Ning Jingting looked at PEI Munian shyly and reached out to take the gift box. Perhaps it was because of her excitement, but her voice was trembling. can I open it now? ”

“Yes.”

Ning Jingting’s fingers trembled as she slowly tore open the box. Inside was a jewelry box. She opened the lid and saw a diamond necklace. Ning Jingting knew this brand. Every piece of jewelry designed by the designer was unique and one of a kind in the world.

She did not expect PEI Munian to spend so much effort on her birthday.

Ning Jingting’s eyes glowed brighter and brighter. Her fingers caressed the necklace, and her voice was full of joy. mu Nian, it’s so beautiful. I like it very much. Thank you.

As she said this, her gaze on PEI Munian became more and more charming.

Madam PEI smiled in satisfaction and continued, I’m a little tired. I’m going to eat and take a break. Mu Nian, you can stay here and chat with Jingting.

Mr. Ning immediately understood. Mrs. PEI, I’ll go with you. I’m old and can’t compare to the young. I’ll go and have a drink too.

After Mrs. PEI and father ning left, only ning Jingting and PEI Munian were left. Ning Jingting looked at PEI Munian, and seeing that he had no chance to speak, she rolled her eyes and said, ” “Mu Nian, why don’t we go get something to drink too?”

PEI Munian did not have any objections.

The two of them walked side by side towards the dining table. Ning Jingting subconsciously moved closer to him. PEI Munian did not keep her distance, either because she did not see it or because she did not care. Ning Jingting’s heart felt as if it was soaked in sugar water, it was so sweet.

Walking to the dining table, PEI Munian reached out for the champagne, but ning Jingting hurriedly said, ” mu Nian, you haven’t fully recovered from your injuries yet. It’s better if you don’t drink. What flavor do you like? ”

PEI Munian’s hand paused and she retracted it. She pointed her chin at the orange juice and said, ” orange juice then.

“Alright, I’ll help you get it.” Ning Jingting picked up the orange juice and handed it to PEI Munian.

Su Wanwan had been hiding behind the pillar, waiting for an opportunity. When she saw that Madam PEI and Butler Xi had finally left, her spirit was shaken. She quickly calmed down and came out from behind the pillar.

She first observed Mrs. PEI's position. She was on the balcony, talking to father ning. Her back was facing the living room, so she probably wouldn't see her if she walked out now.

PEI Munian and ning Jingting were at the dining table.

Su Wanwan subconsciously combed her hair, took a light breath, and walked towards the dining table. Step by step, she walked towards PEI Munian.

Ning Jingting was talking to PEI Munian. Because the banquet hall was a little noisy and the music was mixed in, when they spoke, she almost always leaned towards PEI Munian, her red lips moving close to his ear, and she seemed very intimate.

Su Wanwan's eyebrows slightly furrowed. Even if she knew that in some social occasions, she had to put on an act, but she still felt a little uncomfortable in her heart.

As for ning Jingting, she clearly knew that PEI Munian had a wife and that she had a good relationship with PEI Munian. In that case, Yingluo should at least avoid her.

Su Wanwan's footsteps couldn't help but speed up by two steps.

Ning Jingting was the first to see su Wan. The moment her eyes touched her figure, the smile on her lips couldn't help but stiffen, and an imperceptible panic quickly slipped through the bottom of her eyes.

Her strange behavior made PEI Munian subconsciously follow her line of sight.
