

Dark Ages 581

Chapter 581 - Fighting at the rank of Emperor

With a click, the space shattered like a mirror, and a figure came out inside.

He had long blue hair, eyes were divine, and he was extremely fierce, giving a sense of oppression of the soul, like an emperor of the world, full of aggressiveness, as if everything was empty, only I have respect.

Huh!

This man stepped out of the space broken hole, nine feet above the ground, with a touch of excitement, could not help Ang Tian growl.

“I’m finally out!”

A roar screamed, the surrounding trees collapsed, the rocks rolled down, and the mountains shivered. Its mighty power was trembling.

Looking at this guy who got out of the space, Qin Tiange was surprised and did not expect it to be this guy. This person was the alien life form that the meteorite rain brought into the earth at that time.

At that time, Qin Tiange directly brought the life crystals into the outer space with all these living bodies, and he did not expect to be back so soon.

“Huh? Emperor Dapeng?”

Soon, the blue-haired young man noticed the huge fierce bird here, and was very surprised, two blue radiances bloomed in his eyes.

Then he stared sharply, seeing the figure on the fierce bird, and suddenly, his body broke out into the sky.

“Is it you?” The blue-haired young man’s eyes were cold, and he spit out two words. There was a tremor in the air.

That’s right, Qin Tiange is his enemy. He threw him into outer space, and almost made him unable to return.

Looking at his wolverine appearance, the blue armor almost fell apart, his body covered with blood and stains, and apparently suffered a lot of trouble and danger in the outer space.

However, he still came back. I did not expect to see this culprit who drove him into outer space as soon as he returned.

“Hahahaha” saw Qin Tiange, the blue-haired young man immediately burst into laughter.

He smiled and smiled, his face was getting cold, and his blue pupil radiated two sharp murderous tactics.

“It’s all yours. Today, the Emperor is back. How do you want to die?” The blue-haired youth is the strong blue blood among the hundreds of stars.

Moreover, he was an emperor-level powerhouse, extremely terrifying. No wonder Qin Tiange was afraid to release these creatures at that time, but instead threw them directly into outer space.

Now think about it, the approach was correct at that time, otherwise, once the first emperor ran out, Qin Tiange's ability at that time could not compete.

As for now, Qin Tiange said with a smile of excitement, "I didn't expect that you could come back from outer space so quickly. There is some skill."

He didn't mention this. Fortunately, when the matter was mentioned, the blue blood tribe masters became furious.

"Smile, the emperor will entertain you well." The blue-blooded young man sneered, and Qin Tiange was locked in his breath, preventing him from running away.

As for the Emperor-level Dapeng, he didn't care about it at all. He was able to strangle one at will, which is the pride of the Emperor.

Click!

The blue-blooded youth took a step, and the space was rippling like ripples. A clicking sound came from a mountain below, and it crashed down.

"Youth youth, say your name, Emperor Lantian, today you will nail your soul to the blue blood holy grail of my tribe."

Looking at such a strong blue blood tribe first emperor, Qin Tiange did not fear, but showed a hint of excitement.

He can slay the emperor, but the emperor has not yet tried it, so I want to see where my current limit is. Can I fight the emperor?

Since returning from practice, Qin Tiange has become more and more unable to understand his realm strength. It is just that he has a master of the first emperor level, let him prove his strength.

"You're called Lantian? Why don't you call Cangtian?" Qin Tiange chuckled and said, "As for my name, the dead don't need to know, and you will be eligible to know when you win me. Come on, let me see How powerful is the imperial power? "

Huh! After speaking, Qin Tiange's footsteps, people have come to the blue sky.

"Hahaha" blue sky laughed loudly, blue hair fluttered and fluttered, and blue eyes shot two cold mansions, and said, "Ignorant child, too, the name of the dead man does not need to be remembered."

The two feet stepped in the void and shook each other, the breath continued to flow, and they woven and collided in front, sending out a burst of electromagnetic sparks.

With a thunderous sound, the two men rolled up the surrounding trees and flowers, and even took up megaliths to roll up high above them, hovering and flying around them, forming a five-kilometer Jedi.

“Come on!”

Qin Tiange drank swiftly, stepping forward, stepping on the void step by step, and a stream of black particles poured around him.

“Take your head and sacrifice my ancestors” Leng Lan snorted, turned into an electric man, and came straight, waving his fists, as if to kill Qin Tiange by hand.

His eyebrows fainted, a trace emerged, a trace of terrible breath inside. There are blue arcs entwined all over the body, and the fists are shining brightly, as if a pair of fists cast from sapphire came up, the void trembled.

Hum!

He punched him, as if there was a major earthquake, the mountains and rivers at his feet trembled violently, the trees were broken, and the mountain rocks cracked and blasted out.

The arms of the blue sky are like blue dragons, full of strength, as if to break the day and blast down the land.

boom!

Qin Tiange waved his fist to meet him, collided with the other’s fist, and made a loud noise, as if the thunder exploded and the world shook.

Emperor-level combat power is amazing!

As the first emperor level, the blue sky was amazingly powerful enough to easily break down the great emperor. Under the void, the mountains were collapsed by inexplicable forces and rolled up into the sky.

With a bang, the two figures both backed off, and the blue sky stepped on three steps before stopping, but Qin Tiange stepped on the space and broke three times before stopping.

The two of them took three steps back, evenly divided!

“First Emperor?” Blue Sky stared, but denied: “No, you are not the first Emperor, but you have the power of the First Emperor?”

He was frightened, thinking that Qin Tiange was not the first emperor, but he had the ability to fight the first emperor, which was enough to shock the world.

“Blue Bloodline!”

Suddenly, the blue sky drank loudly, and a blue scourge of air rose up from the body, turning into a blue mysterious war pattern, imprinted on the flesh, and an endless force poured out.

Qin Tiange blinked his eyes and secretly said: “Blue blood tribal warfare, this is the ability that only the blood of the blue blood royal family, this guy is the blue blood royal family?”

But it's not right. The Blue Blood is, as a matter of principle, a strong tribe of hundreds of stars. Even if the inner royals are minors, they are not only the first emperor, right?

From the information of some ancient memories, Qin Tiange knows that each member of some hundred royal families is extremely powerful and terrifying.

"Oh, you are an illegitimate son of a royal family of the Blue Blood." Qin Tiange looked completely surprised.

In this case, the blue sky was crazy and his face was distorted, but he was said to be in pain. He was the illegitimate son of a certain royal family of the Blue Blood.

"Dead!" The blue sky shouted, his fists waved, and the blue sky staggered, and a terror force emerged, unparalleled.

boom!

Qin Tiange waved his fist to meet, the two fists collided quickly, and there was a burst of whine, as if the fists were not colliding, but a pair of hammers were colliding.

The blue sky is roaring and his fists are waving, which is about to blast Qin Tiange. However, Qin Tiange is not a weak person. His physical strength has already exceeded expectations. His fists bumped again and again.

Qin Tiange's black hair fluttered and fluttered, his eyes were sharp, a pair of fists wrapped in black particles, and the space between the dances was cracked.

boom!

The two collided again, their bodies trembled, and the sounds of their babbles burst out on their surfaces.

"Your physical body is so strong?" Blue Sky was surprised, and Leng Hu stepped forward.

I saw, a vertical mark on his eyebrow faintly glowed, the ancient and terrible breath permeated, but it did not open.

Qin Tiange saw and felt it, and he was secretly vigilant and waved his fists without hesitation.

Bang Bang Bang!

The two figures were staggered, the faster and faster the battle, the fierce battle, bursting out of the whole body of combat power, desperate to kill everything into a ball.

"Is that the case with the first emperor?" During the fierce battle, Qin Tiange punched his cheek against the blue sky, and a trace of blue blood fluttered.

Listening to this, the blue sky was extremely angry, and his fists wrapped in blue stripes banged on Qin Tiange's jaw, blood was stained, and both were wounded.

“Since you have the first emperor’s combat power? After all, it’s not the first emperor, see me take off your head and sacrifice.” The blue sky is screaming, and a blue flame is rising all over.

The blue patterns are intertwined, and there is an infinite force. The royal war patterns belonging to the blue blood tribe are erupting more powerful forces.

咚 隆!

The two fists collided, the blue lines flickered, the black particles were violent, and they tore each other, even disappeared.

I saw that Qin Tiange’s black hair was frantic, the figure turned into black particles and disappeared. He punched his left eye in the blue sky and blasted the eyeball on the spot.

“Looking for death” Blue Sky was furious, regardless of the pain of the eyeballs bursting, and slammed on Qin Tiange’s forehead with a palm, cracking bone fracture and blood splashing.

The two backed away, staring at each other, the center of the war, completely turned into a dead land, all plants were smashed into powder by the aftermath of the fierce battle between the two.

“I have to say You are strong, and it is the most powerful person I met here.” The blue sky came step by step, the blue light shone.

He grabbed it casually, and the trees and rocks flying around the sky turned into a torrent, wrapped in endless blue light.

“Sculpture of carving insects.” Qin Tiange snorted softly, pointing out, and the blue torrent in front was swallowed up by a space crack instantly.

“This is the end of the battle!”

The blue sky came step by step, with confidence in it, like a generation of emperors, everything is under control.

“Show your hole cards, otherwise you will be the first Emperor to kill me.”

Qin Tiange walked in the void, looking calmly, surrounded by a stream of black particles, the surrounding space was cracked, and looked extremely scary.

“Then you are optimistic, let you see, the power of my blue blood **** eyes!”

The blue sky was cold, and the blue eyes suddenly bloomed two bunches of cold mansions. The vertical mark on the eyebrow revealed a trace of horror, slowly opened, as if a scary eye was opening.

Chapter 582 - Eyes of Heaven, Power of Heaven

“Cang’s Eye, open!”

As soon as a cold and low drink came, I saw the blue sky eyebrows opened with an eyebrow, radiating a blue light, wherever we passed, the space collapsed.

Qin Tiange's heart jumped, the moment the blue sky opened, the star seal in the space bracelet suddenly trembled, as if there was something terrible to break out of the seal.

The eye was variegated, blue, with a terrible breath, revealing a kind of indifferent charm, like an eye in the sky.

Click!

The blue light came through the air, lasing towards Qin Tiange's eyebrows, to penetrate his knowledge of the sea, this was some kind of spiritual conscious attack, crushing the will of the soul.

Humph! Qin Tiange snorted softly, a ray of black fog bloomed on his eyebrows, and a silver arc burst out, hitting on that blue **** light with a click.

Suddenly, two rays of light intersected and collided, smashing the surrounding space and breaking a fragmented space within a thousand kilometers.

Divine power is broken!

Both forces are strengths of will. The pale blue light from the blue eyes of the blue sky disappears from each other with a silvery white light radiated from Qin Tiange's eyebrows.

"Huh?" The blue sky's eyes sharpened, and the blue eyes with raised eyebrows showed a cold, ruthless and indifferent, without any trace of emotion.

With the opening of this eye, all emotions in the blue sky were suppressed, and became ruthless and indifferent, looking at Qin Tiange empty.

"Cang God robs the light and destroys it!"

The blue-eyed, blue-eyed eyes lighted up, and with the icy words spit out, accompanied by a horrific robbery, as if from the God of robbery.

This robbery, with a breath of destruction, judges the world as if it were the power of judgment from God.

"God can't judge me, what do you think?" Qin Tiange went straight into the flawless Bingxin without expression, all emotions were frozen.

His eyes were cold, his eyebrows were faint, the black particles were intertwined, and a bunch of silvery rays burst out from the inside.

This silver light passed by, the void was frozen, as if still, that the Cang God's calamity had become extremely slow, and was gradually stopped.

Huh!

The two rays collided, and a crisp sound came out. Then, the Cangshen light dissipated and was erased by the silver light.

That silver mang penetrated the air, hitting the blue sky's eyebrows instantly, almost pierced the erect blue eye, but was unfortunately cancelled by a beam of light excited by the blue eye.

“This is what you call the hole card?” Qin Tiange asked lightly, with a hint of disappointment in his tone.

The blue eye is just a special eye. Is it the blue card? If that’s the case, it’s too disappointing. It’s not enough to prove your full strength.

