

Dark Ages 541

Chapter 541 - Secret of the first epoch, the mood changes

In the secret state, Qin Tiange sat there, motionless, and his consciousness had been immersed in the long memories of the old man, unable to extricate himself.

In front of him, nine ginseng dolls quietly left, leaving only the old man and Qin Tiange to sit quietly facing each other.

The old man looked serious, and looked at Qin Tiange in the long memory in front of him, and murmured, "This is a weird man, I can't even understand it, and he has the breath of my brother ..."

Talking, the old man's complexion changed, and then he waved his hand, and there was a light mirror in front of him. The inside was brilliant and a touch of glowing light appeared.

"Zhenyuan, have you met him?"

In the light mirror, a cold word came out suddenly, it was a woman's voice, extremely mysterious.

I saw, a cloud of light emerged from the light mirror, and a jade coffin appeared faintly. A mysterious peach tree took root, which was the undead peach tree.

The old man was named Zhenyuan, and he looked dignified and asked, "Yaochi, has my wise brother Qianyuan fallen?"

As soon as this word came out, there was a silence in the mirror, and then a sigh came: "Yes, the Qianyuan has fallen, and this young man in front of you brought his remains to Kunlun for burial."

"Did it fall?" After listening, Zhenyuan was a little bit astonished, as if he had fallen into a long memory, with a touch of sorrow.

Alas ... for a long time, he sighed and murmured: "After all, Qianyuan still failed to survive, this is his hit ..."

"Zhenyuan, what do you think of this ethnic young man?"

Soon, the sound of Yaochi came from the mirror, and the undead peach tree trembled gently, emitting a faint light.

Zhen Yuan looked serious, glanced at Qin Tiange, and expressed his views.

He shook his head first, and said, "This young ethnic man, who has the emperor's purple spirit, is more like a human being, and seems to be one of the emperor candidates of this era."

"Yes, I can see that." Yaochi's voice was flat and mysterious, showing an inexplicable breath.

I saw, Zhenyuan frowned slightly, and said, "However, this man is too murderous, and there is a terrible horror in his body, and he may have lost himself."

"Either the clan emperor of the human race has strong killing power, otherwise there is no need to worry about how to deal with the starry hundreds." Yao Chi has different opinions.

Zhen Yuan glanced at Qin Tiange and said suddenly: “Did you not realize that this son killed too much? The stele who inherited the stele from the human race rejected him, and it seems that he has not recognized him as one of the candidates.”

“No, in my opinion, that is a test. Since you and I have the intention to support the human emperor of this era, then do everything to prepare, what is the killing?” Yaochi said indifferently.

In the mirror, the jade coffin glowed slightly, and there was a shadowy figure in it, which looked extremely mysterious.

Whether it is Yaochi or the Zhenyuan in front, it is an ancient existence that survived the previous era, extremely powerful and mysterious.

“Now that you have chosen it, you should cultivate it well. If he becomes a tribal emperor in the future, it will be of great benefit to you and me.” Yao Chi’s words were reminded with a hint of warning.

Zhen Yuan smiled bitterly and said, “You don’t have to remind me. I know this very well. The birth of the clan emperor of the human race is not so well blended. If it is not good, we all need to be turned into fly ash.”

“So, give him that long memory of yours, and let him understand himself and transform his mind in it?” Yaochi asked in amazement.

Zhenyuan nodded and sighed: “You also know that the human spirit inheriting the stele of the stele must not allow any foreign race to intervene in the selection of the tribe of the emperor. That is to provoke the anger of the stele. By then we will have no good fruits. eat.”

“This son has gradually lost his nature. Once he is allowed to let go, the consequences will be unthinkable. Only by immersing him in the ancient secrets and memories of the previous period can he realize his true meaning. Only by understanding what is a human race and what is an emperor Before being eligible to compete for clan crown. “

“Yes, the human race in the previous period, including us, lost too badly. The immortals were extinct, the gods fell, the human race was withered, and they were almost destroyed.” Yaochi sighed and said this terrible secret.

In the last era, there was a war of extinction, which led to the extinction of all the immortals, all the gods were extinct, and even the human race was almost extinct.

“We interfered with the birth of the Terran Emperor in this way, will we be counterattacked by Bei Ling?” Zhenyuan was worried in his heart.

However, Yaochi said, “Don’t worry, this man is emperor purple, and even has a majestic Qiang nationality. It must have received special attention from the stele, otherwise he would not get such a huge luck. “

“Why did Beiling refuse to enter the examination?” Zhenyuan was puzzled.

Without entering the assessment, Qin Tiange will not be able to become a king recognized by Bei Ling in the future, or even an emperor or even an emperor.

How does this compete for a more ancient and powerful clan emperor?

“The internal calculation of the human race and the human race, the human race emperor of the previous period, the heroes are very talented, it seems that they have already seen some pictures of this period, there have been arrangements for the backhand, you and I can help from the side, not too deep It involves the internal affairs of the human race, otherwise it will lead to backlash. “

“Remember!”

After Yao Chi finished speaking, the light mirror gradually disappeared and disappeared. Only Zhenyuan was left, and his eyes looking at Qin Tiange became a little different and extremely complicated.

He and Yaochi are not human beings, but they are ancient creatures, one is the undead peach tree, and the other is the undead ginseng fruit tree.

“It depends on your own fortune to succeed.” Zhen Yuan sighed suddenly.

At this moment, Qin Tiange is sinking into that vast and long memory. He has experienced Supreme Master and things in it and witnessed the ancient secrets.

In those ancient years, he saw the people of the previous period, powerful and prosperous, and he saw that the people were a little stronger from nothing.

I also saw the human race that was strong at the same time, and it declined a little bit, as if the human race reached a limit, it directly declined and almost destroyed the race.

As if he had experienced the horrific catastrophe in person, hundreds of stars and thousands of people participated in that catastrophe.

He saw all kinds of powerful creatures born naturally, known as the gods, all falling down. There are all kinds of cultivating all kinds of aliens, claiming to be immortals, and they have all died under the catastrophe.

Even the strong human race died under the catastrophe, and almost destroyed the race. As for why, Qin Tiange couldn't see it, because many things and secrets in the memory had never been revealed.

However, this is enough to shock Qin Tiange inexplicably. The whole man is immersed in this long time, constantly wandering, feeling back and forth again and again, and gradually, he has undergone an inexplicable change.

Many insights and consciousnesses have changed. He has seen many things from the previous period and witnessed various secrets. His vision has changed.

In other words, his mind is changing quietly, and his spirit and spirit are different.

Uh ...

I saw Qin Tiange's body suddenly overflowing with a terrible horror, fierce, full of endless resentment.

"It's so strong, at least millions of people have been slaughtered ..." Zhen Yuan twitched his face, watching Qin Tiange's horrible evil spirit.

This ferocious gas is completely accumulated by the slaughter of countless souls. If this continues, the more souls Qin Tiange slaughters, he will be completely lost at that time, and will be bitten back by this ferocity.

However, what happened to Zhenyuan soon happened, and I saw that this ferocious gas had just swelled out, and was swallowed up by a black particle.

That's right, it's swallowed up. The fierce gas on all sides is completely swallowed up by a black particle, and then grinded and spit it out again.

boom!

The majestic fierceness and endless grievances have been refined and become part of Qin Tiange's body. It is extremely docile, and there is no possibility of backwashing.

"This ... the power of space?" Zhen Yuan was surprised, his eyes flickered slightly, and Qin Tiange's eyes changed slightly.

In his vision, the power of space was seen through at a glance, and it was only when he saw it that he was shocked. This was a taboo power.

Life that has the ability to have space talent is also very rare in the universe. As for cultivation, it is not a gift of talent to understand space applications.

Talent is inherent, as if by instinct, from the power of that instinct. What is called the power of taboo is the power of talent.

Qin Tiange swallowed the Eight-Big Snake and gained the opponent's space-forbidden talent, which naturally became his talent.

"Interesting, it seems that the competition between the people and clan emperors of this era is more interesting." Zhen Yuan suddenly laughed and muttered to himself.

Later, he found that Qin Tiange's breath gradually changed from inside to outside, and he immediately realized that Qin Tiange had gained his own feelings from that long memory, and his heart had changed.

call...

I don't know how long in the past, Qin Tiange, who has been immersed in that long and long memory countless times, finally woke up.

He slowly opened his eyes, and a vicissitudes filled the air, and the silver dots and black dots were constantly intertwined, revealing a weird and terrible breath.

“Ancient and mysterious ... Human race ... Hundred races ... Thousand races ... Havoc ...”

Qin Tiange's eyes were dazzling, revealing a brilliance of wisdom, as if he had felt himself from that vast memory, learned a certain kind of wisdom, and obtained the transformation of himself.

It's like the precipitation of time, let him completely change his soul and mind, the will has been tempered in this long memory, more indestructible.

“Thank you Senior Zhenyuan!”

Qin Tiange stood up and bowed his hand gently to thank him, but Zhenyuan moved away without accepting the gift of him, which made him feel a little surprised.

“Little friend, don't need to thank me, I actually want you to help me in the future. I hope the little friend will not blame me for having ulterior motives.” Zhen Yuan said frankly.

Qin Tiange came out of that memory, and he already understood that Qianyuan, the strong human race guarding the deserted frontier, was the brother who worshiped Zhenyuan in front of him.

Unexpectedly, Zhen Yuan turned out to be so frank, and made it clear that he was helping him for certain purposes, which made Qin Tiange feel better, at least the other party didn't hide his purpose.

“Xiaoyou, this is the undead mystery condensed from my body. I will give it to my friends. I hope that my friends will remember what I have to ask for in the future, and I will be able to help one or two.” The strong fluctuations came as shocking.

This is the immortality!

Chapter 542 - Immortal upright, truly immortal

Immortality is the real immortality.

Qin Tiange did not expect that Zhen Yuan even gave him a mass of immortality. Such things are definitely not easily available.

Unless you can kill a soul who understands the immortal upright, and then swallows his soul, you can peep into the immortal upright.

However, after realizing the undead soul, it is truly immortal. Without accidents, he is truly immortal.

Of course, immortality is not immortal. In fact, ancient strongmen like Zhenyuan have actually experienced self nirvana several times.

They did not survive to maintain their original strength, but used powerful wisdom and means to seek alternative rebirth.

For example, the undead peach tree re-forms into an undead seed again and again, preserves ancient memories and a part of energy, and then re-roots and sprouts to obtain a new life.

Like Zhenyuan, he survived from the previous era and is not complete. He just reborn from Nirvana and inherited the huge memory and part of his energy and perception.

This makes Qin Tiange have a lot of speculations. On the earth, there are still a lot of ancient and powerful lives that have been prepared from the previous era and reborn.

“Thank you for your elders. If you have any further requests, you will not quit.” Qin Tiange took the immortality upright and made a promise.

He can see that Zhenyuan is investing in him. It seems that he has to make some preparations. He may ask for him in the future. Although this is not very clear, guessing can guess the key.

“Senior, juniors leave first.” As he said, Qin Tiange said goodbye to Zhenyuan, the ancient soul.

He left here and saw the old ginseng at the exit, the latter saluting with respect.

“There are old ginseng who took me out.” Qin Tiange nodded with a smile.

“Don’t ...” The old ginseng looked terrified, and then said, “The master ordered, please follow my secret.”

Speaking of this, the old ginseng essence led Qin Tiange to leave this secret state. Before leaving, Qin Tiange looked back at the huge ginseng fruit tree and felt a little bit emotional.

This time, I didn’t expect to be able to understand the many secrets of the previous era, but also gained unimaginable benefits from it.

These opportunities are unavailable. If Zhenyuan does not allow him, he will not be able to obtain the long and vast memory of the other party and appreciate the vast grandeur of the ancient era.

The transformation of the mind has made Qin Tiange’s vision different. Originally, he was gradually lost in the expansion of that power, the expansion of ambition, and the countless killings.

But now that he is awakened by one stroke, he realizes his true meaning and has been transformed. In the future, he will see more clearly how to go his own way.

“Farewell!”

