

164 Chapter 164

Henry clicked his tongue in awe. He was admiring Kate's beauty. 1

She was the most gorgeous woman he ever met, and she got even more beautiful when she smirked with her red lipstick.

It turned him on so much that he wondered if Kate had put a spell on him that turned him into a horny love fool.

"You know, after meeting you, I just realized that I have a thing for—"

"A redhead?" Kate guessed before Henry could finish his sentence.

Henry chuckled. He leaned and kissed Kate on the cheek before replying, "Partly, but more than that, I think I developed a fetish for a merciless beauty like you."

"A merciless beauty, huh?" Kate didn't know if she liked that title or not. She was never cruel before. All she did was endure Erin's torment while fulfilling all of Erin's crazy demands. 1

But she somehow changed after she was pregnant with Henry's baby.

Maybe it was the hormones, or maybe the realization that she had to protect her baby

flipped a switch on her. That's why she became extreme and would do absolutely anything to protect her precious baby.

"You should know that I'm not usually like this, Henry," Kate defended herself. She lowered her head and patted her belly. "But I promised myself that nothing and no one will be able to separate me with my baby. I will be the cruelest witch if that means I can protect my baby."

"That's even better," Henry said. He circled his arms around her stomach and hugged her from behind before kissing her repeatedly on the cheek and neck, "That means you are protective of OUR baby. You'll make a fantastic mother."

"And I? Obviously, I will be a fantastic father, hahahah!" 2

★★

Henry and Kate boarded the same flight with Erin. The difference was they were in a heavily private first class at the front, while Erin was sitting far back, getting all the turbulence. She also sat near the toilet, so she had to pinch her nose many times to cover up the stench. 4

Henry and Kate were enjoying the first-class treatment. They were currently eating their delicious lunch on this 12 hour trip to Nuuk, Greenland when they suddenly heard a commotion from the economy class.

"I DON'T WANT TO SIT BETWEEN THESE PEOPLE WITH SMELLY ARMPITS! I ALSO DON'T WANT TO SIT NEXT TO THE TOILET, IT SMELLS LIKE HELL!"

"Miss, calm down, the seat that you have has been pre-booked before the flight, please sit down," the flight attendant said. "You're making other passengers uncomfortable with your tantrum."

"TANTRUM? THIS IS NOT TANTRUM! DO YOU NOT KNOW HOW I AM? GIVE ME THE FIRST CLASS SEAT NOW OR I WILL SCREAM HARDER!!"

"Miss, calm down!"

Then there was a scuffle with plenty of screams from Erin. In the end, the other passengers clapped and cheered at the flight attendants because they had successfully subdued the troublemaker. 3

Henry and Kate looked at each other. They were holding their laughs. They were very amused by the fight at the back of the plane.

"I didn't expect her to actually make a scene in a 12-hour flight," Henry commented. "I keep overestimating her intelligence."

"She is a spoiled girl who will make a tantrum if she can't get what she wants as soon as

possible," Kate said. "As she grows older, her demands get crazier, and she begins manipulating and threatening me in various ways so I will do anything she demands me to do."

Kate and Erin were raised differently since they were young.

Erin was the youngest, and everyone in the family doted on her. She could do no wrong, and they would give her everything she wanted. She had always been given the princess treatment since day 1.

Heck, Erin failed almost all of her classes at school, and her mother simply told her everything was alright and Erin could make a living being a model or actress when she was older. 2

Meanwhile, Kate...

She was raised to be responsible and good. Her parents demanded the best from her. They punished Kate if she got a bad grade when she was in elementary school, forcing her to study hard because she wasn't the 'prettier' sister. 2

Sometimes she wished she was the prettier sister, but each time she tried to doll herself up, her sister would always laugh at her, telling Kate that she looked like a female Shrek and shouldn't try to do something she wasn't used to. 3

Her mother was conservative and strict regarding Kate but too lenient for Erin. She'd scold Kate for dolling herself up because she would attract unwanted attention from men, but would encourage, even bought a lot of makeup for Erin since she was in middle school.

"Well, it's about to end soon," Henry assured. He held her hand gently and said, "It will only take me two days in Greenland to finish everything, and then we can enjoy the rest of our trip without intervention from that bitch." 2

★★

Erin suffered for twelve hours. She had a fight with the flight attendants. They ganged up on her because she punched one of the flight attendants in the face until she got a nosebleed. 4

Then the rest of the flight attendants ganged up on her, shoving her around until she fell to the ground and got bruises all over her body and face. 1

She screamed at them, telling them that she would press charges, but the other passengers laughed at her instead, telling her that she was a crazy bitch. 3

'Hmph, these peasants flying in economy, they don't know that I am going to be Henry Grant's wife! He is so fucking rich, I bet he can buy me a

private jet later! None of you poor people will have a life like me!' 3

Erin cursed at everyone in this plane and even cursed at Henry for allowing this to happen.

If he was a good man, he would abandon his business matter, book an entire flight for them, and cater to her other needs! 4

In exchange, Erin would allow Henry to fuck her at night!

It was a fair deal!

'I will force Henry to send me a hundred thousand dollars for compensation for this! I will also tell him to buy me a private jet, so I won't be flying economy anymore!'
