

# THE DARK AGES

## Chapter 1 - Reborn

“Am I dead? Not willing ...”

Qin Tiange’s consciousness was vague, just remembering to watch his body be devoured by a ten-star wild animal before he died, and finally lost consciousness.

In the dark, consciousness gradually recovered, and what followed was a kind of pain that caused heartbreaking lungs, and his head swelled, almost making him scream.

Fortunately, fifteen years of \*\*\*\* killings in the last days forged his steel-like will, forbearing the pain. He didn’t hum, because he felt something was wrong.

Without opening his eyes, Qin Tiange realized that his hands and feet were tied up, and even his mouth was sealed with adhesive tape, and he was kidnapped.

“Kidnapping?” The thought crossed his heart, shocked Qin Tiange instinctively, and then calmed down quickly.

He felt wrong, wasn’t he devoured by the Ten Star Wild Beast? Why do I still have this feeling of being alive, and my body is \*\*\*\* and unable to move.

Qin Tiange is calm, relying on superior willpower and perception, guessing he is in a car at the moment.

Cars, this kind of transportation, have not been seen for more than ten years in the last days. Recalling the familiar feeling at the moment, he could not help but toss the sky.

“I was born again?” This was Qin Tiange’s first thought, and felt that he was born again, because how familiar this scene is.

Isn’t this the scene of his abduction before the disaster? Also, he didn’t remember anyone else abducted at the time.

Opened a slight gap, quickly glanced around the surroundings through the blurred vision, Qin Tiange closed his eyes instantly, motionless, and even his breathing disappeared.

At this moment, his heart is not as calm as the surface, but the stormy sea, like the rolling waves, is difficult to calm down.

However, after all, he fought fiercely in the last days for fifteen years. He was so heart-conscious that his will had been sharpened as hard as steel, and he calmed down quickly.

确定 He was sure that he was really born again, and returned to today after fifteen years from that last day, the day when he was abducted in the previous life.

I glanced a moment ago, and there was a sleeping beauty lying next to him, judging from the delicate young, beautiful and enchanting face that he was no more than twenty years old. Judging from the dress, this beautiful girl who was also abducted is either rich or expensive, and a world famous brand is not fake.

What surprised Qin Tiange is that he knew this young woman in the previous life. Her name was Chen Xi. In the previous life, the name was extremely loud in the human world. She was one of the five great emperors of China.

外 Outside the car window, the sky was bright and bright. With the faint light, Qin Tiange narrowed his eyes and looked at the girl who was abducted with him quietly.

“She is one of the five emperors, Northern Emperor Chen Xi? No wonder the previous life felt that you looked at me extremely strangely, it turned out to be such a thing.”

At this moment, he suddenly realized that in the previous life, Qin Tiange always felt that the northern emperor Chen Xi, one of the five emperors, looked wrong every time he saw him from a distance. There was an urge to kill him, as if he owed her. It seems that the other person knows herself, but he doesn't know her.

I am now born again, and I understand everything. It turned out that he and Chen Xi, the former emperor-level powerhouse, both knew each other and were kidnapped by each other.

In the past life, when Qin Tiange woke up, there was no one in the car, just him. While he was at that time, he fled into the mountain and walked for about half a day before walking to a nearby town. But when the end of the world has come, countless zombies and mutant beasts have scared him all over him, so he struggled for fifteen years in the last days, and was finally swallowed up by a ten star beast.

Subsequently, Qin Tiange's eyes moved slightly, sweeping the driver's seat and co-pilot in the car, each sitting a burly man.

The big man sitting in the co-pilot position had a scar on his face, known as an old scar. The big man driving the black pickup was a bald man with a horrible face and very vicious.

With this bald head and waist bulging, Qin Tiange knew that it was a gun, because he was abducted with a bald gun pointing at him, and then injected with sleeping pills.

“Rebirth, this life, my future will be more exciting, this life, I want to be the strongest of the last days, this life, I have to travel through the galaxy, looking for the real murderer behind the scenes.”

One thought after another flashed quickly, remembering the scenes of the previous life, Qin Tiange twitched inside, but the surface was extremely calm, unmoved, lying there quietly.

Beside him, the former emperor Wufang Chenxi, the northern emperor Chen Xi, was also lying quietly, breathing smoothly, exuding a faint scent of smell on his body, making people's spirit exceptionally fresh.

Qi Qin Tiange knew that she was awake, but she was just in a coma. He carefully swept the two big men in front, drinking with his bald head while driving, while the scar on the co-pilot always slept his head.

This is an opportunity to escape!

Qi Qin Tiange quickly glanced out the car window and found that the car was driving on a mountain road, depending on the situation, it was driving into the mountain.

He vaguely remembered that in the previous life, it seemed that he woke up not far from the front and found that there was no one in the car, and in fear he cut the rope with the iron piece of the car and fled directly into the mountain.

When he was in the previous life, he had no idea that Chen Xi, one of the beautiful emperors of the North Emperor, had had such a period of experience with him and was kidnapped.

Next, the end of the world came, and from that moment, Qin Tiange struggled among countless zombies and mutant beasts.