Qin Tiange nodded, his body emptied, flew out of the valley, and left the place.

The old ginseng looked at the leaving Qin Tiange, his eyes flickered, he shook his head with a bitter smile and turned into the secret place. Soon, the entrance of this secret place gradually disappeared and never appeared here again.

Leaving the mystery and valley, Qin Tiange flew quickly, directly out of Changbai Mountain, and entered Huaxia territory.

He first found a hidden mountain, plunged into it, penetrated the underground cave, and quietly entered it.

This is to understand the meaning of immortality. These things can’t last forever. We must step up to understand the immortality, otherwise it will be useless.

“Undead Uprising ...”

Under the cave, Qin Tiange sat alone on his knees, and the surrounding cracks were staggered, protecting his safety.

He carefully took out the immortal upright gift that Zhenyuan gave, with such a touch of excitement, as long as he understood the immortal meaning in it, he must have a qualitative transformation and promotion of his immortal body, and he could definitely achieve true immortality in the future.

The so-called immortality is immortality. In short, this is the real fear of immortality.

If you smash the body, smash the soul, and have the undead uprightness in your body, then you can recover again, and you will never die.

“Let’s start ... let me see, the so-called true immortality ...” Qin Tiange muttered, swallowing the immortality with an open mouth.

I saw that he closed his eyes and opened a long understanding. For the undead uprising, he was the first contact.

As he swallowed the undead mystery, the soul will growl frantically, wrapped in two kinds of taboo power, directly invaded the undead mystery, and madly learned the true meaning of it.

With the power of space particles and time taboos, coupled with Qin Tiange’s 100% development in the field of the brain, realizing that speed is a terrible cry.

In a blink of an eye, he grasped the true meaning of the immortal meaning, gradually deepened his understanding, and interpreted it a little bit.

As he realized the meaning of immortality, the immortal body began to boil, and the immortal forces began to erupt, and the immortal substance poured out, constantly forming various strange scenes in the body.

The strands of undead matter are intertwined and entangled in the cells of the body. Gradually, they turn into a strange pattern, imprinted in the gene chain, and change the level of the gene.

If you want immortality, you must achieve cell immortality. One cell, two cells, more and more cells are changed by the influence of immortality, and gradually form a strange existence.

As if these cells can’t be killed or twisted, no energy or matter can destroy these cells. This is the true meaning of immortality.

In the battle, the enemy is powerful, but he can’t kill you, that feeling must be crazy.

Uh ...

Suddenly, a strange thread emerged from the surface of the body, spreading the whole body, like a large mysterious net, firmly imprinted on the flesh.

This is an immortal pattern, interwoven with undead matter, which changes the original characteristics and grade of the immortal body, and gains improvement and transformation.

Qin Tiange’s consciousness is immersed in the vast ocean of immortal uprights, and he tirelessly learns these upright knowledge to realize the real immortality.

I don't know how long in the past, when the mission's undead mystery completely disappeared and the mission was completed, Qin Tiange also woke up from deep understanding.

"It turns out that this is the real immortality ..." Qin Tiange sighed softly, mumbling to himself, eyes bright.

He realized the immortality and obtained the true immortality, thus transforming his immortality and gaining a strong promotion.

At this moment, the immortal body is different from the past. There is an extra meaning. Mysterious is very, that is, the immortality.

With the immortality, Qin Tiange understands that as long as he grows up in the future, he can get truly immortal and even peek into the immortal door.

"Both talents in time and space have made great progress, and the heritage is deeper." Qin Tiange smiled with satisfaction.

This time the harvest was huge. In Zhen Yuan's long memory, he has a great understanding of the two talents of time and space.

Now, it is even more comprehensible to eat the immortality upright, and the immortal body is promoted again, becoming more powerful and terrible, which makes him excited.

Of course, with the change of mind, Qin Tiange has become more and more indifferent, his eyes reveal the meaning of seeing the vicissitudes of the world.

Didi ...

At this moment, a reminder was uploaded from the wrist. Qin Tiange looked down and found out that it was the information from the personal terminal.

Opening it up, he was surprised that Chen Guodong who contacted him turned out to be Beijing.

"Leader, what are you looking for?" Qin Tiange connected, looking at the projection that appeared in front of him, and saluting him seriously.

Chen Guodong looked serious and said after a ceremony: "Admiral Qin, there is something I have to ask for your help when I suddenly contact you."

"What's the matter, please tell the leader!" Qin Tiange looked at him, secretly guessing what had happened?

I saw Chen Guodong simply tell the story: "It's like this, our people suddenly found an abnormality one hundred kilometers northwest of Shangjing in the last two days."

"There is an inexplicable energy magnetic field there, and all the teams that were filmed are missing, and no one can see life or death." Chen Guodong said this seriously.

Qin Tiange was surprised, remembering that Ji Ji had said that a mysterious magnetic field activity was detected 100 kilometers northwest of Shangjing, and now it seems that something really went wrong.

However, he guessed that the mystery should be born, and then said, "Leaders don't have to worry. I guess there should be some mystery, and preparing for this world will cause such huge fluctuations."

"Don't send someone in, wait for me to make a decision after checking it out."
Qin Tiange said his opinion.

Chen Guodong nodded, relieved, he said, "I'm assured that you have said this. At present, I have assembled the ten strongest members of the Beijing military and are going to investigate. Then wait for you to come and talk. . "

"Okay, I'm going now." Qin Tiange nodded, and cut off the contact between the two after speaking.

Closed the connection, Qin Tiange was standing in the underground cave and meditating on this matter, and he had already guessed what it was there.

In the previous place in Beijing, there has been a huge mystery that directly integrates into the earth's space, thus becoming a world.

He has not been to that secret place, because there are at least ten-star powerhouses to enter there, and people below ten-star are restricted from entering.

"Looks, is Floating Heaven Palace going to be born?"

Qin Tiange murmured, waving his hand to loosen the cracks in the surrounding space, and the body turned into a black particle and disappeared.

He left the underground cave and rushed to the Shangjing base as fast as possible, where many experts have gathered.

Both the military and the civil masters have heard the wind, and all come together, even some masters from other bases have come.

The birth of the mystery is a big thing, and many masters realize that the opportunity has come. In particular, some strong men who have entered the mystery know more about what this means, which is the meaning of treasures and opportunities.

It didn't take long for Qin Tiange to arrive at the Shangjing base, and at his current speed, naturally it didn't take long to rush to the Shangjing base.

Chapter 543 - 9 stars, 1 palm, 1 appalling

boom!

Over the base of Shanghai, the two figures staggered like lightning, slamming each other, and a terrible blast erupted, alarming all parties.

That was the fierce battle between the two powerful men, which attracted the attention of all parties, and many of them watched the battle.

“Who are these two people, so powerful.”

“Look at that man, his thunder is shining, like a thunder, it's terrible.”

There was a lot of talk in the crowd. One of the two strong men watching the fierce battle in the sky was surrounded by amazing lightning.

That man was very powerful, possessing the power of thunder and lightning, manipulating the thunder to attack his opponent, and extremely powerful.

The other person surrounded the light blue flames and waved their hands in flames, sweeping in all directions. The intense heat made many people unbearable and retreated.

“Ye Xuan ... Hey, is that Lei Cangtian?”

Qin Tiange, who had just arrived in Beijing, just saw this scene. He looked in surprise, and saw the figure of the firelight soaring into the sky. It was Yexuan who had dealt with it.

And the other one, Qin Tiange naturally also knew, this person is named Lei Cangtian, is one of the five emperors of previous lives, Lei Emperor.

Lei Cangtian, arrogant, awakened the power of the ancient thunder, and was irritable, and he would move with others.

Ye Xuan also changed his character because of the power of the flame gene. Both are hot characters. Once they meet, it is a fierce battle.

“Ye Xuan, today I want to see if your flame is strong or my thunder is powerful.”

In the air, Lei Cangtian drank like a thunderous burst. The sound of rolling sounds caused many people to feel ear pain.

As soon as the words fell, I saw a thunderstorm coming together, turning into a huge thunder gun in his hand, fiercely splitting into Ye Xuan.

The splendor of mighty power and the power of thunder were extremely violent. Even Ye Xuan had to take it seriously. The blue flames boiled in his hands, condensing into a blue flame sword in his hands, and a sword was cut up.

With a loud bang, the flames splattered and the thunder and lightning broke apart. The two forces collided, and turned out to be half a catty. The powerful energy and the aftermath of the battle poured into the base of Shangjing, causing huge damage.

“Nine stars?” Qin Tiange squinted his eyes and watched the two men's fierce battle indifferently. From the energy burst out from them, they were all nine stars.

In other words, Ye Xuan and Lei Cangtian both have condensed the star core and been promoted to a nine-star master, which has to be said to be extremely powerful.

Qin Tiange took a look and found that on a building in the center of Shangjing Base, Chen Guodong, the leader, stood there watching the battle, and a large group of strong soldiers gathered around him.

“leader!”

Qin Tiange flew directly to him and quietly appeared in front of Chen Guodong. He was shocked by all the commotions surrounding Chen Guodong and protected it.

A group of masters, all extremely powerful, the weakest are seven-star, nine eight-star strong, plus a middle-aged nine-star master wearing a robe, looking at Qin Tiange vigilantly.

“Admiral Qin, you happen to be. Look at these two people, how to stop them. Fighting like this will cause great damage to the base in Shangjing.” Chen Guodong saw Qin Tiange’s eyes brightened and waved Let people around.

Hearing Chen Guodong’s words, the dozens of army masters here were inexplicable, looking at Qin Tiange, the youngest general in China.

“Leader, both of them are nine-star masters, and they want to prevent them from joining the battle if they are both nine-star masters.”

Qin Tiange said, his eyes consciously or unintentionally scanned the nine-star master next to Chen Guodong. The warrior could have shocked the latter and felt intense oppression.

This is not intentional by Qin Tiange, but a powerful aura that naturally emerged after the last transformation of the mind, that kind of self-confidence seems to bring strong pressure to this nine-star master.

“Introducing you, this is our first master in the Beijing military, Wu Changkong, who is a master of martial arts, just broke through the nine-star level.” Chen Guodong made an introduction.

“This is General Qin ...”

Qin Tiange was slightly surprised. He looked at Wu Changkong and bowed his head slightly. He was greeted with a look of indifference, as if he had a kind of aloof character.

“Admiral Qin, listen to the leader saying that you are strong. We will learn from each other when you have time. What is your experience in the exchange?” Wu Chang was a little unhappy, and I felt that Qin Tiange was a young man with no eyes.

Hearing this, Chen Guodong was a little displeased. You said that you were okay to find a general to discuss with you. What do you want to do?

Instead, Qin Tiange nodded, and he didn’t care, and said, “Yes, since you want to learn from each other, find a time for you.”

“drink!”

“Tian Lei is dead!”

“Burning mountains to cook the sea!”

Two loud drinks came, and Qin Tiange and others looked at him, and saw that the two strong men, Lei Cangtian and Ye Xuan, broke into the Xeon force and slammed together.

A thunder, a light blue flame, collided with each other, sending a terrible shock, the broken flames falling, causing great confusion, and even igniting the fire.

The scattered thunder splits hurt a lot of people, and there was even a large stream of flames and thunder coming from the east of the country. Qin Tiange couldn't help frowning, and was a little dissatisfied with the performance of these two people .

This is Shanghai, and the leaders are here. They are fighting with no scruples, regardless of the lives of others.

Humph!

With a cold hum, I saw the flames trembling from the sky, and quickly integrated into Qin Tiange's body like a docile cat.

And those thunders, accompanied by a cold hum, were directly scattered in the sky, and every bit could not land.

“Stop it for me!”

Qin Tiange vacated the air and spread his voice throughout the Shangjing base, immediately attracting the attention of Ye Xuan and Lei Cangtian.

The moment he saw him, Ye Xuan's complexion changed slightly, and a slight change apparently occurred, but Lei Cangtian looked disdainful.

“You tell me to stop and stop, who do you think you are?” Lei Cangtian was proud and even threw a thunder gun violently at Qin Tiange.

