

Dan God 671

[Chapter 671](#)

In the pitch-black night sky. The Shao Yun Martial Club's who were like palaces were collapsing one house after another. Yun Xiaodao, Xiao Chou and Xv Weilong had wreaked havoc in this place, but no one dared to stop them.

Seeing how cruel Chen Xiang and the rest were, they naturally knew that these four people had steeled their hearts to smash Shao Yun Martial Club to the ground. This showed that they were not afraid of Liao Shaoyun and the God Children at all, and if they went to stop them now, they might be killed.

Although Liao Shaoyun was not here, it was still not bad to smash his dojo.

"All of you stop right now, do you think you have a long life?" A thunderous shout rang out, startling everyone.

There were many people gathered outside the Shao Yun Martial Club. There were people from both the city and the Shao Yun Martial Club, but most of them knew who the voice belonged to.

It was the City Lord here, named Cai Yue.

"Xiao Dao, who is this guy?" Chen Xiang asked, while Yun Xiaodao and the others also stopped beating them up, gathering together.

They were worried that the Devil-subduing College would send out a few old fellows, so their attacks speed was extremely fast. In the entire Shao Yun Martial Club, most of them had already been turned into ruins, and there were even hundreds of injured people, all of whom were invited by the Shao Yun Martial Club.

"This guy is called Cai Yue, he's from City Lord, it's said that he's from there, he's at the peak of Hundred refining realm, and he's already a thousand years old this year. Although he's a hopeless bastard who relies on elixirs to increase his lifespan, he's not weak at all." Yun Xiaodao said.

A Hundred refining realm warrior who could live for more than a thousand years would definitely not be weak, but Chen Xiang was not afraid at all.

"Master, let me do it!" Xiao Chou stepped forward and stood in front of Chen Xiang.

Chen Xiang nodded: "Be careful."

Long Xueyi was monitoring the surroundings movements, once a powerful old fellow appeared, he would immediately inform Chen Xiang and the others to escape, in case they were caught by the Nirvana Stage.

Cai Yue had the appearance of a middle-aged man, but his hair was already somewhat white. He was tall and sturdy, with eyes filled with anger, because he saw that the people who came to his territory to behave atrociously were four young brats, especially Yun Xiaodao and Xv Weilong. Liao Shaoyun had once instructed him to pay attention to these two people.

"Liao Shaoyun's lackey, oh no, it should be the God Child's lackey, how many shameful things did you all do for Wang Shengren? I heard that Wang Shengren this Divine Rod has some special hobbies ... "

Before Yun Xiaodao could finish his sentence, Cai Yue shouted, "You are publicly insulting the Son of God. You are all doomed.

Yun Xiaodao said with a cold laugh, "Did someone personally see someone capture a few fifteen to sixteen year old youths and bring them into the Devil-subduing College's Divine Hall ..."

When Cai Yue heard this, he shouted angrily, "You're slandering me!" With that, the big fist struck towards Yun Xiaodao, a gold light flashed, the dense killing intent created a gust of wind, blowing up a large amount of ruins.

"Your opponent is me." Xiao Chou shouted, his palm became like lightning, his imposing manner swift. Everyone only saw Xiao Chou wave his palm, forming a golden rainbow, and directly struck Cai Yue's huge fist.

Pow! With a crisp sound, it gave rise to a burst of air waves, blowing away the sand. Xiao Chou had only casually struck out with his palm, but he had withstood Cai Yue's furious punch.

"Thousand-year old bastard, if you don't hide in the shell and wait for death, stick your head out for others to chop, you're the one who thinks you have a long life." Xiao Chou laughed out loud. Both of his palms were like a storm, the palm technique was berserk but not chaotic.

Cai Yue was caught unprepared by this sudden and exquisite yet violent palm attack and could only block it. He was even angrier now because he dreaded others mentioning his age, and not only had Xiao Chou mentioned it, he had also insulted him.

Xiao Chou was a born genius of the Great Strength Race, and after his power awakened, he received another fortuitous encounter, which resulted in a series of breakthroughs. His strength was extraordinary, and every palm of his contained the power to split a mountain.

Chen Xiang could tell that Xiao Chou's strength was growing stronger and stronger, to the point that every step he took caused the ground to tremble.

That kind of power was something he had never seen before. It was different from the power of the Innate Qi, it was a type of power that seemed to come from the body, but it was not, because it also carried a kind of strange aura.

"Who the hell are you?" Another palm struck Cai Yue's chest, shattering his internal organs.

"Hmph, remember, I am called Xiao Chou. Speak the truth, what kind of heinous matter did that son of god, Wang Shengren, want you dogs to do?"

Xiao Chou kicked Cai Yue's left shoulder. A powerful force broke both his left shoulder and one of his arms, and blood and bone fragments shot out from his skin. The pain made Cai Yue scream out in pain.

"Speak!" Xiao Chou stomped his foot on Cai Yue's right shoulder, "Otherwise, your arm would have been broken as well."

The sharp pain from earlier sent a shiver down Cai Yue's spine. He gritted his teeth and said, "He told us to capture some virgins in some remote villages ... "For..."

Before he could finish his sentence, a beam of fire shot down from the sky and struck Cai Yue's head. The head then exploded into pieces.

"Damned guy, who is it?" Xiao Chou looked up and saw Liao Shaoyun, dressed in white, flying down from the sky slowly. Seeing the handsome man use the same method to kill Cai Yue just now, everyone started to believe that the God Child had truly done something evil, if not Liao Shaoyun would not have silenced him.

Liao Shaoyun looked at Xiao Chou, and said indifferently: It's you who smashed my Shao Yun Martial Club? You are forcing the City Lord to admit that you have slandered the Son of God. If you want to slander the reputation of the Son of God, you are going against the Devil-subduing College. "

Liao Shaoyun did not recognize Chen Xiang. He only looked at Xiao Chou coldly, because Xiao Chou gave him a very oppressive feeling.

"Xiao Chou of the Great Strength Race? Hmph, I had wanted to kill you since long ago, who asked you to be Chen Xiang's disciple? And now you are here to destroy my Shao Yun Martial Club, die! " Liao Shaoyun's handsome face, which was like jade, suddenly had veins popping out, her body suddenly spewed out rays of golden light, making her look like a holy light, causing people to have the urge to kneel down and worship her.

Seeing this, everyone hurriedly left.

"Seize the other three, then leave the baldy to me. I'll make him suffer a fate worse than death."

Liao Shaoyun's face was sinister, his body releasing holy golden light that was out of place, just like a devil that could use its pure and holy power.

and the other three, who were enveloped by this light, had a different feeling because they felt a very evil aura, and it made them feel as if they were facing an Evil God who had just walked out of hell.

"Little demon of the Great Strength Race, the God Child must really like you." Liao Shaoyun laughed sinisterly as he struck out with his palm in the air. Liao Shaoyun's hand released a golden light that turned into a hand without flesh, looking extremely frightening.

[Chapter 672](#)

Liao Shaoyun's current martial arts. It shocked Chen Xiang, because this kind of martial arts was definitely not owned by the Mortal Realm, and the Evil Qi that was shot out, was only found in those extremely evil martial arts, the Evil Arts that he cultivated did not have such evil Qi.

Xiao Chou didn't know why, but his eyes glowed red as he stood there in a daze. Chen Xiang was shocked, flying over and smashed the skeletal hand with a "pa" sound. The sound resounded through the sky like a thunderclap, and a pure Supreme Yang Qi floated amidst the ruins.

"Xiao Chou, leave this to me!" Chen Xiang's voice was heavy, the evil techniques that Liao Shaoyun was currently controlling were definitely not things that Xiao Chou could handle.

Xiao Chou had woken up from his stupor, when he was exposed to the golden light at a close distance, all the blood in his body had rushed up to his head and caused him to lose consciousness. If not for Chen Xiang, he would have been struck dead.

"Chen Xiang!" Liao Shaoyun shouted with a trembling voice. At this moment, his face was filled with excitement, anger, and excitement ...

Liao Shaoyun originally obtained the Thunder soul that was even more precious than the Fire Soul, but when he was ambushed by Chen Xiang, the Thunder soul was absorbed by Chen Xiang, causing his strength to drop greatly.

Thinking back to what happened that day, Liao Shaoyun was so angry that his entire body was trembling, he wanted to kill Chen Xiang even in his dreams.

Many people had heard of Xiao Chou's great name, because he was one of the few Great Strength Races and had once shone brilliantly in the Hero Tournament, but in the end he was defeated by Chen Xiang and took him as his master.

