

Deeply 1031

1031 Banquet at Hongmen (7)

Mrs. PEI took su Wanwan through the winding courtyard, walked into the second floor, and then passed the living room to the room.

"Mu Nian and Wei Wei are inside. I'll give you ten minutes. You can go in and see mu Nian. But he's very weak, so I won't allow you to get close to him. I'll get a bodyguard to accompany you in."

As Mrs. PEI spoke, she turned back to signal the two bodyguards behind her. The two of them nodded and walked forward.

The two bodyguards walked to su Wanwan and one of them raised his hand to knock on the door.

Mrs. PEI stood at the side and laughed. I think it might not even take ten minutes. Mu Nian doesn't want to see you for even a minute now. I didn't want to make things difficult for you, but you're the one who brought this upon yourself.

Su Wanwan lowered her eyes and looked cold, as if she didn't hear anything.

Mrs. PEI snorted coldly. you guys keep an eye on her. Don't let her disturb young master.

"Yes, Madam."

Madam PEI no longer paid attention to su Wanwan. She left the second building with Butler Xi and returned to the banquet hall.

Inside the room, Xi Zhiwei's gentle voice came out, "who is it?"

"Miss Xi, it's me. Madam asked me to bring miss su to see young master. Is it convenient now?" The bodyguard spoke in a respectful tone, as if he had already treated Xi Zhiwei as the young Madam of the PEI family, his future mistress.

Su Wanwan's eyes flickered slightly and her eyebrows slightly furrowed.

It was silent for a moment. It was unclear if Xi Zhiwei was questioning PEI Munian. Then, footsteps could be heard approaching. The door was pulled open and Xi Zhiwei was standing at the door.

She looked up and met su Wanwan's eyes. She curved her lips and smiled. sister Wanwan, you're here.

Su Wanwan looked at her indifferently without any expression and didn't respond.

Xi Zhiwei did not mind at all. The smile on her face was overflowing, and the light of happiness shone between her brows. She was quietly telling her of her victory.

The attitude of Mrs. PEI and Xi Zhiwei made su Wanwan's firm heart unconsciously waver a little.

It wasn't because she didn't believe in PEI Munian, but because Wanwan kept feeling uneasy.

PEI Munian's cold and indifferent look just now involuntarily floated into her mind. Her hands that were hanging by her sides slowly clenched.

"Sister Wanwan, come in." Xi Zhiwei turned her body sideways and made way.

The two bodyguards walked in first. Su Wanwan glanced at Xi Zhiwei and then walked in.

PEI Munian was on the balcony. Xi Zhiwei seemed to be feeding him medicine. There were some bottles of medicine on the table outside the balcony. There was a glass of water beside it. PEI Munian was sitting in the wheelchair with her back facing her.

Su Wanwan's dark eyes were fixed on him. Her footsteps subconsciously walked in that direction, but before she could get close to her, the bodyguard reached out and stopped her. miss su, please keep a distance from the young master. If you have anything to say, you can say it here.

Su Wanwan looked at the man three steps away and pursed her lips slightly.

She had already entered the room, so he must have known that she was behind him. However, he was still standing outside the balcony. He did not turn around, nor did he say a word. Just like in the hall, it was as if he could not see her.

Su Wanwan took a deep breath, opened her mouth, and said word by word, " niannian, it's me. I came to see you. How's your health? " Are you feeling better now?"
