

Dan God 981

[Chapter 981](#)

Tens of thousands of heavenly devils suddenly fell from the sky and gathered together, releasing waves after waves of terrifying roars, intimidating the entire Heaven Thunder Purgatory. All the forces were trapped here, and now they could only think of a way to leave the Heaven Thunder Purgatory after taking care of the demons.

The Heaven Thunder Purgatory had truly revealed its true appearance, turning into a Purgatory, the rich resources inside were used to lure these people in, and those ancient powers used to have a part of the people that laid in ambush for the Ten Heavens Supreme Lord, they thought that they would not be cursed by the power inside, who would have known that they would also suffer like that.

Chen Xiang did not know that right after he broke through the barrier, there was a change in weather outside. Otherwise, he would have suspected that the things that happened outside were related to this place.

If he couldn't find the direction to go, he might be trapped here for many years. Fortunately, he could hold on for a long time, and if someone else was trapped here, they would die very soon.

"I have no other choice." Long Xueyi sighed, she had tried many different methods but to no avail.

"There seems to be only one solution now, and that is to cultivate both the God slain method and the Ground killing. It might be useful in preventing your divine power from being affected by the chaotic space, or it might be able to help you gain a better insight into this mysterious chaotic space."

Chen Xiang sighed. He did not wander around in the chaotic space, but stayed where he was, closed his eyes, and started to comprehend the Ground killing and the God slain method.

The chaotic space he was in was extremely special, as this place was filled with a large amount of water. Moreover, this water contained an extremely violent Thunder power, and the lightning also contained a type of spiritual attack power, he could only stay in this place for a long period of time because he had profoundwu diamond armour, otherwise, he would have been killed by the Thunder power.

Within many Nirvana Doom, this was also a very strong form of Robbery power. Although many people could cultivate the Lightning attribute Innate Qi by absorbing the spirit energy of heaven and earth, its power was far inferior to the true Heavenly Thunder!

Lightning was the power of heaven, so Long Xueyi thought that this Thunder Pond should be related to the Celestial Slain Method, but Chen Xiang had the Ground killing, so he might be able to gain some help from comprehending the Ground killing.

Chen Xiang entered the realm of selflessness, and at the same time, started to comprehend the God slain method and the Ground killing. Unknowingly, several days had passed, and under this deep pool filled with darkness and all sorts of lightning, his body was being pressed by all sorts of powers, but at the same time, his body was slowly revolving. At the same time, he released a burst of gentle, holy white light, and generated a kind of power, mysteriously resisting the energy that came from all directions.

His posture was also very unique. He was lying flat on the ground, his hands and feet moving naturally. Although it looked strange, as he slowly rotated, he looked so natural, giving off a kind of untouchable charm.

Chen Xiang's forehead suddenly lit up, following that, he shot out a ray of blue lightning.

"What's going on?" Chen Xiang suddenly woke up. He only felt as if he had just woken up from a dream, and in his dreams he was flat on the ground. Then, he saw a bolt of lightning suddenly striking down from the sky, striking the center of his brows.

"You suddenly started spinning. You'll be fine after a while. You must have realized something!" Long Xueyi said.

Chen Xiang nodded his head, "I have indeed comprehended some things from the Ground killing and the God slain method. For example, the Ground killing allows me to condense a very strong power of earth from within it. However, the God slain method can allow a person to cultivate their divine soul, and ultimately, their divine power. Other than that, the God slain method does not only use divine power to kill people and formless, it can also be used with other Heaven Earth Killing Method s, and it can also be used to perform methods like Hallucination Soulesearch, but I know all of these. Of course, these are all simple. There are even more profound mysteries that I am still unable to use right now. "

"Then can you find a direction to head to the core of the Thunder Pond?" Su Meiyao asked, she was worried that she would not be able to leave after staying here for a long time.

"Yes, I can. Maybe I was able to cultivate the power of the earth just now, so I had a connection with something here. I think there should be a way for me to get out there." Chen Xiang swam towards a direction.

"Then how strong is the God slain method?" Long Xueyi was very curious about this, because the Imperial Dragon Race was an expert in using divine powers.

"A thought can kill a person. You only need to think and you can gather the power of the world for your own use." Chen Xiang said: "This should be about the same as your Heavenly dragon seal, it's just that the speed of gathering energy is very fast, but I still need a very long time to reach this level."

"Of course, if it's only used once, then it's not very strong. Only if it's used together with the Heaven Earth Killing Method would it be powerful."

The lightning mark between Chen Xiang's brows flickered, guiding him forward, allowing him to find a clear direction in this chaotic space.

"Thunder Pond's liquids are all condensed from lightning. After being affected by a strange energy, they won't crystallize, so this place should be man-made. As for the chaotic space, it could be a coincidence." Chen Xiang guessed that the barrier that he had encountered when he first entered was set up by someone, and it was used to prevent people from entering deeper.

In less than a day, Chen Xiang saw a white light screen at the bottom of the pitch black pond. Inside the white light screen, it was releasing a kind of strange power, the power in the light screen was very weak, it was hard to feel and it was hard to feel.

"Be careful!" Following Long Xueyi's cry of shock, a gust of astral wind carrying violent lightning bolts swept over and engulfed Chen Xiang within it, forming a powerful force that pushed Chen Xiang against the stone wall.

He lied on the ground, raised his head, and looked, only to see a black haired sturdy man looking at him with a pair of green eyes, his entire body was extremely robust, as though he had transformed into a beast. From time to time, his sinister muscles released a burst of electric light, and he opened his mouth to roared at Chen Xiang, his sharp teeth was like a beast, causing people's hearts to tremble.

"Is this thing human?" Chen Xiang stood up in shock. He then looked at the gigantic stone room and realized that there was a crystal chest in the middle, inside the chest was a stone tablet. The stone tablet looked exactly the same as the one that he had obtained the Ground killing.

The Evil Spirit was very strong, with just a punch and wind, it had sent Chen Xiang flying, he saw that Chen Xiang had stood up, released a roar, and turned into a bolt of lightning, rushing towards Chen Xiang, that terrifying speed struck the dense lightning energy in the cave, causing a burst of thunder.

Chen Xiang, who had just stood up, was hit by the evil spirit's fist, and then flew heavily onto the stone wall.

"Beast!" Chen Xiang anxiously used his Shrinking step to dodge, but the evil spirit ruthlessly smashed onto the stone wall, the berserk force caused the entire stone room to tremble.

Chen Xiang was sure that the Celestial Slain Method was inside the crystal chest. If he wanted to obtain the Celestial Slain Method, he would have to kill the Evil Spirit first.

"Incredible!" Chen Xiang saw the Evil Spirit rushing towards him again, but he did not dodge. The Dragon Power rushed out from his body, charging towards his fist, striking the Evil Spirit's hairy fist.

The two fists fiercely collided, causing energy waves to vibrate and a series of explosive sounds to ring out. Chen Xiang and the Evil Spirit were blasted away by the energy, both of them smashing onto the stone wall.

The evil spirit roared wildly, its entire body flashing with purple lightning. Its body suddenly swelled up, and its black muscles became even more malevolent. Blue veins burst out on its body, and then it charged forward at an even faster speed!

"I have no time to mess with you!" Chen Xiang's chest flashed with a golden light, and the Holy Devil-suppressing seal suddenly flew out. The boundless Devil-suppressing holy power poured into the Holy Devil-suppressing seal, causing it to become extremely huge, like a cauldron, it opened its mouth and faced the incoming Evil Spirit.

Just as the Evil Spirit was about to touch the Holy Devil-suppressing seal, the word "Zhen" suddenly flashed and flew out from the bottom of the Holy Devil-suppressing seal. The word "Zhen" that was emitting a pure gold color was like a net that enveloped the Evil Spirit's body. The Evil Spirit was pressed down on its body by the glowing word as if it was pressed down by a formation and stuck to the stone wall. No matter how much it struggled, it was unable to break free.

Although it was only a single word, it seemed as if it contained an entire world. This was the first time Chen Xiang had used it to attack, and had also drained a lot of his energy, causing him to almost lose his balance!

