from afar, all the way while leaving footprints on the stone street.

At a glance, craters formed on the ground under their feet, causing the ground to split open and blue flames to ignite. Doing this was basically not putting the laws of the Sacred Dan City in their eyes.

As a City Lord, Du Yanyao obviously could not just sit there and watch. Furthermore, this person was simply provoking her dignity.

"Oh, you're Sacred Dan City's Du Yanyao? It is indeed just as the rumors say, she is a iconic beauty. This kind of woman is the one that I want to conquer the most! " The man riding on the Fury Flame Lion laughed and said. His words were frivolous, causing Du Yanyao to be furious.

### [Chapter 618](#)

Chen Xiang was worried that Du Yanyao would be set up by this unknown person. He anxiously walked over and stood behind Du Yanyao.

The man riding the blue Fury Flame Lion was extremely beautiful. His long hair fluttered in the wind, his skin was white like jade, his eyebrows were carefully trimmed, and a layer of moisture was painted on his lips. His face was extremely demonic.

If he was dressing up, he could definitely disguise himself as a peerless beauty.

Such a man that even women were jealous of, soon attracted the attention of many people. At the entrance of the auction venue, there were many disciples from famous sects, especially some women. When they saw this man, their eyes couldn't help but shine, and some men with special hobbies also secretly became excited.

But, Du Yanyao was not confused by that face.

"I am still a City Lord of the Sacred Dan City. Don't you know the rules of the Sacred Dan City? You ride this dangerous thing around the city and destroy the whole street! " Du Yanyao said coldly.

"Of course I know it's wrong, but I still have to do it. What can you do to me?" The man laughed lightly. His smile was extremely enchanting, but Chen Xiang felt like vomiting when he saw it.

"This eerie sissy should be beaten up so fiercely that even his mother won't be able to recognize him!" Long Xueyi was also very unhappy.

Du Yanyao said angrily: "Since that's the case, you should just obediently stay in the dungeon!"

As she said that, a long whip suddenly appeared in her hand, and she whipped it towards the man. At the same time, the elephant like blue Fury Flame Lion released a heaven shaking roar, opened her mouth and spat out a blue flame at Du Yanyao.

"Humph!"

Du Yanyao snorted coldly, she waved her hand and a ball of purple flame shot out from her jade palm, rushing towards the blue flame. As though she had swallowed all of the blue flame, it entered her mouth and even caused a burst of explosion, causing the Fury Flame Lion's mouth to be filled with blood, and her knife-like teeth to shatter.

Du Yanyao possessed the purple Fire Soul and had many powerful Fire Veins. The flames were tyrannical, and as he lashed out with it, the temperature of the surrounding area rose sharply.

The man jumped down because of the Fury Flame Lion, but Du Yanyao's whip seemed to have eyes, it would even grow longer, accurately hitting the man who was floating at the side.

"Woman, you should be able to properly lie on the bed and serve a man!" The man sneered, his hand moved as fast as lightning, ripping open the whip that Du Yanyao had swung at him.

Just like that, the man casually waved his hand, easily blocking Du Yanyao's attack. What was shocking, was that the whip in Du Yanyao's hand, had suddenly turned into ashes!

It was obvious that it was burned, but no one could feel any heat or fire attribute Innate Qi!

When Du Yanyao saw her whip instantly burnt to ashes, her face changed greatly. Her whip was a good weapon, it was not something that could be burnt to ashes so casually, she anxiously took a few steps back.

"You actually destroyed my weapon, you are provoking the rules of the Sacred Dan City!" Du Yanyao bellowed, a sword appeared in her hand, it was obvious that she would not let it go.

The man smiled, "Rules? If you have the strength, then you can change the rules. If you can't beat me, then I won't kill the women! "

"But I kill men! Especially those guys who have a beautiful wife, I like to destroy the most! "

The man laughed sinisterly as he looked at Chen Xiang. With a wave of his hand, a scorching energy that made people feel fear suddenly attacked them. Everyone saw a ball of mist suddenly flying towards Du Yanyao.

In a moment of shock, Du Yanyao immediately dodged to the side. That arrow-like mist that carried a strange and powerful scorching energy was still flying towards him, and was actually attacking Chen Xiang.

