1016 Niannian is missing (8)

Angry?

Mrs. PEI's original compassion was scattered by these two words. It was because of su Wanwan that her relationship with mu Nian became so bad.

If mu Nian couldn't get through Wanwan this time, then she and her son wouldn't be able to have a good meal and talk to each other properly. They would lose him forever. She would never forgive su Wan in this life, never!

Mrs. PEI snorted coldly, pulled down the curtains, and walked out of the sofa.

Xi Zhiwei stood by the window and looked out. She watched su Wanwan's slender figure trembling in the rain and the corners of her lips curled up little by little.

She was indeed very worried about PEI Munian's accident. However, when Wanwan saw su Wanwan's ending, she was very happy. She was very happy.

This was the first time in so many years that she had won such a big victory in front of her.

Brother mu Nian was still lying in bed. No one could support her anymore. Everyone was on her side. Mr. And Mrs. PEI trusted her and liked her. Everything was finally on her side.

The heavens were finally fair for once. They no longer favored her, but started to favor her.

She wanted to use this opportunity to take back everything that su Wanwan had taken from her. Brother mu Nian, the young lady of the PEI family, the love of father and mother PEI, all of them belonged to her, all of them!

Su Wanwan didn't sleep well last night and had nightmares the whole night. Now, she was drenched in such heavy rain. The rain didn't stop and kept falling. The rain didn't weaken and the wind mixed with the coldness kept invading her body. She was so cold that she kept shivering and her body couldn't help but shake.

However, she still gritted her teeth and held on.

No matter what, before Mrs. PEI agreed to let her see PEI Munian, she must not collapse. She must not collapse, because PEI Munian was still waiting for her. He was waiting for her, Yingluo.

By the time Shen Ziwei rushed over, su Wanwan was already on the verge of collapse. He frowned and quickly went forward with an umbrella, pulling her with one hand. Wanwan, are you stupid? "You've been standing in the rain, get up quickly!"

"No, I want to wait for Madam PEI to come out." Although su Wanwan's voice was weak, it was extremely firm. At the same time, she broke free from Shen Ziwei's hand and continued to kneel there.

Shen Ziwei was both angry and anxious. you've been kneeling here for so long, and you've been in the rain for so long, but she didn't come out. She deliberately let you stay in the rain. If you continue like this, you'll fall sick too.

“Get up first, we’ll think of a way later!”

no, they’ve already hidden niannian. I can’t find him. I can’t find him, Hanhan.

The only thing she could ask for now was Mrs. PEI. Only she could let her see niannian. Niannian wouldn’t be able to hold on for long.

“Wanwan, Wanwan, Wanwan.”

Shen Ziwei’s Black eyes narrowed and he helplessly looked at su Wan. Just as he was thinking about whether he should be ruthless and directly drag her away by force, the carved door suddenly opened slowly.

Su Wanwan suddenly raised her eyes and the light at the bottom of her eyes instantly burned.

Mrs. PEI was willing to come out to see her? Was he willing to let her see PEI Munian?

A slender figure holding an umbrella slowly walked out. The light at the bottom of su Wan’s eyes couldn’t help but fall silent. It was her, Xi Zhiwei.

Xi Zhiwei walked towards su Wanwan step by step and said softly, “ sister Wanwan, you should get up. Auntie has already agreed to let you see brother mu Nian.

Shen Ziwei immediately helped su Wanwan up. Su Wanwan anxiously asked, “ really? ”

“Yes, but Yingluo, you have to sign the divorce agreement first.”