The Holy Devil-suppressing seal s had become so big that they were held in his palms.

"What a powerful thing, this thing can deal with demons and monsters, it is at the same level as Green dragon demon-slain broadsword! Devil-suppressing Heavenly Venerable is indeed an Empyrean of the past. He is willing to give up such a powerful item to someone else. " Chen Xiang looked at the Holy seal in awe.

The Evil Spirit had already been subdued, and the "Subduing" seal released by the Holy Devil-suppressing seal seemed to be able to suppress all demons. The Evil Spirit only struggled for a moment, but its body was already sealed by the "Subdue" character, and it did not even have enough strength to use.

Chen Xiang heaved a sigh of relief, and anxiously recovered his strength before wielding the Green dragon demon-slain broadsword, killing the Evil Spirit!

"Refine this fellow into a pill. Even though it doesn't look delicious, I still want to try it." Long Xueyi said.

With how powerful the Evil Spirit was, it was definitely good for refining pills. Chen Xiang immediately used Heavenly Alchemy to refine the Evil Spirit.

Last time, the Unreal ghost eagle let Chen Xiang feel the power of this pill. At his current stage, it was more effective than eating pills refined from medicinal ingredients.

But this time, since he refined the Evil Spirit, his progress wasn't as smooth as before. The Evil Spirit was formed from violent lightning, and to refine it into a edible pill was extremely difficult.

In the end, he could only give up and change it to refining the Heavenly Thunder Pill s' offensive type of pellet. It was to compress the berserk Thunder power in the Evil Spirit's body together and condense it into a pellet.

To him, this was still very simple, because if it wasn't meant for others to eat, it would be very easy to refine, saving him a lot of time and effort.

In just half a day, he managed to concoct a grey pill. He named this pill that was filled with Thunder power s of destruction "Evil Spirit Explosion".

"I never thought that the Celestial Slain Method was actually here. Was the Ten Heavens Supreme Lord hiding here personally?" Chen Xiang punched inside the crystal chest, but he was repelled by a force, causing him to spit out a mouthful of blood.

"Idiot. If you were able to smash it into pieces so casually, that Evil Spirit would have already been in your hands." Long Xueyi laughed.

"I thought that I could easily get my hands on the Ground killing after cultivating it!" Chen Xiang did not give up, took out his Green dragon demon-slain broadsword, jumped over, and slashed at the crystal chest again.

Boom! The Divine Blade fiercely trembled, and the humming sound turned into a deep dragon cry. However, the crystal chest remained completely undamaged, not even a trace was left behind.

Since his attack was ineffective, he could only release his God Power into the crystal box to read the stone tablet. Just as his God Power touched the stone tablet, the stone tablet suddenly flashed with a white light and shattered the crystal box!

"So easy!" Chen Xiang was a little surprised. He used his hand to stroke the ancient yet tiny words on the stone tablet, and then began to move the contents of the stone tablet into his mind.

After he finished all of this, Chen Xiang laughed: "As expected, it's the Celestial Slain Method. As long as I gather the Heaven Earth Killing Method, I can cultivate it with half the effort and double the results. Although I can cultivate on my own, but I can't go deep into cultivation."

"Do you know how to get out of here?" Bai Youyou asked.

"Don't worry, elder sister You You. I can leave right now!" Chen Xiang walked to the center of the stone room and released his divine power. A white light flashed in the center of the stone room and then he appeared above the Thunder Pond.

"Did the Celestial Slain Method say how the Thunder Pond was formed?" Su Meiyao was very curious about the formation of the Thunder Pond.

"Yes, that's a natural star, but later on it was transformed by the Ten Heavens Supreme Lord to store the Celestial Slain Method. Maybe it was discovered later on, but those people couldn't enter, and only needed to create a seal to create that chaotic space." Chen Xiang said.

At this time, the sky was dark, dark clouds were rolling about, and the sky was filled with an evil killing intent. He frowned and said: "What is going on? Why is the Evil Qi the same as the Heaven Devil King? "

[Chapter 983](#)

Seeing that Duan Chong, Yun Xiaodao and the others were not in the Thunder Pond, Chen Xiang started to worry.

Chen Xiang relied on his memories and flew towards the city that the rogue cultivator built. When he went there, the city was in ruins with corpses all around.

"Tens of thousands of corpses, are these the Sky Demons?"

Chen Xiang stood in the air and raised his arms, raising his palms upwards. A white cyclone appeared in the air, covering the Sky Demon corpses on the ground in a layer of pale white light, after that, walnut-like white stones floated up from the Sky Demon corpses, and all of them flew into the air, entering into the white cyclone released by Chen Xiang. Chen Xiang combined the tens of thousands of stones that contained a dense amount of energy, and turned them into a small pellet.

This was not Heavenly Alchemy, it was just that the Heavenly Demon's energy source stones were all the same.

He swallowed the pellet into his mouth, and a vast amount of pure energy flashed through his body. Circulating Fire god method, he turned his dantian into a Fire Dan Tian, and then fused the energy further, turning it into a Innate Qi, and poured into the five Beast statue s, condensing them into a Zhenyuan granule!

"These Heavenly Demons are really good stuff. If I can kill many of them, I might be able to survive the three Nirvana Tribulations!" Chen Xiang said in surprise. The Heaven Thunder Purgatory was originally filled with dense spirit energy and a large number of Sparite vein s, these Sky Demons were obviously formed from the energy, it was just that when they used the pure power condensed in their body through their Evil Arts, they became evil.

Chen Xiang followed a few remnants of Qi, and after going down, he realized that there were a lot of Sky Demons here. If he could find a group of Sky Demons, he might be able to condense a pill like he did just now to eat them.

Passing through a large mountain, Chen Xiang heard waves of gloomy beast roars, and the ground was slightly trembling. He activated Heaven tour method, and saw that in the distance, there were tens of thousands of strange beast of different sizes chasing after a dozen charming and moving girls. It was obvious that they were Demon Charming Association's little demoness.

The group of Sky Demons were extremely berserk, and after they passed through the mountain in front of them, they would be razed to the ground. The Sky Demons were extremely berserk, and after they passed through the mountain in front of them, they would be razed to the ground.

From the other side, sounds of fighting could be heard.

"The Demon Empress is fighting a powerful Sky Demon over there!" Long Xueyi said.

"This Demon Empress might know of Bai Ziqian's news, so I might be able to help her, but maybe she can tell me a few things." Chen Xiang rushed towards the spirit demons, stepping on the Shrinking step in the air, he soon arrived behind the spirit demons.

"It's Chen Xiang!" A charming lady with a snow white fox's tail shouted. Chen Xiang's sudden appearance caused them to feel that he was even more terrifying than the hundred thousand terrifying Sky Demons army behind them.

"Ladies, my looks aren't as frightening as those Sky Demons, right?" Chen Xiang laughed: "Don't worry, I'm here to help you!"

Chen Xiang punched towards the sky and a burst of golden light surged out from his fist. The dense Devil-suppressing holy power was released by him and floated in the air.

The big array started to spin, the Spirit grain inside started to flash, every flash engulfed the surrounding Spirit Qi, causing the big array to release even more terrifying Devil-suppressing holy power.

Chen Xiang flew to the center of the array and raised both of his hands up high, as if he was holding onto the shining golden array. He released the Devil-suppressing holy power in his body and shouted, "Demon Subduing Heavenly Thunder Array!"

The golden array flashed, and golden lightning shot out like a violent rain, striking the ground. Crackling sounds came out one after another, the dense and terrifying golden lightning illuminated the dark sky, the rolling thunder shook the earth, and countless heavenly devils gave out mournful howls amidst the thunder.

When the Demon Charming Association Spirit Demons saw this scene, they were so shocked that they opened their beautiful mouths. The violent golden lightning made their hearts tremble, scaring them to the point that their faces lost color, they were extremely afraid of the Devil-suppressing holy power.

The entire ground was washed by the dense and concentrated lightning, it was like a lightning purgatory below, the heavenly devils wailed and fell one by one, the tens of thousands of Sky Demons, against Chen Xiang's Devil-suppressing holy power which specialized in restraining demons, had no power at all, and were instantly killed.

