"I've acquired two new abilities: Nemesis's Eye and Nemesis's Domain. I'm happy with this, but why did my Steel body skill disappear? Does this have something to do with Def stat increasing, reaching 5000?" Alex wondered, and he decided to seek Silveria's opinion.

"What do you think happened to my Steel body skill?"

"Ah you're talking about that skill? It got replaced, you should check your abilities first and you'll understand." Silveria said with a mysterious smile. That pleased smile was on her lips again and her eyes held a glint of humor.

"You are so mean you could tell me directly. Well, I will check them because I'm too eager to know what those two abilities are about." Alex said before calling out for the first ability.

[Nemesis's Eye: In the very beginning, the world wasn't distinctly separated into heaven and earth, but rather took the form of primal chaos. From the chaos was born many type of energies. Mana, the elements, the chaos energy and two unusual abilities.

Nemesis's power is above everything and below two energy born from the primal chaos. She can nullify most existing energy except for two.

Once activated you can read the structure of anyv magic and easily cancel it or alter it depending on the situation.

Conditions: Consume silver energy depending on the situation.

Current energy available: 1000 units

"Eh?!!"

Both Alex and Silveria mumbled at the same time, they were shocked, for Alex it was because it was the first time that whatever in charge of the status, be it's a system or anything else showed that kind of description. While for Silveria it was because the description could not be accurate.

Suddenly, Alex was assaulted by another pain. This one was pretty intense, more than anything he had ever experienced. He fell onto the ground and started rolling, startling Silveria.

"Master!!" She shouted panicking as she tried to approach him.

Meanwhile, the pain got intensified. Blood seeped from their eyes and sweat dripped down his forehead. They felt a dull pain, but it was surely numbed by the adrenaline pumping through their veins. For a moment Alex thought about just giving in to the pain, letting it consume him completely as there seemed to be no way out. With the passing of each moment the pain only seemed to get worse and worse. For a moment he feared it would never stop.

He gritted his teeth and let out a short grunt. He were determined to keep going, to simply swallow the pain and deal with it later. However, Alex felt like there wasn't much that could be done either way, so the best course of action was to simply deal with it and get on with life until the pain subsided.

He kept rolling on the ground w trying to be relieved from the intense pain but it seemed that this method didn't work as the pain kept increasing almost threatening to shut down his consciousness, however, he tried his best to endure the intense pain.

Silveria tried to reduce the pain by sending her energy inside Alex's body but as if currently his body was akin to a bottomless pit, it kept swallowing any strand of energy that entered Alex's body.

This left the silver goddess perplexed, unable to comprehend what was happening, however, she didn't stop and kept feeding Alex's body. This continued for what seemed to an eternity, however, in reality only one five minutes passed.

Finally, the pain subsisted and Alex's body lay on the ground,his clothes drenched in sweat. The sweat was so intense that the ground was drenched as well.

Alex was able to stand on his feet again after a moment.

"Fuh! I thought I'm a gonna." He said, shivering just by remembering the pain he felt a moment ago. He shook his head and decided to summon his status again.

"As I thought, my status changed, my attack stat increased. While an additional stat got added." Alex said while staring at the SE's stat.

"Wow! Your stats increased." Silveria while looking at his status. Alex nodded and his lips held a faint smile and his eyes twinkled. He decided to check his second ability he got after suffering so much.

[Nemesis's Domain: A five meters wide domain where you hold a perfect control over everything. You can cancel most of the existing energy. Skills based on elements and magic, and mana can be canceled as well.

PS: The Domain can be extended but only in the fake god realm and it will consume 100 mana and 1 Silver Energy per minute. This domain might evolve beyond its initial form.

Conditions for normal usage: 200 MP and 5 SE per minute.]

Alex sighed when he saw the description of the second ability, the Nemesis's Domain. To use this domain to its fullest he would need to wait until he became a God using this world's standard, meaning

he must the same existence as Typhania, Artemia and Lilith back then, however, he was still too far from that stage.

"To think that what others considered the God realm would be the Fake God realm from the system point." Alex declared, he decided to refer to the thing in charge of their statuses as a system.

Silveria who heard what he said heaved a sigh and added.

"Once you ascend to the Higher world I'm sure that you'll know everything. You will learn about how many levels and realms that existed. For now you should concentrate on the incoming war and your survival, your family and friend's survival."

To this declaration Alex nodded before standing.

"Let's go test my two new abilities."

1002 Chapter 1002

Alex left Silveria's world and head outside, he didn't expect that a new day hadn't begun.

"Seriously?! With everything that happened I thought a day would have passed. Let's heard outside to get some fresh air.

"Sil, will you accompany me?" It was a pretty unusual suggestion, for some reason Alex asked Silveria if she wished to come out and get some fresh air together. This surprised the silver goddess, she felt his consideration and loved, although she would like to go get some fresh air with Alex, it seemed that it would not be today as someone was heading in this direction.

[No, another time. You should go see your guest. I hope you won't forget your promise.] Silveria declined his offer and Alex who was about to ask her something w felt Maria's presence outside and sighed.

