

163 Chapter 163

Erin woke up the next day in a perfect mood. 1

She had breakfast at the hotel's restaurant and returned to her suite to prepare for her next trip to Greenland.

She didn't know where Greenland was. She googled the country to see if something was amazing in it.

But it seemed like a regular place, just very cold most of the time. 1

Unfortunately, there weren't many tall buildings there, which diminished the joy that Erin experienced right now.

"Ugh, it looks like an ugly small town," Erin complained. "I don't think they have a Mall. So I guess I'll just tell Henry to keep sending me money everyday and spend it all in LA! Hihi, I wonder if I can spend a hundred thousand dollars in a day, that would be my biggest challenge!" 1

Erin didn't forget to take a selfie and post it on Instagram for her friends to see.

She didn't have that many followers right now, and most of those who commented on her pictures were jealous bitches whose men had

sex with Erin once or twice. 1

Usually, Erin just blocked them because they were just haters! 1

"Hmph, haters gonna hate! It's not my fault that they are all so ugly compares to me, that's why their boyfriends fuck me instead of them!"

Erin wanted to be an influencer and celebrity in her life. She dreamed of the life of the Kardashians because they seemed to do a bare minimum of work and got a lot of money.

"I will use my status as Influencer to fuck with so many handsome and popular men! I bet they will flock to me because I'm so rich and beautiful! Hihi~." 4

It took Erin a while to pack up. She bought way too many branded bags yesterday during her shopping hauls, but she forgot to buy new luggage to pack them all up.

"Ugh, should I just go back to the mall to buy new luggage?" Erin considered, but then she ditched the idea because she didn't want the hassle. "I'll just throw all of my winter jackets whatsoever and demand Henry to buy me one once we arrive in Greenland! There is no way I'm leaving all of my brand new bags behind!" 4

Thus, Erin threw away all her ugly winter jackets and kept her branded bags, shoes, and dresses. 6

It took her a while to finally get ready with everything. She then called Henry because they would be on the same flight.

—

"What is it, Miss Ross?"

"Mr. Graaannttt, I'm all done with my preparations, when will we go?" Erin asked.

"Also, can you call the bellboys? I can't carry my stuff, they are too heavy!"

"You can call the bellboys yourself, Miss Ross. I just got my flight rescheduled because the client wants to meet me today, so I have to get an early flight," Henry said. "I'm already boarding right now, I'll put my phone on Airplane mode soon, see you there, Miss Ross."

"W—Wait—"

Beep.

—

Erin was stupefied when Henry hung up without giving her time to speak.

Her hand was shaking as she got angry at Henry, who dared to leave her like this.

Erin clenched her phone, and her previously good mood was ruined, "THAT FUCKING BASTARD! HOW DARE HE LEFT ME ALONE?!" 1

"DOES HE NOT REALIZE THAT I'M A TOTAL CATCH? HE SHOULD WAIT FOR ME, AND DO EVERYTHING THAT I TOLD HIM TO DO!" 3

Erin lost her composure after missing the flight twice with Henry. She felt like Henry didn't do his duty as her boyfriend. 3

"He should do anything I say! If he needs to get an earlier flight because he has a meeting? THEN CANCEL WHATEVER BUSINESS HE HAS! DOES HE NOT REALIZE THAT I CAN'T WAKE UP SO EARLY?!"

She didn't care if Henry might lose business deals whatsoever. It was his obligation to spoil her as her man. 3

"Ugh, he is rich, but he is not a man enough," Erin rolled her eyes. "I can't believe that he still prioritizes whatever business he has over me, ME! I don't fucking care if he lost some money whatsoever. Nothing is more important than ME!" 4

It took a while for Erin to get in a better mood. She couldn't wait to yell at Henry for prioritizing business over her.

But she had to stay calm.

"Okay, okay, deep breath, Erina Grant, deep breath," Erin chanted as she tried to calm herself down. "If you want Henry to kneel before you

and do everything you want, then you must be patient. He needs to see you as a cute girl who's weak and likable, then you can start dominating him later." 1

"You've slept with so many men before, and you've become a homewrecker of many families. You are FANTASTIC, so it shouldn't be hard for you to get this man," Erin convinced herself before she called the room receptionist to bring her a bellboy to carry her big luggage. 2

**

Beep.

Henry hung up before Erin could say a thing. It was mostly to stop her from ranting and force her to accept the situation.

The other reason was that he couldn't listen to her 'cute' voice without cringing to death.

"You should try to pacify her a bit. She's definitely raging like a madwoman right now," Kate said as she was still busy sitting on the vanity table, skillfully applying her red lipstick.

Henry sighed. He approached Kate gently, running his finger on Kate's nape. "I'm at my limit, Kitty. You know I'm trying my best not to snap her neck whenever I meet her. 2

"You don't need to be so violent towards her,

Henry," Kate advised. "After all, death is too kind for her. My punishment is ten times more painful than death." 1

Kate finished applying her lipstick. She stared at herself in the mirror and smiled maliciously, "I want her to feel so hopeless that she might think about ending her life with her own hand, just like how she tormented and taunted me for so long until I feel suicidal." 5