Just like last time, Chen Xiang used his powerful god power and took all of the energy source stones from these Sky Demons' bodies, condensed them into a pellet, and swallowed them!

Just at this moment, the Demon Empress rushed over and she knew that Chen Xiang had arrived from afar. That kind of Devil-suppressing holy power could only be found by Chen Xiang, and upon seeing the Sky Demon corpses all over the ground, she heaved a sigh of relief.

The Little Demon Empress was wearing a plain green dress. Even though she was in a bit of a sorry state, she still looked so beautiful and charming. Chen Xiang had heard that her original body was that of a green lotus and that it was not common for her to transform into a demon.

"There are no more Sky Demons around here, quickly go back to your cave!" The Demon Empress said to the dozen or so Fey.

The leading fox demon looked at Chen Xiang in reverence, before leaving with the other Spirit Demons to thank him delicately.

"Truly ungrateful. Even after I saved your people, you still aren't going to invite me to your cave abode to do something?" Chen Xiang laughed, at the moment his entire body was covered in a pale white light, he was refining the hundred thousand demon essence pills he had just swallowed.

"That is only our temporary shelter. If we can either leave or go, you can come to Demon Charming Association as a guest anytime. We will definitely welcome you." The Little Demon Empress looked at Chen Xiang with her pair of clear and beautiful eyes. At this moment, she was not on guard against him.

"That's what you said. Just don't chase me away when the time comes." Chen Xiang laughed.

"Of course!" The Demon Empress also revealed a gentle and approachable smile, "Thank you for saving my Demon Charming Association's little demoness just now. I had to ensure that there were no Sky Demons around our cave, so I had no choice but to patrol this area."

"Demon Empress, I heard that you were transformed by a green lotus, you should have a name, right?" Chen Xiang asked this because he wanted to see if Su Meiyao and Bai Youyou knew this Demon Empress.

However, she took a step back and replied with a smile, "Of course there is. When I took the form, it was a little girl, and at that time, it was an old granny who took me in. I followed her surname, Lu, and my name was Qinlian!"

Bai Youyou and Su Meiyao suddenly exclaimed.

Su Meiyao exclaimed, "Old granny whose surname is Lu, this Demon Empress has quite the background! Although we don't know her, we do know that old granny! "

[Chapter 984](#)

Demon Charming Association could be said to be a very young force in the Sky Demon Realm, but it was as bright as the sun. It turns out that not only did this group of demoness know how to use poison, there was also a very powerful figure supporting them.

"At the time in the Devil-suppressing Heavenly Venerable, the person who gave Devil-suppressing Heavenly Venerable the most headache was a guy with the surname Lu. It is said that the poison used was very powerful, and that in order to restrain his poison, the Devil-suppressing Heavenly Venerable created the Devil-suppressing kungfu, allowing people to cultivate and create Devil-suppressing Golden Body with impenetrable! Many years have passed and the Devil-suppressing Divine Palace still exists, but no one who possesses the Devil-suppressing Golden Body has appeared. On the other hand, a descendant of the Lu Family who was extremely powerful with poison has appeared.

"That descendant of the Lu family is an old granny, and the old granny who adopted Lv Qinlian is undoubtedly a descendant of the Lu family! My sister had been looking for her for many years, and in the end she seemed to have found her. As for what happened to them, I have no idea. " Bai Youyou said.

Seeing that Chen Xiang did not speak, Lv Qinlian said: "Are you training?"

Chen Xiang nodded his head: "Mn, Senior Lu, I have something to ask you."

Lv Qinlian smiled lightly: "Excuse me!"

"Have you heard of Bai Ziqian in Heaven Realm? Any recent news about her?" Chen Xiang asked.

Hearing Bai Ziqian's name, Lv Qinlian's face changed, the smile on her jade face suddenly became extremely serious: "I've heard, that initially said she died over a hundred thousand years ago, but she suddenly appeared in Heaven Realm a while ago! I met her once before. I originally wanted to have a contest with her, but when I met her just now, a large group of experts came to chase after her!"

"What?" What did she do? To actually be hunted down?" Chen Xiang suddenly had a bad premonition.

"She used the Magical corruption gas to kill the Immortal King of Heaven Realm and the many powerful and famous subordinates of the Immortal King. She almost annihilated a powerful force in the Immortal World!" Speaking of Magical corruption gas, Lv Qinlian stared at Chen Xiang, she knew that Chen Xiang had once walked out from the Demon and Devil Sinkhole that was filled with Magical corruption gas.

Chen Xiang frowned. He had guessed that Lv Qinlian would face an accident, because Bai Ziqian had done the same thing a long time ago. It was just that at that time, he was forced to hand over the Magical corruption gas.

He suspected that Bai Ziqian did not immediately return to the Heavenly Demon Realm when he left the Great Devil Mountains, but went to the Demon and Devil Sinkhole and obtained the Magical corruption gas from below!

"You have stayed under the Demon and Devil Sinkhole, right? Even Bai Ziqian and I would not be able to stay down there for that long!" Lv Qinlian slightly sighed: "As long as I use poison, no one wouldn't want to control the Magical corruption gas. If I were Bai Ziqian, if I were to meet a Magical corruption gas, I definitely wouldn't let them off! But right now, the Magical corruption gas in Demon and Devil Sinkhole are too heavy, even I can't get close to them!"

"En!" Chen Xiang knew that this matter was no longer a secret. There were a lot of people who witnessed this scene.

A hint of excitement flashed across Lv Qinlian's beautiful eyes, and she continued to ask: "Since you managed to cultivate the Devil-suppressing holy power, you must have already gotten it, I have once heard that the reason why Devil-suppressing Heavenly Venerable could actually cultivate the true body of the impenetrable is because of the Devil-suppressing kungfu, are you!"

"You want me to get you some Magical corruption gas?" Chen Xiang smiled and did not directly answer Lv Qinlian's question.

Lv Qinlian looked at his surroundings, nodded his head, and said: "There will be returns!"

"What's the reward?" Chen Xiang laughed, "This is an extremely risky thing to do. If we were to find out about this, we would both run for our lives!"

"You are Alchemist, you should be clear about the value of a Holy Lotus Seed, right?" Lv Qinlian was not worried about the consequences. Her beautiful eyes flickered with a green light, as if they were two shining green lotus seeds.

"It's the main ingredient. Spoon it!" Su Meiyao said excitedly. The main ingredient she was talking about was to refine pills that could help her and Bai Youyou recover their peak strength.

"If I were to transform into a green lotus, I would be able to condense a Holy Lotus Seed every 10,000 years. I also have one now, so you don't need to worry that I would go back on my word." Lv Qinlian looked in a direction, her crescent brows slightly knitted, and said: "Follow me, there's someone heading this way."

"The Holy Lotus Seed is a medicinal ingredient from the Holy level. It's extremely precious and can only be formed by a lotus that has Awakened. What she said is true!" Su Meiyao said excitedly: "I never thought that I would get another set of main ingredients so quickly!"

Chen Xiang followed Lv Qinlian to a charming valley. Here, there was a wooden house, which was clearly a place Lv Qinlian frequented. She invited Chen Xiang to sit, poured tea for him, and then spat out a lotus seed that was shining with a green light from his mouth.

Chen Xiang looked at the Holy Lotus Seed in a daze, only being illuminated by that sacred green light made him feel comfortable. Furthermore, the pellets he ate earlier, which were refined using hundreds of thousands of Sky Demons, were also being refined faster.

"How fragrant!" Chen Xiang wrinkled his nose and chuckled.

Lv Qinlian scoffed with a smile on her face, "This is a holy lotus seed. If you cultivate up to become a Devil-suppressing Golden Body, even Magical corruption gas would not be able to do anything to you! Back then, the old granny who took me in used Magical corruption gas s and many kinds of strange poisons to attack Devil-suppressing Heavenly Venerable, but Devil-suppressing Heavenly Venerable didn't do anything, and before Devil-suppressing Heavenly Venerable even made his move, that old granny admitted defeat! "

"How many Magical corruption gas s do you need?" Chen Xiang looked at the Holy Lotus Seed on Lv Qinlian's jade palm and reached out to scoop it. Lv Qinlian did not stop her either and allowed her to scoop it into her hands.