The sharp pierced the thunder, the thunder gun broke, and a thunderous thunder was heard, deafening.

“Look for death!” Qin Tiange looked so cold, reached out and pointed out, only to hear a click, the thunder gun crashed on the spot.

Immediately afterwards, a mysterious atmosphere swept through, Lei Cangtian's complexion changed greatly, the crisis instinct caused him to explode to the limit, and the power of nine stars was condensed in his hands.

As a result, before being bombarded, his body was imprisoned inexplicably, or he was imprisoned, including the surrounding space.

“There is a sky outside, and there are people outside of you. You fight in Shanghai without any fear, which has caused a huge impact and almost even hurt the leader.”

Qin Tiange expressionless, said this sentence coldly, let Lei Cangtian look wild, but can not move.

“You, what did you do to me?” Lei Cangtian looked horrified, no matter how shocked the power was, he couldn't move.

Even the Thunder was imprisoned inexplicably. This strange situation scared him.

Even Ye Xuan on the side was shocked, and the cold sweat on his forehead ticked down and stayed, because he was imprisoned together.

The force of imprisonment in space can not be broken at will. Qin Tiange directly imprisoned Ye Xuan and Lei Cangtian with space imprisonment.

“Hurt innocent, destroy business, be punished!”

Qin Tiange walked step by step to the ten meters in front of the two, and his voice just fell. With countless people’s shocked expression, he patted it with one palm.

With a bang, Ye Xuan screamed and was photographed high in the sky, and slammed into the ground three meters deep, revealing a human-shaped pothole.

hiss!

Seeing this, countless people drew air-conditioners, secretly horrified, many hidden masters of all parties were frightened, and were frightened by Qin Tiange’s method.

Especially Lei Cangtian, I know Ye Xuan’s strength is the strongest, but I didn’t expect to be slapped by this young man.

Moreover, the two were imprisoned by an inexplicable force. When they think of him, they feel hairy, and then they realize that there is a sky outside, and there are people outside.

“Destroying the Shanghai base arbitrarily and openly challenging the majesty of the leaders of Shanghai. There is no one in your eyes. You almost hurt the leader. You go down and reflect.”

After Qin Tiange said quietly, he raised his hand gently, and patted him in the void in front of him, just a slap.

With a loud bang, Lei Cangtian’s body was hit high in the air, and he directly hit the ground, smashing a huge pit, lying inside, struggling to get up, bleeding from the corners of his mouth, and the clothes grill on his body was in bad condition.

At the same time, Ye Xuan also got up, their faces were unsightly, they were imprisoned inexplicably, and then Qin Tiange took a shot with a single palm. It felt bad to have no fight back.

“You two, can’t you come and admit your mistakes with the leader?” Qin Tiange condescended, and indifferent words revealed a mighty majesty, as if a king was presiding over the world.

Ye Xuan’s complexion changed, and she said nothing, went straight to Chen Guodong, and confessed her mistake.

What about the strong, dare to be savage in Shangjing, that is to despise the current leaders, they must be sober, and do not think that with strength, they can do whatever they want.

Especially now that there are masters from various quarters in Beijing, as well as various new rising powerhouses, all of them are full of anger and everything, Qin Tiange does not want to see this.

“Leader, Ye Xuan, willing to serve the country and the nation.” Ye Xuan spoke directly, surprised Chen Guodong.

He nodded with a smile. Weirdly looked at Qin Tiange in the sky, but he did not expect that he would break the arrogance of two strong men, even directly made Ye Xuan the strong. The person swore on the spot.

However, Lei Cangtian’s complexion was unpredictable, his body was intertwined with thunder, and his eyes were full of fury, staring at Qin Tiange.

“Not convinced?” Qin Tiange looked down at Lei Cangtian, and his voice penetrated into the sea of consciousness of Lei Cangtian with a certain force, which almost shocked him.

“Serve, I’m convinced!” Lei Cangtian looked pale, lowered his proud head, and directly admit.

Just kidding, in a word, an eye almost made him lose his consciousness. This strong man must not be provoked. Lei Cangtian is proud, but he is not stupid.

“very scary!”

Wu Changkong’s face was dignified, his eyes radiated a fine light, and his heart was unable to calm down for a long time like a stormy sea. Immediately he thought of what he had just said, and couldn’t help showing a bitter smile.

The two nine-star powerhouses were photographed by Qin Tiange in this way, which was horrifying. The hidden experts in the entire Shanghai base were frightened and shocked.

Chapter 544 - Make a Doomsday Navigation Light

With Qin Tiange taking a nine-star shot, Ye Xuan and Lei Cangtian were honest, and their arrogant heart was completely broken.

The strong men from all sides hidden around him moved and looked at Qin Tiange’s eyes, all looking dignified.

“Leader, here comes the strong.”

By the side of Chen Guodong, the nine-star middle-aged strongman Wu Changkong whispered softly, and saw all the figures coming out of the sky.

They no longer hide, because the appearance of Qin Tiange has made these hidden strong men feel uneasy.

Especially those who had dealt with Qin Tiange before, all felt an invisible pressure and had to come out, and it was a bit inexplicable to hide again.

“leader!”

“salute!”

A group of young strong men, wearing armor, stopped shortly before Chen Guodong, saluting Chen Guodong seriously and seriously.

These people are all powerful, young generation outstanding, is the rising star of China. Whether they recognize Chen Guodong as a leader or not, they must take it seriously.

For example, the two brothers General Xiao Fei and Xiao Bai from the Haishi base came, and General Qin Feng from the Qin family of Shencheng came, followed by a charming woman, his sister, Qin Feifei.

There are also Zhou Jian Zhou from Qi City, Mu Ye from Mu Family in Lancheng, and Yi Shuihan from Yi Family in Anxi City. They are all rising stars.

Qin Tiange noticed that Xiao Fei, Qin Feng, and Zhou Jian were already nine-star powerhouses and seemed to be stimulated by themselves.

As for the other young stars, Mu Jia Mu Ye is a handsome young man with a calm expression, and his strength is also nine stars.

It was that Yi Shuihan that gave Qin Tiange more glances, nothing else, just because he was a master of previous kings, but now he is also a nine-star, condensing the star core.

“Everyone came a long way, it’s been hard.” Chen Guodong replied a gift, nodded and said a polite phrase.

“Admiral Qin Tiange, I haven’t seen him for a few days. I never thought that the strength of the general would be better than before.” Zhou Jian came up with a smile, saluted, and then reached out and shook hands with Qin Tiange.

Qin Tiange laughed: “General Zhou, in just a few days, has condensed the nucleus and achieved a nine-star powerhouse, which is gratifying.”

“Haha ... I can’t stand on this level of strength.” Zhou Jian’s face was slightly awkward, but he could also say hello to Qin Tiange and stood aside without talking.

The two brothers, Xiao Fei and Xiao Bai, just greeted each other symbolically and didn’t mean to come.

As for Qin Feng, his eyes kept blinking, he didn’t know what he was thinking. It was his sister Qin Feifei, who stared at Qin Tiange fiercely.

Qin Tiange also noticed that Qin Feifei saw the strength level of the other party at a glance. At eight stars, it can be said to be very powerful.

Perhaps these people were stimulated by Qin Tiange and had to make a crazy increase in their strength.

Unfortunately, when I came to Beijing, I found that Qin Tiange was getting farther and farther away from them, which made this group of arrogant young generals very uncomfortable.

But what about the discomfort, look at Ye Xuan and Lei Cangtian, standing honestly behind the leader.

Just now, the two were photographed directly by Qin Tiange in front of countless people, and the scene was as embarrassing as it was embarrassing.

“Come here, compared to the place you recently came to, right?”

At this point, Chen Guodong spoke, with a flat tone, but revealing the majesty of a superior. As the first leader after the end of Huaxia, he had a kind of majesty that was not angry.

Even Xiao Fei and others have to take it seriously. Even if you don't agree with it, you can't show it, otherwise Qin Tiange will not hesitate to destroy all their illusions once he is grasped.

“Leader, we did come for that place.”

“Yes, we want to go in and see.”

Xiao Fei, Qin Feng, Mu Ye and others have said that they are all directed towards that place, and naturally they will not deny it.

In this regard, Chen Guodong nodded, without saying much, but looked at Qin Tiange, and then said something unexpected.

“At this point, I have left it to General Qin Tiange to handle it. You can discuss it with him.” Chen Guodong left a word and turned to leave.

He left directly, leaving Xiao Fei and others with a stunned look, all turned to look at Qin Tiange, who was bland.

“That place is very dangerous, at least eight stars can be entered, and if other people want to enter, I will not stop, and you are responsible for the consequences.” Qin Tiange stood up, said such a word gently, and spread it
Going to Beijing.

Countless people heard it, and some hidden masters looked horrified. Looking at this side, especially Qin Tiange's figure, gave them too much pressure.

As if he was standing there as usual, but revealed a strong temperament of unclear way, with a kind of self-confidence.

“You are casual, I just ask anyone to find their own chance.”

After Qin Tiange said, he nodded to the young generals who came, and turned and left without any thought about whether these people entered the secret realm.

Ye Xuan and Lei Cangtian looked at each other, and Wu Changkong was speechless. Looking at the departing Qin Tiange, he didn't know what to say.

Just now, the leader seems to have asked him to take full responsibility. Why don't he just ignore it once he shakes his hands? Isn't this a bit of a drama?

Actually, they don't understand what is there, but Qin Tiange knows it. There is a huge risk hidden in that secret place, and the weak will undoubtedly die.

But there are dangers as well as opportunities. Whether they can be obtained or not depends on each person's fortune and luck. Qin Tiange no longer wants to pay too much attention.

He has already despised these things, or in other words, he has had enough opportunities to grow, but it is only time.

Rather than restricting and seizing other people's opportunities, it is better to let it go and let them fight, and maybe Huaxia can have a few more powerful men out.

With different mindsets and different visions, Qin Tiange's perspective on the problem has also changed, and he naturally changed his approach.

If it had been before, he must have gone directly there, rushed into the mystery, and then wiped it out, but now it is not.

"How did you come?"

When he went to the Beijing Leader's Office, Chen Guodong looked at Qin Tiange who came in a bit surprised and didn't understand how he came.

Qin Tiange walked in and saw no outsiders around, and laughed: "Father, this secret world was born, in fact, you don't need to leave it to me, just let them fight for it."

"Oh, you mean ..." Chen Guodong frowned slightly and understood Qin Tiange's meaning.

But he was still a little worried, saying: "This will definitely cause a lot of uncertain factors. Are you sure you can control the overall situation?"

"Only when there is competition, can we have the momentum to move forward. In this age of darkness and evolution, Huaxia needs a pilot light, so I will make that pilot light so that they can see it and have it at their fingertips. Catching up. "

Qin Tiange said this sentence calmly, which surprised Chen Guodong. Some unexpectedly, he had to change his original view of Qin Tiange.

Chen Guodong gave him a strange look before he said, "Do you want to stimulate the younger generation of Huaxia to catch up with the competition and want to drive their strength?"

"Nice!" Qin Tiange nodded and admitted, he said, "Don't look at the two nine-star masters Ye Xuan and Lei Cangtian that I have just slammed in one hand, in fact, they have not broken the hope of strengthening within them. Instead, let them clearly see my current level of power, within reach. "

Ye Xuan and Lei Cangtian, although he was slapped by his palms, could not bear his face, but he lost the pride and arrogance, but actually inspired the desire to become stronger and stronger in both hearts.

They clearly felt Qin Tiange's strength level, and then they were stimulated. Finally, they realized that they were not strong enough, and instead inspired a stronger mind. This was Qin Tiange's first transformation.

"Although you let go and do it now, the rise of the strong in various places will shine stars, and the evolutionary wave inside my Huaxia will show a spurt of

progress. If you can hurry up, I can't stop it for a long time." Chen Guodong looked There was a serious warning.

Qin Tiange lowered his head in thought, and finally nodded and said, "I understand, this old man doesn't have to worry, I have my own size, and Huaxia can't mess up."

"That's good!" Chen Guodong was relieved.

