On the top of the tower, a figure quietly approached, leaped forward suddenly, and rushed up.

“Ga ... help, help ...”

The colorful parrot screamed in shock, his feathers exploded, and his flapping wings were about to fly. As a result, the man flung himself under him, then his arms clenched his wings.

The sudden change caused the colorful parrot to frighten its hair, and the feathers on its wings shook off a few, struggling, and turned its head with a sharp beak to peck at the person pressing it.

boom!

A fist was knocked down severely, and a bang, the colorful parrot screamed, his head was hit on the ground, his eyes were full of stars.

“Kill, kill, mother help, help ...” The colorful parrot was incoherent, and in horror he opened his mouth and screamed.

It was horrified to find that it was actually the Qin Tiange who laughed at the person who was holding it down with the flock of birds to laugh at and laugh at him.

“Hey ...” Qin Tiange held the colorful parrot tightly, hey sneered, and fisted the head of the colorful parrot fiercely, making the other party scream.

“Ga ... don't ... ga, don't hit the face ...” The colorful parrot screamed, his wings guarding his head, but he was beaten hard with a fist, and he couldn't find it.

The regret in his heart, angry, but unfortunately caught by Qin Tiange's death, he couldn't get up at all, and even struggled a little.

The power of forty-four people was on the body, Qin Tiange punched, and a dull dumb noise came, accompanied by a miserable cry of a parrot. The sound was extremely desolate, and the smeller was sad.

“Stupid bird, please call again, please enjoy it!” Qin Tiange chuckled, and after a punch, suddenly grabbed the feather of a wing of a colorful parrot, struggling.

“Ga ... don't!” The colorful parrot was terrified and screamed.

As soon as I saw it, Qin Tiange grabbed a feather and pulled it out with a smile on his face: “You silly bird, didn't you feel proud just now?”

“Yeah ... you call again!” As he said, Qin Tiange grabbed the feathers on his wings and plucked them, pulling them out one by one.

“Ga ... help ... kill it!” The colorful parrot was struggling fiercely, screaming in horror, but unfortunately still unable to escape Qin Tiange's repression, and watched his feathers of one wing stripped away.

Pain, the endless pain made him crazy, and a horrible nonsense uttered in his mouth: “Don’t, don’t pull out my feathers, my beautiful feathers.”

Qin Tiange sneered with his face, opened his bow with his left and right hands, pulled up a handful of feathers and sprinkled it all around, and said fiercely in his mouth: “Stupid bird, I make you proud, I make you laugh, I let you hunt me down”

The feathers were bright and shiny, and a little bit of blood stained them, so that the roof could continuously fall down. With the screams of screams coming from the roof, people who didn’t know thought someone was being abused.

But on the top of the building, it was a parrot, a two-meter-long mutant parrot, with five-colored whole body and smooth and bright feathers, but unfortunately was being plucked by a person.

“Rao Ming, Rao Ming, my brother is wrong, my baby is wrong, I dare not ...” The colorful parrot finally panicked and was afraid, because all the wings and feathers had been stripped away, and the remaining bare meat wings and blood stains Speckled.

He squinted at Qin Tiange and plucked out the feathers of another wing. He immediately panicked and screamed, his mouth begging for forgiveness, his eyes full of panic.

“Begging for mercy?” Qin Tiange smiled, smirking like a demon, and hummed: “I only know begging for mercy, it’s late, watch me undress your feathers and bake you to eat.”

He said, he also licked his lips, his eyes brightened, and looked at the colorful parrot as if he saw a roasted chicken, which scared the parrot.

“No, no ... Big brother, big brother, spare your life, don’t eat me, don’t eat me, my meat is not delicious, it’s not delicious at all, really, don’t lie to you.” The colorful parrot was frightened, and burst into his mouth. There was a fierce cry for mercy.

It’s scared. The person in front of him is too scary. He is just a demon with no love at all. When he sees such a beautiful person, he can’t bear to hurt. He has to bake it. He’s not human.

Qin Tiange was unmoved, and started to work with both hands. His five fingers clasped a handful of smooth feathers and pulled it out. The pain caused the colorful parrot to cramp, and almost rolled his eyes and passed out.

“Aren’t you terrific?” Pulling up the last blue feather, Qin Tiange chuckled and said, “Look at you still, how can you fly, how can you fly to me?”

After saying that, Qin Tiange stood up and lost the last feather in his hand. At this moment, the released colorful parrot was breathing there, a pair of wings were smooth, without a feather, and the flesh was blurred.

All the feathers on its wings have been pulled out, and it looks extremely miserable. It can’t fly without its wings.

“Wow ... Mom, I want to go home, baby is going to go home ...” The colorful parrot looked at his slippery and **** wings, and cried wow.

It was crying like a heartbroken, the listener moved, the smeller shed tears, and the cry made people want to be infected and jumped to the death, but Qin Tiange was unmoved.

boom!

Qin Tiange got up impatiently with one foot, stepped on the back of the colorful parrot, and sneered: “Stupid bird, weren’t you pretending to be too stressed? Why are you crying now?”

He was sore in pain with his foot kicked, and listening to his satire, the colorful parrot could not wait to bite this abominable bastard, but unfortunately it couldn’t.

The foot on his back was very heavy, carrying forty-four people, so that it could hardly breathe, and even felt that the back bones began to crack.

“No, no, I do n’t want to, I do n’t pretend, forgive me, forgive me, and the baby will never dare.” The colorful parrot was frightened, and it continued to spit out words asking for mercy.

It was very scared in his heart, he was really scared by Qin Tiange, his wings were stripped, and now he ca n’t even fly away, let alone one of its wings is half folded and injured.

Now, the feathers of the wings have been pulled out. It is impossible to run. The only worry is that they are roasted by the demon in front of you. That’s fun.

“What’s the use of you? It’s better to roast it. Seriously, I’ve never eaten parrot meat. I don’t know how the mutated parrot meat tastes?” Qin Tiange said as he licked his lips and his eyes were green. The light is extremely scary.

The colorful parrot was terrified, shook his head and shook his body his body shivered, the blood on his slippery wings continued to penetrate, ticking and ticking a lot of the roof.

“Boss, forgive me. My meat is not delicious. The taste is sour and astringent. It is not delicious. Really, you are my mighty boss. You really have the heart to eat your cutest and smartest obedient. Brother? “

The colorful parrot suddenly changed his appearance, his eyes were filled with tears, and he looked at Qin Tiange pitifully. The expression was as vivid as the expression was vivid, and the voice was pitiful.

When Qin Tiange opened his mouth to say something, a terrible growl suddenly came not far behind him, and the colorful parrot was shocked, and his body was curled up.

Qi Qin Tiange turned and looked, and his pupils suddenly shrank, and saw a huge figure of five meters high, standing on the opposite high-rise building, his eyes blood-thirsty and cruel looking at this side.

Qi Qin Tiange looked dignified and murmured, “Four-star giant, I am not an opponent for the time being, or I will go first.”

Having said that, he grabbed the neck of the parrot with one hand and lifted it, then kicked with both feet. The whole man leaped up with the parrot, jumped to the top of another building, and then jumped up and down, suddenly jumped to the A corner of the street disappears here quickly.