“Ignorance!” The blue sky spit out two words indifferently, then, his eyes flickered, and the blue eye erecting his eyebrows suddenly bulged, and then fluttered out.

Yes, the blue eye flew out, floating above the head of the blue sky, and rose up against the wind, gradually turning into a huge eye, looking down at Cangsheng.

Huge eyes, a pale blue, with endless coercion inside, as if God opened one eye and tried to judge Cang Sheng.

“Ten calamities, judge all beings!”

The blue sky whispered, and the cold and ruthless blue eyes suddenly and generously bright, the endless robbery of light surging, swept through.

It was a horrible light, with the power to destroy all beings, and Qin Tiange was submerged by all beings. All living things within ten thousand meters were exhausted and turned into flying ash.

Under the calamity, everything is gone!

“First disaster, Tianlei disaster!”

The blue sky pointed out, the endless thunder and punishment came out, the sky thunder rolled, the lightning thunder kept coming, and the sky was drowned by the endless thunder and punishment.

Qin Tiange was in thunder and punishment, constantly bathed in the power of the thunder and thunder punishment, and withstood the bombing of these days.

It is a pity that these thunderbolts could not shake his physical body at all, and they were unmoved, and they could not get on his body even if the infinite thunderbolt bombarded them.

“Second Calamity, Skyfire Calamity!”

The blue sky pointed out once more, the sky thunder hit the ground, and the eyes of the sky in the void instantly burst into endless sky fire, blue flames, extremely high temperature, and burned everything.

Below, the mountains were melted directly, the rocks and trees turned into dust, and the horrifying sky fire merged with the power of the thunder, more violent and fierce.

However, this kind of power still can’t shake Qin Tiange. His body is not hurt by the force of the sky fire at all, but he feels comfortable while bathing under the sky fire.

Gu Longlong Qin Tiange didn’t hold back. He opened his mouth and swallowed it. The endless sky fire was directly swallowed by him.

After eating, he also played a full meal, making the blue sky look colder, and there was a ripple of surprise in his indifferent expression.

“Third disaster, Tianfeng disaster!”

With a shout, the infinite sky fire rolled and turned into a horror storm. The endless sky fire and sky thunder turned into a dark storm, swallowed up towards Qin Tiange.

Suddenly, the endless cutting of the wind blade shattered all the clothes on Qin Tiange’s body, and white traces appeared on the surface of his body, clearly visible.

Unfortunately, the powerful wind blade couldn’t cut his body at all, but seemed to be tickling, leaving Qin Tiange speechless.

“Extinction!” Qin Tiange pointed out, the horrible storm around him collapsed, and then disappeared into black light.

“How is that?” Blue Sky’s eyes flashed in surprise.

Over his head, the blue eye was getting colder and colder, and a light of destruction was brewing in the light, and gradually, a more terrible force was brewing.

Lantian understood that such a kind of light can’t shake the other party at all, simply, he poured a pale blue energy directly from his body.

“Ten Calamities in One, Off!”

One point out, and saw the eyes of Cang burst out with a terrifying ten-color calamity. At that moment, the world was discolored, the mountains and rivers were broken, and everything was extinct.

This time it was truly extinct. Regardless of flowers, trees, rocks and mountains, the rivers and gallops were all destroyed under the light of the ten calamities.

With the torrent of ten colors flowing, Qin Tiange’s complexion finally emerged with a touch of caution, and he felt a strong threat.

“Space particles, broken!”

Qin Tiange drank indifferently, tapped his fingers lightly and clicked, the space in front of it shattered like a mirror, and swept up into an endless black particle.

A loud bang, two terrible torrents of energy hit, the space collapsed, the mountains were razed to the ground, and the land within 10,000 meters was wiped away.

In the center of the explosion, the black particles boiled and the light was surging. The two forces of destruction were annihilated and disappeared, causing terrible damage.

“It’s blocked?” The blue sky looked so cold, his eyes were so clear that he couldn’t believe that Qin Tiange had blocked his ten calamities.

He looked dull and looked at Qin Tiange on the opposite side, and suddenly yelled, “I don’t believe you can stop it.”

“Hand of God!”

Suddenly, the blue sky held up his palm, and saw the blue eye above him suddenly radiate, merged into his palm, and instantly turned into a horrifying light.

Bang!

In the void, the black clouds collapsed, suddenly a hand was stretched out in the endless void, the huge palms, the five fingers cracked the space, penetrated out, and pressed hard against Qin Tiange.

This hand is too huge, black and black, and the whole body is blue, shining with an inexplicable light, as if from the God's killing hand.

“A strong blow.” Qin Tiange frowned, feeling extremely threatened by the hand of God.

But he did not fear, but supported the sky with one hand, and slammed his palm with a bang, a hollow in the nothingness, as if the space had been broken.

The giant hand was trembling with a single blow from the air, and the downward pressure slowly eased, but it continued to be pressed down quickly, and the space was distorted.

“Under the heavens, there is no land for kings, no governor for the shore of the land”

With a low-pitched murmur spreading, I saw that Qin Tiange's body rose into a mysterious mist, suddenly woven into a huge virtual image, like an emperor.

The emperor's body swelled and became taller and taller, as if to break through the day, even the heavens could not cover his majesty.

“Imperial Wrath!”

Hearing only a low Li Xiao coming, the sky was shaking, and the huge emperor's virtual shadow waved a punch and hit the sky.

With a loud bang, the sky moved, and Cang's hand was blocked.

This fist contained the anger of an emperor, as if to blast the day, the fist was surrounded by black particles of space, accompanied by the interlacing of silver awns, a clenching effort punched through the **** Hands.

boom!

The hand of God was pierced, turned into a splatter of laser light, returned to the brow of the blue sky, and gradually turned into a blue eye.

The blue sky looks pale, and the power loss is serious. This ability is not easy to use, not to mention the large consumption, and there is also a huge load.

“It turns out that this is the bloodline ability of the blue blood royal family, Cang's Eye?”

Qin Tiange stepped into the air step by step, looking calm and calm, permeating with a strong self-confidence.

The blue sky looked gloomy. Looking at Qin Tiange coming in, he was a little surprised. His own blue eyes couldn't hang the other person, and even he realized that the strongest blow to the sky was broken.

"Don't you have a hole card?" Qin Tiange smiled step by step, saying, "If so, then you can die."

Huh!

As soon as the voice falls, Qin Tiange lost his trace, making the blue sky across the heart cold, and felt that his hair was standing upright.

"Damn, I didn't expect you to force me to use the last move. You are the first and the last."

The blue sky with a gloomy scream, suddenly patted the heart, spit out a mouthful of blue blood, which belongs to the power of the blue blood royal family.

"I call upon the power of God with the power of the blood of the blue blood royal family, and borrow the sword of my judgment from God."

"God's sword, come!"

The blue sky was roaring, one hand penetrated into the emptiness of melted blood, and slowly pulled out a pale blue sword from the inside.

This exquisite sword is intertwined with the mysteries of truth and reason, revealing endless destruction, as if it really came from the judgment sword of heaven.

"cut!"

Blue Sky held up the sword of Cang with both hands, turned around and cut it off with a click, and nothingness was split open, and the space disappeared in an instant.

Chapter 583 - The mark of heaven, the origin of heaven

Jianmang fell, and the space in front of it cracked, as if the world was annihilating.

Qin Tiange's black hair fluttered, his eyes flickered with two divine awns, and he stared at the slashed sword awns, with his brilliant radiance, unstoppable.

Huh!

Hearing only a whisper came, the ancient sword came out of the sheath, the sword body contained some mysterious power, and the sword fell gently.

Click, Huanghuang Tianwei is broken!

Qin Tian Geti sword came up close, wielding the sword, splitting the horrible swordmang, the sword edge swallowed, and straightly took the blue sky.

"Ah ..." The blue sky was roaring, holding the sword of the sky, and the two struck together instantly.

The sound of the clan's collision came, and then, the space around the two turned into a gray void on the spot, and a torrent of chaos swept out.

Blue Sky's body receded, a sword mark appeared on her chest, bones were deeply visible, and blue blood flowed.

Looking at Qin Tiange, horrible black particles permeated his body, without any damage, and Tijian stepped forward in front of him.

"Dead!" Qin Tiange cut off with a sword, unparalleled.

The blue sky was furious, and the sword of God struck him with the power of judgment, and slammed, the two powerful swords collided, sparking a splendid spark.

The two figures quickly staggered, the swords collided quickly, and they continued to break, causing the surrounding space to crack a little, turning into a horrible crack.

boom!

Suddenly, Qin Tiange smashed into the blue sky and faced the door with one palm, beating the other with a chin, his chin was raised high, and the sword was swept across his neck.

A flutter, blood splattered, emitting a blue light, and the neck of the blue sky was severed by the ancient sword.

"You ..." Lan Tian held a sword in his hand, covering his neck with one hand, looking angry and a little bit surprised.

However, before he finished speaking, he saw Qin Tiange's body turned into black particles, which appeared in front of him, the ancient sword softly slicing, the sharp cut his skin, and pierced his heart severely.

"No ..." Blue Sky growled in horror, instantly feeling that his heart was pierced, and the threat of death caused him to erupt fully.

A loud bang came, and Qin Tiange's body quietly appeared in the distance, staring at the blue sky, his heart pierced.

"Ah ... I want you to die!"

If the blue sky is insane, it directly explodes a star core in the body, turning into endless energy and pouring into the sword of the sky, holding up both hands, revealing endless pressure.

Seeing this, Qin Tiange shook his body and held up his sword, an ancient majestic force surged out of his body, and he slashed with a sword.

Hearing only a "click", the sword of God was cut off, and the ancient sword was cut off from the top of the blue sky with an unstoppable force.

The bodies of the two stopped, Qin Tiange still kept the action of beheading, while the blue sky was stiff and motionless, and there was a trace of fear on his face.

"You ... unexpectedly ... have ... opened ... opened ..." The blue sky face was frightened and spoke intermittently, but in the end, the words didn't finish, and

the body shattered a little, starting from the top of the head. Pieces of flesh peeled off and disappeared into fly ash.

The flesh of the blue sky turned into flying ash a little, leaving only a pale blue eye, and five bright, scorching star cores floating quietly in front of them.

Hum!

Suddenly, Cang's eyes trembled slightly, and a cloud of blue ***** light wrapped around the five star cores was about to break away.

“Hum, still want to run?” Qin Tiange hummed softly, his fingers spread out, as if covering the sky and the five star cores, he was imprisoned there instantly.

The eyes of the Cang buzzed and trembled, sending out the horrible mansions, the looming light was faintly revealed, and the power of taboos to be bombarded all around.

Unfortunately, it was just in vain, and Qin Tiange quickly put it in his palm and suppressed it firmly. The five star cores were put away, leaving only one blue eye, which seemed to hide some secret.

“Eye of the Cang?” Qin Tiange squinted his eyes and looked at the pale blue eyeballs, his eyes flashed with a touch of fineness.

This thing can cause the seal of the planet in the space bracelet, which has the seal of the blue blood tribe, and what is the relationship with the eyes of the Cang?

Qin Tiange was very curious, glanced around, his body turned into a black particle and disappeared, then appeared again and had returned to Dapeng's body, quietly crossed his knees here.

“Let me see, what's the secret of Cang's Eye?” Qin Tiange couldn't wait to check the mystery of Cang's Eye directly.

I saw that he pointed at the eyeball, and the pale blue light came out, hitting his finger, and the sound of crickets came out.

Qin Tiange's eyes sharpened, ***** pinching a strand of silver hair, pierced into the eyes of Cang, and then slowly pulled out.

Zizi ...

The blue eyes trembled, and cyan arcs continued to coil, trying to break the silver hair. Unfortunately, it couldn't break it at all.

Soon, Qin Tiange pinched the silver thread, and a little strange thing was drawn out, slowly pulled out from the eyes of Cang.

Ok? The moment he saw this thing, Qin Tiange's eyes narrowed and he was surprised: “This is, the mark of the sky?”

The trace of heaven, a trace of heaven, is also called the trace of heavenly path. It is rumored that the trace of heavenly path can capture the trace of heavenly path. It is definitely a super horrible existence.

However, there is a trace of heaven hidden in the eyes of this Cang, which is incredible.

