

Dark Ages 87

Chapter 87 - Meat buns, thriller!

There is a ballroom on the fourth floor of the hotel. There is no one here. Qin Tiange, who just brought people up here, felt unusual, frowned slightly, and looked at the environment on the fourth floor.

This is a dance hall with a lot of seating sofas. Before the end of the world, this is an open dance hall in the hotel.

“No one?” Moda and others looked strangely, looking around.

However, Qin Tiange’s expression moved, and suddenly raised his hand to stop the words of the crowd. He listened carefully, and faintly heard some noise coming from a room on the fourth floor hall.

Jain is a restaurant, the western restaurant on the fourth floor of the hotel, the sound comes from inside.

Huh! Uh ...

In the restaurant, the sound of meat chopping kept coming out, faint and faint. The sound insulation here is very good. If it were not for Qin Tiange’s powerful hearing, it would probably not be audible.

He made a gesture, Moda and others immediately noticed, leaving some people to guard the more than eighty ordinary people, Qin Tiange and some people came to the entrance of a western restaurant.

“Choose the meat quickly, Jiuye said that he wants to eat meat buns today ...”

At this time, there was a sound of talking in the restaurant. Listening to the sound could tell that it was a middle-aged person.

It seemed that the people inside were making meat buns. When they heard this, the hungry people could not help but swallowed a sip of water, thinking that the appetite of the hot meat buns had greatly increased.

It’s been six days since the last days, and these people are almost forgetting the taste of buns. Now they heard the people talking, talking about making meat buns, and the sound of chopping meat, making them want to eat meat buns.

However, when Qin Tiange heard the people inside speak, his eyebrows were raised, a flash of murder flashed through his eyes, and the endless forest cold was revealed.

I just listened, and there was a dissatisfied voice in it: “Your uncle, you move fast, Jiuye can still wait, you all have to eat a knife late.”

“You, you two, quickly send this plate of fresh heart and liver to Jiu Ye. Be careful, this is for Jiu Ye’s mother.”

Qin Tiange quietly looked at, in the restaurant kitchen, a burly man pointed at a group of chefs and yelled, and scolded a group of hotel chefs.

He was holding a ***** steel knife in his hand, and a man in a chef's suit was lying under his foot, apparently just cut by him. A large hole was opened in his chest, and his heart and liver were gone. .

Look at the two men leaving from the side door, each holding a porcelain plate, on which is a beating ***** heart, and a liver, just dug out and steaming.

Seeing here, Qin Tiange's pupils shrank, his eyes were cold, and his heart was full of murder. Let's take a look at the eight chefs in the kitchen who are busy, and their faces are pale. There is even a female chef who chops meat while holding her mouth to retched, and she almost passed out.

If it wasn't for the big man next to him carrying a machete, and an uncooled body lying under her feet, she probably passed out long ago, instead of biting her lips to prevent herself from passing out.

There are eight chefs, one male and one female, two chefs are chopping meat, two are chopping bones, two are buns, and the last two chefs are chopping meat. The pieces are neat.

"You two, hurry up, Jiuya is going to eat meat buns, our brothers are going to eat steak, and I can't kill you if I can't do it well."

He not only has a knife in his hand, but also a gun around his waist. At first glance, he is not a good person, even a guy who does not blink, just look at a chef who died under his feet.

"Chick, you better hurry up, otherwise, I will let you cook for me while I do it."

The big man suddenly stepped forward, holding the breast of the female chef, and he uttered such a threatening word with a sneer, and he was about to scare the female chef.

She came to be a cook at a young age, and, looking at her fair face and ***** body, how could such a beautiful woman come to be a cook?

The beautiful chef didn't speak, and didn't dare to snor. She bit her lip without saying a word, and silently chopped her meat. She could not help turning back and slashing the devil with her sword, but she didn't dare to do so.

A chef just couldn't stand it. He turned back and chopped down at this evil man, but in the end, he was not hurt. Instead, he was chopped to death.

"Morda, you two go up and grab the big man quietly, don't make a sound, I want to understand something here."

Qin Tiange looked back, backed away, whispered to Moda, and quietly went up to catch the big man. He needed to know some information here.

"Yes, Brother Qin!"