"This is a pearl that was specifically used to store Magical corruption gas. The old granny gave it to me, and she told me that if I have the chance to obtain it, I must not care about any of the bounties in the Three Realms, I can scoop as much as I can ... If you can, help me fill it! The holy lotus seed is yours. " Before, Lv Qinlian had always been worried that Chen Xiang would use the Green dragon demon-slain broadsword to destroy her Demon Charming Association, so she held a certain amount of hostility towards Chen Xiang.

Now, Lv Qinlian knew that cooperating with Chen Xiang was a very happy thing.

Chen Xiang received the transparent pearl and smiled faintly. He released the Magical corruption gas from his dantian and poured it into the pearl.

The Magical corruption gas had no color and no smell, but after inserting the pearl, the pearl suddenly emitted a faint glow, with one glance, one could tell that the pearl was specially made to store the Magical corruption gas.

Seeing Chen Xiang do this, she could obviously guess that Chen Xiang had kept the Magical corruption gas in his body. If she were to recklessly attack Chen Xiang, she might get killed by him using the Magical corruption gas!

Many things that could not be explained in the past had now become reasonable. For example, if Chen Xiang had Magical corruption gas s, then it would make sense for him to assassinate over a hundred strong warriors overnight in Pill City.

[Chapter 985](#)

As the Demon Empress of the Demon Charming Association, Lv Qinlian was a poison expert, and there were many strong warriors in the Heaven Realm who were afraid of her. If they knew that she had something like the Magical corruption gas, those people who hated her for a long time would definitely help, so Chen Xiang was not afraid that she would reveal this secret.

"You really have a lot of beads!" Chen Xiang had sent many Magical corruption gas in, but he still felt that there was a lot of space inside.

"I'm afraid for all these years, only you dared to store Magical corruption gas in your body! If you are going to use it, you must be careful, being discovered is not a joke, even someone as strong as Bai Ziqian would have to run for their lives! Lv Qinlian said.

"Is Bai Ziqian very strong?" From her tone, it seemed that Bai Ziqian was much stronger than her.

"Of course she's very strong, she's my senior. She disappeared for so many years and reappeared in the Heaven Realm, causing a stir in the Three Great Heaven Realm s, but I don't know why she used Magical corruption gas to kill an Immortal King. After that, she became wanted by the Three Great Heaven Realm s." Lv Qinlian sighed lightly, "Otherwise, I would have been able to exchange pointers with her."

"Is that immortal king very powerful?" Chen Xiang asked again. He guessed that the Immortal King that Bai Ziqian had killed should be related to Bai Youyou and Bai Ziqian had been befriended by him. Although the relationship between the two sisters seemed very cold, the deep down their hearts were indeed very deep.

"Of course it's powerful, that's the king among the immortals. Although I'm called the Demon Empress, it's only because I used poison Wushuang, and I still have a distance away from the Immortal King in terms of strength. Otherwise, Bai Ziqian wouldn't have used the Magical corruption gas to kill the Immortal King." Lv Qinlian looked at the pearl in Chen Xiang's palm. The light emitting from the pearl was getting brighter and brighter, which meant that there were more and more Magical corruption gas inside.

Bai Ziqian is still a bit away from becoming a Celestial King, but it's extremely difficult to kill that Celestial King, so the only way is to use the Magical corruption gas! "" That's right! Lv Qinlian extended her jade hand, and said: "It's already full, this is enough for me to use for a very long time! To be able to get this much in one go, it truly is not easy! "

Lv Qinlian was very happy, although Magical corruption gas s were taboo, there were still many poison masters that had gotten their hands on them. It was just that none of them had been discovered, but not every poison master had the chance to obtain so many.

Chen Xiang also received the Holy Lotus Seed. This transaction had also made him very happy, so he hadn't lost anything.

"It can't be that I've emptied you out, right?" Lv Qinlian put away the pearl and smiled sweetly.

"Of course not, even if I have the time, I can still go to the Demon and Devil Sinkhole to gather them, there is no end to it!" Chen Xiang laughed: "You better be careful of this Magical corruption gas, don't kill yourself, although I am not afraid of this, but I have seen many people die from this."

Lv Qinlian laughed tenderly: "Those people were all killed by you, right? I didn't expect you to also be a poison expert, no wonder you aren't afraid of me! Oh yes, I heard from Gu Dongchen that you are also selling pills, and that there are a lot of rare and precious herbs in Demon Charming Association, so eating them directly is not as effective as selling pills. "

"You can look for Hua Xiangyue in the Dan Fragrance Pure Land. She is my junior nephew, and is also a very powerful Alchemist. When you go look for him, just say that I let you go!" Chen Xiang wanted Hua Xiangyue and the Demon Empress to get on good terms with each other. In the future, Dan Fragrance Pure Land would follow his example and those ancient powers would not dare to make a move against them.

"Oh right, why did you ask me about Bai Ziqian? You know her? " Lv Qinlian was very curious about this, he had only become famous in the Heaven Realm many years ago, but Chen Xiang actually knew about it.

"I just happened to pick up an ancient book from time to time, and it records that this venomous witch had once used a Magical corruption gas. Thus, I was curious to find out, I want to use a Magical corruption gas more appropriately." Chen Xiang casually made up a reason.

"That's true, many years ago, Bai Ziqian had a Magical corruption gas." Lv Qinlian nodded his head, "If I meet her in the future, I will tell her the difference between us. You know so many Magical corruption gas, she will definitely be very interested in you."

Lv Qinlian still wanted to protect the Fey girl that she brought with her, so she didn't chat with Chen Xiang for too long and left the valley together with him. Chen Xiang also wanted to go find Duan Chong and the others.

"If you have the chance in the future, you must come to our Demon Charming Association!" Lv Qinlian laughed.

"I'm afraid I've been bewitched by your little demoness!" Chen Xiang laughed.

Just as they were about to separate, the dark clouds in the sky suddenly pressed down, and a massive black beast fell down like a giant boulder, smashing into the ground and producing a loud 'bang' sound. In the blink of an eye, the ground was covered by a dense mass of Sky Demons, like a black tide, crazily rushing towards a single direction.

"These things actually fell from the sky?" Chen Xiang looked at the Sky Demon that was still falling from the sky and was a little surprised.

"Mm, there are a lot of them. I don't know how they came about, but their overall strength isn't weak either. Every time, hundreds of thousands of Heavenly Demons would descend." Lv Qinlian looked into the distance: "That place isn't where our Demon Charming Association is. There doesn't seem to be any forces gathering there, why are there so many Sky Demons passing by?"

As Chen Xiang spoke, he slashed a few times with his blade. The Dragon Power and the Devil-suppressing holy power collided inside the divine blade, producing an even more powerful force.

A few golden-white holy dragons carried a kind of sacred energy, letting out earth-shattering dragon roars, covering their powerful dragon claws, and flying towards the three Sky Demons like rainbows.

Three Sky Demons were shocked, the power of Devil-suppressing holy power was unleashed through the Green dragon demon-slain broadsword s, the three headed Sky Demon seemed to have met the Devil-suppressing Heavenly Venerable, his entire body was in shock, when the few golden dragons attacked him, he reacted, waving his six arms up and down, a sinister terrifying blood-red skull enveloped him.

When Chen Xiang's blade energy, which was transformed into a dragon, collided with the skull, it was actually all absorbed by the black holes above.

"Junior Martial Uncle, do you need help?" Wu Kaiming asked from afar, as he was busy dealing with the Little Demons on the ground.

"No need!" Chen Xiang held his blade up, the Devil-suppressing holy power in his body surged, causing his entire body to look like a Great Demon Slaughterer radiating with holy light. He came to the front of the three Sky Demons, raising his Green dragon demon-slain broadsword, lightning suddenly appeared in the sky, and all the spirit energy in the area was affected by some sort of force, dancing in the air, releasing waves after waves of lightning that converged onto Chen Xiang's body.