The marks of the heavenly path contain Tianwei, Supreme Power is enough to kill everything, but that is only a rumor, and no one has heard of the trace of the heavenly path.

The Tao of Heaven, which runs through the center of the universe, belongs to the power of the universe. I have never heard of a creature that can capture it.

Qin Tiange had a little excitement on his face, but he didn't expect it to be a trace of heaven, so this Cangyan had a big problem.

Fortunately for him, if the blue sky just released a trace of heavenly path in the eyes of Cang, it would be a terrible killing to him.

This peculiar trace reveals a mysterious atmosphere that is high above the ground, and it seems as if it carries reason and reason, profound and profound.

“Good opportunity, if I can understand the mystery of the mark of the sky, maybe my level of combat power will increase several times.” Qin Tiange couldn't help excited, staring at this mark of the sky.

Soon, he made a decision to explore the mystery of this trace of heaven, want to understand the traces of heaven in it, and then merge to create his own more powerful combat skills.

Speaking and doing, he instructed Dapeng to descend on a mountain, and Qin Tiange penetrated a mountain to enter it, preparing to retreat.

“Scars of Heaven ...”

In the cave, Qin Tiange looked serious, and went directly into the flawless Bingxin, freezing all thoughts, and then the 100% developed super brain quickly ran, his eyes revealed two thoughts, and they were directly intertwined with the marks of heaven.

Suddenly, a blaze of brilliant heavenly power blasted him, directly crushing his thoughts, and immediately rushed into the sea of awareness along the thoughts, turning into a horrifying eye and examining his soul.

“Hey, dare to enter the sea to my brain?”

In the sea, a hazy shadow appeared, looking at the huge eyes in the void, could not help but reveal a sneer.

This was Qin Tiange's soul will. I saw him point it out, and immediately he knew the emptiness of the sea. The endless black particles were intertwined with a large silver net, forming a taboo field, and completely confining that terrible eye.

This eye was just a ray of heaven. As for the true blue eye outside, it gradually dried up after losing the trace of heaven, and then disappeared into a looting light.

boom!

The eyes of the Cang were angry, and a ray of heavenly power aroused, as if the God was angry, and wanted to break the taboo in the sea.

But that was futile, and the taboo of time and space intertwined with time and space is not the only way to break the trace of heaven.

Soon, Qin Tiange caught the trace of heaven again in the eyes of the imprisoned Cang, locked it dead with a silver chain, and slowly withdrew.

“Refine!”

Qin Tiange screamed at his will, and a strong willpower surged in, all pouring into that scary and mysterious mark of the sky, stealing the mystery of the heavens.

The super brain, the taboo field, both have the ability to burst out of the limit, constantly integrating Qin Tiange’s will into the mark of the sky, and stealing the mystery that belongs to the origin of heaven from the inside.

This is a rare opportunity. If you miss it, you may not have it.

Moreover, the blue eye of the blue sky is not very powerful, it seems that it has not fully grown and developed, so that it can be captured by him.

Gradually, under the super-brain’s computational understanding, and under the potential of 100% brain development, Qin Tiange himself was surprised.

In a blink of an eye, the layer of mystery outside the mark of the sky was thoroughly eaten by him, completely turning into a kind of heavenly perception.

“Tiandao ... Origin ... Tianjin ...”

Little by little, Qin Tiange was obsessed with it and couldn’t extricate himself. The whole person exuded a unique charm, with Huanghuang Tianwei, and with an imperial majesty, he became more and more heavy and oppressed, as if a generation of Tiandi came to the world.

In the brain, silver networks intertwine around the entire brain, exerting a super horrible understanding, eating the marks of the sky from the outside to the inside at a speed visible to the naked eye, and stealing the mysteries of the heavens.

In this process, Qin Tiange’s physical temperament gradually changed, as if from a person to a generation of emperors, and then, from a human emperor to a high heaven emperor, overlooking the Cangsheng.

This prestige became more and more overwhelming, overwhelming the turbulence and unrest of the emptiness of the sea, as if to be broken apart, the might of the Tao of Heaven was gradually integrated into Qin Tiange’s momentum.

Huh!

Suddenly, the marks of the sky trembled, and a sigh of wailing was finally swallowed by Qin Tiange, stealing all the core mysteries of the last point.

He slowly opened his eyes, two beams of horrible will revealed, blasted away, penetrated the sea space, and penetrated the mountain outside.

There was a loud bang, and the whole mountain exploded, instantly wiped away by an inexplicable force, as if it had never appeared.

Ga!

On the sky The Dapeng fluttered away in fright, and scarlet eyes faintly looked with fear.

I saw that a figure emerged from the smoke, and there was a powerful Tianwei all over and around him, as if a generation of Heavenly Emperor was resurrected.

“The mark of the heavens is really mysterious ...” Qin Tiange muttered, the corners of his mouth slightly tilted, converging.

He has completely stolen all the mysteries from the marks of the sky, but it is a pity that this trace of the sky is too weak, otherwise, he will surely get more mysteries of the origin of the heavens.

However, Qin Tiange thought that he still had a star seal on his body. Is the blue blood tribe inside it also a stronger eye?

Bang ...!

While he was thinking, a horrible shock came from afar, a strong breath radiated, sweeping all directions, and shocked the thoughtful Qin Tiange.

As soon as he looked up, he looked up and saw the central area of the Pangu continent. The position of the Tianzhu suddenly burst into an infinite amount of divine light.

Chapter 584 - The birth of the treasure, all the strong

“Is that? The treasure is born?”

As soon as Qin Tiange’s face moved, he immediately felt the strange light in the sky, and speculated that a treasure was born.

Not only him, all the creatures on the entire Pangu continent saw it, felt the skyrocketing light, shocked one by one, and went crazy.

“The treasure is born!”

“My luck is here.”

For a time, on the entire Pangu continent, one by one, the strong men were excited, and blasted to the place where the Tianzhu was.

There, in the central area of the Pangu continent, Tianzhu is soaring, straight into the atmosphere, and even the summit is out of space orbit.

Huh!

Roar!

Out of the treasure, moving in all directions, a terrible roar came, and some tyrannical monsters belonging to the Pangu continent appeared.

They were all attracted by the breath of the treasure, as if there was something coveted by these unconscious venomous creatures, flooding there.

Even Qin Tiange was surprised to find that the Dapeng under his control also had a struggling heart, and he could not wait to jump on it immediately.

“Go and see!”

He stood on Dapeng’s head, and as soon as his voice fell, he saw Dapeng soaring, flying up, and heading for Tianzhu Mountain in the distance.

The speed of Dapeng didn’t say that in an instant, he came to the periphery of the Tianzhu Mountain area. The entire Tianzhu Mountain area is very huge. The main body of Tianzhu occupies an area of 999 kilometers wide, which is simply scary .

It’s just a mountain. It’s even bigger than most countries. It’s incredible. It is the highest Tianzhu on the Pangu continent.

boom!

In the distance, a fierce bird swept across the sky, and a fierce croak proclaimed a strong warning. It was a weird creature with two heads and full of scale armor, which belonged to the ancient creature that had been extinct.

It is extremely tyrannical and fierce, at least the emperor class, with two huge heads, one spitting fire, and one spitting out the dark wind.

The fire and fire are the same. This fierce bird is much more terrible than ordinary emperor-level creatures, and even the average emperor can fight it.

Roar!

On the land, a giant beast roared loudly, and gave out a roar like a dragon, shaking the earth and shaking in all directions.

It was a dark ancient creature, Tyrannosaurus Rex, a real land overlord, full of murderous intentions, no spiritual wisdom, only a killing instinct.

That mouth full of fangs can bite through any living thing, the front claws are sharp and thick, and one paw must shoot down a king.

Tapping

This Tyrannosaurus Rex ran wildly and couldn’t fly, yes, these ancient creatures confined on the Pangu continent could not fly except some species that were born to fly, even if it was strong and could not fly.

This is a weird phenomenon. The horrible T-Rex, from the point of view of breath, is enough to be an emperor-level. It is a real emperor-level T-Rex, but it cannot fly.

Don’t look at it, it can’t fly, but it is a real land overlord. It has super horror defense and extremely fierce power. It is almost invincible in its class.

“The paleontology on the Pangu continent is really weird.” Qin Tiange stood on Dapeng’s head and looked down in all directions.

He looked at these paleontological creatures confined here on the Pangu continent. He was a little surprised, but in fact, he had never been here before.

Because he didn't have the ability to come.

Roar!

There was a tiger howl in front of a mountain range, howling winds, huge trees, and the scene was extremely terrifying.

I saw a huge, unmatched tiger standing on the top of the mountain. The whole body was full of the top of the mountain, running through the front and back, and measuring 800 meters.

Two fangs, as if a pair of dreaded arrows, are shining with blood, and their eyes are full of brutality and murder. This is a saber-toothed tiger.

Ancient creatures were attracted and flocked to the Tianzhu column of the Pangu continent. Kings, emperors, and even beast emperors all appeared.

Seeing this, Qin Tiange was shocked in his heart. He did not expect that the birth of this treasure caused such a big movement.

He even felt a tyrannical breath, and rushed towards the center of the Pangu mainland, very quickly.

These masters are, without exception, the king level, followed by the emperor level, and even powerful creatures of the first emperor level appear.

“Interesting.” There was a hint of excitement on Qin Tiange's face.

His eyes were shining, and he felt a terrible breath, most of them were kings, many were emperors, and there were many first emperors.

Inside those powerful breaths, he sensed many breaths belonging to the alien race, and one of them was still very familiar.

“Tianjing's breath, hey, how do you run this time?” Qin Tiange's mouth slightly tilted, revealing a cold smile.

Feeling those breaths one by one, Qin Tiange carefully discerned and looked for the strong alien race among them, and suddenly found that the number was somewhat beyond his imagination.

Not only the tyrannical beasts on the Pangu continent, the alien races, but also the masters of the earth's natives are here.

Powerful monsters, some heterogeneous life forms, or human masters have all come, all are king-level masters, but not even an emperor-level one.

Qin Tiange felt the arrival of a human master, and suddenly frowned, sending an instruction to the messaging system on his wrist.

“Yanji, order to the major kings of Huaxia, you can go, but you can't act rashly. Don't blame me for not reminding them once they die.” Qin Tiange said this warning.

He did not restrict others from going. After all, everyone wants to get this opportunity, and if they want it, they must practice and fight for it.

Qin Tiange also warned that these kings should not be chaotic, or even participate in the emperor-level scramble and the first emperor-level, otherwise the fall would only be their end.

“Did the kings that had fallen in the past lives fall on the Pangu continent?” Qin Tiange couldn’t help whispering and shook his head with a smile.

He no longer thinks about what other people do, anyway, this time he came to kill the war, solve the potential threat of those alien races, and kill as many as he can.

Thinking about this, Qin Tiange looked at the Emperor Dapeng at his feet, and his body suddenly turned into a black particle and disappeared.

As for Dapeng, let it act on its own, but follow him instead becomes a burden, it is really a dish in the face of the first emperor.

Huh!

Qin Tiange’s figure appeared quietly, standing here looking up at the towering mountain in front of him, the whole person was inexplicable.

Only when I came here did I really feel the ancient vicissitudes and the majestic Tianzhu, as if a giant propped up the heaven and earth.

“This is the most famous Tianzhu in the Pangu continent?” Qin Tiange murmured to himself, looking at the top of Tianzhu Mountain.

He knew that the peak of Tianzhu Mountain was already in outer space orbit, and that was the top of Tianzhu, which was simply too powerful.

Entering the Tianzhu Mountain range, Qin Tiange suddenly felt a mysterious atmosphere. The tremendous pressure was inexplicably depressed, and it was very uncomfortable.

“This fluctuation” Qin Tiange looked in horror and looked up at the center of Tianzhu Mountain, where there was a rush of light.

From that breath, he felt a call, yes, the mysterious call from the body, letting a power of understanding in him could not help boiling.

Thinking of this, Qin Tiange couldn’t help but vacated directly, but was suppressed by a mysterious pressure and couldn’t fly.

Huh!

Bang

Over there, a huge pterodactyl rushed into Tianzhu Mountain, but rushed in, but was lying on the ground by the mysterious force, smashing a mountain.

