Su Wanwan didn't expect that the first time her sister saw brother Ziwei, she would directly slap him. She knew that they seemed to have a very bad relationship back then, but she didn't expect that the two of them were more than just strangers, they were simply enemies.

What was going on?

Su Wanwan looked at the scene in front of her in shock. Her beautiful big eyes couldn't help but blink. For a while, she couldn't say a word.

This slap was merciless. Shen Ziwei's face turned to the side, and a trace of blood even seeped out from the corner of his lips. He stood there in a daze for half a second, then slowly turned his head back to look at su Zao. He actually curved his lips, and in a slightly hoarse but gentle voice, he said, " morning, long time no see.

The corners of su Zao's lips slanted upwards, and then she turned her face to the side and said to su Wanwan behind her: Wanwan, see you next time. I hope there won't be anyone who shouldn't appear.

As she said this, she glanced at Shen Ziwei coldly and arrogantly. right? "

"Ah, sis, you're leaving just like that?"

"Okay, goodbye."

Without waiting for su Wan to react, su Zao waved her hand directly at her and then raised her feet. While putting on her sunglasses, she walked towards the airport gate. Her assistant was waiting for her in front. She respectfully bowed to su Wanwan and then followed su Zao's footsteps.

"Sister, Wanwan."

Su Wanwan subconsciously chased after su Zao, but she couldn't stop her. She turned around and looked at Shen Ziwei, who was still in a daze. After a moment of hesitation, she returned to Shen Ziwei's side and looked at him worriedly. brother Ziwei, are you okay? "

Su Wanwan's gaze couldn't help but look at Shen Ziwei's right cheek. The handprint on it was clearly visible. She couldn't help but sigh and feel a little apologetic. brother Ziwei, I'm sorry. I didn't know you and sister ran ran ran.

"But I haven't seen you for so long. How can I be scared when I see you?"

"I should." Shen Ziwei suddenly spoke up and interrupted su Wanwan, " Wanwan, don't blame your sister. She deserved to hit me.

It should be?

Although Shen Ziwei had not stepped forward to stop her sister from marrying her brother-in-law and had instead listened to her grandfather's arrangements, she had no choice. Even if her sister resented brother Ziwei, she should be able to understand his difficulties. Besides, it had been such a long time. No matter how angry she was, she should have calmed down by now, right?

The three of them were just the flags in grandpa's hands. They had no choice. Sister would understand, unless Yingluo was the only one.

Su Wanwan hesitated for a moment but still asked in a small voice, " brother Ziwei, did something happen between you and sister Wanwan that I don't know about? "

If she wasn't wrong, her sister's eyes were filled with hatred.

Shen Ziwei fell silent. After a long while, he smiled and said, " "It's time to board the plane, let's go."

After returning to the country, Shen Ziwei acted as if nothing had happened. He was still so gentle and smiling so calmly. Su Wanwan could tell that it was just a disguise, but she couldn't expose his disguise, so she could only pretend that she didn't know anything.

However, regarding Xi Zhiwei and her former manager, she no longer asked Shen Ziwei to keep an eye on them. Instead, she took over the matter herself.

About a week later, she found out from assistant Wu that PEI Munian and Xi Zhiwei would be returning to the country the next day, and their engagement party would be three days after their return.
