look at me. I've been too busy recently. I forgot to call you to tell you about boss PEI's situation. Assistant Wu's slightly apologetic voice could be heard from the other end of the phone. young Madam, don't worry. I've been to see boss PEI recently. He's recovering quite well. The doctor said that he's still young and strong. He'll recover fully after some rest.

PEI Munian's condition didn't worsen as she imagined. Su Wanwan heaved a sigh of relief.

then, is ran ran still bedridden? ”

“Most of them are lying down. The doctor said that he needs to rest in bed because the wound in his heart hasn't healed yet. If he walks around, he will tear the wound. Moreover, boss PEI's consciousness doesn't seem to be very clear most of the time. I think it's because of the pressure on his brain earlier.”

So that's why. No wonder he didn't call or text her. Maybe he wanted to, but he couldn't. Or maybe he was too worried that PEI Shishi's parents wouldn't give him a phone, and he couldn't get out of bed.

Su Wanwan took a light breath and slowly opened her mouth. then, Wanwan, when you went to see mu Nian, did he mention me? ”

Would he be disappointed that she wasn't by his side? However, it wasn't that she didn't want to stay by his side. It was just that she couldn't go to his side.

“This Yingluo.” Assistant Wu seemed even more embarrassed. young Madam, the timing of my visits is always very coincidental. Boss PEI is always asleep when I arrive. I don't even have the chance to talk to him when he wakes up.

“Oh, I see, Yingluo.”

however, you don't have to worry, young Madam. Based on boss PEI's recovery, he'll probably be fine in half a month's time. I'm sure boss PEI misses you very much. As long as he recovers, master and Madam will not be able to separate you two again.

Yes, thank you. I'll have to trouble you to continue looking after mu Nian for me. Let me know if anything happens.

“Alright,” he said.

After hanging up the phone, the heaviness between su Wanwan's eyebrows disappeared a lot. Shen Ziwei looked at her and couldn't help but tease, ” “You can rest assured now, right? Can you sleep in peace now?”

Su Wanwan gently nodded.

it's a pity that I can't be with niannian. I just want to wait for him to recover quickly so we can meet again.

In the following period of time, su Wanwan called assistant Wu from time to time, asking him about PEI Munian's situation. However, assistant Wu was very busy and only visited PEI Munian once or twice a week. So, she only knew that PEI Munian's condition was improving every day, but she still didn't have the opportunity to talk to him.

Unknowingly, more than a month had passed since the day PEI Munian woke up.

PEI Munian had been resting in bed for the past half a month and could not contact him. However, it had been more than a month and PEI Munian's health had recovered quite well. Why had he not contacted her yet?

Her mood had been calm for half a month, but it couldn't stop rippling. For the past few nights, she had nightmares every night. Every time she woke up from the nightmare, she would be in a daze like a bad omen.

No, she couldn't just sit around and wait for death. She had to find PEI Munian. No matter what, she had to find a way to break into the hospital today and see PEI Munian.

She jumped up from the bed and was about to put on her clothes when her phone suddenly rang.

She picked up her phone and saw that it was an unfamiliar number. Her eyes suddenly lit up. Could it be Qianqian niannian calling?
