it's strange to say that. Our colleagues have checked the video recording of the scene. At that time, the car could have braked in time, but Mr. PEI Munian's car did not. Instead, it changed directions. As for why Mr. PEI Munian did not step on the brakes, our colleagues are still investigating.

As soon as the police officer finished speaking, the phone of another police officer rang. He answered the phone and spoke to the other side for a while. After hanging up, he said to Mr. And Mrs. PEI, the preliminary results are out. The brakes of Mr. PEI Munian's car broke, causing him to be unable to stop. That's why he kept changing directions, eventually crashing into the guardrail and flipping over.

"The brakes are broken?"

Mr. PEI was surprised. that's impossible. My son's car is regularly maintained. It was still fine when he drove over to the old house today.

"Yeah, the brakes can't just break all of a sudden," Mrs. PEI chimed in. Suddenly, she seemed to have thought of something and frowned. no, old PEI. Mu Nian didn't drive his own car today. Have you forgotten? His car was taken by Xiao Wu. Go home and help him pack his luggage."

With Mrs. PEI's reminder, father PEI remembered that he sent PEI Munian out. At that time, PEI Munian went to drive su Wanwan's car, which had been parked at the old house.

Father PEI's Black eyes suddenly sank and his sharp gaze looked at su Wan, who was dazed at the side. mu Nian is driving your car, your car is Huanhuan.

Before she could finish speaking, Xi Zhiwei suddenly interrupted, "sister Wanwan, didn't you say that your car had some problems and needed to be repaired? Why didn't you get it repaired and let brother mu Nian drive your car?"

It seemed like an unintentional sentence, but it caused thousands of waves at this moment.

Mr. And Mrs. PEI looked at su Wanwan in disbelief. Su Wanwan clearly knew that there was a problem with her car, but she still let her husband drive that car?

"I, I'm not Yingluo." Su Wanwan quickly shook her head. the car, the car does have a bit, a bit of a small problem, but that's ".

Before she could finish the word "start," Mrs. PEI interrupted her sternly."Is there really a problem with your car? That's why Munian got into an accident?"

Mrs. PEI glared at her with red eyes. Her gaze was as if she wanted to eat her whole person. She suddenly took a step forward and fiercely slapped su Wanwan's face. you disaster, I knew it. You will only cause mu Nian to get hurt every time and make her suffer every time!

Mrs. PEI's strength was extremely great. Su Wanwan originally didn't have much strength in her body. Her head was smacked to the side by her and she almost fell down.

Yu Jia rushed forward, supported su Wan, and protected her behind her, saying: "Auntie, how can you say that? Wanwan is also very sad that PEI Munian got into an accident. She definitely didn't know that there was a problem with the car's brakes. This car accident was an accident, you can't blame her like this!"

"An accident? Yes, it was an accident every time? Every time she hurt mu Nian, she could escape with an accident, right? Previously, you made mu Nian so sad. Now, you're directly taking his life. Su Wan, you're by my son's side. How much harm have you brought to him? can you count it yourself? Get lost, I don't want to see you, get lost!"

Mrs. PEI roared, her face flushed red and the veins on her neck popped out one by one. She was so excited that her chest heaved up and down violently and she coughed violently.