Chen Xiang had been watching the entire time, and was also on guard. When he heard the man's words, he was already prepared.

His palm was wrapped in tiger skin gloves, that was the Slaughter God's Hand, and inside his skin was the profoundwu diamond armour, as long as he was not afraid of this kind of strange power.

It was an indescribable heat. After he had merged with the Heaven fire soul, there were very few flames that could threaten him after he came out from the bottom of the earth, but this kind of terrifying heat was a kind of strange flame. If he had not been prepared for this long, he would probably be injured by this flame!

"Du Yanyao is mine, if you know what's good for you, obediently give her to me. If she's in your hands, you'll just ruin her!" The man said indifferently, but his eyes revealed incomparable surprise, because Chen Xiang could easily take on his kind of strange flame.

"Hmph, I won't follow you even if I die!" No matter who you are, I will take you down today! " Du Yanyao was furious, her entire body was releasing purple flames, her hair was dancing in the air, because the man actually wanted to kill Chen Xiang, how important was Chen Xiang in her heart?

"Seems like I have to introduce myself. I am Lin Yushi, from Chaotic Mountain. Today, I just want to come and see how this Holy Elixir Auction is going!" The man's words caused everyone to be stunned.

This was actually someone from the Chaotic Mountain, as all the powers in the Sacred Dan Realm were extremely wary of him!

Although Du Yanyao was shocked, she did not care too much. "Even if it's the Chaotic Mountain, if you provoke me, you will be punished!"

Just as he took a step forward, he heard a shout: "Yanyao, stop!"

The one who had shouted was actually Du Yanyao's father, Du Kangsheng!

Du Yanyao frowned, her face was filled with anger, her delicate body trembled in anger, but she stopped in her tracks.

Although Du Yanyao stopped, Chen Xiang still shot forward like an arrow, his speed peerless, catching the man off guard. Although he knew that there were people attacking, he didn't have enough time to block them.

Boom!

In the next moment, Chen Xiang activated his Dragon Power, and a Heaven Blasting Palm was like a bolt of lightning, striking right at Lin Yushi's abdomen, causing an extremely powerful shockwave that erupted from Lin Yushi's body and pierced the ground, the stone tiles all around cracked and split like a spider web.

Chen Xiang was not done with his attack, just now, that palm contained a suction force that prevented Lin Yushi from flying, and just as he was about to punch out, a boundless pressure attacked him, causing him to almost kneel on the ground.

Unexpectedly, it was Du Kangsheng who stopped him!

"Everyone stop!" Du Kangsheng said in a dignified voice.

Just because Lin Yushi wanted to kill him earlier, Chen Xiang had enough reasons to not give up until he was dead.

He could not allow Lin Yushi to show off his might, no matter where he came from, as long as he wanted to trample on his life, Lin Yushi had to die!

"You must die!" Green veins popped out from Chen Xiang's forehead, his left arm suddenly burst forth with a white light, his angry roar resonated throughout the entire Sacred Dan City, the Innate Qi that erupted from his body looked like countless angry dragons roaring, it was extremely terrifying.

### [Chapter 619](#)

Chen Xiang was a person that was unwilling to give in. The more others wanted him to bow his head, the more he was unwilling! Although Du Kangsheng used an incomparably strong power to suppress him and prevent him from moving, he did not hesitate at all.

At this time, his strength had already far exceeded the limits of his own body. With Long Xueyi's strength, his physical strength and the power of the Innate Qi merged together, his strength increased explosively, at a speed that even Du Kangsheng could not believe.

The most terrifying thing was that a huge blade with a green light suddenly appeared in Chen Xiang's hand. The body of the blade was carved with an Azure Dragon, it was dignified and dignified, as though an Ancient Azure Dragon had merged with the blade, following Chen Xiang's instigation of power, the Green dragon demon-slain broadsword released a deep dragon roar.

Chen Xiang used all of his strength and leveled the Divine Blade towards the terrified Lin Yushi.

Two dragon roars suddenly erupted. One was roared by Chen Xiang, and the other was a Green dragon demon-slain broadsword!

