

Deeply 1015

1015 Niannian is missing (7)

Su Wanwan didn't seem to feel the pain at all and continued to smash the door hard.

Finally, she heard footsteps from inside. The door slowly opened, and a few bodyguards walked out. They said the same words as yesterday and stared at her expressionlessly. Miss Su, don't make trouble anymore. This is not a hospital, but a private residence. If you break in, we can call the police.

"I want to see my parents!" After a pause, Su Wanwan changed her words. I want to see Mrs. PEI. Let me in to see her!

One of the bodyguards sneered. Miss Su, Madam is not someone you can meet whenever you want. She has already said that you have nothing to do with the PEI family. She will not allow you to step into this place again and will not see you again.

Su Wanwan's Black eyes glared at the bodyguard and her hands clenched tightly. She really wanted to rush in regardless of everything, but she also knew that she, a woman, simply couldn't win against so many men. Moreover, once Huahua angered Mrs. PEI, she could forget about knowing where Niannian was.

Su Wanwan's eyes flashed with many emotions very quickly and she finally closed her eyes.

When she opened her eyes, her eyes were filled with determination. She took a step back, bent her knees, and slowly knelt down.

Mrs. PEI was only angry at her. There was no need to take PEI Munian's life as a joke. He was in an extremely dangerous period now and could not continue to let him sleep like this. The longer he slept, the more danger he would be in.

If she let Mrs. PEI vent her anger, she would be willing to let her see PEI Munian, right?

The bodyguards thought that she would continue to force her way in like yesterday, but they did not expect her to suddenly kneel down. They could not help but look at each other.

Su Wanwan said hoarsely, " please tell Mrs. PEI that I won't leave. I'll wait here until she's willing to let me see Mu Nian!

After the bodyguard came back to his senses, his face was still expressionless. Then you just wait.

Time passed by minute by minute. Su Wanwan knelt there straight and didn't move.

Today's weather was a little gloomy, and the sun had not come out yet. She did not know when the wind started blowing again, and it blew on her body. Then, dark clouds gradually gathered, and the sound of thunder rumbled in her ears.

Pitter-patter, the rain fell.

The bodyguards retreated and the door slowly closed in front of Su Wanwan. She still knelt there quietly. The rain hit her hair and body, quickly drenching her.

The rain was getting heavier and heavier. The curtain of rain was like a curtain, almost blocking people's vision.

On the second floor of the old residence.

Mrs. PEI stood there and looked at the blurry figure at the door. Her dark eyes narrowed slightly, full of bitterness and mixed feelings.

She hated su Wanwan to death, but su Wanwan was the only person who could wake her son up. She really didn't want her to get close to her son again, but she was helpless.

However, she saw that su Wanwan was so stubborn just to see PEI Munian. Perhaps ran ran was sincere towards her son? She knew that her sleeping son must be waiting for su Wan. Should she not be so ruthless?

Xi Zhiwei, who was by Mrs. PEI's side, saw the look of pity in Mrs. PEI's eyes and casually said, " Auntie, I think sister Wanwan is really anxious to see brother mu Nian. She should know about his situation very soon. Why don't you stop making things difficult for her, Qianqian? if brother mu Nian knows what you're doing, he'll definitely be angry.