Seeing this, Qin Tiange was surprised. The pterosaur was at least emperor-level, and was actually lying on the ground, which was incredible.

Roar!

A saber-toothed tiger was screaming with anger and tusks, staring at the pterodactyl, then turned to look at Qin Tiange, finally ignored it, and strode straight away.

Qin Tiange chuckled, stepped out, and the whole person turned into a faint black particle, which appeared instantly ten thousand meters away, and then disappeared.

In Tianzhu Mountain, it was impossible to fly, and many powerful creatures burst into speed and rushed towards the central part of the rushing light.

It didn't take long for a lot of people to arrive here, all kinds of creatures, the weakest one was a king, dense, full of thousands of king-level powerful creatures.

As for the closer, there is a row of more powerful creatures, the breath is so powerful that those king-level creatures dare not come forward.

"More than a hundred emperor classes?" Qin Tiange looked earnestly, looking at a large group of emperor creatures in front of him, one by one.

Among them, many alien races existed, and even Qin Tiange saw the Emperor of the Tianjing tribe, and the other side saw him.

"Hmm!" Lengheng, the young emperor of the Tianjing tribe, don't look away, ignore him, but stare at the looming light.

Qin Tiange moved his gaze and looked at a group of powerful creatures closest to Baoguang in front of him, all exuding a powerful imperial power.

They all belong to the first emperor class, and there are thirty first emperor classes. I have to say that this made Qin Tiange unexpected.

"Well, a ghost emperor in the restricted area ran out?" Qin Tiange suddenly stared, staring at a dark figure, turned out to be an emperor-level ghost emperor, and ran out of the soul-eating restricted area.

The other party felt Qin Tiange's gaze, and two beams of red awns came in, and his cold eyes revealed a kind of horror and murder.

"Is she?" Soon Qin Tiange saw a familiar figure again, and his pupils shrunk. It was the woman suspected of alien ancient human beings that had been brought into the earth from the outer meteorite rain.

When the other party found Qin Tiange, his eyes were murderous, and he glared at him resentfully, and stopped paying attention. No one here attacked each other, waiting for the birth of that treasure.

"Terrestrial, hey, I'll eat your energy first."

Inside the first emperor level, there was a celestial creature full of tentacles who laughed, and immediately caused all the strong men to come and see Qin Tiange.

"It's you, boy, you're dead."

There was suddenly a gloomy word. Qin Tiange looked around and was surprised to find that it was an angel with ten wings.

This fallen angel turned out to be the one he had beheaded and killed, the same breath, but the powerful and boundless, turned out to be the first emperor.

“Interesting.”

Qin Tiange’s mouth slightly tilted, watching these fierce emperor and emperor creatures, he couldn’t help sneering, and a **** kill was not far away.

Chapter 585 - Broken Pangujie

Click!

In front of the mountain, Baoguang soared into the sky, suddenly splitting from the center, exposing a broken portal, and several fragments burst out.

With a slap, a fragment penetrated the monarch-level creature and spiked on the spot.

“what...”

Looking at the shards that came out of the laser, they even killed the king-level masters. Many powerful creatures were frightened. An unknown creature screamed before it died. The body was penetrated by the fragments and shattered along its feet.

That is, the emperor level has changed greatly, and only the first emperor hidden in the front can calm down and stare at the broken portal.

“The entrance to the ancient world ...”

A first-class creature murmured to himself, enveloped in black gas, couldn’t see his true body, but could feel the immense breath.

It was a portal, ancient mottled, showing the traces of years, it is not clear how many years, in short, the breath revealed inside was extremely ancient and barren.

Even Qin Tiange speculated that this breath can be traced back to the initial era, which is incredible.

“Baoguang came out from the portal. Presumably the treasure is in it. Is it the ancient treasure left from the Tertiary?”

“No, I smelled the first ancestor of my tribe, and I want to go in.”

A tyrannical Emperor-level creature opened his mouth and moved directly. He rushed away and rushed into the broken portal. He smelled the ancestor of his race.

“There is the ancestor of my tribe there. How can that be possible?” A first-class creature was shocked.

He is one of the hundreds of stars from outside the sky. He is covered with tentacles all over his body, and he seems to feel that the portal has a breath belonging to his ancestor.

“The breath of this portal is extremely ancient, surpassing the breath of the Tertiary, is it the Pangu world that mysteriously disappeared in the initial era?”

In the void, a cloud of light emerged, revealing a graceful figure, stepping on the jade coffin, sitting on an undead peach.

Not far away, an ancient ginseng tree was illuminated and hidden into the void. Zhenyuan stood on the top of the tree and quietly looked at the portal with a stunned expression.

Even these ancient creatures of the previous era are not clear about the origin of this portal, and can only make various guesses.

“What does it mean for the disappeared Pangu world to reappear?”

“Is this era the end era?”

To the east, in a crystalline mist, a flamboyant figure loomed and could not see the true content, only vaguely seeing that she had two dragon horns on her forehead, extremely vigorous, shining through the light.

“The decree! The decree!”

“The ancestor’s breath is inside ...”

A holy light permeated and saw a holy and immaculate ten-winged angel slowly land, and the five pairs of white wings gently incited, bringing up a burst of holy light.

Humph!

There was a humming noise not far away, and a black light came, and a ten-winged fallen angel came directly to the distance, staring at this holy angel, who is also a ten-winged angel.

The two angels are facing each other, the atmosphere is depressed, and it is very open.

“It turned out to be an ancient portal, did it really lead to the Pangu world?” Qin Tiange’s expression was solemn, and the body turned into a black particle and disappeared.

“court death!”

The first emperor level saw a black particle pouring into the portal, and was furious, chased him up, and rushed directly into it.

Almost at the same time, all the hidden masters of the Emperor Emperor rushed away, rushing into the broken portal and disappeared.

Huh!

As soon as the dragon roared, a terrifying tyrannosaurus rex rushed, and no one dared to stop it.

The small portal actually swallowed the Tyrannosaurus Rex, disappeared in a blink of an eye.

cry!

In the sky, a nine-headed fierce bird dived down without attacking any creature, plunged into the broken portal and disappeared.

One after another, powerful and ancient venoms, instinctively rushed into that portal, as if there were treasures that attracted them.

“That human race is so fast ...” Tianjing’s master-level master looked dignified, and looked at Qin Tiange who was disappointed in surprise.

He was gloomy, snorted coldly, disappeared here, and fell directly into the broken portal.

boom!

Suddenly, with all the Emperor Classes pouring into the portal, the great Emperor class outside couldn’t help but rushed forward, screaming and ranting one by one, resulting in chaos.

For a while, a melee was formed here, and the Emperor Class was beaten and fled out, leaving most of his body incomplete, but he did not die.

Two emperor-level creatures were bombarded into fragments by dozens of emperor-level creatures on the spot and died tragically on the spot.

“Damn ...” The beaten imperial powerhouse roared, the horns on his head lighted up, the broken body recovered quickly, and then vacated and continued to kill. Soon, these imperial powerhouses had already rushed into the road in the portal.

Followed by those king-level masters, one after another scrambled, consciously did not shoot, because once shot, hundreds of king creatures here will immediately form a melee.

“on!”

At this time, a large group of king-level masters hidden not far away, and it was Chen Xi, goblin and other powerful king-levels who took the lead.

All the kings belonging to Huaxia joined forces and rushed directly, so that many masters of the king had to avoid it, and more than twenty powerful kings were born into the portal.

.....

An ancient portal, what secrets are hidden inside the world?

Qin Tiange only felt that he had passed through endless time and space, and suddenly his body was empty, and he fell into a dark world.

“This is the Pangu world?” Qin Tiange’s pupils shrank, looking at the dim world around him, and there was a trace of gray gas everywhere, showing a trace of violent destruction.

Even around him, there were still shards of debris, inexplicable shards, extremely hard, but when I picked them up, I found that they were just ordinary dirt rocks.

The world is as broad as it seems, without boundaries, but there are huge pieces floating around, like a broken world.

Here!

Suddenly, a gray gas passed by, fluttering, the armor was broken into fly ash, and even a piece of flesh flew away.

Qin Tiange looked cold and quickly dodged, avoiding this strange gray gas, and even damaged his powerful body?

“What kind of gas is this?” Qin Tiange looked cautiously, floating here quietly, carefully watching a gray gas not far from the observer.

This gas is extremely weird, and with the smell of destruction, it almost wiped out the entire arm.

“Anomalous chaos?” Qin Tiange quickly guessed that this might be the so-called chaos, but it was a chaos after an anomaly, which was very dangerous.

He didn’t approach, but carefully avoided these weird gray gases, aiming for nothing in this fragmented world.

Qin Tiange appeared, and no creatures were found around him. He saw no one except himself, as if entering this place was not the same place.

Rumble ...

Suddenly, there was a roar in the darkness ahead, and then, before Qin Tiange responded, he was drowned by a gray torrent.

This torrent rushed across, countless things were smashed, and turned into powder to merge into the torrent, like a dark wave of chaos.

In the torrent, Qin Tiange’s face was startled, surrounded by black particles, and the silver chain was coiled around himself, blocking the violent gray air flow around him.

“open!”

Qin Tiange drank swiftly and waved his arm to punch a punch. The powerful force penetrated the torrent that swept away and broke through the gray torrent.

His figure was a little embarrassed, and he was almost caught in it, and he was strong enough, otherwise he would be in trouble.

“So powerful and chaotic airflow.” Qin Tiange looked cautiously, watching the gray airflow going away.

It was the chaotic air flow of this fragmented world, and a wave of gray and mutated chaos formed a terrible torrent, sweeping past, smashing everything.

He released a stream of space particles and surrounded the whole body, forming an absolute defense, so he looked around carefully.

In this world, there is no gravity. It seems that everything has lost weight and floats on nothingness. Occasionally, you will see a chaotic air flow sweeping past, engulfing the huge fragments.

Huh!

Qin Tiange's figure turned into black particles, stepping on those huge fragments, rushing in an inexplicable calling direction.

From entering this fragmented world, Qin Tiange obviously felt that the inexplicable call was stronger, as if something was intentionally attracting him.

“what exactly is it?”

Qin Tiange was secretly vigilant as he rushed past to avoid the chaotic air flow. What was affecting him?

The doubts in my heart will soon have the answer.

“this is mine!”

“court death!”

In front of nothingness, on a large piece of black crushed huge debris, there are several powerful figures colliding rapidly, sending out an invisible air wave.

Those figures are fast and powerful, and they are all emperor-level strongmen. There are three emperor-level strongmen fighting there, and there are three king-level masters nearby who are far away and dare not approach.

“So strong, this is the Emperor Class?”

A young man, apparently of foreign appearance, had a dignified complexion, a trace of horror in his skin.

“What kind of treasure is that actually attracted three great emperors to compete?”

Among the three, only a foreign woman spoke, a blond hair dancing, wearing a set of golden chain mail, and holding a strange sword in her hand.

She blinked her eyes, staring at the center of the three emperor-level battles, where there was something that was emitting a strong light.

“It looks like a jade seal,” said the last king affirmatively.

When the three kings saw it, the treasure was actually a small jade seal with purple gold as a whole, as if constructed from purple gold jade, with a few simple characters written on it.

Huh!

Suddenly, a figure emerged quietly, immediately attracting the attention of the three kings, and even alarmed the three emperor-level strong men who were fighting fiercely, and came over.

“It's you, you're here!”

A young emperor wearing Tianjing Emperor's Armor showed a smirk, watching Qin Tiange's eyes full of murder.

Chapter 586 - Tiandi jade seal

The arrival of Qin Tiange attracted the attention of three emperor-level masters, especially the emperor-level master of the Tianjing tribe.

He ignored the three emperor-level powerhouses, but stared at the jade seal on that side. It was radiant and radiant, showing nothing on the outside, but hidden inside.

Around this Fang Yuxi, there is a layer of mysterious energy to protect it. It is impossible to enter. If you want to get it, you must break this layer of protection.

“This treasure is mine!”

I saw that one of the emperor-level creatures Li Xiao, a three-foot long horn above the head of light, suddenly burst of ripples, breaking the protective layer around the jade with a click.

Humph!

