

## Deeply 1036

1036 Meeting a man in the middle of the night (4)

Assistant Wu was also very surprised when he found out about the situation. During this period of time, he had visited PEI Munian. Although he had seen her sleeping, he only felt that the timing was just too coincidental. He did not expect that he might not have woken up at all.

don't worry, young Madam. I'll go to the hospital again tomorrow to check on boss PEI's condition.

alright, then I'll leave it to you. If there's anything, let me know immediately.

"Understood."

After hanging up the phone, su Wanwan's heart was unable to calm down for a long time.

There was an 80% chance that the PEI Munian tonight was not real. It was just that it was too shameless to urge Mrs. PEI and Xi Zhiwei to do such a thing.

She had ignored PEI Munian's wishes and arranged his life at will. If her relationship with PEI Munian was still the same as before, without any foundation of trust, wouldn't they be separated again?

They were really terrifying. They were really too terrifying.

Su Wanwan thought about it and her whole body trembled unconsciously. As long as her consciousness was a little weak, she would be incited to drive a wedge between them. Even if she had been very firm, she still couldn't stop the fear.

Chen Ziwei's dark eyes turned to look at her. Seeing her in this state, he reached out and placed his large palm on her hand, holding it slightly as if giving her strength. don't worry, PEI Munian will definitely be fine.

"Yes." Su Wanwan gently nodded.

you didn't eat much at night, and you were so busy just now. I'll ask nanny li to cook you some supper. Go to bed after you eat. We'll see how assistant Wu is doing tomorrow and decide on the next step.

With that, Shen Ziwei stood up, walked to the kitchen, and gave nanny li some instructions.

Su Wanwan forced herself to eat something and went upstairs to her room. She took a hot bath. After her body warmed up, she lay on the bed. She wanted to close her eyes and sleep, but her heart was always upset.

She had been plagued with nightmares during this period of time and was extremely flustered. How could she really fall asleep without any news about PEI Munian?

"Niannian Qian Qian Qian, how are you doing?" Su Wanwan muttered, her voice unconsciously hoarse, "do you know that I miss you so much?"

Tears welled up in her eyes, and her eyes turned red.

No matter how much Mrs. PEI and Xi Zhiwei bullied her, she would not shed a single tear. However, when she thought of him, her nose and eyes ached.

They had said that they would never be separated again, but they had been separated for more than a month. He was still alive and did not know what was going on.

In fact, she was more or less pained by Shen Ziwei's words. Perhaps PEI Munian had not woken up at all, which was why she had not contacted her. However, Qianqian had not woken up for such a long time. She was really worried that PEI Munian might become a vegetable or something. After all, didn't the doctor say that his brain was in a dormant state and that if he did not wake up, it could easily lead to brain death?

If that was the case, then the man tonight must be PEI Munian. At least she was still alive.

Su Wanwan tossed and turned and couldn't sleep. Her mind was filled with all kinds of messy and terrible thoughts. Her eyes were almost open the entire night. It wasn't until the sky was slightly bright that she fell asleep in a daze. It was just that she felt that she had just fallen asleep when the phone rang beside her ear.

Su Wanwan's whole body quivered and her black eyes suddenly opened.
