

## Deeply 1044

### 1044 An explosive secret (4)

I followed Xi Zhiwei today and found out that she had a secret meeting with this person. The two of them have a close relationship and it involves some of the bad things that Xi Zhiwei had done in the past. So, the things that he knows should be able to stop Mrs. PEI from trusting Xi Zhiwei.

Even though she had the video that she had recorded that night, it was not convincing enough. After all, it did not capture Xi Zhiwei's face, only her back and voice. These could be faked.

If she took it out rashly, Mrs. PEI might not believe her. Xi Zhiwei might even bite back and say that she had framed her. By then, it would be even more difficult to catch her.

She needed to collect more evidence to defeat Xi Zhiwei in one go so that she would not be able to resist.

"I understand. I will investigate this person's background as soon as possible, and his relationship with Xi Zhiwei."

As expected, assistant Wu had been following PEI Munian all this while. She understood everything with just a little hint and did not need to say much.

Su Wanwan smiled with satisfaction and continued: "Assistant Wu, is there still no news about Yingluo and niannian from your side?"

It had been quite a few days and she had not seen PEI Munian for almost two months. She did not know if he had woken up, or if he had been sleeping, or if he had been recuperating from his injuries. It made her very anxious.

I'm sorry, young Madam. I haven't been able to find out where boss PEI has gone. Madam hasn't contacted any hospitals recently. I've also sent people to the major hospitals in L city to check, but there are no records of boss PEI's hospitalization. I don't know where Madam has transferred boss PEI to.

Although it was an expected answer, su Wanwan was still a little depressed. it's been so long and there's still no news. I wonder how mu Nian is doing now.

Assistant Wu quickly consoled her, " young Madam, actually, you don't have to worry too much. If something happened to young master, old master and Madam would not be so calm. Ah, right, Madam is going to America tomorrow and won't be in the country for a while.

"America?"

Su Wanwan's eyebrows furrowed slightly. why would Mrs. PEI go to the United States at this time? What's the matter with her?"

As far as she knew, the company's Affairs were handled by father PEI and PEI Munian. Mrs. PEI only managed a Foundation, often held banquets, and interacted with those rich ladies. She also did charity with those rich ladies to build a good image and reputation for the PEI family corporation.

She probably didn't need to go on a business trip for these matters. Now that PEI Munian was in such a state, she wouldn't be in the mood to go on a vacation, right?

"I am not sure about this. I only feel that it is a little strange for Furen to leave at this time because master did not go. Only Furen and housekeeper Xi went together. That's why I'm telling you."

Mrs. PEI is going to America with Butler Xi?

Su Wanwan's Black eyes narrowed and all kinds of thoughts suddenly surged in her mind. With how much Mrs. PEI loved her son, she would never leave PEI Munian's side at this time. Then, could ran ran actually be in the United States?

Perhaps in order to prevent her from finding her, she had sent someone to transfer PEI Munian over and then had someone pretend to be PEI Munian. She wanted to make her give up. After her problem was completely solved, she could go to America to accompany her son without worry.

The more su Wanwan thought about it, the more she felt that her guess was right. Otherwise, it was impossible that they couldn't find any clues about PEI Munian's whereabouts.