Moda and the two boys took the lead suddenly, quietly put down the steel knife, each pulled out a dagger, the cat was standing, stomping into the restaurant quietly.

The three of them had good control over their strength. At least they didn't make a sound when they walked. They approached the kitchen quietly. This scene was just seen by the female chef.

Her face was stunned for a moment, and she stared at the three Moda who came in quietly, letting them feel cold, staring at the female chef.

The female chef was shocked. When she saw the three of Moda, she realized immediately that they were not the Jiuye here, and that they looked strange wearing armor and holding a dagger in their hands.

She immediately bowed her head, as if she hadn't seen it, her heart was actually tense to death, and her eyes swept across the big man who was not far away, twisting the hair of a young chef and threatening him.

++ “Your old man, do you want to kill Lao Tzu?”

Dahanxiong growled, raised his steel knife, put it on the chef's neck, and threatened: “I see that your wife is for your face, and when you are acquainted with you, immediately tell your wife to come and accompany him, otherwise I will chop it into a meat sauce and hang it to air dry as bacon. “

The words made the three of Moda, who were quietly approaching, cold in their hearts, and their eyes were so cold that they suddenly understood that the bacon seen outside was actually human flesh?

“Human flesh? Aren't these meat buns ...” Chida was chilling, his back chilled, and looking at the four chefs inside, he looked at the bones. Take a closer look. Which one is the bone, is clearly chopping a human hand And thighs.

It was human hands and legs, blood dripping from them, and there were several human heads next to them, pale faces, eyes raised, and they would not die.

Holding back the writhing in his stomach, Moda's inner anger reached the apex, and suddenly she rushed forward, her arms clasping the big man's neck.

Uh!

Sui was attacked suddenly, and the big man was instinctively shocked. He was about to turn around and cut in. As a result, his arm was pinched by a strong force and then he couldn't move.

At this time, the other chefs were suddenly surprised that three strange people suddenly passed in, and then instantly overcame the horrible man.

The other two boys came forward, one by one, holding guns, aimed at these chefs, and warned them not to speak easily, otherwise their heads would bloom.

“Don't say anything, otherwise your heads will bloom.” A boy threatened coldly.

The eight chefs raised their hands together and did not dare to move. Instead of speaking out, they looked at them with excitement.

When Qin Tiange saw that the big man was subdued, he walked in first. Soon, a large group of mermaids came in behind him and came to the big man.

“Who ... who are you, here, here is the land of Jiuye, who knows best ...” Dahan was surprised when Qin Tiange and others came in, then threatened with anger.

Click!

Unfortunately, before he finished speaking, Qin Tiange pinched his chin and trembled. The entire chin was removed, and it was impossible to speak. He could only whisper in his throat. Whimper.

“this is?”

“Human flesh?”

Liu Yan, who had just stepped into the kitchen of the restaurant, was shocked. Looking at the scene in the kitchen, there were hands and feet on the cutting board, and there were ***** heads next to it.

This is a human being, they are human beings, and they are actually chopping human flesh. Doesn't it mean that these people are eating human flesh? Everyone was shocked, stunned by what they saw, completely subverting their original moral concepts.

Tamarix and Long Xiaoya looked at each other and saw the horror in each other's eyes. When they recalled the dense bacon they just saw, their stomachs were tumbling for a while and they vomited into the corner.

Aversion to cold, thriller!

“Take him out of the hotel for interrogation, I want detailed information about the entire hotel.” Qin Tiange said coldly, without any emotion.

The big man was terrified, and wanted to beg for mercy, but unfortunately he couldn't say anything. He was taken by three boys from Moda to be taken out for questioning.

“No need to question him, I can tell you everything here.”

“Yes, yes, we can tell you all the information.”

在 At this moment, a clear but fearful voice came and turned around to find out that it was the beautiful chef. She stood up directly to tell Qin Tiange this group of people all the information about this hotel.

Oh? Qin Tiange was slightly surprised, but was also reasonable, and nodded and smiled: “Since this beautiful lady is willing to say, this person is useless.”

.. No ...” The big man was terrified and screamed, but his voice was stuck dead, and the next moment, Moda Shengsheng broke his head and died.