As for this life, Qin Tiange glanced at the sleeping beauty next to him, feeling a little bit sad, and at the same time suddenly comfortable, could it be unhappy?

The beauty in front of her eyes is one of the five-level emperor of the previous life. Chen Xi, the northern emperor, is still the only beauty emperor.

Qin Tiange came back, Qin Tiange did not expect his luck to burst, but the first person he encountered was a former emperor-level powerhouse, or a super beauty.

“The emperor developed?” Qin Tiange laughed in his heart. In the previous life, he was just an eight-star star. He was barely a little master, and he was just like Yunni from the other emperor.

Take a good look at the exquisite appearance of the former emperor. This past life is famous for being ruthless. In the past, I heard that she hated men especially. The scum man who died in her hands did not know how many, not ten thousand. There are eight thousand.

Qi Qin Tiange's mouth turned up, and his body suddenly moved, slowly pressing on the body of the former emperor Chen Xi, who was next to him.

The other body was obviously stiff, and the eyelashes were trembling slightly, apparently waking up long ago, but pretending to be motionless.

But she suddenly felt a body pressed up, and Chen Xi's heart was about to stop, but to Qin Tiange's surprise, she was still motionless. Obviously, her mental quality was very strong. No wonder her previous life had become a five-party emperor. One of the strong.

At this time, Qin Tiange's head was in front of Chen Xi, and both of them could clearly feel each other's breath. Suddenly, Chen Xi opened a pair of bright eyes.

In these eyes, there is no wave at all, cold, bright and moving, just like the stars of nine days.

Both had adhesive tapes on their mouths, staring at each other, staring at each other. After a long time, Qin Tiange looked away slowly, stared at each other's cherry lips, and then moved his head slightly. His mouth was tied with the hands tied behind Chen Xi's back. before.

Wu Chenxi's pupils shrank, her body was motionless, as if she knew Qin Tiange's thoughts. Two slender fingers gently squeezed the tape covering Qin Tiange's mouth, and slowly torn open.

After tearing the tape a little, Qin Tiange carefully looked at the bald man in front of him and the old scar, and found that they didn't notice the situation behind the car, and immediately put his head in front of Chen Xi.

The two had big eyes and small eyes, and they were tied backhands by each other. Qin Tiange's body pressed against the other's chest, feeling soft and warm, and his posture was a little weird.

Both of them didn't move, and each other knew that if they wanted to untie the rope, they couldn't make much noise.

At this moment, gently, Qin Tiange put his mouth together, kissed the beauty's mouth gently.

Wu Chenxi kicked her eyes, flashed a little anger, her face turned red, and she was so big that she had never been treated like this by a boy. The youth in front of him was just a bastard.

Yunzi ... Teeth bite the tape and tear it apart slightly, but Qin Tiange, who had just been torn to half, stopped abruptly because he felt the scar in front of him woke up.

He spit out the tape, Qin Tiange looked up quickly, his mouth suddenly bit a delicate hairpin on Chen Xi's hair, and then Mali retracted to his original position, closed his eyes, and remained motionless.

"Bald parking, I drank too much just now, I will go down and put in water." The first sentence of Scar Man waking up was to call bald parking.

"Damn, you have a lot to do, hurry up, otherwise we can't explain it when the boss blame us." Bald cursed, but stopped the car on the side of the highway.

In the back, Qin Tiange didn't move. UU read the book [www.uukanshu.com](http://www.uukanshu.com) and felt that the car stopped. The Scar Man yawned and glanced back, just to see Chen Xi's sleeping graceful posture, and suddenly his lower abdomen rose up. A lust, fire.

The scabbard stared at Chen Xi's perfect figure with bright eyes, and suddenly smiled evilly: "Bald, how about the two of us playing with this chick first?"

"No, the boss and Shao Xiao will blame it." The bald immediately rejected.

Scar Man didn't care about it, hehe laughed: "You don't say bald, I don't say, who knows we played this chick? Moreover, Xiao Shao just explained that we must tie her back, but we can't bang her without explaining Ah, even if Xiao Shao finds out, we will push this matter to this kid. "

Bald hesitated, really he was moved, his eyes glanced at Chen Xi who was pretending to be asleep. Such a beauty is absolutely powerful. The two eyes were gloomy. Looking at each other for the next moment, they could see each other's decision.

"Go!"

The two immediately hit each other, immediately started, got out of the car, immediately stopped and pulled Chen Xi out.

Alas ...

At this moment, Chen Xi could not pretend to go on, and immediately opened her eyes, and whispered a cry for help, but unfortunately in the wilderness here, who will save her?

As for Qin Tiange, who was kidnapped together in the car, watching the other person completely bury his face in the car seat, if there is no breathing, it seems that he is still in a coma, and she is even more desperate to see this.

“Woohoo ...” Chen Xi’s eyes widened, full of fear and despair, and the two big men with bald heads and scars smirked and pulled out of the car and dragged them into a bush next to them.

In the car, Qin Tiange slowly got up, his icy eyes stared at Chen Xi, who was drawn to the bushes through the door, and his heart flashed.

He finally understood why he didn’t see anyone in the car when he woke up in the previous life. It turned out to be this way.
