

Dark Ages 68

Chapter 68 - Not even a 3 year old

In the middle of the carriage, in a seat aside, a well-faced woman was hugging a three-year-old girl, covering her little mouth with her right hand, looking terrified.

The three-year-old girl was talking just now. Seeing this, Qin Tiange smiled, walked quickly, and came to the young mother.

“Little girl, you are brave, can you tell your uncle what’s your name?” Qin Tiange took off his helmet and showed a self-confident smile.

But in the eyes of that young mother, his smile was like the smile of a demon, there was no trace of blood on Qiao’s face, and he was already scared to cry.

The little girl opened her mother’s hand and smiled sweetly, revealing two dimples. She said crisply, “Uncle, Mom and Dad call me Yin Yin.”

“Yin Yin, really a smart, cute and brave good boy.” Qin Tiange praised and touched the little girl’s head.

He squatted down, disregarding the terrified expression of the Yin Yin’s young mother, and asked in harmony: “Yin Yin, tell your uncle, who were the two who told the truth?”

Tong Yinyin tilted her head and thought for a moment, then her eyes brightened and she came over. She lifted her fat fingers and pointed at the nervous and bright woman, and said, “Uncle, that aunt is a group of bad guys just now.”

This sentence is quite surprising. Moda and others thought that what the woman said was true, but never thought that what the three-year-old girl said was unexpected.

“No, no, she is lying, little child, she doesn’t know anything at all, don’t listen to her nonsense.” The woman’s face was pale and a little panicked, but she tried to cover it up and explain it.

Qin Tiange was also surprised, with a thoughtful look. He looked at them and suddenly understood something.

“Yin Yin, why does that aunt belong to the bad guys?” Qin Tiange asked with a smile.

The young girl cocked her head, not afraid of life, and said crisply, “Because Yin Yin saw her with one of the biggest villains, and still embarrassed her like mom and dad.”

Uh!

Qin Tiange was stunned, looked up at the beautiful mother Yin Yin slightly, the other side was flushed with shyness at the moment, anxious to find a seam to drill in.

Wu Yinyin’s words made her blush, but made the bright woman’s face pale, and her eyes were full of fear and fear.

“I said, I’m not with them.” The man smiled, and the original 忐忑 was finally relieved.

Suddenly, without waiting for him to continue, the little girl Yin Yin hit him to heaven.

“The uncle is not a good person either. Yin Yin saw it. He just bullied the pretty aunt over there.” Yin Yin said, pointing to the opposite corner. There was a young woman with a crunchy face, melon seeds, and good skin. , The figure is very sexy.

Seeing this, Qin Tiange understood that the man had invaded the woman over there, and it didn’t look like a good person.

“No no no, it’s not like that, listen to me explain ...” The young man was frightened and immediately said something to explain, but he didn’t finish the gunshot.

boom!

A gunshot stunned everyone in fear and curled up. Only then did they see that the bright-skinned woman, who had a horrified look, even took out a silver gun, and shot the man’s head with a single shot.

Humph!

With a look of disdain, Lengheng said, “The old lady wanted to borrow you to avoid it, but I didn’t expect you to be so embarrassed.”

After saying that, she turned around, dropped the gun in her hand, looked innocent, and looked at Qin Tiange and a group of girls pointing at her with a steel crossbow behind him.

“I’m the one invited by Brother Kun. I and him are not subordinates or male-female relationships, but transactions. I know that I can’t deal with you in this way. I want to deal with you happily.” She looked away. Carefully say this.

Qi Qin Tiange was quite surprised. He didn’t expect that there was such a reversal. At first he was suspicious of the woman, but he did not expect that the other party had a gun in his possession, and even shot the man’s head with a single shot.

Well, he was speechless, but he ignored her. Because he faintly felt that this woman seemed a little unusual, or that she was not an ordinary person, but more like a killer.

“Don’t be afraid of Yin Yin, the bad guys should fight.” Qin Tiange saw Yin Yin’s expression of fear, and immediately he comforted in harmony.

Then he smiled and asked, “Yin Yin, can you tell your uncle, who else is the same as the bad guys here?”

Wu Yinyin’s mother’s face changed so much that she wanted to stop it, but she didn’t dare. And Yin Yin crooked her small head, her big eyes flickered, and she looked at them one by one, scaring a lot of people, for fear of being named.

“The uncle is very bad. Yin Yin saw him pierce a big brother with a knife. He is a bad guy and pushed the big brother off the train.” Yin Yin suddenly reached out and pointed at a curled up man in the corner. man.

Suddenly, the man’s face changed, and his face stared blankly. He looked at the little girl Yin Yin fiercely, scaring the little girl and hiding behind Qin Tiange.

“Oh? It seems that there are a lot of people missing.” Qin Tiange looked at the man with a pale face, a smile appeared on the corner of his mouth.

He gently waved his hand. Instantly, a girl in the team took a step forward. She was Kiki, and the man with the steel crossbow pointed at the corner was an arrow.

With a bang, the steel arrow whistled, and the piercing hole penetrated the man’s head. He was nailed to the window on the spot, and a sharp dagger held in his hand fell down.

“Yin Yin, is there anyone else?” Qin Tiange asked in harmony.

句话 This sentence is like a curse, tightly clasped in the hearts of all survivors in the carriage, looking at the little girl Yin An in anxiety, for fear she was pointing at herself, it would be miserable.

But Yin Yin finally shook her head and said, “Uncle, it’s gone.”

“Yin Yin is very good, thank you for pointing out the bad guys for your uncle. Would you like something good for you?”

After saying that, Qin Tiange took out a test tube and smiled brightly, as if a strange Shu was trying to seduce the little girl, making people extremely speechless.

Wu Yinyin was curious. She looked at her mother first, but how dare the latter speak? She can only shake her head in her heart shouting: “Yin Yin, don’t pick up, this person is terrible, not a good person, don’t pick it up ...”

“Thank you Uncle!” Yin Yin saw her mother didn’t speak, thinking she had acquiesced to her, and her little face immediately burst into a bright and pure smile.

The chubby little hand picked it up, took a curious sip, scared her mother to make a scream, was glared by Qin Tiange and immediately covered her mouth, she dared not speak.

After the little girl finished drinking, Qin Tiange smiled, patted her little shoulder, and encouraged: “Yin Yin, you are a smart and brave girl. When you grow up in the future, remember to be a big hero and punish the **** evil.”

After talking, I got up and left directly, leaving a blank expression of Yin Yin and a nervous young mother. The people around me were even more confused. I didn’t know what Qin Tiange drank for Yin Yin.

Only people like Moda knew that the liquid in the test tube was the one-star quenching agent, and Qin Tiange was willing to give it to a little girl?

I walked a few steps, Qin Tiange suddenly stopped, glancing sharply across all the survivors present. He said scornfully, "You guys are not even as good as a three-year-old girl. Living is a waste of food."

Their survivors, in Qin Tiange's view, are not even as good as a three-year-old child.

After saying this, Qin Tiange smiled, step by step towards the bright and beautiful woman who had been standing honestly, and made the latter extremely worried and alert.

Click!

At this time, the door of the second compartment opened and a group of people came out.

"Who was firing just now?"

A gloomy middle-aged man walked quickly, with a look of shame, his eyes swept across all the people in anger, but the next moment he froze.
