Xi Zhiwei's brows furrowed slightly and a trace of doubt appeared in her eyes. The voice came from PEI Munian's room, right? Who was talking to PEI Munian?

Her footsteps subconsciously quickened but also lightened as she inched closer to PEI Munian's room.

She had just walked over when a figure suddenly walked out of the room. The woman was facing the direction of the room, her face pale and her body trembling violently. Her voice was hoarse, but she stubbornly held her head high and gritted her teeth as she said, " PEI Munian, remember what you said today. All ties between us are completely broken.

Xi Zhiwei looked at su Wan, who was standing at the door of the room, in shock. She didn't think that su Wan would actually chase her all the way to the United States and actually find PEI Munian. But the most shocking thing was the words that came out of her mouth.

She wanted to break off all ties with PEI Munian? So Yingluo and the others had an argument just now?

However, it was also true. Auntie had already told her that after PEI Munian woke up, she told PEI Munian everything that su Wanwan had done during that period of time. She showed PEI Munian the divorce agreement and also the ten million Yuan that was transferred. Su Wan really never appeared in front of PEI Munian. Only then did PEI Munian see clearly what kind of woman su Wanwan was and simply didn't want to pay attention to her.

So what if she found him? PEI Munian would no longer believe anything she said. She would only be embarrassing herself if she came.

Xi Zhiwei thought about it and her lips could not help but curve into a smile.

After su Wanwan finished speaking, the hands hanging on both sides of her body clenched tightly. Then she took a deep breath, as if to suppress her tears, then turned around and lifted her feet to leave.

As soon as she turned around, she saw Xi Zhiwei standing three steps away from her. She immediately saw her gloating face.

Su Wanwan's Red lips wriggled. In the end, she didn't say anything. As if she didn't see Xi Zhiwei, she strode away.

When they passed each other, Xi Zhiwei glanced at su Wanwan from the corner of her eyes. Seeing the tears in her eyes, the smile on her lips became more and more proud and arrogant.

"I knew it. The one who will have the last laugh will definitely be me."

Xi Zhiwei's voice entered su Wanwan's ears unhurriedly. She stopped and looked back at her, the corners of her lips also curved up. then I'll wait and see.

After su Wanwan left, Xi Zhiwei's smile couldn't fall. She patted her cheek and adjusted her expression before walking into PEI Munian's room.

PEI Munian stood in front of the floor-to-ceiling window. Her long back looked a little lonely. Xi Zhiwei stared at it for a few seconds. She also knew that he loved su Wanwan so deeply before. It was impossible for him to let go of her all of a sudden. However, as long as there was no more interaction between them, she believed that one day, he would forget su Wanwan and accept her.

Xi Zhiwei walked over and stood beside PEI Munian. She said gently, " brother Munian, don't be sad. I will always be by your side.

PEI Munian was silent for a moment before she spoke in a low voice. how's Jingting? "

At the mention of ning Jingting, Xi Zhiwei's face flashed with a trace of unhappiness, and she pretended to say casually, " she's fine. It's inevitable that the young lady of a rich family is a little delicate. She said that she sprained her ankle before it even hurt. She just wanted to attract your attention and make you care more about her. She's just a little girl, and she always likes to gain the attention of adults in such a childish way."