After seeing it in action, another emperor-level creature snorted, and a ray of green rushed out, turning it into a sky-knife to chop it over, blocking the opponent from snatching the treasure.

“Wait until I **** the treasure, and then I will solve you.” That day, the Emperor of the Clan tribe sneered and turned to kill him.

The bang was loud, and the three emperor-level battles fought again, setting off waves of ripples. The powerful breath forced the three prince-level masters in the distance to retreat.

“Good, we are not qualified to compete unless they all die together.”

“Yeah, let’s go.”

One of them, a man and a woman, two foreign king-level masters, turned around and walked away without stopping, because they knew they had no chance.

The last person hesitated, and finally clenched his teeth to stay, thinking that maybe there is a chance to get the treasure?

Click!

Finally, under the joint bombardment of the three emperors, that layer of protection was broken, and the jade seal inside made a shudder.

Then, an unexpected scene appeared. I saw that Fang Yuxi turned out of laser light and flew to Qin Tiange.

Seeing this, let alone the three emperor-level masters, that is, Qin Tiange himself stunned. The instinctual detective caught the flying light, which was Yuxi.

“Tiandi Jade Seal?” Qin Tiange grasped this Fang Jade Seal and felt directly a message of such a message.

This is the information about the Fang Yuxi, which is the emperor’s jade, but its origin is unknown. As for the role, it has no effect, which makes him look strange.

“It was you who attracted me?” Qin Tiange didn’t move, but thoughtfully in his heart, as if he noticed the hidden spirit in the Emperor Tianxi, and seemed to attract him intentionally.

That attraction came from this emperor's jade seal, which gave Qin Tiange a bit more thought and he didn't know what to think.

"Damn!"

Over there, the three emperor-level masters were furious, and they smashed the protective layer hard, and they were even got by the ***** Qin Tiange.

Seeing this, the three emperor-level masters couldn't bear the anger in their hearts, and said nothing to flash around and form a triangle to surround him.

"Boy, surrender the jade seal, you can leave your whole body." The first-class emperor creature with a single horn opened his mouth, very fierce.

On the left, the emperor-level strong man dazzling with green mansions turned out to be an ancient tree, apparently a tree demon.

On the right is the Tianjing clan emperor master, a Tianjing Emperor's armor flashes, and there is a sound of crisp crickets, killing crickets.

Three emperor-level masters surrounded Qin Tiange, his breath was suppressed, and the king-level master who had not left in the distance was dumbfounded.

"I'm going, that Chinese boy is unlucky and dead." He looked excited, green eyes with hope.

He thought that when Qin Tiange was killed, the jade seal might be obtained. Maybe, the three emperors would lose each other and he would have a chance.

Unfortunately, he thought too much.

"Give it up, I can make you my attendant." The Emperor of Tianjing clan opened his eyes, his eyes cleared.

Facing the siege of the three emperor-level masters, Qin Tiange looked calm, but ignored it, but stared at the ancient jade seal on the palm of his hand, the whole body is purple and golden, exuding an ancient mysterious atmosphere.

"The purpose is unclear, what is it for you?" Qin Tiange said suddenly, and then made a shocking move.

For a moment, Qin Tiange threw the jade seal out, why not? In fact, this was because he felt that Fang Yuxi had deliberately attracted him, the purpose was unknown, and the instrumental spirit was still hidden inside, which made him unhappy.

A piece of artifact attracted him to come, the purpose must be related to him, and the spirit inside did not come out to explain, as if it was intentionally given to him.

"grab!"

The three emperors stayed awake, and then they woke up and rushed away, blasting their forces one by one to bombard the opponent and ***** the jade seal.

It was just that the three of them had just made a note, but Yu Xi flew back on his own initiative, hovering in front of Qin Tiange, seeming to think he was the same.

“Wo!”

Over there, the master of the foreign king almost bit his tongue and couldn't help but swear a Chinese swear word, apparently his heart was thundered.

The three emperor-level masters were dumbfounded, and then furious, the Tianjing emperor-level youth yelled, “Junk, since this is the case, kill you first.”

boom!

As soon as the words fell, he slashed with a palm, with a horrible power, as if he could smash the void with one palm.

“kill!”

The other two emperors were furious and killed directly. Qin Tiange should be slaughtered, otherwise the other side's jade seal seemed to recognize him.

The three emperors joined forces, I am afraid that even the strongest in the same level will fall?

boom!

Surprised to see that, Qin Tiange raised his hand and slashed into the palm of the Tianjing Emperor Master, cracking his arm on the spot with a click.

At this point, two sounds of breaking air came from behind, and the other two emperors struck, Qin Tiange turned back and pulled out his sword, and gently fell off with a sword.

With a flutter, a weird sword mark ran across from top to bottom, cutting directly from the body of an emperor master with an unstoppable force.

“Ah ...” Until then, the Emperor of Tianjing clan only made a terrible cry, and quickly backed away, watching the whole arm be chopped into pieces by the palm of his hand, which was scary.

As for the other emperor-level master, his body was stiff and motionless, and a burst of cracks came out three seconds later, and blood and water burst out.

A bang, the emperor-level master split in half on the spot, and the soul will be cut off under the sword just now.

hiss!

The last remaining emperor-level creature, with its head and horns, took a sip of air-conditioner, and actually retreated ten meters, looking at Qin Tiange in surprise.

The sword just now was really terrifying. He felt the feeling of icy body. Once he was stabbed by that sword mark, he would die, and the soul would not be spared.

“What kind of power is that?” The emperor creature was horrified, a little scared.

This sword has the ability to kill the Emperor. This ability is only available to the Emperor. Is this human youth in front of him a pig to eat a tiger?

Thinking about it this way, he retreated, turned around and burst into speed, and wanted to escape.

“Scar of the sky, cut!”

Seeing he was about to run away, Qin Tiange hummed, the ancient sword waved gently, and the void in front was scratched by an inexplicable sword mark, and the space was wiped out.

It was a scary mark. The mark of the sky was the more powerful blow that Qin Tiange realized by understanding the mark of the Tao of Heaven.

One sword cut out a sword mark, which mimics the terrible lethality of the mark of the sky.

Flutter!

Ten thousand meters away in the distance, the fleeing unicorn suddenly stopped, his body was scratched by a sword mark, and he was settled on the spot.

His eyes were empty, because the soul consciousness was cut off at this moment by the power of the marks of the sky, his body split open in half, and he died completely.

Whizzing!

Qin Tiange poked out his left hand, grabbed several powerful star cores directly, and put them away. This scene made the emperor of the Tianjing tribe look terrible and unbelievable.

“How is that possible?” He looked horrified and kept back, even if his right arm recovered, he was still afraid to step forward.

He looked terrified and murmured: “That is the power of the mark of the sky. It is rumored that it is not a power that can be born from the blood of the blue blood supreme royalty.”

“How can this human race be there?” This was his most shocking place.

Thinking of this, the Tianjing clan emperor level said nothing, his body bloomed with a celestial **** light, and immediately broke away and ran away.

Qin Tiange turned and looked at the young emperor of the Tianjing clan who had walked away, with a cold smile on the corner of his mouth.

“Want to run in front of me? Unless you are the first emperor ...” Qin Tiange finished, holding the ancient sword and chopping it forward with nothing.

With a click, the space cracked, and there was a weird sword mark inside it that disappeared and disappeared, as if it had never appeared.

“what...”

The next moment, in the void tens of thousands of meters away, a sad mournful figure suddenly fell from the void.

His entire body was split into two sections, leaving only the upper body, and the lower body was completely chopped into powder.

“No, it’s impossible. No one can steal the scars of the heavens, you, you ...” The emperor of the Tianjing clan is full of panic.

Unfortunately, he didn’t finish talking, his head split inexplicably, his eyes dimmed, and the soul will be cut off by the mysterious power at the moment.

“The marks of the heavens are really sharp. It seems that looking for time to study the seal of the planet, maybe you can steal the marks of the heavens from the blue blood tribe inside?” Qin Tiange muttered to himself, secretly Decide.

Hum!

At this time, the other side of the jade seal flew again, floating quietly in front of Qin Tiange, as if surrounding him.

“Since you want to follow me, come on.” Qin Tiange said something gently, stretched out his right hand, and saw Yu Xi suddenly flutter flying off the palm.

Grunt!

There was a swallowing sound, and a foreign king-level master over there was scared and stupid.

He did not expect that Qin Tiange, a Chinese man, was so sturdy, and the three emperor-level strongmen were all killed by him.

Qin Tiange glanced at this person without paying much attention or killing each other. In his eyes, the king was a maggot.

The emperor level said to kill and kill, the first emperor level cut one before, and his heart naturally rose, and he no longer cares about the king.

Hum!

At this moment, the jade seal in the palm of the palm uttered a buzzing sound, and suddenly a purple light was radiated toward the direction.

“Well?” Qin Tiange stunned when he saw it, looked at the Yuxi in the palm of his hand, and hesitated to catch up with the purple light.

This is Yu Xi’s guidance, it seems that he intends to guide him to somewhere.

Chapter 587 - The first heaven, the emperor’s treasure house

Huh!

In the gray nothingness, the purple light flashed past, and a faint figure was suddenly seen under the envelope of purple light.

Take a closer look, it is Qin Tiange that is wrapped in the purple light, and is chasing the direction of the light from the Yuxi, rushing in a certain direction quickly.

Not long after, the purple light crashed into a void, and a strange ripple gradually formed, and then, a vast scene emerged.

Boom!

A roar, as if the bell struck, shook through the Three Realms, the inexplicable bell sounded in the whole nothingness.

“This is the Three Realms Bell. Was the birth of the first heaven?”

At this moment, above the void, an immortal peach shed splendid glory, shrouded in a graceful figure, dressed in Cai Xia, and could not see her appearance clearly. This was Yaochi.

She was surprised and looked at the direction of the bell, which was rumored to be the only bell in the early court of heaven. The bell rang across the Three Realms, also known as the Three Realms Bell.

“It is rumored that the bell in the early days of heaven struck. This is the birth of heaven. No, you must rush.”

When Yaochi’s body turned, the undead Peach wrapped around her and quickly disappeared, blasting towards the place where the bell came.

At the same time, other powerful creatures who came in heard the bell, mysterious and unpredictable, with a terrifying charm, as if a generation of heavenly emperors were here.

“Is the Bell of the Bells the most ancient heaven?”

Zhenyuan heard it, his face was horrified, and the undead ginseng tree wrapped around him and quickly left and hurried over there.

“Amitabha, is this bell the first heaven?”

A vast Buddha light permeated, dust-free stepping on the golden lotus emerged above nothingness, and his eyes revealed the vast Buddha light. His current will is not dust-free, but the Buddha of Sakyamuni, the reincarnation power of the previous period.

“Treasure”

“Day clock?”

“The Scent of the First Patriarchs”

For a time, the first emperor-level strong men were stunned, and the ancient souls that were left over from the previous era were the most clear. This voice belonged to the heavenly bell of the first heaven.

Ancient rumors that the bell ringing means that the emperor in heaven is visiting the Three Realms, and something big will happen when the bell rings.

“Day clock?”

Qin Tiange’s brow was deep, his expression was heavy, and he looked at an empty curtain of light in front of him, which contained a large expanse of palaces.

It was a group of palaces floating above the clouds. They were densely packed and towering, and the palaces were lined up to form a large expanse of heaven. The palace at the top exudes a tremendous light, exposing endless pressure, as if there This is where Emperor Tiandi lives.

He did not expect that this Fang Yuxi actually led him here, and also directly opened the entrance to the heaven.

Yes, there was a burst of purple light coming from Yuxi, and it seemed to be opening the gap that had been closed in front of it, breaking the entrance of the taboo in heaven.

boom!

I saw that the purple light exploded, and the inexplicable energy that defended the heavenly court suddenly appeared a gap that could accommodate one person to pass.

Seeing this, Qin Tiange looked weird and looked at the jade seal that floated on his head, and suddenly felt a weird feeling in his heart.

Deadlines.i

At this moment, bursts of air broke from all directions, and the intense energy fluctuations attracted Qin Tiange's attention and looked vigilantly.