And Chen Xiang's name was something that everyone could hear. Now that he had actually appeared here, the crowd immediately burst out in surprised discussion, and some people even left the Shao Yun Martial Club far behind. 's kind of brutal strength was something that many people here had seen before.

After Chen Xiang was wanted, he had disappeared for more than a month. Now that he appeared again, he had done such an astonishing thing: destroy the Shao Yun Martial Club and clash with Liao Shaoyun.

It had to be known that Liao Shaoyun was like the sun in the sky, a popular person by the God's son's side. Against Liao Shaoyun, even if he did not place the God's Son in his eyes, a few Nirvana Stage's warriors would not dare to do such a thing, but Chen Xiang would. In everyone's eyes, this was something that was normal for them.

"You're the one who wanted me?" Liao Shaoyun shouted angrily. The anger in his heart had already ignited his blood to boiling point.

Chen Xiang laughed blandly, "I only used a few Broken Pellets, but I never thought that you and that God Stick would be so scared of me, like a turtle, that they even shrunk their eggs."

Everyone groaned and cursed in their hearts. So, how many broken pellets were they supposed to call that? Relive Dan and Nine quenching body Dan were all treasures to warriors, they had a price but could not be bought, yet in Chen Xiang's words, they became like broken pellets!

"I didn't expect that the God Stick really had some tricks up its sleeve. It can let a trash like you stand up anew!" Chen Xiang looked at the strange golden light on Liao Shaoyun's body: This Divine Staff is indeed a fool, to actually teach you this kind of evil technique, and his Devil-subduing College's demonic techniques are all used to counter this kind of evil technique, I think that Divine Rod is worried that one day you will surpass him, so ...

"Shut up! Chen Xiang, you are the one who cultivates the Evil Arts, you devouring my Thunder soul, causing me to almost die. Liao Shaoyun roared angrily, making everyone dumbstruck. Chen Xiang

actually had a berserk Thunder soul, and it was something that everyone was afraid of, something that was devoured from Liao Shaoyun's body.

Chen Xiang laughed indifferently, "Didn't you steal it from someone else? Why haven't you made your move yet? Are you afraid of me? My Devil Subduing Method has already been trained to the tenth layer, against you evil beings, it will become even more powerful, haha ... "

Liao Shaoyun clenched his fist tightly, he indeed had the concerns that Chen Xiang had mentioned, but he had been releasing that demonic gold light the entire time, and what surprised him was that Chen Xiang was not distracted by his gold light, but that Xiao Chou just lost consciousness in an instant.

Chen Xiang could also see through Liao Shaoyun's thoughts, and laughed: "I will give you another two hours, your insignificant skill is useless."

After he had merged with Devil-suppressing blood, he had cultivated the strongest Devil-suppressing Golden Body. Not only could he use his impenetrable, he could also guard against all kinds of evil powers.

"Humph, you desecrate the Son of God, I must capture you and hand you over to the Son of God for punishment." Liao Shaoyun's arms trembled, a gold light shot out from his fists, his fists danced chaotically, his steps were like thunder as he rushed towards Chen Xiang.

Both of Liao Shaoyun's fists were so fast that they formed hundreds of instantaneous punches, and each punch was even capable of striking out a ball of golden light containing an evil and terrifying power. Like a torrential rain, it landed on Chen Xiang's body.

A few balls of golden light fell onto the ground, instantly creating a huge crater. The rainstorm-like ball of light rushed towards Chen Xiang from all directions, and the moment it touched something, it would release a wave of intense energy. Also, countless balls of golden light fell onto the ground around Chen Xiang, causing a series of explosions.

Chen Xiang was enveloped by countless golden balls of light, and in just an instant, his body had suffered dozens of violent attacks. Liao Shaoyun, on the other hand, was continuously punching out with his fist, and countless explosions continuously sounded out, filling the entire city up with the sounds of explosions. And at the place where Chen Xiang was standing, there were bursts of flashing golden light and extremely intense energy explosions, making it impossible to see what was happening clearly within.

Yun Xiaodao, Xiao Chou and Xv Weilong had also been attacked by a large group of people, so they didn't have time to worry about Chen Xiang right now. They had an incomparable trust in him, and they knew that he would definitely be able to handle him.

"Chen Xiang, haha... You are still as arrogant as before, you think that you are invincible after learning the tenth level of the Devil Subduing Method? " Liao Shaoyun laughed crazily, he waved both of his fists along with his maniacal laughter, becoming even more ruthless.

Just when everyone thought that Chen Xiang's body was being blown away by the explosion, Chen Xiang's calm voice came out: "I already said, your evil technique is not enough to deal with me."

Chen Xiang bellowed, and a thick water vapor burst out, transforming into a pure white mist in the blink of an eye, purifying the evil aura that shrouded the sky.

At the same time, the Shao Yun Martial Club that had turned into ruins began to shake violently. Some parts of it had even cracked.

"Break!" Chen Xiang's body trembled, the Dragon Power burst out from his body in all directions, and the golden ball of light enveloping him was instantly destroyed.

Dragon Power! Seeing this power, Xiao Chou's heart trembled. This kind of power was his nightmare.

Liao Shaoyun was also extremely shocked in his heart, because Chen Xiang's current strength was actually this terrifying. That pure Dragon Power, in particular, and an aura that caused him to feel fear, caused the evil energy in his body to instantly weaken by a few degrees.

[Chapter 673](#)

The people of the entire Youngcloud City were all stunned. Many people from the surrounding cities also dared to come over. When they found out that it was a big battle between Chen Xiang and his subordinate, they were extremely excited and shocked, as they tried to find a good spot to watch.

Chen Xiang's entire body was filled with Dragon Power, any human who cultivates in the Taiji Dragon-suppressed kungfu can cultivate the power of a dragon. Back then, Chen Xiang's master, Huang Jintian, used a full body of the terrifying Dragon Power to shake the entire Mortal Martial Realm!

Chen Xiang was like an awakened ancient giant dragon, its entire body emitting an ancient power, the ground trembled, the wind and clouds changed color, the Dragon Power in Chen Xiang's body started to churn, releasing waves after waves of growls, like the roar of a ferocious dragon.

"Liao Shaoyun, let's settle this today!" Chen Xiang suddenly took a step forward, and a crack appeared beneath his feet. The white Dragon Power shot out from under his feet, transforming into a white dragon, rushing towards Liao Shaoyun along the crack.

This kind of Kill Dragon Art was a rarity to begin with, and to be able to see someone using it was even rarer. What was most shocking was that the white dragon formed from the Dragon Power suddenly turned red, its entire body covered with red crystal-like scales, flames burned, its imposing manner pressing on the air, it flew out from the crevice and struck Liao Shaoyun.

Chen Xiang used the power of the Fire God Dragon Soul to strengthen the Dragon Power. Adding his mana usage, this power turned into a fire dragon.

Liao Shaoyun never thought that Chen Xiang could easily execute such a terrifying Kill Dragon Art, allowing his own strength to turn into a lifelike dragon.

He looked at the roaring and raging fire dragon rushing towards him, terrified. Letting out an angry roar, he strengthened his aura, folded his palms together, and his entire body was covered in a golden light. A pillar of light shot out from his palm and struck the fire dragon.

Liao Shaoyun was also extremely strong. Under his full strength, he defeated the Fire Dragon, turning it into countless of flames that were about to break down, and scattered it amongst the ruins, igniting some of the wood.

"It's just a bluff!" When Liao Shaoyun saw that the fire dragon was so easily destroyed by him, he sneered. His folded palms sprayed out a beam of light at Chen Xiang, which actually passed through his body and struck a hole in Chen Xiang's chest.

Seeing it being so easy, everyone could not believe that Chen Xiang had been struck so easily. Liao Shaoyun also could not believe it, and they all subconsciously thought of Chen Xiang's "Water Mirror Technique", but that was not it, because after being struck with the Water Mirror Technique, it would turn into mist and dissipate away. However, not only did it not happen now, there was even blood flowing out from the hole on his chest.

Just as Xiao Chou and the others wanted to shout in anger, Chen Xiang suddenly appeared beside them, and slapped towards Liao Shaoyun's face.

Liao Shaoyun was already sure that Chen Xiang's chest had been pierced by him, but Chen Xiang's sudden appearance caught him off guard.

"Pa Pa Pa Pa Pa" Chen Xiang used the power of Dragon Power and the tenth layer of Devil-suppressing power, and gave Liao Shaoyun a slap.

After Liao Shaoyun's delicate and tender face was slapped, the bones on her face immediately shattered. Her teeth had also shattered into many small snow-white pieces, and following that, a mouthful of blood sprayed out from Liao Shaoyun's mouth.

After striking out with his palm, Chen Xiang immediately followed up with two punches, with a pair of tiger skin gloved man appearing on top of them. Killing intent surged out, enveloping the entire sky.

