174 Chapter 174

"Welcome to your new home, Miss Ross," Henry said coldly. "You will be here for the rest of your life." 1

Erin looked around in panic. She noticed she was trapped in a small hut with nothing but a small bed and a fireplace in the corner.

The extreme cold began to attack her again. She didn't know where she was right now, but this was definitely not a place for a barely clothed woman like her.

Henry scoffed when she saw Erin in panic like this. It had become his personal vendetta to see her suffer.

He was so angry knowing that Erin had been bullying Kate relentlessly for years, so this was his revenge because Erin dared to hurt his woman.

"You're currently on an isolated island. This place is unreachable all year except during summer. No ship can reach this place because the area is completely frozen, and there's no place to land a jet here," Henry explained.

He grabbed Erin's luggage and kicked it until it

rolled near Erin, "That's your luggage. I don't know what's inside, but I don't think you have anything that can fight off the cold. Don't worry, I won't let you die here. All I want is for you to suffer for the rest of your life in this isolated tundra, eating nothing but fish and seals." 3

Erin finally snapped after she realized that Henry wasn't joking at all.

This whole thing was real, and she would be trapped in this shabby place for the rest of her life! 1

Thus, Erin tried her best to crawl and reach Henry. She wanted to beg him so she would be saved.

"Henry—Mr. Grant—my man, please save me...." Erin used all of her strength to open her mouth while crawling towards Henry. Though she regained consciousness, the drug still affected her, which left her partially paralyzed. 1

"Please... I will do everything for you..." she added. 2

Henry's eyes grew colder at her. The moment she was about to grab his trouser, Henry quickly kicked her until she fell back.

"AHH!" Erin felt that her body had been battered so much at this point. She finally shed off all of her pretenses and glared at Henry, "Why are you doing this to me!? Henry, you're a fucking idiot! Why would you side with that ugly bitch?!"

Henry wasn't reacting at first, but he snapped when Erin called Kate an 'ugly bitch' again. It seemed that Erin still didn't understand the situation she was in right now.

"You have the answer already. It's because Kate, my woman, told me to do so," Henry replied. "I want to crush your head with my bare hand, but she told me to be patient and go on with her plan instead. You should be grateful for her kindness, Miss Ross. Because what I have in mind is much more painful than this."

"W—Wait! Henry, listen to me first!" Erin insisted. She panicked after knowing that she was doomed. "I'm far more useful than Kate will ever be. I will allow you to fuck me everyday for the rest of your life. You can even shoot it inside me without using a condom! I don't care! Just take me out of here!" 4

Henry scoffed, "All you have in mind is about your infected vagina. Do you really think that you're hot stuff? Erin, you are a whore and will

be one for the rest of your life. Go seduce a seal or polar bear, maybe they are willing to be your sex slave." 4

Henry took out a phone from his pocket and tossed it on the floor before kicking it towards Erin, "I've confiscated your phone, but I give you that one because there is a good bye video from Kate. She said it's a heartfelt message from a big sister for her little sister whom she loved so much." 2

Erin was still unable to process the crazy idea that she would stay in this cold tundra for the rest of her life.

She had a lot of things she wanted to achieve! She was very young, beautiful, and HOT! 2

She deserved to be placed on the highest throne, not in this shabby, cold place!

"Good bye, Erina Ross. May we never meet again," Henry said.

"W—WAIT, HENRY! DON'T LEAVE ME ALONE —."

SLAM!

Henry slammed the door shut before Erin could reach him. He locked the door and then turned around to face Faro, who was laughing

as he witnessed what had happened.

He heard the scream and plea from Erin, who tried to break the door open. But he scoffed and ignored that bitch completely.

He threw the key towards Faro and then told the bodyguard to warn Faro about Erin in the local language.

"That bitch will continuously try to seduce you. She is ridden with STD, so if you want to experience the pain of Gonorrhea, then you can try her," the bodyguard translated what Mr. Grant wanted to say. "My work here is done, I will never return to this cold place anymore."

"I see. Don't worry, Mr. Henry Grant, I will take care of that wench. I will teach her how to use the spear to hunt seals and fish. I'll also teach her how to wrestle with the bear! Hahaha!" Faro laughed as he found the idea of a woman like that surviving in this almost-impossible tundra funny. "I will also make sure to lock her when the summer comes, so she won't be able to escape. Well, not that she can escape anyway. There are only ten people on this island including me, and they are all my family." 1

Henry nodded and then returned to his helicopter with his two bodyguards.

He told the pilot, "Return to that same hill as soon as possible. I have to meet with my woman."

**

"HENRY! MR. GRANT! PLEASE DON'T DO THIS TO ME! I CAN GIVE YOU A BETTER BLOWJOB! I AM MUCH BETTER THAN KATE!" Erin yelled desperately as she tried to break open the door. 5

The cold finally got her again. Her body shivered from head to toe despite the fireplace being lit. 1

She quickly looked around and saw her luggage.

She opened it and rummaged through everything but ended up getting even more frustrated, "WHERE THE FUCK IS MY WINTER JACKET? WHY DO I HAVE SO MANY USELESS BAGS?!" 5