Then he looked strangely: "Well, why did you send me a message asking me to send someone to receive the Sucheng base, I have moved all the millions of soldiers and civilians there to the Jingnan base as you wish."

"What about Chen Xi and Chen Ye?" Chen Guodong frowned, because Chen Xi and Chen Ye didn't tell him about it at all.

Qin Tiange looked calm and said that Chen Guodong would almost vomit blood.

"I drove both of them out to practice. Without going out and grinding, it will be difficult to survive in the next great world."

This made Chen Guodong speechless, but had nothing to say. He had to sigh inwardly, this boy was a little bit hard-hearted, and he could hardly let Chen Xi and Chen Yan go out to practice alone.

"Father, lone strong men like Ye Xuan and Lei Cangtian, you need to come forward personally and invite them directly as a leader. You do n't need to let them enter the military. It 's just a position like elder Keqing. They are free. "

Qin Tiange suddenly said this sentence, which made Chen Guodong's eyes bright. In fact, he didn't want to attract these powerful lone masters, but they were all very proud.

It's okay now I was beaten by Qin Tiange. Moreover, with the fight of Qin Tiange, the majesty of Chen Guodong's leader became stronger and stronger, and no one dared to despise.

In this way, he has a great possibility to solicit these people. After all, as a Huaxia leader personally invited, if you do not give face, then you can't be justified.

Moreover, it is just a false job such as a guest secretary. When Huaxia needs it, they can ask them to help out. There are no restrictions in normal times, which is in line with the minds of lone rangers.

Bang ...

At this moment, a strong shock came from outside, and even the Shanghai base could clearly feel that the shock was strong.

"Mystery is born, sir, I'll take a step first."

At this moment, Qin Tiange sensed this violent shock and immediately stood up and realized that it was the secret realm that was about to be born.

Guo Zeng Chen did not reply, and his figure flickered, leaving the base of Shanghai directly, and quickly rushed to the location of the source of the shock, which is the secret world about to be born.

Chapter 545 - Out of the mystery, treasures appear

A hundred kilometers away from Beijing, a violent shock came, the mountains and rivers shook, and the world capsized like an end.

boom!

A mountain peak collapsed directly, and the rumbling collapsed, setting off a billowing smoke and dust, which slightly changed the appearance of the masters who came here.

I saw a cloud of light and mist appearing in the sky, so it appeared in front of everyone.

“what is that?”

Xiao Fei and other young masters who have just arrived are horrified, looking at the strange scene in front of them, all kinds of glowing, purple, and converging on the sky.

Some strong men came and watched the changes there from afar. The atmosphere was oppressed, and an inexplicable magnetic field was emitted, and the space was pulsating.

“It’s a breath of mystery ...”

At the top of the forest, another figure vacated, standing on the top of the tree, and looked at the change there exhilaratingly.

He has a strong bow on his back, wearing beige armor, a long flowing hair, and looks at the temperament of some strong men.

“Houyi, are you here too?”

I heard a voice from behind, Hou Yi turned and looked, surprised to see that a burly man came with a huge tomahawk on his back.

After seeing this person, Hou Yi laughed and said, “Who am I talking about? It’s Brother Cheng. You don’t go to chop your beast, what do you run here for?”

The name is Cheng Yi, who claims to be Cheng’s descendant. His tomahawk is extremely fierce, and his strength is very strong. At present, he has to break through ten stars.

Hou Yi is the same. At the peak of the nine-star star, there is a great chance of breaking through the ten-star star, and they are all outstanding in the young generation of China.

“I said Houyi, when can you, the last sun, shoot down the real sun in the sky?”
Cheng Yi jumped out laughing and stood on the treetop.

His words made Houyi twitch his face, and he could not wait to give him a taste, but knowing that Cheng Yi was joking, the two had a good relationship.

“Look at Lao Cheng, there are a lot of masters coming around, even nine-star powerhouses have come a lot, we have a lot of talents in China.” Hou Yi’s eyes flickered, looking at some powerhouses who have been coming around for four weeks.

“The immense amount of that great deity, Dao felt the baby’s breath, and this time he is getting rich.”

Not far away, a priest in a robe rose into the air and floated in the air, his eyes blooming with two exciting rays.

He is an unscrupulous priest. He has a strong breath and apparently broke the nine-star rating. He is currently the top group in China.

When the unscrupulous Taoist looked, he suddenly turned his head and saw a handsome young man closing his feet in the void and stepping into lotus.

“Clean little monk, why are you here too?” Wuliang Tao surprised.

The person who came was dust-free, the light of the Buddha was diffused, and a Buddhist wheel appeared behind him, exuding strong fluctuations in the Buddha’s power. He came.

The dust-free strength is already the limit of nine stars, and it is necessary to break the barrier and step into the ten stars. His heritage is deeper, with the power of a thousand Buddhas, and the Buddha country in the palm of one side, more than many people. deep.

“Amitabha, isn’t Daoyou here?” Wuchen said to the Buddha, and then looked at the sky that changed dramatically in front of him.

There was so much sunshine and misty air that it turned into a cloud of auspicious clouds constantly tumbling around, as if something was brewing, causing huge fluctuations in space.

“Mystery is coming out,” Muchen muttered.

These people, all of whom are currently the strongest group in China, are here. It was against this secret world that was about to be born, and the fluctuations here were sensed early.

Being strong, they all have their own strong sensations, which can sense the crisis and chance. The birth of this secret realm caused great movements, and naturally attracted many masters.

“Ha ha ha ha, the mystery is born, and our chance is here.”

At this moment, there was a roar in the forest. Then, many human masters changed their faces slightly, turned around and looked at them, and saw a powerful figure coming out of the air.

First of all, a dark shadow was drawn across the sky, and a huge shadow enveloped it. A huge goshawk dived down, rolled up the swell of waves, and blown the ancient trees in the mountains.

The goshawk lighted up and instantly turned into a cold-looking young man, floating directly in the air, full of pride.

He is a demon transformed by a goshawk, a truly transformed demon, which is extremely powerful and has achieved the Jiuxing Demon, which has brought great pressure to many powerful humans.

“Demon?” Wu Chen murmured and looked away and ignored.

The unscrupulous priest looked at each other, smiled inexplicably, and didn’t bother. What about the demon, anyway, they are all living beings, and the powerful can get respect.

“Goshawk, you came very early.”

Seeing a roar in the forest, a huge tree collapsed, and a burly figure vacated and floated there, attracting the attention of many powerful people.

“Bull monster?”

Someone looked in wonder. The man was born with double horns, sharp and terrible, flashing a demon’s light, full of demon power, and it was a nine-star cow demon.

“Look what you look at, beware of the old cow I step on you.” This cow demon is crazy and proud, and has some inexplicable hatred for humans.

Why, because before the end of the day, cattle are domestic animals raised as humans, either ploughed or cultivated, or slaughtered as food to eat.

Although this cow is wild, he still hates humans in his bones, and this natural hostility is not false.

“A cow demon, what are you doing?” Hou Yi was upset over there, a word came over.

The bull demon was so angry that he roared loudly, his feet slumped, and the mountains and rocks on the ground collapsed on the spot, and the surrounding trees were smashed down.

He yelled, “Human, do you want to die?”

Just when he wanted to get mad, a cold word came from him: “Lao Niu, don’t pull us if you want to die.”

As soon as the words fell, a dark air blew up, and then a young man in a black robe emerged, covered with black mist, and the flowers and trees around him instantly withered.

“Black Mamba, are you looking for a pump?” The cow demon’s nostrils spewed two beams of demon mist, which was irritated by the black robe youth.

“Wake up, we are here for the treasures in the mystery. You are so blatantly hostile to human masters, what do you want to do?” Hei Mamba stared at him coldly.

“What’s wrong with humans, dare to mess us up!”

boom!

With a shout, I saw terrible movements in the woods. Many human masters turned around and looked in shock, and found that a huge towering tree was running wild.

Yes, it is a towering tree, thousands of meters high, lush and leafy, exuding a strong demon. It is a tree demon, a thousand-year-old tree demon.

“Well, all kinds of monsters are here. The battle for hidden treasures is definitely wonderful.” The unscrupulous priests smiled and watched as these monsters appeared.

One after another, the goshawk, the black mamba snake, the bison demon, the ten-year tree demon, plus several powerful demon successively.

One black bear spirit and one red-haired pig demon, all are transformed nine-star powerful monsters, letting the human side come together unconsciously.

“A bunch of idiots!”

In the sky, there was a word that passed down, many people were shocked, looked up, and saw a dark cloud sweeping across.

In the dark cloud, a powerful thing was faintly hidden, a pair of scarlet eyes looked down like a lantern.

“One of the four evils in ancient times, eh?” The unscrupulous Taoist uttered a surprise, and saw a terrible fierce beast in the dark cloud.

Tao (tao, wu), one of the four fierce, is shaped like a tiger, a human face and a beast, with hairs flying all over it, like a steel needle.

“Humans are stupid.”

At this moment, another sentence came from the mountain forest, and then, many people saw a huge monster coming out.

The ten-meter-high body is shaped like a lamb’s face, eyes under the armpits, big heads and big mouths, and tiger-toothed human claws, exuding the ancient fierce air.

“One of the four fierce, huh?” Wu Chen looked at this fierce creature in amazement, it was huh.

Unexpectedly, the birth of a mystery has led to many powerful creatures, not only the masters on the human side, but also those powerful monsters and fierce beasts.

“Brother, what should I do?”

Over there, Xiao Bai was a little panicked, watching so many powerful monsters appeared, feeling a bit of fear in his heart, he was only seven stars.

Xiao Fei’s face was somber and he hummed, “You go back first, this is not something you can blend in, so let’s go.”

After hearing this, Xiao Bai was extremely reconciled, and his countenance was embarrassed, but when he saw those nine-star demons appeared, he immediately persuaded and turned away dimly.

“Fifi, you go back too, it’s too dangerous here.”

Over there, Qin Feng of the Qin family spoke, persuading his sister Qin Feifei to leave, it was too dangerous here.

But the latter shook his head stubbornly and said, “Brother, although I only have eight stars, I can still protect myself in the face of ordinary nine stars, and I must enter a secret place to look for opportunities to become stronger.”

“Well, follow you!” Qin Feng reluctantly said nothing.

Not far away, Zhou Jian, Yi Shuihan, Mu Ye and others looked dignified, watching these powerful mutant monsters come out, feeling pressure in their hearts.

“General, what shall we do?”

On the other side, Wu Changkong took nine eight-star masters behind Qin Tiange and asked carefully.

Qin Tiange has not spoken, and looked at all the powerful men who came, whether it was a monster or other human master, all looked at it in the past.

“Ten of you are acting together, looking for opportunities, you can't force them, and quit when you are in danger.” Qin Tiange reminded softly and explained.

Wu Changkong and others looked at each other and nodded one after another to express their understanding. Although it was not clear whether they had listened to them, but these had nothing to do with Qin Tiange. He should remind them that listening or not was a matter for others.

“What are you looking at, uncle Ben?”

Over there, I opened my mouth wide and snarled at Qin Tiange, the sound of the waves rolling, and several large trees rolled up and flew over.

It turned out that when Qin Tiange looked at the cricket, he was discovered by the other party, and then a ferocious sorrow rushed over the sand, stones and trees.

“Let's die!” Qin Tiange snorted coldly, gently raised his hand and pressed it with a palm, and the mysterious black particles swept past, and the rage crushed the anger.

Immediately after Qin Tiange's figure passed away, he heard a roar in front of him, a landslide, and then a desolate mourning sound, which awakened everyone.

“Wu Wu Wu Wu, that great deity, is too shocking ...” Wuliang Taoist stunned, watching the majestic cricket, was beaten in the pit with a palm print on his body, deep Visible bone.

On the other hand, Qin Tiange has returned to his original position, as if he hadn't moved at all. He quietly glanced at the painful and sorrowful puppet lying there and stopped paying attention.

“It's very strong. The nine-star cymbal was easily prostrated by him.”

“Yes, his power is much stronger than those of us nine-stars. It seems that he has to work harder.”