"Don't worry I won't." He reiterated, this this he wouldn't forget his promise, not after everything she sacrificed, even without that he would not forget his promise, a promise is made to be kept if not it would not be a promise anymore.

Alex opened his door and stepped outside before Maria could knock on it.

"Ah! Sorry, I wanted to secretly visit you and give you a goodnight kiss." Maria declared embarrassed, it was like a child caught when she was about to do something mischievous.

"I wanted to see you too. Let's get some fresh air." Alex said before taking her by the waist as they disappeared, they reappeared in the sky above Foxia capital.

"Wow! What a wonderful view." Maria was thrilled by the beautiful view. Up this close, the stars in the sky did not seem too far away. A smile of joy and satisfaction lit up her eager face.

"Indeed." Alex responded. Maria's smile warmed his eyes.

Staring at those stars in the sky, she couldn't stop herself from saying something.

"In every direction there is a star, should I fly into the universe any way would be the right way. I tilt my head, gazing upward, eyes more open than they can be in the fullness of day, not looking at one star, yet somehow seeing them all at once."

Alex did not say anything for while and just when Maria was about to ask him why he was this silent he declared his love for her again.

"I love you, I really do. I can imagine my life without you so always stay beside me. I'm imperfect but I'm still human. Never leave me to make me perfect, to turn me into something you will not be ashamed of. Alexia I love you with all I've."

It was the most beautiful declaration she received, it was under the stars, every word he said stuck her in the deepest part of her soul. Saying she was happy beyond word would be an understatement. She was so happy that for a moment Maria was unable to talk, she was overwhelmed with emotions, so much happiness came crashing down in one go, it was like the ultimate happy ending route in the middle of a game.

After some time she could finally talk. Taking his face inside her hands she declared.

"Before you, I've only ever really loved two men, and they were so very different to each other. You are some holy blend of them both, as if the universe made someone that if I ever met them, I'd know for sure they were unique in all the world. So, I'm so happy to have met you, and I'm scared too; there is such joy and such pain. I've never wanted any form of eternity until now, I never saw the point. So stay, be in love with me too, be brave enough to take my hand."

And Alex took her hand as if it was the most natural thing in the world. He lowered his head and sealed her lips in a kiss she would never forget. In his kiss is the promise of years and the sweetness of waiting for real love.

In that moment of the kiss their chemistry becomes an ever-bright flame. They in knew no matter what happened from now onward they would never let go of each other as none of them wished to part from this heavenly feeling only they could provide to each other, at this moment it doesn't matter if he had another women, what mattered was his feelings for her and could not be real than portrayed right now, this was more than enough, no matter what would happen he would never stop loving her because she would make sure that he never stop loving her. After all she was a woman who knows what she wants and how to get and keep them, she is Maria Alexia Rosares.

"Let's go I want to feel you." She said before dragging him down. No other word was needed for him to understand what his woman desired and he couldn't be more happier to oblige. However, just as they returned Alex stopped her and whispered something into her ears and upon hearing his suggestion she got goosebumps all over her body and she felt lust rising inside her. Such a bold suggestion only Alex was capable of suggesting something so bold.

The two disappeared into the manor while acting as if they have felt her presence. But as soon as disappeared she reappeared and called for her subordinates.

"What are your orders, your majesty?" One of the Shadow's fox kneeled before Kuina and asked.

"Guide me to that location." She ordered.

The shadow froze, she understood her master order but she was shocked by how sudden it was, so much that her response was delayed.

"Do not make me repeat myself." Kuina who was feeling impatient said and the shadow started trembling in fear.

"I would not dare. I beg your forgiveness. I will immediately bring you over there." The shadow declared before guiding Kuina to that hideout, Kuina looked back and smiled.

"Enjoy yourself you sly bitch, the next time it would be my turn and I'll make him crazy, I'm a fox after all." She murmured, it was time to check their progress.

1003 Chapter 1003

Maria was in the kitchen trying to cook something.

"Wow! I can smell something truly delicious here."

A very familiar voice entered her ears.

"Alex?!"

Maria's face flushed and her heart stirred in anticipation.

"I thought you went to sleep?"

"How could I when you trying your best and needed some encouragement?" He asked with a playful smile on his face.

"Sweet talk. Let's work will you or will you help me?" She asked while shaking her butt, it was provocation and he responded as he was not someone who would not respond to his women's provocation.

"Anyways, let's forget that stuff," Alex checked her clothing. "You look sexy in this skirt and apron."

It was an honest compliment.

His one hand rubbed her flat belly through the fabric of her clothes while his other hand slipped between her legs.

His lips pressed on the side of her neck for a gentle kiss.

"And you taste delicious!"

Alex took the soft skin of her neck between his lips and nibbled down on it. At the same time, two fingers traced the outside of her pussy, making her squirm.

She let out a suppressed moan as she felt his hardon pushing against her ass.

The indirect touches and the lips on her neck made her desire for pleasure erupt. She knew the ecstasy he could give to her.

As the lust began to take over, a spark of rationality flashed through her mind.

"We can't do this now!" Maria freed herself from his hands and turned towards him.

His refined, handsome facial features made her body again erupt in desires. It took everything in her to not jump on him like a wild cat and tear his clothes so that she could have his huge cock jammed into her waiting pussy. Everything about him could cause instant lust inside her, especially after that declaration.