The Green dragon demon-slain broadsword in Chen Xiang's hands suddenly flew out and disappeared. A green light flashed, and after it left Chen Xiang's hand, it became a miniature green dragon, but the aura it gave off was extremely terrifying.

The green dragon formed from the divine blade bared its fangs and brandished its claws, roared angrily and swallowed up the mountains and rivers, as fast as lightning, it pierced through Lin Yushi's body, transforming into a green light that returned to Chen Xiang's body and disappeared.

But a huge hole, the size of a bowl, had appeared on Lin Yushi's chest!

"You j "You j" Lin Yushi did not die, he anxiously took out a pill and consumed it. The hole in his chest started to grow flesh and blood quickly, and he recovered to his original state.

Chen Xiang's body trembled, his fists clenched, his expression serious, he still wanted to attack!

Even the immortal Du Kangsheng was shocked by Chen Xiang's attack. This was because the strength that Chen Xiang had displayed was definitely above that of the Extreme realm, but Chen Xiang was still a warrior of the Extreme realm!

"Enough!" Du Kangsheng came to Chen Xiang's side. Lin Yushi did not die, which made him heave a sigh of relief.

"Just because he came out of Chaotic Mountain, he can kill me, and I can't kill him?" Chen Xiang's voice was cold as he looked at Lin Yushi expressionlessly.

Seeing Chen Xiang not wanting to kill himself, everyone broke out into a cold sweat for him. As long as it was someone from the Sacred Dan Realm s who heard the three words "Chaotic Mountain," they all listened to him like thunder.

On the other hand, Chen Xiang had gone mad, he actually wanted to kill the people of Chaotic Mountain.

Du Yanyao was also worried that Chen Xiang might lose his life provoking the Chaotic Mountain, after she calmed down, she anxiously asked: "What proof do you have that you are from Chaotic Mountain?"

"Humph, I will remember you. From just now, you have become an enemy of the Chaotic Mountain!" Lin Yushi looked at Chen Xiang angrily. His indifferent and elegant demeanor had disappeared completely.

Lin Yushi took out an order badge. The order badge looked like it was made of flames, like maple leaves. It was just a grayish color, with a layer of disorderly mist coming out from it.

The most frightening thing was that the hot air that was spewing out of the chaotic mist was actually a type of flame!

"This is a Chaos fire, you know what this means!" Lin Yushi looked at the people around him with a face full of fear and arrogance.

Chen Xiang laughed coldly: "So you are just a bully. I thought you were that powerful, to be able to make others admire you, that's true skill, to rely on the Chaotic Mountain behind you to show off your strength, others only fear the Chaotic Mountain behind you, if not for Chaotic Mountain, you are nothing in our eyes!"

After everyone saw him make his move, they thought that he was going to attack Lin Yushi, but that was not it, because he was still standing at his original position. It was just that after he made his move, the Chaos fire appeared in his hand!

"Haha!" Can I also impersonate a person from the Chaotic Mountain now? " Chen Xiang looked at the Chaos fire in his hand, laughed loudly, and threw it into the ring.

Everyone was stunned, their faces full of shock, as though they were looking at a sculpture!

No one knew that he snatched the Chaos fire from Lin Yushi's hands from so far away a distance, but no one cared what he did, only that he snatched the Chaos fire away and even kept it inside the Storage magic treasure.

Picking up objects through the air was a small technique that Long Xueyi had suddenly imparted to Chen Xiang earlier, it could be considered a type of spatial technique, and required a certain amount of spirit power to perform. Furthermore, it consumed a large amount of spirit power.

But his gains were huge, he obtained the Chaos fire, and according to Su Meiyao and Bai Youyou's appraisal, it's treasure.

"Are you crazy?" Du Kangsheng took a deep breath, looked at Chen Xiang, and indicated for him to hand the Chaos fire over.

"Even if you kill me, you won't hand it over." Chen Xiang laughed lightly, looked at Du Yanyao and laughed: "Yanyao, let's go in quickly!"