“I clearly felt his level of strength, it was terrible, but it was not impossible to catch up.”

Seeing Qin Tiange making a second shot, the power revealed was clearly captured by these masters, and everyone was inspiring, and they felt that they could catch up.

This is the situation that Qin Tiange wants to see. Only in this way can China's first strong players in Huaxia become stronger and more urgent and strive to improve their strength.

Click!

Just at this moment A crisp sound came from the sky. All the masters looked up and saw that the space above the sky was broken like a mirror.

With a bang, endless rays of sunlight poured out, accompanied by huge palaces constantly squeezing out from the broken space, and the entire sky was turbulent.

“Mystery, come out!”

Someone shouted in excitement and looked at the hazy palace complex, and even squeezed out the broken space and flew out.

“treasure!”

Suddenly, someone saw that a splendid light flew out of the broken space, and it was faintly visible that it was a weapon that exuded the faint light of the moon, with an ancient and powerful breath.

With the birth of the mystery, many treasures inside burst out from the broken space and radiated outward.

“Grab!” One by one, the strong men moved, and rushed up quickly, vying for the gorgeous treasures that flew out.

Chapter 546 - Floating Temple

boom!

Xianguangwandao, wrapped in pieces of strange treasures gushing out, causing the strong struggle of all parties.

“this is mine!”

As soon as a loud drink came, I saw a cow demon vacated, and seized a huge pillar fiercely, depicting strange totems.

The totem pole was glowing with treasure, and it was strong and caught by the bull demon, but before it had time to get excited, he saw a black bear snarling and hit the bull demon with a punch.

“Roar, dead cow, this is the black bear.” The black bear grasped the totem pole and opened his mouth and growled.

The bull demon who was beaten and flew away was very angry, picked up a boulder beside him, and smashed it directly.

With a bang, the black bear waved the totem pole, smashed the megaliths with a single blow, and looked at the huge totem pole, he smiled with satisfaction.

call out!

In the distance, a dark shadow broke through, and a huge golden feather spewed out with the rays of sunlight, and the originally stationary goshawk moved.

Almost immediately, the goshawk caught the golden feathers, looked surprised, and flew directly to avoid a cold assassination.

“Goshawk is looking for death!” Black Mamba was black-faced, snorted coldly, then turned and rushed into Wandaoxiaguang, grabbed a coiled black snake gun.

These ancient weapons are most coveted by demons, because they can't get anything from the heritage stele, and they must look for weapons.

Now, a lot of treasures are spewed out in the mysterious realm, among which there are many treasures such as weapons, which naturally cause the crazy grab of monsters.

For a weapon, several powerful nine-star monsters were directly launched and killed, and they were stunned. You won't give up if you fight for it.

As for the human side, weapons are not the first choice, of course, nor are they not snatched, but the first thing to **** is not the weapon, but some other exotic treasures and powerful spirits.

“Ha, this is mine.”

A hidden eight-star strongman vacated the sky, seized a brilliant glow, and took a closer look, only to be surprised to find that it was a timeless treasure that could enhance strength.

Just as he wanted to leave, a tear came from behind, and an arrow was penetrating, taking his back heart straight.

Jingle!

This person was very chatty, turned around and blocked an arrow, and used this power to fly back into the forest with the shock, disappeared in an instant.

“Calculate that you run fast.” Houyi looked unhappy, soared quickly, and rushed into the rays of the sun to collect the spewing treasures.

Whizzing...

More and more treasures spewed out. Here, the nine eight-star masters around Qin Tiange moved in unison, and immediately after getting his approval.

I saw that each of them directly caught a ray of light, quickly retreated, and left the central battle without dragging the water.

“The treasure can get it, but you can't kill it. You don't need to worry about me. You can seize it by yourself.”

Qin Tiange said a sentence. Finally, Wu Changkong, who had already been unable to bear it, blasted out immediately, seizing two empty treasures in an instant.

Immediately afterwards, many masters who came here broke out one by one, and a fierce battle was inevitable.

Many people were injured in the fighting, but regardless of continuing to rush forward, the number of treasure gushes increased.

Even if the crickets that had been beaten down before were crazy, opened their mouths and swallowed the Quartet, attracting a lot of Baoguang entrances, and it was a great gain.

After looking at this cricket, Qin Tiange stopped paying attention. The latter felt his eyes, and the body fought a cold war. After seeing him, he was relieved and continued to swallow.

As for the other fierce tadpole, as long as the tadpole was beaten down, he did not dare to pretend, but hid in a corner of the sky to collect those treasures.

Various deformed monsters are crazy, roaring and roaring, fiercely fighting for treasure. The human side seems a little confused, but no one dares to kill others, because Ye Qing represents the upper Beijing military and has not moved.

Xiao Fei, Qin Feng, and others robbed each other and did not dare to kill the killers, because their identity also represented the military, and they blatantly killed other arriving strong ones. The impact must be huge.

Moreover, Qin Tiange warned early that he could not kill others, otherwise he would not hesitate to suppress this person.

“Go to death!”

However, there were still people who did not take his words seriously, a hidden nine-star master suddenly launched an attack on an eight-star master who was catching Baoguang.

One shot aimed at the back of the heart, it was necessary to bombard this eight-star master, which was just seen by Qin Tiange, his eyes flashed through a fierce flash.

“Hum, take my word for it?”

Qin Tiange Lengheng pointed out, black particles surged, and immediately imprisoned the body of the nine-star master, and then slap it in the past. There was an invisible force that photographed the nine-star master on the spot .

A loud bang came, and with a scream, many masters looked at it, only to find that the nine-star powerhouse who was about to kill was shot into the mountain.

“There are a lot of treasures, you have your own talents, but don’t forget my warning. I said that you can’t kill a killer, you can’t listen, and this is the end.

Ye Qing word by word, sharp eyes swept across all the people in this room, including those who came to the powerful monsters, were warned one by one.

Everyone was dark-hearted, watching another beaten down, and no one dared to ignore his words anymore.

Even the group of powerful monsters were honest, one by one, robbing treasures by their own ability. As for killing and joking, the guy looked at him.

It’s just that everyone is surprised why Qin Tiange didn’t **** the treasure. If he took the shot, he couldn’t say they couldn’t even eat the leftovers.

In fact, it is Qin Tiange who despise these things. He has weapons, he has halberds, ancient swords, purple gold bows, and treasures that enhance his strength.

He also does not lack, just the hard work of a group of human powers of the last century is enough to raise his strength to a very high level.

Therefore, when seeing these treasures flying out, Qin Tiange really didn't take the initiative to **** them. As for the treasures flying to this side, no one came to **** it and became his.

Qin Tiange also stowed it away. Although he didn't grab it, it didn't mean he didn't want it.

“The Tiangong is about to come out ...” Soon, Qin Tiange's gaze was fixed, staring at the constantly collapsed space in front of which a large and broken palace began to emerge.

This is the Tiangong, why they are called Tiangong, because these palaces all have extremely mysterious powers and can float on high altitudes.

Therefore, it is called the floating sky palace. In the secret realm, there are a large number of palace groups, all of which can float on the sky.

Who wants to have a floating palace, Qin Tiange is no exception, his goal is actually these floating mysterious palaces.

Click!

I saw a crack in the space crumbling, and a dilapidated palace, a palace up to 100 meters high, was squeezed out. Looking at the dilapidated palace, it could still float above the sky.

“Temple?”

For a time, those who robbed treasures were shocked and looked at the huge palace that emerged, everyone shocked.

A palace was suspended in front of the crowd. In the huge palace, treasure light was radiated from time to time. Then it became clear that the treasures came from these palaces.

“Take the treasure, palace, I want it.”

At this moment, Qin Tiange moved, stepped forward, appeared not far above the palace, and said this to everyone.

Upon hearing this, the strong man over the monsters was somewhat uncomfortable, but none of the monsters dared to stop the opposition.

As for humans, there is no objection. Just kidding. Qin Tiange's identity and strength are beyond their current level. They can easily suppress them.

The other party said no treasures, as long as the palace, this is already very good.

“General Qin, aren't you doing this right?”

However, Xiao Fei stood up. He looked unhappy and said, “There are so many palaces, don't you think you can't swallow it alone?”

“Why, do you have an opinion?” Qin Tiange turned to look at him and said indifferently, “I just want to swallow those palaces alone. If you have opinions,

you can talk to me with your strength. Otherwise, if someone dares to disturb me, it is not a serious injury It's that simple. “

This is a threat. Qin Tiange's words have made it clear that he does not grab the treasures. As long as these suspended palaces, once someone dares to come out to obstruct, then don't blame him for his cruelty.

Did he kill fewer people? Qin Tiange lengheng, his eyes swept across everyone, none of them stood up to speak out, dare not be able to.

Everyone said no treasure, as long as the palace, who foolishly rushed to stop it?

“Abominable, do you just watch him die like this to suppress us?” Xiao Fei growled with a somber look.

As a result, Ye Xuan and Lei Cangtian flung him together with a disdainful look. They didn't even bother to continue to grab things.

“You want to die yourself up.” Hou Yi dismissed.

Over there, the unscrupulous priest looked at Xiao Fei with a smile and warned: “You better not drag us on, and we are ordinary people, you should fight with him.”

“Amitabha, little monk has no time.”

The dust-free young monk was even more sturdy, with a single hand of Buddha light pouring out, a powerful devouring force swept away, engulfing many treasures directly.

Seeing this, the unscrupulous Taoist screamed, took out a small coffin, opened it directly, and a strong suction surged in, engulfing many treasures.

The two did everything they could to rob those crazy treasures, all kinds of spirits that sprang up in a frenzy, and for a while, no one paid attention to Qin Tiange here.

“Floating sky palace, exactly ninety-nine ...”

Qin Tiange watched one after another huge palaces fly out, floating quietly above the clouds, and there were ninety-nine large and complete palaces in front of everyone.

At this moment, all the people understand why Qin Tiange doesn't want other treasures, as long as these palaces are because this group of palaces are connected together, like a heavenly palace.

In fact, This is a group of heavenly palaces, because in the center of the ninety-nine palaces, a huge towering hall appears in front of everyone.

“Floating sky palace?”

In front of the main hall, there are four ancient characters, which are ancient human characters. Although they don't understand these characters, they can understand the meaning at a glance, which is very mysterious.

This is the floating heaven palace. Seeing this, Qin Tiange moved and rushed directly into the hall, leaving a group of masters facing each other.

boom!

At this moment, a huge burst of light burst out from the cracks in the space of that side, and all kinds of spiritual materials burst out with the light and aura.

“Wo Yi, it’s a panacea, hurry up!”

Seeing this, someone burst out swear words and rushed madly to **** all kinds of elixir and spiritual materials.

Whether it is a demon or a human master, they are completely crazy, because the number of elixir and spiritual materials is too large.

Chapter 547 - Ancient monument

With the elixir of elixir erupting in all directions, it blasted away in all directions, causing wild robbers of the strong.

The elixir is definitely a good thing. It can be seen faintly. Among the elixir flying out of it, there are whole body ginseng, white and flawless wisdom, and all kinds of strange and strange treasures are pouring out, causing madness.

“White Jade Ganoderma, ha ha ha ...”

Someone caught a whole body of Ganoderma lucidum, which contained strong medicinal properties, and put it on his face with excitement.

Others snatched black blood ginseng, which is a rare elixir with abundant energy and strong medicinal properties, which is extremely precious.

All kinds of medicinal herbs are pouring out, no matter whether they are humans or monsters, they are robbing wildly. These are treasures that increase strength.

Especially the monsters, because they can’t get things from the heritage stele, these herbs and spirits are the most important for them.

With the birth of Baoyao, some people could not bear it anymore, because Qin Tiange was not here and entered the palace, so they broke out directly.

“kill!”

Someone took the lead and shot and killed an eight-star master directly. At the moment, it caused a chain reaction of all the masters here.

For a time, chaos began, and fierce fighting between demon and demon, demon and demon fought hard, man and man slaughtered, in order to compete for more elixir.

Click!