Liao Shaoyun was so angry that he wanted to curse, but Chen Xiang did not give him the chance. Even if he wanted to shout a few times, he could only spit out a mouthful of blood.

The virtual image that Chen Xiang had released just now was created by him using the Water Mirror Technique together with the Eye Concealment Technique. It was extremely realistic, even if it was hit, it would not dissipate and could be used to distract others and give the opponent a fatal blow.

A series of explosions resounded in the sky once again, but this time it was Chen Xiang who released all of them. His fists were filled with the power of the tenth layer of Devil-suppressing power, and it was even activated using the Dragon Power, coordinating with the Slaughter God's Hand. These few waves of berserk energy gathered together and struck Liao Shaoyun's body, and every fist was capable of crushing Liao Shaoyun's bones and flesh into paste.

Liao Shaoyun's body suffered hundreds of punches in just a few moments. Other than his head being still considered intact, his other body had already turned into mud. He glared at Chen Xiang with eyes filled with hatred, as if he was going to be cut into pieces by Chen Xiang.

Chen Xiang stepped onto his cheek and said expressionlessly: "How did you step on me back then, 30 years, East, West, 30 years!"

After he finished speaking, Chen Xiang used his strength and stomped his foot and shattered two of Liao Shaoyun's bones, causing him to let out an extremely miserable roar of pain. (TL:

[illegible]

"The God Child is coming!" Long Xueyi shouted.

Chen Xiang gave Yun Xiaodao and the others a look and told them to leave. Previously, Chen Xiang had agreed with them that when they knew that some powerful people were going to come, they would leave quickly. The number of disciples in the famous sects who died in their hands numbered in the tens, and some of them were even students of the Devil-subduing College.

Chen Xiang ruthlessly trampled on Liao Shaoyun's face. Even if he didn't kill him, he had said it before, he wouldn't let Liao Shaoyun die too easily.

Hearing Liao Shaoyun's miserable cries, everyone's heart tensed up. Even if Chen Xiang wasn't disguised, they could still recognize him as Chen Xiang.

"Insolent Chen Xiang, you dare cause trouble in my Devil-subduing College's territory, and even kill my Devil-subduing College's elite disciples!? I will definitely kill you!" An imposing voice came out, a cold voice, but it was as if it was an emperor who had the power to make others submit. Within the angry voice, there was a killing intent that actually broke through Chen Xiang's released killing intent.

The God Child had come. This was a man dressed in a golden robe, with a jade-like face, eyebrows that were like twin swords, and eyes that were like stars. He landed gracefully in front of Chen Xiang, and his eyes that were as deep as the ocean emitted an aggressive glow as he stared at Chen Xiang like a god looking at a mortal.

If it was anyone else, they would have already knelt down, but Chen Xiang was not, he continued to trample on Liao Shaoyun's head.

"Let him go, I'll give you a chance to fight me, and let you die a fair and square death!" Unhappiness flashed across Wang Shengren's eyes, because Chen Xiang actually didn't respect him like the others.

"God stick, I've finally met you!" Chen Xiang laughed loudly: "Let's see how you will make me die so unfairly!"

While speaking, strength condensed under Chen Xiang's feet, the power of the tenth layer of Devil-suppressing power shot out, ten thunderclaps that shook the world resounded, Liao Shaoyun's entire body was immediately burnt to ashes by the flames inside the Devil Subduing Method.

"I'm angry."

The muscles on Wang Shengren's face twitched, since the moment he was determined to be the God Child, he had never been provoked like this. The fists that he tightly clenched, released a faint gold light aura, and the golden robe on his back fluttered, the moment that aura appeared, the sky and earth changed color, the wind and clouds surged, and the earth trembled.

"Devil-suppressing fist!" When Wang Shengren's golden fist was unleashed, the spatial tower had collapsed. The golden light on top of the fist was released, as though countless demons were struggling and roaring, and surged towards Chen Xiang.

"Devil Subduing Method!" Chen Xiang's entire body was releasing a kind of crystal clear energy, which was as clear as water. The white Dragon Power on his fist merged with the transparent energy, it looked as though the Dragon Power was covered with a pure liquid.

Seeing that transparent energy, Wang Shengren was shocked, and Chen Xiang's fist had already collided with his fist.

Everyone hurriedly prepared to defend against the shockwave, but nothing happened. It was beyond their expectations, and it did not make sense.

"You ... "You ... " Wang Shengren trembled, the muscles on his face twitched, showing that he was extremely angry.

He saw the arm he had punched just now suddenly droop, as if it had no bones and had suddenly become soft.

Bone-melting magic palm!

Chen Xiang used this devil art once again, and melted away the bones in Wang Shengren's arm!

[Chapter 674](#)

Wang Shengren was truly worthy of his title as the God Child. Being valued highly by the Heaven Realm, Chen Xiang already had a surge of power rampaging through his body. If not for him relying on the Taiji Dragon-suppressed kungfu to deal with the berserk power that was entering his body, he would have exploded on the spot.

"This sort of insignificant skill cannot scare me." Wang Shengren waved his other hand, and was about to attack Chen Xiang, but at this time, a few elders suddenly appeared. They stood behind Wang Shengren, and were extremely aggressive, with just one look at their clothes, it was obvious that they were Devil-subduing College's elders.

Chen Xiang's old friend Zuo Zhenxuan also felt that he did not have much power in the Devil-subduing College, but because he was strong, he could intimidate these elders.

Not long after, Chen Xiang saw his familiar face. Man Futian, the new Principal had also come, he tried his best to distance himself from Chen Xiang, because he knew that Chen Xiang was not someone to be trifled with.

The people standing behind Wang Shengren, were all experts that had endured the seventh and eighth tribulations of the Nirvana Stage, but Chen Xiang was not afraid at all. Although his strength was far from theirs, these people did not dare to rashly act against Chen Xiang, because it was a matter of the younger generation.

"What is it? You need help now? " Chen Xiang sneered.

The spectators ran as far as they could as soon as they saw the old man from Devil-subduing College. If these old fellows from the Nirvana Stage were to fight, the consequences would be unimaginable.

The crowd found it hard to understand why Chen Xiang, who was not even at Nirvana Stage, would have such confidence when facing this group of old fellows. Any one of these old fellows could kill him with a wave of their hand.

"Chen Xiang, you need to know that this city is protected by our Devil-subduing College. Not only did you destroy the Shao Yun Martial Club here, you even killed the elite student of our Devil-subduing College. One of the clan elders pointed at Chen Xiang and bellowed.

"It's not like you guys don't know the grudge between me and Liao Shaoyun. I came to find him for revenge, it's normal for something like this to happen. This city received your protection, but why would my friend be injured by Liao Shaoyun here and have one of his arms destroyed?

Chen Xiang looked coldly at the old man, and said loudly: "Moreover, this is the territory of our Mortal Martial Realm, and your Devil-subduing College is only from the outside. And just now, someone said that this God Child used his strength to do many shady things."

"Don't slander me!" Wang Shengren immediately shouted.

Chen Xiang laughed coldly: "I have just learned a mysterious technique called the Heart Demon Oath, which is similar to a blood contract. As long as you swear an oath with your heart, saying that you have never done those shameful things and did not find the heart demon oath and died back at you, then you will be spitting blood on me."

"Do you dare to come?" Chen Xiang asked.

"Nonsense, I am an honest man, I have never done anything before, there is no need for these evil arts to prove that." Wang Shengren did not admit it even if he died, this was also within Chen Xiang's expectations.

Chen Xiang looked at the expressions of the few clan elders. He could feel that these elders did not know of the shameful things that Wang Shengren did, but when Wang Shengren had made the mental vow, these elders had a strange expression on their faces.

Wang Shengren had also realized this, then he had never heard of Inner Demon Oath in the Heaven Realm, he had suspected that Chen Xiang had deliberately made it up to scare him, but he was worried that it was real. When he swore the Heart Demon Oath, he might even die because of it.

"You keep slandering me again and again, I definitely won't let you off today!" Wang Shengren was suddenly enraged, her handsome face was filled with anger, her entire body releasing a burst of oppressive aura, looking somewhat like a god of death.

Chen Xiang clenched his fist, he was already prepared to fight, and Wang Shengren had also realized that he could not use one arm, so his strength would definitely be greatly reduced. Furthermore, the Anti-Demon Martial Arts Tournament was about to begin soon, and at that time, he would need to display his skills in the tournament to make himself famous, make himself famous, and then use the resources held by the Devil-subduing College, to become the person with the greatest authority in the mortal kungfu realm.