"Luna and others are sleeping in the rooms not far outside!" She tried to reason with him.

She was worried. Luna or someone else could come at any moment, and she would have no excuse to defend herself.

"Let them wait," Kiba took her chin in his hand and lifted it up. His eyes landed on hers, making her shiver in excitement.

She opened her mouth to reason again, but he placed a finger over her lips.

"Relax," His finger gently rubbed against her red lips. "As long as we don't scream, nobody would come I've checked and saw that they are all sleeping soundlessly and would not wake up unless we were too loud. So, don't worry."

She visibly relaxed, truth be told she was rather excited.

Soon, his lips zoomed in with hers and they started making out.

They kissed like a pair of teenagers; eagerly sharing saliva and exploring each other's mouth. Their tongues twirled into each other, engaging in a battle of lust.

Maria has the biggest set of beautiful breasts Alex has ever explored, and as their tongues fought with each other, her breasts pressed tightly against his chest.

His hands slid into the sides of the apron and moved up. His attacks had begun.

She gasped in the middle of kissing as she felt his hands on her blouse. He held her breasts and squeezed them.

Their soft but firm sensation against his hands made his fingers burn with desires. He began fondling them eagerly.

Maria pressed her lips more tightly against his as he continued his onslaught on her breasts. She could feel them swelling and her nipples hardening.

His lips freed from hers, and moved down on her body before she could lock her lips again.

From her rosy lips to her beautiful chin to her throat; he planted every portion of her exposed skin with warm kisses.

He stopped after he arrived on her wonderfully rounded breasts. They were on brink of ripping out of the blouse and apron.

"You have the best breasts out there!" He praised while squeezing them against each other.

"I know it's why you will always come back to me no matter how many women you'll get, I'm wrong?" Maria asked, her breathing uneven. It was another provocation, however, her words weren't completely wrong.

"That is some confidence you have there. Well, you are not wrong. I will always come back to you. Because of them, because of you, because of your everything. I belong to you as you belong to me." Alex declared not forgetting to say few honey words to make the atmosphere more perfect.

Maria felt hot between her legs and her lust was ignited further. There was only one thing the former mafia's princess desired right now which was to feel his raw cock messing with her inside until he made a complex mess out of her. She getting impatient but when she stared into his eyes which changed, silver and blue, she would question him later, she could see him asking her to leave everything to him and so she did.

Alex let out a small grin when she gave her approval and with the flick of his fingers her apron magically fell down and he bent his face forward, kissing on the swells of her breasts.

Her blouse and bra did little to hinder his passionate kisses.

Maria felt a current running through her body. This current turned stronger as his lips explored every fiber of her breasts, gently tracing over her hardened nipples.

She couldn't take the teasing any longer. She wanted his direct kisses, not over her clothes.

Quickly, she unclipped her blouse and bra. They both collapsed on the floor, and his lips now made direct contact with her milky white breasts.

"They are gorgeous!"

He kissed across her breasts, his warm lips wandering from her right to left. As he kissed over her left breasts, she guided her nipple to his lips.

He opened his lips, and she felt his breath over her nipple. She gasped in expectation of him sucking her nipple, but he flicked his tongue on her nipple, making her groan from the unexpected.

His tongue traced the circle around her nipple before rolling on her nipple. After teasing her for a long time, he finally took her nipple between his lips to suck it passionately.

His one hand moved on her back to press her close to him while his other hand pinched her free nipple.

As this continued, his cock stirred in his pants. It turned harder and pulsated with a desire to shove it deep into her pussy. However, he calmed down as now wasn't the time, not yet.

1004 Chapter 1004

After having managed to calm down his burning desire, from his item box, he brought Ice cubes; placing one them inside his mouth, he ran in on her tight.

"Aaah!"

Goosebumps rose all over her body, and she came.

Alex was shocked at how fast she had an orgasm.

He pushed a strand of hair on the side of her neck and kissed it. His hands then moved down her back, tracing over it.

Slowly, he undid her skirt and tugged her white panties down. Her ass was gorgeous, smooth, and round.

"I will have this ass someday!" He cupped her ass cheeks, holding them tightly. He declared.

"You can have it anytime!" Maria replied. Her reply was instantaneous; she did not have to think too deeply about it because of the prospect of giving her anal cherry to Alex before the others turned on her. She couldn't believe how she was changing ever since meeting him.

"Well, not today," Kiba said while licking his lips. "Now, I want to feast on this sweet pussy."

He sank to his feet and noticed the sides of her pussy glistening with moisture.

She was wet and emitting warmth.

It was a sign of his determination and control that he didn't shove his tongue right down her pussy and suck her clit.

He wanted to enjoy her, but slowly and at his own pace.

He ran his fingers through the insides of her thighs and arrived near her swelled flesh. Gently, like fleeting wind, his fingertips made circles around her pussy like a child who found something interesting and was playing with it.

"Haa!"

Maria's breathing turned heavy as his fingers barely touched the top of her pussy lips. He was teasing her, building arousal in her post-orgasmic pussy. He ran another ice cube on sensitive pussy.