The next moment, he felt that a powerful breath was coming, and there were more than a dozen breaths of the first emperor level. Among them, several breaths were extremely ancient, and the three powerful breaths were still familiar.

"The strong are all attracted." Qin Tiange frowned secretly, murmuring dissatisfied: "You won't open it quietly, even attracted so many strong."

Dissatisfaction returned to dissatisfaction, Qin Tiange kept pace, and directly entered the gap, disappeared here.

"It really is the rumored heaven!"

A figure came radiating, looking at the large world, the fairy palace floated, forming a huge heaven, exuding ancient charm.

"The first heaven, did it really exist?"

When Yaochi came, she was very shocked to see the heaven, because she just thought it was a rumor.

In the previous era, there was a powerful alien who claimed to be the emperor of jade, and led the immortals to open the ancient heaven, which is the heaven of the previous era, and Yaochi was a member of the heaven.

It is a pity that the catastrophe of the previous period was destroyed by heaven and the immortals fell, that is, the powerful human race was destroyed by that catastrophe.

Nowadays, when I see such an ancient heavenly court, the breath revealed is beyond the tertiary and secondary ages, which is exactly the legendary site of the first heavenly court.

"The ancestor's breath is in heaven."

An alien star emperor looks excited, looking at the large sky in front of him, and immediately lasing away, rushing into the gap.

“Go in!”

Suddenly, powerful figures flickered out and rushed into the heavens quickly.

These strong men are all about the ancient breath revealed in the heavens. Even some strong men have sensed the energy breath belonging to the ancestors, which attracted them.

The ancestor, that is beyond the rank of the first emperor, returned to the ancestors by blood, returned to the genes, and achieved the tyrannical existence of a generation of ancestors.

boom!

As soon as he stepped into the heavenly court, a violent shock was triggered, and a number of apertures suddenly appeared, suppressing them severely towards the powerful who rushed in.

“not good!”

“This is a ban on heaven.”

Some emperor-level powerhouses were frightened, and before they had time to dodge, they were suppressed on the spot by various apertures, and they were instantly broken into a mud, and the core of the star never remained.

Seeing this, many strong men were afraid and did not dare to act arrogantly. Looking at these weird apertures appearing on the head and in all directions was completely a kind of forbidden law and directly killed the strong men.

“Look, why isn’t that kid affected?”

Suddenly, an emperor-level creature exclaimed, pointing at a figure running fast in the palace group in front, it was Qin Tiange.

A jade seal on the top of his head protected his body with purple light, isolated the taboos on the outside, and rushed directly into it without any hindrance.

“Damn Terra!”

“Work together and get in.”

These strong men were angry, and there was an outbreak of the Emperor Emperor, who waved and shattered those apertures, and slammed the defensive taboos here.

Suddenly, one strong one broke out, and they even tore up these hidden dangerous forbidden laws with brute force, and rushed in.

“So fierce?” Qin Tiange heard the movement, looked back, and was startled.

He didn’t expect that these guys were so fierce that they bombarded the forbidden law of Heaven with brute force and rushed in together.

Qin Tiange ignored it, and it was faster. He disappeared in the blink of an eye in front of these strong men. With the guidance of the jade above his head, he kept passing through the palaces.

He even saw some treasures in some palaces with taboos set on them, but the jade seal kept on but he couldn’t stop, otherwise he would be bombarded and strangled by the powerful forbidden forces of heaven around him.

“I’m going, where are you taking me?” Qin Tiange was depressed, and kept going, Yu Xi buzzing purple, as if anxious.

This made him a little speechless, watching Yu Xi rushing away constantly, along the way, the purple aperture dispelled the power of taboo around.

When he passed through a cloud-like jade road, he stepped on a jade ladder, and finally boarded the largest palace.

“Tiandi Palace?”

When he came to the front, Qin Tiange looked in horror and looked at a magnificent palace in front of him. The whole body was shining brightly, illuminating the heavens, and exuding the supreme majesty.

The main entrance of the palace can be seen in three large Zijin characters, Tiandi Palace.

The three large characters showed a coercion, and they were directly oppressed, as if an ancient emperor was in front of him, looking down at him.

However, Qin Tiange didn’t pay attention to this pressure, but looked at the three large characters in Tiandi Palace with suspicion, which is exactly one of the oldest texts of the human race.

Yes, this is the first text of the human race, which surprised Qin Tiange. Is this heaven built by the human race?

Hum!

At this moment, the Yuxi buzzed, and a beam of purple light hit the three characters of the Heavenly Emperor’s Palace. Instantly, it caused the trembling of the entire Heavenly Emperor’s Palace.

The sound of Kakaka came, and the gate of the tightly closed Tiandi Palace opened slowly, making Qin Tiange’s look even stranger.

“Everyone join forces and fight!”

“Can’t let that Terran take the lead.”

In front of Tiangong Nantianmen, a large group of masters bombarded and directly entered Nantianmen, rushing all the way up, obviously was stimulated by Qin Tiange.

Seeing the Emperor’s Palace open, the scene was the last thing those strong men would like to see. Once he was advanced, the emperor’s treasure house still had their share?

boom!

Dozens of Emperor and Emperor Class members joined forces, and some ancient creatures broke out. They broke through and rushed directly to the gate of Tiandi Palace.

“These guys are too fierce.” Seeing this, Qin Tiange cursed, turned and rushed into Tiandi Palace.

“Stop him!”

A loud roar came, and an ancient creature shot directly, turned it into a palm, and tried to stop Qin Tiange.

Unfortunately, he had already penetrated into the Heavenly Emperor's Palace, making these powerful creatures roar, and had to rush into it.

Click!

Stepping into the Heavenly Emperor Palace, a majestic majesty rushed towards the face and pressed directly on the body, which caused Qin Tiange to have some difficulties walking. However, the jade on his head emitted a bright purple light, and then offset that pressure, as if Withstood the Tianwei.

“Tiandi Treasury?”

Qin Tiange looked up, and at first glance he saw a huge portal in the Heavenly Emperor's Palace, with several large characters engraved on it.

Inside, the treasure light soared into the sky, and the breath of countless powerful treasures emanated, even those taboos could not stop those breaths.

Qin Tiange frowned and looked at the countless treasures revealed in the treasure house of the emperor. Among them was a terrible breath that surpassed the rank of the first emperor.

“Should these breaths exist beyond the rank of the first emperor?”

Just thinking, suddenly the jade seal flew out, and even wrapped in Qin Tiange and rushed into the emperor's treasure house.

And he rushed into the Heavenly Emperor's Treasury, just seen by the strong men rushing in, and yelled violently, all under strong pressure, and then rushed into the Heavenly Emperor's Treasury.

Chapter 588 - True Emperor Tiandi Jade Seal

In the emperor's treasure house, the heavens and gods flickered in the sky, floating in the void, and there were all kinds of treasures imprisoned.

A variety of weapons such as knives, guns, sticks, sticks, halberds, and swords, a set of armors are neatly arranged, floating in the treasure house, quietly emitting the light.

“Imperial weapon, imperial soldier?”

Qin Tiange's expression was shocked. Looking at the rays of light floating in front of him, the seal was actually the emperor's weapon, and there was a stronger imperial soldier.

Moreover, the number of these emperor imperial soldiers is very large, it is like the most ordinary thing, and it looks like it is a bad street.

“Wo Yi, when did the emperor and imperial soldiers become Chinese cabbage?”

Qin Tiange couldn't help but swear.

No way, the emperor's weapon is a kind of weapon dedicated to the emperor. It is rumored that the power of the emperor can be increased, which is equivalent to the overlapping of the powers of two emperor-level powerful men.

The same is true for the emperor soldiers, but the emperor soldiers cannot use the emperor soldiers because they are not equal to the emperor soldiers.

“A lot of emperors, imperial soldiers!”

“grab!”

At the back, a large group of powerful creatures came in, without hesitation, rushed directly to bombard those weapon seals one by one, trying to obtain these emperor weapons and imperial soldiers.

The emperor class and the first emperor class were all crazy, and all of them shot wildly. Only a few ancient creatures didn't do anything, and stared in horror deep into the treasure house, where the light from the treasure was even more dazzling.

“Ancestor?”

Suddenly, a strong man couldn't help but took off in a storm and hit directly to a group of bright light. There was a powerful weapon sealed in it, which was the ancestral weapon.

It is rumored that the birth of the ancestral weapon requires a strong ancestor to personally irrigate it with flesh and blood, in order to be autonomously derived. It is a spirited weapon called the ancestral spirit.

Weapons with ancestral spirits are equivalent to the existence of half of the ancestors. They can hack and kill ordinary masters of the emperor level, and even the emperor can kill the emperor with the ancestor.

“kill!”

“this is mine!”

A Taurus roared, and the Emperor-level power broke out. It was ancient and powerful, terrifying, and wielded a large fork to hit the seal in front.

There was a golden trident fork in it, with a strong breath, and it was a powerful imperial soldier.

Boom Boom Boom

For a while, the energy in the Emperor's Treasury exploded, boiling and chaos, one by one desperately bombarding the seals to seize the treasures inside.

This is simply a huge treasure house. It is indeed the treasure house of the emperor.

“Second generation ancestor blood?”

Suddenly, a scream came, and Qin Tiange looked around, and saw an Emperor-level creature frantically bombarding the Seal of Divine Light in front of him, which contained a mass of crystal blood.

This group of blood exudes a strong breath, ancient vicissitudes, with a **** supreme ancient meaning, as if the ancestor of a race was in front of it.

This is the ancestor blood of the first ancestor, and it is also the ancestor blood of the second generation. The so-called second generation ancestor is above the rank of the emperor, who has just completed the blood gene return to the ancestor and gained the ability of the ancestor.

Above the second-generation ancestors, there are more ancient ancestors, called the first-generation ancestors. The genes belonging to the ancient era have condensed in the genes, extremely powerful.

Above one generation, it is the oldest ancestor in the rumor. It is the ancestor of the first generation of the race. The genes are extremely mysterious and mysterious.

“That’s the blood of our ancestors!”

“Whoever dares rob me!”

boom!

For a moment, the first-level masters present were all insane, and they were all crazy. Especially some creatures felt the blood of the first ancestors belonging to their own family, let alone the excitement.

As long as the ancestor blood is obtained, it is bound to be able to quickly return its own blood gene to the ancestor, and then successfully break the barriers of the emperor, step into the ancestor level, and achieve the second generation ancestor.

“kill!”

Bang bang

Treasury chaos started, the emperor level killed each other, and the first emperor level robbed each other, no matter who killed red eyes.

Only Qin Tiange and some ancient creatures did not move, but avoided these people and rushed towards the deepest part of the treasure house.

“The Essence of the First Ancestor”

“The remains of the first ancestors?”

Along the way, Qin Tiange saw a shocking scene. In some seals, the essence and blood of a generation of ancestors were stored, and there were a lot of them.

Even more frightening is that there are also the remains of several first-generation ancestors, which are immortal and can be clearly seen that they are from all races.

Here, there are no human ancestors’ corpses and blood. This surprised Qin Tiange’s heart, but he didn’t care. He looked at the remains of the nine first-generation ancestors, all of which were killed by a punch through the eyebrow. it’s here.

“Who killed these powerful primary creature seals here?”

“Is it the first emperor?”

Questions surfaced, but Qin Tiange didn't have an answer, and he didn't stop. The jade seal trembled more and more quickly, wrapped around him, and rushed toward the depths of the treasure house.

Behind it, Yaochi, Zhenyuan, a vaguely-looking dragon girl, and a terrible unknown creature arrived with nine ancient creatures, all of which burst into the deepest part of the treasure house.

Hum!

I saw a humming sound from the jade seal above Qin Tiange's head. Then, a fierce tremor sounded in the treasure house, as if a rage was revealed.

Yes, when Qin Tiange heard it, the shock contained a towering anger, as if something was provoked.

Click!

In the depths of the treasure house, a **** mang came through the air and hit directly on the jade seal above Qin Tiange's head. At that moment, the purple light was hazy and trembling violently.

Finally, after this blow, Tianwei's vast jade seal turned out to be different.

"This" Qin Tiange was dumbfounded, looking at the jade seal that had changed, and found that the font above had changed, and it was no longer the emperor jade seal.

