

128 Chapter 128

"Urgh!" Henry supported his body with both elbows to ensure he didn't accidentally press himself on Kate and their baby. He could feel the mess down there. **1**

But he was still rock hard. He was a man with a lot of semen to spare, he had a high libido, and it wasn't easy for him to calm down, especially when the one he fucked right now was the woman of his choice.

"Uhh... hnnn..." Kate's gaze got blurry. Her chest rose up and down as she tried to catch a breath after wild sex in the office. She stared at Henry, who was still on top of her, supporting himself with his elbow.

He was also in the same condition as her, sweaty and exhausted, but both felt good.

However, she could feel that he was still hard inside her, "Henry?"

"Yes, Kitty?"

"Pull it out," Kate said.

Henry grimaced, "Can we do it again? I'm not satisfied yet. I can go for another round, really."

"No, I still have to face my sister after this. I still need to save some energy or else I'll fall asleep

for a long time if we do it again." 1

"Like a sleeping beauty?" Henry chuckled. "Then maybe I should kiss you so you'll wake up."

Henry kissed her on the lips and intended to do it again, but Kate quickly blocked her lips to stop him. She knew her body well, and if she allowed Henry to kiss her, she would probably give in and go for another round.

"Pull it out, Henry."

Henry clicked his tongue. He pulled his dick out of her pussy, and carefully climbed down from the desk. He then carried Kate to the bathroom and said, "We need to take a bath. Don't worry, the bathroom in the CEO's office has a shower."

"Yeah, I can do it myself, why do you need to carry me like this?" Kate protested. She began to struggle to get out of his embrace.

"Why not? It's easier if we shower together, right?" Henry said. "I can wash you real good, you know."

"No, you're not," Kate refuted. "I know what you have in mind, Henry. So put me down now and let me wash myself!"

Henry sighed.

He truly didn't want to incite her anger, especially not after he fucked up big time when

he handled Erin before.

So he carefully put her down and left the bathroom, allowing Kate to wash herself.

Henry leaned on the door. He looked down and realized his cock was still erect, and it'd probably take a cold shower to calm down.

He then put his dick into his boxer while waiting for Kate.

"I can't believe that I can be this excited when doing it with her," Henry murmured. "At this point, I don't think I can fuck another woman anymore. Our physical compatibility is amazing, there's no sex better than with her."

It took Kate a while to wash, and she came out feeling refreshed. Meanwhile, it only took Henry a few minutes to wash, and then he walked out of the bathroom, only wearing his boxers as if they were actually in his apartment.

Henry rubbed his hair with the spare towel and commented, "I don't know why my late brother has a shower set built in his office bathroom, but it's damn convenient." 1

"It was because Mr. James Grant used to stay in the office overnight. He'd work nonstop, sometimes even days because we're trying our best to keep the company afloat," Kate replied. "This company was in a bad state when he first

came in. I was the first employee he recruited."

"I see..." Henry zipped his lips instantly. He didn't like how Kate kept on talking about his late brother.

Though he had a fond memory of James, Henry still took him as a rival when it was to Kate. Because it was very well-known throughout his family that James refused to marry another woman because of Kate.

Unfortunately, Kate was already married, and she was the loyal type.

...

Henry disliked thinking about his family, so he quickly changed the topic, "What are you going to do with your sister? I don't want her to keep stressing you out with her bullshit."

"Don't worry, I already have her in my grasp," Kate replied. "Though I can't stop her completely, I can make sure that she will stay in her place until we throw her out."

"Now please excuse me, I have a bitch to slap," Kate said. 3

She got up and was about to leave, but then Henry quickly hugged her from behind and whispered, "Remember to call me if you need anything. I'll always save you, Kitty."

Kate felt ticklish again. Her cheeks reddened, and she nodded slowly, "I'll keep that in mind."

With that, Henry released Kate and then she resumed her work for a few hours before returning to her apartment.

As expected, Kate saw her sister leaning on the door, still wearing the same slutty 'office outfit' only suitable in a porn set.

Kate knew she couldn't avoid Erin, so she lifted her chin and faced her sister.

"What are you doing in front of my apartment?" Kate said coldly as she stood in front of Erin.

"Hi, sis, took you a while to go home, geez," Erin complained. "And why did you change the password anyway? Now I have to wait for you to get into this apartment."

"I already gave you another apartment all for yourself, Erin. Scram now while I still have patience for you."

Erin had a provocative grin as she heard that sentence. Her sister needed a little lesson of humility, so she would know her place. 1

'It's been a while since I saw her crying and begging anyway. It's time to give my mother a little shock, hihi~!' 1

"Alright, fine," Erin said. "Just unlock the door, so

we can go in."

Kate's gaze grew cold, "And what if I don't give you permission to enter my apartment?"

"Oh? You dare to do that to me?" Erin chuckled. She took her phone out of her bag and said, "Do you want your mother to die?" 3
