Chapter 99 - Crying in Despair

Outside the hotel, a large number of zombies gathered, and the crowd was surging, making people's scalp explode.

These zombies were attracted by the sound of the helicopter just now. The number is so huge that everyone who just stepped out of the hotel couldn't bear the chill.

“Troop, open the way!”

Qi Qin Tiange looked expressionless, looked at the dense zombies outside the hotel, and waved his hand gently to give the shock order.

As soon as the chanting voice fell, Nie Teng was the first one, waving a huge one-star sword, snarled and rushed forward, fell down with a knife, and chopped a zombie blocking the road.

Immediately afterwards, one hundred and ten dead men were crazy, one by one wielding steel knives, roaring and killing them, the knives went into the flesh, chopped the flesh and blood of the zombie in front, and the scene was extremely bloody.

Crazy, so crazy, this group of people is really crazy, one is the threat from death behind, and the other is the powerful temptation of the quenching potion, which has caused this group of people to fall into a crazy battle.

This is a group of lunatics. They were originally executed, but now they not only have a chance to survive, they can also obtain things that they could not imagine before. That is temptation.

With temptation, people will have a powerful fighting force, and this group of people is like this. Looking at their performance, although very crazy, Qin Tiange was dissatisfied and felt too slow.

“Muda, lead the sword shield to open the way, you must take the opportunity to rush out.” Qin Tiange suddenly ordered, Moda killed with the sword shield.

Dozens of Sword and Shield hands, led by Moda, turned into a sharp knife, tearing apart the front of the zombies in front of them, opening a gap, and alleviating the pressure of trapping the dead camp.

“Brothers, kill!”

The crowd shouted, waved the steel knives one by one, and killed them. The followers Moda, the powerful sword shields, pushed forward all the way, and no one backed up.

Followed by Liu Gang and others of the steel crossbowmen, the followers opened the way in front of the team, all the way to shoot the zombies who broke into the team, removing some of the danger in front of the open team.

With the cooperation of the team, the siege of the zombies was opened at once, and everyone rushed out with this gap and left the hotel area.

At this time, there was a large number of ordinary people in the team. Under the leadership of Long Xiaoya, they even dug the zombies' brains along the way.

They did not receive Qin Tiange's order, but instinctively went up to help dig the brain crystal, seeing this scene, Qin Tiange nodded secretly.

“Xiaoya, call those who help out and put on armor, this is a reward for their labor.”

Suddenly, Qin Tiange dropped a pile of steel armors, shocking a large group of survivors, some of them were ecstatic, and the rest who did not help regret and jealous.

They didn't expect that Qin Tiange suddenly rewarded these people with steel armor, and the helpers were excited one by one, grabbing the steel armor and putting them on.

As for those who did n't help, sorry, you did n't, this is how Qin Tiange works. If you want good things and rewards, you have to pay your own labor, otherwise don't even think about it.

“Oh, I knew I would go up to help,” a young man said angrily.

This group of people are the ones who followed from the hotel. Only a small part of them, as most people don't want to leave the hotel, fearing the zombies outside, they think it is the most dangerous.

For those who followed, Qin Tiange did not drive away, but did not pay much attention, and those who came to help were rewarded, and those who did not help naturally did not.

“Tian Ge, there are still a lot of survivors in the hotel who have not followed.”

At this time, Long Xiaoya, who had collected the brain crystals, came to Qin Tiange to report the situation, and said that there were still a large group of people in the hotel who did not follow.

Qin Tiange sneered for a while and hummed, “The group of people didn't know what to do. I saved them and even gave them food. Even if they weren't grateful, they refused to follow me. Then there is nothing to say. Let those Let people live on their own. “

“Yes, what happened to that woman?” Qin Tiange suddenly asked such a bland sentence.

Long Xiaoya heard that the color was pale, but nodded his teeth and said, “The woman's husband and son were killed and waxed into flesh. She didn't know where to find the explosives. It was on each floor before we came out. Explosives have been placed on the hotel's stairs and elevators. I guess I want to ... “

Boom ...

The lingering words did not finish, the next moment there was a violent explosion from the hotel, and a rumbling vibration came, which attracted the attention of countless zombies nearby and rushed there.

The hotel was blasted, the door was smashed, and every staircase and even the elevator was blasted. This is the explosive that Qin Tiange let Long Xiaoya put down quietly.

Since seeing the group of people rescued by him refuse to cooperate, Qin Tiange is upset. Help me, how can I be grateful for myself?

I even gave a lot of food at the dinner last night. These people didn't know how to be grateful and wanted to ask him to leave a batch of food for them.

“what happened?”

Hearing the explosion, everyone paused, looked around, and saw that most of the hotel door was blown apart, revealing the inside.

Suddenly they realized something, and looked at Qin Tiange and others in the distance, chilling in their hearts. At this moment, in the back corner of the crowd, there was a woman with a crazy face, looking at them with hatred, full of terror.

No one guessed that this woman did it. They only thought that it was Qin Tiange who made it. Everyone was chilling. Some survivors who followed him secretly shook and were glad that they had to keep up, otherwise they would be finished.

“Do not...”

“It’s them, they must have bombed the hotel!”

At this moment, in the Wiener Hotel, a group of dozens of survivors screamed wildly, growled in horror, one by one.

They were stunned by the sudden explosion, watching the hotel’s door completely blasted, and then every staircase of the hotel was smashed.

A group of people who had been down in the hotel lobby looked at Qin Tiange and they were far away. They were still very happy, but the tragedy in the next moment.

“No, here comes the zombie!”

“Run!”

In the hotel lobby, a dozen or twenty people panicked, turned around and scrambled, because a large group of terrible zombies poured in from outside the hotel.

Faced with a large number of zombies, how can resist them? There was only one end, either to be bitten into pieces by the zombies, or to become a member of the zombies.

“Don’t ... save me, save me ...” A young man was terrified, his legs were thrown down by two zombies, and then he constantly bit his stomach and pulled out his colorful intestines.

“Ah ... I curse you not to die ...”

The man was quickly bitten into pieces, devouring clean, hungry zombies, and the lethality was extremely horrible. He immediately threw more than twenty people from the hotel lobby to the ground, struggling and crying, regretting roar.

“You all deserve to die, all deserve to die, my husband is dead, and my son is dead, and you will be buried together!”

In the corner, the woman was so crazy that she didn’t know where to get the explosives that had blown up the hotel. This was to be buried with all the survivors in the hotel.

Despair, it was a cry of despair, scolding, cursing, and so on, and a sound of sorrow and sorrow came from all these, so that the survivors who followed them were stunned, pale and frightened.

“Keep going!”

At this time, watching the decrease in the number of zombies in front, Qin Tiange immediately ordered the team to continue to take advantage of this opportunity to kill the zombies.

This awakened everyone in a daze, one after another dare not have any ideas, followed the team carefully and nervously, and moved forward.

Obedient, now alive, as for the disobedient, desperate sorrow in the hotel behind, this sharp contrast, everyone who came to the scene thought that it was Qin Tiange's bombing.

They all believed that they all thought it was Qin Tiange, and they were shocked that he had blown up the hotel, led to countless zombies, and rushed out of the encirclement for his team.