Then, without waiting for him to understand what was going on, he saw a mighty sky of power pouring deep into the treasure trove of heaven and earth, reigning supremely, and violently suppressing it through the vicissitudes of courage.

boom!

The jade seal glowed, revealing countless rays of light, full of purple light, with a mysterious purple gas bursting out, blocking this terrible Tianwei.

Buzz!

When a shock came, I saw a divine light coming through the air and floating quietly in front of it, turned out to be a jade seal?

Qin Tiange's pupils shrank, and looking at the jade seal that appeared in front of him, wasn't it exactly what the jade seal he got?

However, he looked up, and the jade seal on his head had already changed. It was no longer the same as before, but changed a bit.

"I'm going, true and false world jade seal?" Qin Tiange twitched his face, his eyebrows fluttered suddenly, feeling a bit speechless.

He didn't expect that he encountered a jade that would fake the heavens and earth's jade, and now he encountered the Lord, what is it called?

Huh!

Suddenly, two jade seals collided with each other fiercely, and a wave of terror broke out. Qin Tiange couldn't help but take a step back and looked stunned.

At this time, a group of ancient creatures rushing behind looked at the jade seals in which the two sides collided fiercely. One of the jade seals exudes the ancient supreme magnificence, as the same oldest emperor appeared before everyone.

“Tiandi Jade Seal?”

“The other one?”

Yaochi’s pupils shrank, and when they saw the two Jade Seals colliding with each other and fighting fiercely, a wave of stormy waves set in their hearts, and Qin Tiange’s eyes changed a little.

She knows these two jade seals, the emperor’s jade seal, all white, with strong Tianwei, the vastness and the supremacy.

On the other hand, the jade seal is full of thick, ancient majestic, with an indomitable will, as if never yielding.

The two jade seals represent one being, and the emperor jade seal represents the emperor. And what does the other Jade Seal represent?

boom!

Once again, the two jade seals backed away from each other. The emperor jade seal flew into the depths of the treasure house and seemed to hide.

And Qin Tiange’s Fang Yuxi returned to the top of his head, covered with mist of purple air, covering him, a secret voice came.

“Master, help me swallow the Heavenly Emperor Jade Seal.”

Among the jade seals, such a clear discourse suddenly burst out, leaving Qin Tiange’s head full of black lines.

You say you, just hide him, run into the first heaven court, posing as the emperor’s jade, dare to love you want to swallow the emperor’s jade.

“The host helped me, I can guide you to get what you want most in your heart.”
Yu Xi Qi Ling again spoke, looking very anxious.

This word came into the knowledge of the sea, and Qin Tiange, who had originally wanted to refuse, changed his face and stared at this Fang Yuxi in suspicion for a while.

“go!”

Yaochi and others looked at each other, and rushed in, all rushing into the depths of the treasure house, regardless of the existence of the remains of the first ancestors here, as if they did not look like.

when!

Just rushing into the depths of heaven and earth treasure, Qin Tiange suddenly suffered a shock of horrible bells, and the scene shook back and forth, his face flushed, and a corner of his mouth overflowed with blood.

He looked startled, looking at the front, deep in the treasure house, there was a cloud of chaos and nothingness, and the bell came from inside.

“Day clock?”

The ancient strongmen, such as Yaochi and Zhenyuan, who came here were shocked, and then exulted, because they came to this bell.

The clock, mysterious and unpredictable, is rumored to be a powerful weapon made by the first emperor in the chaos. This powerful tool is what these powerful men want to pursue.

But Tianzhong has spirits and is arrogant. It is not so easy to get, even close.

Boom!

A sound of bells came quietly, shattering eternity, suppressing time and space, as if all things in the Three Realms were suppressed in an instant.

The blood in Qin Tiange’s body was stagnant, his face was shocked, his body vibrated, and a stream of black particles poured out to block the suppression of this horrible bell.

“Heavenly bell is truly extraordinary!”

He looked cautiously, looking at the gray emptiness, as if a small piece of chaos, and gradually, a simple bell appeared before the strong men.

Beside Tianzhong, one side of the Yuxi exudes Heavenly Power, as if an emperor resurrected, and even hit the heavenly bell, knocking out a burst of horrible bells, killing them with shock, and swept towards Qin Tiange and others, To kill them.

“Damn!”

A group of ancient creatures became angry, and immediately exploded, one by one bursting beyond the rank of the first emperor, and suddenly rolled into the vast bell ripples.

Chapter 589 - Emperor? Do the right thing

when!

The faint bell rang, nine days on the town, and nine frightened on the bottom, as if from the time and space of ancient times.

puff! puff! puff!

The power of the clock, even shocked several ancient powerful creatures to vomit blood, and the body backed up, almost couldn’t stand it.

Instead, Yaochi and Zhenyuan floated over their heads with undead peach trees and undead ginseng trees, blocking this terrible sound wave.

Qin Tiange’s jade seal over his head sprinkled the faint rays of light, blocking the sound of the sky bell. He was not affected, but was buzzed by ear drums.

when!

Another bell struck, an invisible sound wave swept up, and a bang, all the bans in the treasure house of the whole world were smashed on the spot, and countless treasures were blasted out.

Nine ancient creatures, Yaochi and Zhenyuan were hard to resist. The terrible Zhong Bo was shaken out of the Emperor's Treasury on the spot, and the fierce fierce battle of the first emperor class was first taken off, and the weaker emperor class was shocked on the spot. Into powder.

Most of the emperor-level masters were seriously injured before they could react. They were stunned by the sound waves from the treasure house of the emperor, and even plunged into the heavenly ban outside the court, imprisoned, or bombarded.

“what”

“treasure”

“My Primal Essence”

“chase!”

Outside, the various injured Emperor Kings saw such a scene and were furious and chased after them, trying to stop these escaped treasures.

Emperor tools and imperial soldiers have spirits, and the seals are broken to escape naturally, even the blood of those ancestors flew away instinctively.

Not to mention those powerful ancestors, one by one turned into a god-like lasing penetrating through the air and escaped from heaven.

The emperor and the emperor chased the treasure one after the other, leaving none of them. As for the nine ancient creatures, the front was pale and almost injured by two bells.

“What a terrible clock.”

Zhenyuan looked startled and looked at the seal of the door of the world treasure house that was completely blown up. All the treasures inside ran out.

“What about the Terran, didn't come out?”

“Will it die?”

At this time, the paleontology of the previous period was horrified. Looking at the seal of the smashed Heavenly Emperor's Treasury, the dark chaos inside it could not be seen at all.

“Go, look inside.”

Zhen Yuan frowned slightly, and directly invited Yaochi and Shakya to enter the emperor's treasure house to see what happened to Qin Tiange?

The other six ancient and powerful creatures immediately followed, and no one wanted to fall behind, and once again stepped into the emperor's treasure house.

when!

However, just stepping into it, I heard an extremely terrifying bell roaring, and the entire void was about to collapse.

puff!

The nine ancient creatures vomited blood on the spot and were suddenly shaken out again, all of them with miserable faces, with a terrified expression.

However, without waiting for them to return to their hearts, the horror of bells and bells kept coming out, and the whole heavenly court shivered.

Dangdang Dangdang!

Zhen Yuan and others looked so pale that they repeatedly suffered the shock of the bells, went straight into their hearts, suppressed their will, and were shaken out of heaven.

Looking at the heavenly court again, a horrible sound wave swept through it, and the entire heavenly court was almost shattered.

In the emperor's treasure house, Qin Tiange stood on the jade seal and looked pale, but he persisted. Although his mighty will was stung by the shock, he persisted tenaciously.

It wasn't that he was stronger than the nine ancient upper-level creatures outside, but the jade seal over his head helped him block Jiucheng sound waves, and the remaining layer was not so lethal.

“Knock, you keep knocking”

At this time, Qin Tiange sneered and looked at the chaos in front of him. The emperor's jade of that side hit the clock repeatedly, trying to kill Qin Tiange with the power of the clock.

It's a pity that it is not the Emperor of Heaven in the end, and Tian Zhongben is sleeping, even if he hits, he cannot wake up.

This mouthpiece fell into a deep sleep, and the power it could exert was less than one, which was easily blocked by Yuxi.

Hum!

The Emperor's Jade Seal shook, emitting a radiant brilliance, showing endless coercion, as if a generation of the Emperor had awoken.

“Bold people, dare to blaspheme?”

Suddenly, there was a burst of drunkenness in the Heavenly Emperor's Jade Seal, revealing endless power, the hazy light and mist fell, and then turned into a misty imagination.

This phantom, wearing a heavenly robe, stepping on Xiangyun, with the emperor's jade above his head, was filled with horrifying Tianwei, as if the emperor was resurrected.

Hum

As this arrogant figure emerged, the clock that was still asleep beside it suddenly issued a slight tremor, and the spirit in it seemed to wake up.

“Heaven?”

Qin Tiange's pupils shrank, and looking at the mighty figure in front of him, he almost thought that the first emperor was resurrected.

But he soon understood that this was not the Emperor of Heaven, but the emperor's jade of the emperor had infected the breath of the Emperor over the years and produced a strange spirit that could imitate the Emperor and represent the Emperor.

"Kneel!"

The "Heaven Emperor" drank indifferently, and the endless majesty came up. The terrible Tianwei was mighty, with some inexplicable power, dictating the law and carrying great power.

Listening to this life drinking, Qin Tiange's eyes blasted out two cold mangs, all of them turned up, turning into a flame of flames and burning.

It is conceivable that how angry he was at the moment, even made him kneel? Regardless of the previous life or this life, Qin Tiange never knelt down.

"No matter who you are, even if you are really resurrected, I can't kill you!"

Qin Tiange said in a cold tone. The turbulent killing in his heart was no longer concealed, and it erupted directly.

Bang!

The chaos and fog boiled, and waves of air rolled and rolled away. The emperor's virtual shadow and the emperor's jade above his head, unfortunately, the mouth of the bell shook and went silent.

Seeing this, Qin Tiange sneered and stepped away, and Gu Jianyi swept across the ghost of the Emperor.

Click!

The sword marks were scratched, and a crisp crack came. The emperor's virtual shadow was shocked. Looking at the chest protection was cut inexplicably, and his heart was extremely shocked.

"The mark of heaven?" The Emperor's virtual shadow suddenly looked up, staring at Qin Tiange with endless majesty.

He did not expect that the human race boy could understand the marks of the heavenly path, and he could integrate the marks of the heavenly path into his sword art.

"Now that you know, let's die!"

Qin Tiange drank coldly, the ancient sword softened, and drew scary sword marks, splitting the chaos and mists one by one, as if space had lost its meaning.

At this moment, Qin Tiange completely exploded to the limit of his fighting power. The sword marks were intertwined, and gradually weaved into a large net, completely covering the emperor's virtual shadow that day.

"Heavenly finger, broken!"

I saw, Tiandi Xuying raised his hand and clicked, and the surrounding sword marks were broken inexplicably.

The emperor said that it was rumored to be a terrible blow created by the emperor. One finger could kill the Three Realms and Nine Secrets, and it was powerful.

“Finger, broken!”

Watching the horrific Heaven Emperor pointing and killing him, Qin Tiange showed no expression, and also pointed out, slamming, the space in front was broken, and a stream of black particles wrapped in countless space fragments and swept away.

A loud bang came, and two forces collided, strangling each other, and gradually, they went out.

“The power of space, you are fine.”

The Emperor Emperor spit out a few words indifferently, his body lighted up, and the Emperor’s Jade Seal suddenly burst from the head, rising in the wind and turning into a seal of the Emperor.

“Go?” Qin Tiange pointed, and the jade seal on his head immediately emptied and skyrocketed, turning into a terrible seal on one side, exuding an ancient and reckless breath, with an indomitable slam, hit it hard.

boom!

The two great seals collided with each other, and no one could help them, and they were evenly divided. It seems that the emperor’s seal and this mysterious big seal are ancient things, and the hidden power is definitely not weak.

Looking at the fierce battle between the two sides, Qin Tiange stared hard, locked the Emperor’s virtual shadow, and the sword suddenly disappeared.

“Heavenly sword, come!”

Suddenly, the Emperor Xingying reached out and scratched, and a flash of lightning came from the void in the distance, with an indomitable breath.