At the moment when everyone was desperately fighting, a crackling sound came from the crack in the space, and the space cracked, and then a simple stone monument rushed out of it.

“That’s it?” Someone froze. At the first sight of the ancient stone stele, he was attracted. Without him, a huge typeface was carved on the stone stele.

That ancient word exudes the mighty spirit of the sky, revealing endless warfare, as if an ancient and powerful existence, arrogant to the heavens, fighting against the sky.

“war...”

A rumored roar came, shocking, and a ripple of ripples formed in the void.

Everyone’s complexion changed greatly, and the soul consciousness was greatly deterred, as if there was terrible coercion acting on them, extremely terrifying.

The ancient monument flew out, the space was cracked, and there was an ancient warfare on it, which lasted for nine days and stirred all directions.

An ancient word of “battle”, showing indomitableness and slaying for nine days, caused shock to countless powerful people present here.

“mine!”

Someone’s eyes were flushed, and he immediately rushed up to ***** this nine-foot-high stone stele. The ***** of war was that the fool knew that it was not ordinary.

This movement immediately caused great confusion. Xiao Fei, Qin Feng, Zhou Jian, and others immediately rushed up and rushed away.

“The Dao is here too!” The unscrupulous priest waved a small coffin, and a burst of black gas swept away, sending many eight-star powerhouses to life.

Over there, the dust-free Buddha light gathered, and the Buddha wheel opened his way. No one could stop his footsteps. The speed was very fast, and he was about to rush to the ancient stone monument.

“grab!”

That is, all the powerful monsters moved and felt the powerful breath on the stone monument. They immediately broke out and killed them.

There was a bang, and there was a chaos there. A scream came. Someone was directly beaten into pieces and scattered. He died.

The tragic melee was staged, the human strong melee, the monster strong melee, each killing each other, and did not want the other party to grab the stone.

Without Qin Tiange’s suppression here, these strong men are arrogant, and naturally let go of their hands and feet crazy fighting.

“Hahaha, the monument is mine ...”

In the ***** battle, a nine-star young master with an excited face stretched out his hand and slammed into the ancient monument, sending out a cheerful laughter.

However, without waiting for him to continue laughing, or waiting for everyone to react, the ancient stele bloomed immensely, and a war of war broke out.

“Ah ...” The nine-star master was blown out by a war of will on the spot, sprayed blood, and flew straight to the ground a hundred meters away and fell to the ground.

Around the stele, all the masters within a 100-meter radius were, without exception, shocked by this majestic warfare and backed away, looking pale.

Obviously, this war will rush into their mind and consciousness, even into their souls, and they will be hit hard by the unyielding will of the fighting world.

“What a terrible fight!”

Ye Xuan’s pale face was full of dignity, and he was raging in flames, sweeping all around, but was forced to retreat by the war.

Not far away, Lei Cangtian looked gloomy, staring at the ancient monument, and was shocked in his heart. With a war will, he gave everyone Zhenfei, it was incredible.

Huh!

As I saw, the ancient monument sent a burst of sigh, followed by a buzzing sound, and autonomously penetrated through the air to leave, it was about to leave.

“Where to go!”

Just at this stall, a loud drink came from the woods, and a majestic atmosphere rolled up. Someone was soaring into the sky and quickly blocked in front of the ancient monument.

It was a young man with a bare upper body, muscles swollen, his palms slamming hard, and banged on the ancient monument flying fast.

“Fight!” The young man yelled, his forehead was leaping blue, his strength was surging, and his palms roared out, showing an unyielding war will.

He reappeared like a ***** of war, and his palms waved hundreds of blows in an instant, and eventually the ancient monument was stopped.

boom!

The ancient monument trembled, a sky of war broke out, and it rolled straight in all directions, trying to blow the young man out.

However, the young master was still motionless, his eyes brightened, and his arms clung to this ancient mysterious stele.

The imprinted word of “war” was shining, and a cloud of light emerged. The war was so high, but it stimulated the youth’s bloodiness and opened his mouth and growled.

“So strong, who is he?”

Seeing that this young man had blocked the stele, many strong men were shocked. Ye Xuan and others were surprised and secretly suspected.

If Qin Tiange is here, he can definitely see the origin of this young man at a glance. He is one of the three emperors of the previous life, the emperor of battle, and Liqing.

Hum!

Suddenly, the stele made a buzzing sound, then flashed into the youth’s eyebrows and disappeared.

“Haha, thank you all!”

Li Qing was stunned first, then laughed, and turned and walked into the air, flashing quickly, disappearing into the forest and disappearing, it was almost unresponsive.

Everyone was suddenly awakened, his face changed, but unfortunately the young man had already left.

“Damn, there are still strong people hiding?”

The masters from all walks of life were furious. The stele must be a treasure, but it was finally taken away by people to collect the fishing profits, which was really frustrated.

It's a pity that they just want to chase all late. Li Qing's strength is very strong, even higher than the dustless young monk.

If it wasn't for Qin Tiange's pressure that he did not dare to appear easily, this would be the last time that the ancient battle monument appeared and snatched the ancient monument.

“Another strong man, it is estimated that Qin Tiange is not as powerful and hides deeply.” Wuliang Taoist muttered a little depressed.

Not far away, Lei Cangtian had a bad face. He thought he was the top one, but he never met two people who were much stronger than him.

One Qin Tiange is enough to stimulate, and now there is another young strong man who is much stronger than him, and directly steal the ancient monument.

The emergence of Li Qing has stimulated this group of masters, and even those monsters are under some pressure and have to be carefully considered. Next, they must accelerate their evolution.

“Where do humans come from so many masters?”

The 10,000-year-old tree demon was depressed, and branches sprang up from behind, catching a blast of radiant light, and obtained many spirits.

For these demons, the stronger the human beings, the more dangerous they are, because there is a strong resentment and holiday between the demons and humans.

People eat beast animals, and now beast animals eat people. This has created an uncoordinated conflict, either you die or I die.

“Asshole!” Xiao Fei blasted the stone next to him, but unfortunately it was useless.

If you miss the opportunity, you miss it. If you do n't get it, it 's not theirs.

“It seems that we are still not strong enough.”

Houyi pulled his bow and shot an arrow, smashing a piece of gravel that had penetrated the front, and then reached out to grasp a group of Baoguang, which was a special elixir.

Since you can't get the stele, grab more elixir and other treasures. Maybe there are treasures like the stele in the mystery?

“kill!”

For a time, the scene was chaotic, and they fought fiercely and robbed treasures of elixir.

When people outside were killed or killed, Qin Tiange stepped in among the largest halls in the Tiangong Palace and was immediately hit hard.

boom!

A ray of light transformed into a powerful alien beast and directly bombarded them, each roaring and slaying and killing those who broke into it.

Looking at the strange beasts that flooded the sky, Qin Tiange snorted, waved his fists, and greeted him, punching out these transformed beasts with one punch.

Huh!

A Huanglong howled, unfortunately, was struck by Qin Tiange's punch, dissipated into a ball of light, and then slashed with a palm. A unicorn beast on the left was mournfully mourned and his body collapsed.

Qin Tiange started to work around and blasted the strange beast here. Qilin roared and was stabbed to death with a palm. The phoenix rolled in flames and swallowed it.

“broken!”

Just listening to the loud drink, the hall shook, and the surrounding sky was boiling, inexplicably scattered by a sound wave.

Qin Tiange's feet slumped, the powerful air waves rolled away, and then pointed out, a terrible black particle swept past, all the strange beasts were twisted into a mist instantly.

He stepped into the deep of the hall step by step surrounded by terrible black particles, where no strange beast could stop him.

These transfigured beasts are all false and weak, and they have nothing to show.

Soon, all the strange beasts in the hall were hanged, and no other strange beast appeared, only a ray of glow was boiling.

“First Emperor's Hall!”

Qin Tiange stopped, looked up, and saw a few large characters appearing above the main hall. It was the three words of the First Emperor's Hall, showing a strong imperial power, extremely strong.

At the top of the main hall, there is a huge throne, which exudes the meaning of ancient vicissitudes, and has a terrible power to face the emperor.

Below the throne, there are ninety-nine jade staircases, which are transparent throughout and emit an inexplicable light. There is a faint flow of energy, not ordinary.

Oh!

Qin Tiange lifted his feet and stepped on these jade steps, stepping up step by step.

Chapter 548 - Refining the Palace of the First Emperor, tragedy

Ninety-nine jade steps, showing inexplicable power, prevented Qin Tiange from going up, but unfortunately could not stop him from going up.

This power is very strong, and generally nine-star masters may not be able to block it, but Qin Tiange is an exception, step by step without stopping, directly across the 99th stage, and came to the throne.

“The Emperor’s Throne?” Qin Tiange secretly surprised, looking at the huge throne in front of him, and sat up without hesitation.

boom!

Just sitting there, I felt an endless oppression, and the whole hall shuddered, as if there was some strength of anger.

This power came from the entire hall, like the anger of a master of the first emperor level, the will of terror was suppressed towards Qin Tiange.

Qin Tiange was sitting on the throne of the first emperor, watching the invisible force that had been suppressed, revealing an ancient will, to crush his soul will.

Humph!

With a cold hum, Qin Tiange’s eyebrows lighted up, the silver and silver awns staggered, the black particles boiled and burst out, defeating the repression of the will.

Suddenly, the hall trembled, and endless pressure swept across, as if thousands of ancient mountains were suppressed in unison.

Qin Tiange pointed out that the endless black particles swept over the entire hall, and then, a trace of silver and silver awns interspersed with the black particle torrent, imprisoning the entire hall.

“Refining!” Spit out a word, and saw endless chaos flames inexplicably, swept out from Qin Tiange’s body, covering the whole hall, burning.

Refining the hall with chaotic flames, Qin Tiange dared to do it, and there was a space black particle to imprison the hall, and the time realm locked the hall.

At this moment, the whole hall shivered, but unfortunately could not resist, and was gradually refined under the continuous burning of Chaos Flame.

This main hall, which was originally the main hall of the ninety-nine palaces, was the center that controlled the Tiangong group. As long as the main hall was controlled by refining, the other branch halls would be under his control.

Qin Tiange sat quietly on the throne of the first emperor, smelting the entire first emperor’s hall a little, and a group of masters outside fought fiercely.

Many masters died tragically here, and many people were severely wounded. In the end, one by one came to their senses and could not continue to kill, otherwise they may not have many people to survive.

Random battles are the most dangerous thing, and they will fall if you are not careful. Everyone is an eight-star and a nine-star powerhouse. They are not far from each other, and they can easily be killed by the other party.

Gradually, everyone stopped voluntarily, away from the crowd, and did not dare to approach other people too much.

“Mad, Dao almost hung up.”

Over there, the unscrupulous Taoist wolf was embarrassed, his robe was broken, his face was a little pale, and he swallowed several robbed medicinal herbs to restore ruddy.

He recalled the chaos just now, he had a kind of palpitations, and he was almost killed by several nine-star masters.

Not only him, the dustless young monk is also embarrassed, as powerful as him, and the power of thousands of Buddhas can hardly withstand the bombardment of dozens of powerful men.

“Amitabha, donors, leave the truce for a while. There are a lot of treasures. There is no need to continue fighting and fighting. It is not good for anyone.”
Dustless hands folded and said with compassion.

The others looked disdainful and ignored them. Of course, they also stopped and did not dare to continue to kill.

Several nine-star masters died, including demons and humans. Eight-stars died even more, and some masters from various parties suffered heavy losses.

Humph!

The strong men of various quarters hummed and ceased the war. They collected the treasures that came out, and they dared not continue to kill them.

Seeing this, Qin Tiange in the Palace of the First Emperor couldn't help sneering: “I really don't see the coffin without tears, and I can't blame anyone who doesn't listen to the advice.”

He didn't bother the strong men outside, but he concentrated on refining the palace. It was strange to say that since sitting on the throne of the first emperor, Qin Tiange seemed to be able to see the outside through the hall.

As for the ancient monument and the former emperor who had just appeared, he did not see it, otherwise he must be surprised, of course, just surprised.