"Ohhhh!" Another shiver went down her spine. She was getting impatient.

"Lex, don't tease me!" Maria was waiting for him to eat her. She couldn't handle this prolonged teasing of him taking a big break.

Having sent the signal, Alex got back between her thighs. He let out a soft breath from his lips and blew it across over her fleshly foldings.

"Ooohh!"

She gasped in joy.

Then, he slid a finger between her fleshly folding, making her shudder. Alex kissed the back of her left thigh and moved up. Maria caught her breath and felt his lips moving dangerously close to her pussy.

Wanting his lips on her fleshly foldings, she lowered, planting her pussy right between his mouth.

"You really smell delicious!"

Her scent of arousal made Alex push his tongue out. He couldn't stand it any longer as well, and this was clear as his tongue ran around her pussy lips.

"Please! Stop teasing! Eat my pussy will you?" Maria wanted him to lick and eat her pussy.

"I was done waiting." She added, and Alex couldn't turn down a request of a woman, especially his first love. His tongue moved from the sides of her pussy lips to between them. He gave it a slow, but long lick, from start to end, stopping on her clit.

,m "Ah!"

Maria softly moaned as his tongue parted her foldings and thrust into her sopping pussy. His tongue swirled in and out of her pussy, rapidly, licking her sweet juices. With every thrust, his tongue moved deeper into her soaking pussy.

"Ohhhh!"

Her pussy convulsed, and she began to shake. Knowing what it implied, he sucked the flesh between her foldings in his mouth and rubbed her clit with his thumb.

She erupted with juices as the waves of orgasmic pleasure hit her. She got another orgasm a few minutes after the first one.

"Ah! Ah! You're so good at sex. I'm jealous of how many experiences you had, how many women you sleep with to be this good."

To this declaration, Alex froze, not knowing what to say until she added.

"Relax, although I'm jealous, I wouldn't be feeling these heavenly feelings if you were experienced. Now, it's my turn. I'll give you the best blowjob you ever had."

This declaration sent a chill down his spine, and he couldn't help but get more excited with Maria talking so vulgarly.

Right after her declaration, Maria pushed him against the table and kneeled. She unzipped and unhooked his pants and then slid them down. She did all this with such easiness that one would wonder if she was a professional.

Alex's mighty cock saw the light after Maria was released from its repair. No matter how many times she had seen it, she could never get used to how monstrous it was.

'To think that I took this thing repeatedly inside me. Still, I love it.'

The pulsating heat made her shove her tongue out. She closed her lips against the tip of his cock and licked it slowly and gently with such love that Alex felt momentarily jealous that her little brother had gotten too much more than him.

'How dare you, you little beast.' He mumbled.

Meanwhile, her hands continued to rub along the length of his cock, stroking him while her tongue licked the tip and then the entire mushroom head.

She smiled as she felt his excitement by the pre-cum oozing out.

Pleased, she guided his cock to her lips. She opened them and took him into her mouth.

As his cock slid further into her mouth, she closed her lips around it. Almost half of his shaft was inside her, reaching the end of her throat.

She then started bobbing up and down his cock. Her eyes wandered to his face, and she noticed his lustful look. It made her pussy wet again, and she increased the pace of sucking his cock.

A minute later, her pace slowed once again. Alex wanted the pace to be faster, so he said, "Let me help you."

She wondered what he meant when she felt him grabbing the back of her head. He took control of her and began slamming her mouth with long strokes.

She shivered as he fucked her mouth. He was treating her mouth like a hole to fuck, and the treatment made her further wet.

A few minutes later, she gasped for breath as he rammed till the end of her throat, making her deep throat him.

Finally satisfied, she was able to let his cock slip out of her mouth. She took a deep breath and kissed the back of the shaft while looking him in the eyes.

"You certainly have improved, my love," Alex praised her honestly. Since their last time, she did progress in her blowjob.

Maria grinned at the praise.

"It's just the beginning; the real thing began now." She declared.

"Oh? Surprise me there." Alex said to the confident Maria, and she smiled.

Alex's praise signifying her improvement, made her happy. Eager to show her happiness, she licked every inch of his shaft before slipping down on his balls.

Alex trembled in pure ecstasy as her tongue swirled around his balls. Slowly, she took them between her lips. She gently nibbled on those sensitive balls causing Alex to moan.

"Ohhh!"

The way she nibbled on them while her tongue danced around them was so out of this world; it was such a heavenly feeling that Alex got scared he might become addicted to this, and this was just the beginning.

While playing with his balls, one of her hands moved. Her finger ran across his lengthy cock, making Alex repeatedly shiver because that finger was laced with cold energy, the combination of ice on his cock and the heat on his balls resulted in sensation beyond description; all Alex could do was moan repeatedly like a woman who was having her pussy pounded.

"Oh!"

"Oh!!!"

"Cumming!" Alex, proud of his stamina, was ashamed because he could not last long and who could blame him? Nobody could hope to last long when you experience something like that.

