

Deeply 1039

1039 Meeting a man in the middle of the night (7)

Xi Zhiwei's recent schedule was still full. She had almost one job after another and had been running around working. She went out early and returned home late. After returning to the apartment, she didn't come out again. This cycle repeated for more than a week and the confusion in su Wan's heart became deeper and deeper.

She could understand that Xi Zhiwei was busy with work, but if she cared so much about PEI Munian's words, why did she not go to the hospital to visit him? Even if PEI Munian was not in the hospital, what about the PEI family's old mansion? She had not returned to the old residence this week.

As for assistant Wu, she didn't manage to find anything.

She was trapped in a huge enigma, surrounded by fog in all directions, and she couldn't see anything clearly. She could only keep pushing away the fog to see what was in front of her.

Su Wanwan's car followed Xi Zhiwei's nanny car. Seeing the nanny car drive back to Xi Zhiwei's apartment, she thought that there was probably no harvest today.

Su Wanwan parked the car in a corner, took the bread she bought from the front passenger seat, and directly started to gnaw.

In order to follow her these days, he basically had no time to rest and eat. He had to rely on bread to survive. If today's trip was in vain again, he might as well go home early and eat with Xiao Zeze.

Su Wanwan watched as Xi Zhiwei went upstairs. After waiting for a while, she took out her phone and looked at the time. It was almost 10 O'clock in the evening. It seemed like Xi Zhiwei wouldn't be coming out today.

She threw her phone back into her seat, took out a tissue, and wiped the corner of her lips. Then, she started the engine and was about to step on the gas to leave when she saw the door of the apartment open and a slender figure hurriedly walk out.

Even though the person was wearing a hat, mask, and sunglasses, su Wanwan could still recognize at a glance that the person was Xi Zhiwei.

She had been waiting for so many nights and had not seen Xi Zhiwei come out after returning to the apartment. But tonight, she came out. Could it be that Wanwan was finally going to the hospital to visit PEI Munian?

Su Wanwan's heart moved slightly and her whole person couldn't help but become excited. She wasn't afraid of waiting, as long as there was a result.

She took a light breath and calmed herself down. Her eyes followed Xi Zhiwei's figure as she walked to her car. She took the car key and unlocked it. She opened the door of the driver's seat, sat down, started the car, and drove away.

Su Wanwan quickly turned the steering wheel, stepped on the accelerator, and followed her.

It was past 10 O'clock in the morning, but L city was still bustling with life. The neon lights outside the car window shone in from time to time and there were many cars on the road. Su Wanwan followed Xi Zhiwei's car with great difficulty. Fortunately, she didn't lose sight of her in the end until her car drove into the underground parking lot of a five-star hotel.

Strange, what was Xi Zhiwei doing at the hotel in the middle of the night? PEI Munian couldn't be in the hotel, right?

Su Wanwan was puzzled and followed them into the underground parking lot. After Xi Zhiwei found a parking space to Park, she also quickly found a parking space not far in front of her and parked in.

After the car stopped, she quickly put on her cap and lowered it to cover her eyes. She pushed the door open and got out of the car, following Xi Zhiwei.

Xi Zhiwei walked towards the elevator, pressed the elevator door and walked in.

After the elevator door closed, su Wanwan immediately walked in from outside the door. Her black eyes stared closely at the number above until the number stopped at the highest floor. She quickly pressed another elevator, walked in, and also pressed the highest floor.