Originally, Wang Shengren wanted to become famous after defeating Chen Xiang, but the way he saw it now, Chen Xiang's strength had far surpassed his expectations. In order for him to obtain the first place in the Martial Arts Tournament, he definitely could not let Chen Xiang participate in it, and the best way would be to kill Chen Xiang.

"Four Great Elders, seize Chen Xiang!" Wang Shengren shouted coldly, his eyes filled with pride.

Chen Xiang couldn't help but sigh in disappointment. This God Child had truly disappointed him, to actually do such a thing that showed off his weakness and lowered his own worth.

Just as the four elders were about to make a move, a burst of loud laughter came from afar: "The God Child is only mediocre. How can he submit to others?"

After that, an extraordinarily handsome youth flew over from afar. When Chen Xiang heard the voice, he immediately knew that it was Gu Dongchen, who had already sensed that Gu Dongchen was nearby, thus Chen Xiang was fearless.

The moment Gu Dongchen appeared, he patted Chen Xiang's shoulders and laughed: "Good job, Junior Martial Uncle. I haven't seen you for more than a month, but you can actually get your hands on a Relive Dan. How much of this do you have left?"

Hearing Gu Dongchen's question, Wang Shengren's face turned extremely ugly, because his head was now at the tip of the Relive Dan, and it was causing many Rankers to be restless. They often wandered around Devil-subduing College, making him feel threatened like never before.

Thinking about how so many people had come for the sake of just one Relive Dan and want his, a God Child's, head, Wang Shengren's heart was filled with rage. His head was actually only worth one Relive Dan.

But he had to admit, the Relive Dan here had indeed made many strong warriors take action. If Chen Xiang had more pills, he would definitely be in danger.

Chen Xiang laughed: "There aren't many, but it's enough to buy the heads of four people." When he spoke, he looked towards the four elders.

Relive Dan s were the divine medicine used to cultivate Nirvana Doom, so the amount of herbs needed to be refined was very low in the Mortal Martial Realm, and even with the herbs, there would have to be someone capable of refining them. Alchemist s who knew how to refine Relive Dan were not many in the Mortal Martial Realm, but the most famous were the Dan Fragrance Pure Land's Hua Xiangyue and the Super Martial School's Elder Dan.

However, these two Alchemist s seemed to have a very good relationship with Chen Xiang. Otherwise, it would be impossible for Chen Xiang to squander so many Relive Dan in his hands.

"Let's go, Super Martial School. Don't forget yourselves, there will be a day when you will be trampled by us." Now, he was not afraid of exposing his ambition.

As long as it was a powerhouse above Mortal Martial Realm, they would be able to guess the purpose of Devil-subduing College and Fire Divine Palace coming to Mortal Martial Realm.

[Chapter 675](#)

Gu Dongchen brought Chen Xiang to another city. Yun Xiaodao and the others were also there, and when they saw that Chen Xiang had returned, they heaved a sigh of relief.

At that time, not only would the warriors spar with each other, they would also gather together to discuss the memories of how they would resist the demons. That was why Gu Dongchen was here.

Inside the residence rented by Gu Dongchen, Chen Xiang and the others were sitting in a hall, talking about what had happened today.

"Leader, what kind of shameful things did Wang Shengren do? How many years has he been capturing?" Yun Xiaodao asked, "And they all came from remote continents."

Chen Xiang said: "Furthermore, he was hiding it from the rest of the old guys in the Devil-subduing College. Seems like he has captured quite a few of them and specifically made Liao Shaoyun and the others do things for him.

Gu Dongchen's face sank as he said: "There are also hundreds of youths mysteriously disappearing in the Super Martial City, and the majority of them are still in remote mountains. If we find out that it was Wang Shengren who did it, we won't spare him."

"This fellow's ambition is really great, he actually wants to unify Mortal Martial Realm. Right now, even Fire Divine Palace thinks that it won't be that easy." Xv Weilong laughed coldly, "It seems like Fire Divine Palace's Hall Master has changed. I wonder what will happen next."

Gu Dongchen said: "The three of you, go back to Super Martial School. If one of you participates in smashing that Shao Yun Martial Club, Devil-subduing College will definitely not let you off.

Xiao Chou stuck out his tongue. He really wanted to see how his master defeated Wang Shengren, but they could not not disobey Gu Dongchen.

In order to ensure their safety, Gu Dongchen sent them into the Transmission array.

In the morning, when Gu Dongchen came out of his room in a hurry with his disguise, he asked: "Where are you going? It's best that you be a bit more careful. You have already completely offended the Devil-subduing College, even though they don't dare to openly cause trouble for you, for fear that they might have secretly attacked you."

Chen Xiang curled his lips and said: "I must attend the Demon Subduing Tournament. I wonder if this Wang Shengren will stop me from registering."

"Young senior uncle, that whatever White dragon blood Dan is useless to you right? Is there a need to take such a risk?" Gu Dongchen sighed and asked.

"What a great use! You'll know in the future. I'm leaving." Chen Xiang left from the back door, and after confirming that no one was following them, he walked towards the Devil-subduing College.

was very familiar with this Devil-subduing College. He stood on the high wall outside and looked at a very tall stone tower. After a while, he left and went to a nearby hotel, as if he was waiting for someone.

Just now, Chen Xiang was outside the Devil-subduing College sending a message to Zuo Zhenxuan, who replied him, asking him to wait here.

Although he was the Principal of Devil-subduing College, Chen Xiang still trusted him a lot. Chen Xiang could be said to be Zuo Zhenxuan's benefactor, so of course Zuo Zhenxuan would not sell Chen Xiang out.

"Kid, the trouble you're causing this time is really big, Wang Shengren has already sent the news to Heaven Realm, I think it won't be long before Heaven Realm sends more people over." Zuo Zhenxuan's face was extremely serious and worried, "Heaven Realm's Devil-suppressing Divine Palace is very powerful and they value the divine child a lot, so they did not hesitate to use up a lot of resources to open that large scale Transmission array and transfer their people over."

The people who were sent down were obviously from the Nirvana Stage, and there were a lot of them there. Chen Xiang finally understood why Zuo Zhenxuan was so worried.

"Elder Zuo, is that Wang Shengren not allowing me to register to participate in the Demon Subduing Martial Arts Competition?" Chen Xiang asked.

Zuo Zhenxuan nodded: "That's for sure, his strength is already a threat to him, he definitely cannot be defeated by you at that time."

Chen Xiang sneered, then lowered his voice: "Help me send a message to him. If he registers for me, and obtains first place in the Devil Slayer Martial Arts Competitions, I will tell him about the matters concerning the Sacred Dan Realm."

Hearing the two words "Sacred Dan Realm", Zuo Zhenxuan trembled because the higher ups of the Devil-subduing College knew that the God Children were currently looking for a way to go to the Sacred Dan Realm.

"That day, I won against Fan Yakun, who came from the Sacred Dan Realm, and moreover, became friends with Fan Yakun. Tell him all this, and he definitely needs me to sign up for the competition. Hehe." Chen Xiang said with complete confidence: "Only I know where Fan Yakun is, and he also knows how to return to Sacred Dan Realm. If Wang Shengren doesn't want to miss this chance, he knows what he should do."

Back then, Zuo Zhenxuan was the one who told Chen Xiang that he was looking for the Devil-suppressing blood, and the Devil-suppressing blood was right inside the Sacred Dan Realm. If Wang Shengren knew about this, he would definitely agree to Chen Xiang's conditions, because it would allow him to inherit the Devil-suppressing Heavenly Venerable's bloodline.

But now, no matter how Wang Shengren searched, he could never find the Devil-suppressing blood, because it had already been obtained by Chen Xiang.

"Alright, I'll help you pass the message to him. When you register, try to find me when it's almost time to end." Zuo Zhenxuan said.

After Chen Xiang and Zuo Zhenxuan left the hotel, each of them left. Chen Xiang, on the other hand, stepped into a forest and used a spatial gate to teleport him to the Chen Martial Continent.

"I wonder if Elder Sister Meng'er and the rest have obtained anything from their cultivation?" Chen Xiang was now in the forest outside of Fragrance City. A month ago, he gave Liu Meng'er and Hua Xiangyue some bewitchment, and most of it were bewitching skills used in Devil-subduing College.

Chen Xiang walked over and asked: "Little Naughty Dragon, is it very difficult to obtain White dragon blood Dan?"

"Of course, there aren't many White Dragons. It is said that if you consume too many Dragon Bloodlines, you will be able to obtain the Dragon Bloodline. To that God's Rod, it is also a very precious item." Long Xueyi said.

After Chen Xiang entered the Dan Fragrance Pure Land, he did not find Liu Meng'er and the others because they were not here.

