Unfortunately, at that time, her sister had packed her luggage and left. A few days after that, brother Ziwei had also left the house. She had no chance to ask again, and from then on, only she and her grandfather were left at home.

When brother Ziwei came back this time, he had never mentioned his sister. Whenever she mentioned her sister, he would always be silent. However, she could tell that brother Ziwei still had a sister in his heart, right? Otherwise, he would have been single all these years and had no woman by his side.

Su Wanwan glanced sideways at Shen Ziwei and said in a small voice, " brother Ziwei, if ran ran, I said if, ran ran, if I go to America this time and see my sister, should I, should I help you ask about her? "

Shen Ziwei didn't know if he didn't hear her or if he was pretending not to hear her. He continued driving without looking sideways. Su Wanwan could only shut her mouth.

The car arrived at the airport. After Shen Ziwei parked the car, he pushed the door open and got out of the car. He walked to the trunk and took out her luggage. Su Wanwan also got out of the car and said, " brother Ziwei, I can go in by myself. You can go back first.

Su Wanwan successfully boarded the plane. Before Mrs. PEI boarded the plane, she sat in the economy Class at the back. After the plane took off, she secretly glanced at the front and confirmed that Mrs. PEI was sitting in the business class before she felt at ease.

She returned to her seat and opened the sun visor of the cabin. Looking at the blue sky and white clouds outside the window, PEI Munian's face appeared in her mind. Her niannian, she really missed him. She wondered if he had missed her during this time.

He must have. He loved her so much, and they hadn't seen each other for so long. He must have missed her a lot.

So, niannian, you must be well, wait for me. No matter what, I will find you and come to your side!

During the ten-hour flight, su Wanwan thought of PEI Munian on the plane and took a nap. When she woke up, the plane began to descend and landed about 20 minutes later.

Su Wanwan followed Mrs. PEI and Butler Xi all the way. After picking up their luggage, the three of them walked out of the airport one after another.

Mrs. PEI seemed to be on the phone. Su Wanwan quickly leaned closer and vaguely heard her say the word “hospital.” Her heart couldn’t help but jump.

Mrs. PEI, are you going to the hospital?

The car was already waiting for Mrs. PEI at the entrance of the airport. As they walked over, the chauffeur greeted them respectfully and took their luggage. Then, Mrs. PEI and Butler Xi sat in the car.

When su Wanwan saw this, she quickly reached out to hail a taxi. After she sat in, she said to the driver, “Follow the car in front.”

There weren’t many cars in Los Angeles at night, so it was easy to follow. Su Wanwan’s Black eyes stared at the car in front of her, afraid that it would disappear in the blink of an eye.

The car drove for more than an hour before it finally stopped in front of a building. Su Wanwan raised her eyes and saw the sign above the building. It said “xxx hospital.”