It was a sword made entirely of Tianlei, known as the Emperor’s Sword, with Tianwei and inexplicable power of heaven punishment.

boom! Qiang Qiang Qiang Qiang

I saw that the two figures staggered rapidly, the two swords collided constantly, and the sword marks of Dao Dao crossed the haze of chaos and split directly.

Flutter!

Suddenly, a slight crisp sound came, and the two figures backed away from each other. Tiandi Xuying looked down at his chest and was cut into a wound that was three inches deep.

On the opposite side, Qin Tiange’s armor was broken and clean, but he saw no scars.

“Heaven? It’s true!”

Qin Tiange sneered, lifting his sword step by step, sharp and straight, pointing directly at the emperor’s eyebrows, and traces of heavenly path dazzled the sword body, turning it into a horrible power, unstoppable.

The emperor’s virtual shadow was cold, and although he was vague, he could feel the anger from him.

Huh!

The Tiandi sword blocked and clanged, seemingly blocking Qin Tiange's sword, but the next moment the Tiandi sword broke apart.

The ancient sword was engrossing, and the traces of heaven were intertwined. A thumping sound penetrated the emperor's eyebrow, strangling his will on the spot.

"Ah, Tianzhong, don't wake up yet" Tiandi Xuying screamed screamingly, making Tianzhong buzzing and shaking twice, and finally went silent. Seeing this, Qin Tiange sneered "You are not the Emperor of Heaven, naturally you cannot wake up this mouth of the Emperor, even if you are the emperor of the emperor."

"Don't you dare to kill me, Tiandi will not let you go" Tiandi Xuying sighed sharply, threatening Qin Tiange.

Unfortunately, Qin Tiange didn't even pay attention to the threat of the so-called Emperor of Heaven, and the ancient sword twisted and smashed his head.

boom!

With the shadow being killed, there was a fierce battle between the two seals of the emperor, the emperor's jade suddenly trembled, the whole stiffened, and then he was severely suppressed by the opposite jade.

With a bang, the Emperor's Jade Seal suffered a heavy blow, the light was dim, and the body was directly shattered by the big seal of the party, eventually breaking into pieces of light and swallowed by that Jade Seal.

Hum!

When Qin Tiange killed the Emperor's virtual shadow, the mysterious jade seal swallowed the emperor's jade seal, and the quiet emperor's bell came with a change, and a sudden buzzing sounded.

When the bell rings

Chapter 590 - Emperor Seal, Tiandi Bell

"People's Seal?"

There was a faint utterance inside the Heavenly Emperor's Bell, which was irritated with a touch of anger, shocked in nine days, and shocked in all directions.

With these three words coming out, the whole tiantian shook with a bang, and the nine ancient creatures outside were all without exception, looking pale and horrified looking inside the emperor's palace.

There was an extremely ancient breath permeating, and a horrible existence was hidden in the emperor's bell.

"The first emperor?" Yaochi was shocked and startled.

Zhenyuan was equally horrified, looking at the Heavenly Emperor Palace, where it was shrouded in a cloud of chaos, and a huge sky clock gradually emerged in it.

It's Tiandi Bell!

when!

A bell rings, everything is broken!

The nine ancient creatures spit blood on the spot and no one was able to block the sound waves this time, as if the angry blow from the first heaven emperor.

There was a thumping sound, and a figure was shocked out of the sky and flew out of the heavenly court. The jade seal trembled hummily, protecting the body of Qin Tiange.

“Heaven?”

Inside the jade seal on that side, suddenly a crisp word came out, with a hint of solemnity, and it seemed to be full of fear of the existence in the heavenly bell of Tiandi Palace.

At this moment, Qin Tiange was completely stunned by the conversation between the two. He looked at the big seal above his head and recalled the sound coming from Tianzhong just now.

“The insignificant seal of the emperor, dare to swallow the sacred emperor's jade seal, so brave.”

In the clock, a word of anger suddenly came out, as if the heavens were angered, the thunder and lightning flashed and intertwined, the rumbling sound came, and the void shuddered.

Qin Tiange jumped to his heart, staring at the mysterious bell, but couldn't see through it, and it wasn't clear what was inside.

“Isn't the first heaven emperor dead?”

Yaochi was startled and never thought about this problem, but what's the explanation of the sound in Tianzhong now?

Zhenyuan's eyes were stunned, his expression was dignified, and the strength of his body was boiling, almost bursting out. That was the fear of the early emperor.

Not only the two of them, the Dragon Girl was equally vigilant, and the rest of the ancient creatures, without exception, stared at Tiandi Bell carefully.

“Tiandi?” Qin Tiange murmured, a little surprised, but not panicked.

He snorted and said, “Swallow it and swallow it. Is it difficult to eat your food?”

“The master is careful. The Heavenly Emperor's Bell is a self-contained realm. It is possible that the original Emperor of Heaven was hidden in it. You are not your opponent for the time being.”

Suddenly a clear warning came from the imperial seal of the emperor, it was an instrumental spirit, which made Qin Tiange's heart strange.

He did not expect that this side's imprint of the emperor's jade seal turned out to be the emperor's seal?

“Off!”

In the emperor's bell, a word suddenly came out, cold and ruthless, revealing endless magnificence, turned into a simple text, and suppressed it severely.

That is a word of "destruction". It can be spoken in any way, and truly possesses incredible power. Every word and every word represents a kind of truth and reason.

"Off!"

Qin Tiange's expression was cold, and when he pointed out, he also spit out a word of extinction, and he saw a mysterious force pouring out. Everything he passed away was wiped out.

Back in time!

With the passing of time, the ancient Chinese character went out on the spot, as if it had never appeared.

"The taboo power of time is very good, alas, it has never been so angry for many years."

Another indifferent word came from the clock, but this time, Qin Tiange was not moved, but showed a slight disdain.

I saw a scorn of contempt on his face, taunting: "It turns out that you are not the true emperor, but the sleeping emperor Zhong Lingzhang, impersonating the emperor, it seems that you are nothing like the emperor's jade seal."

"Bold!"

With a rage, the squares shook, the space shattered, and the clock buzzed and shook with horror.

It is very angry and humiliated by someone. How can you not be angry?

when!

A bell rang, and the sky bell suddenly broke through the void, directly bombarding Qin Tiange's head, crushing the space and turning it into nothingness.

Feeling the threat from his head, Qin Tiange's gaze was cold and he held his sword in both hands. A trace of heavenly path condensed out.

Just listening to the sound of "click", the sound wave was split, and a violent sound was heard above the clock, and a white mark appeared on the surface of the clock body.

"The mark of the heavens?" A suspicion came from the emperor's bell.

Immediately after, Qin Tiange came out of the air, lifted his sword, and when it made a loud noise, the entire clock was cut and flew out.

"Tiandi Bell? You are just like this." Qin Tiange's head seal, blocking the horrible power of Tiandi Bell, directly raised his sword to kill.

He slashed on the Emperor Bell with a sword and sword, intertwined with the traces of the heavenly path, chopped on the surface of the Tiandi Bell, and gradually cut out a small crack.

Hum!

The emperor's bell buzzed, and infinite black light bloomed, turning into a solid figure.

“Blasphemy, kill!” This man held the Emperor's Bell and blasted him hard.

With a slam, the space was shattered and Qin Tiange's crossblade resisted. As a result, he was hit by a powerful force several kilometers away.

The figure, with a strong breath, was wearing the emperor's robe, holding the emperor's bell, came out of the air, holding the bell and hitting Qin Tiange's head.

when!

The imperial seal of the emperor shook and blocked the blow, but the powerful force still lifted Qin Tiange out, and I have to say that the emperor bell was extremely terrible.

Over there, nine ancient creatures were shocked when they saw Qin Tiange being able to fight against Tiandi Zhong.

“Inconceivable, why is he so powerful?” Zhen Yuan looked at Qin Tiange with a look of disgust, and couldn't believe it.

Even Yaochi was stunned. Looking at Qin Tiange's head of the emperor, carrying an ancient sword, his strength was violent, and he rushed to kill him.

“That's the credit of Renhuang Yin, which blocked most of the Emperor Zhong Weineng.” She made a guess, thinking that it was the credit of Renhuang Yin.

Dustless hands clasped together and murmured: “It is rumored that the seal of Emperor Emperor was held by the emperor of the ethnic tribe, which contains mysterious power.

“No wonder it can collide with the first emperor Tiandi Zhong. It seems that this human identity is not small.”

“Is he the candidate of the clan emperor of this era?”

These ancient creatures are guessing, and they have reached amazing conclusions. Qin Tiange's combat effectiveness is too fierce.

Even though he seems to be suppressed by Tiandi Bell, in fact, seriously, it is that he is gradually suppressing Tiandi Bell.

Moan

After a long battle, at last, the ancient sword that had been silent made a terrible sword groan, shaking the earth.

“Huh? Is that humane?”

Suddenly, a horror erupted from the Heavenly Emperor Bell, and felt a mysterious force blooming from the ancient sword, and it was impossible to calm down.

I saw that Qin Tiange held the sword in both hands, his muscles were swollen, and his body was raised fiercely up to nine feet, as if a giant man held up the ancient sword and severely cracked it down.

Click!

Nothing cracked, every inch collapsed, Jianmang passed, with a mighty power to cut the ground, directly on the Heavenly Emperor's Bell.

With a slamming sound, the Emperor Zhongzhen trembled, the surrounding energy rays shattered on the spot, and then the bell body was cut out of a crack, extremely huge.

"Ah," there was a scream in Tiandi Zhong, and then Tian Di Zhong shuddered and clicked into the void and disappeared.

At the same time, an endless ray of light erupted in the entire early court of heaven, and the force transformed into terror exploded into nothingness, disappearing in a blink of an eye.

This change was so sudden that Qin Tiange, who had just burst into the Xeon strike, couldn't stop it. He could only look at the emperor Tiandi Bell who was fleeing, and the entire heaven that had disappeared.

"unlucky!"

Qin Tiange scolded, dissatisfied: "Just in order to devour the emperor's jade seal for you, I wasted all kinds of good things in the emperor's treasure house.

"The master is angry, I can guide the master to get better things. Here, there is the master you want most." Ren Huangyin heard a crisp voice.

Qin Tiange squinted his eyes and stretched out his hand to pinch the quaint seal, which was carved with three ancient image characters.

"Can you know what I want the most?" Qin Tiange narrowed his eyes, twinkling with light.

I only heard the voice of Emperor Yin Yin from the sea: "Master, the ancient genetic power you just awakened to realize, I know where it is."

"Go, take me!"

Qin Tiange almost didn't hesitate to order Ren Huangyin to take him immediately. In fact, he didn't expect Ren Huangyin to know his biggest secret.

That was when the level limit was violently broken in the chaos of space, and suddenly awakened to realize the ancient power of hidden genes.

This kind of power is extremely ancient and overbearing, and it has been difficult to grasp and master it. This is what Qin Tiange wants most to understand.

Ke Renyin knew that Qin Tiange was surprised and alert.

"stop!"

At this moment, a hazy figure appeared quietly, blocking Qin Tiange's way.

Looking at an alien creature standing in front Qin Tiange frowned slightly, his eyes showed two beams of coldness.

“Half-ancestor?” Qin Tiange muttered. The creature blocking the way was a half-ancestor. The bloodline genes had begun to return to his ancestors.

“Get out, or kill!” Qin Tiange didn’t have time to grind with this creature, he just wanted to quickly find what he wanted under the guidance of Renhuang Yin.

However, the semi-ancestor creature in front of him not only gave up, but sneered: “Human boy, your treasures are handed over, this ancestor can let you go.”

As soon as this word came out, the nine ancient creatures in the distance were speechless. Looking at this semi-ancestor creature, I felt a weird feeling in my heart.

Is Tiandi Zhong powerful? Strong enough to suppress the ancestral creatures, that is, the creatures that they have survived the previous era cannot resist the Heavenly Bell.

However, Qin Tiange fleeced the Emperor’s Bell. They were most shocked and vigilant. Now they saw a semi-ancestor creature blocking the road, and immediately came to interest.

“No, then you will die!” Qin Tiange said in a calm tone, his figure turned into a black particle and disappeared.
