

## 150 Chapter 150

Erin thought this was a dream come true. She wanted to jump out for joy, thinking it must be her lucky day because she would finally spend a week alone with her dream man. 1

'Ah, this must be my reward for being so patient with him. I can't imagine what kind of luxurious stuff I will be getting after a wild night with Henry!' Erin thought. 1

She began to think that Henry might be preparing a surprise for her. Maybe they could go for another trip after Canada, somewhere with a warmer climate like Hawaii! 3

'Ah, and then we will spend another sweet, and wild moment with him fucking me every single night. Hihi, I don't even mind getting pregnant by him. I will sell the baby so I can get a lot of money, in case Henry doesn't want to marry me,' Erin thought. 9

She had never been pregnant before because she always used condoms and birth control to ensure she didn't get pregnant.

She tried to get pregnant with Matt's baby, as she planned to sell the baby to Kate and Matt. The baby would be her ticket to an easy life because she could've forced Kate to do

everything if she didn't want the baby to die.

'Well, Matt's micropenis can't get me pregnant. But I think with his big dick, Henry would be able to get me pregnant in one try, hihi~!' 1

Henry already knew what was in Erin's mind, and he could only sneer, knowing this bitch had nothing but dirty thoughts about him.

Granted, she wasn't the only one who did that. But she was the first to make him disgusted by her dirty thoughts.

'Don't worry, Erin. I will make sure that you will have a wild night with those seals, hahah!' 3

"Thank you so much, Mr. Grant! I will make sure to be the prettiest woman in the party! Everyone will have their eyes on me!" Erin was so confident with herself. After all, there had never been any man who could resist her charm. 1

She was a natural beauty that would make all women envious!

"Good, then you should go now, Miss Ross. We will go tomorrow, of course you have to prepare yourself, right?" Henry said. "I suggest you bring many warm clothes. Summer's almost over, it will get really cold there."

"Yes! I will leave now, Sir!" Erin wanted to steal a kiss before leaving, but Henry quickly turned

around and busied himself with documents before she could do it.

Erin pouted, thinking Henry must've been shy because this tiny chink was still in the office.

Thus, Erin simply grabbed her bag and gave Mai a side eye before she left the CEO's office.

Henry waited until Erin left, and he finally let out a relieved sigh, "I can't believe that I have to stand that bitch for too long. Ugh, this is torture."

Henry shifted his gaze at Mai and asked, "Do you have everything covered? What about the flight tomorrow?"

Mai smiled mysteriously and nodded, "Don't worry, Sir. I've got everything covered. After all, you're not the only one who wants her dead."

"Not dead, Mai. Stranded in the middle of a frozen island," Henry scoffed. "I think she might have tried to seduce those seals or polar bears when she got too desperate later on." 4

Erin was so happy today. She entered her apartment and began to pack for tomorrow. She took out her biggest luggage and began putting many dresses, jewelries, and winter jackets into the luggage.

She realized that some of her clothes were a

little outdated and decided not to bring that many casual clothes. After all, she would be naked inside Henry's expensive hotel suite most of the time. 2

"Besides, I can always ask him to buy me clothes. Henry has a lot of money, I'm sure he won't mind if I waste it all on buying branded clothes," Erin murmured.

It took her at least two hours to finish packing everything she needed for her first overseas business trip, though this wasn't the first time she had gone outside the country.

She visited Europe a lot with her girlfriends, of course by using Kate's credit card, or if Kate said was too much, she would usually tell Mom that Kate threatened her with something. It was so easy to get money from her sister.

"Hmm, maybe calling her right now would be great. I can't imagine how devastated she would be knowing that I succeeded to be Henry's favorite woman in no time."

Thus, Erin dialed Kate's phone and waited for her to pick up.

Fortunately, her sister was still kind enough to pick up the call. She thought that Kate had blocked her after disowning her a week ago.

...

There was no voice from the other side, so Erin took the initiative to greet her sister, "Good evening, Sis. You know—I'm surprised that you still have my number unblocked. I thought you'd block me after disowning me last week. Hihi, just say that you can't stand leaving me, Sis. I know that I'm too good to be disowned."

"Do you want me to block you now?" Kate responded.

"Hey, relax, sis. Why are you so pressed anyway?" Erin rolled her eyes. "I have good news for you."

...

Since there was no response from Kate, Erin decided to just go with it and tell her sister, "Do you know that Mr. Grant will be having an overseas business trip to Canada for a week?"

"I know," Kate said. "I was supposed to be with him for that overseas trip before he fired me."

"Aww, that's so sad for you, sis. But that's good for me, because he offers me to accompany him for this trip!" Erin said. "He even begged me to stay with him in the same presidential suite, and also told me that we will have many wild nights together."

"Oh, he also said that we will have an amazing dinner and party together. He can't wait to fuck me after work, Sis!" 5