At this time, it was as if Chen Xiang was in the middle of an electric net that covered the sky, crazily gathering lightning, and two of the huge skull's black eyes that were below him, shot out two streams of black qi, turned into two sinister and terrifying ghost hands, and grabbed towards Chen Xiang's chest while howling in pain.

"Humph!" Chen Xiang snorted as multicolored light shone from his body for miles, immediately purifying the black aura that was about to attack him.

At the same time, the lightning in the sky disappeared, while the divine blade shone with lightning.

"Thunder Slash!"

The Green dragon demon-slain broadsword immediately flickered with countless of dragon-like lightning bolts, illuminating the entire sky which was covered by the black clouds. As the divine blade slashed down, the entire ground trembled, and the ground was even more so torn apart by the terrifying pressure released by the divine blade. The black cloud in the sky also retreated to two sides, and at the same time, the Green dragon demon-slain broadsword slashed down onto the seemingly indestructible skull!

B000M!

When the lightning cleaved down, the ground cracked and the sun and moon were shaken. That skull was shattered with an explosive sound that shook the Heaven Thunder Purgatory, and the three Sky Demons inside were also cleaved into two!

Chen Xiang's hair danced wildly as the winds and clouds in the sky madly surged. He punched towards the sky, and a boundless Devil-suppressing holy power surged out of his body.

"Demon Subduing Heavenly Thunder Array! This is a very powerful great formation within the Devil-suppressing qi array. " Wu Kaiming was shocked: "I never thought that using the Devil-suppressing holy power would be so terrifying!"

The great formation spun crazily, the holy light shone onto the ground, and the heavenly demon bodies melted under the holy light, being sucked into the high sky, all entering the Demon Bestowal Heavenly Thunder Array!

Even the two halves of the three Sky Demons were sucked up and refined inside!

Chen Xiang was going to use these Sky Demons to condense another higher quality Sky Demon Flower Pill!

The spirit energy was controlled by Chen Xiang using his godly powers and clashed against each other, exploding out with waves of terrifying power of thunder and lightning. One after another, thunder and lightning were all connected to the formation, like a gigantic net made of heaven and earth, intimidating all the demons in the sky and the Sky Demons on the ground.

"Come up here!" Chen Xiang roared, and the ground started to tremble slightly. The Sky Demons who were burnt by the Holy Light started to float up, and started to enter the Demon Bestowal Lightning Formation.

In just an instant, all the Sky Demons on the ground disappeared and the devil cloud had already dispersed, returning to its calm state. Chen Xiang released the Demon Bestowal Heavenly Thunder Array, which was slowly shrinking until it turned into a ball of light the size of a fist.

"Junior Martial Uncle, what is this ..."

Before Wu Kaiming could finish his question, he saw Chen Xiang swallow the Sky Devil Flower Pill and then smile at him: "Something edible!"

After Chen Xiang ate the Heaven Demon Flower Pill, the Innate Qi in his body's meridians became like a raging river, a huge amount of Innate Qi started surging in his meridians, as though it was being refined.

p >

What are you going to do about it? p >

"Where is the Sky Demon?" The Innate Qi flowed in Chen Xiang's body, the white qi outside his body surged, carrying out such a crazy refinement, it made his blood boil, he wished that he could kill even more Sky Demons to break through his bottleneck.

Wu Kaiming heaved a deep sigh, "Junior Master, please follow me. Many of the hidden places of the powers are surrounded by the Sky Demons. No, it should be enough for you to eat! "

Chen Xiang followed Wu Kaiming as they flew towards a place that was filled with dense demonic qi. Chen Xiang was still refining the Heavenly Demon Flower Pill he had just consumed, and from afar, he could sense that was there, and at that moment, the demonic qi was also secretly surging, as they could sense the threat.

"I was targeted while I was on patrol. In order to prevent these Sky Demons from discovering our hiding place, I had no choice but to lure them away. Who knew that I would run into a Sovereign King? Luckily, this fellow isn't that strong!" Wu Kaiming said.

"How did the a lad arrange it?" Chen Xiang asked.

This way, we will form a very strong group. Unless we have no other choice, we do not want to have any conflicts with the Sky Demons, so as far as possible, we can let the ancient powers go against the Sky Demon Army. " Wu Kaiming said.

Wu Kaiming suddenly flew into a rage: "But some ancient powers actually lured these Sky Demons over to our side! We have already found out which factions these are from! "

"Purple Moon Imperial Land and Feng Clan will definitely have a share!" Chen Xiang's voice was ice-cold. Looking in front of him, his two eyes shot out two streaks of golden light.

"That's right, they are very vicious, they have led the Sky Demons to some other powerhouses, and even the Peach Blossom Imperial Land was set up by them, the Peach Blossom Imperial Land's Lady Peach Blossom even asked us for help, and not long ago, the Leader had already arranged for people to come over." Gu Dongchen said.

Chen Xiang sneered, "Take me to the place where Peach Blossom Imperial Land is staying. First, save Peach Blossom Imperial Land, then eliminate the Sky Demon, and lastly, suppress Purple Moon Imperial Land and the others.

[Chapter 987](#)

"Alright, my Super Martial School will definitely settle this score with them," Wu Kaiming said as he simmered with anger. If he could unite multiple powers, then he would definitely cause these ancient powers, such as the Purple Moon Imperial Land and the Purple Moon Imperial Land, to pay a huge price here.

During the Primordial Era, the Peach Blossom Imperial Land did not try to sell out the Ten Heavens Supreme Lord with those ancient powers and had always been neutral. But now, those ancient powers had always wanted to drag the Peach Blossom Imperial Land down with them, so they secretly contacted the Great Clan Elder of the Peach Blossom Imperial Land to try to use this to defeat Yao Shumei.

Now, the Peach Blossom Imperial Land was completely in Yao Shumei's control, but the Peach Blossom Imperial Land was teaming up with the Chen Martial Continent. Those ancient powers were worried that the Peach Blossom Imperial Land would become their enemy in the future, so they planned to eliminate them in the Heaven Thunder Purgatory.

Chen Xiang and Wu Kaiming headed towards the hiding place of the Peach Blossom Imperial Land. Under Yao Shumei's control, the Peach Blossom Imperial Land had always kept a low profile, but he was still very strong.

Far away, the mountain range was surrounded by a group of pitch black Heavenly Demons. That mountain range was protected by a very powerful array. The Heavenly Demons were unable to enter, but the array was slowly being devoured by these Heavenly Demons.

The countless beast type Sky Demons let out eerie howls as black balls of evil Qi shot out of their mouths and bombarded the big array. The entire mountain range was surrounded by these Sky Demons, if stacked up, it would be even higher than that mountain range.

"So many," Wu Kaiming saw them from afar and couldn't help but shiver.

Chen Xiang never thought that there would be so many of them. In front of him, there was a large area of land that was filled with beast type Sky Demons, and they were like a vast ocean, with no end in sight.

"If the Peach Blossom Imperial Land can escape this calamity, it seems that we will become enemies with the ancient powers, and we will have another ally," Wu Kaiming said. All the sects and families in the Human Realm thought that there would be a war with the ancient powers sooner or later.

The ambitions of those ancient powers slowly surfaced. They were starting to swallow up and destroy some small sects. In the future, they would definitely kill those forces that opposed them just to dominate this world.

Chen Xiang's eyes shone with a strange light, as if a big table of appetizers was placed in front of him. Right now, he felt that there were not enough Sky Demons.

Long Xueyi suddenly said: "Look over there, a few people just flew out."

Chen Xiang looked in the direction that Long Xueyi pointed, and sure enough, there were a few people with a layer of evil aura quietly sneaking out from the sea of the Sky Demons.

"These must be the guys who lured the Sky Demons over, I can't let them return alive," Chen Xiang took a few steps forward, and with a few flashes, he arrived above those people.

"You must be the Purple Moon Imperial Land," Chen Xiang said with a cold smile. "That useless Leader of yours has already died in my hands, and you bunch of people don't know how to behave yourself."

"Chen Xiang, it's you," a middle-aged man said in shock. In their eyes, since Chen Xiang could kill their powerful Leader, he must be very strong.