For some of the strongest in the past, Qin Tiange is not so concerned about it now, and it is nothing to see. Anyway, he has enough behind him to confidently overpower the heroes.

Ok?

Suddenly, Qin Tiange's face moved, his eyes moved away, and he looked at the crack in the space where the treasures and spirits were constantly gushing.

There was an inexplicable breath coming out, a powerful breath of life that caught his attention.

“An alien race?” Qin Tiange secretly guessed that the breath should be an alien race.

Sure enough, the floating heavenly palace was born, and the mystical realm appeared, accompanied by some creatures and dangers in the mystical realm.

“Hahahaha ... I finally came out.”

At this moment, a huge sound came out from the cracks in the space, causing great turbulence, the sound of waves billowing, waking up all the powerful people present.

“Oh? Delicious flavor!”

His eyes were stunned, his mouth swallowed, his armpit eyes stared at the area where the crack was in the space, and there was a breath of excitement and salivation.

Not only was He, He was equally excited, staring at a pair of blood-red eyes, staring at the cracks in space.

“who is it?”

“What is coming out of the mystery?”

At this time, the masters on the human side also noticed, looked in horror, and saw that there was a large splendid light bursting in the cracks in space, and dozens of precious spirits spurted out.

However, none of these elixir was grabbed, and even the monsters were motionless, because there was a terrible breath there.

“Quacks ... the human race is delicious, my first handsome horse is here!”

A burst of excitement burst into the cracks in the space. Then, a huge creature stepped out of the cracks, hopping on its feet, looking very excited.

This huge creature, ten meters tall, with large four-hoofed feet, rushed out on a cheerful step, and finally caught it.

“Serial race?”

In the Emperor’s Hall, Qin Tiange uttered a surprise and looked at the creature that had come out of the cracks in the space.

Sagittarius, the upper body is a human body, and the lower body is a horse body, as if it were a mythical monster in the mythology, but it is a human race in the Sagittarius family.

“Men and monsters?”

Outside, a group of human masters froze, and a pair of eyes looked at the bunny-horse strangely, especially the roar of the human race creature just now, which made the human master look a little unsightly.

“Uh ... so many humans? Delicious ...” The Sagittarius creatures were shocked when they came out, and saw a lot of human masters surrounded by dense crowds, the lowest eight stars, the highest nine stars, and then excited. With his eyes shining, he seemed to see countless delicious food.

However, he was dumbfounded, a embarrassment flashed on his handsome face, because he had just been too embarrassed, and was finally stared at by a group of human masters, his heart was weird.

“An alien is delicious, it’s mine.”

I talked, drooling all over, the eyes under the armpit stared at the horses and beasts with a strong thought of devouring.

When the cricket stared at him like this, the horse and the beast were startled and exclaimed: “Wo-chung, how can there be such a cricket?”

“Well, there’s another Wren?” Then he spotted Weng the beast, and then saw a master demon staring at him with bad intentions.

At this time, a group of nine-star powerhouses looked cold, listening to the words of humans and beasts.

“Want to eat us, I think we eat you almost.”

Ye Xuan snorted, covered in flames, and swept away with the flames of sky sweeping away.

“Go ahead, slaughter this alien creature.”

Lei Cangtian was furious, and a powerful thunderbolt poured out, condensing a thunder gun directly, and savagely killed the creature of that Sagittarius race.

“Its star core is mine, and no one should **** it from me!”

The cow demon drank in anger, waved a huge steel fork, and fiercely cut off the human race creatures.

“Kill it!”

For a time, the masters of humanity moved in unison, and the masters of the monsters also launched onslaught, one after the other, rushing directly to the human race creatures.

They thought that this human and beast was an alien creature, and the nucleus in the body was definitely a treasure, so naturally they didn’t want to let go.

“I’m a puppet!”

The young creatures of the Sagittarius race frightened their souls, but unexpectedly, when they came out, they were besieged by a large group of nine-star masters and a group of demons.

He screamed strangely, turned and ran away, but after all, the dozens of huge energy coming from behind still exploded in his body.

Bang!

With a loud noise, the energy exploded continuously, and the horses and beasts mourned miserably. Both legs of the lower body were blown up, and their bodies were damaged and scarred.

Fortunately, he was strong enough, and the powerful energy of ten stars broke out, preventing dozens of powerful players from joining together and bombarding them, and he was not killed.

“Asshole, you look for death!”

The young Samaritan strong man was furious. The shattered flesh of his two hind feet grew quickly. Then he stood in front of the cracks in the space, turning back and glaring at a group of nine-star masters.

“Don’t run, come and fight us for three hundred rounds.”

The black bear essence carried a huge totem pole and stared fiercely at the human horse and beast. The genetic instinct reminder told him that eating this human horse and beast could complement its genetic evolution and even enhance its original genetic ability.

This is the instinct of the race to see the growth of genes This led to the young masters of Samaritans coming out, which attracted a large number of demon peepers. Even the human masters wanted to kill this Only Sagittarius creatures dug out each other’s star core.

“Ten stars, that star core can definitely make people promote to ten stars.”

The unscrupulous priest licked his lips and said this sentence, obviously, he was heart-beating.

“Let’s kill it together, then grab the star core with strength and means!”

“it is good!”

All of a sudden, no matter the human master or the monster powerhouse, the agreement was instantly struck.

As I saw, dozens of nine-star powerhouses swept up and rallied, condensing their respective Xeon powers, and blasted at the soul of that horse-horse.

“Mom, the earth is too dangerous, I want to return to Sagittarius ...” Faced with the siege of nineteen strong stars, even the powerful ten-star creatures of Sagittarius had to show a look of panic, and turned strangely to turn around The gushing torrent rushed into the cracks in the space and escaped.

Chapter 549 - Origin of the mystery, transformation

The Sagittarius master turned in fear, stepped into a crack in space, and was about to disappear here.

“Space confinement!”

At this moment, a stream of black particles interspersed with silver and silver, and the broken space stopped immediately, and the surrounding space was imprisoned.

Even the time there was at a standstill for a moment. The master’s body was stiff, half of the body was squeezed into the cracks in the space, but he was imprisoned and unable to move there.

Just listening and snoring, everyone’s hearts were beating wildly, and they saw that space was broken like a mirror, and turned into a sharp blade that cut through the body of the master of the race.

“Space ... Time ... It turns out that you are the one ...” The master of the race with a look of fear, slowly turned his head, looking at a figure that appeared quietly.

The visitor was Qin Tiange, standing not far from the master of the horse race, and quietly looking at him, this ten-star foreigner.

With a click, the master's body suddenly collapsed, and pieces of flesh fell neatly and died.

The ten-star master, under the surprise attack of Qin Tiange, was inexplicably spiked, making all the masters who were catching up look terrified and creepy.

“Dead, dead?” Xiao Fei stared, staring at the ten-star powerhouse of the deceased horde, couldn't believe his eyes.

Not only him, Ye Xuan, Lei Cangtian, Ye, and other masters were all shocked, frightened, and backed up, afraid to approach.

“The immense Tianzun, the poor heart has some problems.” Wuliang Taoist patted his chest, said with a look of shock.

Beside, the dust-free little monk folded his hands, his eyes flickered, staring at Qin Tiange, his heart was extremely dignified.

They didn't know how Qin Tiange appeared just now, and ***** the ten-star master of that race.

I saw, Qin Tiange gently grasped a floating bead, that bead is the ten-star star core of the Sagittarius master, emitting terrifying energy fluctuations.

Ten-star masters of the Sagittarius race would not have been killed so easily, but unfortunately, such a strong man was imprisoned by Qin Tiange with space black particles and time domains, and he was immediately spiked.

Sudden imprisonment of the two forces made the ten-star human-horse master unable to react at all. Even if he could only suppress him for a moment, it was enough to kill him.

call!

Qin Tiange breathed out a sigh of relief. Although he had just killed two ten-star masters of the Sagittarius with two taboo forces, the difficulties were still great.

After receiving the ten-star star core, Qin Tiange looked at the shocked and stagnant group of masters, ignored it, and turned to look at the crack in the space in front of him.

Huh!

The next moment, he stepped directly into the crack in the space and disappeared here. When he entered the crack in the space, the crack suddenly collapsed and turned into countless fragments. A large amount of material spewed out from it, and it was radiated in all directions.

From the rumbling sound, pieces of land fragments, flowers and trees, all kinds of strange treasures turned into torrents, and eventually the cracks disappeared.

“The mystery is gone!”

Dustlessly muttered to himself, his eyes were shining brightly, and he could see clearly that the cracks in the space disappeared when Qin Tiange stepped in.

The last blast of material in the mysterious area caused the enthusiasts of all parties to rob, and most people would not pay attention to why Qin Tiange entered the broken space crack.

“What is he going in for?”

The unscrupulous Taoist looked dignified, and felt in his heart that Qin Tiange must have any plans to enter the broken secret realm, but unfortunately now the cracks have disappeared and it is impossible to enter.

“Tiangong disappeared.”

At this time, I don’t know who it was, and suddenly found that a large group of suspended palaces disappeared. It turned out that it was no longer known when Qin Tiange’s refining was put away.

With a complex mind, a group of people began a new round of robbing, and the huge mass of material spewed out, which was the last time that the secret material spewed out.

At this point, where is Qin Tiange?

...

In fact, when I just stepped into the cracks in the space, it wasn’t a secret place, but a chaotic flow of space, constant boiling and roaring, dark particles, horrible cracks, and the power of chaos pervading the space, full of destruction.

Qin Tiange stepped into this place, staring at a certain direction regardless of the tumbling and surging broken space all around, where there was a huge turbulent stream forming a vortex.

“The origin of the mystery!”

His eyes flickered and he stared at the huge vortex of space. This vortex is not an ordinary vortex, but a huge vortex composed of numerous black particles and space debris. Any creature entering it will be strangled into powder.

That is the terrible energy formed after the collapse of the mystery, and the center of the vortex is a powerful and precious source of the mystery.

The biggest reason for Qin Tiange to come here is to want the origin of this mystery. As for the ten-star master of the human race just now, in fact, he was not trying to escape, but he wanted to attract those human strong and demon masters to rush here.

It is a pity that he failed in his calculations and was instantly spiked by Qin Tiange. Poor guy, if he knew Qin Tiange, a pervert with two taboo powers, how far he would run.

“Using the huge energy of the mysterious source as a medium, I wonder if I can completely integrate the immortal body and the nine undead blood?”

Qin Tiange strolled through the turbulent space, through the dense black particles, and walked towards the vortex.

It turned out that he wanted to use the power of the mysterious source as an energy medium to promote the immortal body and nine undead blood in the body to be completely integrated.

Since realizing the meaning of immortality, Qin Tiange feels that it is a mistake to separate the nine undead blood, and only the immortal body is the most correct choice.

If he didn't have an immortal body, he could be justified, but with an immortal body, the blood of Nine Transformers would be superfluous.

Click!

Several black cracks in the front swept across, Qin Tiange pointed out, and black particles spewed through, instantly smoothing these cracks.

Then he passed through the horrendous turbulence and came to the space vortex to face this terrible storm of extinction.

Wow ...

Suddenly, Qin Tiange's body turned into a black particle and disappeared into the swirling and roaring space vortex in front.

He turned into a black particle, constantly advancing in the space vortex, a little closer to the center, where it was still, there was a huge source floating there, and gradually radiating huge power.

The origin of the mystery is extremely mysterious, it contains extremely huge and terrifying energy, and has many wonderful effects.

Soon, the black particles of Qin Tiange's incarnation came to the center of the space vortex, and gradually appeared in front of the power of the group.

The black particles surged and gradually turned into Qin Tiange's appearance, floating in front of the mysterious origin.

"This is the origin of the mystery, with a strong spatial mystery inside." Qin Tiange faced with a hint of surprise, and finally saw some of the mysteries of the mystery.

In fact, seriously, the source of the mystery is a source of space.

"Come on, success or failure!"

Qin Tiange did not delay, looking serious, and rushed directly into this huge mysterious source, standing in this majestic source.