"You are so good; where do you learn this move from?" The curious Alex could not help himself but wanted to know from where Maria had learned such a dreadful technique capable of insta killing any male. He was happy that he was the only one experiencing such pleasure. He would never let her go because she is too precious to him; she was his center of gravity; without her in life, his world would crumble; it was why he would make everything possible for that premonition never to occur, he would not lose her or any or them, nor he planned to sacrifice himself and leave them behind as he had finally understood, it is together with all of them could he achieve his dreams, his ambition and it with them, because of them everything has a sense and was worth it. This is his truth, his future, a future he would be working on.

Alex was brought back to reality by Maria's answer.

"Well, No one taught me anything. I just used my imagination, and as you know, imagination is a human greatest weapon as it made us what we are."

"You are right." Alex nodded, sharing her view; Maria smiled and lowered her head; she was not done yet; it was just the beginning.

1005 Chapter 1005

"You are so good; where do you learn this move from?" The curious Alex could not help himself but wanted to know from where Maria had learned such a dreadful technique capable of insta killing any male. He was happy that he was the only one experiencing such pleasure. He would never let her go because she is too precious to him; she was his center of gravity; without her in life, his world would crumble; it was why he would make everything possible for that premonition never to occur, he would not lose her or any or them, nor he planned to sacrifice himself and leave them behind as he had finally understood, it is together with all of them could he achieve his dreams, his ambition and it with them, because of them everything has a sense and was worth it. Alex was brought back to reality by Maria's answer.

"Well, No one taught me anything. I just used my imagination, and as you know, imagination is a human greatest weapon as it made us what we are."

"You are right." Alex nodded, sharing her view; Maria smiled and lowered her head; she was not done yet; it was just the beginning.

Then, she started licking his cock, slowly, from the base to the tip and back. She felt more drops of pre-cum oozing out, and it made her tremble from excitement. She flung at the tip, wiping more drops of pre-cum.

She thought as she opened her mouth wide and took him to the end of her throat. Closing her seductive lips around his shaft, she took him into her open mouth, sucking him fast and hard.

Her mouth moved up and down, and Alex's breath lowered. He loved her mouth and the way she sucked him. It was almost as if she was practically worshipping with her mouth, she gave him a blowjob like no one did before.

A few minutes later, she slipped him out of her mouth and wiped her lips. She then raised her head and looked at Alex.

"It's now clean, time to get on the main dish." She stated before turning her back on him and stretched her white and plump ass. Maria rested on her hands and waited for him to penetrate her. Kiba didn't make her wait long. He gripped her waist and guided his erection into her entrance. Slowly, he rubbed it against her wet slit, teasing her.

"Don't make me wait! As you know I hate waiting especially, so fuck me brainless."

She wanted him inside. This desire was so intense that she didn't mind talking dirty. Sex after all is all about innovation and boldness. One you try going beyond the usual stereotypes, to try new things, in order to have a satisfactory sex life, trying the same things for prolonged period could later proven to be fatal for a relationship, therefore one ought to try new things, to be bold and it was exactly what our mafia's princess was doing, being bold, being provocative and talking dirty was one of those methods.

And sure Maria's method did worked as it made the Black Prince, it made Alex act, he was beyond excited and could not wait and devour this sweet pussy.

"Annhh!"

Maria's eyes went wide as he finally pushed the head of his mighty cock into her tight pussy.

"!"

With every inch slipping into her, her vision went almost white and she felt firecrackers exploding before her eyes. It was such heavenly feeling that she momentarily lost in the euphoric sensation of her pussy getting filled; something she hasn't had in a long while. Well, from her point of view, women in love tend to want to be connected to their loved one, more frequently that is.

"This is what I have been waiting for! I love when you penetrate me and I'm connected to you. It is only in moment like these I felt like I'm alive."

Maria moaned in pleasure as Alex began to hammer in and out of her hungry cunt. His thrusts were slow and long, making her appreciate every inch of cock till the end of her pussy.

"Ooohhh!"

As Alexia moaned, she heard the sound of his balls slapping against her flesh. It followed the rhythm of his fucking; slow but amazing and tantalizing.

She gasped and arched her back. The experience of her pussy walls stretched was the best sensation she ever had in her life. She felt grateful...

He moved his hands from her waist to her breasts. He pressed them between his hands and pumped his cock deep into her, increasing the pace of his attacks. The way he moved his waist, the angles from which he sent those attacks, everything was perfectly calculated like a professional sex worker.

The only thing Maria could do was to get hammered while watching his reflection, she could see his reflection on the platform. His well-defined chest muscles were clearly visible as he shoved into her, with long, powerful thrusts, without any mercy.

"Oh! Virgin Mary! This is wonderful!"

He muttered as her pussy muscles squeezed his cock. Lost in this wonderful sensation, he burrowed his face on her back, kissing her soft, white skin.

Suzane shivered from another round of excitement. She could now feel his cock pushing into her cervix. She panted, turned her face, puffing, and said, "I want to see you when you make me orgasm!"

Alex grabbed her by the waist, and almost magically spun her around, without letting his cock slip out of her.

"I love this feeling."

Maria wrapped her legs around his torso and entwined her hands into his hair. He cupped her ass cheeks as his hips moved forward to slam deep into her.

Her hard nipples pressed tightly against his muscular chest with every thrust.

"Oooohhh!"

