

Deeply 1040

1040 Meeting a man in the middle of the night (8)

She had been to this five-star hotel before. The highest floor was the Presidential Suite, and there was only one room above, so she did not have to worry about not being able to find Xi Zhiwei's room.

Perhaps PEI Munian had really been transferred here to recuperate.

After all, she could think of the hospital, but if she were to stay in a hotel, she would not have thought of it.

If Nian Nian was really here, it would be great. It would be easier for her to find a way to sneak into the hotel, so she could see Nian Nian.

Thinking of this, su Wan's mood couldn't help but become more excited and more expectant. Her eyes stared at the number on the elevator that kept going up. Her heart beat wildly and fiercely hit her heart.

The elevator reached the highest floor. With a ding, the elevator door slowly opened.

Su Wanwan walked out and looked around for a while. Then, she walked towards the left corridor. There was only one room on the top floor and the other side was the conference room. Presumably, Xi Zhiwei would not be in the conference room.

The corridor was very quiet. The dim light of the wall lamp shone down and hit su Wan's face. Her feet stepped on the carpet, quietly.

Because it was very quiet outside, as soon as she approached the Presidential Suite, su Wanwan could vaguely hear the sound of people talking from the room.

She couldn't help but take two steps forward and realized that the door wasn't closed tightly, and there was still a gap.

Su Wanwan suppressed her excitement, reached out, and gently pushed the door open a little more. She lifted her eyes and looked inside. Behind the entrance was the living room. She saw Xi Zhiwei standing on the sofa with her back facing her. On the sofa, there was a man who was in a daze and unfamiliar to her.

Su Wanwan squinted her eyes and tried hard to recognize this man's face. She searched her brain again. She really had never seen this man before.

She had initially thought that Xi Zhiwei was here to visit PEI Munian, but she did not expect that she was here to look for a strange man.

She scanned the room and did not see any medical equipment or doctors or nurses. It seemed like PEI Munian was not here.

With her hope shattered, su Wan was inevitably disappointed. She thought that her waiting for a rabbit would finally have a result, but now it was an empty joy.

The light at the bottom of su Wanwan's eyes slightly darkened and she lowered her eyes.

She had no interest in Xi Zhiwei's private affairs. Even if she was meeting a man late at night, it had nothing to do with her, so she did not plan to stay any longer. Just as she was about to turn and leave, Xi Zhiwei suddenly let out a sharp roar from inside, "do you know what you are saying?" I already gave you a million last time. How long has it been and you want another million? Who do you think I am? Is it an ATM?"

Su Wanwan's footsteps were shocked by her words and stopped.

It wasn't because Xi Zhiwei had mentioned a million, but because Xi Zhiwei had given a man a million for no reason? One million was not a lot of money, but it was not a small amount. What was the relationship between Xi Zhiwei and this man? He actually gave him money?

Su Wanwan's heart moved slightly and her footsteps unconsciously retreated. She pricked up her ears and continued to listen.

She did not know why, but she had a feeling that Xi Zhiwei's relationship with this man was not that simple. But all these years, didn't Xi Zhiwei only love one man, PEI Munian? How did she get involved with another man?

The man did not seem to be afraid of Xi Zhiwei's anger. He even laughed out loud. He looked at Xi Zhiwei and said word by word.
