

124 Chapter 124

"D—Don't say that!" Kate yelled. She quickly covered her face out of shame. But then she realized that her breasts were also exposed, so she quickly covered her breasts instead. 1

Henry found it funny that Kate became shy even though they already did everything at this point. She was even pregnant with his baby right now!

"Why are you getting shy anyway? This is not our first time, remember?" Henry said. He put his hands on her thighs and then slowly spread them open.

Kate was wearing a knee-length skirt, so he rolled it up until the base of her thighs, where he could see her panties.

Kate was already wet down there. She was so horny that she couldn't wait for Henry to fuck her.

But at the same time, she also felt ashamed of herself because she had never been this hungry for a man before.

Was it because of her hormones that got influenced due to pregnancy? Or was it because it was Henry? 1

Nevertheless, she still felt that she had

unreleased the restraint in her body and heart the moment she did it with this man. 2

Only this man.

Henry kneeled in front of Kate and began to caress and kiss her inner thighs before his lips reached her wet panties.

"Ah! Ahnn! H—Henry, stop! It's so dirty down there!" Henry ignored her completely. He pushed Kate until she lay flat on the desk while he rubbed her wet pussy with his index finger. He didn't remove her panties, so the already-damp underwear got even damper as he stimulated her labia.

"C—Can we just do it already? I can't wait any longer," Kate said. She was at her wit's end right now. Henry teased her enough that she was so ready for his cock.

He clicked his tongue, "So impatient. I'd love to touch you more, but I'm also at my limit right now."

Henry unbuckled his belt and then took out his rock-hard cock. The tip was red and throbbing, while the shaft was veiny. He hurriedly pulled Kate's panties down and spread her legs into an M-shape, making sure that he got full access to her wet pussy.

"Fuck, I can't believe this is happening right

now," Henry admitted. "I've been dreaming about fucking you again in this place. I want to see you when you're sober, because we were so drunk that night."

Kate's chest rose up and down. She stared at the ceiling and asked, "And have your feelings for me changed as we do it when we're sober?" Kate asked.

She knew that question was unnecessary.

But she couldn't help wondering whether there was a difference between them having sex sober versus drunk.

She wondered if Henry had the same excitement as she got right now and if Henry also felt this longing in her heart.

"I feel exactly the same," Henry replied. He climbed the desk and lay on top of Kate. He used his elbow to support himself while aiming his cock at her pussy, "I have this intense warmth engulfing my heart when I'm with you. I'm longing for everything about you, Kitty, and I just know that you're the perfect woman for me."

Kate smiled as she wrapped her arms around his neck and pulled him deeper for a kiss, "I also feel the same, Mr. Grant. I've been longing for everything about you ever since that night. You're the only one who could make me feel a certain way."

Kate spread her legs wider and said, "So do me now, let me feel you inside me."

Henry took a deep breath, he was about to slowly put his thick dick inside her pussy, but before he could do that, there was suddenly a knock on the door. 2

Knock. Knock.

"Mr. Grant, it's me!"

Henry and Kate's bodies stiffened. They turned their heads at the same time toward the door and realized it was unlocked.

That bimbo Erin could storm at any time and witnessed what Henry and Kate were doing. 1

Kate panicked instantly. She wanted to get up and quickly fix her appearance to act like nothing was wrong.

But Henry held her in place, stopping her from getting up, and said, "I don't want to stop here just because of that bitch."

"Henry, she will find out about us!" Kate argued. "Our plan will fail!"

Henry gritted his teeth. He was so angry right now that he could snap that bitch's neck just to make a point.

"Yoo-hoo~ Mr. Grant, are you inside? If you're

not, then I will open the door and sleep on your long sofa!" Erin yelled. "Naked, of course, hihi!"

Henry clicked his tongue, "So fucking annoying. I can't wait to throw her into that frozen land!"

"Henry..." Kate begged. She was also disappointed that she couldn't do it with him today, but the mission was far more important. "Please..."

Henry took a deep breath. He got off the desk, but before Kate could get up, he told her, "Stay right there, and don't you dare to get up, Kitty. I'm going to handle that bitch and we will continue where we left off."

Kate could feel the pressure coming from him. He was furiously frustrated right now, and she wasn't sure if he could handle Erin since that bimbo was very pushy.

But she also wanted to continue.

She was eager to get fucked by him in this office.

Kate swallowed her saliva. She was nervous, but in the end, she agreed, "Please do something against my bitch sister, so we can continue. I can't wait to have you inside me." 2

Henry's whole body was trembling upon hearing the last sentence. Since she was just as eager as

him, then they shouldn't stop.

Henry tucked his erect dick inside his pants with difficulty because it was too big, and it was painful when he tried to stuff it in.

He then fixed his belt and walked to the door.

"Ugh, why is he not answering?" Erin pouted. "If he's not in his office, then I guess I can just surprise him by being naked on his sofa. Bet he wants to fuck me once he saw me!"
