

Deeply 1010

1010 Niannian is gone (2)

"I'm not leaving!" Su Wanwan's hands clenched into fists and she looked at Mrs. PEI firmly through her tears. She said word by word, "I'm mu Nian's wife. You have no right to stop me from accompanying him!"

Mrs. PEI didn't want to bother with her anymore. you guys deal with it. she said.

A bodyguard grabbed su Wanwan's lapels and was about to punch her. Yu Jia, who was behind her, was shocked. Wanwan, be careful.

When the fist was about to hit su Wanwan's face, a figure hurriedly ran up from behind Yu Jia. The next second, the bodyguard's wrist was held by a force and his movements were stopped. Then, a hand grabbed su Wanwan's arm and dragged her back. Su Wanwan was protected behind that person.

Su Wanwan lifted her eyelids and looked at the man's handsome face. She couldn't hold back her tears. brother Ziwei, sob.

Shen Ziwei flung the bodyguard away. His usually gentle expression turned serious and ugly. His sharp black eyes shot at Mr. And Mrs. PEI behind him and he said coldly, "do you think there's no one else in the SU family?" Bullying my sister like this, is this the PEI family's etiquette?"

"Ha."

The SU family was really good. An adopted son actually dared to be so arrogant!

Mrs. PEI looked over coldly and laughed in anger. alright, since you still have an elder in the SU family, then bring this insensible junior back and teach her a good lesson. She caused my son to become like this and still has the face to refuse to leave. What kind of etiquette is this?"

Shen Ziwei's thin lips were tightly pursed, and his eyes darkened. He had wanted to say something, but as a man, he couldn't possibly lower himself to the same level as a woman. Besides, quarrelling wouldn't solve anything in the current situation.

He took a breath and turned around to look at su Wanwan. His voice softened a little. Wanwan, let's go back first.

"No, I can't leave, Yingluo."

Wanwan, be good. PEI Munian wouldn't want to see you like this.

"But Yingluo."

don't worry. They're so worried about their son, they won't let anything happen to PEI Munian. On the other hand, if you don't leave now, something will really happen to you!

As Shen Ziwei spoke, he took su Wanwan's hand and led her out. When they passed by Yu Jia, Shen Ziwei glanced at her and saw that her expression wasn't very good, so he quickly said, "You're Yu Jia, right? How are you? Are you alright?"

Yu Jia shook his head gently. I'm fine, brother Ziwei. You don't have to worry about me. Take Wanwan away and comfort her.

"Okay, be careful."

Su Wanwan was practically dragged out by Shen Ziwei all the way. Even when he stuffed her into the car, su Wanwan still tried to get out. Shen Ziwei's hand pressed down on her shoulder and forced her to sit down in the chair. He couldn't help but speak in a heavier voice, "Wanwan, can you calm down?" What's the point of you being so clingy? You'll only get yourself hurt. They won't let you see PEI Munian!"

"Then, am I not going to fight for it? Mu Nian clearly said that I can't go over to see him even if I'm only a few steps away from him? He's on the edge of life and death now. I have to be with him. If I'm with him, he'll make it. "

yes, you're right. However, PEI Munian's parents are very agitated and they're still in a fit of anger. The more you act like this, the angrier they'll be. Why don't you wait until they've calmed down before you go? perhaps they won't stop you then.