"Young Master Shen, are you looking for the Leader as well?" Mrs Li saw a disappointed look on his face as he was strolling around Dan Fragrance Pure Land. He sighed and said, "Sigh, Leader has not come back yet. I was looking for him too."

Chen Xiang was already very familiar with Mrs Li, so he asked: "What important matter do you need to find her for?"

Mrs Li nodded his head: "Over ten days ago, a group of people suddenly came to Dan Fragrance Pagoda, it seems like they are here to intentionally cause trouble, but they did it in an excessive manner, they were just mocking us for not having some better pills, or the Alchemist, and the pills they buy are mostly fire type, so they are extremely rare. We can sell some to them, but we need to keep some for ourselves."

"Who are these people?" I might be able to help you deal with it and take me to meet them. " Chen Xiang was suddenly very curious.

[Chapter 676](#)

"I don't know where they came from, but there's a young man from Nirvana Stage among them. They have been wanting to see Leader all this while, but right now, I don't know where he has gone to, so I told them the truth, but they said that the Leader looked down on them, and wasn't willing to see him. Sigh." Mrs Li was very helpless.

Chen Xiang smiled and said: "I am the Dan Fragrance Pure Land's honorary Alchemist, let me give it a try."

Mrs Li naturally knew that the relationship between Chen Xiang and herself was very good. She could only look at Chen Xiang now.

"They do not have any hostility towards us, but they are somewhat dissatisfied with Dan Fragrance Pure Land. Young Master Shen, please wait a while and do not have any conflicts with them. Over the past few days, they have bought quite a few medicinal pellets, which can be considered our big customer, but they are a bit difficult to deal with." The Mrs Li naturally knew about Chen Xiang's actions and style, which was why she kept warning him.

On the fifth floor of the Dan Fragrance Pagoda, several young men dressed in luxurious clothing were sitting in a hall. When they saw the Mrs Li arrive, they hurriedly stood up and appeared to be very courteous.

However, when they did not see Hua Xiangyue, their faces could not help but reveal expressions of disappointment and anger.

"I really don't know where our Leader has gone to. She must be in seclusion, I hope everyone understands." The Mrs Li hastily said.

"Forget it, just treat it as us coming here for nothing." A man with average looks, yet with the demeanor of a king said. Chen Xiang could tell with a glance that he was an expert from the Nirvana Stage.

"However, our Dan Fragrance Pure Land's first honorary Alchemist has come. He is also here to look for us, it's just that the Leader is not here." Mrs Li looked at Chen Xiang and said.

In order to not attract attention, Chen Xiang had stealthily released a bit of Qi, allowing others to see that he was a Hundred refining realm warrior, but when the five of them saw Chen Xiang, they all had faces of disdain.

The man from the Nirvana Stage said gently: "Forget it, I won't bother you guys anymore. To be honest, we are here to find your Leader, I think only she is worthy to talk to us."

Those who frequent the Mortal Martial Realm knew that the Dan Fragrance Pure Land's first honorary Alchemist was Chen Xiang, and Chen Xiang's alchemy skills were famous throughout the Mortal Martial Realm. Although he was not a high ranking Alchemist yet, many people still thought highly of him.

However, these people seemed to have never heard of this matter, so Chen Xiang guessed that they were people that rarely walked out, or that they came from another world.

"I heard from the Mrs Li that you all need a large amount of fire type medicinal pills, right?" Chen Xiang asked, he did not lack these kind of pellets, he wanted a lot of the profoundyang fire Dan's refining ingredients.

"Not bad, but your Dan Fragrance Pure Land has disappointed us greatly." The man said.

Chen Xiang laughed: "Relax, I definitely won't let you all down. I'm just worried that you guys might not have enough Spar s to buy the fire type pellets that I have."

"Hmph, what kind of good pills do you have?" Although we are lacking fire type pills, we are still a Alchemist, don't think that we can be fooled as we please. " The man was slightly angry, because Chen Xiang actually thought that they couldn't afford the pills.

Chen Xiang was now certain that these people came from another world and were definitely lacking in fire-attributed medicinal ingredients. They were Alchemist s, so in order to improve, they naturally had to leave that world to find them.

"What do you think this is worth?" Chen Xiang took out a burning lotus seed. This was the Fire Dragon Blood Lotus Seed that he had won back then, and like the White jade lotus seed, it was a high-grade Ground level medicinal ingredient. However, its use was not as good as the White jade lotus seed's, because the White jade lotus seed could heal injuries.

As long as it was an ordinary world, the high grade medicines in the Ground level were extremely rare, especially for those worlds that lacked fire-attribute medicines. These Fire Dragon Blood Lotus Seeds were incomparably precious.

Su Meiyao and Bai Youyou had once said that some worlds were worlds with uneven elements, or those that favored water and fire. That was why there were some medicinal ingredients that were lacking.

As expected, when Chen Xiang took out the Fire Dragon Blood Lotus Seed, the five people's eyes were completely glued to it. This could be said to be the best fire-attribute medicinal ingredient that they had ever seen.

"Blood Lotus Seed of the Fire Dragon, how could you have such a thing?" The man took a deep breath and stared at the fiery-red lotus seeds held in Chen Xiang's fingers.

Chen Xiang laughed: "Good eye, but this thing is also very valuable here, it will not be sold casually, it will usually be sold by auction."

"Of course, I do not lack Spar, so I will not sell such precious things, you all should understand that."

The man nodded his head, "That's right. If it were us, we wouldn't sell it so easily. However, we really need this kind of medicine right now."

"In that case, how about we sit down and talk now?" Chen Xiang laughed.

The Mrs Li heaved a sigh of relief and quickly poured tea for Chen Xiang and the five other people.

"My name is Chen Xiang. I think you all aren't from Mortal Martial Realm, right?" Chen Xiang said.

The others did not say a word, but only the man from Nirvana Stage replied: "My name is Tie Ming, I did not expect you to be so young, but your ability is not bad, you are the first one to see that we are not from this world."

Just as Mrs Li had said, these people had no ill intentions.

Chen Xiang said, "I don't have many Fire Dragon Blood Lotus Seeds. If you guys want them, then exchange them with me using items of the same value. If we cooperate happily, I also have some finished products of the fire attribute in my hands, which I can exchange with you guys."

Chen Xiang was not lacking in Spar now, he just wanted to collect a few rare medicinal ingredients and duplicate them in large quantities. Once he knew a lot of rare pills, what would he want then?

Tie Ming frowned as he thought about it. This kind of trade was also very common, he was only thinking of what he could use to exchange for it.

"Do you know what this is?" Tie Ming took out a fist-sized, transparent pearl that flickered with a hint of purple lightning.

After Su Meiyao saw it, he immediately said: "Leihun fruit, this thing is a strange fruit, it can grow a Thunder soul, but it will take a very long time, but your creation divine liquid can solve this problem."

Su Meiyao's voice became very excited: "Try to trade for this as much as possible. You must know that Thunder soul are rarer than Fire Soul."

Chen Xiang was shocked in his heart. There was actually such a heaven opposing tree that could grow Thunder soul.

"Leihun fruit, you want to exchange for it with this?" Chen Xiang's expression did not change as he said indifferently.

"This is a completely mature purple Leihun fruit, we used a Thunder soul to exchange for it. If you don't agree, then forget it." Tie Ming said, his heart was nervous, because this was the most precious thing in their hands.

They were Alchemist, and fusing with the Fire Soul would only affect their flames and cause them to become unstable. Therefore, they would definitely not fuse them.

"Since everyone has come from afar, I do not wish to disappoint you. Let's exchange then." Chen Xiang walked forward and handed the Fire Dragon Blood Lotus Seed over.

To be able to exchange the Fire Dragon Blood Lotus Seed for a Leihun fruit, he had profited greatly.

[Chapter 677](#)

Originally, Chen Xiang had planned to continue the trade with this group of people because he had obtained the Leihun fruit with a Fire Dragon Blood Lotus Seed and tasted the sweetness. However, after Tie Ming received the Blood Lotus Seed, he hurriedly left, making Chen Xiang feel that it was a great pity.

Before Tie Ming left, he said that he would return, but he did not know when.

Liu Meng'er and Hua Xiangyue both had to prepare to cross Nirvana Doom, so it was normal for them to not be able to be found. Chen Xiang just felt that it was a little disappointing not to see these two beauties.

----- Continent of the King, Devil-subduing College!

Chen Xiang stood outside the wall and used his consciousness to communicate with Zuo Zhenxuan who was inside. As he expected, the God Child was extremely concerned about the Devil-suppressing blood inside the Sacred Dan Realm.

"Chen Xiang?"

