The two of them walked towards the golf course. As they did not want to attract attention, they did not go near PEI Munian and only sat in the rest area.

A waiter came forward to ask them what they wanted to drink. Shen Ziwei ordered a cup of coffee for himself and raised his eyes to ask su Wanwan, only to see her eyes staring at PEI Munian. All her attention was on PEI Munian. He shook his head and laughed, directly asking for a glass of orange juice for her.

On the golf course, the atmosphere was tense. Xi Zhiwei did not leave PEI Munian's side at all. Ning Jingting could not get in at all. If she wanted to talk to PEI Munian or give her a drink, Xi Zhiwei would always beat her to it and suppress her with her identity as her fiancée.

Ning Jingting felt wronged and glared at PEI Munian with hidden bitterness. PEI Munian's expression was as indifferent as ever, but she looked back at ning Jingting with a hint of helplessness.

It was as if he had no choice but to indulge Xi Zhiwei. After all, they were engaged.

Ning Jingting looked at PEI Munian's helpless expression and her grievances disappeared. Instead, it turned into anger towards Xi Zhiwei. She knew that PEI Munian did not like Xi Zhiwei at all. The engagement was only held because she had bewitched Madam PEI. PEI Munian had been recuperating in the United States during the engagement party, and she had accompanied him.

In other words, from the beginning to the end, Xi Zhiwei had been thinking too much. PEI Munian had only indulged in her like this because they were childhood sweethearts.

However, she couldn't let PEI Munian be tied up by a woman she didn't like. Hence, she would never be defeated by this woman. She must chase away this delusional woman for PEI Munian!

Naturally, Xi Zhiwei was not to be outdone. She had finally driven away su Wan, but she didn't expect another daughter of the ning family to appear out of nowhere. She was different from su Wanwan. She had a good family background, was young, and the point was that Madam PEI liked her very much. She even had the idea of letting her replace her. If her mother hadn't informed her, she would still be kept in the dark.

She also didn't expect that Madam PEI would actually abandon the monk after feasting, cross the river to expose her, and use her means to drive su Wanwan away. It was all to pave the way for her new daughter-in-law candidate. How could she, Xi Zhiwei, be someone who would make a wedding dress for someone else?

She could even drive away su Wanwan, let alone a little girl like ning Jingting? He was not her match at all!

When their eyes met, the air was filled with sparks.

PEI Munian hit a ball and it hit the center, making a hole in one. Xi Zhiwei and ning Jingting were smiling and could not help but applaud. They then subconsciously picked up their cups and walked towards PEI Munian.

Xi Zhiwei was one step faster and accidentally bumped into ning pingting. Ning pingting was too focused on walking towards PEI Munian and did not notice Xi Zhiwei's movements. She was knocked away by Xi Zhiwei and staggered two steps.

Although ning Jingting's body swayed a few times, she could still stand firmly. However, she suddenly screamed and fell to the ground.

Xi Zhiwei had already walked in front of PEI Munian and was about to hand the glass of water to her when she heard the pained cries behind her. PEI Munian did not take the glass of water from her, but instead pushed her away and walked towards ning Jingting.

He squatted down in front of ning Jingting, a trace of worry in his eyes. Jingting, are you okay? "

Xi Zhiwei stared at PEI Munian's back in a daze, then her eyes moved to ning Jingting's face. She looked at her and smiled without a trace.