She writhed and twitched as he reached to her deepest depths, with every thrust. She lost all her worries and moaned without any care.

1006 Chapter 1006

Alex grabbed her by the waist, and almost magically spun her around, without letting his cock slip out of her.

"I love this feeling."

Maria wrapped her legs around his torso and entwined her hands into his hair. He cupped her ass cheeks as his hips moved forward to slam deep into her.

Her hard nipples pressed tightly against his muscular chest with every thrust.

"Oooohhh!"

She writhed and twitched as he reached to her deepest depths, with every thrust. She lost all her worries and moaned without any care. It doesn't matter if someone woke up and decided to visit the kitchen because they got thirsty and spotted them fucking, Maria did not really care about that, the only thing that mattered right now was her cunt being hammered and shaped to Alex's liking, nothing else mattered beyond this heavenly feeling only him could provide her.

Her pussy rippled with vibrations and moistened his cock with more slippery juices. This made plowing easy as Alex rocked her world.

"I'm close! I'm about to cum like again. Fuck me harder!" Maria demanded

She wriggled in incredible pleasure as the crest of orgasm crashed over her. With her mouth close to his face, she began to scream as she experienced the most mind-blowing orgasm.

"Ohhhh! Dear goddess Mean. I'm cumming!!" Maria shouted, if Goddess Mea had heard her name being shouted like this she would have collapsed from shock as never before anyone has done this.

Meanwhile, Maria didn't care as she collapsed on her knees; tasting waves of orgasm like never before. The waves of pleasure cut through every cell, making her experience euphoria... she was in heaven!

From her glazed, dreamy vision, she looked in front and saw Kiba's cock twitching.

"Give it to me!"

She knew he was going to erupt. She opened her lips and took the starting portion into her mouth just as he pumped out gobs of cum.

"Umm!"

Her mouth felt full as he continued to shoot out thick ropes of cum deep into her... adding pleasure to her rolling orgasm.

"Haa~" Alex sat down with his back against the wall. Maria placed her head on his chest and closed her eyes. She savored the orgasmic current coursing through her.

Alex wrapped his arms around her, and said, "I love you Maria."

Once again he declared his love for her.

His declaration touched Maria' and made her smile while she was lost in the heavenly sensation.

However, Alex swept her on her feet and declared.

"Let's get going, I'm not satisfied yet."

Maria opened her mouth like a fish out of water, she could not say anything. They reappeared in the bedroom in flash and Alex tossed her on the bed and mounted her.

They started in the kitchen and were now in the bedroom, the typical from the kitchen to the bedroom scene.

After placing her on the bed with her ass facing him and perfectly lined with his raging cock Alex pierced her from as he rammed his cock into her moist pussy.

"Ahhhh!"

Maria let out a loud moan. Her body shivered violently while she arched her back.

Alex held her hips firmly while piercing her from behind. Each second, he moved back and forth invading her insides until her deepest part.

"Ughhn... Ahh... Alex please... g-go slower..." She tried to make him slower his thrusts.

Maria's ragged voice reached Alex's ears. But he did not stop. Instead, he pressed his onto hers and kissed her back and neck, using his tongue to lick her tender skin.

Maria's body shivered. When she felt my tongue over her body, she let out a soft hum and put her face against the sheets. Then, she stopped struggling and let her body at Alex's mercy.

Alex grabbed her two breasts from behind and pulled her body up. Then, My mouth kissed her shoulder before biting hard.

"Ahhnnn...~" She screamed. The pain of the bite made her tighten her vagina around his cock while Alex sucked a mouthful of blood and continued biting her, leaving his marks all around her body. To show the world that she belonged solely to him, nobody else had the right of ownership, only him had it.

Her neck, her shoulders, her back. Maria's body was filled with hickeys, if weren't for her fast regenerative ability it would have left some marks later on, something the others would have seen, not that she cared about that, on the contrary she would loved them, especially Kuina to see those hickeys that symbolized her intense union with Alex.

While Maria was lost in her little world, Alex kept piercing her from behind reaching new heights. His thrusts were so fast that A thread of saliva slid down her lips, and her love juices repeatedly flowed out her vagina, drenching the bed completely.

Alex released breasts and pulled her arms, using them to hold her body. With each thrust, her body was pulled towards him erotically.

"So good. I'm dying!!!!" Maria shouted while tightening her grip on the bed sheets. Her ice blue eyes which were full of lust turned towards Alex and her lustrous lips searched for his lips. Soon, she found them and the two tongues were entangled again in a lustful battle.

Maria's mind was completely blank. She could not think of anything but the feeling of the feeling of their bodies colliding.

The same thing for Alex as well. Hearing her pants and moans was incredibly exciting. He could not stop his desire of teasing him.

After a while like that, he released her body and let it fall on the bed. Then, he pressed her shoulders against the bed and thrust on her like that.

With her body pinned on the bed, Alex attacked and attacked, reaching deeper and deeper with each thrust.

Maria's mouth opened in a long moan while her body struggled below his, twisting seductively to provoke him and he was indeed provoked.

The slapping sounds of his hips colliding against her buttocks filled the bedroom. They were like a percussion of lust that made Maria crazy.