Chen Xiang released his Genuine qi of five elements, condensing a three thousand meter tall mountain in the air, releasing two gigantic hands, surrounding the mountain, and smashing fiercely towards the few people. At the same time, countless of angry rivers appeared behind him, allowing him to condense an extremely terrifying might.

Although it looked heavy and heavy, its speed was not slow at all. In just a single exchange, it caused the few Purple Moon Imperial Land s to be smashed down, pressing onto the ground, and sticking together with the blood and flesh of the Sky Demons. However, they did not die.

Chen Xiang released the Devil-suppressing holy power, dove down, and stepped heavily on the chest of a middle-aged man, directly breaking his breastbone, causing the middle-aged man to let out a scream.

"You ... An important figure who is even more powerful than the Leader has already descended from the Heaven Realm s. He has even brought along a very powerful immortal beast as well.

"I have already killed your Leader, no matter what, the Purple Moon Imperial Land will not let me go, so what if I let you guys go? Do you think that only you people can control the Purple Moon Imperial Land,"

Chen Xiang mocked, a few rays of light shot out from his forehead, using the Soul Absorbing Devil Spell, entering their sea of consciousness, trying to find any information regarding the Purple Moon Imperial Land.

Unfortunately, these people's Sea of Consciousness all had the ability to protect themselves. As long as they were invaded, they would self-destruct.

The beast type Sky Demons piled up like a mountain around Chen Xiang, but they did not dare get too close to him. The holy light emitted from Chen Xiang's body shone onto them, as though they were being burnt, some of the Sky Demons had already shed a layer of skin, but the Sky Demons that did not have any intelligence became even more furious, and continued to roar at Chen Xiang.

This was a Tai Chi Dragon Formation, it could produce an extremely terrifying suction force. Now that Chen Xiang had released the fire from the Fire god method, as long as the Sky Demon were to be attracted here, they would all be melted into a pure Innate Qi by him.

In the blink of an eye, it had expanded to more than three hundred meters, and all the surrounding heavenly demons were completely engulfed by the Tai Chi Dragon Formation. Watching from high up in the sky, Wu Kaiming only felt that the shocking Tai Chi Dragon Formation was like a bottomless abyss.

Countless Sky Demons rushed towards Chen Xiang in a frenzy. The moment they came into contact with the Tai Chi Dragon Formation, they would be melted and set ablaze, the energy source stones in their bodies immediately melted and turned into Innate Qi, gushing into Chen Xiang's dantian.

In order to speed up the smelting of these Sky Demons, Chen Xiang increased the size of the Tai Chi Dragon Formation beneath his feet, covering an area of five hundred kilometers.

Moreover, his body had already reached the large success stage of the Immortal Devil Body. The interior of every meridian was as wide as a great river, and they could quickly absorb or spurt out large amounts of Innate Qi.

There were a lot of Sky Demons, so Chen Xiang's devouring speed was fast enough, but it would take a period of time before he could completely digest them. This large group of Sky Demons were currently held down by Chen Xiang, although they were all spitting out streams of Evil Qi towards Chen Xiang, as long as they entered the Tai Chi Dragon Formation, they would all be purified.

The people in Peach Blossom Imperial Land had always been preparing to fight with the countless Sky Demons, their great formation had always been trembling, but now it suddenly quieted down, and Yao Shumei couldn't help but run out to investigate.

[Chapter 988](#)

Yao Shumei flew out from the mountain range, and when she saw Chen Xiang, who was not far away, using his unparalleled divine powers to deal with the Sky Demons, she was extremely surprised, her beautiful face was filled with surprise and joy. The Devil-suppressing holy power that Chen Xiang cultivated was what these Sky Demons feared the most, when Chen Xiang used this kind of power to deal with the Sky Demons, it was like crushing ants.

"Thank you very much for coming," Yao Shumei came to Wu Kaiming's side and said gratefully.

"No need to thank me. Junior Master should be compensating your Peach Blossom Imperial Land," Wu Kaiming laughed, "Looks like we don't have to fight anymore. We can just stay here and watch."

The Great Clan Elder of the Peach Blossom Imperial Land and some other elders with decent strength could not come back, so it was easy to guess that Chen Xiang was involved, which was why Wu Kaiming said that.

"The Great Clan Elder colluded with outsiders and wanted the Peach Blossom Imperial Land to walk onto a path that our ancestors opposed. Although their deaths caused great losses for the Peach Blossom Imperial Land, it also prevented the Peach Blossom Imperial Land from falling into danger for the time being," Yao Shumei sighed helplessly.

The Zhenyuan granules in Chen Xiang's body started to light up one by one, the five Beast statues in his dantian seemed to be connected to many rivers. The Innate Qi crazily rushed inside, creating many Zhenyuan granules that could hold Innate Qi.

"It's not fast enough yet," Chen Xiang felt that the refining speed in his dantian couldn't keep up with the speed at which the Innate Qi was being absorbed.

It made him suddenly feel as if he was watching the movement of countless stars under a clear night sky. The movement of countless stars in his mind right now was exactly the way the movement of the stars in the sky was going through, the movement of countless stars at the same time, creating a profound formation, allowing the energy to react in a variety of ways, sometimes forming a line in the middle of a star, which was also a Spirit grain.

This Star Shift Diagram contained the charm of a natural Great Way of the Buddha. Chen Xiang quickly immersed himself in it, and let the Zhenyuan granule in his dantian, which was one of the five Beast statue, be arranged according to the vast sea of stars in the Diagram.

This was a very rare opportunity, and he definitely would not let it go so easily. He had just obtained the Celestial Slain Method, and was able to comprehend a few of its main points, and this made him extremely excited.

It gave off an indescribable feeling, as if this Tai Chi Dragon Formation was birthed from the earth. At the same time, all the devil clouds in the sky were sucked down, and a clear night sky suddenly appeared. Countless stars shined on the ground, but when the star energy entered the ground, it was all absorbed by the Tai Chi Dragon Formation.

"What is my Junior Master doing?" Wu Kaiming was startled, he suddenly felt that Chen Xiang in front of him was very illusionary, as if he had merged with the world, and the Tai Chi Dragon Formation became even bigger, extending to the feet of all the Sky Demons around them.

In just an instant, all the Sky Demons had fallen into the Tai Chi Dragon Formation, while Chen Xiang's body was frantically refining the Innate Qi, some of the expelled waste gas gushed out of his body, and let out waves of whooshing sounds.

"This... He seems to be absorbing the energy of the heaven and earth, using the earth to absorb it, it's too terrifying," Wu Kaiming groaned.

Yao Shumei saw that Chen Xiang was absorbing the spirit energy around him without end, and couldn't help but become worried, because their Peach Blossom Imperial Land was stationed here, and there was a piece of Sparite vein below them.

"Wait, he doesn't seem to be absorbing spirit energy," Wu Kaiming suddenly raised his head to look at the sky and saw the gigantic meteors descending.

"Quickly take away your Peach Blossom Imperial Land's disciples, Junior Master has gone mad," Wu Kaiming suddenly saw a huge white star falling from the sky, and shouted out.

Yao Shumei was so shocked that his face turned pale. This kind of power could only be obtained by using Heaven Earth Killing Methods to bring down stars in the Star Domain.

At this moment, Chen Xiang was only using his strong divine power and the power of the stars that was shining down to absorb a star that was close to the ground.

Yao Shumei immediately brought all the disciples away from the mountain range. Fortunately, the white star was not easily taken down, as it seemed to be resisting Chen Xiang's power.

In the distance, a group of people watched with wide eyes as a gigantic white star that could destroy a continent slowly descended. The force generated caused the ground to crack and crack.

Not long ago, when Chen Xiang was in Pill City, her strength was only at the same level as hers. When she met these heavenly girls, she had to retreat, but now, she felt that holding on for ten moves was already very good.

Only Ten Heavens Supreme Lord had mastered the heaven defying art of devouring stars back then. Being able to see it with their own eyes now had scared a large number of people silly.

Chen Xiang's eyes shone with a white light, he raised his head and looked at the gigantic white star, roaring angrily, he waved his fist and smashed at it, the vast Dragon Power rushed out and turned into a gigantic dragon fist, smashing onto the white star.