Just as Chen Xiang arrived at the place where the Devil-subduing College was registering at, he heard a sweet voice come from behind him. He turned his head to look, and saw a sweet girl wearing a blue dress standing there, looking at him mischievously. It was the Blue Blood Race's Lan Lan.

"Hehe ..." "Right now, you're like a street rat, scared to death. You have to dress up like this even if you want to announce your name." Lan Lan laughed as she skipped to the front of Chen Xiang and made a face at him, "This time I definitely have to beat you, just you wait."

Although she looked like a cute little beauty, she was actually hundreds of years old. Aside from her attractive face and the big rabbit on her chest, many male animals couldn't help but stare at her.

"Little girl, you won't be able to beat me in this life. If you're on the bed, you might have a chance." Long Xueyi imitated Chen Xiang's voice, and laughed in an extremely evil tone.

After Lan Lan heard it, her body trembled and she suddenly turned her head. She did not get angry, but her face was puffed up and she scolded: "Scoundrel, you deserve to be wanted."

Seeing Lan Lan twisting her butt and going to register, Chen Xiang scolded Long Xueyi in a low voice:

"Little Naughty Dragon, you're jealous of Lan Lan, even though her chest is not as big as yours."

Long Xueyi scoffed, "No matter how big her chest is, I won't let you touch her, but can I?"

"Really?" Long Xueyi's beautiful chest suddenly appeared in his mind.

"You wish." Long Xueyi chuckled: "If you want to touch me, you have to beat me no matter what."

Chen Xiang curled his lips and also walked into the residence. Although the registration was about to close, there were still many people who came.

After entering, Chen Xiang found another familiar lady, but the lady did not recognize him.

"Little Cat Demon's body is getting better and better!" Long Xueyi imitated Chen Xiang's voice and shouted loudly. His tone was extremely light and light, sounding just like those hooligans who would take liberties with women on the streets.

There were many people in the house, but after hearing the voice, they all anxiously turned their heads to look at Chen Xiang, who was now a middle-aged uncle, and all of them revealed looks of disdain towards him.

Chen Xiang was extremely innocent, because he didn't say anything. Long Xueyi had only teased him on purpose, but anything he said now was of no use.

"Who are you?"

A tall girl wearing a red dress with a charming appearance came in front of Chen Xiang.

"This bad guy is Chen Xiang. His head is very precious, everyone hurry up and attack." Lan Lan laughed.

Chen Xiang was an existence who was like a fiend right now, although there were people who wanted to take his head, they were not many, and many of them kept their distance.

"Miss Yan, long time no see. I didn't expect your strength to improve so quickly." Chen Xiang laughed.

This woman was the Beast Martial School's number one beauty. Yan Yanran had been beaten up by Chen Xiang ruthlessly, but she was not injured much. At that time, she had left a cat like paw print on Chen Xiang's palm, so Long Xueyi had called her Little Cat Demon.

Of course, I will always remember you as well. This is the first time you have used such a barbaric method to beat me up. " After speaking, Yan Yanran's voice revealed a hidden bitterness, blaming Chen Xiang for not knowing how to show mercy to the fairer sex.

Chen Xiang laughed: "It's not like we're fighting on the bed, of course there's no need for you to be so gentle."

Lan Lan and Yan Yanran were both girls blessed by the heavens who had been defeated by Chen Xiang, and regarding Chen Xiang's strength, their memories were still fresh in them. Furthermore, their attacks were extremely ruthless, and even though they said that they would defeat Chen Xiang, they did not want to face Chen Xiang at all.

"You are Chen Xiang? "He really is a disreputable guy. To be able to utter such vulgar words to such a beautiful person."

Chen Xiang turned around and saw a man dressed in fiery red gorgeous clothes standing at the door. This man looked very elegant and had a very handsome appearance.

"I wonder if Miss would like to have a meal with me?" The man said.

"I don't have time." Yan Yanran threw him an apologetic smile.

Chen Xiang curled his lips and said: "He's someone from the Fire Divine Palace, you really aren't giving him any face, right? Of course, this kind of guy is originally shameless and specializes in robbing others' Fire Soul, and he even says that it's a righteous act, what face do they have left?"

The man was dressed in the Fire Divine Palace, and from the fire Qi on his body, he must be someone who possessed a Fire Soul. Chen Xiang had never heard of him before, so he guessed that the man must have come from the Heaven Realm.

"Chen Xiang, do you believe that I will take your head off right now and exchange it for some bounty?" The man was immediately enraged, he took off his robe, and from the looks of it, he was planning to fight Chen Xiang to the death.

"I believe you, then what?" Chen Xiang was not one bit afraid of this guy, it was not like he had never killed anyone from the Fire Divine Palace before, and he had even killed quite a few of them, and they were all important people.

"You guys quiet down for a bit. Don't affect the registration of others. If you continue making trouble, I'll throw you guys out." An old man shouted coldly and released a wave of pressure.

"Chen Xiang, you are slandering our Fire Divine Palace. I, Ling Chong, am a member of the Fire Divine Palace, so I will definitely not let you off."

The man put down the harsh words and walked over to register.

Chen Xiang was looking at his back, estimating his Fire Soul, one must know that Chen Xiang had grasped the method to extract Fire Soul, in his eyes, Ling Chong was a huge fortune, just that this man called Ling Chong, did not know that he was treated like a big piece of meat.

After the registration was completed, Chen Xiang left in a hurry under the gazes of many. He silently cursed Lan Lan and Long Xueyi, the two brainless brats, and made himself the target of others.

[Chapter 678](#)

After Chen Xiang left the Devil-subduing College, what he found unexpected was that Lan Lan and Yan Yanran actually followed behind him. Although the method they used to follow him was brilliant, they were still discovered by Long Xueyi's powerful divine sense.

"Did you see that? Hurry up and thank this dragon, and let you obtain the favor of these two beauties. That Little Cat Demon did not even put the Fire Divine Palace's people in her eyes, but she still secretly followed you. This is all my credit." Long Xueyi said proudly.

"Don't be so smug. Perhaps they have their eyes on my head. Even if they have their eyes on me, that is still my personal charm. What does it have to do with you, a troublemaker?"

Chen Xiang increased his pace, and travelled back and forth the streets. However, he was still unable to shake off Lan Lan and his pursuers.

In the end, he arrived at the entrance of Gu Dongchen's residence and sat there. He knew that these two women would not follow him just because they had their eyes on him.

"You've followed me for so long, what do you have to say for yourself?" Chen Xiang locked on to them and transmitted sound.

Lan Lan and Yan Yanran immediately appeared and walked over.

What surprised Chen Xiang was that Lan Lan and Yan Yanran actually knew each other. Although they came from two different directions, they did not look at each other with surprise.

"We're fine. We're just worried that your head will be chopped off." Lan Lan stuck out his tongue and laughed.

Yan Yanran smiled gently: "Is it convenient to talk here?"

The door suddenly opened, revealing Gu Dongchen in front of Yan Yanran and Lan Lan, scaring the little beauty who recognized Gu Dongchen, the number one tycoon in Super Martial School.

"It's convenient to speak, come in." Gu Dongchen couldn't help but pout his lips when he saw Chen Xiang hooking up with these two beauties.

Inside the hall, Lan Lan and Yan Yanran bowed to Gu Dongchen very politely.

However, it was Chen Xiang who knocked his legs and asked: "You followed me for so long, it can't be that you want to protect me, right?"

"Of course not..." Lan Lan's voice was loud just now, but he immediately realized that Gu Dongchen was here.

"If it's inconvenient, then I'll just avoid it."

"Ancient Leader, please wait. This matter can be said to have something to do with you." Yan Yanran anxiously said.

Gu Dongchen and Chen Xiang were both shocked as Gu Dongchen also sat down at the same time.

Yan Yanran said with a stern face: "You may not know this, but many of us sects have secretly teamed up and signed agreements that they are not enemies, and they have even helped each other. Only the core members of the forces will know about this, and we will also frequently meet and train."

Lan Lan nodded his head: "Mainly speaking, two forces of the Continent of the King are leading the alliance. One is our Azure Blood Clan, and the other is the Wu Clan Manor."

Every one of them knew of their true strength. And now, they had secretly formed an alliance with some sects, and the agreement they had was also very good. It could be seen that they were planning something.

Yan Yanran continued: "But the Super Martial School is within the Chen Martial Continent, and has made enemies with many sects. And because of Chen Xiang, in the future, he will definitely provoke many powers ..."

"Wait, this is someone provoking me first." Chen Xiang interrupted her.

