

170 Chapter 170

Kate called Henry soon after, telling him she was done with her plan, and now it all depended on him. ¹

"Don't worry, love. I'm currently setting everything up. I will make sure that everything is according to plan," Henry assured. "But you know that I'm not doing this for free, right? I demand something from you as well. I expect you to get ready the moment I open that door."

Kate chuckled. She glanced at the recently bought lingerie on the bed, "Yes, you'll find a sweet surprise waiting for you, Mr. Grant."

Henry's breath began to heave as he imagined many wild things. He had been acting like a hungry beast this whole time, constantly salivating over Kate's body, patiently waiting until Kate exposed herself, so he could 'taste' her again.

Her body was an addiction that he could never forget, and he would do anything just to have her for one night.

"You got me riled up, Kitty. You really know how to lead me on," Henry said.

"Well, then you should do your job well, Mr. Grant. See you tonight."

Beep.

—

**

Erin returned to her hotel after she had lunch in the mall. She wanted to go and visit some of the local attractions, but there wasn't much, to begin with, and it was too cold!

However, she was confused when she saw two burly men standing at her door as if they had been waiting for her the whole time.

She got cautious, thinking those two might be bad guys who wanted to kidnap her.

'Oh my god, does this mean someone wants to kidnap me? I mean, it's not really impossible, right? I'm a total catch, and I'm just too hot to handle!' Erin thought. She got excited thinking about the identity of the man who would kidnap her. 1

Since those two burly men were neatly dressed in suits, she guessed that her kidnapper must be one of the richest men in this country!

'Could it be that the Prince of Greenland wants to marry me because I'm just so gorgeous? Wait, does this country have a prince? I'm not sure,' Erin wondered. 9

But in the end, she fearlessly approached the

two burly men and asked, "Excuse me, who are you two? And why are you standing in front of my door?"

"Good afternoon, Miss Ross. We're just following Mr. Grant's order. He wants to bring you to the cozy cabin to watch the northern light while having dinner together," one burly man said. "We're here to pick you up."

"Ah!" Erin got excited, thinking that Henry must've been waiting for her. He must've been antsy, thinking about the hot night they would spend together.

"Okay, you two should wait, I'll get ready first. It'll take... eh... probably two hours at most."

The burly men looked at each other and then nodded.

She said that she'd be ready in two hours at most. But she actually spent three hours there. She was busy taking a shower and then choosing the dress she wanted to use to impress Henry.

She was wearing a very revealing short dress.

The 'dress' could barely cover her butt, and she didn't wear anything underneath. 2

But that didn't make her uncomfortable at all. She knew what would happen the moment she walked into the cabin anyway. 2

It would be far more convenient when Henry could just rip through her dress and fuck her right away! 4

"Hihi, I can finally have sex with him after waiting for so long, and I know it will be GREAT!" Erin then applied her makeup before opening the door, allowing the two burly men to see her.

Those men were eyeing her from head to toe, and Erin realized it. But she didn't feel ashamed. 2

Instead, she smiled at them and said, "No, boys. This is for your boss. He will be the first one to take my virginity. Let's go now, I don't want him to wait."

The burly men looked at each other in disbelief and whispered, "Virginity, can you believe that?" 4

"Oh hell no, she's for the street. It's so obvious." 6

The burly men told Erin to check out first, which confused her a little, "I should check out now? But why? What about my clothes?"

"Don't worry, Miss. We will take care of it," they said. "Mr. Grant told me that you should check out because he will take you to the most amazing place after dinner. That's why you should check out now."

"Hmmm, okay then!" Erin didn't suspect a thing and did a check-out before leaving with the two

burly men. She entered the car, and they drove to their destination, a cabin far from the city center.

Erin suspected nothing. All in her mind was about the money she would have after this, the dream wedding, and the status when she married Henry soon after.

'Hmm, maybe I should beg Henry not to use a condom, or should I poke a hole in it? Hihi,' Erin giggled. 'It would be useful to have a baby with him. I can blackmail him, threaten him to marry me or else I will put the baby on the news for everyone to see!' 2

'Hmm, but Henry doesn't seem to be a cruel man. So I guess, I can just threaten to kill the baby if he doesn't do what I say,' Erin thought. 'Ah, it will be so convenient to use that baby for what I want.' 4

The car drove for hours until the sky was dark and stopped once they entered the area with a spacious cabin that was beautifully lit. It seemed to be part of a resort. The cabin was on top of a hill, and the northern light was indeed beautiful.

Even now, Erin was amazed by the beautiful aurora in the sky. 1

"Wow, I've never seen anything like this before," Erin murmured.

"Miss, you can come out now, just walk into the cabin, Mr. Grant is waiting for you." 4