BOOM *

The mountain-like dragon fist smashed onto the white star, creating a huge wave of energy. The mountain for miles was flattened, and only the mountain range where the Peach Blossom Imperial Land was at was still intact.

The white star was not destroyed by one punch, but seeing this, Chen Xiang threw out another punch.

Boom, boom, boom!

Chen Xiang had also used the ninth level of Devil Subduing Method to execute his punches, increasing the number of Dragon Power disciples by several times. That kind of power, was as though he wanted to smash the heavens, and with every punch, he caused everyone to be shocked.

However, he could only grind some of the dust off the white star. The mountain range where Peach Blossom Imperial Land was previously at was also destroyed by the waves of Qi, becoming flat ground.

The strength that Chen Xiang was currently displaying far surpassed his own level, because this was no longer his strength anymore. He was borrowing the strength of the earth's power to blast apart this star, smash it into pieces, and then engulf it.

After a thousand consecutive punches, a few cracks suddenly appeared on the surface of the white star. The intense light rays from the Myriad Tao were like countless sharp swords, seemingly wanting to pierce through time and shoot out from those cracks.

BOOM *

An explosive sound shook the entire galaxy, splitting the earth as if the entire Heaven Thunder Purgatory was about to be torn apart by the sound, shaking everyone's soul.

The stars that emitted the blinding white light suddenly split apart, exploding into pieces of small stones, and all fell into the Tai Chi Dragon Formation on the ground. They transformed into an incomparably majestic Innate Qi, and poured into Chen Xiang's body.

Chen Xiang felt that if he were to experience a major change in cultivation method, it would no longer be like the path that Huang Jintian had taught him before, it was also because he had suddenly comprehended the Celestial Slain Method. In order to let him succeed in his transformation, the Ground killing, God slain method and Celestial Slain Method suddenly gave birth to a strange power, he took down a star from the sky, and even used the power of the earth to destroy the star.

[Chapter 989](#)

The broken pieces of the white star that fell to the ground instantly disappeared. In just a few blinks of an eye, the originally enormous white star disappeared from the eyes of the crowd, while the aura on Chen Xiang's body surged and surged, giving others the feeling that he was the core of the star.

At this time, Chen Xiang was still immersed in the Celestial Slain Method's natural circulation. The five Beast statue s inside his body had their mouths wide open, drinking the surging Innate Qi, while the Zhenyuan granule s all flew out from inside the Beast statue s, floated above them and formed a Stellar Transposition Map. It was because of this Stellar Transposition Map, that Chen Xiang was able to borrow the power of the earth and forcefully pull out a star from the ground, and also shatter it.

The ground was filled with Taiji yin and yang map, while the four sides and the center were filled with five gigantic Beast statue s. The Heaven and Earth Beasts had already been formed, and the God slain method was just like the Ground killing, which was located in the Divine Sense Sea, but he had yet to find the Beast Slain Method, but the Taiji Dragon-suppressed kungfu and the Four-phase Magic Kungfu seemed to be able to replace them. That was why after he comprehended the Celestial Slain Method, his dantian underwent such a huge change.

The change was not complete yet, following the interaction between the Revolving Star Passage Technique and the Taiji yin and yang map, more and more Innate Qi s were being absorbed, and after the Zhenyuan granule s in the five Beast statue s formed the Revolving Star Passage Technique, they became empty. The five gigantic Beast statue s originally had a faint glow, but now it was extremely dark, and it was unknown when they would be able to awaken the five powerful Beast statue s.

However, as Chen Xiang was frantically devouring energy, three large balls of air were formed inside the five Beast statue's body, causing the five Beast statue to suddenly shine with a red light. The current brightness was even brighter than the time when they owned the Zhenyuan granule, which surprised Chen Xiang, because he did not know whether this was good or bad.

"What the hell is this guy doing? He did not empty the Sparite vein s, he only absorbed that star. How did he do it, could it be that he has already cultivated the Heaven Earth Killing Method to a very profound level?"

The Tai Chi Dragon Array below Chen Xiang's feet suddenly slowed down a lot, as if it was about to stop. Moreover, the multicolored light also dimmed a lot, and as the Tai Chi Dragon Array slowly shrunk, the multicolored light on Chen Xiang's body became stronger and stronger, causing people to not be able to see his body, and they only felt that he was a ball of strong light.

Amongst the five Beast statue in Chen Xiang's Dantian, those masses of air were frantically gathering and absorbing the remnants of the star's power swiftly.

Suddenly, Chen Xiang's dantian released the roars of dragons and tigers, the roars of the Scarlet Peacock Turtle, and the majestic roar of the elephant in the middle. The five Beast statue s seemed to suddenly come to life, and at the same time, caused Chen Xiang's body to be filled with energy.

Amongst the five Beast statue, each of them had three pearls, which were of different colors. They emitted a colorful glow and illuminated the entire dantian world.

When Chen Xiang woke up, even he was shocked. He had never felt that the five Beast statue had such dense vitality, and that they would bring him even more powerful strength.

"Little Scoundrel, you monster, how are you able to condense a Heavenly Core right now? That's something only immortals can have, and right now, you're not only condensing one, but 15," Long Xueyi shouted crazily. She couldn't believe that she was actually condensing a Heavenly Core right now.

Chen Xiang was surprised: "No wonder these beads are so familiar, it is actually a Heaven Pellet!"

Long Xueyi said with a little bit of jealousy, "Your current strength should be at the Nirvana Tribulations. The falling star should have turned into a Robbery power to deal with you, but who would have known that it would be refined by you."

"If I were to pass through the Nine Nirvana Tribulations, each Beast statue would have a total of nine Heavenly Pellets," Chen Xiang said excitedly. "This Heaven Pellet is a little too small."

"You think it's too small? How about you give me a few pills, I will definitely only be able to cultivate Twin Dragon Pearls, you little monster can actually cultivate many pills," Long Xueyi said with jealousy.

Chen Xiang never thought that he would undergo the third tribulation in such a way. Right now, his strength had indeed risen by a lot, but what made him gloomy was that the Celestial Slain Method had only circulated smoothly for a short period of time before disappearing.

Wu Kaiming saw Chen Xiang standing dumbfoundedly on the ground that was covered with layers of skin, and called out.

Chen Xiang regained his senses, and in a flash, he arrived beside Wu Kaiming, startling both Wu Kaiming and Yao Shumei.

"Heh heh, Madam Peach Blossom, we meet again. The fragrance coming from you and your daughter's body is pretty much the same," Chen Xiang shamelessly took in a deep breath, making him snort with a smile.

Yao Shumei had always wanted to talk to Chen Xiang. Although they had met a few times and didn't have the chance to talk about it in detail, it seemed that he didn't need to talk about it anymore.

"Sorry about losing your territory, I couldn't control myself at the time," Chen Xiang apologized.

"That's nothing, you've even helped us a lot," Yao Shumei said quickly.

"Junior Martial Uncle, what were you doing just now?" Wu Kaiming asked.

Chen Xiang scratched his head and laughed: "I was crossing Nirvana Doom, with my current strength, I am still unable to make the stars come down, but I can do that in the future."

Wu Kaiming was shocked. Yao Shumei and Mu Jialan were the same as well, because they were very close to Chen Xiang. At such a distance, it was very easy for them to be dragged into it.

"Don't worry, you guys are fine," Chen Xiang laughed.

Wu Kaiming looked as if he had barely escaped death, and heaved a sigh of relief. He silently cursed Chen Xiang a few times in his heart, to think that he would be able to get through the tribulation in such a situation.

"Madam Peach Blossom, you should get together with us Chen Martial Continent. It will be safer this way, when we return to discuss it with Senior Brother Zun, we can go and suppress them," Wu Kaiming said.

Yao Shumei's face sank as she nodded her head. The reason why Purple Moon Imperial Land and the rest had attracted so many Sky Demons was to make sure that some of the Heaven Devil King appeared.

Chen Xiang said: "If you want to deal with the Purple Moon Imperial Land, you should just go out and deal with them. Leave the ones inside to me, so what if you guys attack here, you should fight them outside to vent your anger."

