Ning Jingting was choked by su Wanwan's words. Her cheeks suddenly flushed red and she subconsciously retorted, " I, Wanwan, I'm doing this for mu Nian's good. His injury hasn't healed yet and he can't be provoked anymore.

"Then, when you have the right to say such things to me, you can come and warn me." Su Wanwan tugged at the corner of her lips and suppressed the rolling emotions in her heart. She sized her up with contempt. but seriously, there are too many women who take the initiative to stick to PEI Munian. You won't be one more.

"You,"

She was young and spoiled after all. After being ridiculed by su Wanwan like this, her face immediately turned red with anger. mu Nian has already divorced you and he's single now. Anyone has the right to pursue happiness. It's only right for me to pursue my happiness.

"That's right, then I wish you the best. I hope you can pursue your happiness soon!"

Su Wanwan smiled indifferently and replied this sentence indifferently. She pressed the elevator button again and walked in. The elevator door slowly closed.

Ning Jingting stood rooted to the ground, her eyes red with anger.

When they were in the Maldives, su Wanwan looked gentle and took care of her like a big sister. She really thought that she was a kind-hearted woman. When aunt PEI told her about su Wanwan's character, she didn't quite believe it. Now it seems that you can't really know a person's heart.

So, it was right for her to chase away su Wanwan, this bad woman, on mu Nian's behalf.

Ning Jingting took a deep breath and slowly suppressed her tears. She returned to the banquet hall and went to the bathroom to touch up her makeup. After making sure that she looked fine, she went out.

PEI Munian was still at the balcony, quietly leaning against the railing and indifferently looking at the traffic and the gorgeous lights outside.

Ning Jingting pushed open the door of the balcony and slowly walked over to his side. She turned her head and looked at the man's handsome face. All the sadness in her heart suddenly turned into a throbbing.

She had once said that if she met him again, she would not let him go easily. Since God had arranged for them to meet again, then their fate was destined. So, she would not let go again!

Ning Jingting coughed lightly and said in a soft voice, " mu Nian, I've already told sister Wanwan what you wanted me to say to her.

"Is that so?" PEI Munian also turned her face, her dark eyes faintly landing on her face.

Ning Jingting's eyes flickered. She forced a smile and nodded. of course, I've made it clear.

PEI Munian’s lips curled up and she did not say anything else.

The birthday party ended and the guests were all happy.

Ning pingting walked Mrs. PEI and PEI Munian to the car outside. Mrs. PEI couldn’t help but smile and say, ” “If we send you home again, Jingting, won’t you have to go home with us?”

“Auntie!” Ning Jingting stomped her feet and pouted.

Alright, alright. You don’t have to send us off. We have to go. Mu Nian still needs to rest.

Ning Jingting looked at PEI Munian worriedly. His face had indeed turned pale. She stopped pestering him and hurriedly said, ” “Then, Auntie, Munian, you should go back quickly. Be careful on the road.”

After the car had driven for a while, Mrs. PEI was still full of praise for ning Jingting. As she spoke, she looked at PEI Munian beside her and asked tentatively, ” Munian, what do you think of ning Jingting? ”

PEI Munian’s voice was still lukewarm. What do you mean how? ”