Gu Dongchen said: "I understand this point, our Super Martial School is very strong as a whole, so naturally we are not afraid of the Fire Divine Palace and Fire Divine Palace harming us, but those small forces might not be able to do it, if the Wu and Blue Blood Race did not make the first move, those small forces would probably surrender to the Fire Divine Palace and the Devil-subduing College."

Lan Lan and Yan Yanran nodded.

Qin Zejun, this guy, together with a group of important elders from the Sacred Light Religious Sect, have disappeared for a long time, and the situation has not changed. The East Sea has already turned into a piece of loose sand, but from the looks of it, most of their forces have already secretly allied with you guys. Gu Dongchen seemed to have known about this already.

Lan Lan nodded his head: "My Blue Blood Race and the Wu Family do not have the heart to dominate them, we do so to ensure that our Mortal Martial Realm is not swallowed by any other power, and now that we are in a difficult situation, as the Mortal Martial Realm is one of the more powerful families, we have to take care of those small powers."

The current Lan Lan had a whole new level of respect for him. He said: "In the Chen Martial Continent, is it possible that only us Super Martial School do not join your alliance?"

"There are no Divine Weapons Heavenly Country s, Dan Fragrance Pure Land s, Lotus Island s, or Super Martial School s. As for the rest, including the demonic sects, they have already allied themselves with us." Yan Yanran said.

"Then why did you come to find us?"

Gu Dongchen laughed, even if the four strongest sects in the Chen Martial Continent didn't need to ally with each other, they would still help each other, because they had a good relationship with each other over the years, so the strength of the Chen Martial Continent was also very strong in the Mortal Martial Realm.

Yan Yanran sighed: "Super Martial School has mastered the most powerful martial arts, and has a very deep foundation in martial arts, Dan Fragrance Pure Land has mastered pills, Divine Weapons Heavenly Country has grasped weapons, Lotus Island has grasped a large amount of Spar and rare ores, it can be said that if the four of you were to join hands, you would definitely become a strong force in Mortal Martial Realm, and what you have grasped, is also something our Alliance lacks."

Lan Lan said in a low voice, "The two strongest female Alchemist s are both at your place. Furthermore, you can give any Relive Dan you like.

After saying that, she shot a glance at Chen Xiang, because everyone knew that Chen Xiang was the one who used a Relive Dan to place a bounty on that God Child's head. In the Mortal Martial Realm, even the hidden alliance would not dare to do such a thing, so they could not do such a thing.

Gu Dongchen laughed: "So, you want to rope us into your alliance, or do you want us to give you some resources?"

"It is naturally for the best to have you all join us. However, we are afraid that you all might be powerful and unwilling to protect those small powers." Lan Lan sighed.

Gu Dongchen said seriously: "If our Super Martial School were to join, I'm afraid that it would implicate you all. You all are seeking for peace, and if others did not offend you, you all would not retaliate, right?"

Lan Lan and Yan Yanran both nodded. "Yes."

"But our Super Martial School is different. Forces like the Fire Divine Palace and the Devil-subduing College, as long as they make the slightest of movements, we the Super Martial School will not hesitate to destroy them!" Gu Dongchen's voice turned incomparably stern, "Recently, we have been investigating the disappearance of a large number of young men. This might very well be related to the God Child of the Devil-subduing College."

"Also, the Fire Divine Palace s cultivate fire as their leader, they will not hesitate to plunder resources that are useful to their cultivation, sooner or later, we will kill this kind of guy."

"Then it looks like we won't be able to ally with you." Lan Lan sighed.

"Hehe, the Alliance is hopeless now, but you can do business here. Aren't you just pills and weapons? I will have the people from the Divine Weapons Heavenly Country and the Dan Fragrance Pure Land go and talk to you guys. " Chen Xiang laughed: "Of course, I also have some pills with me, if you guys can afford it, I can sell it to you guys too."

Gu Dongchen shook his head: "If you agree to publicize the alliance, my Super Martial School will agree to an alliance. I don't want to do things sneakily, and only if I let my Fire Divine Palace and my master know about this, will they be afraid of us and not dare to do such a thing."

[Chapter 679](#)

There were many different continents, and many different forces. It was very difficult to gather all of them, and no one was willing to submit to anyone, but now that the Great War between Three Realms was about to begin, many small powers had agreed to temporarily form an alliance and rely on the protection of the large powers to tide through this difficult situation, so it was an opportunity.

It was just that as a Leader, Gu Dongchen had other concerns, but now he could see that this alliance was very weak, because they were all small powers that did things in fear and trepidation. If they could have a large power like the Super Martial School, or the Dan Fragrance Pure Land, then the other mid-ranked powers would all join as well.

"Go back and tell those old fellows, if there's anything you want to discuss, talk to us. I guarantee that if our Super Martial School joins your alliance, both Dan Fragrance Pure Land and Dan Fragrance Pure Land will join as well." Gu Dongchen said.

Lan Lan and Yan Yanran nodded. They could not make the decision for this kind of thing, they could only return and report.

After they left, Chen Xiang laughed: "a lad, how can you be so confident that you can make Divine Weapons Heavenly Country and Dan Fragrance Pure Land join us?"

Gu Dongchen smiled ambiguously: "Junior Martial Uncle, don't tell me you want me to tell you what happened? You've taken care of these two women. It should be easy for you to speak out. "

"Don't talk about this, it will kill me." Chen Xiang said seriously.

Gu Dongchen also nodded seriously: "Junior Master, the Devil-subduing College has recruited many outstanding disciples. After they entered, they were all kept by the Devil-subduing College, and many disciples of our Super Martial School s have gone in, and have never returned. Even if they come back, they would be displeased with our fellow disciples."

"Didn't you just learn a few Anti-Demon martial arts from the Devil-subduing College? What was there to be proud of? I learned Devil Subduing Method at the tenth level! " Chen Xiang sneered.

Don't think that everyone is like you, or that the might of the Devil Subduing Method is very enticing, but outsiders have a hard time learning it, so they keep on running towards the Devil-subduing College. " Gu Dongchen sighed: "There are many old fellows in my Super Martial School who are now obsessed with this Devil Subduing Method."

Chen Xiang touched his chin, considering whether he should announce the method to quickly learn Devil Subduing Method, at that time the Devil-subduing College would not be so attractive.

"Oh right, a lad, I have a way to solve this problem, but you have to look for my master!" Chen Xiang patted his shoulder, and laughed: "I have learnt Devil Subduing Method from Master, he said that he can find simpler cultivation methods based on the Taiji Dragon-suppressed kungfu."

Hearing that he was going to look for Huang Jintian, Gu Dongchen's face suddenly turned bitter.

"Junior Martial Uncle, your bones are rather cheap, you should go!" Gu Dongchen laughed bitterly: "This old lunatic has learnt quite a bit, but every time he goes there, he uses this Devil Subduing Method on me."

Chen Xiang looked at him in disdain, and could only look for Huang Jintian himself.

----- Inside the Super Martial profound Realm, Huang Jintian saw Chen Xiang and excitedly grabbed his shoulders. When he saw that Huang Jintian was about to attack, Chen Xiang anxiously shouted, "Master, stop messing around, I have something important to do, if you beat me up, you will definitely regret it."

"What's the hurry? Who told you to grow your skills so fast like grass, I'll test you first. " Huang Jintian said while smiling, a wave of energy condensed in his palm.

"Master, I made a trip to Sacred Dan Realm!"

After hearing what Chen Xiang said, Huang Jintian stopped. His face became serious as he said, "Don't lie to me!"

"I won't lie to you. I've already gained quite a bit from that place." Chen Xiang said while grinning.

After Huang Jintian put him down, he began to listen to what Chen Xiang had to say about the things above, and very quickly, he believed it because he knew some things about the place. Of course, Chen Xiang concealed some hair-raising things that he did not tell him, because he felt that it was difficult for Huang Jintian to believe those things.

"Brat, you're promising!" Huang Jintian lovingly caressed Chen Xiang's head and smiled: "It won't be long before you go to Heaven Realm to find your big brother."

Chen Xiang laughed: "Master, these are Devil-subduing College's demonic techniques, you can learn them if you find it boring."

This was a set of powerful Anti-Demon martial arts. If it was an ordinary person, it would be very difficult to learn this art, but Huang Jintian was well-versed in it, so learning it wouldn't be difficult.

"Alright, this is the Devil Subduing Method that I modified. You take it and let a lad and the others learn it. If they want to learn it themselves, I wonder how long it will take for them to learn it?" Huang Jintian handed over a thick book to Chen Xiang.