Suddenly, endless energy rushed into Qin Tiange's body, insane, as if to destroy this intruding soul.

With no expression, Qin Tiange opened his posture and began to practice mysterious body skills. His mind even began to fall into the realization of the three mysteries of space, time, and immortality.

This is to break through the self with the majestic energy of the mysterious source and the hidden mystery, so as to fuse the power of the two major immortal systems in the body.

The immortal body is an immortal ability, and the nine unchangeable blood, in fact, can be immortal after the last nine change is completed.

This is actually the same goal. Qin Tiange feels that there is no need to waste time, but it is better to directly integrate the two immortal abilities into one.

boom!

The power of the source boiled, roaring into Qin Tiange's body, and instantly, he caused a huge threat to his immortal body.

The power of the origin of the mystery contains various mysterious powers, such as space, time, and other great powers, otherwise it is impossible to develop a secret world.

It is precisely because of these secret powers that Qin Tiange values it, so he ventured in for the power of the source here.

With the help of the origin, we can completely fill our own shortcomings, make up for our shortcomings in strength, merge the two immortal abilities, and then break through the existing realm.

Even Qin Tiange's ambition is even greater, and he wants to use the power of the origin to cast the flesh and create a super powerful flesh.

Gradually, Qin Tiange fell into the deepest level of cultivation, his consciousness was hazy, and Langzhong entered the wonderful realm of epiphany.

The understanding of the three mysteries of space, time, and immortality is growing rapidly. The immortal body in the body is devouring the power of the surroundings, and the undead blood of the Nine Transformers is forced out. Gradually, there is a situation to counter the immortality.

Unfortunately, the nine undead blood only grew two changes after all, the Kirin change and the Phoenix change only two changes, the ability can not compare with the immortal body.

Roar!

Suddenly, a roar came from Qin Tiange's body, and then a Moyu unicorn rushed out of the body and growled loudly.

It was the power of the unicorn, a ghost of the unicorn transformed by the auspicious power, and it was so real that it kept roaring in the sky.

cry!

At the same time A gray chaos **** phoenix flew out, flapping his wings, rolling up the flames of chaos, and constantly crying.

The ghosts of the two great beasts appeared, which belonged to the ability of the unchangeable blood of Nine Change. The two great beasts of Kirin and Phoenix kept screaming and looked very irritable.

Amazingly, the two beasts appeared a little frightened, as if they were afraid of something. They were imprisoned by a black particle and the force of time the next moment, sucked into the body, and swallowed the immortal body directly.

Yes, the undead took the opportunity to swallow the undead blood in the body. The two immortal forces were fighting and frantically fighting. Unfortunately, under the intentional or unintentional action of Qin Tiange, the undead blood quickly fell into the downwind. , Gradually being merged by the two mysteries of space and time.

The undead body that combines the nine deadly undead blood is the real breakthrough of the uncle, completed the immortal breakthrough, and successfully broke the cocoon.

Bang ...

At this moment, the power of the surroundings was violent dozens of times, and rumblingly rolled over Qin Tiange.

Chapter 550 - Breakthrough, 99 star cores

The source of the mystery is boiling, turbulent, pouring into Qin Tiange's body, causing horrible damage.

However, this destructive force could not break the immortal body, and it was restored in a blink of an eye.

Gradually, Qin Tiange consciously integrated the source of the mystery into every cell of the flesh to strengthen the strength of the body.

The bones quarreled, the five internal organs trembled, the six limbs tumbled, and the mysterious roots continued to flow into the limbs and bones of the body.

Click!

In the body, the bones were crystal clear, but they were cracked by the origin of the mystery, and after a quick repair, they began to crack.

The power of the source is too strong, and it contains many mysteries. Even if Qin Tiange's body can't bear it now, it collapses again and again.

Fortunately, the undead body has just merged the nine deadly undead blood, and the undead uprising previously realized, finally persisted tenaciously.

There is a great opportunity in crisis. Qin Tiange is now. After experiencing the destruction of the mystery source again and again, the flesh is showing a horrible speed increase.

Uh ...

For a long time, there was a slight gurgling sound in the body, as if the iron and iron were fighting, in fact, seriously, it was a terrible sound coming from the cell vibration and friction.

Qin Tiange's physical body is becoming stronger and faster, as if there is no limit, the devourer's mysterious origins strengthens himself.

At the same time, the power in the body was rapidly changing, and as the nebula became more viscous, the eight-star barrier was directly broken.

Eight stars are done!

Qin Tiange completed the breakthrough and successfully entered the eight-star level. His strength broke the limit and grew to a frightening level.

However, this is not over yet. The origins of the surrounding secrets are too magnificent and vast, as if endless.

He is still practicing, deeply comprehending the various mysteries contained in the origin of the mystery, first of all, the mystery of space, the mystery of time, and the immortality.

Then it is its own strength. After breaking through the eight-star rating, it continues to climb. There is no limit, and there is no barrier.

The increase of strength has promoted the increase of the soul's will, and the speed of 100% brain understanding has accelerated Qin Tiange's understanding of the meaning of space, time, and immortality.

The limit of eight stars is coming soon, and it is about to break through the barrier of nine stars. This is a hurdle, and the sky is wide after passing.

boom!

Suddenly, there was a loud noise, as if the stars exploded and came from the inside of the body. I saw a thick nebula surging and coming out.

The nebula surging, devouring the secret source of the roaring and roaring around, strengthened itself, and when it reached a limit, it suddenly contracted back into the body.

There was a crunching sound, and Qin Tiange's body was suddenly occupied by the endless nebula, and the power of the mysterious source merged into it to continuously expand the space here.

The origin of the mystery contains the meaning of space, and gradually expands Dantian, as if a dark universe, and a large nebula swirls around to form a swirl nebula.

The viscous nebula spins wildly, and the gray lightnings inside appear as if chaos has not opened, and the world is blurred.

With the influx of more and more sources, finally, at a certain moment, the center of the nebula suddenly bloomed a little bright light.

It was the light of the stars, getting stronger and stronger, and finally lit up the entire dark Dantian void, forming a universe-like starry landscape.

The nebula moved, most of the nebula poured into the center, the stars were bright, the hot light radiated, and the inexplicable magnetic field began to work.

The nebula there was collapsing, and it continued to collapse, gradually condensing into a small core, and began to grow.

Rumble ...

This core suddenly sent out a terrible suction, madly engulfing the outer source of the mystery, strengthened itself, grew bigger and bigger, and finally became a fist-sized star core.

When the core of the star was 10%, Dantian trembled, and infinite suction came out, engulfing the surrounding source of the huge mystery.

Qin Tiange once again made a breakthrough, directly into the nine-star, completed the condensation of the star core, the speed is simply shocking.

However, this is not over yet. The first nucleus has been condensed. Immediately, a nebula storm appears inexplicably at Dantian's position, continually hovering in the void, and growing up the power of the endless mystery.

Click!

It didn't take long for the interior of this nebula to collapse suddenly, and then a hot glow appeared again, gradually turning into a star core.

Yes, another star nucleus has condensed out, and Qin Tiange has actually condensed two star nucleus in a row.

Most people can only condense one star core. Unless those who have exchanged nine-star physical training, they can condense a variety of star cores according to the characteristics of physical skills.

Of course, it is rumored that nine-star and even king-level body art can only condense up to nine star cores to reach the limit.

Boom boom ...

At the moment when the second star nucleus condensed out, the entire Dantian space shook violently, and the endless source of mystery poured in, creating a horrible scene.

The massive nebula was born autonomously, devouring the origins of these surging secrets, and then gradually grew stronger.

In the Dantian Nether, one huge nebula continually circling, devouring the power of the huge origins to grow and grow, the numbers appear one after another.

In the end, there were ninety-seven huge nebulae in Dantian. If the two star nuclei condensed just now, it would be ninety-nine.

Click, click!

After hearing only a single "click", a large number of nebula centers collapsed rapidly, condensing into horrible star cores.

One star core has been condensed, and Dantian is empty. Fully ninety-nine star cores appear here, as if the stars are shining, emitting a horrible light, extremely hot.

The ninety-nine star cores, like the ninety-nine suns, emit a radiant glow, illuminating the entire Dantian void.

If anyone saw Qin Tiange's condensed cores at this moment, he would be horrified. Someone condensed ninety-nine cores, which is unheard of.

Around each nucleus, a large nebula orbits around, like stars in the universe, hanging in the void and spinning autonomously.

In the Dantian Nether, there is an inexplicable force that blends into the darkness. It is the black particles of space that constantly pour into the Dantian world and occupy the dark void here.

The black space particles continue to expand the Dantian world, as if to turn it into a real universe, it is shocking.

Outside, as Qin Tiange condensed ninety-nine star cores, the original mysterious and mysterious origins suddenly became scarce.

And after a few breaths, the huge origin here was swallowed up by ninety-nine star cores, and all the secret origins were swallowed together with Qin Tiange's body.

The origin of the mystery disappeared, and the chaos of the surrounding chaos gradually stopped, leaving only a stream of scary black particles and various cracks, and the sharp blade of space continued to roar.

Before he woke up, Qin Tiange was still immersed in the vast mystery of uprights. Gradually, the body turned into a black particle and merged into the turbulent space, and directly felt the spatial uprights here.

This phenomenon is that Qin Tiange has never thought about it, and he has become a part of the chaos in space and realized the chaotic space mystery.

Not only the mysteries of space, but also the mysteries of time and immortality, are quickly comprehending and continually accumulating these mysteries.

“Space particles ...”

For a long time, a murmur of murmur suddenly came from the chaotic space turbulence, and a black particle suddenly gathered and turned into a torrent.

“Space confinement!”

Then, another sentence murmured, and saw that the raging space turbulence suddenly stopped and was imprisoned.

This power quickly dissipated, and the turbulent space returned to normal, but then a terrible force came out.

“Space storm!”

A low whisper came out, and saw that the turbulent torrent of space around it had suddenly been condensed inexplicably, and then turned into a storm and swept away.

It was a space storm, a more powerful storm force, containing terrible space forces, where everything went, extinction.

“Time is back!”

Suddenly, another mysterious force emerged, and the space storm roaring around stopped abruptly, and then quickly wiped out.

It was the great power of time that smoothed out the space storm, and then, mysterious waves continued to flow around.

Huh!

Amidst the turbulent flow of space, a black particle suddenly emerged, turning into a figure, floating quietly here.

This man is Qin Tiange, who has not yet woke up, but is immersed in the three senses of instinct.

He pointed out unconsciously, and the silver and silver threads spiraled out, turning into a force of restraint, stopping everything around him.

Qin Tiange is immersed in this crazy comprehension test for a while, for a while, and for a while, and constantly realizes the use of the power of the two uprights.

Qin Tiange was constantly surging with the turbulent flow of space. He didn't know where he was drawn. His consciousness hadn't awoke yet. The ninety-nine star cores in his body were absorbing the chaotic energy around him.

No matter it is black particles, time fluctuations, or all kinds of energy that are full of destruction and rage, they are absorbed into Dantian one by one, which is full of energy there.

He didn't know how long he had cultivated, and how long he drifted in the turbulent space, anyway, when Qin Tiange was awake again, the whole person was stunned.

“This ... Nine Stars Ninety-nine Star Cores?”

In the middle of a chaotic space, Qin Tiange woke up, and the whole person was stunned by the changes in himself.

He did not expect that this time, he not only broke through eight stars and directly promoted to nine stars, but also gathered ninety-nine terrible star cores.

Ninety-nine star cores, what is that concept? Qin Tiange felt chilling when he thought about it. Some people could gather ninety-nine star cores, and the other nine-star stars could be crushed easily.

“Ninety-nine star cores, it seems that my cultivation has achieved great success this time. If the future succeeds the king, who can be enemies?”

Qin Tiange couldn't help laughing, a faint smile appeared on his knife-like face, glancing at the chaotic space around.

“I don't know how long it took to practice, it's time to go out ...” Qin Tiange stretched out his hand and made a stroke.

With a click, the interlayer in front of the space cracked directly, revealing a crack, just enough to accommodate him to step into it, and disappeared in an instant.