Therefore, Chen Xiang felt that it would be safer if they went in. At the very least, Lin Yushi would not be able to play with Breeze, those old fellows really cared about face, and they really valued this auction so much, if Lin Yushi was causing trouble inside, there would definitely be no good fruits to eat.

Although Du Yanyao thought that Chen Xiang had gone mad, she supported his actions from the bottom of her heart. She anxiously held onto Chen Xiang's arm and pulled him into the auction house.

"You are blatantly provoking the Chaotic Mountain!" Lin Yushi roared. He was a little afraid of Chen Xiang now, because from the way Chen Xiang had acted to him, he did not care about the consequences. If Du Kangsheng had not stopped him, Chen Xiang might have already been fighting with his life on the line.

Du Kangsheng heaved a long sigh, he was truly worried that Chen Xiang would become his son-in-law, and having a son-in-law like him, was not a good thing. Although he greatly appreciated Chen Xiang's

methods, by doing this he would only arouse the enmity of the Chaotic Mountain, and the consequences would be severe.

He already had enough strength to open a dimensional door and return to the Mortal Realm. Even if the Chaotic Mountain wanted to send someone to the Mortal Realm, it would at most be a martial artist who had endured the eight tribulations of the Nirvana Stage. However, inside the Mortal Realm, it would not be a threat to Chen Xiang's life.

If it wasn't for the fact that there were many old bastards within the Sacred Dan Realm, no one would dare enter because Chen Xiang had provoked the people of the Chaotic Mountain. If there weren't those old bastards, it was very possible that the Chaotic Mountain's people would destroy the entire auction because of what Chen Xiang had just done.

### [Chapter 620](#)

Du Yanyao was a City Lord of the Sacred Dan City. Chen Xiang was currently sitting in a comfortable chair with her inside. Through a special transparent wall, they looked down at the large group of people seated below.

Those who were able to enter the auction house were all wealthy and powerful people. Even if they weren't in the VIP box, they would still be able to see some immortals mixed in with the crowd, waiting for the auction to officially begin.

Chen Xiang looked around, but didn't see Lin Yushi at those seats. This also meant that Lin Yushi also had a VIP box, and normally, only when he sold some extremely precious things would he get this kind of treatment.

"That Chaos Fire Token is amazing, the flames inside should be the legendary Fire of Chaos, this kind of fire is actually preserved, it's really unbelievable!" Su Meiyao said, "This is the time when flames are at their most primal state. Although it looks turbid, if these Fire of Chaos s are purified by fire, they would definitely be very strong!"

"How powerful is this Fire of Chaos?" asked. Thinking of the strange heat that Lin Yushi had released, he could obviously guess that Lin Yushi had this kind of flame.

"This is a flame from the Primal Chaos Era, it's just turbid, brutal, and difficult to control. The flame Lin Yushi used, should have refined this Fire of Chaos, if not it would be hard to control!" Su Meiyao said: "It's impressive, but what Lin Yushi is using after all is not real Fire of Chaos. It should be difficult to control real Fire of Chaos!"

Bai Youyou said: "In short, the flames inside this Chaos Fire Token are very strong. In the future when you encounter some of them using Primal Chaos flames or if you use some other powerful flames to attack you, this Chaos Fire Token will be able to completely block those flames!"

Chen Xiang laughed: "This way, I can suppress the people from the Chaotic Mountain!"

Chaos Fire Token were good things, but they were also very dangerous, because they were things that Chen Xiang snatched from Lin Yushi's hands. If the people from the Chaotic Mountain found out, he would be in deep trouble.

"Chen Xiang, once Sacred Dan Meeting is over, are you going to leave the Sacred Dan Realm?" Du Yanyao asked in disappointment.

"I still don't know. If I wasn't hunted down by others, after Sacred Dan Meeting ends, I will close up for a period of time. After I become stronger, I will return to Mortal Realm. This will buy me a lot of time!" Chen Xiang had already offended someone from the Chaotic Mountain, he felt that he could at most hold on until the end.

You and Lin Yushi can fight in a duel, but you are not someone of the Chaotic Mountain. Once you obtain the Chaos Fire Token, you will definitely be called back by the Chaotic Mountain! Du Yanyao sighed.

Something in his mouth was not something that Chen Xiang could spit out.