Chen Xiang flipped it over and exclaimed: "Tenth floor! Master, you've learned Level 10? "

Huang Jintian laughed, "How long will it take? If I wasn't as fast as you, how would I be your master? However, there is still a eleventh layer to it. However, it will be very difficult to piece together some of the passages from the mental cultivation method. "

Chen Xiang nodded and told Huang Jintian about what he had learned from cultivating the eleventh floor, which surprised him quite a bit.

"Not bad, your progress is much faster than mine. If you learn the Great Perfection, then your power will definitely be very strong. Hurry up and get lost, I don't want to disturb my cultivation." After Huang Jintian obtained all those things, he quickly immersed himself within them.

Chen Xiang heaved a sigh of relief and quickly left, going to look for Gu Dongchen.

Right now, not only the Devil Subduing Method had been spread out, even the Devil-suppressing qi was extremely profound. Without the large amount of cultivation guidance from the Devil-subduing College as well as the guidance from a few elders, it was very difficult to learn it.

However, Chen Xiang had the basics of Devil-suppressing kungfu and a large amount of divine arts, these were all easy for him but all he needed was time.

Gu Dongchen did not expect Chen Xiang to return so quickly. He asked curiously, "You did not go to find that crazy old man? This doesn't make sense, he actually didn't use you to practice. "

Chen Xiang tossed a thick book to Gu Dongchen and laughed: "Take this and print it a lot, hehe, Devil-subduing College is going to die from losses this time."

Gu Dongchen anxiously opened the book, and upon seeing Huang Jintian's handwriting, he confirmed that it was Huang Jintian's own hand. Seeing the simple and easy to understand training methods, Gu Dongchen's face revealed a smile.

"This old madman is truly worthy of being an old madman. These Devil-subduing College fellows are going to cry now." Gu Dongchen laughed.

Chen Xiang said: "Devil-subduing College isn't just that the God Child is more difficult to deal with, right?"

Gu Dongchen's smile disappeared and he kept the book properly, "Zuo Zhenxuan and Man Futian, these two principals are powerful, but they are not ambitious. The God Child's talent is indeed not bad, but his strength is still limited. I feel that there is an even more powerful hand behind the God Child wanting to take over this Mortal Martial Realm. "

"I think he might appear at the beginning of Great War between Three Realms!"

Regarding the battles between the powers, Chen Xiang did not want to participate, nor was it up to him to participate. However, he could take advantage of it or plunder it while it was still hot, all he needed to do was to learn the Demon Subduing Arts, master the way to refine and refine Earth Grade Low Rank Dan, and prepare to compete with Elder Dan.

"a lad, I have already registered to participate in the Demon Subduing Martial Arts Competition. At the start, you have to watch over me. Liu Meng'er and Hua Xiangyue are both in closed door cultivation now, they won't be able to watch over me." Chen Xiang warned repeatedly. At that time, if Gu Dongchen was here, the people from the Devil-subduing College wouldn't dare to act recklessly, as it would allow him to display his abilities on the stage with a peace of mind.

"Junior Martial Uncle, do you really have a way to register? Are you using your own name?" Gu Dongchen asked in surprise. Chen Xiang should be hated to the bones by the God Child now, and he should be very strong too.

Chen Xiang laughed: "Of course it's using my name. If there's no other way, then I won't be your Junior Master, hehe ..." I never thought that the Blue Blood Race and the Wu Family would arrive so quickly. "

After Yan Yanran and Lan Lan went back to report, those old fellows all felt that it was necessary to talk to Gu Dongchen face to face, so they rushed over as fast as they could.

There were only three days left before the Anti-Demon Martial Arts Competition started. Chen Xiang was not interested in knowing what they discussed when they formed an alliance, so he went to the secret room to cultivate.

Gu Dongchen's house was filled with more and more old people, most of them being the heads of some small powers, and this action had attracted the attention of Fire Divine Palace and Devil-subduing College. Fire Divine Palace and Devil-subduing College were stationed atop the Continent of the King, and there were suddenly so many Nirvana Stage gathered here, how could they not know?

The first point was to let Fire Divine Palace and Devil-subduing College know that they had already started an alliance. If these Devil-subduing College and Fire Divine Palace dared to bully the small forces in their alliance, then they would definitely join forces to suppress these two foreign forces.

Lian Yingxiao had also come, but his relationship with his daughter had always been good, so once Gu Dongchen opened his mouth, Lian Yingxiao immediately agreed. Right now, only his sister and his sister didn't express anything, it was just that the two empress of both forces were in closed door training.

Many Rankers squeezed into Gu Dongchen's house to discuss about the great plan of the Alliance, and from time to time, a tremble would come from below, accompanied by the faint sound of a dragon's roar, making many old fellows think that there was a imprisoned dragon below.

"Cough cough, it should be Chen Xiang who is training below. He should be cultivating the Taiji Dragon-suppressed kungfu, and the reason why the Devil Subduing Method can make things difficult for us is because he has done a great service. Everyone should know this." Gu Dongchen hurriedly explained. He never thought that Chen Xiang would cause such a commotion while cultivating. He was very curious about what kind of martial arts Chen Xiang was cultivating.

Lian Yingxiao nodded and said, "I had long heard that not long after he entered the Devil-subduing College, he had learnt the tenth floor of the Devil Subduing Method. Being able to obtain this simplified version of the Devil Subduing Method now is equivalent to slashing the Devil-subduing College in the face."

"Hehe, this simple training version of the Devil Subduing Method was written by that crazy old man." Gu Dongchen laughed, causing the bodies of many old fellows to tremble. Although Huang Jintian had been imprisoned in the forbidden grounds for many years, the shadow he had left on the experts had always been there.

The simplified version of the Devil Subduing Method had already been made available to each of the Alliance's Great Leaders to copy and then teach it to their core disciples. It wouldn't be long before Devil-subduing College would know about this news.

----- Three days passed quickly and Chen Xiang came out of the secret room. When he saw him, Gu Dongchen sighed: "Junior Master, what martial arts did you cultivate? "Make it look like there's a dragon under the house."

Chen Xiang laughed: "This technique is called Dragon Subduing Returning Essence, I can already master it now, but if I use it now, it will consume half of my Innate Qi."

Gu Dongchen cried out in alarm: "I told you that Master used this move before, and it was indeed very powerful, but he said that he only mastered it when he was still in Nirvana Stage, I didn't think that you would be able to master it now."

"Let's go. Today is the first day of the Fighting Demon Martial Arts Competition. Let's go and see what kind of powerful people are participating." Chen Xiang shrugged and said.

Just like this, Chen Xiang brought Gu Dongchen and walked towards the Devil-subduing College. Furthermore, Chen Xiang didn't need to disguise himself anymore, because Gu Dongchen was right behind him. As long as they weren't stupid enough to pinch the door, they wouldn't be stupid enough to go and get Chen Xiang's head in front of Super Martial School.

Chen Xiang could guess that the stronger participants of the Demon Subduing Martial Arts Tournament should be those from the Devil-subduing College s or those from the Fire Divine Palace s. After all, they

possessed extremely rich resources and went to the Vein Martial Cultivators from the other continents.

After arriving at the Devil-subduing College, Chen Xiang understood the process of the martial arts competition. From the very beginning, the preliminaries were divided into four groups by drawing lots, and then, through the elimination stage, each group would decide on the strongest person, and then enter the final round.

"It looks like I have to play a lot of matches, and it's even going on day and night. If I meet a strong guy in the group competition, it'll definitely be very difficult." Chen Xiang muttered as he looked at the rules.

"Junior Martial Uncle, the feeling of being together with you isn't good at all. Other people view us as a scourge and view us from afar." Gu Dongchen said in a low voice.

Chen Xiang looked around, and laughed: "a lad, you are the Leader, they are afraid of you."

The aura emitted from Gu Dongchen's body indeed made many people feel an inexplicable pressure and fear.

There were four Contest Rings in Devil-subduing College. In order to make the competition more relaxed, Chen Xiang had to leave this place, which made it much easier for many people.

After drawing lots, Chen Xiang was assigned to the third group. What gave him a headache was that he was actually in the same group as Lan Lan.

She was currently together with Yan Yanran. That cute little face was squeezed into a bitter melon as she pouted her lips and looked at Chen Xiang with an incomparably resentful gaze. Even though she wanted to compete with Chen Xiang again, it was within the group stages.

"Alas, poor child, I'm sorry." Chen Xiang shook his head and sighed, then walked over.

There were many people in the crowd who were complaining, especially those who were in the same group as Chen Xiang. They all felt a lot of pressure, but there were only four groups.

"What a coincidence, Tie Ming from Fire Divine Palace is in the fourth group, so the group will definitely be much easier to handle. It seems like the second group does not have any famous experts either." Chen Xiang walked towards Lan Lan as he obtained some information from the crowd.
