Su Wanwan's heart moved slightly and she subconsciously turned her face to look, but the person chasing after her was not the person she wanted to see, but Xuxu ning Jingting.

"Sister Wanwan."

Ning Jingting was panting from the chase. She ran to su Wanwan, her hand gently caressing her heart while panting. She only recovered after more than ten seconds. sister Wanwan, don't, don't go. I have something to say to you.

Ning Jingting's hand unconsciously held su Wanwan's arm, but she shook off her hand without a trace.

"What do you want to say?"

She had clearly seen her just now, but she pretended not to see her and was so intimate with PEI Munian. Only then did she understand why she didn't respond to her calls and text messages. It wasn't because she didn't see her calls and text messages, but because Wanwan pretended not to see them.

She wasn't stupid and could tell that she was looking at PEI Munian with love in her eyes.

However, she had never thought that the woman she had kindly saved would become her love rival.

"Sister Wanwan, I'm Wanwan." Ning Jingting bit her lower lip, as if she found it difficult to speak. But soon, she took a deep breath, as if she had made up her mind, and continued, " "You saw it just now, right? Yes, I do like mu Nian. I know that it's very shameless of me to say this to you, but there's nothing wrong with Qianqian liking someone, right? When we were in the Maldives, I fell in love with mu Nian at first sight. It's just that I saw how happy the two of you were and you were married, so I held myself back and didn't want to ruin your happiness. No matter how sad I was, I wouldn't do anything."

"I thought that I would never see mu Nian again in this life and that I would treasure him in my heart as an unforgettable first love. But I didn't expect to meet him again in the hospital. At that time, he was so seriously injured that he almost couldn't be saved a few times. Auntie told me that you were afraid that mu Nian would die and you wouldn't get any benefits, so you asked her for ten million Yuan, signed the divorce papers, and left mu Nian."

I really didn't expect you to be this kind of person. I didn't want to ruin your relationship with mu Nian, but I feel that you're not good enough for him. In that case, I'll love him. I'll love him for who he is, not for his money.

If he wanted to punish someone, he would do so.

Su Wanwan could also guess how many bad things PEI Munian had heard about her from Mrs. PEI during this period of time. This was all she could say.

No wonder she wanted to give her money. What alimony, it was just another scheme.

However, what she cared about was never how Mrs. PEI vilified her, but what PEI Munian thought.

“Does PEI Munian’s Yueyue see me like this too? You think I’m a woman who would take the money and leave him when his life is uncertain, right?”

“Sister Wanwan, don’t you think your question is funny? You’ve already done such a thing, and you still want others to think that you took the money because you had difficulties?”

Ning Jingting’s words were filled with righteous indignation, and her hands were clenched tightly. I’ve been with mu Nian all this time. He never mentioned you because you’ve already broken his heart. So, I hope that you won’t appear in front of him again and make him sad.

Su Wanwan lowered her eyes and actually found it inexplicably funny. miss ning, who are you to PEI Munian? are you qualified to speak for him? ”