Eventually, she got another climax was coming. As though anticipating it, her moans became louder, and her hands gripped the sheets of the bed, waiting for the so-desired peak. Alex wanted to tease her but eventually stopped and the two reached climax together.

1008 Chapter 1008

A few kilometers from the Far East empire was a forest.

The forest was limitless, thick, and rich. Its canopy was overshadowed by oak, cedar, and fir, and occasional openings in their crowns allowed plenty of light through for scattered sprouts to grow in the fertile soils below.

Bundled tree limbs hung from a couple of trees, and an array of flowers, which grew in a sprinkled and disorderly fashion, added some bright touches to the otherwise dark lower level.

A disharmony of animal noises, most belonging to small creatures, added life to the forest and was accompanied by the sounds of several woodpeckers in the distance.

Sitting on a dead tree trunk Kevin Asmar seemed to be waiting for someone. He kept tapping his foot on the ground impatiently.

"Where is that douchebag? It has been 30 minutes. I'm waiting already. Did he get lost?" Kevin wondered before sighing; he decided to check his status in the meantime.

"Status!" He called out for his status window, and it appeared right before his eyes.

"Sigh! I'm happy that my status has increased; however, I have suffered so much that it would be weird if nothing changed after that." Kevin murmured while recalling the intense pain his body underwent after the man with the hoodie made him swallow a black seed. He thought he would die; the pain was so intense that he would never forget it. After that, things started to change, and finally, he acquired a few levels, his stats increased more than normal, and he was about to carry out his mission. Kevin had to do this if he wished to acquire more strength, to catch and maybe surpass Alex.

Previously, Kevin thought that the gap between him and Alex could never be filled as the man was the true definition of a monster; even if it pains him, he had to admit this truth, especially after their last meeting; however, after meeting the mysterious man claiming to make him stronger and saying he

knew where Leonardo was, the dream of catching up to Alex surpassing him was not far away and it became an attainable goal.

While Kevin was lost in thought, Dodolus, the eldest of the three, arrived.

"Sorry, I was busy escaping from Camilla, who wanted to follow me, but I managed to slip away and come alone as you have said, so what do you want to talk to me without our sister being present?" Dodolus asked while crossing his arms.

Kevin, his little brother, had started acting weird lately; he would disappear for a few hours every day to God know where and would come back with a weird smile. There was also that thing; his moods would change on a whim, he became pretty aggressive lately, and his eyes sometimes would shine like that of a madman, no like that of a fanatic should be the most fitting description.

Naturally, Dodolus and Camilla had tried to dig out some information from their brother, but nothing was found, they tried to tail him a few times, but strangely, they failed which was shocking as Kevin was not known to be an expert in this field before. So, when Kevin asked him to come somewhere alone because he had something important to tell him only him, Dodolus didn't hesitate because he could use this opportunity to learn more about what his brother had been doing and what he was hiding.

While waiting for Kevin's answer, Dodolus tried to appraise his brother secretly but failed again.

'Of course, it won't work.' Dodolus lamented.

"Hahaha! It's nothing serious I want to fight you while Milla isn't around. The loser has to listen to the winner's request." After a moment of silence, Kevin declared, and just as Dodolus was about to rebuke his brother, saying there was no need to fight in this forest if it was what he wanted to ask, Kevin said something he could not ignore.

"If you win, I'll tell you what I've been up to recently and tell you another valuable piece of information we both need."

This was enough to get Dodolus interested.

"Okay, let's fight." Dodolus accepted and changed into his training gear.

Kevin didn't change his clothes; he wore casual black jeans and a black sleeveless shirt. Dodolus glared at him, wondering what kind of game he thought he was playing, but Kevin chuckled.

He appraised his brother while the latter was fuming, vowing to teach his arrogant little brother a good lesson.

'Huh! He is weak than expected. I'm stronger than him. This should be an easy fight.' Kevin thought with condescending eyes. Previously he would have done this, but now he could arrogantly look down on his big brother and even Camilla, his genius little sister.

Like Dodolus, who had a goal coming here, Kevin also has one, a mission he must carry to get another boost of strength. He must make Dodolus swallow that seed; like this, he would join his side, and afterward, they could make Camilla join them. Dodolus is smart, but Camilla is smarter; it easy to fool him with a little bit of preparation but not Camilla. Therefore he must start from Dodolus. He would not fail this mission.

The man in the hoodie's goal was to start with Kevin, the weakest; from there, he would make him take his brother join before the two would turn Camilla in. Being betrayed by your closest ones, being pushed into hell by them, was the greatest joy for this man who was watching everything from the dark.

'It would be fun. Should I try this method with Alex's group? Nah! It's better not anger a Touch, at least not now.' The man thought as he must focus solely on this mission.

1009 Chapter 1009

The man in the hoodie had one goal, and it started his plan with Kevin, the weakest; from there onward, he would make him take his brother join before the two would turn Camilla in. Being betrayed by your

closest ones, being pushed into hell by them, was the greatest joy for this man who was watching everything from the dark.