"Is the Chaos Fire Token very important to the Chaotic Mountain?" Chen Xiang rubbed his chin and asked.

"Yeah, it's not someone with a respected identity in the Chaotic Mountain, they don't have this thing. This is equivalent to a sacred object in the Chaotic Mountain, there aren't many of these in the Chaotic Mountain, so Lin Yushi definitely has a very high position there!" Du Yanyao said with a serious face.

"Who cares, who told this idiot to be so high-profile, he let me get lucky!" If that's the case, then this fellow will definitely not dare to immediately tell Chaotic Mountain that he will definitely be blamed for losing the sacred artifact! " Chen Xiang laughed.

The auction had already begun, and the auctioneer was a noble and dignified beautiful woman. Her demeanor was elegant and her face had a sweet smile on it, causing people to look on in delight.

"Isn't this woman Zi Lan Immortal Fairy, Yan Zilan? However, she did not die. She preserved her soul, and in the end, through her soul, she was able to cultivate for ten thousand years, reconstruct her physical body, and then, for some strange reason, break through and become an immortal! " As Du Yanyao spoke, his expression was solemn, and it could be seen that she respected Yan Zilan a lot.

Once Yan Zilan appeared, the entire venue became extremely quiet. As long as it was a man who wasn't blind, they would focus their gaze on this beautiful woman with extraordinary charm.

"During these few days, everyone has been constantly sealing the spatial crack. I believe that it is for the sake of participating in this auction as scheduled. In that case, this auction will not disappoint everyone!" Yan Zilan had an enchanting smile on his face, his voice was melodious, and with every movement he made, she revealed an extremely captivating charm.

"I feel that even more people are here to take a look at the beauty of the Zilan Immortal Fairy!" A voice came over, causing Du Yanyao to groan, because the voice was precisely coming from her father, Du Kangsheng.

Chen Xiang chuckled: "Your father is really a lover!"

"Who doesn't know that he has been chasing after the Zilan Immortal Fairy for so many years. It's just that he did not succeed!" Du Yanyao snorted.

That Yan Zilan really did have a strange mature charm that many women did not have. That noble and dignified temperament, along with her sweet and kind smile, were all able to captivate a man's heart.

Yan Zilan laughed lightly and said: "Let's start the first auction item of this year's auction. This is a?immortal beast egg of?White Flame Sky Wolf, if it hatches, it will give birth to a male little White Flame Sky Wolf, but at that time, what you will see will be a youth in human form!"

While she was speaking, someone carried a half a man tall pure white egg up. Chen Xiang was dumbstruck, this was a immortal beast egg, there was actually someone selling it!

Now he knew why people like them did not have the leeway to compete in such an auction. They would not even be able to afford the starting price for something like this.

"Tch, what's there to be surprised about? Didn't you already see the little white dragon girl before?" It is said that these immortal beast egg were not directly born from their bodies. As long as they are in human form, most demon beasts, when reproducing, would produce a beast spirit about the size of a fist. Then, they would cultivate based on this beast spirit and form a huge egg, which would take a very long time. "

Long Xueyi was a dragon and her birth was different from other demon beasts, but they were all similar in nature.

"The starting price is two billion Spar. If you are interested in raising immortal beast, don't miss this chance, immortal beast babies aren't so easily obtained!" Yan Zilan's voice was pleasant to listen to, she laughed lightly, and said: "To be honest, this immortal beast cub was obtained by a little girl by chance, I hope everyone will please honor me!"

shook his head and sighed: "This woman is indeed popular. Just based on her words, many men who want to pursue her will definitely fight for her head!"

"Father will definitely join as well..." Just as Du Yanyao finished speaking, Du Kangsheng, who was in another room, shouted, "Three billion!"

Chen Xiang suddenly had some doubts. For powerful women like Su Meiyao and Bai Youyou, why would they have so many enemies?

"4 billion!"

"6 billion!"

"..."

The bidding increases were going crazy. Although the Sacred Dan Realm was a high level world like the Heaven Realm, there were still many Sparite vein s. The lower leveled warriors had a lot more of them, so the use of Spar s was just as big.
