1025 Banquet at Hongmen (1)

Su Wanwan picked it up without thinking. Just as the two words " Nian Nian " were about to slip out of her mouth, a female voice came from the other side and called her, " miss su.

Su Wanwan couldn't help but be stunned. Then, she felt that this voice was a bit familiar, like a Yingluo.

She probed, " Butler Xi? "

"Yes, I'm Butler Xi."

Su Wanwan was even more surprised. Why would this Butler Xi call her? Could it be that Xuxu and Madam PEI were looking for her again? It's about PEI Munian?

She straightened her face and opened her mouth. Butler Xi, what's the matter? "

miss su, I'm here to invite you to a dinner party tomorrow on behalf of Madam.

you're inviting me to dinner? " Su Wanwan muttered and repeated. She opened her eyes in disbelief. what banquet? "

Ever since PEI Munian had woken up, Mrs. PEI had chased her away as if she could not wait to never see her again. Would she be so kind as to invite her to a dinner party?

Those who were unaccountably solicitous were either evil or thieving.

But Butler Xi did not answer her question, he only said, " "This banquet is related to young master, so Madam sincerely invites you to attend."

It was related to PEI Munian and he invited her sincerely?

The more she heard these words, the more wrong they were. Su Wanwan furrowed her eyebrows and thought about it. There must be something bad going on when Mrs. PEI invited her. Could it be that Xuxu and Mrs. PEI were planning to publicly announce that she and PEI Munian had already divorced and that she no longer had any relationship with the PEI family?

If that was the case, she wasn't worried. After all, she could always get back together after the divorce. She was just worried that Mrs. PEI would play some tricks again.

However, Wanwan had no choice but to go even if this was a treacherous banquet. She would only have a chance to see PEI Munian if she went to that banquet, right? She had so many things to tell him.

"Alright, I'll be there."

"Madam is very welcoming of your arrival." Butler Xi hung up the phone happily.

Su Wanwan gripped her phone tightly and slowly sat on the bed.

PEI Munian had not contacted her for more than a month, so she did not know what was going on with him. From assistant Wu, she only knew that his body was recovering, but she had not been able to speak to him at all. Her heart could not be at peace.

She hoped that she would be able to see PEI Munian at the banquet and have a good talk with him.

Shen Ziwei knew that su Wanwan was going to attend the dinner invited by Mrs. PEI and insisted on going with him. He didn't know what Mrs. PEI wanted to do, but it definitely wasn't anything good. If he accompanied her, at least he could take care of her.

Su Wanwan thought about it and nodded in agreement.

At eight o'clock the next night, Shen Ziwei and su Wanwan arrived at the PEI family's old house. The banquet was as luxurious and high-profile as ever. The guests at the banquet hall were all people of status in the circle. Each and every one of them was dressed in gorgeous clothes, talking and laughing, elegant and pleasant.

Su Wanwan held Shen Ziwei's arm and walked into the banquet hall. It seemed that everyone's eyes, intentionally or unintentionally, swept towards her. There was a sense of playfulness and ridicule, but also some eyes that were purely looking at a good show.

Shen Ziwei and su Wanwan looked at each other and saw a trace of doubt in each other's eyes.

Why were these people looking at him so strangely?

Wanwan, I don't think the purpose of this banquet is what we're guessing. I have some business partners here as well. I'll go and ask them. Shen Ziwei lowered his voice and whispered into su Wanwan's ear.

Although su Wanwan also felt it was strange, she didn't have the time to care. She nodded perfunctorily and her eyes couldn't help but search the whole venue.