It was exactly as Kevin thought, Dodolus was smart, but Camilla was more intelligent and more cautious; it was not like the man had not tried to approach Camilla, but he failed even before he could say anything, it was why he approached Kevin a few days later. Unlike his little sister, he fell for it.

'It would be fun. Should I try this method with Alex's group? Nah! It's better not anger a Touch, at least not now.' The man thought as if he must focus solely on this mission.

Meanwhile, the match between the two brothers was about to start. Kevin tossed a coin in the air, and the two waited for the coin to reach the ground.

Time slowed down on the coin, slowly reaching the ground.

Clink!

Swoosh!

Right after the coin touched the ground, Dodolus was the one who attacked; he shot forward with one hand holding a silver shield and the other holding a weapon. From behind his shield, he stabbed forward with his spear; however, Kevin, who should have been standing before him, vanished, and immediately Dodolus knew he was in trouble as he could not turn around in time to defend against his brother's attack.

In a split second, Dodolus activated his gravity domain to slower down Kevin.

'Not a bad decision, but you should do more than that if you wish to win, big guy.' The man watching in the shadow mumbled.

As if Dodolus had heard the man's words he immediately created earth spikes around him; with this he was sure to catch his brother off guard because he would have never expected this combination; however, it was Dodolus who underestimated his brother; Kevin had never intended to attack from behind, it was a diversion, he reappeared few meters away and flicked his fingers immediately as if he had already set them beforehand.

Boom! Boom! Boom!

Multiple explosions rang out around Dodolus, the ground was blasted, and Dodolus was sent flying; however, he managed to protect himself by turning his shield into armor, but not natural armor. He could only use this skill once, and if he hadn't done that, he would have been gravely injured.

Even with the holy armor on, he still received a hard blow; he almost vomited blood. Dodolus shook his head and healed himself; from his analysis, Kevin must have secretly sent those small fireballs into the ground right after he launched his attack.

'Since when did this guy has become good at fight and could think so far ahead?' Dodolus wondered but immediately shook his head and decided to focus on the fight; he must absolutely win to get some answers.

'Shh! It's your loss, big guy.' Seeing Dodolus momentarily dazed, the man knew that this fight had concluded. He drew this conclusion because he had already predicted how Kevin would end this fight.

"Let's-"

Dodolus's words were cut off abruptly when his eyes widened. In his pupils was reflected, his brother's face approaching at such high speeds that he couldn't believe it. He did not have the time to put his shield in front of him before Kevin slashed his chest open, and hot blood splashed out. Kevin kicked the injured Dodolus flying.

Bang! Crack!

His body traveled through the air for a few meters before slamming into a tree, breaking it. Dodolus's mouth fell open, and he vomited blood.

"Cough! Cough!"

His head felt heavier and heavier as each pulse of throbbing pain pounded Dodolus's senses over and over again. Sweat was pouring from his forehead, his hands were clammy and trembling, and his teeth were gritted. Ten seconds passed, then twenty, then thirty, and the pain never subsided. At least it wasn't getting worse, yet.

He began to feel thirsty and tired, and sweat stains were clearly visible now, but Dodolus was determined to keep going. But he felt sore all over; the injury was clearly taking its toll on his entire body. But he refused to give; biting his lower lip, he lifted his upper body and looked in Kevin's direction; the latter was slowly walking towards him.

Swallowing a mouthful of blood, he said to Kevin.

"It's my loss; you have become strong, stronger than me. I'm proud but immediately tell me what you want." Dodolus declared while trying to heal himself with a healing potion.

Kevin stopped and said bluntly. "I know where Leonardo is."

"What?" Dodolus was shocked to think his brother knew the answer but didn't tell them. What is going on? What is he planning?

Too many questions ran through his mind, but first, he must ensure that Kevin was not joking; therefore, Dodolus asked.

"You better don't joke with me, or else I'll get very angry, and you don't want to see me angry. So answer me, where is he?"

Kevin shuddered, recalling the only time Dodolus ever got angry; even his dad couldn't handle him; shaking his head to regain control over his emotions, he proposed.

"Of course, I'm serious; I know where Leonardo is, but I will only tell you after you swallow this seed."

After saying this, he tossed a black seed at Dodolus, who caught and looked at it; this black seed reassembled a bean sprout. Dodolus could feel ominous energy coming from this seed, he wanted to

toss it aside, but after looking at Kevin, he stopped as he knew he could never get any answer out of the latter if he were to do that.

Even if this seed was disgusting, he had to bear it; everything was for Leonardo and Camilla's sake.

Having made his decision, Dodolus tossed the black seed into his mouth, expecting some reaction but nothing happened after a few minutes, which made him sigh in relief.

"Okay, I have swallow-"

Before he could finish his sentence, an intense pain assaulted Dodolus. Panic took over for a moment as thoughts of endless pain crept up in his mind.

Kevin approached his brother to assist him.

"Don't worry, Big D, I'm here." He declared.

On the other hand, the man was satisfied with the outcome of this fight.

"Another chaos seed swallowed. Fufufu! Lord Thanos will be happy after learning this." She mumbled before disappearing; the man with the hoodie was not a man but a girl disguised as a man.

'Lilith, come back.' She received an order.

"Understood, Lord Thanos," Lilith answered.