"I will go and see where the Sky Demons are coming from. We can't stay here forever, I might not be able to defeat all of you, but it won't be a problem dealing with those Heaven Devil King s. Goodbye," Chen Xiang had already had a sense of direction, after devouring so many Sky Demons, he could feel that these Sky Demons had been settling down here with grudges for many years, absorbing a large amount of pure spirit energy to form into their flesh and blood. They possessed strong power, so if they succeeded in transforming, they could still become Heaven Devil King.

Watching Chen Xiang leave, Yao Shumei and Wu Kaiming brought a large group of Peach Blossom Imperial Land's disciples and quickly left.

Chen Xiang not only wanted to find a place where the Sky Demons gathered, he also wanted to find a place like the Purple Moon Imperial Land, which would bring trouble to others with their Sky Demons. If

possible, he also wanted to find a few Heaven Devil King s at the Sky Demons' gathering point and use their own methods to deal with them.

Chen Xiang ran wildly in the Heaven Thunder Purgatory for two days, looking for the place with the densest devil clouds. He did not find anything, but he did find some traces of a huge battle, left behind by Duan Chong and the others.

"Elder Duan brought those guys to wreak havoc everywhere. I wonder how their current strength is," Chen Xiang traced along the remaining weak auras and searched for Duan Chong. These auras were also left behind on purpose by Duan Chong, otherwise, he wouldn't have discovered them.

Chapter 990

Duan Chong brought Yun Xiaodao and the other three out to check on the results of their training, and also to teach them the Duan Clan's secret arts during their battles. At the beginning, it was rather smooth.

Originally, Duan Chong had only suspected that they would meet a lot of Sky Demons when they first arrived, but who knew that when they arrived, they actually met a lot of Sky Demons, and there were even a few Heaven Devil King s who were powerful enough to make them suffer under the pursuit of a large number of Sky Demons.

If Duan Chong didn't have to take care of Yun Xiaodao and the others, he would have stopped his battle with the two Heaven Devil King s. In order to get out of this predicament, he had to leave some of his presence behind so that Chen Xiang could find traces of them.

It would be much easier for Chen Xiang to deal with these Heaven Devil King than him.

Duan Chong and a few other little ghosts were hiding within the wasteland formed by numerous rocks and numerous small mountains. There were also many Sky Demons searching for them within the wasteland.

"Elder Duan, is this the right path?" Why haven't we arrived at the Feng Clan's lair yet? " Yun Xiaodao asked. Originally, they planned to fight against the Sky Demon Army behind while waiting for Chen Xiang to arrive, but when they reached here, Duan Chong suddenly said that he sensed a familiar aura.

Duan Chong said: "There are some traces of formations nearby, I can see that it is a technique that the Feng Clan use, and it is very easy to distinguish the Qi emitted by their Feng Clan!"

B000M!

A small stone mountain about a hundred feet tall was smashed apart by a black humanoid Heavenly Demon's head. The crushed stones flew into the air and fell to the ground like raindrops.

"Damn it, I really want to go out and kill that fellow!" Zhu Rong cursed, and released a type of Innate Qi that was hard to detect, forming a barrier to block the falling stones.

"Don't waste your energy on these things, what we need to do is to lure them to the territory of the Feng Clan, and wait for those guys to come out to deal with these Sky Demons, then we can take the chance to sneak an attack." Duan Chong laughed sinisterly.

"The older the wiser!" Xv Weilong nodded.

"If I'm not wrong, the Feng Clan used the formation plate that they inherited from their ancestors and released an illusionary array to hide them here. I have to think of a way to break this array." Duan Chong said to Yun Xiaodao and the rest, "All of you hide behind this rock and do not run around. If you are discovered, do not retaliate. Those Heaven Devil King s are not something you can handle."

Not long after Duan Chong left, Yun Xiaodao and the others saw a few people flying out from an empty wasteland, attracting the gazes of the Sky Demons.

Lian Mingdong anxiously said: "These are the people from the Feng Clan, they want to lure the Sky Demons away, and do not let them succeed, why is Elder Duan not back yet?"

Rumble

The army of millions of Sky Demons started to rush out, chasing after the few Feng Clan s in the sky.

"We can't wait for him, we have to take action!" Xiao Chou attacked as soon as he said it, the spiritual energy in his body violently surged to his two fists and legs, then he rushed towards the direction in which Feng Clan and the others were flying. He guessed that that was where Feng Clan was hiding.

Xiao Chou's footsteps were like that of a giant at the top of the sky, every step he took caused the earth to tremble. When he started to run, the ground to shake, and the sound of rolling thunder could be heard.

Yun Xiaodao and Zhu Rong both held a long blade in their hands, and rushed towards the group of Sky Demons, sweeping across in the distance, in a short moment, they had cut many gigantic Sky Demons in half.

Xv Weilong used a secret technique of the Lotus Island. A lotus flower petal appeared under Yun Xiaodao's and Zhu Rong's feet, which could move quickly and recover the strength that Yun Xiaodao and had expended, and the barrier that was released also had a strong defensive power. He controlled the two sides, which were carrying Yun Xiaodao and Zhu Rong, to wildly kill within the Sky Demon Army.

Teng Ying flew high into the sky, turned into a gigantic Kylin thunder eagle, flapped his steel wings, and started to swish his blade-like feathers like a storm. Accompanied by astral wind and lightning, he swept across the entire Sky Demon Army, killing a large portion of them with a few blows!

When the elders of Feng Clan saw this, they were immediately angered, and were about to pull the huge army of millions of Sky Demons away, but who knew that a few young men would suddenly jump out and attack the Sky Demon Army, infuriating them!

"Aren't they the little ghosts from Super Martial School? I heard that they have just been expelled. Now, even if we kill them, it's no big deal. " An old man of Feng Clan with a cold voice dove towards Zhu Rong.

"Damn fatty, an old man has attacked you!" Lian Mingdong anxiously transmitted to Zhu Rong and Yun Xiaodao: "F * * k this old fellow to death!"

"No problem!" Zhu Rong and Yun Xiaodao answered at the same time.

Lian Mingdong controlled the lotus disc, bringing along Yun Xiaodao and Zhu Rong as they swiftly moved. At the same time, he also released many white colored lotuses, allowing the little lotuses to strike at the Feng Clan Elder. Although they were blocked by the Feng Clan Elder, the little lotuses still exploded into bursts of white mist.

"Now is the time!" Lian Mingdong and Yun Xiaodao jumped off the lotus seat and flew at an extremely fast speed towards the old man from Feng Clan. Both of them unleashed their strongest and fastest blades, slashing the old man from Feng Clan into the white mist.

"Little bastard!" When an old man in the air saw this, he immediately roared in anger.

"Stop fighting, quickly come over!" Xiao Chou shouted. At this moment he was already blocked by a large array, and was using the violent power of the Great Strength Race to smash into the formation.

The few of them immediately ran towards where Xiao Chou was, with a large number of Sky Demons roaring angrily as they ran behind them. Although they had just been killed quite a number, they were nothing in the millions of Sky Demons that had gathered, not to mention that there were even more devil clouds floating in the sky right now, causing many of the devils to fall down from the devil clouds, as if they were endless. The Feng Clan's seniors looked furious, their eyes were bloodshot and filled with rage.

"These little bastards did it on purpose!" An old man clenched his fists tightly and rushed towards Yun Xiaodao and the others.

Yun Xiaodao and the others were trying their best to break the array.

"The few old fellows are coming down together. Be careful!" Lian Mingdong warned. He released the little lotuses and allowed them to self-detonate, exploding a white mist, and then, using the Duan Clan's secret technique of concealing their whereabouts, he snuck into the group of Sky Demons.

"Little fools, this formation cannot be broken with brute force, it needs to be done with one's brain!" Duan Chong's laughter came out suddenly, followed by the sudden appearance of a city surrounded by thick walls.

Chen Xiang also rushed over at this time, he saw the few elders attacking Yun Xiaodao and the others, but he was not too worried, at this time he also laughed out loud: "Old folks from Feng Clan, you can't even handle a few brats, what meaning do you have in living? Let me end your lives! "
